TWO NEW BALL TEAMS.

LOCAL SCHOOLS TO HAVE REPRESENTATIVES ON THE DIAMOND.

The First Practice Game to be Played Saturday Afternoon Between the High School and Leal's School Teams.

The baseball season is to be inaugurated in Plainfield on Saturday afternoon of this week when the first game of the season will be played. There has been unusual activity among the boys of the Plainfield High School in the direction of baseball and the High School expects to have a team on the diamond the first time for a number of years. The interest in the National game has spread to the boys who attend Leal's School and they are now planning to have a nine in the field this season. The game Saturday will be merely a practice game between the nines from the High School and Leal's School.

The last time that the nines of those schools met on the diamond was in the spring of 1892, on the old Park avenue grounds on which the residence of F. O. Herring now stands. The Leal's School was far in the lead until the ninth inning, the score standing 19 to 9 in favor of the Leal boys. The High School boys had the last innings. When their first batter took his position, all the "rooters" from the High School rose up also and prepared to encourage their side. Before that time they had remained quiet waiting for something at which to yell and the numerous whistles and tin horns had not been used. Then the fun began and as the noise increased, the Leal School boys went to pieces. The High School boys ran as they pleased and the inning did not come to an end until the High School team had scored nine runs, making the final result 19 to 18 in favor of the Leal team. That was the last time the teams ever met.

A meeting was held at Leal's School, yesterday afternoon, to organize the team for the season. Albert Stevenson was elected captain and will pick the team at once. Stevenson comes from Somerville where he has the reputation of being a crack ball player. He has a good control of the ball and pitched a number of games for one of the teams from the Somerset county seat in good form. He has a level head in the management of a team and will make a good man for the position of captain.

Although the team has not been picked as yet, the following forecast of the nine will be very close to the line up of the team for Saturday: Stevenson, second base or pitcher; Boone, first base; Curren, third base; Hoffman, short stop; White, pitcher or second base; Moore, catcher; Honeyman, right field; Peck, centre field; Dumont, left field.

M'GEE'S PECULIAR POSITION.

Strain as An Oarsman Liable to Affect His Vocal Cords.

The successful candidates for the 'varsity base ball and the freshmen crew training tables have been announced at Yale. The fortunate freshman crew candidates are: J. P. Brock, R. M. Patterson, J. C. Greenway, Simons, Wiedecker, Allen, Cross, Flint and Raymond A. McGee, of this city. Cross is temporary captain. It is now settled that the freshmen will remain at New Haven and row twice a day during the Easter vacation. Bob Cook will coach them as well as the 'varsity team for their race at Poughkeepsie against Harvard.

McGee is placed in a peculiar position. He is also a member of the glee club which will go on a tour through the Eastern states during the Easter vacation. His singing teacher has told him that the violent exercise necessary in rowing in a race is injurious to his voice and had advised him to give up chances on the crew. He has not yet decided to do that, however, and will probably remain on the crew where he is considered one of the best candidates.

SOCIABLE RED MEN.

A Dance Given by Miantonomoh Tribe Last Night.

A social dance was given last evening under the auspices of Miantonomoh Tribe, No. 118, Red Men, in their wigwam on West Front street. The affair was very successful and attracted a large number of people who always enjoy the events arranged by this Tribe. Music for dancing was furnished by Prof. Guttman, and this part of the programme was a pleasing feature. At midnight refreshments were served, and then the dancing was continued until a late hour. The committee who had charge of the affair consisted of Messrs. Charles Holstein, A. J. Stiglitz, M. A. Leahy, D. C. Allen and Florence McCarty. The proceeds from the event will go into the treasury of the Tribe.

THE CITY STREET WORK.

TO PUT THE ROADS IN GOOD SHAPE MEANS EXTRAORDINARY EFFORT.

The Main Thoroughfares Have Received Proper Attention and Now the Streets on the Outskirts are Being Repaired.

Not for many years has the street department of Plainfield been called upon to meet such odds in preparing the roads of the city for summer. The year will be a memorable one in that department for many years on account of the great amount of unusual work that had to be done and the expeditious manner in which it was accomplished. The numerous thaws that have characterized the past winter have very effectively loosened the earth on the roads and the consequence was that the streets of the city, and of other cities as well, were covered with a layer of mud that varied in thickness on the different thoroughfares. The macadamized streets were in poor condition while the others were almost impassible. Some of the streets were in such a condition that even the lightest loads required two horses to move them while they were impassible to heavy teams.

The macadamized roads are now in good condition, and many of them in fine shape for light and heavy traffic. Most of the other streets have dried up and are in fair condition. This rapid improvement is due, however, to the work of the street department, which has been very active during the last month. A gang of men has been employed in scraping the mud from the streets and carting it away. The main thoroughfares have now been put in presentable condition and now the full force of the department is directed toward the neighborhood of the new Lincoln public school, which is located at the corner of Berckman and East Second streets. The streets in that neighborhood have been impassible owing to the deep mud that filled them from curb to curb and it was manifestly impossible to expect the children to plow through the mud. The employes of the street department have been at work there, and there is a marked improvement to be seen. The school is to open on Monday and by that time the roads will be all right.

STOP OVER AT THE JAIL.

TWO TOURISTS ARRESTED FOR TRYING TO BEAT THE RAILROAD.

Though They Had Some Money They Rode Between Milk Cars Until Nabbed by Officers as the Train Stopped in This City.

Between two milk cars they rode comfortably and jingled the silver coins in their pockets as they thought how much of the white metal they were saving. The wind whistled around the tops of the milk cars while the first signs of the approaching dawn could be seen in the east. They were from Easton and were not acquainted with the ways of the Plainfield police. They sailed through Somerville and Bound Brook without molestation and heard only the sound of a party of belated revelers returning home at an early hour. The experience in Plainfield was different.

The train came to a stop at the North avenue station and the travellers saw three forms approach the platform on which they sat. A voice kindly invited them to step down and spend the night in a warmer place, and they went. It was a railroad detective and two hands that had appeared and they soon had the men from Easton securely locked up in the rookery for trespassing on the cars of the Jersey Central Railroad.

This morning, the travellers made the acquaintance of City Judge De Meza. The Judge found them guilty and suggested that they each turn over $2 to the city treasury. The joint belongings made only $3 and so they expressed the preference of spending ten days with Warden Blower at the Elizabeth jail. Chief Grant took the strangers down this morning.

They gave their names as Edward Snyder and William J. Saxton.

Panic on a Ferryboat.

There was a small-sized panic on the Jersey Central ferryboat leaving Liberty street last night at 6:08 o'clock, on board of which was a large number Plainfielders. Just as the boat had got out into midstream it was noticed that a Pennsylvania Annex ferryboat was on fire at her docks in Jersey City. Thoughtlessly, someone yelled "The ferryboat is on fire,' meaning of course the Pennsylvania boat. But many thought the man meant the Central ferryboat, and there was great excitement for a few moments. Gate Tender John Engels, Assistant Captain Harry Brown and Col. Charles K. Moore, of Fanwood, are entitled to great credit for their efforts in pacifying the frightened passengers.

THE LAY OF DUNCE'S DAY

BOYISH TRICKS ARE ABOUNDING ON THIS FIRST DAY OF APRIL.

Older Heads Are Greeted Frequently With the Derisive Cry of "April Fool' After Being Cleverly Tricked by Boys.

A truck was being laboriously hauled along Front street this morning by a heavy team of horses, who were straining every muscle that the ponderous load might not get stuck and defy their strength in starting again, when the driver, who was complacently swishing his whip in the air to urge his team to continued efforts, was suddenly awakened out of his semi-lethargic state by the excited scream of "Hey, Mister," coming from a half dozen throats of boys on their way to school. The driver looked up wonderingly, and as the boys, with wise faces, were pointing at the rear of his vehicle he formed the conclusion that a portion of his load must have shifted and was in danger of falling in a heap on the ground. He reined up his team with a deep-throated "Whoa," and started to get off of the wagon. Just at that moment his ears were startled with a derisive cry from six piping throats, "You're wheel was turning 'round. April fool! April fool!"

The boys ran down the street still yelling reminders that this was dunce's day, while the victim of raillery climbed back into his seat uttering imprecations that look better in blank.

Yes, dear reader, this is April Fool's Day, as no doubt many of you who have dealings with the rising generation have cause to know. Much to your aggravation, no doubt, you have been startled many times by a warning to look out for this or that and then feeling as though you would like to wallop the young scamp who exultingly exclaims "April fool!" as you jump to one side in terror or gaze at some extraordinary demonstration on the earth or in the heavens, as prompted by the innocent admonition of the juvenile.

Hallow 'Een and April Fool's Day are in the same category, and to both of these days, handed down from one generation to another, the school boys look with much anticipation of indulgence in wanton pranks, the perpetration of which on any other days would meet with a severe parental rebuke and more than likely a command to adjourn to a woodshed or dark bedroom where the words and inspiration of that famous piece of poetry, "The Patter of the Shingle," would be vividly portrayed and realized by the offender. But that is a story of an entirely different lay, and the mischievous youngsters play their jokes today with immunity in the knowledge that the older heads take consolation in the thought that "Oh, well, let them have their fun, we were boys once ourselves. April fool only comes once a year, anyway."

Not since April fool's day a year ago has there been so many pocketbooks lying around loose in the streets, old hats (with a good solid piece of brick under them) reposing on sidewalks inviting a kick from the passersby, clothes ripped up the back and boys to tell you of the fact, flocks of bluebirds in the sky and more boys to tell you to look at them, other victimized boys walking around making themselves laughing stock with ridiculously-worded placards unknowingly attached to the back of their coats; in a word, the day is one of tricks and the small boys delight.

Tonight the tick-tack will be heard on many window panes and those who are of a timid nature need have no fear of burglars or other stealthy and evil-minded invaders. It will be just the boys celebrating April fool's day.

One little lad will have unpleasant memories of April fool's day and all because one of his victims didn't see the fun of a little joke. The lad was standing on the sidewalk on West street in the centre of the business section of the city when a woman and a little child passed by.

"There's a string on your dress," peeped the youthful joker. The woman turned and looked at the bottom of her dress.

"Don't you see it?" continued the youngster. "There it is, right there."

The woman looked at the boy and remembered the day. She had been fooled. But the lad was not expecting what next happened. She took one step and then her hand came down on the ear of the young offender with mighty force. The boy was small, the blow was powerful and the consequence was that he set sail for the gutter to bring up against a flag stone with unpleasant distinctness. Then there issued from his vocal organs a howl of dissatisfaction and disgust, while the woman continued on her way with a grim smile at the sorrowful ending of this April joker.

MR. RABY FEELS YOUNG.

THE OLD MAN CELEBRATING HIS 125TH BIRTHDAY TODAY.

He Has Used Tobacco and Whiskey All These Years, and Had a Few "Jags"—Bashfulness Cost Him a Wife and a Farm.

Noah Raby, who claims to be the oldest man in the world, is celebrating his 125th birthday at the Piscataway poorhouse today.

He has been at the poor farm thirty years and is totally blind. His skin is perfectly white, though, so he says, his father was an Indian. The old man tells this story of his life:

"I was born in North Carolina, Gates county, in a little village called Eatontown. My mother was a native of North Carolina, while my father was a North American Indian named Andrew Bass, I think. They never sent me to school. I did learn to read, but could never write even my own name.

"I have smoked for 120 years. I started by smoking my mother's pipe when I was a child. It never made me sick. I've drunk whiskey as long as I have smoked, and never felt the worse for it. I did get drunk two or three times, though; once when about seventeen years old, when I was in Virginia. I went to town and got some whiskey for an old negro. I suppose I drank as much of it as he did, and had to be taken home in an ox-cart. It took me a week to get over the effects of it. The next time that I drank too much was in New Brunswick. A young fellow persuaded me to drink with him. I took more than was good for me and he had to carry me home.

"My mother lived in a little hut built on poles. When I was 7 years old she got married, and I had to go. I was bound to a Mr. Field then. He owned lots of slaves, but would never sell any of them, because he did not believe in it. When I was 21 I struck out to get a job for myself. Widow Penelope Parker gave me work about her place. I was with her five years, and she paid me $200 a year. Then I left her to work for her daughter-in-law, Sarah Parker. I thought that I might possibly marry her, and all her slaves and big plantation would be mine. It would have been all right if I hadn't fallen in love with her and became too bashful to ask her to marry me. I knew an old darky called Uncle Mingo. I told him of my trouble, and he said he would bewitch her so she would have me. I didn't like that idea, though, and wouldn't let him. She was the prettiest woman I ever saw. I never told her that I loved her until it was too late.

"One day my half brother came to see me, and saw that something was wrong. He asked me if I were in love. I said I was. He advised a sea trip to cure it. I took his advice, leaving my beloved without receiving what was due me. Later I got a lease of absence from the ship I was on and went back to her. She paid me in full, and asked why I left so suddenly. I guess I did not care so much for her then, for I told her that it was because I loved her. What do you think she said? 'Faint heart never won fair lady.' It was too late then, however, for she had married her new overseer two weeks before. I was sorry then, but am not now. Perhaps I wouldn't have lived so long if I'd married her.

"No, I've nothing to complain of. I've had plenty to eat all my life and had a good time, too. I ought to know something about politics, hadn't I, for I'm older than the country is. Well, I've been a Democrat every since they have had a party. They won't let me vote now, for I can't pay poll tax. I've only one thing to regret. This is that I didn't learn to write my name. However, I suppose if I had I couldn't see to write it now."

"Uncle Noah" spends nearly all his time in Overseer Hummer's sitting room. He sleeps setting in a chair, for he fears a rush of blood to his head. He makes a tour of the poorhouse grounds every day, his footsteps being guided by a wire stretched from point to point. He weighs less than 100 pounds. His frame is slightly bent, but his muscles are firm and he is very active. He looks forward to his birthday with much pleasure and expects his friends for miles around to call on him.

Pray for Success.

The Evangelistic Committee of the Local Union request all the Christian Endeavor Societies and Epworth Leagues of the city to hold a meeting for prayer only in their respective churches one half hour before the evening services next Sunday evening. Remember especially the union gospel services to be held next week in Trinity, asking for God's blessing upon the efforts of the Christian young people to reach the unsaved.

WHEEL FOR Y. M. C. A.

HOWARD LEGGETT WON THE NEW MEMBERSHIP CONTEST.

Howard Long Was a Close Second, However, and Was Not Far Behind—"Get One" Club Will Dine This Evening.

The membership contest of the Young Men's Christian Association closed last evening and up to the time of closing, which was at 10 o'clock, the crowd of spectators which had gathered to hear the result were kept guessing. J. H. Leggett, the popular druggist of East Front street, kept things lively by sending in new members now and then and it was simply guess work to the spectators how the contest would end. There was talk of one or two dark horses but the principal one was Walter Long. For the last two or three days it was seen that that the fight rested between Mr. Leggett and Mr. Long and yet some thought that a dark horse might show up. At noon yesterday the contest stood as follows: Walter Long 20 points; J. H. Leggett 19 points. At 4 p. m. Walter Long 25 points J. H. Leggett 27 points. At 6 p. m. Walter Long 25 points, J. H. Leggett 27 points. From 7 to 10 o'clock the contest was one sided and yet expectations were high and the result uncertain. At ten o'clock the polls were closed and after a recount J. H. Leggett was declared to be the winner of the '97 Apollo which was presented to the Association by the Plainfield Cycle and Sporting Goods Company. The spectators rushed down stairs to inform Mr. Leggett of his good fortune and that lucky gentlemen out of the generosity of his heart treated all to his excellent soda. Mr. Leggett in the "Red and Blue" contest of '95 brought in twenty seven members or over 100 points.

The "Get One Club" supper will be served tonight at 7 o'clock at the Y. M. C. A. building and all members of the association who have brought in new members since January 1st are invited.

ZOBO BAND A FEATURE.

THEY MADE MUSIC AND FUN AT A CHURCH SOCIABLE.

The Instruments Used Were Something Surprising. While the Costumes and Melody Were Stunning to Audience.

Even if Sousa's famous band had arrived on the scene, they could not have caused a greater sensation than the "Zobo" band that entertained at the sociable of the Christian Endeavor Society of the Seventh Day Baptist church held in the parlors of that church last evening. The selections by this wonderful band formed the principal part of the programme. Then there were charades and tableaux.

The programme opened with one of Sousa's marches, the "Honeyman," by the band. In response to the terrific applause "The Old Oaken Bucket" was rendered with artistic effect. The members of this band were attired in sun-bonnets and straw hats. The young men in the band wore sweaters or blouses and overalls. The instruments used were combs and zobos, the effect of which was remarkable. The masterpiece was the rendition of "Auld Lang Syne" backward. It might be added that it was the band and not the selection that played backward. The band was composed of the Misses Ida Randolph, Ernestine Smith, Elizabeth Allis and Florence Ely, and Harry Maxson, Sydney R. Titsworth and Nathan E. Lewis.

A number of charades were acted out and guessed by the audience. The tableau, "Coming Through the Rye," was given, Helen Rogers and Wendall Mosher representing the two characters, while Miss Elizabeth Allis sang the well-known song of that name.

Cake and coffee ended the evening's entertainment. The committee which arranged the affair consisted of Miss Elizabeth Allis, Miss Mabel Maxson, Miss Lucy Dunham, Miss Nancy Randolph and Arthur J. Spicer. The refreshments were prepared and served by a committee, of which Miss Ida Spicer was the chairman.

Dancing the Feature.

Miss Josephine Vannatta, of East Third street, entertained a few of her friends at her home last Tuesday evening. Dancing was the principal amusement and refreshments were served at a late hour. Those present were Miss Florence Taynor, Hiram Humes, Willard Swick and Vernon Waters of this city; Miss Edith Magill, George Hassel, of New York; Dr. Ernest Buttz, of Washington.

John Allair, a Jersey City wheelman, who was run down by a milkman, has just secured a judgment of $100 for the damages received. This action and verdict were secured by the New Jersey Division of the L. A. W., which paid all the expenses.

WAS ANYONE TO BLAME?

COUNTY PROSECUTOR LOOKING INTO THE SCOTCH PLAINS FATALITY.

Since There is So Much Uncertainty in the Minds of Some as to the Cause, an Inquest May be Held.

Since there is so much uncertainty and difference of opinion as to what caused the explosion on John Cook's property at Scotch Plains, Tuesday afternoon, in which one man lost his life and another was severely injured, an investigation is being made by county officials to determine whether or not an inquest is necessary over the remains of the dead man.

Yesterday morning, County Physician Wagner requested County Prosecutor F. E. Marsh, of Elizabeth, to institute an investigation as to whether the circumstances incident to the catastrophe were such as would demand that an inquest be held to learn if it was criminal negligence that caused the explosion. Though those who have looked into the circumstances of the explosion most carefully are convinced that Mr Cook was not to blame in any respect, there are some woo are inclined to criticise him somewhat, and it was deemed best to have the matter cleared up before Bartenstetter's body was interred.

County Prosecutor Marsh assigned the investigation to Chief Detective Keron, and this morning the latter was at the Plains making careful inquiries and gaining all the knowledge that was possible to aid in determining whether anyone can be held responsible for the catastrophe. This afternoon the detective will come to this city and visit Peltz, who is still at the hospital, and question him as to how the explosion occurred. Word comes from the hospital, however, that Peltz says that he has no idea how the accident occurred. He still seems to be somewhat dazed over the effects. The Prosecutor will notify County Physician Westcott tomorrow morning whether an inquest is necessary, and until that question is settled Bartenstetter's body will not be buried.

Bartenstetter's remains will be buried at Scotch Plains. Besides a widow, he leaves three children. He was about sixty-five years of age.

Peltz is somewhat improved at the hospital today and it is believed that he will survive his injuries.

County Physician Westcott told a Press reporter this afternoon that he was convinced that the accident occurred as exclusively reported in The Press last night, that is, by the explosion of the post which had been saturated with nitro-glycerine.

HACK TORN TO PIECES

An Exciting Runaway in the Business Section Last Night.

An exciting runaway occurred last evening between 8 and 9 o'clock. William Drake, the hackman, left his horse and wagon on Somerset street, near Front street, while he called at Charles Smith's. Just as he was returning for his rig the horse started off at a terrific rate of speed. The animal turned the corners very short and finally turned into Park avenue. At every turn the wagon was hurled against the curbing or sidewalk, and every time the wagon struck some portion of it was wrecked. When Second street was reached there was hardly anything left of the carriage except the top. At the latter street some people caught the fractious steed, and while they were holding him he kicked frantically at everything. He was finally subdued and taken care of by the owner, who lives on East Second street. The many pieces of the wagon were picked up and also taken to the home of the owner. The vehicle was damaged beyond repair.

LOAN ASSOCIATION OFFICERS.

New Jersey Central Association Starts off Prosperously.

A regular meeting of the local branch of the New Jersey Central Building and Loan Association was held last evening at the office of Hon. William R. Codington. The following officers were elected for the ensuing year: Garret T. Dunham, president; A. B. Thorn, first vice-president; Jas. T. MacMurray, second vice-president; E. M. Laing, secretary and treasurer; Wm. R. Coddington, counsel; J. T. Fritts, M. D., medical examiner; Henry Leifke, L. E. Barkalew and J. D. Runyon, appraisers. Two applications for loans were received and 120 shares reported sold. Messrs. Leifke and Laing report the Plainfield branch to be in a flourishing condition.

Among these who have purchased bicycles of the F. L. C. Martin Cycle Company are P. Melvin, a Crescent; Herman Hansen, a Crescent; E. B. Denning, a Crescent; and E. F. Stiles, of Stony Hill, a Crescent.

ONE TOWN DOOMED

No Power on Earth Can Save Rosedale, Ark., from the Flood.

WILL SOON BE SWEPT AWAY

Other Villages in Great Danger---Government Steamers Rescuing Many People from the Relentless Waters.

Helena, Ark., April 1.—Telephone messages say that the Westover levee is still standing, but there are slender hopes of saving it. Rumor has it that the Laconia Circle levee is broken or is about to break. The government rescue steamer Titian is not yet in. It is rumored that she anchored five barges of refugees off Old Town and then turned back to Laconia to save life and property at that point. From Arkansas City, Arkansas, comes the news that the steamer Kate Adams has saved nearly three hundred souls from the relentless flood at Rosedale and Laconia. The break at Dennis, several miles above Rosedale, has sent water down that way and threatened everybody in town. The water is within a short distance of Rosedale. No power on earth can save it, and homes, stores and mills will be swept away within twenty-four hours. Men by hundreds fought the river, but the river has proved too strong. Breaks above have relieved the pressure at Arkansas City. Water from Eaton is now rushing with frightful speed towards Greenville, Miss. There is another break at Wayside, several miles below Arkansas City. The people of Arkansas City say they will hold the levees at that point.

GREAT FOREST FIRE RAGING.

Eight Square Miles of Valuable Long Island Woodland Already Burned.

Patchogue, L. I., April 1.—One of the most destructive forest fires which has ever visited Long Island is now raging at Rocky Point. The fire has already burned over a territory of eight square miles of the most valuable woodland in that section. The full extent of the damage is not known, although many houses and barns are known to have gone up in the flames. The fire originated from a brush fire started by a gang of boomers clearing their little settlement near Rocky Point. The men themselves narrowly escaped being caught in the flames. A gang of twenty men immediately started from Yaphank and Middle Island when the fire caught the woods, and they were quickly reinforced by men from surrounding villages, but their efforts were of no avail against the flames, which spread with remarkable rapidity. Dr. Van Horn's handsome residence at Middle Island and Robert Randall's magnificent country seat are destroyed. Hundreds of cords of wood already cut are burned. Every effort is being made to stop the flames.

Woolen Weavers on Strike.

Woonsocket, R. I., April 1.—Thirty of W. H. Pendergast's forty-two woolen weavers in White mill, Pascoag, have struck for the restoration of a 5 per cent. cut. Their employer promised to do as well as other manufacturers in town or to do better when in a position to do so, but this is not satisfactory. The weavers average $9.50 a week. All weavers in Simpson & Kirkaldy's woolen mill, numbering thirty-five, are also on strik for higher wages. This mill has run steadily full hours for a long time.

Cigarettes Made Him a Firebug.

Brooklyn, N. Y., April 1.—Hugh Miller, the self-confessed firebug, has sent a letter to Judge Hurd of the county court, before whom he will come for sentence to-morrow, in which he asserts that the excessive smoking of cigarettes was the starting point in his mental downfall. He asserts that the effect is an uncontrollable desire to destroy the property of others. He smoked between three and four packages of cigarettes daily.

Maloney Railroad Bill.

Albany, April 1.—Assemblyman Maloney's bill providing that all freight trains of twenty-five or more cars shall have not less than three brakemen in addition to a conductor, engineer and fireman, and to further provide each "Mother Hubbard" engine having two separate cabs with a man in addition to the engineer and fireman when such engine is used in passenger service, will be reported favorable to-day.

Spring

Is made a necessity by the impure condition of the blood after winter's hearty foods, and breathing vitiated air in home, office, schoolroom or shop. When weak, thin or impure, the blood cannot nourish the body as it should. An Old-Time Fop.

In the days of good Queen Bess foppery semmed to reach its height—or perhaps depth would be the better word. The beau was always on exhibition. He never went to the theatre till the trumpets were blowing for the prologue, for, when the house was only half full, the richness of his dress could not be sufficiently applauded; then, as if he was one of the proprietors, or had dropped from the hangings, he crept from behind the arras, a three-legged stool in one hand, and the tester to pay the boy in the other. The real man of fashion never appeared to be amused; the more miserable and unmoved, the more fashionable. His cue was, in the midst of the saddest scenes of "Lear" or "Othello," to turn away, as if he had seen the thing before at court. The aim of such fools was to talk and laugh so loud that the eyes of the whole house should be drawn upon them—that the poets might be provoked into writing an epigram that would make them talked of, or that the players might recognize and point them out in the streets.

SHE WAS A BARRED BIRD.

Auntie Plymouth Rock—Look here, sonny, didn't you say I was debarred from the chicken show?

Joshaway—Nit. I merely said I didn't see how you could enter, because you are barred.

An Odd Philanthropy.

A wealthy young lawyer of New York city, Chanler by name, a relative of the Astors, has devoted himself for years to defending free of charge poor people who were before the courts, as he believed, through misfortune. As he is an able lawyer, his services are valuable and his odd philanthropy is effective. He once gave up his work because offended at the treatment he received from a judge.

CRETAN REBELS FIRM

Will Accept Nothing Short of Annexation to Greece.

APPEAL OF POWERS AGAIN REFUSED

Reported Plans for the Blockading of Greek Ports---Foreign Warships Again Vigorously Bombard the Christians.

Athens, April 1.—A despacth from Retimo, Crete, states that the Russian consul at that place last evening visited the town of Atsipopulo for the purpose of communicating to the insurgents the proclamation recently issued by the foreign admirals announcing the intention of the six great powers to establish an autonomous form of government, and also to invite the insurgents to lay down their arms. His attempt was as unsuccessful as those heretofore made in the same direction by the admirals and their representatives. The insurgents listened patiently to the consul's explanation of the benefits that would accrue to them under the form of government proposed by the powers, and then declined to make any concessions whatsoever. Their leaders declared that they did not desire autonomy. They had taken up their arms to drive the Turks from the island and to bring bout annexation with Greece, and they firmly declared that annexation was the only thing that they would accept.

AIMED AT GREEK FLAG.

Foreign Warships Hurl Shells Into the Insurgents' Camp.

London, April 1.—A dispatch from Canea describes the fighting around the fort at Izzedin. The garrison consisted of 300 Turks. Beyond this position there was a strong stone wall, where the insurgents were massed under the Greek side. It is impossible to say which side began the fighting. The Turkish guns in the blockhouse took but a small part in the fighting, but a Turkish frigate shelled freely though with small success. An hour later the foreign warships were ordered to fire. The Prussian warship Crosiastchy opened. She was followed by the British warship Ardent and the Austrian warship Tiger. Each fired in turn, aiming chiefly at the Greek flag. The fire from the Russian warship gradually demolished the whole wall, every shot from her taking effect. Despite the heavy cannonade the insurgents held their ground, although they were compelled to abandon their own principal position behind the stone wall. The British battleship Camperdown began firing six-inch shells at the insurgents, who thereupon retired a little distance, but continued a heavy fire for a quarter of an hour. When the Camperdown was at the range of 6,400 yards she opened fire with her thirteen-inch guns. The effect was instantaneous. Three or four percussion shells burst right in the midst of the insurgents, causing them to run for shelter in all directions. Things were now too hot to last and the firing was speedily lowered and the insurgents hastily retreated. The Russian and Austrian warships then steamed away on service connected with the blockade. The Turks quickly sallied forth and established themselves in the insurgent positions under a continuous fire from the Cretan sharpshooters. The Turks then began pouring a rouring ride fire into the retreating masses of insurgents.

Christians Again Bombarded.

Canea, April 1.—A force of insurgents occupied the hillside south of Suda Bay last night. The position was rather an exposed one and the insurgents were compelled to withdraw by a warm fire pouced into their ranks by the British, Austrian and Russian warships moored in the bay. Later, however, the insurgents attempted to recover their ground and the firing became very heavy.

For a Partial Blockade of Greece.

Paris, April 1.—The report that the powers have decided upon a partial blockade of Greece to begin almost immediately is confirmed here upon authority which may be regarded as official.

New Jersey Legislature Adjourns.

Trenton, April 1.—The New Jersey legislature adjourned without day at 9:30 o'clock last night. The actual time fixed for adjournment was 2 o'clock in the afternoon, but the hands of the clock were turned back and the session continued. The closing scenes in both houses consisted of the usual eulogistic resolutions in which the presiding officers and all other officials and attendants were praised for their efficient services.

Mayor of Vienna Resigns.

Vienna, April 1.—Herr Strobach, mayor of Vienna, has resigned his office in order to provide an opportunity for the election as mayor of Dr. Lueger, the anti-semite leader, whose election to the office some time ago was annulled by the emperor.

Prosperity

is impossible unless merit is its foundation. A century of paint making means a legacy of experience. The secret of the success of the Harrison brand Town and Country Ready-Mixed Paint is the employment of able talent, close attention to chemical principles, judicious experiments on a basis of white lead, zinc white, color and pure linseed oil. It is the brand that interests the painter because it stands unlimited brushing out, has unusual covering qualities, and resists all climatic changes. Call for the can with the big "H," the trade mark of the House of Harrison since 1793.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at L. W. Randolph's Drug Store.

Robert Goldsack, who has been for several years at Chappaqua, N. Y., returned to Plainfield yesterday and on Monday goes to work in the Potter Printing Press Works. He will reside with his sister on New street.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

—Two handsome metal signs were placed on the Front street and Park avenue sides of the City National Bank yesterday.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

AGAINST TRUSTS.

All Articles Controlled by Them May Be Placed on the Free List.

Washington, April 1.—In the senate Mr. Pettigrew will offer an amendment to the tariff bill which will remove from the dutiable list and place on the free list all articles of like character of domestic production or manufacture that are made or controlled by a trust or combination for the purpose of preventing competition. Every contract combination in the form of a trust or to restrict the quantity of production or affect the price of any article or conspiracy in restraint of trade is deemed a trust within the provisions of the act. Action to determine the existence of such trust may be begun by any citizen, and upon the decision of the federal court that such a trust exists the court is directed to issue an order directing the customs officers to thereafter admit such articles free of duty. The United States circuit court is made the court of last resort, from which no appeal can be taken. Where a duty is levied on raw material or any article that is improved by any process after being imported, the duty on the raw material or unrefined or unimproved articles shall be collected as provided by this act, but the differential or additional duty shall not be collected if the improved or refined article is found to be the subject of a trust.

INCREASE IN REVENUE.

Treasury Department Report for March Makes a Favorable Showing.

Washington, April 1.—The statement of receipts and expenditures for the month of March, issued to-day, shows a decrease in the national deficiency for the first time, with the exception of one month, in a year. The excess of receipts over expenditures for March amounts to $9,743,728, and there are no large payments to offset revenue received. This large increase in revenue is due to charges for the withdrawal of goods in bond and the duties on articles received from abroad. Importers and others who deal in articles on which the duty is increased by the Dingley bill are getting their stores out of the bonded warehouses and receiving large consignments from abroad to secure the advantages of the present rates.

NOMINATIONS CONFIRMED.

Favorable Action by the Senate on Another Big Batch.

Washington, April 1.—The senate has confirmed the following nominations: Joseph L. Bristow of Kansas to be fourth assistant postmaster general, Henry Clay Evans of Tennessee to be commissioner of pensions and Thomas Ryan of Kansas to be first assistant secretary of the interior. Treasury department—Ferdinand Eidman to be collector of internal revenue for the third district of New York and James D. Gill to be collector of internal revenue for the third district of Massachusetts. Postmasters—Vermont—J. A. Sheldon, Rutland. Massachusetts—Alfred Hocking, Melrose. Frank W. Palmer of Illinois to be public printer.

THE T. F. OAKES LIBELED.

Her Crew Ask Damages for Not Receiving Sufficient and Proper Food.

New York, April 1.—A libel has been filed in the United States district court on behalf of twelve of the crew of the scurvy-stricken ship T. F. Oakes. The men ask damages amounting to $93,138 with costs. The damages are claimed on the ground that they were not furnished with sufficient and proper food. The ship has been seized by United States marshals.

Hebrew Americans in Russia.

Washington, April 1.—Mr. Fitzgerald, dem., Mass., has introduced the following resolution in the house: Resolved, that the secretary of state be requested to demand from the Russian government that the same rights be given American Hebrew citizens in the matter of passports as are now accorded to all other classes of American citizens; and also to inform the house of representatives whether any American citizens have been ordered to be expelled from Russia or forbidden the exercise of the ordinary privileges enjoyed by the inhabitants because of their religion.

Yale Freshman Crew.

New Haven, Conn., April 1.—The Yale freshman crew has been selected. The material is unusually good. The crew this year will be made up as follows: Phillips, stroke; Cross, 7; McGee, 6; Allen, 5; Needeehen, 4; Brock, 3; Greenway 2; Simmons, bow. These men compose the freshman crew. Of the second crew men, Greenleaf and F. Patterson will be taken. Later two more substitutes will go to the table, making a total of four. No more than three substitutes have ever been taken to the freshman table before.

No Court-martial of Puritan's Officers.

Washington, April 1. — Secretary Long has received the record and recommendations of the court of inquiry which has been investigating the monitor Puritan and the conduct of that vessel's officers on their recent cruise from Charleston to New York when the Columbia had to be sent to the rescue. It is understood that no court-martial of her officers is advised.

Americans Defeat Britons at Lacrosse.

London, April 1.—The lacrosse team of the Crescent Athletic club of Brooklyn, N. Y., played a match game at Didsbury yesterday afternoon with the Albert Park team, winning by a score of five goals to four. The game was very exciting throughout. William F. Grinnell, United States consul at Manchester, was among the spectators.

Hearing on Lexow Trust Bills.

Albany, April 1.—The judiciary committee of the senate will give a hearing this afternoon on the trust bills prepared by the special Lexow investigating committee.

THE NEW TARIFF BILL

Duties Under Its Provisions May Be Collected from To-day.

SCENES IN HOUSE DURING PASSAGE

Speaker Reed's Affirmative Vote Applauded—Foreign Diplomats Watch the Proceedings from the Gallery with Much Interest.

Washington, April 1.—If the tariff bill as passed by the house late yesterday afternoon becomes a law, the collection of duties under the new schedules will begin from to-day. As predicted in these dispatches, a retroactive clause was inserted fixing the date for the measure to go into effect at April 1, 1897. It was exactly 4:30 o'clock yesterday afternoon when the vote on the bill was announced by Speaker Reed—yeas, 205; nays, 121; answering present and not voting, 21. The affirmative vote was composed of 199 republicans, 5 democrats—Broussard, Dovey and Meyer of Louisiana and Kleiberg and Slayden of Texas—and 1 populist—Howard of Alabama. Mr. Reed, in the speaker's chair, directed the clerk to call his name just before the announcement of the vote, to which he responded "aye," amid applause. The negative vote comprised 117 democrats and 4 populists and fusionists—Baker of Illinois, Marshall, Simpson and Todd. According to the conclusion reached last Monday night, the great number of populists, silverites and fusionists contented themselves with answering "present."

Foreign Diplomats Present.

The debate and other proceedings preceding the the vote on the passage of the bill were interesting to an unusual degree, and were witnessed by a brilliant assemblage of spectators that filled the galleries to overflowing. The diplomatic gallery accommodated many of the ladies of the corps and the representatives of Japan and Hawaii, which countries are particularly concerned over the passage of the bill. They sat patiently through the long hours of the day and not until the voting was concluded did the visitors make a move towards leaving. Most of the day was occupied in discussion of the general principles of the measure and of questions connected with them, the consequence being that but two or three pages of the bill were read by the clerk for consideration under the five-minute rule. Speeches were made by Mr. Allen, dem., Miss.; Clark, dem., Mo., and Johnson, rep., Ind., who told the house that he would vote for the bill only because he was assured that the senate would cure its defects and make it harmonious and just; McMillin and Richardson, dems., Tenn.; Robbins, rep., Pa.; White, rep., N. C., the colored member who made a good impression, and many others. A few amendments were made to the bill, the principal one being the new section agreed upon by the committee on ways and means making the duties in the bill to take effect to-day. This was proposed by Mr. Grosvenor, rep., Ohio, and advocated by him in a fifteen minute speech. It was opposed by Messrs. Richardson, dem., Tenn.; Bland, dem., Mo., and Bailey, dem., Texas. It was agreed to in committee—150 to 120.

Separate Vote on Retroactive Clause.

The debate was closed by Mr. Dingley, chairman of the ways and means committee, to whom the last ten minutes was accored, at the request of Mr. Bailey, dem., Tex. At 3 o'clock, pursuant to the order of the house, the committee of the whole rose, and Chairman Sherman, rep., N. Y., reported the bill for passage with sundry amendments. A separate vote was demanded by Mr. Bailey on the amendment fixing April 1 as the date for the taking effect of the duties in the bill. The others were agreed to in gross, 174 to 128. The reserved amendment was adopted on a yea and nay vote—201 to 140. Mr. Dockery, dem., Mo., moved to recommit the bill with instructions to incorporate in it a provision to admit free of duty articles, the production and prices of which were controlled in the United States by a trust. This was rejected by a vote of 148 yeas to 196 nays. The vote was then taken on the passage of the bill, with the result stated, and the nine days' labor on its consideration were ended. The house adjourned until Saturday next.

Rice Importers Worried.

New York, April 1.—The amendment to the Dingley tariff bill, making the measure operative in April, created a stir in business circles in lower Wall street this morning, principally among the rice dealers. Contracts have been placed in foreign countries, especially Japan, for large cargoes of rice, which cannot be delivered in this country before May 1. As the new tariff bill will make a vast difference in the amount of duty to be paid to the government, those having rice afloat are extremely anxious over the ultimate fate of the measure. The effect of the Dingley bill, should it pass, would be instantaneous, as it comes at a time when the crop of this country is about exhausted. With the additional duty on foreign product, and the shortness of this year's domestic crop, the price of rice will in all probability advance materially. The new domestic crop will not be available until September next.

Two British Vessels Missing.

New York, April 1.—Lloyds' agents here have received word that the fine four-masted British ship Lord Dufferin and the British bark Bankholme are missing. All hope for the Lord Dufferin is abandoned. There is still some hope for the Bankholme, but very little. The combined crews of the vessels numbered sixty-seven men, all of whom are supposed to have perished.

END OF THE LEGISLATURE

After many weeks of session, the actual results of which could have been accomplished in much less time had it not been for the bickerings and influences that should find no place in the body, the New Jersey Legislature for 1897 adjourned sine die last night. Only a few bills can be cited to its credit—that providing for a transfer of $205,000 yearly from the State Treasury to the respective municipalities from taxes collected from railroads, and that requiring railroads to carry bicycles free as baggage among them. The taxation bill imposes no extra burdens on the railroads, and merely reduces the available receipts of the State Treasury. It does not meet the demands of the advocates of equal taxation. The bicycle baggage bill is a slight concession to wheelmen, but was amended before passage in a manner satisfactory to the railroads. The only constitutional amendments which go before the people are the anti-race track gambling amendment, the woman's suffrage amendment, permitting women to vote at school elections, and the amendment prohibiting the Governor appointing to office, when the Legislature is not in session, men who have been rejected by the Senate.

A VARIED PROGRAMME.

Ladies' Aid Society of German Reformed Church Provide a Pleasant Time.

Last evening in the German Reformed church the Ladies' Aid Society of that church gave one of their best entertainments for the benefit of the church. There was an excellent attendance and everyone thoroughly enjoyed the programme which consisted of the following numbers, which were all finely rendered: Piano solo, Miss May Conroy; vocal solo, "The Volunteer Organist," Miss Leona B. Hoffman, accompanied by Miss Lillie Zeisz; vocal duet, Helen and Clarence Smalley; recitation, Frank Bach; vocal solo, "The Wedding Ring," Miss Lavina Gerhold, accompanied by Miss Anna Doeringer; recitation, Miss Anna Bach; vocal solo, "The Church Across the Way," Miss Leona B. Hoffman, recitation, Mrs. Fred Bach; recitation, Miss Lavina Gerhold; vocal duet, "O, Think of the Home Over There," the Misses Anna and Freda Johnson; vocal duet, "A Land That is Fairer Than Day," the Misses Anna and Freda Johnson; recitation, in German, A. Wolf.

At the conclusion the pastor, Rev. Mr. Hauser, spoke of the good work in which the society was engaged. He also thanked both those taking part, and the audience for the hearty support which they had given.

ENDEAVOR OFFICERS CHOSEN.

Encouraging Reports from the Congregational Church Society.

Encouraging reports from the different departments made the quarterly business meeting of the Christian Endeavor Society of the Congregational church, held last evening in the church parlors, a very successful one. The meeting was held at the close of the regular midweek service and was fairly well attended. The principal business was the election of the officers. Satisfactory reports were made from the committee and officers, that of the treasurer showing a large balance in the treasury. It was agreed to invite Miss Elizabeth U. Yates to address the meeting on Sunday evening.

The officers were elected as follows: President, Robert A. Suffern; vice president, Miss Minnie G. Morse; recording secretary, William B. Van Alstyne; treasurer, John Allen; chairmen of committees: Lookout, Miss Aliee Miller; prayer meeting, Harold Tomlinson; missionary, Miss J. Louise Jenkins; social, Mrs. A. C. La Boyteaux; good literature, Miss Eda Beekman; flower, Miss Stella Winckler.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Notes of the Street Railway

The four new Peckham trucks for the open cars have arrived.

It's a trifle too cool at present riding in the street cars without a fire.

The street railway company will have five brand-new open cars in the service this summer. The cars are now being finished off at the Elizabeth car shops.

Superintendent John Adleman, of the street railway service, gives every assurance that the trolley cars will climb the mountain from the Somerset street terminus this summer.

"*You're light enough when I tackle you,*" said the little can of Cleveland's baking powder to the big barrel of flour.

Cleveland's is the strongest of all pure cream of tartar baking powders, yet its great merit is not its strength, but the fact that it is **pure, wholesome** and **sure.**

SMALL WOUND ENDED FATALLY.

A Broken Bicycle Spoke Entered a Boy's Hand Causing Blood Poison.

On Monday afternoon at New Providence occurred the funeral of Fremont Johnson, aged 12 years. The deceased lived at Berkely Heights, and his death resulted from an accident which happened over a week ago. Johnson was riding his wheel and in some way he was thrown off. As he fell a broken spoke in the front wheel entered his hand and made it very store and painful. He reached his home soon after and explained the accident to those at the house. It was not thought that the injury was a serious one and no one felt alarmed until a few days later when the arm began to swell. A physician was sent for and he at once pronounced it a case of blood poisoning. All that was possible was done but the boys life could not be saved. His arm continued to swell until it assumed large proportions. Late Saturday night the young man died in great pain. As stated above the funeral was held Monday afternoon and there was a very large attendance of friends and relatives.

Excursion Rates For Students.

To accomodate students attending regularly established boarding schools and colleges the Central Railroad of New Jersey have arranged to sell them round trip tickets to any point on the Central Railroad of New Jersey, Philadelphia and Reading Railway or the Baltimore and Ohio Railroad at one fare and a third for the round trip. These tickets will be sold not more than three days after the beginning of the vacation and will be good for returning for fifteen days but in no case will tickets be limited for longer than April 30th. To obtain tickets at the reduced rate it will be necessary for the student to present a certificate signed by the president or other authorized officers of the college or school to the ticket agent. Board of Health Notice.

At the last meeting of the Board of Health the following Amendments to ordinances were adopted:

AMENDMENTS TO ORDINANCE NO. 2.

The following Section to be substituted for the corresponding Sections of Ordinance No. 2:

Section 1. The terms contagious, or infectious or dangerous diseases shall be taken to mean scarlet fever, diphtheria, membraneous croup, measles, small pox, varioloid, cholera, enteric or typhoid fever, typhus fever, yellow fever or any other communicable disease publicly declared by this Board to be dangerous to the public health.

Section 2. Every physician, within twelve hours after his first professional attendance upon any person in this City suffering from any of the foregoing described diseases, shall give notice in writing thereof to this Board, particularly setting forth the name, age and address of such sick person and the nature of his or her sickness. And any physician who fails to give such notice shall forfeit and pay a penalty of twenty-five dollars for every such offense: and any person not calling in the services of a physician and failing to make such report shall be subject to the same penalty.

Section 3. When death has been caused by any infectious disease, as small pox, cholera, yellow fever, scarlet fever, typhoid fever, diphtheria, or membraneous croup, or by any other communicable disease, when publicly declared by this Board to be dangerous to the public health, the body shall be immediately thereafter disinfected in such manner as may be directed by this Board, and enclosed at once in an air tight coffin which shall not thereafter be opened; and in removal for interment or otherwise, hearses only shall be employed and said body shall not be allowed to remain unburied for a longer time than thirty-six hours, unless by special permit in writing from this Board. Funerals of any persons dying of these diseases must be strictly private. Moreover whenever in the opinion of this Board a public funeral would be dangerous to the public health, such public funeral shall be prohibited.

Any undertaker in charge of the body or any person offending against any of the provisions of this section shall forfeit and pay a penalty of fifty dollars.

AMENDMENT TO ORDINANCE NO. 6.

This Section to be substituted for Section No. 3 of Ordinance No. 6:

Section 3. Every privy vault and cesspool shall be cleaned or emptied at least once in each year, and such underground structure shall be cleaned only by licensed scavengers, who shall first give notice to this Board of their intention to clean such cesspool or vault, stating day on which such work is to be done; and any scavenger who shall commence to empty any such vault or cesspool shall without delay finish the work. By order of the Board.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

J. W. Johnson and family have gone back to Brooklyn to reside.

Walter Carpenter, of Montclair, visited among old friends here yesterday.

Walter Vleit, of North avenue, will occupy the Hull house on Front street after today.

John Randall and family, of Somerville, yesterday moved into the Frank Randolph house on Prospect avenue.

Freeholder F. Gise is an advocate of bicycling, and be it said to his credit he is one of the best riders in Dunellen roday.

Arrangements are making for a dance in the Town Hall, Easter Monday night. It will be an invitation affair, and admission will be by card only.

W. H. Kuhns is moving today from the Eugene Runyon home on Front street, to the property on the same street lately in charge of O. E. Chamberlain.

M. L. Frescoln, who has occupied one of C. Schepflin's cottages for the past two years, removed to Brooklyn yesterday. Samuel Merrill removed the household effects.

Some of the prematurely rapid youth of the town have been devising some original plans to catch the unsuspecting people on "All Fools Day." But a word to the wise is sufficient.

Dunellen's population has been increased within the past day or two to the extent of one at least, as a young daughter has been born to Mr. and Mrs. Isaac J. Stites. Both mother and daughter are doing nicely.

The many friends of Mrs. W. H. Cole will rejoice to know that after a ten weeks' confinement to the house she has so far recovered from her illness as to be able to walk out. Yesterday she was enabled to go out and enjoy the cool and invigorating atmosphere.

"Bob" Johnson was unloading lumber from a car in one of the local lumber yards yesterday when a heavy piece of timber struck him on the jaw. One tooth was knocked entirely out, and a local physician probed for what was left of two others. But "Bob" didn't mind a little occurrence like that, for he was soon back to work again.

Some brute of a man had a twenty-shilling horse near the Emerydale station, last ovening, and because the half-starved and emaciated animal did not travel fast enough to suit him, he procured part of a fence rail and beat the poor horse unmercifully. Several persons saw the occurrence, but not one of them had spunk enough to interfere.

The cells in the new town hall have been yawning for occupants ever since they were put in, but it was not until last night that any one of them has been occupied. Late yesterday afternoon a woman, who gave her age as 50 years, applied to the authorities for shelter over night. She said she had walked a long distance and was foot sore and weary. She was consigned to one of the new cells, which she seemed to appreciate very much.

The killing of dogs seems to go on unmolested. It is not the ordinary mongrel breed that suffers, however, but several valuable hound and hunting dogs have been poisoned within the past few weeks, although efforts have been made to ferret out the perpetrators of the deed, the responsibility has thus for been traced to no particular one. Two or three persons are suspected and being watched. Paul Kratzel is the latest victim. He had a hound dog valued at $25, which was found dead yesterday. An examination disclosed the fact that the dog had eaten a quantity of ordinary sponges, which had been mixed in its food.

SCOTCH PLAINS.

Thos. M. Paff set out a nice patch of early spring rheubarb yesterday.

Lyness Walpole has been in Connecticut on business for a day or two.

Miss Eva Messler is at home again after a six months' visit with relatives and friends at Morristown.

Mrs. Chas. Messler of this place and Mrs. Coyer of East Third street, Plainfield, will go to Morristown to-day for a few days visit.

Bob. Walpole went over to Great Swamp, near here, yesterday, and with his gun and eagle-eye, knocked over two plump English snipe—the first recorded from there this season.

Ex Judge W. A. Coddington and John E. Beerbower took a spin over the county road and through the Plains, yesterday afternoon. The Judge handled the reins over one of the most stylish and well matched teams in the city, and it is needless to say that he took no dust from anyone on the road.

Many persons from the surrounding country came to town, yesterday, some on foot, others in vehicles and many others on bicycles, ostensibly to get a look at the ruins caused by the terrible explosion and loss of life of day before. During the day the ruins were searched, but nothing of great value was found.

Thomas Paff was 61 years old on Monday, but he was a little bit bashful about telling his age. At any rate during the afternoon and evening of that day guests gathered from Scotch Plains, Brooklyn, New York and Plainfield, and made merry at the birthday celebration. A substantial repast was provided for the guests, and some substantial birthday gifts were presented to Mr. Paff.

Miss Cora Miller entertained a number of her young friends at a birthday party Tuesday afternoon, from 4 to 7 o'clock, at her home on East Front street. Games and music helped to speed the time away until 6 o'clock, when refreshments were served. At 7 o'clock the little folks all left for home, wishing Miss Miller many happy returns of the day and declaring her a charming little hostess. Among those present were Misses Mary Westcott, Lillie Fancher, Addie Savage, Anna Miller, Sadie Johnston, Marian Hall, Evelyn Buckley, Lola Dorwarth, Florence Darby, Edith Marsh, Ethel Marsh, and little Ruth Dunn.

WESTFIELD

A RAID WITHOUT RESULT

WESTFIELD OFFICERS PREPARED TO ARREST A GANG OF TRAMPS.

They Found the Usual Rendezvous of Weary Willies Deserted—A Little Girl's Disappearance for Just Twenty-Four Hours.

The fight between the Union News Company and C. F. W. Whittke is becoming "warm." At first Mr. Whittke was merely ordered to keep off of the depot platform, which he did. But standing on the sidewalk at the foot of the stairs leading upon the platform and the stairs leading down to the tunnel through which the passengers must pass, he found that the position aided him in his work. The Union News Company soon found that out also. A new order was issued. This morning when Mr. Whittke with his load of papers started to go through the tunnel to the opposite side, he was stopped by a Central Railroad officer and informed that if he attempted to pass through he would be arrested. Accordingly newsdealer Whittke must parade the street on the North avenue side.

Westfield was puzzled for twenty-four hours over a peculiar disappearance. The one causing the worry was a little girl, whom Mr. and Mrs. John Gluck have taken to raise. The other morning she mysteriously dropped out of sight and her foster parents hunted among their neighbors and over town, but no trace of her did they find. The next day, about noon, some of the family happened to go into the basement and there they found the child. She went down there to play, she said, and, growing tired, lay down on a shelf to sleep. And when she awoke in the morning, thinking she had only taken a nap, resumed her playing. She was very much surprised when told that she had been missed for over twenty four hours.

Justice Collins, Constable Martin Pickle, Baggage-master James Folsom and others made a raid last night ostensible to pull in a gang of "Weary Willies" that are said to infest the barns on the Riply estate, about two miles out of town. Whether the tramps "smelled a mouse" and evacuated the barns, or whether at the time of the raid they were out tending chickens, preparatory to having a delicious breakfast this morning, the posse does not know. At any rate, not a tramp did they catch, not one did they see. "The nearest we came to it," said one of the posse, "was the heavy, measured 'tramp' of out feet." He ought to know.

Sometime yesterday, an old house on the Silver's estate, in Picton, was burned. It was supposed that it was set on fire by tramps as a colony of nomads had pre-empted it during the winter.

Miss Gertrude McGowan, of Tottenville, S. I., will treat the Epworth League to "An Evening with Whittier," in the parlors of the Methodist Church, tonight.

Mrs. Hayward, of Los Angles, who has been visiting Mrs. O. Knight, of Elm street, left for her home on the Pacific slope yesterday.

The sale of the Bayard estate, which was to have taken place yesterday afternoon, has been postponed one week.

Mrs. F. F. Aiken who has been visiting Mrs. John Platt, of Kimble avenue, returned to New York yesterday.

The Town Committee will meet in its new room, in the Grogan building, tomorrow evening.

Miss Baker, of Cape May, N. J., is the guest of Miss Taylor.

Miss Woodruff, of Elizabeth, is visiting friends in town.

Town Clerk I. I. Ross is once more able to be out again.

THEATRICAL.

The attraction at Music Hall tomorrow afternoon and evening will be the new musical farce comedy, "The Gilhoolys Abroad," presented by a strong company of comedians, singers, dancers, and pretty girls, and headed by those prime favorites, the Gormans, John and James and George, of minstrel fame. Surely their new departure should draw a large house, as they always present something new and up-to-date.

Borough Realty Changes.

The following real estate transfers have been recorded in the Somerset County Clerk's office during the past week from North Plainfield:

THE LOST CURLS.

Miss Tabby was a stoutly built English woman about thirty-five years of age, and she was accustomed to take an early walk round Regent's Park every morning, between six and seven, when the weather permitted. She called it her "constitutional."

She was a daily governess, and worked for a meager salary on which she supported her aged mother.

This was the time when ladies wore side curls such as those which so unbecomingly decorate portraits of the late Mrs. Browning.

Miss Tabby was by no means a beauty; her face was too broad, her mouth too wide, her lips too thin and the upper one too long; but her teeth were white and strong and regular. Her eyes were the sweetest in the world, and such merry ones they were too!

Miss Tabby wore false curls. She had some real ones, but they were very scanty, and to supplement them she wore on each side of her face three dark brown ringlets that dangled from a little side comb, so she had only to stick the comb into her hair and there they were

As I have mentioned, Miss Tabby was a great walker. It was three miles around Regent's Park, and she did it in an hour. She walked with a long stride and a springy gait, and with a certain heave of her plump shoulders that was quite perceptible through the Paisley shawl which formed the invariable wrap in the walking costume of that period.

One lovely morning, when the park had put on its brightest dress of verdant green to greet the advent of the London season, when the hawthorn, lilac and chestnut trees were out in bloom, delighting the senses with their beauty and fragrance, Miss Tabby commenced her walk precisely at seven o'clock.

This morning she stepped jauntily along, holding up her dress over her hooped skirt quite unaware that there was a tall military gentleman not very far behind her.

"Fine walker," said the gentleman, looking critically at the lady in advance of him. "She must have been drilled at some time in her life by a sergeant. I believe she could keep step with me, and I never yet found a woman who could do that; but then, to be sure, an old bachelor like myself does not often walk with ladies. What a sensible woman she must be to wear those stout boots!"

Just then the lady in front dropped something; it was a little blacky-brown thing, all wiggles. The gentleman stopped, looked intently at it, poked it with his umbrella, but could make nothing of it. He finally stooped, picked up the strange object gingerly with his first finger and thumb, and holding it at arm's length, gazed at it for some time.

"Looks like hair," said he aloud, for being a lonely old fellow he was accustomed to talk to himself. Diving hastily into his pocket, he brought out his spectacles, set them on his nose, and studied the mysterious article minutely. "By Jove, it's curls!" he cried, and hastened after the lady.

Miss Tabby was startled when he overtook her, and taking off his hat with a grand military bow presented her with the ringlets. She dropped her dress, raised both hands to her face, felt on one side an abundance of hair and on the other a vacuum, and with a little embarrassed laugh put out her hands for the curls. After inserting them in their place an inspiration seized her, for this London-bred old maid was as guileless as a little child, so gazing up innocently into the old gentleman's face, she said naively,—

"Will you be my looking-glass, sir, and tell me if they are on straight?"

"Really, ma'am, I cannot tell. I am —ahem—not accustomed to such things."

"Ah, well," said the lady, who had by this time recovered her self-possession, "it does not greatly matter. I suppose they will pass in a crowd. But just fancy what I should have suffered if I had gone through Camden Town with three stout curls on one side of my face and two half starved ones on the other! All the street boys would have been guying me." And she shook her ringlets at him and smiled.

The general was a sedate man with a very small sense of humor; but when Miss Tabby drew this picture of herself he remembered how funny she looked when he first overtook her, and he laughed until the tears stood in his eyes. Wiping them away with a great white silk pocket handkerchief, he said,—

"Do you know you have made me laugh for the first time for ten years?"

"Have I?" she returned, with a twinkle in her sweet brown eyes. "My friends tell me I have a faculty that way. But I beg your pardon, sir; I really did not mean to do it, and I thank you very much for my lost curls."

"The laugh has done me good," said the general.

Miss Tabby waited for him to continue his walk, but he said,—

"As we seem to be out for a constitutional, have you any objection to our walking together?"

Miss Tabby, with all her sweetness had a great deal of firmness of character—what is called backbone; therefore at this question her long upper lip closed tightly down upon her thin under one and the smile faded from her face; she considered for a moment, then answered very gravely,—

"As I am no longer young, and you appear to be a respectable elderly gentleman, I suppose we can safely walk together round the park."

They began their conversation by talking of the weather. People in England always do this. They advanced from the weather to town topics, and finally becoming confidential, talked of themselves. Miss Tabby was rather aghast when she found she was walking with a man whose name was written in the history of the British Empire; but she comforted herself by reflecting that he was but a man, after all, and so went on as if nothing had happened

"Ahem!" coughed the general. "Will you accept the shelter of my umbrella?"

The matter-of-fact lady replied that she would be glad to do so.

"Ahem! Will you be offended if I suggest that by taking my arm you will receive more benefit from it."

Miss Tabby at once took his arm.

They walked on until they arrived at the ugly little street in which she lived Her home was a few doors from that of the Italian conspirator, Mazzini. I was hailing desperately when the reached the door, therefore Miss Tabby felt herself compelled to ask her new friend to take shelter in the house. She devoutly hoped he would refuse, but he accepted the invitation with the most cheerful alacrity, and followed her into the diminutive parlor where her mother sat at the breakfast table awaiting her.

Mrs. Tabby was the fac-simile of her daughter, allowing for the difference in years.

"Mother, let me introduce to you General Banning who has come to take shelter from the storm."

The general bowed over Mrs. Tabby's hand in his best Sir Charles Grandison style.

"You will excuse us," said Miss Tabby, "if we proceed with breakfast, as I am due at Hyde Park Corner at ten o'clock."

"Certainly," said the general seating himself without further delay at the table.

Miss Tabby soon rose, and donning her waterproof said,—

"I must commend you to the tender mercies of my mother, general, as I have a long walk before me."

"You do not mean that you are going to walk all that distance?" he asked.

"I shall take an omnibus part of the way."

The general rose from his seat, drew himself up to his full height—Miss Tabby thought his head would touch the ceiling—and said in his best military manner,—

"I desire, Miss Tabby, that you remain here until I fetch a cab."

It was not long before he became a frequent visitor in Camden Town, and by-and-by he ventured to take the ladies for a stroll in the Botanical and Zoological Gardens.

He never escorted them to Kensington Gardens; he was afraid of meeting some of his rich relations, who might make inquiries concerning the ladies that he did not care to answer. He had quite a considerable fortune, and although his brothers did not care for him, they had a great affection for his money, and they kept their eyes on him for that reason. But as for any attention they ever showed him, it never went farther than an invitation to a grand party now and then.

Things went on this way until the end of September when the fashionables had left town and Regent's Park looked very deserted, wet and dreary. It was raining as usual, one Saturday morning, as the general and Miss Tabby were proceeding arm in arm under one umbrella. After quite a long silence the general said,—

"Do you remember Miss Tabby, the remark I made about your walking when first we met?"

"Oh, yes! You said I was the best walker, for a lady, you ever saw."

"And did I not say anything else?"

"You said I was the only lady who could keep step with you."

"Well, don't you think, as we walk so well together, we might as well keep step for the rest of our lives?"

Miss Tabby hesitated and blushed. She had not blushed for years until that spring morning a few months ago, when the general presented her with the lost curls, and ever since then she had been troubled in this particular.

Usually when she answered the general she raised her eyes to his face; she had to raise them a long way, as his height was considerable; but today she looked down at his boots and remarked unconsciously to herself that he had his goloshes on, while she had forgotten hers.

"Well, Miss Tabby, I am waiting for my answer," said the general.

Now he had on an Inverness cloak; it had a very large cape which hid the plump hand that rested on his arm; he therefore thought he might safely give it a little pressure.

"Well, general," said Miss Tabby, "do you think your relatives would approve of me?"

"Bother my relatives!" said the general. "I am not going to marry to please them, but myself."

The lady finally gave her consent, and so it came to pass that a few weeks afterward they were married in the little church at Highgate by its unpretending minister; and the general's brother, the rich Indian merchant, and his family were greatly astonished when they received a very large envelope containing a smaller and more ornate one, from which they drew two cards tied together by a little silver cord.

On the smaller ones were engraved the words, "General Banning, V. C., Hanover Terrace, Regent's Park." And on the larger one, "Mrs. Banning, Hanover Terrace, Regent's Park."

Great was their consternation, and many were the disagreeable remarks passed upon the couple by those rich and selfish people; but they never knew how much happiness was signified by the little silver cord that tied the cards together.

MRS. JANE B. ROWE.

EXPENSIVE BRASS BANDS.

Over Ten Thousand Dollars for a Jewelled Cornet.

The writer was recently accorded the privilege of a peep into the museum attached to the factory of one of the largest firms of brass instrument makers in London.

In one corner is a duplicate of what is believed to be the most costly presentation cornet ever produced. It was made to the order of the late Czar of Russia, and is of sterling silver, richly graven with various devices, among which the arms of the imperial house of Romanoff figure conspicuously. The whole of the ornamentation is of beaten gold filigree work, and the "bell" of the instrument is thickly incrusted with rubies and emeralds. Its net value is a trifle over 2,000 guineas.

Near to this interesting relic is a fac-simile of a set of drums which were made for the new Rhodesia Horse. The peculiarity lies in the fact that the cases are of aluminum, a precaution rendered necessary by the number of white ants that infest that country. The other instruments are of brass, silver-plated, and the whole band cost some £350.

The private band of the Rao of Cutch, cost originally £900, and renews most of the instruments every four or five years. The tigerskin used by the Rao's big drummer, which was sent over here to be prepared and mounted, was taken from an animal killed by His Highness, and measured over seven feet in length. It is lined throughout with heavy corded crimson silk, and the brute's eyes are simulated by a pair of big yellow diamonds.

Another very fine band was made three years ago to the order of the late Shah of Persia. All the instruments were of pure silver—which, by the way, does not give forth so good a sound as brass, besides being far heavier to handle—inlaid with gold. The total cost of this band de luxe was a trifle under 3,000 guineas.

A curious order was received a short time ago from the Emperor of Morocco. It was for eight clarionets for one band. As the instruments in question were all in one key, it is probable that they were to be played in unison. The effect upon an average man of eighty band clarionets blown simultaneously would probably be to create in him a wild desire to take to the woods and become an aborigine. Even to imagine such an ear-piercing combination sets one's tympanum quivering.—Answers.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint that they seem to soil by being looked at—one or two wearings making them unpresentable. NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

TROUBLE FOR LAURADA

The Steamship Again Suspected of Having Done Filibustering Service.

Philadelphia, April 1.—Local inspectors Thomson and Vest of the government steam vessel inspection service yesterday sent the followin notice to the collector of the port at Wilmington, Del. "We are directed by the supervising inspector general of steam vessels to notify you that the steamship Laurada left Baltimore on an expired certificate of inspection on or about Feb. 26, ostensibly for Philadelphia, on a permit to go there for repairs to fit her for inspection. Instead of proceeding to Philadelphia direct, as she should have done, she is reported by the newspapers as having just arrived in the Delaware river from an alleged expedition to Cuba, violating sections 4417, 4418 and 4463 revised statues, United States, and section 7, rule 6 (rules and regulations), prescribed by the board of supervising inspectors of steam vessels."

NEWFOUNDLAND FISHERIES.

An Aggressive Policy Against French Vessels Also Injures Americans.

St. Johns, N. F., April 1.—The government has announced its aggressive policy against French fishermen. It will strictly enforce the coast fisheries' act which forbids the seining of herring for bait before the middle of May. This will destroy the French vessels' chances of obtaining early baiting and will badly cripple their first voyage to the Great Banks. The American fishing vessels also are necessarily injured by the proposed enforcement, as they will now be only able to procure herring taken with nets, which is a tedious operation besides costing them three times as much as by the former method. The captain of the Gloucester schooner Levi Morton, which is now at Sound island, Placentia bay, has wired the fisheries department permission to seine herring, but the request was refused. The revenue cruiser Fiona has been dispatched to see that the new regulation is strictly enforced.

Rush at New York Custom House.

New York, April 1.—The payments of duties at the custom house yesterday were well above the normal, and the indications early pointed to large total receipts. The retroactive clause in the new tariff bill resulted in an increase in the receipts. Tuesday the payments aggregated $1,018,917.83, representing the largest day since the big rush of two weeks ago, of which $145,243.23 were payments on goods withdrawn from bonded warehouses. The total receipts for the month were $16,853,179.71, of which $8,127,065.91 was paid on goods withdrawn from bonded warehouses.

To Be Submitted to Arbitration.

Lynn, Mass., April 1.—President Elihu B. Hayes of the Lynn board of trade has succeeded in getting the consent of the Hand Turn Workmen's union, of the Boot and Shoe Workers' union and the F. H. Abbott company to submit the strike at the latter firm's factory to the state board of arbitration and conciliation for settlement. Richard P. Barry of the state board will present it to a meeting of the board at the state house in Boston today.

No Leave of Absence for Gen Lee.

Washington, April 1.—The state department declares that Consul-General Lee has not been granted a leave of absence, to take effect April 15, as published, or any other date. Gen Lee has not asked for leave and no action looking to his relief at Havana or to the acceptance of his resignation has been taken.

New Connecticut Judges.

Hartford, April 1.—Both houses of the general assembly have elected Howard J. Curtis, dem., of Bridgeport, judge of the court of common pleas for Fairfield county, and Epaphroditus Peck, rep., of Bristol, associate judge of the Hartford county court of common pleas.

Raines Liquor Law Amendments.

Albany, April 1.—No further hearings are to be accorded by the committee having the proposed amendments to the Raines liquor tax law in charge, and it is understood that the majority has decided that they must be passed.

Woman Suffrage Bills Rejected.

Hartford, April 1.—The house has rejected all bills conferring on women the same rights of suffrage as men enjoy.

ONLY RUINS REMAIN

Cyclone's Work at Chandler, O. T., Worse Than First Reported.

WIPED FROM THE FACE OF THE EARTH

Many People Mangled or Burned to Death in the Ruins of Their Homes. The Streets Littered with the Bodies of Dead Animals.

Guthrie, O. T., April 1.—The later reports from the cyclone-swept country only adds to the horror of the situation. Chandler was simply swept off the earth. The storm came from the southwest and left scarcely a building of any importance standing. Everything was a mass of ruins in a few minutes. The wrecks of many of the store buildings took fire and in a short time an awful holocaust was in progress, many of those injured and buried in the ruins being burned to death. Fire broke out first in the ruins of the New York store and Lincoln County bank and spread to many other buildings, making it necessary to fight the flames as well as rescue the injured. In addition to the people burned to death a large number of the injured are badly burned and suffering intensely. Between the fire, wind and the rain, the provisions, medicine, clothing, etc., in the stores were all destroyed or so badly damaged as to be worthless and unless new supplies arrive at once there will be much suffering.

Only One Physician Uninjured.

A cloudburst preceded the cyclone. It was nearly 10 o'clock before the telephone communication could be secured with Guthrie and 1 o'clock in the morning before any definite news could be obtained. At that time the fire was under control, and about twenty dead bodies had been recovered and seventy-five or more of the injured had been cared for. But one physician in Chandler was uninjured, and physicians were sent from this city and also from Stillwater, arriving there soon after daylight and assisting in the care of the injured. There was not half coffins enough to bury the dead. Ten trees have a house roof hanging on each. Clothing and household goods are scattered in the streets. Dead horses and cows and other animals are everywhere. A pile of ruins has a fine piano on top of it. About $1,000,000 worth of property is destroyed. Ten thousand people are now on the ground from the surrounding towns and country. The Presbyterian church, Mitchell hotel and two other buildings are all that remain standing or partially standing. These have been turned into hospitals. Men, women and children are assisting in caring for the unfortunates. The mayor is doing all he can. The city has put to use all its cash, about $700, for immediate aid. J. D. Dale saw the storm approaching and, taking Mrs. Dale, ran to a hollow, where he placed her behind a boulder and crouched by her side, both escaping uninjured. A two-day-old baby was carried four blocks and was uninjured, while the mother was crushed to death in bed.

Killing Frosts in California.

San Francisco, April 1.—The local office of the United States weather bureau has received dispatches from the various fruit sections of the state to the effect that during the last two nights killing frosts have seriously damaged the fruit crop. Prunes and apples are not sufficiently advanced to receive so much harm as apricots and Almonds, which in many sections have been destroyed, while peach trees and vines have also been injured, though in less degree.

Ferry Boat Burned at Her Dock.

Jersey City, April 1.—Annex ferry boat No. 5 of the Pennsylvania railroad, plying between this city and Brooklyn, was burned at her dock at the foot of York street last night. She was not on duty, having just come from the repair shops at Hoboken, where she had been thoroughly overhauled. The fire, it is believed, started in a room in which painters kept their paints and oils. The loss is $50,000.

Murdered by Turks.

Washington, April 1.—The department of state is advised by Minister Terrell from Constantinople that Yussuf Yunnan, who was charged with the distribution of relief funds at Saird, Asiatic Turkey, was murdered and robbed of £500. Mr. Terrell made a prompt request for the recovery of the stolen money and the arrest and punishment of the guilty.

$20,000,000 Mortgage Recorded.

Salem, Mass., April 1.—A mortgage was recorded at the registry of deeds in Salem yesterday for $20,000,000 from the Commercial Cable company of New York, to the Farmers' Loan and Trust company to secure an issue of bonds. The document covers forty-two printed pages.

President Kruger's Grandson in Trouble.

Pretoria, April 1.—President Kruger's grandson, an officer of the government at Krugersdorp, has been suspended from duty for having used language insulting to Queen Victoria, and an inquiry has been ordered in his case.

Reforms in Cuba.

Madrid, April 1.—It is stated in minsterial circles that the proposed reforms in Cuba will be introduced into the administration of the affairs of that island during the present month.

Mr. Roosevelt Leaving London.

London, April 1.—J. R. Roosevelt, formerly first secretary of the United States embassy, who disposed of his stable of horses by public sale yesterday, will leave for Paris to-day.

CYCLING COMMENT.

Signboards have been placed on the street corners in Metuchen, especially for the cyclists.

The furniture for the club rooms of the Cleveland Cyclers has arrived and will be put in the rooms at once.

A shipment of fifteen Crescent wheels has just been received by the F. L. C. Martin Cycle Company.

J. Hervey Doane has sold a Remington wheel to Lawyer Irving Brady, of the First National Bank building.

Membership, April 2d, League of American Wheelmen; New, 1,027; total, 65,264; N. J. Division, new, 58; total, 4,414.

A party of eight young people from South Orange rode their wheels to this city yesterday afternoon and enjoyed the delicious soda to be found at Leggett's drug store.

The Mecca Wheelmen, of New York, enjoyed a spin out on the Hudson County Boulevard to Bayonne, Sunday. John L. Blackford, who is a member of that organization, was among the number.

Totals this week are lowered by the dropping of members whose fees are due and not paid on April 1st. The L. A. W. has 12 263 menbers and the New Jersey Division 652, which shows the importance of looking after the renewals.

GOLF.

The pleasant weather of the last week has materially aided in preparing the golf links of the Hillside Tennis and Golf Club for use. It is expected that they will be opened for play on April 10, but the formal opening will not take place until latter in the season. Many of the members are anxious to resume their practice as early as possible. The season promises to be a lively one for there will be numerous matches and tournaments during the summer and all who have ony fondness for the game will be given a chance to show their abilities.

The New Brunswick Golf Club has secured a lease of the Ross Hall property, owned by George W. Metlar, for the purpose of laying out new golf links and tennis courts. The grounds are situated on the bluffs overlooking the Raritan River, one mile east of the city. They are splendidly adapted for golf, as much of them has not been ploughed up for nineteen years. A large flock of sheep graze over the land, thus providing for the disposal of grass. There are several natural hazards and bunkers. There has been dissatisfaction for some time over the links on Livingston avenue, just on the outskirts of New Brunswick. The grounds are too public and the club house too small. It is expected that the new course will be ready for play about May 1, when the opening will be celebrated by some sort of fete at the new club house. Ross Hall is a neat old mansion, built in colonial style, and it is proposed to turn it into a country club eventually. C. A. Kenny, the originator and moving spirit in the New Brunswick Golf Club, was chiefly instrumental in securing the Metlar property.

The Monarch a Wonder.

The public exhibition of the Monarch fire extinguisher which was given by Agent J. D. Moon in the vacant lot adjoining the Babcock building on Tuesday evening, has created quite a sensation. The extinguisher consists of a powder in elongated cans and the application of this on the fire quickly put out the flames. The test was in every way a success. A test was first made on a large box covered with tar and oil, and after the box was allowed to burn fiercely the powder was applied and in an instant the flames vanished. Another test was made on a narrow, high box representing a flue. In this way a strong draft was obtained and when the fire was well under way an application of the powder was made and instantly the fire was extinguished. Chief Doane was a witness of the exhibition and was high in his praise of the work of the extinguisher.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and spffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. PROGRESS OR RECEDE?

THE QUESTION BEFORE THE PEOPLE AS TO THE LIBRARY.

A Woman's View of the Need for the Appropriation to Make the Necessary Alterations to the Building Now to Small.

To the Editor of The Daily Press:—The cogent reasoning of your correspondent "Citizen," in behalf of the much-needed new Library building and the proper action of the Common Council concerning it, needs no commendation or support. It is a strong appeal, based on economical and public spirited motives, and ought to meet cordial response from every taxpayer.

But possibly something may be said also from another point of view than the just now pre-eminent one of the folly of throwing away a generous bequest through a penny-wise, pound-foolish policy. It seems superfluous to speak to the people of Plainfield about the worth of their Library, but there may be some busy persons who need reminding both of its value and its limitations.

This may be done first by the way of a comparison involving personal experience. I have now in mind three noble libraries in three cities with whose advantages I am familiar. Each is the outcome of a munificent bequest, drawing others in its train; each has the literary treasures to be secured only by abundant means. And two of the three have very beautiful modern buildings, with every appliance for convenient administration and for the advantage of readers, aided by an efficient staff.

But to return to our own Library always brings a feeling of satisfaction. This is because, while it may lack the costly volumes chiefly needed by special students, its collection of books on most subjects is so nicely chosen and so adequately represents the best modern thought; because the ever-courteous librarian has its resources so fully at command and is so ready to put them at the reader's service; and lastly, because of the great privilege of personally scanning the shelves. Of late there have been drawbacks to this satisfaction, due solely to the overcrowded state of the shelves and of the space for readers. If this is true already in the Library's history, how will it be in the future? Growth is an essential of vigorous life; when growth ceases decline already begins. This is a truism, but are we ready to see our Library come under its inexorable law, and how can it be otherwise if there is no room for accretions?

The need for increased space, if the Library is to keep abreast with the community, appeals not only to the general readers and students who frequent it, but through their children to those who rarely may have time for personal visits. It is true that the adult readers and students in the Library have increased ten fold in a few years, but it is also true that the most interesting class who bring note-books and pencils to its tables are the school children in search of information upon topics connected with their school work. Not only are they adding to their store of knowledge, but their judgment is trained by the act of selection and assimilation as it could never be by the exclusive use of text-books.

As we know, original thought is stimulated by acquaintance with the thought of others, and the wisest man is always the one who knows how to find and to use the knowledge he needs. So the habit laid in childhood of seeking out information from other sources than school text books, will do much toward preparing the boys and girls of this generation to be the wide-minded and clear sighted men and women who by and by will head the van in a prosperous community. When a library can do this work for the children, shall it be hampered by a narrow and suicidal policy?

If, as it seems, we have come to the parting of the ways, surely the people of Plainfield, through their Common Council, can be trusted not to take the downward path.

A Woman.

Crescent avenue, March 30th.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. In the Thick of the Cuban War.

Isadore DeCosta, who has been in the thick of the fight in Cuba, is visiting his grandfather, Bennett Britin, of West Front street and Grant avenue. He has been through some very exciting experiences while in the Cuban Army, and narrowly escaped capture when he left for this country. He attended school at Harned Academy in this city several years ago.

MUSICAL FOR "THE RASORES"

Delightful Social Event Given by Mrs. W. W. Howland.

A symphony musicale was given yesterday afternoon by Mrs. W. W. Howland, of Rockview avenue, to "The Rasores" one of the flourishing woman's clubs of our city, which counts among its members the wives of many prominent citizens.

The occasion drew a large representation of the elect, who were entertained by Mrs. David Pond and Mrs. Howland in the manipulation of a symphony grand which was exhibited as an organ and also as a parlor orchestra.

'It was the first time that some of those present had heard this rare instrument, and that they were surprised and pleased goes without saying. It was, indeed, a revelation to many and few will forget the delight they experienced.

The numbers on the programme were selected to show the instrument to the best advantage, and were rendered in a most effective manner.

Later all went out into the spacious dining-room which was prettily decored with handsome roses, carnations and palms, and were served with refreshments by Miss Walz, Miss Janes, Miss Cahoone, Miss Lavinia French, Miss Pierson and Miss Halloway.

FOUND THE MISSING WHEEL.

Asa Collier Regains His Bicycle. Thanks to a Press Reader.

There in the hedge lay the remnants of a wheel and so William Fisher, the colored assistant sexton at the Grace P. church, picked them up and carried them home. That is what happened last Saturday morning according to the statement of Fisher. According to Asa Collier, who lives not far away on East Sixth street, the same bicycle, plus the front forks and front wheel, disappeared from his front piazza on the evening before. It is evident that somebody borrowed the wheel from Mr. Collier's front piazza and went forth upon it only to collide with a neighboring tree or telegraph post and thus disturb the equanimity of the front part of the machine.

As was stated in yesterday's Press, Mr. Collier's wheel a Crawford, was missed on Friday evening last. Mr. Fisher read yesterday's Press and came to the conclusion that the wheel he had found in the hedge that runs along side of the two Episcopal churches was the identical wheel that Mr. Collier had lost and that the thief, after smashing it had thrown in it in the hedge. This morning Fisher came to see the owner of the wheel and this afternoon the wheel goes back to Mr. Collier.

A Boy Fresh From Germany Starts on a Criminal Course.

About one month ago Rudolph Kersting, the West Front street baker, hired a young German boy at Ellis Island, New York, to help in the work about the store. The boy got along all right and he was well liked until yesterday afternoon when he disappeared and has not been seen since. He left shortly after dinner and with him he took about $17 in money, a revolver and a fine pair of suspenders. The articles and money belonged to Theodore, the cake baker, and as soon as he missed his goods he started in search of the boy. As yet neither the boy nor the cake baker has been heard from. The last seen of the boy was when he was going toward Park avenue on Front street. He had a bundle in his hand and was walking very quick. It was not known then anything was wrong.

THROWN FROM THE TRUCK.

George Rickert Met With a Serious Accident at Linden Avenue and Somerset Street.

Rumors of a bad accident floated over the brook from the borough, this noon, but the trouble did not prove to be as serious as first reported. Geo. Rickert was driving the four horse truck, belonging to Rickert Brothers, down Linden avenue shortly after twelve o'clock, bound for his home on Fairview avenue, near Watchung avenue. The horses were on the run, and Rickert tried to guide them them around the corner into Somerset The truck slid across the street, striking the curb on Somerset street. Rickert was thrown from the high seat by the force of the shock and struck on his head on the sidewalk. There was a deep cut in his forehead where he had struck the stone in falling. The horses were caught.

Break in Fire Alarm Wire.

The borough fire bell was sounded several times this morning and people rushed to the engine house thinking that there was a fire. It was later that it being April 1st, someone had played a joke, but Julius Stahl investigated the matter and learned that employees of the Plainfield Electric Light Company were at work in the Park fixing some of their wires, and while doing this they had accidentally caused a break in the fire alarm wire. The difficulty was soon repaired and the wires are now all right again.

Five Generations.

On a farm in Nash County, N. C., there lives a family that cannot, in all probability, be duplicated elsewhere in the United States. It is a colored family and consists of five generations of lineal descendants in unbroken couples.

The oldest couple are Ben and Harriet Speight, aged 90 and 92, respectively.

The next couple are their daughter, Jane and her husband, Jeff Bell, who are 71 and 72 years old. Their daughter, Della, and her husband, Jonas Harrison, 47 and 51 years old, form the third couple.

This couple have been blessed with 13 children, of whom 10 are now living. One of the 10—George Harrison—and his wife, Gabrella, 29 and 24 years old, constitute the fourth couple. One of the four children of George and Gabrella, Georgianna by name, three years old, represents the fifth generation.—New York Journal.

Refused a Certificate.

Mrs. Louise Pitt Yocum, superintendent of schools in Dolores county, Col., has refused a teacher's certificate to Professor Victor C. McGirr, principal of the Rico Public School, because he smokes. Her position is that a person who smokes is disqualified from teaching in the public schools of Colorado, because teachers in that State are required by law to instruct the children against the use of tobacco. Mr. McGirr, who is a graduate of Toronto University, will, it is said, appeal to the State Board of Education.—New York Tribune.

New Use for the Bicycle.

We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tariff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.

We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. THE MEN TOOK THE LEAD.

ENTERTA NMENT UNDER THEIR CHARGE AT A LOCAL CHURCH.

Arranged and Carried Out the Programme and Told How They Each Earned a Dollar By Sacrifice for a Good Purpose.

The women of Grace M. E. church have established quite a reputation in providing lots of good things to attract people to the church, but when the men of the church began to plan for an entertainment some folks were inclined to smile and think that it was a good joke. But the stern realities made the people look in surprise last evening when the entertainment was given in the church by the men. Every woman who attended had to pay and the men were admitted free. The men of the church organized themselves into a committee and when their guests arrived they met them at the door and escorted them to a seat. They arranged to have Mrs. L. A. Hummer at the door to receive the money as it was paid and Miss Grace Carroll acted as mistress of ceremonies in announcing the programme.

There was an independent air of composure on the face of every man who had anything to do with the affair, and it was plainly evident that they all thought they knew how to conduct the entertainment without the help or assistance of the women. The first number on the programme was an instrumental selection, "Maritani," by Messrs. Smith, Hummer, Naylor and Blake. Its rendition won hearty applause from all, but more especially the men. This was followed with an amusing reading entitled "Here She Goes and There She Goes," by Mr. Powell. Two piano selections by Master Arthur VanArsdale brought down the house. The performer is very young and his playing was a marked feature. The singing of "Kentucky Babe," by Messrs. L. H. Hummer, Ezra Loomis, John Steiner and Charles Hummer, was pleasing in every particular. Especially were the parts well rendered.

Dr. Carroll kept the audience in continual laughter by his reading of "The Tar Baby," which is full of the most comical incidents, and then the Doctor knew just how to read it. John Steiner won many favorable comments by his singing of "The Flight of Ages," and when he enjoyed the distinction of receiving the only encore he stood up before the audience and held a large sheet of paper on the back of which was printed the words "A Song Without Words; April Fool." This was followed with another instumental selection by the orchestra, entitled "La Friesta March." The last number on the programme was a vocal selection, "Old Jones' Singing School," by the male quartette.

At this time the most amusing part of the programme was presented, when the men each gave a dollar and related how they earned it.

Dr. Carroll was the first to tell his experience, after Rev. Mr. Johnston explained to the men what was expected of them. As he deposited his dollar with Miss Grace Carroll, who acted as cashier, he said that he had earned his dollar by getting breakfast for two mornings. He told how he got up so early and how good the meals were; also how those for whom it was cooked enjoyed it. When he got through Mr. Valiant said he would like to hear the experience of those who partook of the meals. A little later he was given that pleasure and it cost him an extra dollar, for he said that he would give that much to hear it. It happened that it was Dr. Carroll's family who had the experience, and they all said that it was the best they had ever been served with.

L. A. Hummer told in verse how he had earned his dollar by abstaining from smoking. Mr. Knowlton was able to secure his money by taking medicine for the grip. Rev. Mr. Johnston had a peculiar experience and it caused lots of fun when he related it. He said that he had been told that he would make a good artist and he together with another young man, John Steiner, had bargained to do some artistic painting at the home of Mr. Valiant. When the two painters arrived at the home of the ex councilman they found that everybody had retired and they had to defer the painting. Yesterday Mr. Johnston went to Mr. Valiant's home and painted four porch chairs and thus he earned his dollar.

Mr. Powell said that he had secured his dollar by trimming grape vines. The only thing to be regretted was that he had spoiled the vines. Andrew Wilson stated that there was a brook not far away, and that was where he earned his money by gathering ice and working for it.

James Lunger took a clock apart and cleaned it. After he had put it

STREET WORK PLANNED.

COUNCILMANIC COMMITTEE AWARD CONTRACTS FOR STONE.

Several Streets to be Leveled Off at Once—Sharp Dip at Park Avenue and Second Street to be Obviated.

The street committee of the Common Council held a meeting last evening and arranged further details for work in that department.

The special object of the meeting was to receive bids for crushed stone to use on the city streets in repairing them. Two bids were received. That of Smalley Brothers was the lowest, offering to furnish the city with crushed stone at the rate of $1 a ton. The committee decided to give the contract to Smalley Bros.

Another important matter that was discussed was the present condition of Front street, West Eighth street and Central avenue. All of the streets, while much of the superfluous earth has been removed from their macadamized surfaces, are in poor condition, full of ruts and holes, and the committee deemed it advisable to repair them at once.

The sharp dip at the corners of Park avenue and Second street, which form the gutters, have been dangerous to the life and limb of cyclists and drivers. Those who have seen the effect on the apparatus of the fire department, have seen the need of a change. The committee was in favor of making some kind of a change at once. While it is a hard place to drain successfully in any other manner beside leaving the deep gutters across Second street, the committee was in favor of putting in iron culvert boxes. Estimates for the same will be presented to the committee at once by Sheriff William T. Kirk. No decisive action was taken in regard to them but the committee is understood to be in favor of the change and willing to make it if it can be done in an economical manner.

EVERYTHING FOR SAFETY

EXTENSIVE ALTERATIONS MADE IN THE PLANS OF THE BIG DAM.

Entire Work Under Personal Supervision of a Recognized Expert Engineer—Dam Will Stand Very Hard Strain

The Plainfield Ice and Cold Storage Company, are progressing on their new dam at Washingtonville. Their former plans and specifications have been revised and perfected after long and careful study by two constructing engineers of New York city.

Extensive alterations and additions will be made and the entire work will be under the personal supervision of Mr. Franckfort, of the Mechanical Engineering and Construction Co., 63 Fifth avenue, New York, a gentleman of large experience in the construction of reservoirs and dams.

A substantial "core wall" is to be built the entire length of the dam and large iron pipes are to be substituted for the original waste grate.

An enormous buttress will be built under the dam while large boulders will be placed under the "spill-way," making it, according to the engineer's statement in charge, one of the strongest dams in the state.

Maps have been made of the entire water-shed and careful survey taken and according to the heaviest rain fal on record, water cannot pass over the dam at a depth exceeding six inches while provision has been made for a forty-two inch raise.

The company say that neither time or expense will be spared in making the dam a stronghold capable of resisting the severest force of nature.

Death of Miss Emma Lanning.

Many friends of Miss Emma Lanning will learn with sadness of her death on Tuesday at the home of her brother-in law, J. Smith Hart, of Pennington. Miss Lanning resided with her mother, Mrs. Blackwell, on East Front street, until last fall, when she removed to the home of her sister, Mrs. J. Smith-Hart, of Pennington. A sudden cold contracted in the summer resulted in pneumonia, from the effects of which she never recovered. Miss Lanning possessed fine traits of character, and her sterling worth secured for her many friends. Her funeral services will be held at Pennington this morning at 10:30 o'clock.

There is a movement on foot among the property-owners on Franklin place, between LaGrande avenue and East Fifth street, to have that part of that thoroughfare macadamized.

PRESENT TO THE STATE.

DR. J. A. COLES' LATEST GIFT TO ADORN THE STATE CAPITOL.

It is the Celebrated Oil Painting Known as "The Good Samaritan" by a Distinguished Artist of This Country.

Dr. J. Ackerman Coles, of Scotch Plains, who has become noted for his gifts of paintings and statuary to colleges and public institutions, has now donated to the State a painting that will decorate the walls of the State House at Trenton. In his letter to Governor Griggs tendering the painting to the State, Dr. Coles gives an interesting sketch of the work. He says:

"I am now the owner of the celebrated oil painting known as "The Good Samaritan," by our distinguished American artist, Daniel Huntington. The picture, with its frame, measures about nine feet in width by about eleven feet in height, the principal figures being life size. It was executed by Daniel Huntington in his studio in Paris, in France, in the years 1852-53, in fulfilment of an order given him by the late Marshall O. Roberts, Esq., of New York city. The choosing of a subject having been left with Mr. Huntington, he selected the pictorial illustration or interpretation of the second great commandment of the law—'Thou shalt love thy neighbor as thyself.' That he succeeded in his efforts has been conceded by critics, for here, with wonderful skill, is vividly portrayed the arrival at the inn, the sympathetic interest of the host, hostess and guests, and the respectful attention given to the orders of the Good Samaritan.

"Upon receipt of word from you that, as a gift, the painting will be acceptable to the State, I will, as soon as practicable, at my own expense, send it to Trenton, and have it hung in the place deemed most suitable for its reception in the Capitol, a building associated with pleasant meetings therein of my father, the late Abraham Coles, A. M., M. D., Ph. D., LL. D., with his friends, some of whom are still living, while the portraits of others adorn its walls. It is with special pride I recall the recorded words of the late Governor Daniel Haines, and those of the late Henry Woodhull Green, Chief Justice and Chancellor, who, in referring to the life and writings of the late Dr. Abraham Coles, affirm that 'to him the world owes a debt of gratitude for his labor and research which redound to the honor of our State.'"

The gift has been accepted by Governor Griggs for the State.

ROOF SET ON FIRE.

Came From an Overheated Chimney But Was Soon Extinguished.

An over-heated chimney set fire to the roof of the house occupied by John Froelock, located at 732 East Third street, this morning about 8.45. Robert Yetman, who is working on the street in the immediate vicinity, saw the fire and he jumped on a wheel and rode to Box 16, at the corner of Front and Richmond streets, where he sent in an alarm. When the department arrived they found that it was not necessary to use the water from the hydrant as the fire was almost extinguished. Mr. Froeleck, by the use of ladders, reached the roof and very quickly put out the fire. Chief Doane and his men had very little to do when they arrived. The roof had to be cut considerable to get at the fire but the damage was slight.

Entertainment That Entertained.

The entertainment given under the auspices of the Helping Hand Society of the A. M. E. Zion Church on West Fourth street, last night, was a success in providing a pleasant evening for those who attended and adding quite a sum to the society's treasury. The church edifice was completely filled. The programme opened with a selection by the orchestra, followed by a vocal chorus, a baritone solo by Harry Freeman and a reading by Lemuel Perry. A funny dialogue varied the programme and was followed by a cornet solo by Israel Jones. Billy Woods gave one of his monologues, assisted by Charles Henry, and kept the audience laughing with his many ludicrous jokes. The entertainment was arranged by Lemuel Perry and Mr. White.

Vote of Thanks.

The regular monthly meeting of the Board of Directors of the Y. M. C. A. was held last evening at the association building. One of the important proceedings of the meeting was the action taken by the Board in regard to the presentation of the '97 Apollo wheel to the association by the Plainfield Cycle and Sporting Goods Co. The Board gave a vote of thanks to be extended to Messrs. Rider and Lister, of the Plainfield Cycle and Sporting Goods Co., for their kindness in presenting a wheel to the association.

MAY LOSE HIS LICENSE.

NEIL SCOTT CHARGED WITH VIOLATING HIS LIQUOR LICENSE.

Considered at a Special Meeting of the Dunellen Council—It is Said Scott Sold Liquor at Retail Without Right.

The Dunellen Council met in special session last evening and, as usual, there was business enough to keep the members together until 11 o'clock. The meeting was called ostensibly to take some radical action concerning the revocation of Neil Scott's liquor license. Rev. Mr. Fletcher read the port of the committee of five, appointed to bring the matter before the Council. The report alleges that Scott has been carrying on a retail trade when his license only allows him to wholesale. Mayor Brakeley thought that some action should be taken immediately. He said that he was going over to New Brunswick on Saturday, and if the petition was ready he would take it along and personally present it to the Prosecutor. Mr. Gaskill moved that the entire matter be referred to the Prosecutor of Middlesex county, together with the names of witnesses and such other persons as are interested. This motion prevailed with the proviso that the Council sanction the action taken. R. J. Swackhammer, at this point in the proceedings, happened to notice the fact that the clergymen who were instrumental in getting up the petition had neglected to affix their own signatures to the document. They straightway went to the Clerk's desk and signed. The next in the order of business was the swearing in of Charles Wyhusky as constable, and upon the Mayor's recommendation he was elected borough marshal.

Councilman Gaskill thought that the locks and bars in the station house were not strong enough to hold the unruly prisoners under subjection. No direct action was taken, but the new Marshal will see that no bars are sprung or locks picked. The $5,000 bond of Tax Collector George W. Day, signed by the Fidelity and Deposit Company, of Maryland, was read, accepted and orderd filed with the County Clerk. The $500 bond of Constable Chas. Wynhusky was accepted. John W. Monahan sent in his resignation as a member of the Council. Mr. Monahan has just recently been elected a member of the Board of School Trustees and he does not favor holding too many offices at one time. Hence his retirement. He was president of the Council and Harry Gaskill was elected to fill the vacancy. Be it said to his credit, Mr. Monahan has been of the best Councilman the borough has ever had, and his retirement is much regretted. Out spoken and fearless were his convictions and for every measure that would benefit the borough he was on the side with. His resignation was received with much reluctance and the clerk was authorized to extend to Mr. Monahan the thanks of the Council for his faithful services in the past. The Mayor named, subject to the Council's approval, John Hunt to fill the unexpired term of Mr. Monahan. The nomination was confirmed and Council adjourned until Monday evening when the regular monthly meeting takes place.

Live Bird Shoot.

An exciting match at live birds was shot at the grounds of the Climax Gun Club, yesterday afternoon. The contestants were Messrs. Lambert and Singer. The shoot was for $50 a side and at twenty-five birds. Singer won by one bird, killing eighteen to Lambert's seventeen. The birds flew hard and low while the heavy wind somewhat handicapped the shooters. Quite a number of spectators were present and both men were well backed.

A Dangerous Place for Pedestrians

There are not many bad walks in the borough but there is one in particular in front of the property at 22 Duer street, which is in terrible condition. It is a board walk and is very dangerous to life and limb. Several persons have narrowly escaped injury at this place, and the borough authorities should attend to the matter before any damage results. This is about the only board walk on that street.

Miss Yates' Next Lecture.

Miss Elizabeth U. Yates, who has been lecturing upon Congress and the English Parliament, and who is deservedly popular with Plainfield audiences, will give an address on her missionary work in China in the Congregational church, Sunday evening. Miss Yates spent five years in China. She will appear in Chinese costume.

New Lawyers.

Fred A. Pope and Isaac P. Runyon, the young lawyers of Somerville, have opened law offices in this city on North avenue over the offices of the United States Express Company.

A BLOCKADE ON LAND.

MUCH INVOLVED DISPUTE OVER RENT AND RIGHT OF WAY.

Henry Trainer Rented Land Hemmed in on All Sides and Refused to Pay Rent Because He Was Liable as a Trespasser.

There was a peculiar case of landlord and tenant before Justice E. R. Collins, of Westfield, yesterday afternoon. The parties to the suit were Miss Eunice Massett, complainant, and Henry Traynor, defendant. Miss Massett owns a fourteen acre tract of land back of Garwood, which has the misfortune to be abutted on all sides, having no passage or driveway leading to the public highway. Traynor soon found that the owner of the property round about him would not let him go in and out across their land even for necessaries of life. The powers that be acted in concert in this regard and Mr. Massett became a "blockade runner." But threats of suits for trespass and damages scared him. Then he began to withhold the rent. He felt secure in this for he supposed the blockade would hold good against the landlord and a constable as well as he. Papers in dispossess proceedings were served, however, and Massett came to court yesterday. His excuse for holding back the rent was that having no means of getting in and out to the public highway without laying himself liable to arrest, he did not feel responsible for the rent. The judge ruled that as the conditions prevailed when he took possession as now, that he must pay up or get out. Massett refuses to move, because the adjoining property owners have forbidden him to cross their ground. He says he wants to move out and is anxious that a constable move him and his effects out to the road. So far no constable has been found who is willing to execute the warrant and in the mean time, much against his own wishes, Massett holds the fort.

THE GET ONE'S FEASTED.

REWARD FOR PROCURING MEMBERS FOR THE Y. M. C. A.

Howard Leggett Presented With the Wheel He Won—Speeches by Several Who Are Interested in Association Work.

The members of the Get One Club gathered in the small hall of the Y. M. C. A. building, last evening, ate, talked and laughed together for several hours, and then listened while one of their number was presented with a wheel as a prize for securing the greatest number of new members for the association.

It was the occasion of the banquet of the Get One Club of the Y. M. C. A. The club is composed of those who have secured at least one member for the association since the first of January, 1897. The guests assembled at seven o'clock and sat down to a pleasing repast, served by the Auxiliary of the Y. M. C. A. There was plenty for all and a great variety of good things. After the dinner was over, the board cleared and speeches followed. George R. Cornwell presided as the representative of the membership committee and did the honors in his usual happy maner.

After a few introductory remarks, Mr. Cornwell announced the winner of the prize bicycle to be J. Howard Leggett. Mr. Leggett was present and responded to the award, thanking the association for the gift and announcing his determination of working for it in the future as well as during the time of the contest. Mr. Cornwell then referred to the donators of the wheel, the Plainfield Cycle and Sporting Goods Company, two of which company, H. E Rider and Charles C. Lister, were present. Mr. Rider made a few remarks in behalf of the company.

Short speeches were also made by C. E. A. Heywood, the physical director, and Frank O. Bristol, assistant-secretary of the association. In conclusion, Curtis M. Thorpe, chairman of the membership committee, made a few remarks urging the members to renewed efforts to bring in the new members. It was not their dues which were so important, he said, as the association is largely supported by the voluntary subscriptions of its friends, but the association wished to have all the young men of the city on its rolls so that they might take advantage of the many opportunities offered and be under its influence.

Meet Me at the Fountain.

The new soda water fountain of Randolph, which is the finest in the United States, will be opened tomorrow. The beverage that will be drawn from this elaborate and costly apparatus will be of the well known Randolph brand, the finest in the town.

Charles Hazeltine, of Westervelt avenue, has just purchased a Spalding wheel.

NURSERY TALES IN LIFE.

ALL THE CHILDISH FANCIES SHOWN IN A FUNNY WAY.

The Entertainment was Simple, but it Afforded Much Scope for Burlesque and the Audience was Very Much Pleased.

Mother Goose and all the members of her family spent last evening in the lecture room of Trinity Reformed church, entertaining a large audience for the benefit of the Sunday-school. The entertainment was simple, but of a novel character, and although Mother Goose is rather a familiar character in history, this view of her and her family was decidedly new. Some of the features were arranged in an up-to-date manner. Mary's lamb, for instance, ran on wheels, and had an automatic bleat that far outrivaled any natural attempt.

After every seat was filled, and the excitement had reached a sufficiently high point, the sliding doors to the lecture room were pushed back and Mother Goose, with the familiar features of Miss Nettie Kreitling, made her appearance. After introducing herself she produced "the little dog that laughed," which was remarkably small and constructed of china.

Simple Simon (Raymond Pool) then made his appearance, and tried to catch a whale from his mother's fabled pail. The "old bachelor" who was so troubled with rats that he had to buy himself a wife, appeared wheeling that useful creature, and the misfortune that befell them by the wayside was realistically shown. The couple were David Wyckoff and Miss Pauline Buckley.

"Little Boy Blue" tooted his horn most melodiously. That part was taken by John Yose "Tom, the Piper's Son" (Christopher Mobus) purloined a clay pig, lent for the occasion by George Egel, of the Fairview Market, and then fled before the raised stick of Mother Goose. At the appearance of each of these characters, Mother Goose sang the appropriate little rhyme.

Miss Bessie Martin, attired as "Mary," owner of the famous lamb, appeared with her pet in tow; and, although the lamb capsized at frequent intervals, it only added to the pleasing effect. "The little old man" (Bertram Leggett), who was unlucky enough to have a wife with a fortune while his finances were down to bed-rock, entered, driven before his spouse (Miss Bessie Randall). The strange characters, "The Man in the Moon" and the "Man from the South," were introduced, while their wonderful adventures were recited. They were Walter Emmons and Charles Jenkins. "The little old woman" (Miss Jennie Thorn) and her hen (Bertram Leggett) closed the first part.

Part second consisted of a number of short representations in which Mother Goose remained behind the scenes and sang the little ditties there. First came "Little Miss Moffett" (Lucy Coriell) and the spider on the end of a long string attached to Simple Simon's fish pole sat down beside her according to history. "Jack" and "Jill" tumbled down a trifle earlier than they expected but they went in the correct order so it was all right. They were represented by Miss Emma Line and Charles Jennings. E. E Anthony, wearing a gilt paper crown and wrapped in a fur rug, looked extremely regal. "King Cole" he was called. His pipe was thrust in his mouth by one of his trusty attendants (Bertram Leggett) while his three fiddlers (Raymond Pool, Charles Jennings and Fred Dunavan) came and prepared to amuse his royal majesty.

"Jack Horner" (John Yose) put his thumb in the centre of an immense pie, made and presented especially for the occasion by Rudolph Kersting, the baker, and pulled out the required plum. Miss Bessie Martin and Raymond Pool, as "Jack Sprat and wife," licked their plates in their efforts to get fat and lean. "Tommy Tucker" howled vainly for his supper until the doors were closed. Christopher Mobus took the part of the disconsolate youth.

"Tommy Snooks" and "Bessie Brooks" (David Wyckoff and Miss Anna Randall) proposed in short order. Miss Edith Fenner and Miss Edith Richards pictured the remedy for many evils.

After "Little BoPeep" (Miss Nettie Young) had wept over the loss of her sheep and then found them, the audience was told to be prepared for the grand finale. A short interval passed and then the doors were thrown open and when everybody rose in their seats to get a better view, they saw only the empty stage while the young people behind the scenes shouted "April Fool," and the entertainment was over.

It was arranged under the charge of Miss Mabel Wilson, Miss Emma Gillem and Miss Lillian A. Force, whose untiring efforts made it the great success it was. Those who had the affair in charge feel very grateful to the public for their liberal patronage. They also wish to thank Messrs Terril and Cole for the loan of camp-chairs etc.

WHITE AND DRAPER

Brief Sketches of the Two New Ambassadors.

BOTH WELL FITTED FOR THEIR POSTS

The Former a Distinguished Educator and the New Diplomat to Italy a Prominent Business Man—The Other Lastest Nominations.

Washington, April 2.—The following nominations sent to the senate yesterday by the president will be confirmed, probably this afternoon: Andrew D. White of New York, ambassador to Germany; Chandler Hale of Maine, secretary of the embassy at Rome; Samuel L. Gracey of Massachusetts, consul at Fuchan, China: Benjamin Butterworth of Ohio, commissioner of patents; Oliver L. Spaulding of Michigan and William B. Howell of New Jersey, to be assistant secretaries of the treasury. The president has decided to nominate Dr. W. W. Thomas of Portland, Me., for the position of minister to Sweden and Norway.

Andrew D. White.

Andrew Dickson White is a distinguished educator. He was the first president of Cornell university, a post he held for many years. He is a native of New York, having been born at Homer, in Nov. 1832. He is of New England parentage and also a graduate of Yale university. He was president of the republican state convention of New York in October, 1861, and was United States minister to Germany from 1879 till 1881, and later to Prussia. Mr. White was also one of the United States commissioners to Santo Domingo, and aided in preparing the report of that commission. His most recent public work has been as a member of the Venezuelan arbitration commission appointed by President Cleveland.

William F. Draper.

William Franklin Draper was born in Lowell, Middlesex county, Mass., and was educated in the public schools. After working a few years in a cotton mill he enlisted as a private in the war and was continuously promoted, for various services, to the rank of brevet brigadier-general, which he held in the army of the Potomac. Returning from the front he joined with his father in business, and has since occupied a prominent position as a manufacturer, being the president or director of a great number of railroad and manufacturing companies. He was a delegate to the republican convention which nominated President Hayes, and presidential elector-at-large on the republican ticket in 1888. He is a member of many prominent clubs and of the Loyal Legion.

Benjamin Butterworth.

Benjamin Butterworth was first appointed to the commissionership of patents in 1883. Previous to that he had served as the United States district attorney in Cincinnati and as member of the state senate of Ohio in 1873-74. He was elected to congress in 1878 and 1880, and was the author of the compulsory army retirement act. In 1881 President Arthur appointed him a commissioner to examine a part of the Northern Pacific railroad, and he was engaged by the government as counsel to prosecute the South Carolina election cases in the same year. Chandler Hale, who is nominated for secretary of the embassy at Rome, is a son of Senator Hale of Maine. He is only 23 years of age and has just graduated from college.

Day Will Go To Cuba.

Washington, April 2.—It is stated this morning that judge W. R. Day of Canton will positively leave for Cuba within a short time. He will come here about the middle or last of next week and will remain here about ten days investigating the papers in the state department relating to the death of Dr. Ruiz. He will thoroughly look into this, and, after consulting with the president, will leave for Havana. His duties will be strictly legal, and will not partake of the nature of diplomatic work.

PLACE FOR GRANT.

President Offers Him the Assistant Secretaryship of War.

Washington, April 2.—Col. Fred Grant had a long talk with the president and Secretary Alger yesterday, and the assistant secretaryship of war was offered to him. Gen. Alger urged Col. Grant to accept. The colonel agreed to take the offer under advisement. Gen. Alger believes that the offer will be declined. Col. Grant does not seem inclined to accept it. Col. Grant refused to talk of the matter, except to say that his family did not want to come to Washington. The meagreness of the salary $4,500, may have some effect upon Col. Grant's decision.

Col. Grant Will Probably Accept.

New York, April 2.—Friends of Col. Grant, who was yesterday offered the assistant secretaryship of war, in this city said this morning that they thought he would accept. If he does the deadlock in the police board will be broken.

The Difference

"I see no difference between H-O and any other oatmeal!" We know it. The difference is not to be seen. You *taste*, and *smell*, and *feel the difference*, though!

H-O

is different from all others, in that it is more sweet, smooth, delicate, digestible. Its preparation begins where the others leave off. It is twice cooked, once by steam, once by super-heated air. Thus half the work of digestion is done, and the system is never over-taxed or over-heated.

Be sure to get the package with the big H-O on the end.

H.O.Co.'s Goods

His Facetiousness Rewarded.

Finding a purse containing 33 cents on the sidewalk in front of a Calais, Me., store, a woman picked it up and took it to the storekeeper. He hung it in a window above a sign reading: "Found—This purse, containing a large sum of money." When he came down the next morning the purse was gone and there was a big hole in his plate glass window.—New York Sun.

An Island of Chalk.

The English island of Thanet is almost wholly composed of chalk. The island is ten miles in length and about five in breadth, and has more chalk exposed on its surface than any other spot of equal area on the globe. British geologists say that there are not less than 42,000,000,000 tons of chalk in sight on Thanet, and that it would take 10,000 men and 5,000 horses and carts 20,000 years to move it, providing it were dug up ready to be carted away.—St. Louis Republic.

WOULD AVENGE HIM

If Rivera Is Shot Spanish Captives May Expect No Mercy.

MACHETES WOULD AWAIT THEM ALL

Somer's Present Magnanimous Policy Would Certainly Come to an End, and Cubans in Arms Could Not Be Restrained.

New York, April 2.—One of the Cuban junta officers, speaking on the subject to-day, said that it was possible that Weyler would order Gen. Rivera to be killed, but he thought that Spain, fearful of the effect it would have on the civilized world, might not sanction it. "If they did," he added, "Spain would be shaken to her very foundation." The opinion obtains among Cubans of this city that if Rivera is shot Maximo Gomez, or "the old man," as they love to call him, will order every Spanish prisoner now in custody and hereafter captured put to the machete. It would be very difficult, they said, for the Cubans in arms to contain themselves under such circumstances, and Gomez's present magnanimous policy toward prisoners of war would certainly come to an end.

FIRED ON THE BERMUDA.

A British Warship's Captain Believes the Famous Filibuster Escaped Him.

New York, April 2.—A special dispatch from Nassau, N. P., says: "The British cruiser Partridge, Capt. Van Ingen commanding, reports that on Sunday last she fired on a suspicious vessel that resembled the old filibuster Bermuda. The Partridge started on a cruise on March 25, and early on Sunday she sighted the steamship, which she at first thought was a West Indian fruiter. The vessel refused to show her colors and the Partridge started in pursuit. The cruiser being the slower vessel, the suspicious steamship escaped. The Partridge returned to Watling's island to look after a schooner that was with the steamship, but she too had escaped. It is supposed that the vessels were part of a filibustering expedition that started from Nassau for Cuba. The Partridge will leave at once for another search after them."

THE CRETAN SITUATION.

Foreign Admirals Now Apply for Cavalry for the Island.

London, April 2.—It is credibly stated here that that the admirals commanding the fleets on duty at Canea and other Cretan ports have applied to their respective governments to each send fifty cavalry and a half battery of artilery, which, they declare, are to be used for garrison purposes. It is stated that the admirals have announced that these forces will be used solely to defend the various forts.

Greek Vessels Captured.

Athens, April 2.—Some of the British warships employed in blockade duty in the waters of Crete have captured three small Greek sailing vessels. Much indignation is expressed hereover the affair as it is pretty clearly established that at the time the vessels were captured they were outside the limits of the blockade.

All Against the Christians.

Canea, April 2.—The admirals commanding the foreign fleets in Cretan waters have refused to allow the Christians at Akrotiri to sell sheep or produce in Canea, which is but a short distance from Akrotiri, unless they surrender ther arms.

Heavy Weather Encountered at Sea.

London, April 2.—The British bark Clydesdale, just arrived at Limerick, reports that in mid-ocean she encountered a hurricane, during which her bulwarks were broken and started, sails blown away, and the vessel thrown on her beam ends. Her cargo shifted and he decks were swept by the sea.

Confirmed by the Senate.

Washington, April 2.—The senate has confirmed the nomination of William S. Shallenberger of Pennsylvania, to be second assistant postmaster general; Charlemagne Tower of Pennsylvania, to be minister to Austria-Hungary, and Alexander B. Thackary of Pennsylvania to be consul at Havre, France.

Jersey City Mayoralty Case.

Trenton, April 2.—The supreme court has granted the peremptory writ of mandamus sued for by Edward Hoos, democratic candidate for mayor of Jersey City, to compel City Clerk O'Donnell to prepare for the municipal election on April 13. The case will be appealed.

Kentucky Senatorship

Frankfort, Ky., April 2.—Dr. Hunter this morning told several of his leaders that he would not withdraw from the race for senator. His supporters say that the opposition cannot secure enough signatures to call a new republican caucus.

Thrown Out of Work by Fire.

Natick, Mass., April 2.—Fifty persons are thrown out of work by the burning of the factory of the Brennan Shoe Manufacturing company, yesterday. The entire stock was destroyed, entailing a loss of about $5,000.

Diamond Robber Arrested.

St. Louis, April 2.—Acting upon telegraphic notification from the chief of police of Albany, N. Y., city detectives last night arrested Wm. Luxey at the Van Studdiford hotel. Luxey is wanted for a diamond robbery in Albany.

Rheumatism Cured in 24 Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of 'Mystic Cure.' It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the 'Mystic Cure' is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the 'Mystic Cure' to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by T. S. Armstrong, druggist, corner Park and North avenues, Plainfield.

Miss Mabelle Darling, of Prospect avenue, is entertaining friends from out of town.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at L. W. Randolph's drug store. Regular size 50 cents and $1.00.

Bert Runyon and Bert Rockwell, of East Front street, who are students at a military academy in New York State, are spending their Easter vacation at their homes in this city.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at L. W. Randolph's Drug Store.

—Miss Elizabeth U. Yates conducted a Bible reading at the W. C. T. U. rooms yesterday afternoon. The attendance was unusually large and there was much interest.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

Rev. Mr. Eyme, of Philadelphia, the new pastor of the St. Peter's German Lutheran church, of the borough, is expected to arrive in Plainfield this week. He will preach for the first on Sunday.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

CANAL TRANSPORTATION.

Assembly Committee Will Probably Report Adversely the Parshall Bill.

Albany, April 2.—A good deal of interest is manifested in the Parshall bill which permits transportation companies with large capitalization to navigate the canals of the state. This bill has been in the canal committee for a long time where it has had exhaustive hearings on several occasions. It was contemplated should the bill become a law to organize a large navigation company with Erastus Wiman at its head and construct and put on the canal at once a fleet of steel vessels. It was argued that the business of transporting western products to the seaboard had reached that proportion that the canals could not compete with the railroads without the organization of a company with a large capitalization. Many individual boatmen opposed the bill, but there were others who argued that it would benefit men employed on the boats. Mr. Bondy of Onondaga is chairman of the assembly canal committee. He says he favors the bill, but a majority of the committee seems to be opposed to it.

GOVERNMENT RECEIPTS.

$9,004,664 in Excess of the Expenditures for the Month of March.

Washington, April 2.—The receipts of the government for the month of March were $9,004,664 in excess of the expenditures for the same period. This increase is attributable to the large importations and the rush of importers to take goods out of bond by the payment of duties before the Dingley bill went into effect. For the month the the total receipts were $36,217,662 and the total expenditure $27,212,998. Since July 1, 1896, the beginning of the current fiscal year, the deficiency in revenues has amounted to $38,905,281. For March, 1896, the expenditures exceeded the receipts by more than a million dollars. Customs duties for the month just ended were $9,489,640 in excess of what they were for the corresponding period of last year.

THE MARETT FUND.

Connecticut, Having Given Up Its Fight, the Money Will Be Distributed.

New Haven, Conn., April 2.—The state having given up its contest for the Marett fund, the money, amounting to over $89,000, will be distributed in a few days by commissioner Henry T. Blake of this city. By the final terms the fund will be distributed as follows: Yale, $20,000; Connecticut, state hospital in New Haven, $20,000; New Haven city poor, $20,000; New Haven orphan asylum, $10,000. St. Francis orphan asylum, New Haven, $10,000, and New Haven city library about $10,000.

The Ville de St. Nazaire Disaster.

Paris, April 2.—The Figaro, in an article conveying strong expression of opinion in regard to culpability for the loss of the French line steamer Ville de St. Nazaire, demands that inquiry be made with the object of ascertaining the name of the captain and the character of the cargo, as well as the name of the vessel which, according to the statement of the mate of the Ville de St. Nazaire, stopped near the latter ship when she was in distress, but did not attempt to render any assistance.

Dauntless Must Furnish Bonds.

Washington, April 2.—The owner of the steamer Dauntless, now at Jacksonville, Fla., has made another application to the treasury department for permission to clear from that port. A telegraphic answer has been sent that the permission cannot be given until the Dauntless furnishes bonds of $15,000, as required by the United States court that the vessel will not engage in filibustering operations.

Prince Bismarck's Birthday.

Friedrichsruhe, April 2.—Prince Bismarck received a large number of congratulatory messages yesterday, the occasion being the 82 anniversary of his birthday, which the ex-chancellor spent quietly with his family. Among the messages of congratulation was a telegram from Emperor William, couched in most cordial terms.

Assistant surgeon General.

Albany, April 2.—Adjt.-Gen. Tillinghast has commissioned as assistant surgeon general Nelson H. Henry of New York, who served in a like capacity for several years under former Surgeon General Bryant, and as assistant general inspector of rifle practice, Frank J. Hess of Rochester.

Claims Against New York State.

Albany, April 2.—Laura V. Hatch of Fort Miller, Washington county, has filed a claim against the state for $400 for land appropriated for the purposes of the Champlain canal, and Ludwig Guck of Pittsford, Monroe county, one for $270 for damages to land from canal overflow.

Two Brothers Killed in a Colliery.

Wilkesbarre, Pa., April 2.—Michael Purick was instantly killed and his brother, William, fatally injured yesterday afternoon in the Avoca colliery. They had been engaged in tamping a hole in a body of coal when the charge of powder exploded. Both men were horribly mutilated.

Cadet Appointments.

Washington, April 2.—Cadet appointments to the Military academy at West Point are announced as follows: Henry C. Jewett, Buffalo, N. Y.; Harvey B. Inman, Dayton, N. Y.; Emil Beyer, Brooklyn, N. Y.; John E. Booth, Altoona, Pa.; John C. Doyle, Philadelphia.

Gov. Cook's Nominations Confirmed.

Hartford, April 2.—In the executive session the senate confirmed the governor's nominations of Charles Noble of New Milford as bank commissioner and Washington F. Wilcox of Chester as railroad commissioner.

CUBA IN THE SENATE

Cretan and Silver Subjects Also Contribute to a Lively Session.

GENERAL RIVERA'S CASE DISCUSSED

Senator Allen Wants This Government To Protest Against His Summary Execution---Morgan Says Indian Famine Is Not the Greatest Hardship.

Washington, April 2.—The proceedings in the senate during the hour of its open session yesterday were of a rather interesting character. In the first place a joint resolution was introduced and passed authorizing the secretary of the navy to place a vessel of war and a chartered merchant vessel at the disposal of the collector of the port of New York for transporting contributions of wheat, flour and corn to relieve the famishing poor of India. In the brief discussion to which the measure gave rise, Mr. Stewart, pop., Nev., expressed the idea that the periodical famines in India were trifles compared to the evils caused by the legislation which had destroyed the value of silver; and Mr. Morgan, dem., Ala., intimated that he would within a few days introduce similar measures for the purpose of taking supplies to the island of Cuba and to Crete so as to feed the poor miserable Americans penned up in the villages and towns of Cuba, and the Cretans whom Great Britain and the other powers were endeavoring by starvation to force into submission to tyrannical outrage. This episode was followed by the offering of a resolution by Mr. Allen, pop., Neb., on the subject of the reported purpose of the Spanish government to try by drumhead court-martial and to shoot to death the Cuban general, Rivera, recently wounded in battle and captured. The resolution declares it to be the duty of the United States government to protest to the Spanish government such a violation of the rules of civilized warfare. The resolution went over till to-day under an objection by Mr. Hoar, rep., Mass., with the sarcastic remark that he did not understand that the power of life and death over persons on either side of the contest in Cuba had been committed to the United States senate. Mr. Hoar added that if the two houses of congress had not prodded and goaded Spain by such absolutely futile and ineffective resolutions, it would have been much better for the cause of Cuba, and that such intemperate utterances had been infinitely mischievous. There were three other Cuban transactions in the senate before that body went into executive session. These were the resolution offered last Tuesday by Mr. Morgan as to the letters of Maximo Gomez to President Cleveland and President McKinley, the resolution offered Wednesday by Mr. Mills, dem., Tex., as to the obligations assumed by the United States toward the people of Cuba in asserting and maintaining the right to prevent the acquisition of the island by any European power; and a joint resolution introduced by Mr. Morgan extending belligerent rights to both the Spanish and the Cuban governments in the ports and territory of the United States. The two first were agreed to; and the last went over till Monday. The senate was in executive session from 1 p. m. till 5:15, when it adjourned till Monday.

THE APPROPRIATIONS BILLS.

Sundry Civil, Indian and Agricultural To Be Reported to the Senate Next Week.

Washington, April 2.—Senate committee on appropriations has decided to report the sundry civil, Indian and agricultural appropriation bills, which were passed by the house week before last to the senate next Tuesday. This action is taken as an indication that the measures will not be materially changed from the form in which they passed the house. The general deficiency bill will be held until later in the session, so as to provide for all possible contingencies that may arise in the service before the close of the fiscal year, June 30.

New Members of the French Academy.

Paris, April 2.—M. Albert Auguste Gabriel Hanotaux, French minister of foreign affairs, and Count Albert De Mun, the celebrated French politician and philosopher and member of the chamber of deputies for the arondissement of Morlaix, in the department of Finisiere, have been elected members of the French academy.

The Button Gang Must Hang.

Washington, April 2.—It is announced that after going carefully over the evidence, petitions, etc., in the case of the Button gang of murderers at Santa Fe, with the attorney general, the president has decided not to interfere further and the four men will be hanged this afternoon at Santa Fe.

Schooner Hastings in Port.

Port Jefferson, N. Y., April 2.—The schooner Sallie J. Hastings, Captain Dougherty, which sailed from Newton creek, Long Island, on March 24 for Orient, and which it was feared had foundered in a gale that set in the day after her departure from Newton creek, has arrived here.

The Liquor Traffic and Crime.

Hartford, April 2.—The committee on temperance has reported favorably a bill requiring the bureau of labor statistics to investigate the subject of the liquor traffic in its relation to crime, pauperism and insanity, and to report to the next general assembly.

For the Starving Poor of India.

Washington, April 2.—The senate has passed a joint resolution authorizing the secretary of the navy to transport contributions for the relief of the starving poor of India.

"GOOD OLD DAYS."

Though the New York Tribune is rankly Republican, it publishes the following scathing arraignment of the State Assembly in its last hours:

The scene on the floor of the Assembly was one that reminded the spectators of the "good old days" when bribery ran riot and boss rule was at its height in Trenton. Lobbyists—notorious ones at that—moved in and around the floor and ordered the representatives of the people to vote against the Voorhees amendments, and the representatives obeyed their orders. Many of them were opposed to the Voorhees plan in the first place, but others who had openly declared their intention of voting for it, changed their minds when the crucial test came.

NEW STATE OFFICERS.

The term of Secretary of State Chelsey expired yesterday, and his successor, George Wurts, was sworn into office by Justice VanSickel, of the Supreme Court. Mr. Wurts appointed the present Assistant Secretary, Alexander Rickey, as his own assistant, and Mr. Rickey was also sworn in. The oath of office was also administered to William Bettle, who succeeds Mr. Wurts as Bank and Insurance Commissioner.

MONEY AND BOY STILL MISSING.

No Trace of the Baker's Boy Who Left With His Companion's Earnings.

Theodore, the cake baker at Kersting's bakery, of West Front street, returned yesterday afternoon from his trip in search of the young German lad who walked away with his money the day before. It has since been learned thae the boy's name is Paul Smith. Theodore went to New York where the boy was secured, and saw those in charge of the place. They assured him that if it was at all possible they would capture the young thief. A postal card was received this morning from New York which stated that three detectives are now in search of the missing lad, and that there seems to be good prospects of catching him.

The loser of the money is highly indignant over the affair, and says that if he can catch the miscreant he will punish him to the full extent of the law. He says that he cannot afford to lose the money which was taken.

Wagons Collided.

Just as the Gazelle hose carriage was about to turn into its house on West Second street, returning from the fire of this morning, an accident occurred but not to the fire apparatus. Dr. Endicott's buggy drawn by his grey team was following the hose-cart and as the latter turned on, Dr. Endicott attempted to turn around in the road. He did not notice the builder's wagon of Charles Wilson that was close by and in consequence one of the grey horses sprang almost on to the wagon while the pole to the buggy wrecked the top of the builder's wagon. Mr. Wilson was setting in the middle of the seat and the pole narrowly missed his head.

More Temperance Pledges.

The large audience that attended the meeting at Reform Hall last evening had the pleasure of listening to Mrs. Langworthy, a talented temperance woman from New York city. Her talk was full of interest and she held the closest attention of all present while she related many exciting stories. During the evening a string orchestra, under the direction of Prof. Guttmann, rendered music. At the close of the meeting several additional signers to the pledge were secured.

Singers Please Report.

All who will sing at the union young people's services next week are requested to meet for rehearsal in the lecture room of the Trinity Reformed church this and tomorrow evenings at 8:30 o'clock. Those who cannot come at that hour are requested to come at 9 o'clock.

A Visiting Minister.

Rev. Dr. Harris, of Scarborough on-the-Hudson, preached in Grace P. E church last evening. Dr. Harris is Secretary of the New York State Convention of the Standing Committee of the Diocese of New Xork. While in this city he was the guest of Mr. and Mrs. S. A. Cruikshank, of Belvidere avenue.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

A Fractious Horse.

An exciting scene was witnessed in front of J. P. Laire's hardware store on Front street yesterday afternoon when the horse belonging to Vanderhoff & DeHart, the Central avenue butchers, became frightened at a trolley car. The animal was being driven by Mr. Vanderhoff, and when he saw the car he began to plunge and attempted to get away. The wagon was upset and thoroughly wrecked. In the heat of the excitement Jedediah Smalley, the Park avenue butcher, happened to be near and he rendered valuable assistance in subduing the horse. After the car had passed Mr. Vanderhoff and his assisting succeeded in getting the horse and wagon straightened out and removed to a place of safety.

—Summons were issued in the contract cases of Baker against Frey and Baker against Luckey, yesterday, by Justice Nash, returnable on April 8th.

—Justice Mosher's office on North avenue is being repapered and finely decorated. When completed it will be one of the best offices in this city.

—VanArsdale's $2 and $3 shoes for men and woman have got the style and fit of a higher price shoe, and one of the strongest lines on the market today.

—Whatever your wants may be in Peck's line of goods you will find his prices are right. Don't forget that the goodness of goods is more important than the poorness of price.

—The regular monthly business meeting of the Epworth League of Grace M. E. Church will be held this evening at the residence of Mr. Andrew Wilson, Mountain avenue.

—Alex. Lusardi, of 211 West Front street, has just received a shipment of fine California pears, Malaga grapes and Navil oranges, which he is selling at bed rock prices. Give him a call.

—The Midmer Glee Club is planning to give a concert in Y. M. C. A. hall about the first of May. They will have Carl Duft the well-known oratorio soloist of New York, to assist them.

—There is nothing slow about Schlief, the Park avenue baker. He keeps a choice assortment of delicious cakes and home-made bread and treats his customers in an up-to-date manner.

—The yellow card has been ordered by the Board of Health on the residence of George P. Dupee, of Rockview avenue, for a case of scarletina, their youngest son, George, being ill with that complaint.

—"Foot Millinery" is the latest. See Doane & Edsall's new ad in another column. It's a typical up to date ad, and advertises up-to-date foot millinery for up-to-date people. It is spicy reading only a half a minute long.

—The Somerset County Board of Agriculture will hold its quarterly meeting in the Court House, April 10. George A. Mitchell, of Vineland, will deliver an address on "Nitrogen, Phosphoric Acid and Potash: Their Use and Misuse."

—John R. Mott, Secretary of the World's Students' Federation, will address the men's rally at the Y. M. C. A. on Sunday at 4:15 p. m. Mr. Mott has recently returned from an eighteen months' tour, having visited the colleges of the world.

—George L. Teets, a farmer living between New Germantown and Mountainville, Hunterdon county, started on Monday to repair some fence along a strip of woods. He has not been seen since, though his axe was found near where he had been at work.

—James R. Blair, hatter of 125 Park avenue, is the sole agent for Plainfield of "The Imperial Hats" and has just received an invoice of the latest spring styles, all up-to date, are well fitting, and sure to give satisfaction. See his advertisement in another column.

—There has been a change in the practical workings of the County Hotel. I. D. Ten Eyck, the well-known steward of the Grenada Hotel, of Plainfield, has assumed charge of the culinary department. Already County Physician H. G. Wagoner and W. V. Miller and family, of Plainfield, have registered as permanent guests. —Somerville Messenger.

The Sensible Shoe Dealer.

Morris Van Arsdale, the new shoe dealer of East Front street, opened his place of business yesterday. This store is one of the most attractive in the city and is well stocked with every thing in footwear. Mr. Van Arsdale proposes to suit his patrons, if such a thing is possible. A glance at his handsome show window will convince anyone that he has a fine line of goods but this does not signify that he keeps his stock in the window. His shelves are loaded with all kinds and styles of the latest and best makes of shoes. Mr. Van Arsdale is assisted in his store by Thomas U. Smith and John V. Berkaw, well-known shoe salesmen.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

"Joe" Maier drove over to New Brunswick, yesterday, on business.

The chemical engine has been "all shined up," and it looks real pretty now.

Baker Jacob Font, who has been employed by Paul Reusch, removed to East New York, yesterday

Walter Vliet and family are now domiciled in the house on Front street, just vacated by William Wilhelm.

Mrs. Crockett and children, of New York, who have been visiting Mrs. Earl, left yesterday for Philadelphia.

Andrew Powell met with a heavy loss yesterday. He bought a horse in New York Wednesday for $100 and drove it out as far as Westfield, where the animal was taken suddenly ill and died.

Rev. Mr. Fletcher, pastor of the Baptist Church at New Market, is about to purchase a bike. The Rev. gentleman has seen many springs, but he has yet to see a fall—from a bicycle.

Rev. L. E. Livermore, of Plainfield, will occupy the pulpit in the M. E. church, on Sunday morning and Rev. Mr. Peterson, of New Market, will conduct services in that edifice in the evening.

The mountains back of Dunellen never looked prettier than they did with the forest fires burning last evening. The fire, it is said, was first started on the Washington Valley side of the mountains and eating its way over the peak is devastating many acres of woodland. Fortunately, however, there have been no buildings in the direct course of the fire, but hundreds of feet of fences have been destroyed.

SCOTCH PLAINS.

Mr. and Mrs. W. H. Turton spent yesterday in New York City.

Miss Emma Clark spent yesterday *with Plainfield* friends, returning home in the evening.

The base ball season will formally open here on Saturday, when the stars of this place will play the Excelsior team of Westfield.

Many people from out-of-town were here on wheels and in carriages, yesterday, looking at the remains of the recent explosion and fire.

The public school entertainment in Firemen's Hall, last evening, made it necessary to again store the fire apparatus in the street for a day and night.

Beautiful and fragrant wild flowers are now being gathered on the mountain near here. Daises, violets and butter-cups are to be found in great variety.

Miss Adams, one of the valued teachers in the public school, has learned to master the bicycle, and she now rides a handsome new wheel with neatness and dispatch.

One of the oldest residents of the place says: 'Just as sure as preaching, if those young bicycle experts from around here don't stop coasting down the mountain road, some one sooner or later be injured."

Of all the funny and silly packages imaginable, some were received through the mail yesterday. People were loath to accept some of them at first, but when it became generally known that it was the first of April, they picked up their packages and went home via side streets.

The Scotch Plains post office is to move back into its former quarters in the James A. Baker building A permit and an order from Washington was received yesterday to that effect. The removal will take place on Saturday, at the close of the day's business. The office where it now is, is in cosy quarters, but the owners of the building, the Baptist church, only agreed to let it until April 1st, because extensive repairs are to be made to the building and it will undergo a thorough overhauling.

WASHINGTONVILLE.

George Bullman is moving to Plainfield.

Mr. Tucker is moving from the William Spencer farm to Plainfield.

William Demler gave a party to forty of his frienes the first part of the week. Sam Frazee, of Plainfield, furnished music for the dancing.

FANWOOD.

The statement that the Fanwood Club house has been purchased by colored people, is an error.

—The regular meeting of the Plainfield Camera Club will be held on Monday evening in the rooms in the Babcock building.

WESTFIELD

VARIOUS BITS OF NEWS.

WESTFIELD HAPPENINGS SERVED UP TERSELY FOR THE PRESS.

Many People Go and Come in the Pretty Suburban Town—Items Interesting Because of Their Brevity.

The town committee will meet in its new quarters this evening.

Mr. Walter Buyers, of Brooklyn, was visting friends here yesterday.

The Woman's Club meets in the rooms of the Social Club next Monday afternoon.

There will be a parlor entertainment at the residence of Mrs. D. Williams, this evening.

The Social Club received another dancing lesson last evening of Miss Georgie Bogert.

The quarantine against the diptheretic castle has been raised and the scarlet fever patients are reported as doing nicely.

There was a meeting yesterday forenoon at the residence of Mrs. Welles of those interested in the Children's Country Home.

A gentleman by the name of Crane has taken a store in the Perry block and will open a house furnishing and furniture store.

Mr. Harold Francis left yesterday for Perth Amboy where he has accepted the position of foreman of the Perth Amboy Republican.

The Woman's Home and Foreign Missionary Society of the Presbyterian church held its regular monthly meeting in the chapel yesterday afternoon.

The Rev. Dr. Otis Glazebrook, rector of St. John's Episcopal Church, Elizabeth, will preach this evening in St. Paul's P. E. church, Broad and Prospect streets.

The Hercules Seamless Drawn Tube Company, of Garwood, resumed operations again yesterday. The C. & C. electric plant and the Hall Singal Company are still working on short time.

The fire department was called out early last evening to help extinguish the burning woods, over along the Lehigh Valley Railroad, back of Garwood and extending into Clark township. The department could do nothing and soon returned. The woods have been burning all the week.

The good people of Westfield—and and that means all—have almost forgotten their wrath over the sewer assessments, and the common salutation now, is not, "How much is your assessment?" but "Where can I get a hen that wants to set?" or, "How many young chicks have you got?"

Numerous complaints are made to the Central Railroad agent here, relative to one William Morrow, an imbecile, who frequents the depots. He is a powerful young fellow, and apparently harmless; yet women, and especially strangers, are averse to his attentions. Several times he has been almost run down by the trains, and on different occasions, when cautioned by the trainmen, he has showed fight. The station agent has requested his parents to keep him away, but they are evidently powerless to do so. His case is a sad one and to be pitied.

Miss Gertrude MacGowan, a talented young woman of Tottonville, S. I, gave a delightful entertainment last evening in the lecture room of the Methodist church. "An evening with Whittier" it was called and Miss MacGowan's rendition of selections from this household favorite were roundly applauded and showed that the Quaker Poet is not yet forgotten, or unappreciated. Miss MacGowan is a delightful entertainer and a master of her art. The entertainment was given under the auspices of the literary department of Mizpah Chapter of the Epworth League. The admission was free, but a collection was taken. The offering was satisfactorily large.

THEATRICAL.

It is said that for wholesome amusement The Gormans and their excellent company can not be excelled in that musical farce comedy, "The Gilhoolys Abroad," which is brimfull of oddities, good songs, pretty dances and absurd situations. The play is said to have been rebuilt to give scope for hits upon the popular fads and fallacies of the day. Three brothers, James, John and George Gorman, will for the first time in a number of years, be seen together and in interpretation of roles in which they are inimitable. "The Gilhoolys Abroad" will be the entertainment offered at Music Hall tonight.

Denman Thompson's "Old Homestead" returns to Music Hall next Tuesday night, in a cloak of new scenery, surrounded by all its realistic environments, some of which are possibly unexcelled in the sphere of artistic stage setting. The illustrating of the play will be looked after by a well-balanced company of people, identically the same as at the last visit with Archie Boyd as "Joshua Whitcomb," the leading character. A new arrangement of old-fashioned songs, adapted to the play, will be rendered by the "Old Homestead" quartette, headed by R. J. Jose."

Good Music a Feature.

Good music will be an especial feature of the Christian Endeavor evangelistic meetings to be held next week. Besides the singing by the chorus to be led by Horace J. Martin, there will be solos by Charles L. Lewis, Elmer E. Runyon, Wm. N. Runyon and L. H. Biglow, Jr. Mr. Moody's new hymn-book, Sacred Songs No. 1, containing many bright, new songs, will be used.

Plainfield's Busiest Store.
We sell goods cheaper than any Plainfield store.

THERE IS ALWAYS
Something interesting to be seen here. It's the way of the store. Always something new, or something extra cheap. You value a store for what it sells and how it sells, for the service it gives you, and we try to

GIVE THE BEST.

DRESS GOODS.
The stock is at its best, many of the new lots deserve special mention, only space to tell of two or three of them, but here you will find values in this dress goods stock of ours that will keep the yard measure polished. 33-inch Checks in all shades, 39c; 38-inch changeable effects, 33c; 50 different styles of plain and fancy goods, every one a winner, 49c; 36-inch wool mixtures, 18c; 36-inch fancy plaids, 18c; 54-inch bicycle suiting, 49c.

MATTINGS, RUGS AND CARPET
No better time than right now when the stock is at its best to make your selection, whether it's a new matting, a carpet or a rug, we will gladly give you an estimate, take measurements for you, give you the full benefit of all we know about the goods. All this costs you nothing. THE SUNDAY LESSON.

INTERNATIONAL SERIES, WITH COMMENTARY BY DR. STEARNS.

Golden Text: "Jesus Christ Maketh Thee Whole." Acts ix, 34. April 4, 1897.

32. "And it came to pass as Peter passed throughout all quarters, he came down also to the saints which dwelt at Lydda." The last we heard of Peter he was with John preaching the word of the Lord as they returned from Samaria to Jerusalem, having witnessed the great work of the Lord through Philip in Samaria (chapter viii, 25). In Jerusalem the number of disciples multiplied greatly, and a great company of priests believed (chapter vi, 7). In all the land the churches had rest, and were being built up, and were multiplying, walking in the fear of the Lord and in the comfort of the Holy Ghost (chapter ix, 31). Peter seems to be itinerating a little and helping the saints here and there. Notice this name "saints." We are not called to be saints, but we are called saints (Rom. i, 7, omitting the italics; also I Cor. i, 2) by virtue of our oneness with Christ. Every believer is a saint.

33. "And there he found a certain man named Eneas, which had kept his bed eight years and was sick of the palsy." We would infer that Eneas was one of the saints to whom Peter came, and finding him in his helpless condition he had compassion upon him. Possibly Eneas and others had been praying that the Lord would send some one that way through whom health might come, remembering Math. xviii, 19. How very suggestive of the utter helplessness of the sinner is the condition of this paralytic who had been eight years in bed.

34. "And Peter said unto him, Eneas, Jesus Christ maketh thee whole. Arise and make thy bed. And he arose immediately." Peter was greatly used of the Lord in the healing of the body as well as of the soul. See chapters iii, 6, 7; v, 15, 16. It would seem that some were healed even by the shadow of Peter falling upon them.

35. "And all that dwelt at Lydda and Saron saw Him and turned to the Lord." God saw that this showing forth of His power through Peter would be the means of many turning to Him. He does not heal all who are sick. He knows whether it is best for us to abide here or be with Him at home, and whether, abiding here, it is best for us to be sick or well. The great thing is to glorify God that people may turn to Him (Phil. i, 20; John xvii, 4).

36. "Now, there was at Joppa a certain disciple named Tabitha, which by interpretation is called Dorcas. This woman was full of good works and alms deeds which she did." She was a Christian indeed, one of the kind that is missed when she goes away. All who truly receive Christ are saved (John i, 12). Disciples are those who live upon His word and follow Him fully at any cost (Luke xiv, 26, 27). Those who are both of these and also full of good works and kindness to the poor must come specially near to the heart of Christ, for He, being full of the Spirit, went about doing good and healing the oppressed.

37. "And it came to pass in those days that she was sick and died, whom, when they had washed, they laid her in an upper chamber." Her workdays over, she is absent from the body and present with the Lord; she has departed to be with Christ, which is far better (Phil. i, 21, 23; II Cor. v, 8); she has truly experienced a great gain. We are not told if her sickness was long nor if she suffered much, but she has gone from them, and all they have of her is the body in which she lived and wrought among them. No, they have also her good works and blessed memories of her.

38. "They sent unto him two men, desiring him that he would not delay to come to them." Lydda was not far from Joppa, and the disciples, hearing that Peter was there, sent thus urgently for him, for they longed to have Dorcas with them once more. This is the natural longing of the heart to keep our loved ones with us even though we know that their departure is their gain.

39. "All the widows stood by him weeping and showing the coats and garments which Dorcas made while she was with them." Fondly remembered by what she had done, they make us think of the words: "Blessed are the dead which die in the Lord from henceforth. Yea, saith the Spirit, that they may rest from their labors, and their works do follow them" (Rev. xiv, 13).

40. "She opened her eyes, and when she saw Peter she sat up." Many miracles of healing had been wrought through Peter, but this is his first case of resurrection from the dead. Alone with the dead body, he poured out his soul to God, doubtless pleading the promises of God, the commission in Math. x, 8, the assurance of John xiv, 12, and withal asking in complete submission to the will of God (John xiv, 13, 14; I John, v, 14, 15). He must have received some assurance that his request was granted, for he turned to the body and said, "Tabitha, arise." And she sat up, looking upon him.

41. "And he gave her his hand and lifted her up, and when he had called the saints and widows presented her alive." There are three resurrections of the dead in the Old Testament, three in the life of Christ, and this is the first of three after His ascension (Acts xiv, 19,20; xx, 12). We have no record of any utterances of those who had been dead and had been brought back to this world. Paul says it was not possible for him to utter what he heard in paradise (II Cor. xii, 4), doubtless when he was stoned to death at Lystra.

42. "And it was known throughout all Joppa, and many believed in the Lord." The resurrection of Lazarus led to many believing on Jesus (John xii, 11), and here is another case in which the Lord saw that a resurrection would be the means of leading many to Him. It does not seem as if Dorcas would have been sent from paradise back to earth without her consent. She may have been informed of the results that would follow, and for the sake of winning these souls to Christ and for Christ's sake she doubtless came back cheerfully.

AN ORDINANCE

concerning the carrying of ashes and house refuse through the public streets

The Inhabitants of the City of Plainfield, by their Common Council do enact as follows:

Section 1. That every vehicle used to convey or transport ashes or house refuse in any of the streets of said City, shall be furnished with a good and substantial tight box thereon, so that in traversing the streets of said City, no portion of such material may be in any way scattered, thrown or allowed to fall on any of said streets; and all such vehicles when used in carting ashes or house refuse shall have the box thereof provided with a good and sufficient cover of cloth or boards closely fitted, so as to entirely prevent the escape or flying about of any of the contents therefrom; and every person using any vehicle for any such purpose without it being so fitted shall be deemed guilty of violation of this section, and upon conviction shall be subject to a fine not exceeding five dollars for each and every offense.

Adopted by the Common Council March 1 1897; approved by the Mayor March 9, 1897.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the letter the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drives will receive your work.

ALMOST WIPED OUT BY FIRE.

30 Business Houses and a Dozen Dwellings Burned at Cambridge Springs, Pa.

Erie, Pa., April 2.—Thirty business houses and a dozen dwellings were destroyed by fire at Cambridge Springs yesterday afternoon, causing the loss of one life and doing $225,000 damage to property. The fire broke out in the rear of Wellman's novelty works and in fifteen minutes the flames, under a northeast breeze, had leaped across the street, and another row of buildings were soon in flames. The new Cambridge hotel then caught fire and a second row of buildings fell in the trail of the conflagration. During the excitement of the fire an explosion occurred and the walls of Fellows & Hays' store fell in, and Hon. W. A. Hays, one of the proprietors was buried in the wreck. His body was recovered, but the head and limbs were missing. After sweeping over three squares the fire practically burned itself out. The fire was the result of the careless use of matches by some boys in a rubbish room in the Wellman building.

FLOOD'S AWFUL DEVASTATION.

Half Has Not Been Told of the Work of Raging Waters in the South.

Jackson, Miss., April 2.—There is nothing encouraging in the situation along the river front this morning, but the unbridled waters are frolicking along on their march to the sea, and the people of the greatest cotton producing valley in the world are fleeing for their lives. Several refugees have arrived in Jackson and report that the half has not been told, that no pen can describe the desolation, the devastation and ruin that is being visited upon the planters in the counties of Bolivar, Washington, Sharkey, Issaquena and others. Several villages are overflowed, Rosedale, a town of 1,000 inhabitants being four feet under water.

Serious Floods in North Dakota.

Wahpeton, N. D., April 2.—The water in the Red and Boise de Sioux rivers is two feet above the danger mark and about the highest ever known. The ice has risen with the water and is threatening all the bridges on the line of those rivers. Strenuous efforts are making to save the Northern Pacific, Great Northern and the wagon bridges at this place. Continuously since yesterday morning dynamite has been used in breaking the ice above, below and between the bridges and there are some hopes now of saving the railroad bridges, but the road bridge which connects with the city and Breckenridge seems to be doomed. A few inches more rise and the ice will lodge against the bridges and force them from their foundations.

Waters at Alton Again Rising.

Alton, Ill., April 2.—One of the most tremendous rainstorms on record swept over this city all day yesterday and the Mississippi is rising again at the rate of an inch an hour. It stands 19½ feet above low water mark, very little below the disastrous flood of 1892. The highest levees are being encroached upon and alarm is great through the farming regions of the Missouri and Illinois bottoms. Manufacturing institutions here are fighting the waters back from fires with immense pumps.

18,000,000 Feet of Lumber Sold.

Menominee, Mich., April 2.—The largest lumber sale of the season has just been closed. The Northern Supply company, which is auxiliary to the Wisconsin & Michigan Railroad company, has sold 18,000,000 of logs to the Kirk-Christy Lumber company of Cleveland. The lumber is to be manufactured at the mill of the first-named company at Fisher. The sale included all the lumber in stock at present and the first year's cut.

Death of Archbishop Plunkett.

Dublin, April 2.—The Most Rev. W. C. Plunket, D. D., (Lord Plunket), Protestant archbishop of Dublin, who died here yesterday, after a brief illness, was born in 1828, elected bishop of Meath in 1876 and translated to Archbishop of Dublin in 1884. He was a member of the senate of the Royal university of Ireland.

Death of Rear Admiral Russell.

Washington, April 2.—Rear Admiral John H. Russell, retired, is dead after an illness of about a month. He was born in Frederick, Md., in 1827, and entered the navy as a midshipman when only 14 years old.

RATE WAR AVERTED

Railroad Magnates Do Not Expect Any Disastrous Cutting.

INDIVIDUAL ACTION OF OFFICERS

Form of Organization Under Which Western Roads Will Operate in Conformity with Trans-Missouri Decision Adopted.

Chicago, April 2.—Executive officers of western railroads met last evening with their passenger and freight officials and adopted the form of organization under which the roads will operate in conformity with the trans-Missouri decision of the supreme court. In the case of the freight association, now to be called Western Freight Traffic bureau, the agreement already published was adopted with one exception. That related to the power given the board of commissioners to fix the divisions of through rates. The change was advised by the attorneys, who believed that it would be violative of the spirit of the anti-trust law for the board to fix the percentages. The rest of the agreement really makes the bureau only an organization for the collection and distribution of statistics as to rates, tonnage, etc., for which work the western roads will pay out in salaries alone about $100,000. It is believed that some of the high salaried officials will find other positions soon, and by resigning reduce the cost of the bureau that much. The executive officers authorized the passenger men to prepare an agreement retaining the mileage and clergy permit bureau agreement. The new passenger compact will be made operative after approval of the attorneys, without another meeting of the executive officers. It was decided to retian all the machinery of the Western Passenger association, probably under the same name, but Chairman Caldwell's title will be changed to harmonize with the spirit of the decision. All danger of rate demoralization in the west as a result of the dissolution of the traffic association for maintaining rates seems to have passed away and a feeling of general security exists. This condition has been brought about by individual action on the part of the presidents and other officers of each road interested. Strict orders have been issued to contracting agents and others concerned that under no circumstances or provocation of competitors must the authorized rates be cut in order to secure traffic. A violation of this order will result in dismissal from service.

ANXIOUS TO RETALIATE.

Canadians Hope the Senate Will Concur in the Dingley Bill.

Ottawa, Ont., April 2.—Dispatches from Washington announcing the passage of the Dingley tariff bill by the house of representatives have attracted general attention among the members of the house of commons. It is considered unlikely that any serious modifications of the bill will be made by the senate, the belief being that the republican managers will secure the support of the silverites on the tariff bill by promising something for silver. A group of liberal members, representing the most important provinces from Nova Scotia to British Columbia were talking the matter over last night. Everyone expressed the wish that the senate would make no amendments to the bill that would in any way lessen its extreme protective features. They consider the time opportune for giving Americans a dose of their own medicine, and would prefer to have all the justfication for Canadian pro-British tariff bill that a tariff like that of the Dingley bill will give.

Death of Col. George Duryea.

New York, April 2.—Col. George Duryea of Glen Cove, L. I., a distinguished veteran of the civil war, is dead at St. Vincent's hospital in this city. Col. Duryea was descended from an old French Hugunot family. His ancestors emigrated to this country in 1667 and settled on Long Island, where the Duryeas have since resided.

The Connecticut Trout Law.

New Haven, Conn., April 2.—The amended bill shortening the Connecticut trouting season by cutting off the last fifteen days in June has passed both houses and now goes to the governor. It is approved by the large majority of anglers, as it tends to check the netting of trout in springholes during the low water of late June.

Dr. J. C. Moore Sentenced.

Manchester, N. H., April 2.—Dr. J. C. Moore was sentenced to four years in state prison yesterday. He was convicted on charges of fraudulently overissuing the stock of the Union Publishing company of this city.

State Coal Contract Awarded.

Albany, April 2.—Superintendent of Public Buildings Easton has awarded to R. B. Rock & Son., of Albany, the contract for furnishing the year's supply of coal for the state buildings, 5,060 tons, at $17,355.

CYCLING COMMENT.

The members of the Cleveland Cyclers will enjoy another run next Sunday if the weather is good.

C. B. Purdy, of Myrtle avenue, has purchased a Keating wheel of the Plainfield Cycle and Sporting Goods Company.

Dr. Matthewson, of Washington Park, will ride a Victor wheel this year. The doctor loves to ride and his spare time is passed in that way.

Gustavus Strauss, of New York, inventor of the famous Soris cycle hub for bicycles, was the guest yesterday of ex-Mayor B A. Hegeman, of the borough.

Mike Watson, of Grant avenue, is one of the latest to take to the wheel. He says he it is rather hard work at present, but after a while he will make up for it.

The Cleveland Cyclers took possession of their new quarters in the Ulrich club house on East Second street, yesterday, and the rooms will be fitted up at once.

Any article bearing the well-known name of "Fairbanks" is equal to saying that it is the best. So it is with the Fairbank bicycle. A. J. Marsh 25 Somerset street, will push the sale of the wheel in this city.

The New York cycling clubs are beginning to arrange for the Sunday afternoon runs for the months of April and May. The roads of New Jersey are too well-known to be neglected and Plainfield has not been forgotten in the choice of distinations.

Dr. Pocock, of North avenue, is one of Plainfield's enthusiastic wheelmen and he believes that when a person finds a good thing they should push it along. The doctor has found that the Apollo wheel is just the thing for him and he has purchased one of the handsome '97 wheels of the above make from the Plainfield Cycle and Sporting Goods Company.

One of the proudest boys in this vicinity is Harold A. Hegeman, young son of ex-Mayor and Mrs. B. A. Hegeman, Jr., of Washington Park, and the cause of it is that the father has purchased for him a fine new wheel Harold, like the father, loves to ride and he rightly inherits this ideal sport The wheel which the young man rides is an Eclipse, and it was purchased from the Plainfield Cycle and Sporting Goods Company.

While the road between Dunellen and Bound Brook has always had a reputation for roughness, it is unusually so this Spring. It has always been impossible to ride in the road most of the way but the narrow side path has been smooth and the wheelmen have used that. This Spring the farmers have plowed up the greater part of the path and when it was repacked by the pedestrians, it was left full of hummocks and ridges, making it almost equal to cobble stones for unpleasantness in riding. By riding slowly, it is possible to reach Bound Brook without dismounting.

Chairman Mott, of the L. A. W. racing board, has issued his bulletin for the week. One of the principal acts was the appointment of John C. Wetmore, of Elizabeth, as handicapper over the New Jersey district. Mr. Wetmore occupied that position last year to the general satisfaction of all concerned and made an excellent handicapper. C. H. Norwood, of Patterson, was a new applicant for the position but he was defeated. A number of sanctions were granted, among which was that of the Crescent Wheelmen for their Decoration Day meet. As Decoration Day comes on Sunday, the meet will be held on Monday, May 31st. The other sanctions granted in this district are for the Riverside Wheelmen, July 31st, and the Atalanta Wheelmen, July 5th. There were several granted for indoor games to be held in New York this month.

WHIST.

The tie between the Hamilton and Baltimore Whist clubs for the American Whist League trophy was played off at Philadelphia last night, and resulted in a victory for Hamilton by a score of 18 tricks to 9. The Hamiltons were five tricks behind in last Saturday's match and got up to within two of a tie at the end.

The whist four of the Park Club will play again for the challenge trophy, offered by them to the New Jersey Whist Association. The match will be played on Monday evening at the Park Club house. The Elizabeth Athletic Club were the first on the list of the challeging teams but they withdrew and the team from the Orange Club was next. That will mean another exciting match. The Orange team were unable to play in the whist congress, recently held at Jersey City, but it will be remembered that sometime before that event they succeeded in defeating the Parks.

THE MEN TOOK THE LEAD.

CONTINUED FROM PAGE 1.

together he found that he had several wheels left over and the clock would not go. He earned his dollar, however, and presented it to the church. There were several other men who gave a dollar each, but they had no experience to relate as to how they earned their money. In all there was received $20 and this together with the money received at the door made the total amount about $26. This money will be devoted toward raising the floating debt of the church.

At the close of this part of the programme, Rev. Mr. Johston announced that every woman was supposed to take a gentleman to the refreshment tables and treat him to ice cream and cake, and the women did their part nobly.

Those who assisted in serving the refreshments were L. A. Hummer, Charles Hummer, Andrew Wilson, Rev. H. J. Johnston, John Valiant, E. E. Winckler, Dr. Carroll and several others. The women all expressed themselves as being highly pleased with the evening's programme, and inasmuch as they had nothing to do with it they are quite anxious that the men should try their hand again.

Athletic Grounds Proposed.

The members of the Plainfield Y. M. C. A. are now likely to secure what they have long wished for, an athletic practice grounds in the rear of the association building. The physical department committee held a meeting last evening, at which time the proposition was discussed and the committee decided to recommend to the Board of Directors that the necessary funds be appropriated for fixing up the grounds according to the ideas of the committee It is planned to have tennis courts and grounds for various athletic contests arranged with all the necessary apparatus.

Evening Spent at Whist.

A surprise party was given to Miss Charlotte Messersmidt, of Washington street, last evening. It was arranged by Miss Mabelle Force. The evening was spent at progressive whist in which Miss Luella Mills and David Krymer were victorious. There were three tables. Dancing and refreshments followed. When the young men prepared to go they were reminded that it was the evening of April Fool's day. The sleeves of their overcoats had been sewed up and their pockets and hats filled with rice and paper

Naval Reserve Notes.

There will be a battalion drill of the Naval Reserves next Monday evening on board the ship at Hoboken.

In connection with the establishment of an Ambulance Corps in this city, as an auxiliary to the Naval Reserve work, it might be well to state that the drills will be held in this city and not on board the ship as was supposed. Many felt as though they could not join if the drills were to be held at Hoboken, as they could not lose the time of going back and forth.

Watchung Avenue Work To Be Resumed.

The borough street committee of the council held a meeting on Tuesday evening and decided to commence the work of completing Watchung avenue. Other work about the borough was discussed and plans for prosecuting the same will be formed in a short time whereby systematic work can be accomplished.

Civil Engineering.

Civil Engineer Henry C. VanEmburgh, of Plainfield, has finished the levels at Roselle and is now making the additions to the grade maps of that borough preliminary to the examination of the suitability of the grades already proposed, which will be done by Street Commissioner A J. Gavett, of this city.

A Surprise Party.

A very enjoyable surprise was given to Stacy Raynolds, last evening, at his home on Jackson avenue. The affair was arranged by his mother, Mrs. Geo. S. Raynolds, in honor of his birthday. The surprise was a complete one. The evening was spent in playing games and tricks. Refreshments were served during the evening.

Informal Barn Dance.

An informal barn dance was held in the barn of Clifford Manning, near New Market, last evening. About thirty were present and most of the time was spent in dancing. A very enjoyable evening was spent. A number from this city were present.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

Horace J. Martin and family, of Fairview avenue, have moved to their recently purchased house on West Front street.

Inquest to Be Held.

County Prosecutor Marsh has decided that it will be best to hold an inquest into the accident that caused the death of Carl Bartensetter and the injury of Conrad Pelz at Scotch Plains, Tuesday afternoon.

The remains of the dead man will probably be viewed tomorrow morning, and then the inquest will be adjourned until Peltz is able to testify Bartenstetter will be buried tomorrow.

Football Player in Christian Circles.

Robert R. Gailey, centre rush on the Princeton University foot ball team, will lead the Friday evening service of the union Christian Endeavor series of meetings to be held next week, Every Christian Endeavor society is requested to hold a half hour prayer service Sunday evening previous to the regular church service.

Gigging Season Open.

The brooks now swarm with suckers and the gigging season has begun. Those who have been out this spring report that the fish are to be found at their usual haunts in large numbers. Frank Hedden and John Welsh were out on Tuesday evening and succeeded in bringing home two large bags full of finny victims.

The Stench Very Disagreeable.

The odor from the burning rubbish jush off of Washington avenue, near Front street, was so bad last evening that people living in that vicinity were obliged to keep their windows closed The stench was almost unbearable and it is said that the families are considering about moving away from that locality.

Musical Sailors.

Rev. J. G. Burdick and a number of the sailors from the Mizpah Sailors' Mission in New York will conduct a meeting in the Seventh Day Baptist church on Saturday evening. The sailors will sing and play on musical instruments, while Rev. Mr. Burdick will make a short address.

Old Dunellen Resident Dead.

William F. Lowrence, aged eighty seven years, one of the oldest residents in Dunellen, died at his home this morning. The funeral will be held Sunday at his late home at 2:30 p. m.

To Play for a Big Prize.

The whist four of the Park Club, of this city, will play for the American Whist League trophy on April 17th.

EARLY INTELLIGENCE.

—Advertise in The Daily Press.

—Van Emburgh & Son are showing new shades of Centemeri kid gloves.

—An earnest invitation is extended to all to attend the Christian Endeavor service at the First Baptist church this evening.

—A regular meeting of the City Council will be held next Monday evening. Several important matters will come up for consideration.

—Moore & Wyckoff, dealers in Sunday newspapers, have disposed of their business to Leslie Tingley, of Orchard place. The latter will take charge April 4th.

—At a meeting of the Borough Council this evening it is believed that some arrangements will be made to secure caps and belts for the borough marshals who need them very much.

Miss Etta Raybert, of North avenue, is the guest of friends in Newark.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and suffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

Not High Art.

Du Maurier, as may readily be credited, always had a kindly word for his inferiors in the social scale. Some years ago there was in Hamstead-road a pavement artist, now dead. Du Maurier often dropped a coin into the poor man's hat. One cold day the author of "Trilby" told him to leave his "pitch" and go to the model soup kitchen in Euston-road and get some dinner, promising to take charge of the hat in his absence. When the man was out of sight he proceeded to wipe out the pictures of battle scenes, faithful dogs, and so forth, and commenced drawing portraits in chalks of the society ladies and gentlemen made famous by him in Punch. Passers-by stopped to look and remunerated the deputy, and when, an hour later, the man returned, he was pleased to find so much in his hat, but regretted that his work had been destroyed. "This may attract some people, but it ain't art," he said to the amused Du Maurier, as he commenced wiping out the society males and females. "Now, this pleases everybody," he continued, drawing the picture of a soldier.

ELEPHANTS WITH MEMORIES.

One That Avenged an Injury and Another That Recognized a Benefactor.

Elephants have a way of remembering injuries and kindnesses which surprises men not accustomed to the beasts. E. L. Layard and his wife were in Ceylon, in the Ambigamoa district. They were journeying along gathering insects, shells and birds by easy stages when they came to the station of a road making party, which was in charge of Woodford Birch. Mrs. Layard was interested in elephants, not having seen any close at hand, so Mr. Birch took her out to see a large fine female. Mrs. Layard petted the beast, gave it a bunch of plantains, which were eaten with a relish, and after making comments on the beast's gentleness returned to the bungalow. There Mr. Birch incidentally remarked that it was a violent beast, having killed two keepers during the past month. When Mr. Layard heard that he reproached Mr. Birch, while Mrs. Layard grew pale. Then Mr. Birch said:

"Do you think I would have allowed Mrs. Layard to go near her if there had been danger? That elephant is the quietest and best tempered beast in the stud. She was quite right to kill the keepers. They had robbed her of her food. I had observed that she was growing thin, and seeing only a little grain or feed in the box one day, I rated the keeper soundly in the presence of the beast. Next day he took her out to work. She went along quietly till she came to a flat rock. Then she wrapped her trunk about the mahout, put him against the rock, and with her forehead squeezed his life out. The next man she killed was for the same offence."

Dan Quinton and Mr. Layard were in Colombo when Quinton heard elephants trumpeting, and wanted to go and see them. One of the beasts was tied up with more chains than the others, and Quinton went toward this one, in spite of the warnings of the keepers that it was a particularly vicious beast. Quinton put his arm around the elephant's trunk and petted it, the elephant seeming most pleased. Quinton had recognized it as an elephant he had seen injured by a huge thorn, or jungle nail. The keeper in trying to pull the thorn out had broken it off. In a few days inflammation had set in. Quinton went to work with a knife and a pair of pincers, and the elephant, in spite of the pain, allowed the man to take the thorn out. He had recognized the beast by the scar, and the elephant remembered him after several years.

Tim Hussey, who discovered mines in the Cripple Creek district, worth fully $1,000,000, died penniless in the hospital of the great gold camp.

WOODHULL & MARTIN

We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.

We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

BODINE NAMED AS CHIEF

MAYOR WILSON WANTED A. CARNEY, BUT COUNCILMEN SAID NO.

There Was Such a Difference of Opinion That it Was Necessary to Hold an Executive Session to Settle the Question.

Everything did not run perfectly smooth at the regular meeting of the Borough Council held last evening, and before the session was over an executive session was required to set things right. The difficulty all arose over the appointment of a chief of the fire department. Mayor Wilson appointed Andrew Carey, and that is what caused the trouble. Mr. Woolston at once arose and stated that he for one would not vote for Mr. Carney, as he understood that he was not a member of the department, besides he thought that either of the two men previously mentioned, George H. Fairchild and David Bodine, would make good officers, and he thought it was the wish of the department that either of these men be appointed. On those grounds he said that he would not support Mr. Carney. He also said that he had been a member of the department for several years, and he knew that the people of the borough do not appreciate what is done by the members of the department who do all the work. He felt sure that should Mr. Carney be apointed it would create great dissatisfaction among the members.

Mr. MacLaughlin said that he would not vote for Mr. Carney if it was true that he was not a member of the department. Mr. Lounsbury was of the opinion that the members of the Council were elected for the purpose of acting in a fair and impartial manner, and he could not see why any members of the department should be displeased with the action of the Council. A continued discussion of the subject did not seem to bring the members any nearer to a settlement, and it was not until an executive session was held that the thing was settled. After the session the Mayor appointed David Bodine as chief of the department, and J. D. Anderson as assistant chief. The appointments were confirmed by the Council unanimously.

Tax Collector Spencer reported that since the last report he had collected $279.30 and the report was filed. George Stewart and W. V. Krewson asked the Council for exemption papers and the matter was referred. Residents of Regent street, from Somerset street to Grand street, asked the Council to macadamize the street, and they reported that they had subscribed $90 to help do the work. A crosswalk was asked for to be located at the intersection of Vine street and Park place.

The members of the West End Hose Company reported the election of the following members and they asked the Council to confirm the same: F. B. Perry, W. W. Demarest, David Bagley, H. Johnson, H. Wedemeyer and George Smith.

The bonds of the following borough officers were reported and attested correct: Collector, H. N. Spencer; overseer of the poor, D. S. Weaver; borough magistrate, H. S. Thomas; chief marshal, William Wilson; constables, J. W. Van Horn and J. Line.

Mr. Woolston, of the street committee, stated that under this year's term of Street Commissioner Emmons $67.36 had been expended on the streets, and during the term of the present Street Commissioner $285.08 had been spent, while $25.06 had been received from the sale of dirt.

Mr. Lounsbury stated that he, together with the architect, had visited the West End hose house and had found the same completed. The electrical apparatus had not yet been put in the house owing to the fact that the company had not elected a foreman, and when the apparatus was put in it was desirable that a tapper should be put in the house of the foreman as well as in the engine house and when the work is done the committee wants to have it all fixed at once. Mr. Lounsbury also said that the hose wagon was now ready and could be moved to the new house as soon as the company was organized, which he hoped would be very soon.

A resolution was offered by Mr. Carey authorizing the License and Marshal Committee to purchase three uniforms, helmets and belts for the marshals. The uniforms are not to cost over $60 each. This resolution was adopted as was also another by the same councilman to the effect that an iron door and frame be purchased for the lockup at a cost not to exceed $45.

At this time the difficulty arose as to the appointment of a chief of the fire department as stated above. When a vote was taken on the appointment of Mr. Carney, Messrs.

THE FRENCH DRAMATISTS

THIRD OF MISS CAROLINE MINTURN HALL'S DRAWING ROOM RECITALS.

She Spoke the Work of Two Great Dramatists Who Rank Next to Moliere, and Recited Scenes From Some of Their Pieces

Yesterday afternoon at the residence of Mrs. J. Kirtland Myers, Miss Caroline Minturn Hall delivered the third in her series of talks on the French Dramatists, in the presence of a large and attentive audience.

In the first two talks, Miss Hall devoted herself to the subject of Moliere, the greatest of all French dramatic authors, and yesterday afternoon she spoke of the two men who, in the estimation of their country, even rank next after the great master—Cornelle and Racine. Although their fame rests wholly upon their tragedies, yet the reading was enlivened by several scenes from Racine's one comedy "Les Plaideurs," a play which may be called a study, or almost a paraphrase of the famous "Wasps" of Aristophenies. The scenes in the court-room—the weeping children of the prisoner—who by the way is a dog, arrested for the theft of a capon, the keen ridicule and the delicate wit, were all heartily enjoyed by Miss Hall's auditors. Of the tragedies, scenes were given from the "Cid" and "Horace" of Corneille and the "Phedre" and "Iphizeme" of Racine; and the power and pathos of the great tragedians were as fully appreciated by the audience as the lighter touches of the comedy which formed the closing subject of the lecture.

The subject of the next and last of Miss Hall's talks will be Regnard and Mariraux. The reading will be given at the house of Mrs. Marion Ackerman.

Among those present were Mrs. Warren Ackerman, Mrs. A. D. Shepard, Mrs. John Doull Miller, Mrs. Charles W. McCutchen, Mrs. Male, Miss Edith Hyde, Mrs. Rowland Cox, Miss Erskine, Miss Lillian Erskine, Mrs. M. H. Aaton, Mrs. S. R. Krom, Mrs. Ames, Mrs. Brooks, Mrs. Clapp, Miss Edith Clapp, Miss Kenyon, Miss Florella Clark, Mrs. Hastings, Mrs. Mumford and Mrs. and Miss Nicholl of Fanwood.

PURSE FOR THE PASTOR

DR. C. R. BARNES MADE A PRESENT OF $250 IN CASH.

The Methodist Sociable Was Really a Farewell Reception to the Pastor, Who Received a Substantial Token of Esteem.

The Ladies' Aid Society of the First M. E. church gave a sociable in Vincent chapel, last evening, and as it was the last social gathering of the congregation before the departure of Rev. Dr. Charles R. Barnes for a new field of work, the sociable became a farewell reception.

There was a large attendance at the sociable. The programme formed the first part of the evening's enjoyment. After singing "Blest Be the Tie That Binds," there was a piano solo by Miss Florence Wier. "Laska," one of Bret Harte's poems, was given by Miss Grace E. Overton. Miss Margaretta Van H. Barnes sang "Memories," and then Miss Overton gave another selection, "That Tune." Another solo, "Winter Lullaby," by Miss Barnes ended the programme.

Henry A. McGee acted as master of ceremonies and called upon James W. Jackson for a speech. Mr. Jackson spoke of the former pastors of the church and then of Dr. Barnes, telling of the pleasant relations during the four years he had been pastor of the church. He spoke of the difficulties Dr. Barnes had had to surmount and how successful he had been. He closed by presenting Dr. Barnes with what he called a diploma for good service, which proved to be a check for $250. Dr. Barnes replied in a fitting manner and then followed a few words by Rev. George W. Smith, presiding elder, and Rev. Dr. Whitney.

AN AFTERNOON TEA.

Delightful Social Event Given by the Misses Lovell.

A delightful tea was given yesterday afternoon by the Misses Phebe and Laura Lovell, daughters of L. N. Lovell, at their home on Crescent avenue. The rooms were prettily decorated with roses and carnations while the pink tint of the tea room, produced by a profusion of pink carnations and pink-shaded lights, was most effective. The Misses Lovell were assisted in receiving by their mother, Mrs. L. N. Lovell, Miss Edith Gilbert and Miss Mabel Wilder, of New York. Mrs. Harry Borden and Miss Anthony presided at the table and were assisted by the Misses Anthony, Edith Tracy, Ariadne Gilbert and Margaret Yates.

HANDSOMEST FOUNTAIN.

L. W. RANDOLPH'S NEW ACQUISITION THE MOST BEAUTIFUL EVER MADE.

The Fountain Opened this Morning, and Has Been Admired by Hundreds of People—The Most Elaborate Features of it.

There are many soda water fountains in the country but Plainfield can now claim that she has the handsomest one that has ever been constructed and put up in the United States. That is rather a big boast when one considers all the cities, but the fountain makers know and it is on their authority that the statement is made. This fountain was opened for use this morning, in L. W. Randolph's pharmacy on West Front street, and the clerks in that establishment were kept busy waiting on the crowd that stood around the counter all day.

The fountain is certainly wonderful and it attracted much attention from all passersby. Even with the elaborate description that was published in The Press, some time ago, the Plainfield public were not expecting anything as grand as is now to be seen in Randolph's pharmacy.

It is the only cabinet wall fountain in the country that is made exclusively of onyx and marble. The long counter is also made of the same materials. The fountain itself is twenty-one feet long and thirteen feet high. The lower part of the fountain is devoted to the different syrup tanks, of which there are thirty-eight. There are thirty-six one gallon tanks to contain the different kinds of syrups and two gallon tanks to contain the syrup for Randolph's famous chocolate soda. The metal parts of the tanks and the draught-arms, of which there are twelve in all, are of plated silver while the rest is of Mexican onyx. The counter to the fountain is of Knoxville marble. The double refrigerator under the fountain proper is of slate with white Italian marble on the front.

There are four of the main draught arms for soda and eight smaller ones between them. These latter are devoted to vichy, geyser, Geneva lithia, deep rock, ice water and frosted cream, there being two of the first and last mentioned. For the ice cream to be used in the ice cream soda, there are two cabinets, capable of holding twelve quarts each. The shaved ice is kept in a patent double side ice bowl in the front counter.

The beauty of the fountain is especially seen in the grotto that divides the lines of onyx syrup tanks into two groups. Lined with mirrors, the grotto shows four glass aquariums suspended in the centre with little gold fish swimming about in them. The grotto is illuminated by electric lights, covered by fancy colored glass globes. Above is the cabinet which extends the entire length of the fountain. On the ends are mirror panels, surrounded by the border of onyx. Over the fountain proper are two long rectangular panels, set with large plate mirrors. The onyx is elaborately carved and arranged in panel form about the edges of the mirrors. In the centre, over the grotto, is a circular mirror with the same onyx ornamentation while a silver fixture for electric and gas light is placed in a prominent position. A silver faced clock is set into the onyx. Other fixtures of the same order are located at intervals along the top. The carving is very elaborate throughout and by a beautiful combination of different shades of onyx, the effect is grand.

While many fountains have a tendency toward gaudiness, there is nothing in this one but that would delight the artistic eye. The counter in front of the fountain is a beautiful thing in itself. It is made of Italian marble, inlaid with panels of onyx and with columns of the same. The top of the counter is made of Knoxville marble, in which are placed three of the latest patent glass washers. The counter is thirty-seven feet long.

Edward F. Randolph has been placed in charge of the soda department and will introduce several new drinks with the beginning of the season. Ambrosia, a tart drink for a hot day, violet cream, the character of which may easily be guessed from its name, argeat, something on the order of crushed almond, and pepsina sherbit, a splendid drink for dyspeptics and for that fatigued feeling, are the new syrups.

The prescription department has been by no means neglected and has been extended to meet the ever increasing trade of the last ten years.

Everybody is invited to stop in and take a look at the new fountain, for it is well worth seeing. The soda water promises to make even a greater reputation for itself this year than ever before.

AN OAK TREE ASSAULT.

THREE YOUNG RUFFIANS COMMIT TWO HORRIBLE CRIMES.

Charged With Breaking Into the Schumacker Home, Brutally Beating Noah and Kidnapping His Sister—All in Jail.

John McCann and William Tighe, of Metuchen, are in jail at New Brunswick, and John Mason, of New Brunswick, a son of James Mason, a respective business man, is under bail on a charge of breaking and entering, atrocious assault and battery and criminal assault.

Young Manson is employed by his father and delivers goods throughout the county. He was at Metuchen yesterday, and there met Tighe and McCann, both of whom have served terms in State prison. The three men spent several hours in the saloons and became intoxicated. Then they started for home. Manson had a horse and wagon. Tighe and McCann got in with him. This was at two o'clock in the morning. Instead of going to New Brunswick they went in the opposite direction to Oak Tree. Driven by some drunken caprice, they stopped at the house of Noah Schumacher, who lives with his sister, Kate, in a lonely spot on the outskirts, forced the door, and when Schumacher, thinking that they were burglars, resisted their entrance, they knocked him senseless with an iron frying-pan. He tried to ward off one blow, and the legements of the left arm were severed by the sharp edge. Then the men entered the bedroom of Kate Schumacher, who is thirty-five years old and an invalid. They dragged her out of bed and forced her, clad only in a single garment, to accompany them. She was taken some distance up the road in the wagon, then dragged a mile further over the railroad ties. She was taken into the woods, horribly maltreated and left senseless.

Meanwhile a sister of Schumacher's, who had heard the girl's screams, had gone to the house and had found her brother lying in a pool of blood. Schumacher was restored to consciousness, and said that he had recognized two of his assailants, Tighe and McCann. His brother, Henry Schumacher, went to Metuchen and gave the alarm. Detective Keenan recalled having seen Manson in company with the other men, and he was arrested in the woods at Oak Tree. Schuemacher knew nothing of the details of his sister's disappearance, and the men were held before Justice Wood on charges of breaking and entering and assault. Manson's father gave bail for the boy, who is only nineteen years old. The other men were sent to jail.

No trace was found of the woman until after 10 o'clock this morning, when she wondered into the yard of William Hatfield, at a hamlet called Two Bridges in Fanwood township, Union County. She was entirely nude and her reason was gone. Hatfield recognized her, and after his wife had fed and clothed her he took her home. It is not thought she can recover. Schuemacher's condition also is serious, his arm will be crippled for life and concussion of the brain may result from the blow upon his head. McCann and Tighe both say Manson was the least guilty.

After the three men had driven over to Oak Tree they visited the barn of Ellis Cambell at Avon Park, and started to remove Edward Campbell's buggy. They did not notice the wire clothes line and ran the vehicle into the wire demolishing the top. They left the wreck and borrowed a buggy from some other quarter. The occupants of the house did not hear them despite the fact that they must have made considerable noise in removing the wagon.

A Dangerous Fire Avoided.

There came very near being a serious conflagration in Madison avenue, near West Front street, last evening, and it was only averted by the watchfulness and energy of Patrolman Post and Thad. Doane, Jr. There had been a bonfire in the rear of Packer's upholstering establishment, which is conducted in the little house behind the Jackson building. The fire had been left to burn out, but it had gradually spread to a pile of excelsior blazing vigorously in a heap of packing boxes. The boxes were close to the house. The officer and Mr. Doane saw the light at the same time, about 8:20 o'clock, and hurried to the place. The gate was forced and the flames soon extinguished before they had a chance to spread.

—Two little tots of children who were romping in the roadway on East Front street, near Watchung avenue, at six o'clock last evening, started to cross the street directly in front of an east bound trolley. The ever-watchful motorman slowed up his car and the two little girls walked away, laughing as though it was great sport.

LOVE NOT WON BY MONEY

NOW FRANCIS BARTEL WANTS THE CASH RETURNED TO HIM.

Miss Mary Lubkeman Spurned His Attentions and Bartell Threw Money at Her Feet—Is Now Anxious to Get it Back.

It was a queer story that came out in the Second District Court, at Newark, yesterday afternoon, in the trial of the suit of Bartell against Lubkeman. Francis Bartell is a young man living in Washingtonville and Miss Mary A. Lubkeman is from Newark. The suit was brought to recover funds which the young man alleged that he gave to the young lady to purchase a wedding ring and some furniture.

The couple were engaged, but it is evident that all was not joy and happiness between them and they finally had a quarrel that ended the proposed marriage. Bartell's story, as told in court, was that he had given Miss Lubkeman $118 with which she was to buy a ring and some of the furniture for the house in which they were to live. Now he wants that money back.

According to the testimony of the fair defendant, Bartell is a remarkable character. She admitted that they had been engaged, but testified that she had only become engaged because he had threatened to kill her if she did not. Then they became engaged for six months, she said. She said that he called upon her against her will and that she had walked the streets at night to get rid of him. She had written to his mother and sister but that had done no good. She labeled him "a crazy fool" in her testimony and altogether made it appear that she was the victim of a new kind of game.

As regards the money, she said that she had received some of it willingly. She had received $70 in all, she said. That she was very willing to return, but the $48 remaining that he sued for she would not pay. He had tried to give that to her one night, she said, when they had quarreled and she had thrown it out of the window at him, but he refused to pick it up. Bartell denied all knowledge of any such thing.

Judge Guild reserved his decision until Monday. The lawyers in the case were Robert M. Clark, of this city, for Bartell, and Francis T. McGowan, of Newark, for the defendant.

ALLEGED HORSE THEFT.

WILLIAM TAYLOR CHARGES ALEC FILLMORE WITH SERIOUS CRIME.

Taylor Says That Fillmore Hired a Rig For an Hour and a Half and Did Not Come Back as He Promised.

Wm. Taylor, proprietor of Taylor's Hotel at Dunellen, claims that an attempt was made to steal a horse from him this morning by a Plainfield young man who has heretofore borne a good reputation.

It was 10 o'clock this morning when Alec Fillmore, who has been in the employ of William Hand, the truckman, for a number of years, called on Taylor and said that he wanted to hire a horse for an hour and a-half to drive to a Mrs. Black's, three miles from Dunellen. After procuring the rig he asked William Cosick, a Dunellen young man, to accompany him. Instead of directly going to Mrs. Black's, it is said that they drove to Mannion's roadhouse, two miles from Bound Brook, where both got out to indulge in a drink. Cosick claims that Fillmore drove away without him, and acted in a suspicious manner. He notified Taylor and the latter started out in search of his rig.

He finally came to this city at 1:30 o'clock this afternoon and found the rig standing near the corner of Front and Somerset streets. A few moments after young Fillmore appeared on the scene and Taylor caused his arrest. He protested that he did not intend to steal the horse. But, Taylor thought different, and the young man was locked up in the rookery to await a hearing.

Taylor says he found a bag of oats in the buggy, which had been put there after Fillmore took the rig, and he is confident that it was the latter's intention to steal it.

Setting a Good Example.

The Children's Aid to the Town Improvement Association has elected Miss Leila Howard as secretary, and Majory Fleming as corresponding secretary. The association desires to have it understood that the members are not supposed to go about the streets picking up sticks and papers. The members are organized for the distinct purpose of setting a good example in the way of keeping the city clean and assisting the members of the older association.

MEDALS FOR WINNERS.

ATHLETIC CONTESTS NOW GOING ON AT THE Y. M. C. A.

Twenty Different Events Arranged and Many Young Fellows Striving to Get the Most Points—Those Who Are Contestants.

The members of the Y. M. C. A. have had unusual chances to distinguish themselves this year in an athletic line and at the same time to capture some very handsome medals of gold, silver and bronze. When the season of winter athletics began Physical Director Heywood planned for a series of athletic contests to last some time. To the members of the association who took an interest in athletics, he promised to secure good medals if sufficient entries could be secured. Twenty-two of the young men expressed a desire to go into such a contest, and so it was that three weeks ago the contest began.

As arranged by Mr. Heywood, there will be twenty events of various kinds of an athletic character and a schedule of points has been arranged in each event. The prizes will be awarded to the three men making the three highest averages in all the events.

The medals to be awarded in this contest are very handsome ones. The design of all is the same, a shield hung from a metal bar by a white ribbon. The first prize is solid gold and intrinsically very valuable. The second prize is solid silver and the third bronze. They are now on exhibition in the window of J. Hervey Doane, the Park avenue jeweler.

The contestants are S. C. Crane, Fred Bonny, Walter Long, Edward Duffy, John Lewis, Clarence V. Rittenhouse, Frank O. Bristol, Morris Sutphen, Will F. Hobbie, Clarence Sutphen, George Terry, A. B. B. Edes, C. Hayes, Harry Jessop, M. Rogers, Eric Moraller, E. Vail, H. Pierce, F. Marcley, H. Brokaw, George Proctor Smith and James A. Stafford.

The different events and the winners in each are as follows:

Throwing the goals, won by Jessops, throwing 7 out of 10, points 70. Standing high jump, Duffy, 4 feet 3 inches, points, 73. Chin upon the horizontal bar, Jessop, twenty times, points 100. Back vault for distance, Rogers, 10 feet, 100 points. High diving, Duffy, 5 feet 5 inches, 80 points. Marking chalk line, Rogers, 7 feet 1 inch, 102 points.

The events Thursday evening were fence vault, Bristol, 6 feet 1 inch, 105 points. Standing board jump, Bristol, 8 feet, 8 inches, 64 points. Running high kick, Bristol, 7 feet 10 inches 72 points.

Bristol stands at the head of the list with the most points but the contest will be continued on Thursday evening of next week and he will have to get a lively pace if he wishes to remain on top. There are other prizes for which the members can try. One is for the highest average in ten match games on the bowling alleys. The medal is silver of pretty design. All games between teams of five men each, full record of which is kept by Mr. Heywood, are counted as match homes as well as the games played by the regular team with out of town teams or teams from other Plainfield organizations.

The other prize which is on exhibition also is for the all around gymnastic championship of the association. It is also a silver medal made after the regulation design and with two silver bars. That medal will be contested for some evening at the end of April in a series of gymnastic events. The date will be announced later.

OBJECTED TO POLICE SPIES.

James Day Explains Why He Berated Two Officers a Week Ago.

James Day seriously objected to having men, even if they were policemen, spying around his house at night and he informed Sergeant Kiely of the fact in words which were, perhaps, more forcible than polite. Day was arrested and locked up. All that happened over a week ago, but the trial did not come up before City Judge De Meza until this morning.

Sergeant Kiely, Roundsman Flynn and Patrolman Vanderweg were up on West Third street the night the trouble occurred. They heard loud talking and a cock crowing in Day's house and knowing that he is reputed to have some fine little game cocks, they thought there might be something going on. The conversation of those inside was about the prize fight at Carson City and the officers also thought that a game of cards was in progress. They listened at the windows and door when a friend of Day's went into the house and told the owner that the officers were outside. He came out and made some remarks.

Day apoligized to the officers for any names that he called them and the Judge decided to suspend sentence after reprimanding Day against the use of strong language.

THE HAWAIIAN SCARE

Efforts To Make Sensation Out o the Philadelphia's Departure.

THE MATTER OF NO SIGNIFICANCE

Simply To Replace the Wooden Vesse. Now Representing This Country---No Connection with the Reported Japanese Trouble.

Washington, April 3.—All the sensation mongers are at work upon a new Hawaiian scare, incidental to the news that the United States man-of-war Philadelphia is ordered to Honolulu. At the navy department it is asserted that the Philadelphia's errand is simply to replace the wooden vessel which now represents the country in Hawaiin waters, but many persons here affect to see a great deal more in the incident. They say that a large shipload of Japanese have been refused permission to land in Hawaii, and that the Japanese consul has sent home for a warship with a view to forcing the Hawaiian government to yield. The Japanese are already demanding a share in the suffrage, and if this concession is granted, it is said that the missionary children fear that the Oriental heathen will outvote them, and that Hawaii will become, in fact, if not in name, a mere Japanese dependency. This, it is claimed, would compel President McKinley to act decisively and meet the advances of the annexat'on party. Cooler judges prefer to believe that the Philadelphia goes to Honolulu so that, in the event of trouble there, American residents can have their interests properly protected.

Of No Significance.

Secretary Long is authority for the statement that the orders of the flagship Philadelphia to proceed to Honolulu have no significance. It is said at the state department that the movement has not been requested by it, as would have been the case had the threatened trouble between the Japanese and Hawaiian government entered into the calculations of the navy department. The Philadelphia is to relieve the Marion, which arrived on the station relieving the Alert, about two weeks ago. The reason for the change is said to be a belief on the part of the secretary of the navy that from the importance of Honolulu commercially and otherwise the United states should have a ship of higher class than the Marion stationed there. The Philadelphia, while a modern and powerful cruiser, is sadly out of condition in many respects and it was the intention of the department just as soon as the repairs to the Baltimore were completed to use her to replace the Philadelphia as flagship of the Pacific station, and to put the latter craft out of commission and thoroughly renovate her. As for the Marion, it is conjectured that she may be sent onward to Samoa to show the United States flag in that quarter of the globe for the first time in four years.

SUPERVISING ARCHITECT.

Senators Consider the Position Too Important To Be Under Civil Serve Rules.

Washington, April 3.—An effort to remove the office of supervising architect of the treasury for the classified service has been begun by Senators Platt of New York, Proctor of Vermont and Quay and Penrose of Pennsylvania. They had a conference with Secretary Gage on the subject. The senators represented that the office was of too much importance to be subject to civil service rules, particularly as the duties involve the expenditure of several million dollars annually. All the senators have candidates for a successor to Supervising Architect Aiken.

Yale's Athletic Field.

New Haven, April 3.—The Yale News says that the Yale field corporation is in pressing need of money to grade the lower end of the field at a cost of about $5,000 and to erect grand stands for the Yale-Harvard football game next autumn. A syndicate is prepared to put up the stands and receive in payment a part of the receipts for a number of years until the stands are paid for, but this plan is not according to the policy of the field corporation. It has been suggested that subscription lists be circulated throughout the university in order that the students may assist in raising the necessary money. The present debt of the corporation is $8,000 and the total cost on the field thus far has been between $70,000 and $80,000.

Rhode Island Creditors Paid.

Providence, April 3.—Rhode Island creditors of Coffin, Altemus & Co., the Philadelphia dry-goods firm which failed for about $2,000,000 last September, have been paid in full, with interest. S. H. Greene & Sons, of the Clyde Print works, had $500,000 in claims. Other cottom manufacturers and a number of banks here were on the list.

Died at Sea.

New York, April 3.—News has been received at his home in Brooklyn of the death of Capt. D. F. Edwards of the brig Sunlight, while on a voyage from Mauritius for Delgoa Bay, South Africa. Capt. Edwards leaves a wife and five children.

Acquitted of Excise Violation.

Elmira, N. Y., April 3.—Dennis McCarthy, a hotel keeper, charged with violation of the exise law in selling liquor on Sunday, was tried here yesterday and acquitted. It was the first excise case tried in Chemung county.

Admiral Ramsay Retired.

Washington, April 3.—In the naval orders yesterday Rear Admiral Francis M. Ramsay was ordered from the bureau of navigation as chief to the retired list April 5.

DAMAGE BY FLOODS

The Situation in the Lower Mississippi Grows Hourly Worse.

STREETS NAVIGABLE ONLY BY BOATS

Plantations Never Before Submerged Now Under Water---Many Families Surrounded by the Raging Torrents and Others Homeless.

Jackson, Miss., April 3.—The only change in the situation in the delta is for the worse. The water is still pouring through the breaks and encroaching upon places heretofore thought above the danger line. Plantations never before under water are now submerged. The streets of Greenville are now navigable only by boat the flood from above having met and joined forces with that from below. Nearly a thousand families in Greenville are surrounded by water, still some portions of the little city are still dry. The levees there still hold, however. Citizens of Huntington telegraped the governor this morning to send fifty tents at once. They were forwarded on the first train but will have to make several miles of the journey by skiff. The state is doing all in its power to assist its delta people, but from the depleted condition of her treasury can offer little else than the labor of her 800 able-bodied convicts. Thousands of delta negroes are now homeless and will remain so until the floods subside, but planters are feeding and caring for their hands as far as possible. J. F. Price of this city returned from Lefevre, which is a border delta county, reports that water from the Mississippi has not yet reached there but the small streams are all overflowed on their own account, the bottom lands are under water, but plowing and planting are going right along on all the higher places and even down to the water's edge.

The Situation in Minnesota.

St. Paul, Minn., April 3.—The flood in this region and other Mississippi river points in the state and in South Dakota remains serious. Mr. Huddlesin of Prescott was drowned while trying to cross the South St. Paul bell line bridge, although he had been warned of the danger. No teams have been allowed to cross the bridge, but he insisted on crossing on horseback leaving his load on the other side. Horse and rider were swept off into deep water, but the horse swam ashore while Huddlesin went down. Thousands of feet of logs went through the Mississippi at Anoka, Minn., last night and are running fast to-day. The trains are delayed and one or two have not been heard from. Wagon bridges are down and dams have gone out, letting great deluges into the big river. The river is still rising. At Huron, S. D., a heavy rain fell during the night. The great Northern railway bridge is in danger and no attempt is being made to move trains on the north and west lines of the North western road. Six miles of new road bed and numerous bridges have been built.

Doom to the People.

Helena, Ark., April 3.—The river rose two-tenths inches in twenty-four hours, ending at 8 o'clock this morning, and is still rising. The three-foot rise at St. Louis and a rise of two-tenths inches at Marked Tree, carry doom to the people who have been hoping for the river to begin to halt. The levee at Hubbard Place, eight miles below here, will probably break before many hours. Already five incipient breaks have been closed by the desperate workers and now that the back-water is attacking it from the rear, cutting off the supply of dry dirt, the situation is still less hopeful. There is no lack of men and sacks at that point. It is simply inability to secure sufficient quantities of dry dirt in time. The rescue steamer Maude came up and will returned with a fresh supply of men for Capt. Brame at Westover. His men have been so constantly at work that they are worn out. The break at Westover is widening, now being over 300 feet in width. A rumor has reached here that the Mississippi levee at Kiles Store, three miles above here, is about to give way, and that the Austin, Miss. levee is in a very precarious condition. Both points catch the force of a big current and are bound to go if the rise continues, which seems to be inevitable. The situation on the whole is the most alarming in several days.

The Situation at St. Louis.

St. Louis, April 3.—The river at this point has made a new record. Within thirty-six hours it has risen 4.7 and is still upward bound, the gauge at midnight marking 28.7 feet. This is only 2.3 feet below the high water of 1892, which was so disastrous. Profiting by the experience of that flood the people of East St. Louis have raised the levees and the railroads have built up their roadbeds. A rise to thirty-five feet would now be necessary to repeat the overflow disasters of five years ago. The flat-lands above the city are certain to be flooded, but as the populatoin of that section known as Oklahoma are migratory amphibians living in houseboats, the overflow is to them rather a benefit than otherwise. Merchants along the river front have begun to move their stocks to higher ground. The lumber district north of the Eads bridge is exposed and should the record gauge of thirty feet be reached there the loss will be very heavy. The local weather observer has sent warnings to towns north on the two great rivers, and unless the rapid rise continues the exposed places will be prepared as the flood along the river in the Les Peres valley has subsided and the damage is found to be greater than first supposed.

Spring Medicine

Experience teaches the importance of special care of the health.

And fixed among the important principles of hygiene and health is the acknowledged necessity of a good Spring Medicine.

Just as firmly established by the experiences of millions of people, is the positive fact that Hood's Sarsaparilla is "far and away" the best blood purifier and spring medicine ever produced.

The necessity is found in the impure condition of the blood at this season, owing to the close confinement and breathing vitiated air in office, store, shop, house, schoolroom or factory; excessive eating and drinking too rich and hearty food; late hours and social indulgences. With the blood thus thick and impure, the machinery of life grinds hard.

Hood's Sarsaparilla purifies, vitalizes and enriches the blood, builds up and strengthens the nerves and tones the stomach. It oils up the machinery of the whole body; the liver takes up its work anew, the kidneys resume activity, the ache goes out of the back, the bowels are regulated, the appetite restored, the food is relished and assimilated.

Don't wait till you are thoroughly sick before you begin to take a Spring Medicine.

Lock the door before the horse is stolen.

Take Hood's Sarsaparilla now as a preventive and it will pay you a thousand fold in health and strength through the coming summer.

"We always take several bottles of Hood's Sarsaparilla in our family every spring as a tonic and blood purifier and we find that it overcomes that tired feeling gives new life, and keeps us well all summer." WM. RINGEL, 813 5th Ave., Peoria, Illinois.

Excellent Spring Medicine.

"For a number of years I have taken Hood's Sarsaparilla in the spring, not for any particular ailment, but on general principle, that the system needs a tonic at this time, and I have always found Hood's Sarsaparilla a most excellent spring medicine." HAKON HAMMER, Engineer, Pottstown, Pennsylvania.

That Tired Feeling.

"I was troubled with that tired feeling all the spring. I purchased three bottles of Hood's Sarsaparilla, and when I had taken about half of it I was feeling well again. I believe Hood's Sarsaparilla to be an excellent blood purifier and tonic." MISS ORA E. MORGAN, Busey, Illinois.

Builds up the Health.

"We take Hood's Sarsaparilla as a tonic in the spring. Two of our children had tonsilitis and their blood was in a bad condition. Hood's Sarsaparilla built them up, and we have taken it again this spring with much benefit." MRS. P. H. CAHOON, Pleasant Lake, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. There is no substitute for Hood's.

Prosperity

is impossible unless merit is its foundation. A century of paint making means a legacy of experience. The secret of the success of the Harrison brand Town and Country Ready-Mixed Paint is the employment of able talent, close attention to chemical principles, judicious experiments on a basis of white lead, zinc white, color and pure linseed oil. It is the brand that interests the painter because it stands unlimited brushing out, has unusual covering qualities, and resists all climatic changes. The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at L. W. Randolph's drug store. Regular size 50 cents and $1.00.

Mrs. Charles Gray, of Liberty street, has gone to Newark to attend a cousin who is ill.

Richard Waring, of Park avenue, is home from Worchester Academy for his spring vacation.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at L. W. Randolph's Drug Store.

—Curtis M. Thorpe, the Park avenue mantel dealer, has on exhibition over eighty different styles of mantels in his store, and new designs are being added every day. The assortment is a pretty one, and includes all the latest styles.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

Van R. Schuyler, of LaGrande avenue, met with an accident Thursday evening while out riding on his wheel. His front wheel caught in a rut throwing him and breaking the pedal crank. He was forced to return home afoot.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

NEW POSTMASTERS.

First Appointments Made by the Present Fourth Assistant Postmaster-General.

Washington, April 3.—The fourth assistant postmaster-general has made the first appointments of fourth-class postmasters. His predecessor, Mr. Maxwell, did not appoint anyone for the last month, which left Mr. Bristow about 2,500 places to fill, caused by deaths and resignations. Thirty-eight have just been appointed, and out of this number four were removed. Among those appointed were: Connecticut—C. B. Sikes, jr., Ellington; C. E. Scofield, Neroton; W. R. Griswold Rocky Hill. Maine—J. G. Walker Brooksville; G. R. True, Manchester W. G. Lord, Plymouth; Mrs. N. E Cook, Ross Corner. Maryland—W. J Valentine, Motters; J. Z. Powell, Ocean City. Massachusetts—J. B. Emerson, Asbury Grove; E. H. Shaw, North Chelmsford. New Hampshire—F. H. Keyser, North Sutton; C. W. Cass, Plaistow. New York—W. H. Murray Ridgeland. Pennsylvania—David Blosser, Fort Hunter, F. A. Wood, Grand Valley. Vermont—C. F. Hayford, East Johnson; G. A. Dow, West Glover.

GRANT WON'T ACCEPT.

He Declines the Place of Assistant Secretary of War.

Washington, April 3.—The president has received a telegram from Col Fred Grant declining the position of assistant secretary of war which had been offered to him. The following is a copy of his message: "Although you were pleased to urge me to think over the matter it is impossible for me to consider the position of assistant secretary of war, which you were good enough to offer me. I therefore decline with thanks the appointment, at the same time regretting that I am not to serve your administration for which I worked earnestly.

"FRED D. GRANT."

FOR HARBOR DEFENSE.

Government Purchases for $25,000 Plum Island, in Long Island sound.

Riverhead, L. I., April 3.—Major S. S. Leech of the United States war department, who is stationed at New London, Conn., has caused to be filed in the Suffolk county clerk's office a deed conveying 220 acres of land to the United States government. The price mentioned in the deed is $25.000. This land is a portion of Plum Island, which is at the eastern entrance to Lond Island sound, and is to be used in perfecting an elaborate system of harbor defense at the eastern end of Long Island sound. The property was owned by ex-mayor Abram S. Hewitt of New York city.

Reinstated by Secretary Gage.

Washington, April 3.—Another former employe of the treasury department, discharged under the last administration, has just been reinstated by Secretary Gage. He is D. W. Harrington of New York, who was dismissed from the service after serving twenty-eight years. Mr. Harrington gets his old position of chief of the accounts division and the incumbent, F. D. McDowell, who succeeded him, is transferred to the architect's office as an assistant chief of division. The reinstatement of Mr. Harrington is in conformity with the policy of Secretary Gage with reference to veterans of the late war who were dropped from the rolls of the treasury department.

Coal Breaker Destroyed by Fire.

Wilkesbarre, Pa., April 3.—The Maltby breaker, an immense structure, operated by the Lehigh Valley Coal company at Maltby, five miles from this city, was destroyed by fire yesterday. It was one of the best equipped coal breakers in the Wyoming region, containing all the modern machinery, and its capacity was 1,600 tons per day. It will be a severe blow to this mining village, as the company employed 800 men, who are thrown out of employment for many months. The lost is estimated at $60,000.

Gladstone Advises Resistance.

London, April 3.—The Hon. Philip J. Stanhope, M. P., for Burnley, has received a letter from Mr. Gladstone, in which the ex-prime minister says he hopes that parliament will firmly resist the claim of the powers to choose a ruler for the Cretans. The powers, Mr. Gladstone adds, are entitled to claim that whoever shall be selected as Prince of Crete shall be disposed and able to fairly recognize the rights of the Christians.

Father Burns' Compromises.

New Haven, Conn., April 3.—The charges of embezzlement against Rev. Father Burns, the Milford priest having been compromised by the payment of $1,800, the amount the priest was short in this accounts as administrator of the estate of Rev. James Larkins of Milford, the civil case against the priest in the superior court has been withdrawn and the criminal case will probably not be tried.

Benedict Sued for Violating Civil Service.

Washington, April 3.—T. A. Rhodes, an old soldier, formerly employed as a compositor in the government printing office, has entered suit against Thomas E. Benedict, ex-public printer, claiming $300 damages for violation of the civil service rules. It is understood that a number of similar claims will be entered.

Gleason Approves the Charter.

Albany, April 3.—Mayor Patrick J. Gleason has returned his copy of the Greater New York charter with his approval and that of the common council of Long Island City. It reached the assembly last evening.

Deputy Factory Inspectors.

Albany, April 3.—J. Farrell of Oneida and James W. Stewart of Rensselaer have been appointed deputy state factory inspectors at salaries of $1,200.

CAN'T REACH REBELS

Cretans Know Nothing of Foreign Admirals' Proclamation.

BITTER AGAINST THE EUROPEANS

They Only Know That the Powers Have Used Violence Against Them and Have Supported the Turks.

London, April 3.—The Canea correspondent of the Daily News telegraphs that none of the messengers sent by the foreign admirals have been able to reach the insurgents. All their communications hitherto have been with Greeks. The correspondent adds that in interviews he has had with various insurgent chiefs the latter declared they had not seen the proclamation issued by the admirals stating that an autonomous form of government would be established in the island by the powers. The insurgents only know that the Europeans have used violence toward them, whereas they support the Turks. The result is that the bitterness felt by the Christians is increasing, and disaster is sure to follow.

Blockade of Grecian Ports To-morrow.

London, April 3.—The Star asserts that it has authority for the statement that the blockade of the ports of Greece by the powers will begin to-morrow, April 4.

$300 FOR MRS. CASE.

Jury Says Her Brother Conspired To Detain Her in an Asylum.

Rome, N. Y., April 3.—The case of Emma D. Case of Utica vs. Edward H Case and Drs. Fuller and Brown of Utica and Edward Dopp of Rochester, which has been on trial here for ten days, came to an end last evening. Mrs. Case was sent to the Utica State hospital in 1894, and she claimed that her confinement there was the result of a conspiracy of her brother, Edward H. Case, and Drs. Fuller and Brown, and asked for $10,000 damages. The jury found a verdict of $300 for the plaintiff as against Case and in the cases of the other defendants, Dopp, Brown and Fuller, no cause of action.

Federal Officers Changed.

Washington, April 3.—Stephen Gambrill, brother-in-law of Senator Gorman, and chief of the division of requisitions and accounts of the war department, has been reduced to a small clerkship in that division and Charles B. Tamer, an old soldier, who formerly held the position but had been removed several years ago, was reappointed. E. J. Whitten, formerly Assistant Secretary Doe's private secretary and recently chief of the war department supply division, has been removed and Martin R. Thorp, who had formerly held the position, but had been reduced to a clerkship, was promoted to the vacancy.

Steel for the Imperial Japanese Railway.

Philadelphia, April 3.—The Japanese government has just awarded to A. & P. Roberts (the Pencoyd Iron works) of this city, the contract for 2,000 tons of structural bridge steel to be delivered in the form of 186 steel spans of varying length for the Japanese railway. The importance of the contract lies not so much in its magnitude as in the fact that it was secured in competition with the largest and most prominent manufacturers of structural steel in Europe as well as this country. The contract calls for the completion of the work in 1897.

Four New Cardinals.

Rome, April 3.—It is understood in vatican circles that four new cardinals will be created at the coming papal consistory, of whom three will be French and the other Spanish. The names of the French prelates to be elevated are given as Bishops Coullie of Lyons, Sourrieu of Rouen and Laboure of Rennes. The Spanish candidate is Bishop Martin Herrera of Santiago de Compostela.

Seized for Fraudulent Entry.

Burlington, Vt., April 3.—Special agent V. A. Bullard of the customs department has seized the horse Robert R., owned by W. H. Temple of Boston, for alleged fraudulent entry in June, 1896. The animal was purchased in East Halley, Canada, for $1,400, and entered at a valuation of $500. He is now valued at $20,000 and a record of 2:10¼. The reports have been sent on to headquarters.

Cause of Guilford, Conn., Fire Unknown

Guilford, Conn., April 3.—It is not known what caused the fire which destroyed the Guilford Point house yesterday. The house was established just 100 years ago. Some of the most valuable furniture in the main building was saved. The loss is about $10,000, with no insurance, the policy having lapsed a few weeks ago.

Business Troubles Killed Him.

Montreal, April 3.—Thomas Doherty, aged 58, the sole member of the firm of Thomas Doherty & Co., tea and coffee importers, who recently failed with liabilities of $100,000, died last night of brain fever, resulting from business troubles preying upon his mind.

The Pope Seriously Ill.

London, April 3.—A special from Rome to the Chronicle says: The health of his holiness, Pope Leo XII., has caused the gravest fears. He had several fainting spells yesterday.

The Iowa's Official Trial Trip.

New York, April 3.—The battleship Iowa left here this morning for her official trial trip off the New England coast.

Sworn in as U. S. District-Attorney.

Boston, April 3.—Boyd B. Jones was yesterday sworn in as district attorney for this district.

APPOINTMENTS DELAYED.

At the meeting of the borough council last evening, Mayor Wilson appointed J. H. Cooley, J. P. Emmons and W. J. Roome as commissioners to assess benefits on Watchung avenue. However, his Honor was informed by Counselor Reed that these appointments could not be made until the work on the avenue was entirely completed. In consequence the appointments were laid over until a future time.

SPOKE OF FOREIGN MISSIONS.

Young Women's Mission Band Hear Mrs. Lawrence Talk.

The regular meeting of the Young Women's Mission Band of the Trinity Reformed church was held yesterday afternoon in the lecture room of the church. The members and their friends had the pleasure of listening to an address by Mrs. Lawrence, who is the corresponding secretary to Japan for the Women's Executive Board of Foreign Missions of the Dutch Reformed church. This talented woman spoke concerning India, and of the educational work done among the children as well as the older people. She gave her audience an excellent idea of the good work being done in establishing mission schools, and urged the members of the Band to give more liberally toward the work of missions. The remarks of Mrs. Lawrence were in the form of a story and the interesting way in which she related the various things about the work made it a very great pleasure to all. Many remained at the close to meet the speaker personally and shake hands with her.

SUCCESSFUL SURPRISE PARTY.

Mr. and Mrs. Gray Came Home to Find Their House Full of Friends.

A pleasant surprise party was tendered to Mr. and Mrs. W. G. Gray, of 217 Grant avenue, at their home last evening. Mr. and Mrs. Gray had been to New York all day, and shortly after their return a host of their friends went in on them.

The evening was spent in dancing, games and singing. H. Feildin gave several whistling selections, and piano duets were given by Miss Annie Gray and Mr. Feildin.

Among those present were: Mr. and Mrs. Chas. Westphal, Mr. and Mrs. James McInness, Mr. and Mrs. A. Cowley, Mr. and Mrs. Haskett, Mr. and Mrs. Geo. Gray, Mr. and Mrs. D. Thompson, Mr. and Mrs. Montgomery, and the Misses Annie Gray, Maggie Thompson, Lucy Westphal, Annie Sheridian, McClian, Montgomery, Mamie and Agnes McInness, and Messrs. Fred Schomp, J. Thompson, Davis Gray, Joseph Miles, W. Montgomery, Charlie Westphal and John and James Gray.

THE START AT LINCOLN.

Central Railroad to Build a Station There Next Week.

The deed for the property at Lincoln was received by the New Jersey Mutual Realty Company on Thursday. Since that time a railroad station has been built on the Central and it is expected one will be erected on the Lehigh Valley next week.

Work will be commenced on the siding on Monday. The streets are already being graded and contracts for four houses already given out.

Freeholder Geise has introduced a resolution to pave the old county road with macadam which will complete the fine road system from Somerville to Elizabeth.

Notwithstanding the caveat, work has been commenced on the boulevard parallel with the railroad as it was predicted in these columns during the winter.

He Had No License.

Harris Adolphis, a peddler of dry goods and notions, hailing from the capital of New Jersey, has been in the business for twenty years, but he never had an experience the like of which he had yesterday afternoon in the streets of Plainfield. He was put under arrest for peddling without a license and he was very much shocked at the insult. Special Officer Giese was the one to lock him up. Adolphis was arraigned before the City Judge in the afternoon, and was so free in venting his feelings that the Judge made the fine $3, which the peddler paid with much grumbling.

Easter Music.

The choir of St. Mary's church are rehearsing the music for Easter Sunday, and something fine is expected. An orchestra will also be a feature.

Pieces of Wood That Exploded.

Ex-Chief Marshal Pangborn, of the borough, stopped at H. N. Spencer's store on Somerset street last evening and gave an exhibition of explosives. He had a number of small pieces of wood such as were satuated with nitro glycerine and used at Scotch Plains last Tuesday. He would place a small piece of the wood on the sidewalk and when he would strike it with a hammer there would be a report such as would result from the discharge of a revolver. This exhibition dispelled the doubts in the minds of many as to whether the would was explosive.

THE NEED OF MORE ROOM.

LIBRARY QUARTERS TOO CRAMPED FOR GOOD WORK.

S. R. Struthers Points Out Where Some Persons Have a Mistaken Idea When They Say the Institution is of No Benefit.

To the Editor of The Daily Press:—I know that a great deal has been said about the need of an extension to our Public Library, but certainly there is room for much more to be said. One gentleman to whom the petition to the Council was presented, said emphatically that the Library did not do him any good. Perhaps a great many agree with him. But they probably do not realize the fact that what benefits one benefits all, and that indirectly the Library does do even them a great deal of good.

Let any one who does not see the need of more room visit the Library after school hours on almost any day. The librarian's table is piled up high with books, all three of the assistants are kept busy supplying the demand for books, and trying to find a place to put those returned until they can be restored to their proper places on the shelves. The tables are full of readers, and if a student comes in who desires a quiet little spot in which to read upon some special subject, or to hunt up some reference, no such spot is to be found. The need for a room apart where such persons can be accommodated is imperative.

A correspodent in one of the papers last evening spoke of our "seldom visited art gallery" (to which term I rather object) and suggested that it be used as a reading room, and that the basement be used for work other than that connected with the circulating department. Anyone who has seen the antique covering on the stairs will realize probably that the art gallery is visited quite frequently. As for using the three floors, one objection to that would be that more assistants would be required, as none of the rooms can be left without an attendant. Anyone who saw the mutilated copy of one of the art journals would realize that constant supervision is required in all parts of the Library. One object to which the Library has been of great assistance I think has not been mentioned. The members of the study class of the University Extension Course, as well as those of the Monday Afternoon Club, have appreciated highly the advantages offered.

The books relating to the course of study have been arranged on shelves by themselves, in a convenient place where the students could easily gain access to them, and the librarian and assistants have been very ready to help in the matter of selection and suggestion.

It seems as if now the need of an extension is more apparent than ever. In a city like this, which prides itself upon being a progressive one, and prides itself upon its culture and general intelligence, it ought not to be at all difficult to provide a building suitable for the present needs of our Free Library, and also adequate to the increased calls which will be made upon it in the future.

DEVASTATING MOUNTAIN FIRE.

Much Valuable Timber Destroyed in the Last Few Days.

Three of Dunellen's most influential residents made a tour of the mountain, yesterday, to ascertain the extent of the recent mountain fires. They found that a large territory had been devastated by the flames, and hundreds of young chestnut, hickory, oak and cedar trees have been burned so badly that they will die. The fires have now been burning for nearly a week, and last night Washington Valley was illuminated for miles around by the burning fences, underbrush and trees. The locality is just where there happens to be no supply of water, or the fire engine might be taken up and squelch out the flames in short order.

A force of men were put at work about the depot park, yesterday, making good the slight damages done by the winter storms.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

THEATRICAL.

"The Old Homestead" with its quaint humor, tender pathos and delicious comedy will be seen again at Music Hall next Tuesday evening. The company is the same that were seen at the last engagement, the cast including Archie Boyd as "Joshua Whitcomb," Marie Kimball as "Aunt Matilda," W. M. Cressy as "Cy Prime" and Blanche Dayne as "Rickety Ann," Among the novel and interesting features of realism is the manipulation of light effects by electrical devices, showing the gradual passing from daylight into the glow of an evening sunset; a thunderstorm of lightning and a visible rain shower; thence into full moonlight as the first act progresses towards its finale on the old farm yard scene. These appliances will also be used to produce the moonlight coloring over the Grace church scene.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

The choir of St. John's church are rehearsing new High mass music for Easter Sunday.

Rev. A. I. Martine, the pastor, will occupy the pulpit as usual tomorrow, both morning and evening.

Mr. and Mrs. Frea, of Phillipsburg, are the guests of Mr. and Mrs. William Wilhelm of Front street.

Mr. and Mrs. Thomas Todd drove over to New Brunswick yesterday on business, returning home about dusk.

Fervent prayers and testimonies were offered by many at the Friday evening prayer meeting in the M.E.church last night.

Parties from Phillipsburg were in town yesterday inspecting Mrs. Katherine Maier's new house on Front street, with a view of locating here.

The younger element was pretty thoroughly weeded out again last evening. They had gone to Music Hall to witness the performance there.

The aisles in St. John's church which have heretofore been practically devoid of any carpeting, have just been equipped with new and attractive matting.

Justice of the Peace, Peter Huff, whose term of office doesn't end until May 1st, has removed to New Brunswick, and with Justice Luckey resigning and Mr. Huff moving away, there is not a justice in the borough before whom criminals can be taken for a hearing.

Marshal Charles Whyusky, who was appointed and sworn in at the last meeting of the Council, made his first arrest yesterday. He took in an itinerant wanderer, whom he found in the last stages of intoxication. The man was the first prisoner ever locked up in the new and cosy lockup.

William L. Lawrence, whose death occurred from apoplexy, yesterday, was eighty-seven years of age. Besides a widow, two daughters survive *him. The funeral* services will take place from the house, on the old New Market road, tomorrow afternoon at 2:30 o'clock. Rev. Frank Fletcher, of the New Market Baptist church, will officiate.

SCOTCH PLAINS.

The township committee has given every assurance that this spring a steam roller will be run over the roads to level them off.

Chief Keron, of Elizabeth, and another detective were in town yesterday looking up evidence concerning the Cook explosion.

Mrs. W. H. Turton has been attentive at the bedside of her brother, who has been lying dangerously ill at his home in Brooklyn for several days past.

The postoffice will move again tonight back into the James A. Baker building, but the removal will in no way interfere with the arrival and distribution of the mails.

The mutilated remains of Carl Bartenstetter, who met such a tragic death at Scotch Plains by the premature explosion of nitro glycerine, on Tuesday afternoon, were buried from the house this afternoon. Interment was made in the Baptist cemetery.

Rev. George Angleman, for the past two years pastor of the M. E. church, will preach his farewell sermon on Sunday. Rev. Mr. Angleman will assume the pastorate of a church at Hampton Junction, this state, and his many friends wish him God-speed in his new undertaking.

Weather permitting, and there is every indication that it will, a half dozen local sports will leave here about midnight tonight for the Passaic, where they will spend tomorrow fishing. One of the party spent yesterday afternoon getting the bait ready, and another prepared the menu card.

The entertainment given for the benefit of the Scotch Plains public school on Thursday evening, is deserving of more than passing notice. The programme, though somewhat extended, was exceedingly well rendered. It included a piano solo, selected, by Mrs. Eb. Hart; a recitation, "A Royal Princess," by Miss Anna D. Cooper; a neatly executed flower drill, by the young ladies of Miss Cooper's class; piano solo, "Impromptu," by Miss Cook; a recitation by Miss Cooper; dumb-bell drill by the boys under Mr. Morey's instruction; piano solo, transcription by Mrs. Hart, of "Softly and Tenderly;" statue posings and transitions, by Miss Cooper. A series of most beautifully executed tableaux, including "Home, Sweet Home," brought the evening's entertainment to a close.

TOWN COMMITTEE MEET.

LOCAL AFFAIRS RECEIVED ATTENTION IN MANY PARTICULARS.

L. G. Cohen Appeared Before the Committee and Urged that an Action be Pushed Against Ex-Collector Gale.

The town committee convened in its new quarters, in the Grogan block, last evening, and there were quite a number of taxpayers present to witness the storm that had threatened to break out anew at this meeting. There were others who had some tale of woe to tell, some complaint of bad faith on part of previous town committees, or a complaint against a neighbor, whose sidewalk jogged, or failed to jog. Thomas Ryan, a foreman in the employ of Stratford & Hawks, the sewer contractors, filed a bill with the committee, amounting to $101, for labor. In view of the fact that Stratford & Hawks had made an assignment, and the assignee had attached all monies in the treasurer's hands, Mr. Ryan was informed that the committee, though willing, were powerless to act at present. A final report from ex-Collector A. W. Gale was presented, but a question of law was involved and the report will come up for consideration next Friday evening. The Treasurer was authorized to renew several notes and to make a new note of $1,619.33 for ninety days. A number of bills were audited and ordered paid. The question of lights next came up, but no final adjustment was made. L. G. Cohen again came before the Committee and urged the appointment of special counsel to push the cases against the Assessor and ex Collector, and Mr. Hardin moved that Paul Q. Oliver be retained to try the case. The motion was frozen right there. It received no second and it was not put to a vote. Committeeman Hardin got a little excited over the matter and accused Mr. Endicott and Mr. Embree of having a telephone. This seemed to grieve him very much, but what bearing it had on the Committee and its actions Mr. Hardin did not say and no one seemed to know. W. W. Gilby, the Committee's former landlord, claims that he was notified that the Committee would meet in his room last evening and he had the place heated and lighted up and, it is said, he will present a bill for it.

Miss Lottie Crouch is visiting in New York city.

The old Excelsior baseball team of Westfield played against the Scotch Plains team this afternoon.

The hospital committee held an informal meeting Thursday evening. It reports the subscriptions as being satisfactory.

Rev. Dr. Otis Glazebrook, rector of St. John's Episcopal church, on Broad street, Elizabeth, conducted the Lenten services in St. Paul's P. E., church last evening. There was a large attendance to listen to the eloquent Divine.

A horse belonging to Archbold & Scudder, the Broad street merchants, took fright yesterday morning while standing unhitched in front of their store, and ran out Broad street to the Pierson residence, and up to the kitchen door and stopped of its own accord. Luckily it happened at a time of day, when there were few people on the street and no damage was done.

The Board of Health convened last evening and transacted routine matters. Health Inspector Dr. J. B. Harrison recommended that the Board should have specimens of the phlegm from the throats of diphtheretic cases examined by a competent bacteriologist before the patient be permitted to return to school. The Board ordered it done and the experiment will be made on the Moffett children at once.

The residence of Mrs. D. Williams, corner of Broad and Clark streets, was the scene of much merriment last evening. The occasion was a parlor entertainment, given under the auspices of the Ladies' Foreign Missionary Society, of the Congregational church. The programme consisted of music and tableaux and a social time generally. Before taking their departure the guests were treated to an elaborate repast.

County Physician Westcott notified coroner, Dr. R. R. Sinclair, yesterday, that an inquest should be held to inquire into the disastrous explosion which occurred in Scotch Plains early in the week. This is the coroner's first inquest, but he is going about it in as business like way as an old hand at the business. He impaneled the jury this morning and they viewed the corpse and the scene of the accident. The testimony will be taken early in the week.

After using a 10 cent trial size of Ely's Cream Balm you will be sure to buy the 50 cent size. Cream Balm has no equal in curing catarrh and cold in the head. Ask your druggist for it or send 10 cents to us. ELY BROS., 56 Warren St., N. Y. City. I have suffered from Catarrh three years; it got so bad I could not work; I used two bottles of Ely's Cream Balm and am entirely well; I would not be without it.—A. C. Clarke, 341 Shawmut ave., Boston.

SHOE EYELETS.

One of the Very Few Things that are Sold by the Million.

There are many things that are sold by the gross, and not a few that are sold by the thousand, but there are not many that are sold by the million. Among the things that are so sold however, are shoe eyelets.

Shoe eyelets are made of brass, by machines whose operation is almost entirely automatic. Three of four machines are required to produce the eyelet in the form in which it is sold, the brass being fed into the first machine in thin, flat strips. As sold to the shoe manufacturer, the eyelet is turned down at one end only. The eyelets look as much as anything like so many little hats with narrow brims and without any tops in the crowns.

Eyelets are made of various sizes in diameter and of various lengths of shank or cylinder, according to the thickness of the material with which they are used; and after they come from the machines they are finished in great variety. Some are finished white—these are silver plated; some are gilt finished and some are copepered. Eyelets are japanned in black or in various shades of russet; they are, in fact, made in any size and of any color that may be desired. Sooner or later the japanning wears off, exposing the brass. There are now made shoe eyelets that are covered with celluloid, which keep their color, but these are much more expensive than the kinds commonly used.

Shoe eyelets are packed in boxes containing 1,000, 10,000, 100,000, 250,000 and 500,000 each. Eyelets of the kinds most commonly used are sold, according to sizes and styles, at prices ranging from $60 to $135 a million. Some of the celluloid-covered eyelets sell for as much as $500 a million.

Eyelets are made for a wide variety of uses, up to the great eyelets that are sewed into the corners of sails, through which the sail is lashed to the end of the boom or yard. Taking them all together the number is enormous; of shoe eyelets alone there are sold in this country some thousands of millions annually.—New York Sun.

A DOG IN A NEW ROLE.

He Seemingly Takes the Same View of Affairs as His Master.

A well-known English actor is passionately fond of dogs, and delights in making them his constant companions. Seldom is he seen unless accompanied by one or more of his pets. A manager about to produce a new piece required the services of this actor for a special part, and therefore despatched his acting-manager to make the engagement. In due course the latter arrived at the histrion's house, which is in the country, and found him resting, after a long walk, in a large comfortable armchair. After a few civilities, the acting-manager proceeded to business. Was the actor at liberty? He was. Could he accept a part of such and such a nature? He could. And now about the salary. Well, the acting-manager thought they could give so-and-so. "What," roared the impulsive actor, starting to his feet—"what?" At the same moment from under a chair a huge bulldog thrust its head between its master's legs, and growled and showed its teeth in the most ferocious manner. The startled visitor made for the door, exclaiming as he did so, "All right; name your own terms!" In the end the engagement was concluded. Some time after another manager asked the acting-manager for the actor's address. The acting-manager gave it. "Do you want him?" he asked. "Yes," said the manager. "Then, for goodness' sake" was the reply, "be sure to offer him enough, for he has a dog in the house that knows his terms!"

And the Bill Was Paid.

As the gas bill of a portable theatre showing in a provincial town for a month had not been paid at the week's end (when it became due), a man appeared on the Monday night following to cut off the supply, if the bill were not paid on the spot.

The doorkeeper remonstrated with him, pointing out that the manager was on the boards at the time, and could not possibly leave the stage for an hour—the gas man might call then.

"No," said the gas-man, obdurately, "I'm going to cut it off, now."

"Hold hard," said the doorkeeper; "I will go and tell the manager."

Disguising himself in a huge red cloak and a great felt hat with a drooping feather, and with a sword at his side, he walked on to the stage with the words: "Behold, my lord, the man stands at the castle gate waiting to be remunerated for the glimmers, and if not seen instantly, darkness threatens us."

The Manager (taking in the situation): "Go; I follow thee."—Tid-Bits.

Exceedingly Easy to Acquire.

In the studio of one of our leading R. A.'s, who was showing his pictures for the Academy, stood a lady of fashion. "Oh! what a lovely picture! How I wish I could paint like that! You ought to let me into the secret how to do it."

"Nothing can be more simple, madam; you have only to choose the proper colors and stick them on in the right places, and the thing is done."

"A thousand thanks! I will go home and start at once!"

A Unique Order.

An Englishman, with more money than education, recently sent the following order to a book seller: "I have sixty feet of shelving. I want ten feet of poetry, ten feet of history, ten feet of science, ten feet of religion, the same of novels, and fill up rest with any kind of books."

PRACTICAL painters everywhere use and recommend Pure White Lead (see list of brands which are genuine) and Pure Linseed Oil because they make not only the cheapest but by far the best paint. In fact you cannot afford to use anything else.

FREE By using National Lead Co.'s Pure White Lead Tinting Colors, any desired shade is readily obtained. Pamphlet giving valuable information and card showing samples of colors free; also cards showing pictures of twelve houses of different designs painted in various styles or combinations of shades forwarded upon application to those intending to paint.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint, that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

HEAD OF PEOPLE'S PARTY.

Great Statesman Tells Wonderful Cures by Dr Greene's Nervura.

Is Your Blood Poor, Have You Weak Nerves, Are You Out of Order? Use Dr. Greene's Nervura Blood and Nerve Remedy and Get Well. Spring the Time All Should Use It.

HON. ANDREW L. BOWEN.

Now is the time everybody is deciding what to take for a spring medicine. That remedy should be taken which has the best record, gives the best results, makes the most cures. Dr. Greene's Nervura blood and nerve remedy stands preeminent as the greatest medical discovery of the age. It has demonstrated by its countless cures among prominent and famous personages whom everybody knows, as well as among the common people everywhere, that its record stands highest among medicines, that its results are unequalled and unrivalled, and that no other remedy in the world ever made so many cures, such wonderful restorations to health as Dr. Greene's Nervura blood and nerve remedy. This is the reason Dr. Greene's Nervura blood and nerve remedy should be used now—first, because it is the greatest and grandest medicine on earth, and second, because everybody needs a spring medicine, and Dr. Greene's Nervura is the best and surest remedy possible to take. Hon. Andrew L. Bowen of So. Dorset, Vt., stands at the head of the People's Party of Vermont, being Chairman of the State Committee of the People's Party, and Chairman of the State Convention, where he was nominated as Representative to Congress. This great statesman, well known to everybody, gives a grand and glowing endorsement to Dr Greene's Nervura blood and nerve remedy and its truly wonderful cures. He says:—

"I have known of Dr. Greene's Nervura blood and nerve remedy for many years, and of many cases where great benefit has been derived from its use. Especially in the case of a lady who was bed-ridden and on whom all other remedies had failed, who used it and got great help. She now goes around the house and is comfortable. All the reports that have come to my knowledge, put Dr. Greene's Nervura blood and nerve remedy above everything in the line of popular remedies. My wife's mother has used it. She was troubled with nervousness and general debility and was much benefited. She now sleeps quietly after using. I know it is a good remedy or I would not recommend it."

Dr. Greene's Nervura blood and nerve remedy is the medicine for you to take, and now is the time to take it. Dr. Greene's Cathartic Pills are the sure cure for biliousness and constipation. Sugar coated, easy to take, perfect to act. Dr. Greene, 35 West 14th St., New York City, the most successful physician in effecting cures, can be consulted free, in person or by letter. Nothing to pay for consultation, examination or advice. This fact, together with the low price of his health-giving medicines, places a sure cure in the reach of all.

WEYLER'S LATEST MOVE.

The Cuban Captain-General Begins a Raid on Gamblers in High Circles.

Havana, April 3.—Consternation has been caused among many members of political, military and civil circles here by an order that has just been issued by Captain General Weyler. Gambling has been indulged in by all classes of public officials, and the evil has grown to such proportions and has caused such a scandal that General Weyler determined to make an attempt to stop it. Contrary to usual custom he did not molest the smaller offenders but issued an order calling for the arrest of thirty-nine prominent men in Cienfuegos, whose gambling proclivities were well known to everybody. Among those taken into custody are the chief of police of Santa Clara, who has been spending much of his time gambling in Cienfuegos, and the police delegates of the latter city. It is believed that more arrests will follow. The chief officers of the military administration are quaking in their boots lest an order for their arrest will be issued. It is considered probable that the civil governor of the province of Santa Clara will be removed from his office. The order of arrest states that, in addition to gambling, there are irregularities in the accounts of the accused that must be explained.

TOO MANY PLACE-HUNTERS.

Secretary Gage Issues an Order Against Office-Seekers.

Washington, April 3.—Secretary Gage has struck against the importunities of office-seekers. For the short period he has been in office, little opportunity has been given him to attend to office business. His room has been crowded early and late with people who want positions and those who have friends who are candidates. Yesterday the secretary had no opportunity to look into the affairs of the department before going to the cabinet meeting. Later in the day he took the bit in his teeth and issued this order: "Hereafter the secretary will receive visitors only between the hours of 10 and 1 o'clock on days other than cabinet days. On cabinet days visitors will be received from 9 until 10:30. No visitors will be received at other hours except on urgent official business."

International Chess-Playing Solons.

London, April 3.—The chess-playing members of the house of commons held a meeting last evening to discuss a proposal made by John Henniker Heaton, M. P., for Canterbury, that an attempt be made to arrange a match with players who are members of the American house of representatives. It was suggested that a tournament of seven tables be held. Subsequent to the meeting Mr. Heaton sent a cable dispatch to Richmond Pearson, a congressman from North Carolina, asking him to see if a match on lines indicated in the dispatch could be arranged. The proposal has excited considerable interest, not only among chess players of the house, but also among those members who take no interest in the game.

Stag Party at the White House.

Washington, April 3.—The president entertained a stag party last night at the White House. Those present were: The vice-president, the speaker of the house, the attorney general and Senators Burrows, Gear and Mills; Representatives Dingley, Payne, Dalzell, Hopkins, Grosvenor, Russell, Conn.; Dolliver, Steele, Johnson, N. D.; Evans, Tawney, Bailey, McMillin, Wheeler, Ala.; McLaurin, Robertson, La., and Swanson, present members of the committee on ways and means; Hon. Mr. Cannon, Hon. Mr. Henderson and Hon. William A. Russell of Massachusetts.

Norfolk & Western Railroad Earnings.

Philadelphia, April 3.—The report of the Norfolk & Western Railway company for February, 1897, shows net earnings of $173,035.02, a decrease of $25,706.61, compared with February, 1896. For the five months from October 1, 1896, to March 1, 1897, the net earnings were $1,214,090.14, an increase of $143,108.45, as compared with the corresponding period of the previous year.

Another Philippine Rebel Defeat.

Madrid, April 3.—The insurgents in the Philippine islands have met with another serious defeat at the hands of the Spaniards, according to official advices received. Nearly 200 rebels were killed in the battle.

TRADE IS IMPROVING

Gains Reported, Notwithstanding the Floods in the South.

BIG INCREASE IN THOSE AT WORK

Enlarged Bank Clearings and a Decrease of Business Failures—Favorable Reports from Northwestern Spring Wheat States.

New York, April 3.—Bradstreet's weekly review of the state of trade for the week just ending will to-day say: The course of general trade shows some improvement, notwithstanding an almost complete stoppage of business in the south Mississippi valley by washouts, overflows and floods. The condition of country roadways throughout central western states and the northwest is such as to still further delay collections and check demand from interior merchants. Another drop is recorded in prices of Bessemer pig iron and steel billets, and in wheat, flour, coal coffee and lard, which is, in part, offset by increased activity and higher prices for wool and for woolens, for corn, oats, sugar and petroleum. A heavy movement of fertilizers is reported in the south Atlantic states; interest in lumber and shingles has increased on the northwest Pacific coast, and Galveston is exporting cattle to Europe direct. The most favorable trade reports are from northwestern spring wheat states. There were 4,042 business failures in the United States during the past quarter, compared with 4,512 in the first quarter of 1896, a falling off of about 11 per cent. The decrease is reported from all sections except New England and the territoris. The larger number of eastern state failures are small ones. Liabilities of all individuals, firms and corporations which failed amount to $62,513,000, a falling off of 16 per cent. from the corresponding total last year.

Increase of Those at Work.

Special reports from fifty cities, with reference to revival in activity in industrial lines, indicate there are at work at those centers probably 100,000 in excess of the number employed in November last. The increases are largely among employes of manufacturers of woolen goods, shoes, clothing, machinery, engines, agricultral implements, bicycles, carriages, furniture, iron, steel, glass, and ship building. Depression still exists among some branches of the woolen goods industry, in coal mining and cotton goods manufactures. Bank clearings for March at eighty-two cities throughout the United States show an increase of 1.8 per cent. compared with March one year ago, the first monthly increase over a corresponding total one year ago since April, 1896. The March gain over February this year is 14 per cent., but the decrease from the January total is 6.3 per cent. Compared with March, 1895, March this year shows a gain of more than 4 per cent., and with March, 1894, it is nearly 12 per cent., but compared with March clearings in 1893, two months prior to the outbreak of the panic, last month's total shows a falling off of 22 per cent.

In the Railroad World.

The fact that the railroads are not disposed to permit any rate wars to grow out of the trans-Missouri decision has given a better tone to the New York stock market. Any upward progress of prices was, however, interrupted by the extreme weakness in the coal stocks, particularly Jersey Central. Heavy liquidation in that stock is attributable to reports of a dividend reduction by the directors next week. The European political situation keeps the markets there in check, and war rumors have been used with some effect by the bears here. The latter element have been active in the absence of public interest in speculation, but the market at times seems to be oversold. Industrial stocks are quiet pending the outcome on the tariff bill.

Weavers' Strike Threatened.

Fall River, Mass., April 2.—The Hargraves Lappet weavers will strike Monday morning if the reduction threatened by the management goes into effect as planned. A special general meeting of the Weavers' association was held last night to discuss the situation and it was finally voted to authorize the Lappet weavars strike. The Lappet weavers themselves voted to accept the reduction.

Miss Robinson's First Case at the Bar.

New York, April 3.—Miss Nellie G. Robinson, the first woman lawyer to practise in the court of special sessions got her first case yesterday. Edgar Bruer was accused of stealing $4 from Henry Lewis, whose address was not given, and Miss Robinson had the case assigned to her. Miss Robinson says she is anxious to win the case, even if the charge involves the question of $4 only.

Twenty Years for Arson.

Brooklyn, N. Y., April 3.—Hugh Miller, indicted for setting fire to a flat houses in this city, and who recently pleaded guilty to arson in the second degree, has been sentenced by Judge Hurd in the county court to twenty years' imprisonment in Sing Sing.

Killed on the New York "L."

New York, April 3.—While Patrick Flanigan, an employe of the Manhattan Elevated railroad, was crossing the tracks at 89th street and Third avenue last evening, he was struck by a locomotive and killed. The lower portion of his body was frightfully mangled.

Boston Police Commission Trouble.

Boston, April 3.—Gov. Wolcott has assigned Tuesday at 10 a. m., as the time for the hearing of the charges preferred against Gen. A. P. Martin chairman of the police commission.

The Popular Exercise Provides Incidents and Expressions That are of Especial Moment When Wheeling is the Rage.

The Mecca Wheelmen, of New York, will go on a run to Coney Island, tomorrow. John L. Blackford, of this city, will attend the run.

Frank Hand, of Park avenue, is one of the most enthusiastic cyclists in Plainfield. He spends his spare time on his wheel and also finds it extremely handy for business purposes.

A shipment of twenty-five Crescent wheels was received by the F. L. C. Martin Cycle Company, yesterday. A number of Westfield wheels were received during the first part of the week. Two Dayton tandems were also received.

The management of the Manhattan Elevated Railroad has decided to run bicycle trains. The special cars that are being prepared for the use of the riders will not be ready until next week. The trains will be started on Sunday, April 11.

The spring trade has been a lively one at the salesrooms of the F. L. C Martin Cycle Company. Among the purchasers of wheels during the last two days are A. A. Pope, Dayton tandem; C. H. Ives, Dayton tandem; Samuel Jepson, a Crescent; George Trainer, a Crescent; Joseph E. Morse, a Cleveland Swell Special; Robert Rushton, a Cleveland Swell Special; Mr. Budlong, a Cleveland Swell Special; William Kirch, a Cleveland Swell Special; Fred Kiederling, a Crescent; George Crevering, a Crescent.

OLD CRESCENTS CAN STILL BOWL.

The Veterans Defeated the Y. M. C. A. Team Last Night.

The veteran bowlers of the Crescent Wheelmen, or at least five of them, made their appearance on the alleys of the Y. M. C. A., last evening, after a long retirement. The "Old Crescents," as they called themselves, had not lost their hand at the game, however, and they succeeded in losing the association bowlers in two games. The alleys were in poor condition, which accounts for some of the remarkably poor bowling of the veterans. Both games were close from the start to the fifth frame, when the Crescents woke up and upset the pins in quick order. The first game was rather close throughout, but in the second the Crescents swamped their opponents by nearly 100 pins.

The veterans were gotten together by C. E. Vail and John H. Doane.

The individual scores were as follows:

Old Crescents.	1st game.	2d game.
VanEmburgh	135	99
Barnes	144	119

Fire Companies Nominate.

At the meeting of No. 2 Engine Company, held Thursday evening, the following officers were nominated: Foreman, R. B. Rogers; First Assistant, W. C. Chamberlain; Second Assistant, Harry Connett; Secretary, A. Karhmann; Financial Secretary, James Dawe; Engineer, Frank Schuck; First Assistant, A. Karhmann; Second Assistant, Alex Manning; Representatives to Relief Association, William Townley, C. J. Newman. A. D. Jennings was selected as chief for the company. The election will be held the first Monday in May.

The following nominations have also been made by the members of Alerts Hose Company: Foreman, J. M. Hawkins; First Assistant, Abner Bartlett; Second Assistant, Roger Murray; Secretary, S. F. Kimball; Treasurer, E. H. Ladd, Jr.

The Evangelical Meetings.

Gospel services every evening next week in the Trinity Reformed church; short addreses by consecrated workers among the young people of the city; good singing led by a chorus choir; also solos by Chas. L. Lewis and others. Come prepared to help. At 7:30 o'clock each evening a prayer service will be held in the lecture room of the church, to which all who desire God's blessing upon the meetings, are invited.

School Pupils' Exhibition.

The sixth grade of the North Plainfield Public School gave an exhibition yesterday afternoon as arranged by their teacher, Miss J. Johansen. The rooms were decorated with pinks, roses and potted plants. The honorary pupils were Addie Carney, Nellie Mantz and Edward Overton.

BODINE NAMED AS CHIEF

CONTINUED FROM PAGE 1.

Carey and Lounsbury voted in the affirmative and Messrs. Burtis, McLoughlin, Schutt and Woolston voted in the negative. Immediately afterward Mr. Schutt arose and offered a resolution that George H. Fairchild's name be substituted for that of Mr. Carney. Mr. Lounsbury arose to a point of order and his position was well taken, for the corporation counsel stated that such action was out of order as the Mayor alone had the power of appointment in the case under consideration. The matter was finally settled as above stated.

Resolutions were offered by Mr. Woolston to the effect that $1,500 be borrowed and charged to the road account, and that the street committee be authorized to advertise for bids for the furnishing of crushed stone for the year. Both of the above were adopted, as was also one offered by Mr. Lounsbury that $1,000 be borrowed and the same charged to the fire account.

Another resolution was offered by Mr. Woolston that the borough authorities lay sidewalks in front of the property owned by the following people and a lien be effected on the property for the payment of the work: Wm. Ruttman, Geo. Linnett, Stephen Staats, R. Mahaffe, W. H. Voorhees, Phoebe Sprague, Martha Clare, Sardina Miles, Anna VanWinkle and Elizabeth Bailey.

Two more resolutions were presented by Mr. Woolston. One was that the Council adjourn to meet in two weeks, and the other was that crosswalks be laid at Greenbrook road and Stone street, and Somerset street and Craig place. Both were adopted and the Council then adjourned.

A DISTURBER WARNED.

Next Offender Against the Salvation Army Will Be Severely Punished.

Offenders at the Salvation Army meetings may expect a severe penalty when they come up in the city court. One of that class came up in the city court, yesterday afternoon, and although he escaped fine and imprisonment the escape was so narrow that he doesn't want to try it again. James McKenzie was his name.

He went to one of the meetings about a week ago to find a friend, and stood up and wandered about the hall. He was requested repeatedly to sit down or leave the hall, until at last Janitor Boice had to forcibly haul him from the building and deposited him in the hands of the representative of the law.

Janitor Boice came to the trial yesterday and wanted to withdraw the complaint as the young man was very sorry for what he had done. The Judge refused to allow that, but suspended sentence with a very severe reprimand.

CORONER'S INQUEST.

The Remains of Bartenstetter Viewed and Adjourned to April 14th.

The coroner's jury called to inquire into the cause of the death of Carl Bartenstetter, who was killed at the nitro-glycerine explosion at Scotch Plains, Tuesday afternoon, met at Scotch Plains this afternoon. The jury was composed of Edward Hand, Frank Allen, Benjamin Elliott, George L. MacDonald, Stites M. Parsek and Norman Dunn. Edward Hand was chosen foreman. Constable Rockafellow was in charge of the jury.

County Physician Westcott was present and took the jury to see the remains of the victim of the accident. Coroner Sinclair was also present. The jury then went to the scene of the accident and viewed the place and the fatal piece of timber. One of the jurors expressed his opinion that the explosion was from the outside. The jury adjourned until April 14th.

In justice to Mrs. Carl Barnstetter, of Scotch Plains, wife of the man who was killed in the explosion at that place last Tuesday, The Daily Press desires to say that the departed man and his family lived happily together and were not separated as heretofore stated. The information was furnished on what was supposed to be the best of authority, that the family was separated.

A Horse of Another Color.

Vanderhoof and De Hart, the Central avenue butchers, traded horses with William Baldwin, the hay carter. Mrs. DeHart had a chattle mortgage on the butcher's horse and got out a search warrant from Justice Nash last evening to obtain the animal.

Constable Mattox went to serve it and remained at the barn from ten o'clock until daylight waiting for Baldwin. Then he brought Baldwin and the horse to the Justice. An examination of the mortgage showed that the horse called for was a gray one and this one was a sorrel. It seems that the butchers had traded their gray horse with a man from over the mountain for the sorrel some time before. Baldwin and his sorrel were then released.

WOODHULL & MARTIN

We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.

We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

NEW SCHOOL OPENED.

OPENING EXERCISES MARKED BY PRESENTATION OF A FLAG.

Sessions Commenced in the Lincoln Building This Morning—Board of Education Present—Short Addresses Given.

The opening of the new Lincoln Public School this morning was attended with exercises of an interesting nature and were very appropriate to the occasion. The members of the Board of Education, including Messrs. Lounsbury, Probasco, Jenkins and Lovell, together with Superintendent Maxson, were present and officiated at the opening.

A pleasant feature was the presentation of a large American flag to the school by Franklin Council, No. 41, J. O. U. A. M. This formed the most important part of the exercises. Messrs. Firman Long and P. T. Bogart, from the above council, were present, and the former with a few well chosen remarks presented the flag on behalf of the Council, after prayer had been offered by Rev. W. C. O'Donnell.

The flag is 14x22 and it looked very pretty as it was unfurled in the reception room.

The flag was accepted by President Probasco of the Board of Education. He spoke of the grand objects of the lodge which had given the flag and he thanked the members for it on behalf of the Board and the citizens of Plainfield. These remarks were followed with a short address by Rev. Mr. O'Donnell. The remarks of the latter were full of patriotism and timely suggestion for all. He spoke on behalf of the citizens and taxpayers of Plainfield.

In addition to the above-named persons present there were about one hundred scholars and the following teachers: Miss Gregg, Miss Runyon, Miss Miller, and Miss Thomas.

The flag will be suspended from the flag pole in the front of the building and will be displayed on every clear day.

Plainfield's rapid growth during the past few years has been remarkable, and this is partly due, so say many people, to the fine schools in this city. To substantiate this, one agent tells the story of a woman who told her grocer that she moved to Plainfield because she heard that the best schools in the United States were to be found here. Another incident is related where a prominent New York man came to this city so that his children might have the advantages of the schools. After he had moved here he found that the schools were so overcrowded that his children could not be accommodated. He was preparing to move back to New York when a member of the Board of Education heard of his case and made inquiries concerning it. It was learned that the above circumstances were true and the city official with difficulty made arrangements to have the children taken care of.

Just at this time, when the new Lincoln Public School has been completed and was opened today for the first time, it is interesting to know when the Plainfield schools were built and how much they cost. The Stillman High School was erected in 1867 at a cost of $34,000, including land. The Washington was built in 1875, and cost $24,500; the Franklin in 1883 at a cost of $33,000. In 1886 the Bryant was erected, and it cost $10,000. In 1892 an addition was built on the latter school with four more rooms, at a cost of $14,000, which amount is included in the $40,000. In 1888 the Irving School was built and it cost $37,000. The last building erected is the Lincoln School, which cost $28,375. All of the above amounts include land as well as the buildings.

Concerning the Lincoln building there is much that can be said which is of interest to every tax-payer. The Board of Education were very fortunate in securing the present site, Berckman street, between Front and Second streets. It has a southern exposure and is in every respect an ideal one. The plans for the structure were selected from ten different sets of plans, and the successful architect was C. Powell Karr, of New York, who makes a specialty of school buildings. The contractor was John Abbott, of this city; heating and ventilating, The Dudley Engineering Company, New York; electrical work, A. D. Phillips, of this city; plumbing, Galbraith & Walsh, of this city. It can be seen by the above names that Plainfield men were hired as far as possible.

It has been the aim of the Board to secure a building which would be thoroughly substantial, modern and up-to-date from a sanitary standpoint. This has been accomplished and as a result one of the best school buildings in the state has been erected. The building is in the centre of a large

ROOM ENOUGH, HE SAYS.

COUNCILMAN FROST OPPOSED TO LIBRARY APPROPRIATION.

He Thinks That the Present Building Can be Rearranged So as to Afford Plenty of Room for Scientific Books.

Councilman George H. Frost is the first prominent citizen to come out openly and oppose the application to the Common Council for an appropriation to enlarge the Public Library building. Inasmuch as there has been a number of communications published favoring the appropriations, the letter of Mr. Frost's will be read with more than passing interest. It is as follows:

To the Editor of The Daily Press:—The above diagram is drawn to scale from measurements made last week; the dimensions in clear are given and the shelving capacity of each room without alterations or partitions. The capacity of the main floor, after allowing spaces for reading desks as shown and also for librarian's desk, is 50,325 volumes; using 25 feet of wall space on each side of the 10 feet entrance hall makes the total capacity about 54,000 volumes. These figures are based on double cases 7½ feet high and 18 inches wide; alleyways 4 feet wide and distance between cases 3 feet, which gives, in working out, 25.9 volumes per square foot of floor space, but which has been taken at 25 to be perfectly safe. Very few large libraries are shelved in this liberal basis of allowance for alleys and spaces between cases. The figures are on the authority of the late William F. Poole, formerly Librarian of the great Public Library of Chicago, and probably the very first authority in the world on the construction of library buildings and the arrangement of their contents.

While the shelving capacity of the one floor of the present library building is easily 54,000 volumes, the number of volumes now stored on that floor is about 14,000, or the easy capacity of the one unused room on the left of the entrance hall. Suppose then, that the room on the right of the hall is retained for its present use, and the rear portion of the floor is partitioned off from the front so as to shut out all noise, there is shelving capacity in the rear room for 25,000 volumes, with ample room for quiet readers. There is no disproving these figures, any intelligent person can work them out.

The bequest of the late George H. Babcock is $10,000; allowing 25 per cent. discount on all purchases of books adds 33⅓ per cent. to this amount, making $13,334 which would not buy on the most liberal of calculations more than 9,000 volumes, and probably would not provide for more than 6,000 volumes of the character designated as scientific, according to the terms of the bequest.

After shelving the 9,000 volumes (provided the entire amount of the bequest was expended in this immediate purchase) there is still space for 16,000 volumes, and also for reading desks. If it should be considered desirable to classify the books into subjects, the present departments of fiction and juvenile could be shelved in a room in the basement, and the space thus vacated given up to the proposed classification, the departments sent to the basements are the popular ones, the work and noise of distribution would follow them, and the seekers after the higher grades of literature could revel in the sepulchral quiet of the main floor.

There are thirteen Free Public Libraries in New Jersey, excluding three small ones which would seriously affect general averages. The statistics of ten are herewith given as being an interesting exhibit of the intellectual tendencies of the principal New Jersey cities:

ELECTED A NEW TRUSTEE.

HENRY M. MAXSON CHOSEN AN OFFICER OF THE SEVENTH-DAYS.

Selected to Fill the Vacancy Left by the Late E. R. Pope—Annual Report Showed Church Finances to be on Sound Baises.

The annual meeting of the congregation of the Seventh-day Baptist church was held yesterday afternoon in the church parlors. The report of the Board of Trustees was read by the secretary of the Board, J. A. Hubbard, who gave a statement of the finances of the church for the past year and an estimate of the expenses for the coming year. The financial condition of the church was shown to be excellent, and the church free from debt. Charles Potter is the president of the Board.

Had the late Elias R. Pope lived, his term as trustee would have expired at this time and so the election of one to take his place was held. Henry M. Maxson was nominated and unanimously elected to the Board of Trustees.

David E. Titsworth acted as chairman of the meeting, and J. D. Spicer, secretary. A committee consisting of William Mosher and G. E. Stillman was appointed to solicit funds for the maintenance of the church for the coming year. The church is supported on voluntary contributions given in the envelope system.

A Still Alarm of Fire.

An overheated stove in one of Guttman's tenement houses on Stiger's alley set fire to the chimney this morning at about 11:30 o'clock. A still alarm was sent in and No. 2 hose wagon responded, under the charge of Assistant Chief Martin, Driver Ross, Louis Dunavan and George Feiring. One extinguisher was used. The damage was slight.

Up-to-Date.

Just tell them that I saw you, 'twill gladden them to know that I can see as well again as in the long ago, and while you're telling them, you may this season advertise—at Collier's I have glasses found that really fit my eyes.

Miss Mary French, daughter of John French, of West Seventh street, has returned from a trip South, where she has spent the past two months.

Members to Be Received by Transfer.

A meeting of Winfield Scott Post, No. 73, G. A. R., will be held tomorrow evening, at which time it is expected that the members from Major Anderson Post, now disbanded, will be received by transfer.

BACK FROM A LONG TRIP.

MR. AND MRS. E. R. ACKERMAN HAVE TRAVELED 10,000 MILES.

Journeyed Through the West Indies, South America and Mexico, and Saw Many Sights—Met Distinguished People.

After a trip of ten thousand miles through the West Indies, South America and Mexico, Mr. and Mrs. Ernest R. Ackerman returned to their home on West Seventh street, Saturday evening. Mr. and Mrs. Ackerman sailed from New York several months ago on the American Line S. S. "Ohio," visiting Bermuda and making short stops at the Danish West Indies, Dominica, St. Christopher, St. Vincent, St. Lucia, Barbadoes and Trinidad. Their first view of South America was at La Guayra, Venezuela, where they landed. They traveled by rail across the Andes to Garacas, where they were granted an audience with President Crespo.

Leaving the South American continent, they sailed north with brief pauses at San Domingo and at Kingston in Jamaica and at the City of Merida in Xucatan. They landed at Vera Cruz and from that Mexican City, traveled by the Mexican Central railroad toward the capital of that country. They found the tropical scenery of that region very beautiful and caught a glimpse of the famous mountain peaks of Popocatepetl and Iztaccihuath while making short stops at Orizaba and Puebla. They found the City of Mexico a wonderful place, especially remarkable for the cleanliness of the streets and town. A week was pleasantly passed there and short outings were enjoyed to the cities of Guadulajara and Zacatecas. They then returned to the United States by rail, reaching Plainfield Saturday evening.

Ex-Mayor and Mrs. Gilbert Home.

Ex-Mayor and Mrs. Alexander Gilbert, of West Eighth street, who have been enjoying a trip through the Holy Land and the Orient, returned home yesterday noon. They arrived on the Fuerst Bismarck and the steamer was docked yesterday morning at 8:30. Mr. and Mrs. Gilbert were absent seventy days and during that time they had only three stormy days. Their trip was in every particular a thoroughly delightful one and they are glad to return to their home and friends. During their absence there was not a single incident to mar the pleasure of the trip.

Jack Tars Gave an Entertainment.

A very enjoyable eentertainment was given in the lecture room of the Seventh-day Baptist church, Saturday evening, by Rev. and Mrs. J. G. Burdick and a number of sailors from the Mizpah Mission, New York. There were songs by Mr. and Mrs. Burdick, and then songs, violin and mandolin selections by the sailors who came from the ocean liners of the Red and White Star lines. A collection was taken for the benefit of the Mission at the close of the entertainment. The entertainment was very good.

Investigating Local Industries.

Deputy State Inspector of Factories and Bakeries J. E. Dunn, of Boonton, Morris county, together with Health Inspector Wm. Addis, of this city, made a tour of the local factories and bakeries Saturday night and Sunday morning. They found everything to be in good condition.

THE BRIGADE REUNION

G. A. R. AND COUNCILMANIC COMMITTEE CONFER AND ARRANGE.

The Use of the Casino Tendered to the Veterans—Exercises to be Held in Reform Hall—An Official Welcome to All.

Unless all signs fail, and there are no prospects that they will, the reunion of the Second N. J. Brigade in this city next Friday will be a noteworthy event. Last Saturday evening the Brigade committee, together with Councilmen Barrows, Leivers and Tolles, met at Grand Army Hall and completed arrangements for the reunion. There was a great deal of enthusiasm evidenced and everyone seemed determined to make the event a success. The fact that the city was represented by three councilmen increased the interest materially. The city officials, feeling the importance of the meeting soon to be held, offered to the committee and their visitors the Casino free of all charge. It was decided after a discussion to hold the business meeting of the Brigade in the Casino in the morning. After the meeting an adjournment will be made to Reform Hall, where a sumptous dinner will be served to the visitors.

Following the banquet, exercises will be held in the upper part of the hall, when speeches will be made by the distinguished officers and members of the Brigade. The Plainfield Cornet Band has been engaged for the occasion, and they will furnish plenty of music all day. They will escort the Brigade from the Casino to Reform Hall, and will be present at the exercises after dinner. It was thought best to hold the exercises in Reform Hall, as the place will hold several hundred people, and will probably accommodate all that will come.

It was suggested that the citizens about town decorate their stores and houses, and no doubt a large number will accept the suggestion. Probably the visitors will be received by Mayor Fisk and several of the city officials. If Mr. Fisk cannot serve his place will no doubt be taken by Councilman Barrows, who has already evidenced a considerable interest in the coming celebration.

Everything now appears to be ready for the reception of the visitors. The finance committee of the Brigade committee stated at the meeting that there had been a generous response on the part of all who had been asked to contribute.

From all indications the reunion promises to be one of the very best yet held. The Brigade decorations which are used every year have been sent to Plainfield from Paterson, and as soon as practicable they will be arranged. The Casino and Reform Hall will be decorated with the material sent to this city.

SCRAP IN PARADISE ALLEY.

Denizens of That Noted Thoroughfare Disagree Among Themselves.

The court room in the city lock-up was stuffier than ever this morning when the regular Monday morning batch of offenders was arraigned before the city judge on various charges, drunk and disorderly being the most in evidence.

James McCauley, coachman, was drunk on Park avenue, Saturday evening, and Sergeant Kiely arrested him. Sentence was suspended on him.

Patrick Lyons was arrested by Patrolman Lunger for trespassing on the railroad. Sentence suspended.

Patrick Hayes was arraigned on the charge of being drunk and disorderly. He was arrested by Patrolman Post. Sentence suspended.

Paradise alley has awakened from its recent lethargy and came into city court again, at least some of its residents did. David McLearnan alias Dave Killoren, was arrested on Saturday afternoon for fighting in the alley. Later Louis Levine made a complaint against McLearnan and William Drake for jumping on his piazza and being otherwise disorderly. The circumstances of the case seem shrouded with mystery at present. Levine brought Chief Grant a stone nearly as large as his head which he said that McLearnan and Drake threw at his head. He wore a big bandage around his head to protect the wound, he said. The arrest was made by Roundsman Flynn. The Judge set the case down for trial for Saturday morning.

Salvation Army.

Ensign and Mrs. Parsons will give a very interesting service of song at the Salvation Army tonight, entitled A Guiding Star or Cassie's Influence, in five chapters. Free to all.

—Mrs. Swift will speak on behalf of the Freedman at the First Presbyterian church next Friday afternoon at 3:30 o'clock.

DR. BARNES' FAREWELL.

END OF THE FIRST METHODIST CHURCH PASTORATE.

The Reverend Explained the Duties of the Ministry and the Essential Qualities That Help Make Their Work a Success.

The First M. E. church was filled with a good-sized audience last evening when Rev. Dr. C. R. Barnes, the pastor, preached a farewell sermon. It was the ending of the conference year and the close of the pastorate of Dr. Barnes in this city. The doctor took for his text Phil. 1:27 28, which reads as follows: "Only let your conversation be as it becometh the Gospel of Christ: that whether I come and see you, or else be absent, I may hear of your affairs, that he stand fast in one Spirit, with one mind striving together for the faith of the Gospel; and in nothing terrified by your adversaries." The doctor then spoke as follows:

"The church at Philippi was very dear to the Apostle Paul beyond that general regard which one might entertain for one's fellow-Christians. He had been privileged more than one to visit them, and they had tenderly ministered to him during his imprisonment.

"The object of the Epistle appears to have been the pouring out of the affectionate and grateful heart of the writer on account of the supply of his need; to express the tender sympathy he entertained for them in their persecutions: and to urge upon them such course of life as was becoming those who were followers of their Lord.

"The pastor of a church sustains very peculiar and tender relations to his people. As a preacher of the Word it is his business to give them wholesome doctrine, so unfolding the Word of Life that his hearers may become wise unto Salvation.

"He is to be the friend of all, rejoicing in their welfare, and sympathizing with their sorrow. He must adapt himself to all the varied phases of human life, and have for every condition the "Word fitly spoken." He should be wise in counsel, gentle in spirit, pure in character, never lacking in faith.

"Called upon to minister under such varied circumstances, his heart becomes enlisted in behalf of his people; and separation from them must cost him pain. In his new field of ministry he misses the old familiar faces, the sympathy, good wishes and confidence of those he has learned to love.

"But true friendship does not depend for its continuance upon the visible presence. Jesus, about to depart from His disciples, said, "Henceforth I call you no longer servants, but friends." And we, who have become friends through love for the Divine Friend, know how to retain and cherish that friendship in spirit.

"One characteristic of friendship is continued interest in each other's welfare. Saint Paul indirectly tells the Phillippians that his good wishes for them were equally hearty, whether he was present with or absent from them.

"Nothing is more natural to the preacher than to preach, and the Apostle cannot refrain from telling his friends how good wishes for them may be realized.

"First—Holy living. 'Only let your conservation be as it becometh the Gospel of Christ.' This was an exhortation to the Philippians to lead holy lives, to so speak and act as to adorn the doctrines they professed to believe. The Gospel should take such hold of men as to mould their living, be an expression of inward faith and affection. Of course, there must be the indwelling life, for any affectation of it will be only a hollow pleasure.

"Second—Mutual concord. 'That ye stand fast in one spirit.' It is not necessary to enlarge upon this essential feature of church success. Envying, jealousies, hatreds, are not for one moment to be thought of in relation to church-life. 'The house divided against itself must fall.' The spirit of concord has characterized your church-life; encourage it. Let the more fortunate care for those who have not had so goodly a heritage. Let the latter rejoice in the former's good fortune. That man is weak who allows difference in temporal things to wean him from another's love. The world is full of class distinctions, but in God's house 'the rich and the poor meet together' as children of the Heavenly Father.

"Third—United activity. 'With one mind striving together for the faith of the Gospel.' What a sad spectacle is the professed Christian, who is never seen in vineyard or battlefield; whose hands are strangers to both sword and sickel!

"Somewhere, there is a work for you to do, a battle for you to fight.

THEIR OPINION OF IT

What Foreign Diplomatists Think of the Dingley Bill.

NATURALLY IT IS UNFAVORABLE.

Canadians Talk of Retaliation—Commercial Warfare With Germany Not Improbable—South American Countries and Reciprocity.

Washington, April 5.—The foreign embassies and legations in Washington are watching the progress of the tariff bill with great care, as it materially affects all commercial nations. Reports are being forwarded to the various foreign offices, and these in turn are being made public abroad for the information of concerns shipping goods to the United States. Naturally the feeling among the diplomats is not favorable to the measure, as it will restrict many of the lines of foreign trade with this country. Among the representatives of the larger countries the expression is general that there will be a large decrease in imports, and that this in turn will be followed by an increase of duties against American goods. The representatives of nations which are most concerned with reciprocity do not regard the reciprocity features of the present bill with favor. Without exception, however, members of the diplomatic corps are refraining from exerting any influence toward keeping down the duties. The principle is accepted on all hands that this government has the right to frame its tariff as it sees fit and that it is purely a domestic affair, with which foreign ministers have no right to concern themselves.

Up to the present time no protests have been filed from any source, although, it is said, certain representations from the Argentine government are on the way to its minister here. Some of the ministers have talked unofficially with Secretary Sherman as to the general character of the bill but they have become satisfied that the executive branch had no desire to exert influence on the legislative branch toward keeping down tariff rates.

The Position of England.

The British embassy strictly adheres to the rule that it has no concern with matters of internal legislation. A full report on the bill is being made to the London foreign office, and the government will take steps to give the widest publicity to the measure as a means of informing English manufacturers of the new conditions with which they must deal. These steps, however, are entirely for the purpose of informing the home government and the people. Although English trade is more affected by the bill than that of any other country, no representations or protests of any kind have been made by the English government. Although Canada is a British colony, it makes its own tariff laws, which operate against England as well as the United States. The talk of retaliation on the part of Canada is confined to Dominion quarters, and such retaliation, if resorted to, would not require the approval of the home government.

At the German embassy no instructions have been received from the home government relative to the tariff bill, and there is no deviation from the view that the formation of the tariff is entirely a domestic matter. At the same time the great strides made by Germany as an industrial nation give special interest to the present legislation, as it will affect many lines of German goods coming to this country. It is considered likely that a commercial warfare will result, which will lead to an increase of tariff rates in Germany. As Austria-Hungary is closely allied with Germany in commerce as well as foreign affairs, it is said that a tariff increase by Germany would be followed by Austria-Hungary and other central European countries.

What France Thinks of It.

The French officials here are awaiting action on the bill by the senate, regarding the present condition of the measure as very imperfect. They take the same view as the British and German officials, that there is no ground for protest, as the tariff is a domestic affair. It is felt that the effect of the bill will be particularly severe on the fine woolen goods and silks coming from France.

Spain's interest in the bill are due mainly to the trade between Cuba and the United States on sugar, tobacco etc. Thus far, however, the officials have been too busy with affairs relating to the insurrection to give much time to the tariff. A report on the bill will be sent to Madrid, mainly for the purposes of information, for here, too, there is no purpose to question the right of every country to make its tariff as it sees fit.

The South American countries are most affected by the reciprocity features. But the ministers from these sections say that little is expected in the way of practical reciprocity from the present measure.

Brazil is mainly affected in its products of coffee, rubber and hides and Argentine Republic in its wool and hides. Press reports from Argentine state that representation concerning the tariff bill have been forwarded to the minister here, but up to the present time they have not been received. The minister, Dr. Merou, has filed no protest, and his talks with government officials here have been unofficial.

The Japanese authorities feel that some of their industries, principally silks, silk handkerchiefs, straw matting and jute rugs will suffer severely by the bill. They have made no protest, however, although the extent of the mutual trade gradually being built up between the two countries may lead to some representations being submitted, mainly for the purpose of information

POTATOES IN MANY STYLES.

The Adventures of a Michigan Statesman in Chicago.

Although he is ordinarily a mild-tempered man, Representative Goodel, of Wayne County, in a fit of righteous indignation, introduced in the Legislature a bill which, he believes, will protect home industries against foreign invasion. The industry he hopes to protect is the American language, and the invader is the French tongue, coupled curiously enough with indigestion.

Mr. Goodel went to Chicago recently and incautiously went into a French restaurant on South Clark street. As he looked over the bill of fare his eye was caught by the phrase "Pommes de terres," underneath which were grouped a number of subdivisions as follows: "Frites," "Au Naturel," "Sautes," "Au Gratin," "En Robe de Chambre." He called the waiter and said:

"Waiter, I will begin with some frites. Have them on the half shell. Then bring a bowl of au naturel. For an ongtray I will take a little sautes, with some au gratin on the side. As the last dish I will partake of some en robe de chambre."

Whereupon, in the order named, fried potatoes, boiled potatoes, sautes potatoes, potatoes au gratin, and potatoes boiled but unpeeled came before Representative Goodel. In order to sustain his alleged knowledge of French Mr. Goodel ate them all. His doctor's bill was large.

A Woman Switch-Tender.

Aunt Sally Carroll, who died the other day at Macon, Ga., in her ninety-sixth year, was a railroad switch-tender for many years. During the war and until a few years ago she did the work alone, and, though there were 100 trains to pass each day, she never had a switch misplaced. She is said to have been the only woman in the United States to hold such a position.—New York Tribune.

Irish Reasoning.

A poor Irishman who was on his deathbed, and who did not seem quite reconciled to the long journey he was going to take, was kindly consoled by a good-natured friend with the commonplace reflection that we must all die once. "Why, my dear, now," rejoined the sick man, "that is the very thing that vexes me. If I could die half a dozen times, I should not mind it."

Varieties of the Word "Mother."

Here are fourteen varieties of the word "mother," all bearing a distinct resemblance: Anglo-Saxon, modor; Persian, Madr; Sanscrit, matr; Greek, meter; Italian, madre; French, mere; Swedish, moder; Danish, the same; Dutch, moeder; German, mutter; Russian, mater; Celtic, mathair; Hebrew, em; Arabic, ami.

CONGRESS AT WORK.

Programme of the House and Senate This Week.

GREAT ACTIVITY IS ANTICIPATED

The Bankruptcy Bill In the Upper Branch Ex-President Cleveland's Forestry Reserve Order to Be Considered—Forecast of the House Proceedings.

Washington, April 5.—The bankruptcy bill will be given first place in the senate programme this week, but it will give way to the appropriation bills after tomorrow if the committee on appropriations reports them then as is expected and urges their consideration.

Senator Lindsay will open the debate on the bankruptcy bill in its favor, and it is presumed that Senator Wilson will follow in opposition.

The appropriation bills will excite more or less debate when taken up, but they are scheduled to pass with comparatively few changes. There has been an effort on the part of some members of the house to impress the senate with the importance of passing these bills as sent over from the house without any change whatever. This suggestion is resented, especially by the appropriations committee, which is determined to make some charges, if only for the purpose of demonstrating the senate's independence of the house.

A few modifications, however, are absolutely necessary. It appears that there is an error of $100,000 in the calculation of totals in the sundry civil bill and that one appropriation for a public building is duplicated. The committees also will restore the provision for opening the Uncompahgre Indian reservation in the Indian bill, but will allow only one claim of gilsenite to each individual, and not two as has been heretofore reported.

Opposition to Forestry Reserve.

The Uncompahgre matter and the question of President Cleveland's order for the creation of forest reservations in the west will occasion debate. The committee probably will make no recommendation in this matter, though there is a possibility that it may be transferred from the sundry civil to the general deficiency bill. The senators from the states affected will make an effort on the floor of the senate to have the provision in regard to this matter restored as it originally passed the senate.

The outlook is that the week will not be a busy one and that the daily sessions will be short. Many senators will be absent. The finance committee will press forward its investigation of the Dingley tariff bill, and the various parties will continue their efforts to reach an understanding on the organization of the senate committees. Some attention may be given to the arbitration treaty in executive session, but there will not be any effort to get a vote upon it during the week.

Forecast of the House.

The house, in pursuance of the waiting policy mapped out by the leaders, adjourned until Wednesday, and on that day will immediately adjourn again for three days, the constitutional limit of adjournment without the consent of the senate. Many of the members have gone home, subject to call in the event they should be needed.

In case the president should decide to ask congress for special legislation for the relief of the Mississippi flood sufferers, as it is anticipated he may, the proceedings on Wednesday may be more interesting. Any legislation which may be proposed in the present situation would be blocked by a single objection, and while it is not likely that there would be captious opposition to a bill which would appeal so directly to the sympathy of congress an objection might be made. This would necessitate a special order from the committee on rules for its consideration and all the attendant complications.

Dr. Barrows Will Be Well Received.

Boston, April 5.—Dr. Jacob Chamberlain, having returned to his old station and his former work in India, writes to the American Bible society that committees of reception have been formed from all classes and creeds to greet Dr. Barrows of Chicago, whose office of president of the world's parliament of religions secured for him immense audiences in all the large cities. "The Bible and Christianity are more talked about among all classes of natives and more written about in their newspapers," says Dr. Chamberlain, "than in all my 37 years of Indian experience."

Turkey Can't Afford an Embassy.

Washington, April 5.—The state department has received notice from the Turkish government that it finds it inconvenient to raise the grade of its mission in Washington to that of an embassy on account of the increased expense which would thereby be incurred. This decision of the Turkish government will prevent the president under the existing law from nominating ex-Secretary John W. Foster as embassador to Constantinople, as it is understood was his desire.

Big Fire In Cincinnati.

Cincinnati, April 5.—George F. Otte company's carpet store on the south side of Fourth street has been destroyed by fire, and the entire stock, valued at $300,000 and insured for $150,000 was burned in less than two hours. 000, was burned in less than two hours. was burned out, and the rear wall fell into Baker alley. The total loss to stock and building will be $400,000. The buildings belong to the Eckstein estate and are fully insured.

Powers Order Cretan Insurgents Shot.

Khania, Island of Crete, April 5.—The European troops guard the gates of the town. The Arab quarter also is surrounded by European pickets. A proclamation has been issued announcing that all who refuse to yield up their arms will be shot. In response to this only 100 have as yet surrendered their arms. The insurgents have succeeded in exploding dynamite cartridges under the walls of the fort at Kissamo.

Chicagoans to Attend Grant Ceremonial.

Chicago, April 5.—The members of Governor Tanner's staff met last evening at the Great Northern hotel and decided to make the trip to New York on the occasion of the dedication of the Grant monument. The exercises will take place April 27, and it was decided that the governor and his staff will leave Chicago for New York April 24.

Chronic Rheumatism Cured

Dr. H. B. Hettinger, Indiannapolis, Ind., says: "For several months after spraining my ankle I was severely afflicted with Rheumatism. I finally tried Detchon's 'Mystic Cure' for Rheumatism, and in four days could walk without my cane; two bottles cured me sound and well. I take pleasure in recommending the 'Mystic Cure' to all who are afflicted with Rheumatism." Sold by T. S. Armstrong, druggist, corner Park and North avenues, Plainfield.

FEMALE SUFFRAGE.

Miss Phoebe Cousins Has Abandoned the Cause She Has so Long Advocated.

Chicago, April 5.—The Chronicle prints a special from its St. Louis correspondent to the effect that Miss Phoebe Cousins has abandoned the female suffragists, to whose welfare she has devoted a lifetime. Continuing the correspondent said:

"Brought back from California through the kindness of friends on an invalid's chair, she lies on a bed racked with pain and so stricken with her enemy, rheumatism, that she will probably never rise again." A visitor asked her what progress, if any, she thought woman suffrage was making. Her reply was startling, for the visitor was not prepared for either its vehemence or the revelations which were made.

"Three times I have seen women under fire," she said slowly and emphatically, "and as many times I have seen them fall ignominously. I presume this will be looked upon as treason, but the conclusion is reached from long experience, close observation and rare opportunities, such as has been accorded to few women. Moreover, I look upon the outside life, impelled by necessity, as in a majority of cases to be simply experimental. It cannot be conclusive, for the vast majority of women prefer the quiet domestic life, while man by nature seeks the conflicts of the outer world. Woman in public life will never prove satisfactory. She is naturally a homekeeper. I would advise all young women to marry and become homekeepers."

RAMSAY'S RETIREMENT.

Veteran Rear Admiral Relieved of Active Service Under the Age Limit.

Washington, April 5.—Rear Admiral Francis M. Ramsay, holding the most important office in the naval service, that of chief of the bureau of navigation, has been retired on account of age.

He was born 62 years ago in Washington, coming from military stock, his father having been a general in the United States army. He was a graduate of the naval academy, and his first sea service was on the frigate St. Lawrence, in 1856. During the civil war Lieutenant Ramsay distinguished himself by his bravery and energy in many of the important naval actions, first in the lower Mississippi and later on the south Atlantic coast, at Fisher and elsewhere.

One of his most important commands was that of New York navy yard, and from that place he was transferred in 1889 to the navigation bureau as chief to succeed Admiral Walker. He has discharged the manifold and responsible duties of this place with a display of good judgment and fairness, as was evidenced in his reappointment for another term of four years in 1893, and altogether the retiring admiral has been one of the most progressive and energetic officers in our naval service.

GOVERNOR DANIELS' SCHEME.

An Organization Forming to Promote His Plan of Taxing Millionaires.

Topeka, April 5.—Ex-Lieutenant Governor Percy Daniels has succeeded in interesting most of the leading Democrat-Populist statesmen of Kansas in an organization the object of which is to operate a bureau of information concerning his scheme to tax inordinate wealth and ultimately to secure an amendment to the federal constitution giving congress the power to levy such a tax.

The organization is now working on a plan to arouse public interest all over the country on this subject. The Kansas legislature took up the question at its recent session and adopted a resolution asking congress to submit a proposition to amend the federal constitution providing for a tax on inordinate wealth to a vote of the people. The legislatures of all other states will be asked to adopt similar resolutions.

The promoters of the idea do not expect to accomplish the object sought immediately, but believe that by a proper management the people might secure a vote on such a proposition in 1900.

The correspondence throughout various sections of the country is already enormous. The promoters of this scheme look for local organizations to spring up throughout the nation and make a national organization that will sweep the country as the Farmers' Alliance did the west a few years ago.

Sequel to the Peck Divorce Suit.

Nyack, N. Y., April 5.—Mrs. John Peck, wife of a prominent brickmaker at Haverstraw, has entered suit against Mrs. James Scott, a wealthy widow of that place, whose husband was a brick manufacturer, for $50,000 for the alienation of her husband's affections. Complaint has been served and the case will be tried in the Rockland county supreme court in May. Mrs. Scott denies all the charges and says it is a case of blackmail. It is expected that the suit will be one of the most sensational ever tried in the county. In Judge Hirschburg's court at Newburg the fact was developed that Mr. Peck is now in North Dakota seeking a divorce from his wife, and the present suit is one of the side issues connected with the divorce proceedings.

Peru Releases Ramsay.

Lima, April 5.—Ramsay, the American sailor who was arrested in the early part of the year at Callao on the charge of disorderly conduct, confined and subsequently sentenced to a year's imprisonment without such legal trial as is provided for in the treaty between Peru and the United States and whose sentence was commuted last week to four months' imprisonment from Jan. 12, has been released by order of the superior court of appeal.

A Notable Murder Trial.

Charleston, W. Va., April 5.—The preliminary trial of Annie Light and Malissa and Virgie Nunly, charged with murdering Myrtle Eggleston, a cousin of Mrs. Light, has begun, with ex-Governor Wilson appearing for the defense. Virgie Nunly, one of the accused, is only 15 years old. Owing to the atrocity of the crime the case will attract much attention.

The Uprising In Guinea.

London, April 5.—The Times this morning publishes a dispatch from its Lisbon correspondent, who says that the uprising of the natives in Guinea is not expected to have serious consequences. It is believed that the Portugese government has a sufficient force in the country to maintain order.

LEVEES BREAK AGAIN

The Mississippi's Angry Waters Continue to Rise.

FERTILE FARM LANDS ARE FLOODED.

The Latest Crevasse at Flower Lake the Most Disastrous In the Delta Thus Far—Many Towns Submerged. Floods In the West.

Memphis, April 5.—Another disastrous break in the Mississippi levee has occurred at Flower Lake, six miles below Tunica, Miss. The crevasse, which is not yet of great width, is fully 15 feet deep, and the water is pouring through the opening with fearful velocity. This probably will be the most destructive break that has occurred in the delta. The most fertile farm lands of Mississippi, lying in Coahoma, Laflore, Quitman and Tallahachie counties, in the northern portion of the state, will be inundated, and the newly planted corn crops will be laid waste. Fortunately no loss of life is reported, the inhabitants of this stricken section having made preparations for just such a catastrophe as now exists. The condition of the poorer classes throughout the flooded area is indeed critical. Thousands of refugees are being huddled in levees and spots of land waiting for relief.

The towns of Rosedale and Tunica report that everything possible is being done for these poor people, but that funds and provisions are fast becoming exhausted. In the little city of Rosedale alone 1,200 refugees are being cared for by the citizens. Half a hundred towns now stand in six feet of water, and the yellow stream is creeping up slowly but surely.

Advices just received tell of a break in the levee 10 miles south of Helena, Ark. This is the levee for which the people of southeastern Arkansas have made such a desperate fight. The waters from this break will flood a great area and in all probability will back up into the streets of Helena.

Relief Steamer Arrives.

The relief steamer Ora Lee has arrived at Marianna, Ark., having made an expedition up the St. Francis river. There were on board 160 refugees and 200 head of cattle. The steamer went up the St. Francis river as far as Cutoff and then worked her way down stream, rescuing people from perilous positions.

The suffering along the St. Francis river is appalling. The water throughout the entire neighboring country is from 6 to 15 feet deep. The relief boat had on board the body of Mrs. McMain of Raggio City. The body was found at Raggio, and it was taken to Mariana for burial, there being no land at the former place on which to give it interment.

The St. Francis is rising from 3 to 5 inches daily. At Memphis the river is slowly rising again, the gauge registering 36.4 feet. This is a rise of one-tenth since the last report. At points below Vicksburg the river is rising. It is the general opinion of old river men here that if the levees below Vicksburg hold the vast volume of water in its regular channel it will be little short of miraculous.

Grand River Still Rising.

Trenton, Mo., April 5.—Grand river is still coming up, and the bottoms are completely under water, causing much damage. Waldon bridge, four miles northwest has been washed out and considerable timber of the Quincy Omaha and Kansas City railroad extension has been lost. The baseball park is completely submerged. Manager Winslow of the waterworks system has received a telephone message from the power station that water was running through the walls and that if the flood was any higher they would have to vacate, leaving the city without any water supply. Six young men on horseback attempted to cross the bottoms west of town and were swept from their horses. Three got safely to land. The other three floated down stream, but were rescued from the tree tops.

James River on the Rampage.

Yankton, S. D., April 5.—Four inches of rain has fallen during the last week, and it is still falling. James river, the longest unnavigable river in the world, is now on a rampage, covering the bottom lands from bluff to bluff and threatening to wash away the Great Northern, Northwestern and Milwaukee railroad bridges which cross the stream at this place. Over three miles of track of each road has washed out so far, thus placing Yankton without railroad facilities. The river is still rising rapidly, promising general destruction throughout the James river valley. Farmers as a rule have vacated their houses, and those still remaining are now being moved by boats. It is thought here that the worst of the flood is yet to come.

The River Rising at New Orleans.

New Orleans, April 5.—The river is rising and is now within one-tenth of a foot of the highest water ever previously recorded. Heavy rains have occurred in the past 24 hours in the watersheds of the Arkansas, Cumberland and Tennessee and along the central Mississippi river. Heavy rains or snows have occurred in the upper Missouri and light rains in the upper and lower Mississippi and Ohio rivers. The Mississippi has risen from St. Paul to the mouth except at Keokuk, St. Louis and Vicksburg It is above the danger line at St. Paul and Lacrosse.

Middlesboro Again Flooded.

Middlesboro, Ky., April 5.—Middlesboro is again flooded. The water is four inches higher than in the flood five weeks ago. Most of the stores in Cumberland avenue are flooded. Sixty-five families have been washed out, and 300 people are being fed by the city. Boats are plying on the principal streets. At Pineville the Cumberland river is rising three feet per hour. West Pineville is under water. Clinch and Powell rivers are flooding the entire country.

Well Known Physician's Suicide.

Chicago, April 5.—Dr. J. H. Walton 30 years old, a well known physician of Dubuque, Ia., committed suicide in Lincoln park by cutting his throat with a razor. The act was done before the eyes of hundreds of people along the Lake Shore drive and while the doctor was walking with one of his most intimate friends, Dr. E. S. Lindsay, also of Dubuque.

WORDS FITLY SPOKEN.

It has always been a matter for favorable comment that the local ministry have acted with marked unanimity in affairs of general religious interest, and at all times have maintained a spirit of brotherly love and interest in one another's work irrespective of the denomination and tenets with which they are identified. And it was in entire keeping with this feeling when Rev. Cornelius Schenck, pastor of Trinity Reformed church, in his prayer, last night, petitioned the Heavenly Father to extend to Rev. C. R. Barnes, who was at that moment about to say his farewell words to the First Methodist church, the Christian fortitude, grace and encouragement necessary for him to work with as much success in a new field of effort as he had in Plainfield.

HOT SHOT FOR ROLL.

It is doubtful if Union county ever had an Assemblyman who has made a record more unenviable than that of Martin Roll. His apparent favoritism to railroad corporations has not only met the severe criticism of the Democratic party, but of the Republican press as well. The latest "shot" is the following printed in the Newark Call:

Martin Roll, the Assemblyman who was notorious throughout the session as the slavish creature of the railroads, lives in a township which has no railroad, and when he goes abroad he has to walk or drive.

NO SUNSET ELECTION LAW.

The sunset law is not a law, after all. The bill to close the polls at 5 o'clock was passed, but was recalled for an amendment making it effective after July 1 instead of immediately. This was to relieve the townships, but in the haste at the end, the bill did not pass a second time, and so there will be the usual time to vote next November.

The Connecticut Senate has voted to repeal the law under which a person arrested for drunkenness could be compelled to tell where he obtained the liquor under penalty of commitment for contempt.

THIEF RODE TWO MILES.

Then Repented and Returned the Bicycle to Its Rightful Owner.

L. Bojenhard Eskesen and brother rode to Plainfield Saturday afternoon from their home in Mattawan to see a friend living at 335 Carleton avenue. The brother rode his new Winton wheel which he had purchased the day before from a dealer in Trenton for $100. At 7:50 o'clock, they left the two wheels standing on the piazza. Twenty minutes later, they came out to find that some one had been there before them and the new wheel was gone.

Chief Grant was notified and, in turn, notified all the police departments in the neighborhood. Perhaps the thief heard of that, for in the morning the missing wheel was standing in the yard, the cyclometer showing that it had been ridden two miles. The tool-bag had been emptied of its contents and the seat with post attached had also been removed. The police were told of the discovery and the owner of the wheel rejoiced.

About Dependent Children.

A meeting of the Organized Aid Association will be held in the lecture hall of Crescent Avenue church on Monday evening next at 8 o'clock. Mrs. Williamson, secretary of the State Charities' Association, will give an address upon "Dependent Children of the State."

Fillmore Held For the Grand Jury.

Alec Fillmore, the alleged horse-thief, was brought before Justice Nash for a hearing Saturday afternoon and held in $300 bail to appear before the grand jury. As he could not furnish the bail, he was committed to the Somerset county jail at Somerville.

John R. Mott, F. S. Brockman, and Gilbert A. Beaver, College Secretaries of the International Committee of the Young Men's Christian Association, were entertained over Sunday by William D. Murray, of West Ninth street. Mr. Murray is chairman of the Committee on Foreign Work.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way.

Lawyer Robert Clark is confined to his home by illness.

Chief T. O. Doane, of the fire department, is in Newark today.

Mrs. Quick, of Newark, formerly of Plainfield, is visiting friends in town.

George Ween, of the Pond Tool Works, is confined to his home with the grip.

Miss Grace Yerkes, daughter of the Rev. Dr. Yerkes, is visiting friends in Baltimore.

Isaac Mekeel, of St. Louis, has been visiting at the home of A. W. Haviland, of Rockview avenue.

Mrs. Samuel Dunn and daughters, formerly of Plainfield, have been stopping in town for a few days.

Miss Sarah A. Price, of Dover Plains, is a guest at the home of Mr. and Mrs. J. E. Townsend, of Craig place.

Miss Mary Elliott, of Grove street, has returned after a visit to the home of the Rev. Garrett Conover, of Hawthorne.

Miss May Grimms, of Pittsburg, Pa., and Miss Maude Hazeltine, of New York, visited friends in this city, yesterday.

Miss J. Louise Jenkins, of West Second street, has returned home after a visit of several weeks in Brooklyn and Long Island.

Miss Sherwin, of West Fourth street, who has been ill for several weeks, has resumed her duties at the University of Chicago.

L. H. Levinson, a popular young man of South River, has accepted a position as clerk in Werner's West Front street clothing house.

Miss Holly, Miss Squires and Miss Phillips, of Somerset street, have taken up their residence in the Voehl building on East Front street.

Word has been received from Charleston, S. C., that Rev. Mr. Appleton, assistant rector of the Grace P. E. church, has slightly recovered from his sharp attack of the grip.

—Mrs. William G. Choate, president of the New York Exchange for Woman's Work, will speak before the association of the Plainfield Exchange for Woman's Work, this week. The date will be given later. Mrs. Choate will be the guest of Mrs. David Rowland, of West Seventh street.

Walter B. Rittenhouse, of East Sixth street, did not return last week to Plainfield from Steven's Institute to spend Saturday and Sunday as usual on account of the press of studies. The examinations will be held all this week, and then the college boys will be given their spring vacation. Rittenhouse will spend most of it in touring with two college chums on a Wolfe American triplet, which was on exhibition at the cycle show last February. Robert Hondloser, who is well-known in this city, will be one of the party.

Will Stay in the Crew.

Raymond A. McGee, of Yale University, returned to Plainfield, Saturday afternoon, to spend Sunday at his home on Orchard place, Washington Park. McGee will be unable to return during the Easter vacation as all the members of the freshmen crew, of which he is one, will remain in New Haven during the holiday to train. McGee has decided to give up his trip with the glee club during the vacation and train with the crew instead. He is the heaviest man on the crew and one of the leading candidates.

John R. Mott Speaks.

John R. Mott, Secretary of the Worlds Students' Federation, spoke at the Crescent Avenue church last evening before a large and interested audience. He gave a sketch of the movement he represents and his remarks enlisted the sympathies of all who heard him. Mr. Mott did not speak at the Y. M. C. A. building yesterday afternoon as was expected, but an opportunity was given all to hear him last evening.

In Chinese Costume.

The Christian Endeavor Society of the Congregational church, instead of holding their regular prayer meeting, last night, had the pleasure of listening to a talk on Chinese manners and customs by Miss Elizabeth Upham Yates, so well known in Plainfield as a charming speaker. Miss Yates wore a very handsome Chinese costume, such as worn by a lady of quality, and had with her a number of Chinese curios.

A New Hat For the Chief.

In the resolution offered at the meeting of the Borough Council Friday evening which provided for the purchase of uniforms and caps for the marshals, no provision was made for the purchase of a new hat for the chief marshal. Mr. Wilson certainly needs a new hat, and it should have been included in the general order.

Conference Opens Tomorrow.

The annual conference of the Methodist church will be held in Newark this week. The session will open tomorrow. A number of young people from this city will attend the meetings.

RUNS BY THE WHOLESALE

TWENTY-SEVEN HOME PLATE TOUCHERS WON THE BALL GAME.

The Season's Sport on the Diamond Opened Saturday Between Local School Teams— The Players and the Score.

The baseball season was inaugurated in Plainfield Saturday afternoon with an exciting game between the rival nines from the Plainfield High School and Leal's School. The Leal's School team finally won by one run made in the ninth inning. The game was played on the old Y. M. C. A. field, near Washington avenue.

The game was replete with exciting incidents. The small boys from the two schools were out in force and shouted themselves hoarse over the respective merits of ther teams. There were quite a number of other spectators. The catcher for the Leal's team, Bert Moore, was unable to play on account of a sprained thumb, and so a local player from outside the school was placed in that position. White, the pitcher for that team, was an easy thing, and the High School boys had lots of fun with him, making three-base hits and home runs as if they were everyday occurrences. After two innings White was removed from the box and Rockwell, one of the nine of the New York Military Academy at Sing Sing, who was home on his vacation, was taken from shortstop and pitched against the Plainfielders. His curves were rather more puzzling than his predecessor and to him the Leal boys mainly owe their victory.

The High School team was composed of the regular candidates for the team. Their fielding was often rather off color, but they did very well considering the fact that they have had no practice before. There were errors on both sides, but there was lots of fun and so that made up for it. The High School boys led from the start up to the last inning, when the Leal boys finally tied them in the last inning, Honeyman making the run to tie the score and Boone winning the game by crossing the plate for the twenty-seventh run.

Sutphen pitched well for the High School, while Lederer did good work in the position of catcher. White, of the Leal School team, won the honors for difficult catches.

The teams were composed of the following:

High School.		Leal's School.
Lederer, capt.	catcher	Enright
Sutphen	pitcher	White
Smith	1st base	Boone
Deane	2d base	Stevenson, capt
Craig	3d base	Curren
Fisher	shortstop	Rockwell
Sebring	left field	Dumont
Coriell	center field	Honeyman
Long	right field	Taylor

Score by innings:

Leal's	2	4	7	1	0	4	1	5	3	—27
High School	5	1	3	2	2	0	0	1	3	0—26

A WOMAN FOLLOWED.

A Westfield Girl's Experience of Fright at Tommy, the Bum's, Actions.

Miss Alice Barton, a Westfield girl, living with her parents in Elm street, in that town, had an experience last evening that she will not soon forget. She left her brother's in North avenue about 8:30 o'clock, and was on her way home, when "Tommy, the bum," a demented tramp, espied her and began to follow her. As soon as Miss Barton discovered that she was being followed she began to scream and ran up Elm street, and "Tommy" gave chase.

He had gained so much upon her by the time they had arrived in front of Mrs. MacQuoid's, that Miss Barton rushed in there for safety and later was escorted home.

"Tommy, the bum," as he is called, is a drunken, demented fellow, who makes periodical calls there, but usually stays only a day or so, but this time he was given employment by one of the local newspapers.

Miss Barton is only recently recovered from a serious illness, and is almost prostrated from fright. It is more than likely that a complaint will be made against her pursuer if he has not already left town.

Sunday-School Officers Chosen.

The annual meeting of the Sabbath-school of the Seventh-day Baptist church was held yesterday afternoon in the Sabbath-school rooms. The officers of the school made their reports, showing that progress had been made in all the different lines of work. The election of officers was then held and resulted as follows: Superintendent, D. E. Titsworth; assistant superintendents, Henry M. Maxson and Asa F. Randolph; secretary, Frank J. Hubbard; treasurer, Arthur J. Spicer; librarian, Sydney R. Titsworth.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

Young housewives may depend on Cleveland's baking powder. It does the work just right every time. "I have used Cleveland's baking powder over 25 years—it never disappoints."—Mrs. D. E.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure.

DUNELLEN AND NEW MARKET.

William Zielenbach, of New York city, was in town over Sunday.

Thomas Cady, of Jersey City, visited among friends here, yesterday.

William Wilhelm spent Sunday among his folks at Phillipsburg, this State.

William Conley spent Sunday with his uncle, John Conley, of Watchung avenue, Plainfield.

Mr. and Mrs. Windhoup, of Westfield, have been enjoying a visit with Mr. and Mrs. Paul Kratzel, of the Main street.

Mrs. Henry Lyons and children are spending a few days with Mrs. Lyons' sister, Miss Josie Butcher, of West Fourth street, Plainfield.

Lenten services, with sermon and benediction, were conducted in St. John's R. C. church yesterday morning, by Rev. Father Bogard, of Somerville.

The new and attractive directory in the postoffice turns out to be of great benefit to the traveling public, many of whom drop in to consult it with reference to Plainfield and Dunellen merchants.

A large number of Newark bicyclists were in town yesterday. Some of them dinnered at the Park Hotel and some at Taylor's. They made a bee line for home when it begun to sprinkle a bit.

W. H. Carman has not yet definitely ascertained who poisoned his very valuable hunting dog a few days ago. One or two persons he has under surveilance, but positive evidence is yet wanting to convict.

The Emerydale station is now giving better satisfaction because it is kept open during the evening. Last night when the rain started in a dozen or more waiting passengers found shelter there at one time.

Real estate Broker Eugene Runyon, *reports several lookers* for houses of moderate size. This is one thing Dunellen is as least lacking in. There are several larger and more expensive houses in the market, but the rent is beyond the income of the middle and laboring classes.

It is thought that the managers of the Dunellen Athletic Association are a trifle derelict in getting together their ball team, if they expect to put one in the field this season. All along that has been the intention, but the season for team practice is here, and the matter lays about where it did a month ago.

The mountain fires which have been burning north and west from here for the past week were pronounced out, yesterday. Saturday afternoon the farmers turned out and beat out the flames with fence rails. The total loss cannot be estimated, but it will be mostly on fences and young growing trees.

SCOTCH PLAINS.

That large consignment of Spanish oranges, purchased by W. H. Turton, are finding a ready sale.

George Thatcher and Miss Mamie Thatcher were guests of Mr. and Mrs. W. S. Emery, yesterday afternoon.

Missionary Sunday was most appropriately observed in both the Methodist and Baptist churches, yesterday.

Lyness Walpole has returned from a four days' trip to Bristol, Conn. He reports brook trout fishing excellent there.

By actual count 184 bicyclists, many of whom were ladies, passed a given point at the Plains yesterday afternoon in just 30 minutes.

The well at the public school is still dry, and drinking water for the pupils is carried from neighboring pumps, which are holding out.

Union evangelistic services were held in the M. E. church last evening, in charge of the Rev. Mr. Braker, pastor of the Baptist church.

The farmers hereabouts have been praying for rain—and an abundance of it they need, too, to help them out with their Spring crops and planting.

Yesterday was an unusually quiet day about the Italian rookery on East Front street. Aside from a few preliminary scraps among the younger element, the day was uneventful there.

People still linger around the scene of the late explosion during the day and with hoes, pickaxes and shovels, turn over the wreckage. The more timid and conservative residents stand some distance away, when the picks are wedged into the debris.

The post office was on the move again Saturday evening, soon after 8 o'clock. The office fixtures and all other appurtenances were soon moved from temporary quarters in the Baptist church building, back to the vacant James A. Baker store. The entire removal was accomplished in less than two hours.

Isodora Castro Britain, after an absence of some four years, spent mostly in Cuba and Key West, Fla., was at the Plains yesterday afternoon looking up his old friends and acquaintances. He is stopping with his father, Bennett Britain, on West Front street, and expects to engage in business in Newark within a few days.

THEATRICAL.

"The Old Homestead" with its delicious story of New England farm life is to be seen at Music Hall tomorrow night. The play has always been a favorite and its far-reaching effect for good has never been questioned. One never tires of seeing it, and possibly no other play has afforded such wholesome amusement as this faithful portrayal of New England life and incident. Although seen here several times, it still retains its original interest and charm. The presentation will be by the same efficient company as on its last visit. Archie Boyd returns to the character of "Joshua Whitcomb," W. M. Cressy will be seen as "Cy Prime," Marie Kimball as "Aunt Matilda" and Fred. Clare as "Happy Jack," the tramp. Adequately staged, as is the custom with this organization, a well rounded performance can be relied upon by its host of admirers. The harmonizing features by the famous double quartette are especially interesting in the old fashioned melodies.

NAVAL RESERVE NOTES.

Items of Interest to the Jack Tars of New Jersey.

This evening inspection of uniforms, equipment and stores will be held on board the Plymouth and the battalion will be called to fire quarters. The first call will be sounded at 7:55 p. m. and the assembly at 8 o'clock.

A number of applications are now on the list for admission to the various divisions from Plainfield, Westfield and the surrounding towns. These applicants must pass a physical examination and their names are then presented to the division to which they apply by a committee. They are admitted by a majority vote.

The regular weekly drills of the divisions and petty officers and special classes were discontinued with the close of March, the last drill being that of the second division on Wednesday of this week. At that drill a large number of visitors were in attendance. Exhibition exercises were given with revolver, cuttars, rifle and rapid fire guns.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

WESTFIELD

EFFORT TO ENFORCE LAW

CHRISTIAN CITIZENS' LEAGUE TO BE ORGANIZED IN WESTFIELD.

Its Work Will be to Secure Temperance Legislation and Enforce Sunday Observance—Other Westfield Notes.

"Christian Citizens' League" is the temporay name of a new organization that will hold a meeting soon to perfect the organization and get the machine in working order. Its work will be to secure temperence legislation and a stringent enforcement of the Sunday observance regulations. The W. C. T. U. will be asked to cooperate with the League. The gentlemen affiliated with the preliminary organization are: E. N. Brown, chairman; E. L. Taylor, secretary; George W. Cross, J. E. Brewer and Charles McDongal, of the Presbyterian church; E. L. Taylor, W. S. Welch and F. P. Kelley, of the Methodist church; A. F. Grant, C. A. Decker and C. B. Hann, of the Baptist church.

The School Board meets tomorrow evening.

There is another case of diptheria reported in South Broad street.

Mrs. J. T. Ellis gave a gospel temperence talk in the Presbyterian church last evening.

The Woman's Association of the Congregational church met this afternoon at 3 o'clock, at the residence of Mrs. A. L. Russell, in Park street.

The annual meeting of the "Mission Circle" of the Methodist church will be held at 3 o'clock tomorrow afternoon at the residence of Mrs. E. A. Brainard.

Miss Josephie Walsh, daughter of Mr. and Mrs. James Walsh, of Garwood, died of consumption Saturday morning at the age of 17 years. The funeral took place at the residence of her parents at 10 o'clock this forenoon.

Charles Clark, of the firm Crane & Clark, gents furnishers, Plainfield, opened his Westfield store Saturday evening in the Kurzhall block, in Elm street. He has a full line of hats, caps, trunks, valises, umbrellas, pants, bicycle-hose, sweaters and neckware.

Mrs. E. C. Hart and her pupils will give a recital tomorrow evening in Westfield Club Hall. Mrs. Hart's ability as a performer is widely know and a musical feast is in store for those who attend. She will be assisted by the Arion quartette and Miss Anna D. Cooper, a public reader of rare merit.

The C. & C., Electric Company, of Garwood, closed down last Friday through lack of work. It posted a notice Thursday notyfying all employes that they were discharged and requesting them to keep away from the premises until the first of May. This is the first time in over two years for the C. & C. to shut down.

Rev. W. H. Ruth, pastor of the Methodist church, preached an eloquent sermon yesterday morning, the last of the conference year. The pastor leaves tomorrow to attend conference, which sets in Newark. The church has issued a unanimous call to have Mr. Ruth returned to them, and as he has done so much good in building up the church, it is quite likely that he will be sent back.

The annual meeting of the Children's Home Association will be held in the parlors of the Baptist church tomorrow evening. The reports of the officers will be read and an address will be made by Dr. Annie S. Daniel, of the New York Hospital for women and children. All who have contributed $2 are a member of the association and if you are not a member an invitation will be cordially extended to you.

THE MIRROR OF LIFE.

Do you wish for kindness? Be kind.
Do you long for truth? Be true.
What you give of yours if, you find
Your world is a reflex of you.

For life is a mirror. You smile,
And a smile is your sure return.
Bear hate in your heart and erewhile
All your world with hatred will burn.

Set love against love. Every deed
Shall armed as a fate recoil
You shall gather your fruit from the seed
That you cast yourself in the soil.

Each act is a separate link
In the chain of your weal or your woe;
Cups you offer another to drink,
The taste of their dregs you shall know.

THE EDITOR'S WIFE.

Great was the consternation when the rumor was circulated through the office that Harding was to be married—"actually married to a woman," as Edkins remarked, in a voice of mingled pity and contempt, as he imparted the news to Judkins, the night editor.

Every one was disgusted, for wasn't Harding the exclusive property of the Advocate's men?

And to share him with any woman was beyond all question.

"Fun's all up," dolefully remarked Judkins, as he buried his hands deep in his pockets, and blessed his stars for his own unattached condition.

"Just imagine Harding's rooms with a woman in 'em," in a voice of utter contempt. "No more midnight gatherings there, my boy; no Welsh rarebit, no cards, with a seasoning of smoke—oh, hang it, no nothing. Tidies, and ribbon, and bric-a-brac, and goodness knows what, wherever you step. Just a little call, and 'Good evening, Mrs. Harding; no, can't stop, have an assignment,' and off, leaving Harding trying to look happy, with a silk scarf twisted round his neck, and his feet plumb up against some other work of art. Hang it, what is the man thinking of?" and Judkins started up as if he would go to the protection of his misguided fellow editor.

But that same misguided young man seemed in no apparent need of protection, for he laughed and joked with the boys in his old-time manner, and when Judkins's dismal prognostications were related to him his amusement knew no bounds. Then and there he invited them to just come up and see, when he was married, for "I'll warrant you," he said, "that Mrs. H. will prove a strong rival to my box of Arcadian mixture, to which Edkins is so attached, and every blessed one of you will wish you were in my shoes before the first evening is over, for"—and here Harding, for the first time in the history of the office, descended to the trite and commonplace—"she isn't like other girls, you know—she——"

But here an explosion of pent-up wrath burst from the group, and Harding was suddenly ejected from the office, and as he stared blankly at the closed doors, behind which came most undignified sounds, he was heard to murmur:

"I wonder what I said," which goes to prove that even a callous editor is sometimes human.

* * * * *

But this was all a year ago. Now Harding was safely married. The boys were sure of that. As a proof of their devotion they had suffered themselves to appear in evening dress at the wedding; had been properly presented to the bride as "the boys, you know," and after paying due attention to the pretty bridesmaids, they had retired to the office, and there held secret conclave over glasses and pipes, and there early morning had found them, still wondering how any sane man could be so insane as Harding had been.

* * * * *

Now things were different. "She isn't like other women," Judkins had reluctantly admitted after their first call.

"She really isn't, you know; and I guess, after all, it won't be so bad. She's almost one of us, you know, only somehow better and sweeter, and all that, and I shouldn't wonder if we'd better ease up a little on Harding."

And so, to quote Judkins, she was "almost one of them."

Harding's rooms had never seemed so hospitable as now, his big chairs never so tempting, and nights when the boys couldn't drop in for a moment's chat, at least, were off nights with them.

"I tell you it braces a fellow up," Edkins explained, in apology, the second time Judkins found him there.

"She's so awfully interested in all that we do, you know, and gives a fellow lots of tips. She ought to be on the paper herself, and I told her so, but, bless you, she blushed, and asked if I didn't think that she was better adapted to making chocolate, and handed me a cup, just as I like it, and as no one else on earth can make it but she."

"That finished you, old boy, of course," and Judkins laughed.

"But, honestly, you're right. Harding has improved wonderfully and your pet column has gone up 50 per cent., and the society stuff isn't half as tame.

"We're almost up to the Vindicator now, and if it wasn't for the confounded scoops they get on us we'd lead the town; but I say, Ed"—and here Judkins paused and glanced down the street, as if he feared the approach of some one—"it seems kind of mean to say it, but did you ever think that Harding isn't just square with his wife, but makes deals with that woman on the Vindicator staff?

"No, I'm not crazy," as his companion stopped short and faced him.

"I've been looking this thing up, and if it wasn't for Mrs. H. I'd give the town the biggest sensation in years.

"It would mean discharge to Harding and promotion to me, and, hang it, if it isn't a temptation. But there is that wife of his; somehow"—and he spoke slowly—"somehow I don't like to hurt her.

"Oh! yes, I've got facts," as Edkins started to interrupt him.

"Mat upset the waste basket on my desk one morning, and didn't pick all the scraps up, and there on my desk was a letter signed 'Daisy.' Thought I'd have a chance to guy some of you fellows, so I read it.

"'Twas from the editorial rooms of the Vindicator, and was addressed to Harding, and said, 'Meet me at 1 in the park. I must see you. Daisy.'

"You could have knocked me flat, but I followed it up by sending a boy to follow Harding. I knew enough not to follow him myself, and he came back with a full account of Harding meeting a veiled lady in the park, and they stood for a long time in a secluded spot talking very eagerly, and Harding held her hand, and, as the boy expressed it, looked 'sweet' at her.

"Then I put that with the fact that Harding was the only one who could get an interview with the Vindicator on that Maybee affair, and every one knows that the power behind the throne there is a woman. And it strikes me that we have a pretty plain case. Harding is struck on the girl, and she is playing with him for the benefit of the Vindicator.

"See, my boy?"

Edkins drew a deep breath.

"Yes, I see what you say, and if it's true, by jingo, Judkins, we'll thrash Harding, that is all.

"I'm off," and Edkins departed with an abruptness that was unusual, even to that eccentric individual.

The story grew, as it was whispered from man to man, and there was an uneasiness in the little circle that was wont to gather at the Hardings', for all save Harding and his wife were acutely conscious of what the others were thinking. They alone were bright and cheery.

But the plot deepened as young Foster, who had been simply tolerated as a clever young fellow by the older men, became a frequent caller at the Hardings.

"The boy is in love," was the verdict of the older men, "and now we're in a mess, and how are we going to get out of it?"

Affairs were in this condition when one night Judkins and Edkins reached the Hardings' earlier than usual to find Harding very ill at ease, and his wife's face flushed and her eyes bright.

There was an awkwardness for a few moments, which even Mrs. Harding, with her quickly recovered composure, was unable to dispel.

Suddenly, without the least ceremony, the door opened and young Foster walked in.

He hardly noticed the men, but walked straight to where Mrs. Harding sat in her low chair by the tea-table, and, kneeling down beside her, he caught her hand in his and raised it to his lips.

The faces of the men wore a puzzled expression, and Judkins burst out, "It's time this thing was cleared up! For heaven's sake, Harding, what is it all about?"

"This is what it's all about," young Foster's manly voice rang out, without giving his superior editor a chance to speak.

"It means that you are an old duffer, Judkins, with your clues and your stories, and all that. Harding here is the only sane man on the paper.

"The nice little story you trumped up is all bosh, for here is your Vindicator girl whom Harding is struck on," and he smiled down into the face of Editor Harding's wife.

"Yes, you fellows," he continued, "this is your 'girl' who managed all the scoops, and 'played with Harding' for the information she got.

"She's the smartest newspaper woman in this country, and the best woman in the world."

"Do you know what she has done?

"No, of course you don't; you've been to busy ferreting out your mystery.

"Well, every blessed one of those scoops you thought stolen she worked out for herself, and had it all in copy before you ever dawdled here and gossiped about it.

"And when she might have had the biggest scoop of all, and been known the country over, and had her price for it all, she gave it up, gave up her position on the Vindicator, all because it touched the honor of one of our men. As she told the managing editor, when she absolutely refused to give the names he asked:

"'I have been an editor, but, thank God, before I was that, and, despite of it, I have been a woman also, and I am Editor Harding's wife, and I will not betray the good name of one of his men.'"

The strong voice broke. "It was my father's name," he continued, "and now my father is dead."

There was a silence for a moment.

Then it was broken by the sweet voice of Editor Harding's wife.

"You take two lumps, I believe, Mr. Edkins? You see I remember."

* * * * *

"Which goes to show," said Judkins, as they trudged home an hour later, "that really she isn't like other women'."

WOLVES.

Their Cries Like the Shrieks of the Wind—Gallantry Among Them.

The gray wolf is a creature of the storm, many think, because it is so fierce, and because, like the eagle, it plays in strong winds, seeking the exposed places, and delighting to get on some point of rocks where the gale blows most fiercely. One man says in the Forest and Stream that it requires an expert to distinguish between a wolf's howl and the shrieking of a high wind.

Wolves are good husbands, providing food for their families with the utmost care, hunting far and near, in hard times raiding sheep folds and the deer covers with an impartiality that rouses the farmer and the sportsman.

Men who hunt for business kill the wolves in a businesslike way. They shoot a cow or deer, sprinkle strychnine on the flesh and then go away. Frequently wolves are near by watching the hunter while he is at work, but the man does not shoot them. When the man goes the wolves come, eat some of the meal, and then go tumbling over the ground in mortal agony.

Wolves are knowing beasts. Artificial trap baits have few charms for them, save when they can come in over the back of a pen and take the meat without danger. They hunt in packs, led by some beast of great prowess, that has gained his leadership by fighting all the wolves in the pack. The male wolf will not bite a female wolf.

Extracting Gold.

A process of extracting gold by which every particle of the metal in the ore is recovered is stated to be in successfpl operation in West Australia. It is called the ore atomic process. Gold quartz is crushed into small lumps and is then put into a closed chamber, subjected to the heat of a furnace, to the action of water and of hydrogen gas. This eliminates sulphur and reduces all oxides to the metallic state. After being heated, the material is suddenly cooled by jets of water—till the quartz crumbles to powder at the touch of the finger. It is then thrown into a tank and the gold is then separated by washing.

It Required Testing.

Lady: "Now, I hope you won't spend this money on that vile liquor!"

Tramp: "Well, mum, I'll do my best; but I'm not a connysor, an' I generally has to drink afore I can tell whether it is good or bad."

FULL MEASURE— not only during Easter week, but also during the 51 other weeks of the year, is a rule with this coal yard. Full measure means not only full weight, but 2000 lbs. of clean coal full of heat. More heat means more satisfaction, less coal, smaller expenses for fuel.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint, that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

STOPPED A FILIBUSTER.

The Cruiser Vesuvius Prevents the Departure of a Cuban Expedition.

Jacksonville, Fla., April 5.—The cruiser Vesuvius has prevented a Cuban expedition from leaving Fernandina and captured the tug Alexander Jones of Wilmington, N. C. The cruiser left here suddenly yesterday upon information furnished by Spanish Vice Consul Potous that an expedition would leave Fernandina at 12 o'clock at night. The cruiser went down the river and anchored off Fernandina bar. About 12 o'clock a tug with only two lights burning at the masthead was seen to approach, and the flashlight of the Vesuvius was thrown upon her. The tug proved to be the Alexander Jones, and the captain gave as an excuse for his presence that he was waiting for tows. An officer from the Vesuvius was placed aboard, and then the cruiser went out to sea in search of the Bermuda, which was expected.

A steamer was finally seen coming from the south, having the same signals displayed as those of the Jones. The flashlight was again used, at which the steamer turned and started in another direction. A signal from the Vesuvius brought the steamer to a standstill however, and she was seen to be the Bermuda. The Bermuda was outside the three mile limit and under the British flag, so that the commander of the Vesuvius had no authority to detain her. The Bermuda apparently had no cargo on board, standing very high out of the water. The Jones was escorted into the port of Fernandina and turned over to Collector of Customs Baltell who placed a deputy aboard. The tug probably will be libeled for a violation of the navigation laws.

The plans of the Cubans were for General Sanguilly to leave this city with a party of Cubans for Fernandina. A small tug was then to tow two lighters loaded with arms and ammunition and the men out to the bar, where they were to be met by the tug Jones, with coal and provisions aboard, and everything was to be transferred to the Bermuda. The quick action of the Vesuvius prevented their plans from being carried out.

SELLING DISEASED CATTLE.

Massachusetts Investigation of Tuberculosis Reveals an Alarming Condition.

Attleboro, Mass., April 5.—The Massachusetts cattle commissioners have been investigating the disposition of condemned cattle in this section, and as a result, it is stated, an alarming state of affairs is being probed into. It is said that cattle which had been ordered slaughtered when they were found diseased from tuberculosis have been driven across the Rhode Island line and sold there for milk cows.

Other cattle, similarly condemned, have been killed and the flesh taken across the state line under cover of darkness and disposed of to wholesale and retail provision dealers in the Blackstone valley. The milk of those cows which have been sold to milk producers is being distributed over a wide territory. This condition of affairs was discovered by accident, through the report of a farmer who had taken three sick cows to be slaughtered. He found that the cows were driven into Rhode Island and sold as healthy cattle.

The cattle commissioners were informed of this incident, and now, with the aid of the state police, are endeavoring to trace every condemned cow. The period in which the violations have been carried on is yet unknown, but it is intimated that several men who are under suspicion are endeavoring to ward off prosecution by offering to settle.

The sale of milk from diseased cows is the worst feature of the violation, and it is held by many to explain an increase of sickness in the Blackstone valley.

QUEEN LIL'S ABDICATION.

The Lawyer Who Drew the Document Makes a Statement.

Boston, April 4.—General A. B. Hartwell, a well known citizen of Honolulu and a distinguished member of the bar of the Hawaiian Islands, is in Boston for a few days. In speaking of the abdication of Queen Liliuokalani he said:

"I drew Liliuokalani's abdication at the request of Paul Newmann, her legal adviser, who was an Hawaiian; Samuel Parker, her last premier, who was also an Hawaiian, and Charles B. Wilson, the last marshal under the monarchy. I did not act in the matter as the legal adviser of the Hawaiian government. I was utterly inexperienced in drawing royal abdications, but did the best I could, with the few precedents accessible to me.

"The gentlemen who requested me to draw the instrument assured me that Liliuokalani was sincere in the matter, and when I informed them that if I drew it there would be no reading between the lines, said that that was what was wanted. I was present when the ex-queen signed and acknowledged the document, which she did in a perfectly calm manner and distinct voice. She thoroughly sanctioned the papers which she finally executed and which included an abjuration of the monarchy."

Hanna's View of Dingley Bill.

Cleveland, April 5.—Senator Hanna, who is now at his home in this city, said that he regarded the Dingley bill as a satisfactory measure, going far enough in the direction of protection and providing sufficient revenue. The passage of that bill he believed to be the pressing need of the hour. Senator Hanna expressed the opinion that the arbitration treaty would be approved by the senate by a close vote. When asked if he thought congressional action on the Cuban question probable at this session, Mr. Hanna replied: "I don't know. You can't tell about that. A spark might drop in there at any time and precipitate action. At this time, however, I consider congressional action on the Cuban question improbable."

Fired by a Discharged Employee.

Fall River, Mass., April 5.—The watchman at the Fall River bleachery discovered a fire in the building, and although the blaze was soon extinguished by the sprinklers, 15,000 yards of bleached cloth was destroyed. Charles Mercier, 23 years old, a discharged man, was arrested on a charge of setting the fire. At first he denied all knowledge of the fire, then made a confession, which he later denied. A further examination, however, caused him to break down completely and make a second confession, giving drink as the cause of his act.

CZAR WARNS GREECE

He Urges the Blockade of the Gulf of Athens.

THE POPE MAY ACT AS MEDIATOR.

He May Use His Influence to Obtain a Peaceful Settlement of the Cretan Difficulty—Americans Urged to Defy the Powers.

St. Petersburg, April 5.—The Journal De St. Petersburg, semiofficial, says:

"The aggressive and provocative attitude that Greece maintains with such deplorable obstinacy compels the powers to blockade the gulf of Athens. Greece, by keeping Colonel Vassos in Crete, is exposing the Cretans to all the disadvantages of a blockade there. She frustrates the restoration of peace. She prevents the powers from learning the real wishes of the inhabitants of Crete, which can only be asked by the powers after the removal of the influence of an interested pressure.

"The reports of the consuls in Crete and of the admirals of the international fleets show the utter impossibility at the present moment of communicating directly with the Cretans, who are subjected to the overwhelming influence of the Greek detachment in the island and kept back in places inaccessible to European negotiators.

"Colonel Vassos has practically declared war against the powers. Moreover, certain extravagant and habitual fomentors of disorder hysterically advocate a declaration of war by Greece against Turkey on the 6th of April or on the day when a blockade of Greece commences.

"We refuse to believe that any such extraordinary act of folly will be committed, but in the event of it happening Greece will certainly have to endure the most serious consequences.

"If Greece wishes war at any price, she can count on the support of no one, whatever the result may be of a conflict so wantonly provoked. The powers will never consent to the aggressors deriving the slightest advantage from victory in such a struggle.

"After the powers have exhausted all possible means at their disposal to spare Greece the sufferings she has drawn upon herself, they are not bound to disturb themselves further. Their complete agreement is the surest guarantee of the final victory of order, right and fairness and the best pledge for the maintenance of the general peace of Europe, even in the event of partial disturbances, created by Greece, which the powers will know how to localize and if necessary to suppress."

Want Americans to Run the Blockade.

London, April 5.—Referring to an allegation made in a letter to the Times that the powers have no right to blockade Athens to foreign ships when war with Greece has not been declared, the London Chronicle repeats its advice to American shipowners to ignore the blockade.

"Let the friends of Greece arrange with ships carrying the American flag," it says, "to defy both the Cretan and the Athenian blockade, and let us see what the powers will do when they are confronted with a power, one of the most powerful in the world, which they can not bully with impunity. The state department in Washington has reserved its right to say, as it has always said before, that against its flag in time of peace such a blockade is nothing but an act of piracy.

"Insurance rates on an American steamer which would boldly carry food to Crete or ordinary merchandise to Athens should not, so long as law is law, be high. Let the blockade be defied, and let these crowned lawbreakers be faced with the consequences of their own contempt for any law but that of all ruffians—the law of force. America owes civilization a debt for her proceedings over the arbitration treaty. Here she has a chance to stand for freedom and right, and we shall be much surprised if the new president would not gladly take it."

Disarming Bashi Bazouks.

Khania, Island of Crete, April 5.—The actual work of disarming the bashi bazouks has begun early. At the village of Kelieni they refused to deliver up their arms, demanding an order from the governor of the island and the personal presence of Edhem Pasha. The foreign troops then cordoned the village, and the Austrian colonel who was in command ordered that the search for arms should begin when Edhem Pasha arrived. The cordon then closed round the bashi bazouks, who yielded quietly.

In spite of the orders of the admirals the Turkish authorities refuse to release three Greeks who were captured at Akrotiri.

Royal Families to Uphold Greece.

Copenhagen, April 5.—The consultations between the members of the Danish royal family have resulted in a resolution to uphold the present dynasty in Greece. The dowager czarina will remain here until the end of the month A special cipher telegraphic service has been established between Copenhagen and St. Petersburg, and it is believed that the dowager czarina has succeeded in inducing the czar to support King George as far as is consonant with the interests of Russia.

A Pacific Blockade of Athens.

Rome, April 5.—A dispatch from Suda says that the powers have ordered the admirals of the international fleet to begin a pacific blockade of Athens, and it is understood at Suda that the admirals are now considering the best way of carrying out the instructions.

The Pope May Intervene.

Paris, April 5.—The Gaulois reports that the pope intends to intervene between the powers and Greece with a view to effecting, if possible, a peaceful solution of the Cretan difficulty.

Fire at and Near Honesdale.

Honesdale, Pa., April 5.—The flouring mill of Kuhback & Seaman has been destroyed by fire, together with 5,000 bushels of corn and all the other stock. The loss is estimated at $15,000; insurance, $8,000. The large general store of J. S. O'Connor, together with the stock, dwelling and barns, located at White Mills, five miles from here, was also destroyed by fire. The loss is about $20,000, partly insured. The hardest kind of work was necessary to save the large glass works of Dorflinger & Sons and the surrounding dwellings from destruction.

ROOM ENOUGH, HE SAYS.

only one city in its per capita income from taxation, being at present time actually the most favored city in New Jersey; at the same time in the use of books issued for home reading it ranks among the lowest, and the number of volumes is so generous as compared with population that the number of times each volume is issued is the very lowest recorded. While the average of the ten cities is about thirty-three volumes per hundred of population, Plainfield has almost 106 to her credit, and the average is rapidly increasing.

The Trustees of the Plainfield Public Library are to be congratulated upon the excellent exhibit of their pet institution and also upon the continued liberality of the city government which enables them to make such an exhibit; they are singularly fortunate in having the room space so conveniently available in which to shelve the proposed Babcock scientific library, with further ample space, provided for some years to come, while they are, presumably, educating the popular taste away from trashy fiction to the more profitable fields of science.

And while the energetic Board of Library Trustees are improving their opportunity, it is almost certain that the members of the present and future Common Councils will encourage and assist them by expending liberal appropriations on the several departments of streets, sewers, lights, alms, police, fire, water, trees, storm water sewers, health and schools, besides increasing pro rata the annual allowance for the Public Library. Perhaps also they will grant some money for hospital service, for a public playground on the now objectionable low ground between Arlington avenue and Randolph road, for a weekly open air band concert during the warm months which would probably help to tide over enjoyably the interregnums of literary and scientific seasons; a public bathhouse appropriation also would relieve the occasional discomfort of Plainfield dust and give almost as much enjoyment to many as a surfeit of good reading, besides bringing them into loser relations with a higher morality; and while the councils are generally and wisely making Plainfield a favored place of residence, the citizens in their individual efforts would co-operate by liberal expenditures for flagging and curbing their properties, improving their grounds, actively aiding the Street Committee and the Ladies' City Improvement Association in keeping clean streets, improving the City Park (so-called) and generally in making Plainfield the most desirable residence city in the vicinity of New York or Philadelphia.

With all these elements of improvement in active operation the great want—population—cannot fail to be provided for and with population will come increased land values, better transportation facilities, more revenue with a lower tax rate, work for more wage earners, and, with reasonably good city government, the most desirable suburban home city in the state. And with it all will come at the proper time a Library service both as to building and books which will be the pride of the city and all enduring monument to the intelligent and indefatigable board of literary trustees.

CYCLING COMMENT.

Galbraith & Walsh, the North avenue plumbers, have purchased a Pierce wheel of E. F. Vail.

Joseph Burke has looked at many different bicycles, but the Pierce suits him best, and he has purchased one from the Plainfield agent for the wheel.

INS AND OUTS.

The members of the Dunellen Athletic Association, it is said, are making a quiet hunt for baseball players. It is said that the managers will put in the field this season a team that can down anything in this section of the State. Players are to be had in abundance, but the matter of enclosed grounds and a grand stand "for revenue only," is what is now agitating the committee.

The Elizabeth Base Ball Club, which has been admitted to the New Jersey State League, will open its season next Thursday in a game with the Torontos. A schedule for the league will be arranged on Monday, when the managers of the several teams will get together at Trenton. The other cities represented besides Elizabeth are Trenton, Asbury Park, Millville, Brighton, and Atlantic City.

Miss Anna Kirch, of Somerset street, has returned from a visit with friends at Mt. Bethel.

DR. BARNES' FAREWELL.

CONTINUED FROM PAGE 1.

Some one has a burden which you should share, a work which should receive your aid, a battle which you should help him wage. The prosperous church is the church which is active, with an activity born of God-like love.

"Lastly—Courage. 'In nothing terrified by your enemies.' The church, having arrayed itself against the worldliness about it, has thrown down the gauntlet of challenge. In proportion to the spirituality of the church will be the intensity of the world's opposition. The method of warfare may, indeed does, change. But the spirit actuating it is the same. Do not reckon on the friendship of the world.

"So we separate, but it is only as those who enter different parts of the field, with the firm expectation of meeting again in the harvest-time rejoicing that our 'work has not been in vain in the Lord.'"

After the service a large number of those present remained to say goodbye to the one who during the past few years has led his people faithfully in the Christian life.

Jumped to Her Death.

Excited because she was being carried past her destination, Lizzie Love, a negro servant girl, jumped from a Jersey Central train at Middletown, N. J., this morning while it was running at the rate of forty miles an hour. Both of her legs were broken, she was hurt internally, her skull was fractured, and her scalp badly cut. She died a few minutes after she was picked up.

Baptized Ten Converts.

Yesterday afternoon at the Mt. Olive church Rev. P. S. Gibson, the pastor, baptized ten converts. A sermon was preached by Rev. Mr. Harris of Orange. The forcible remarks of this able divine were felt by all present. It was a masterly discourse and the preacher urged all to live better lives.

Lines from Lucille.

We may live without poetry, music and art, we may live without conscience, and live without art; we may live without friends we may live without books, but civilized man cannot live without cooks; and cooks do their best with good fuel, you know, which is why you should buy it of Stevens & Co.

Ten Received in the Church.

Communion service was held in the Monroe Avenue M. E. church, yesterday morning. It was conducted by the pastor, Rev. W. C. O'Donnell and Rev. Dr. Whitney. Ten were received into the church and three were baptised.

EARLY INTELLIGENCE.

—Martha Washington Council, D. of A., meets tomorrow evening.

—Mr. and Mrs. Christopher S. Myers, of 719 East Sixth street, have issued invitations for a musical and sociable to be held at their home next Wednesday night, at 8 o'clock.

—The service at the East Third Street Mission, last evening, was one of special interest to the large number of people present. A feature of the meeting was the number of testimonies and prayers.

—The members of Plainfield Lodge, No. 44, I. O. O. F., will have a good time at their meeting to be held this evening in their hall in the Babcock building, and the initiatory degree will be conferred.

—Pautch & Grese, of New York, have rented J. A. Blatz's bologna kitchen in the rear of his market on West Front street and will continue the business at the old quarters, selling at wholesale and retail.

—Among the many good things that Edward White will offer tomorrow are 5,000 yards of fine fancy ribbons at a remarkably low price. In the suit department they have just put on sale a splendid assortment of bicycle suits for ladies.

—At St. Stephen's Episcopal church yesterday morning at the close of the usual services and before the congregation was dismissed, the rector, Rev. S. P. Simpson, made a most eloquent prayer for divine aid in the preservation of the life of Gen. Ruis Juan Rivera, who is now a prisoner of war in Cuba.

—The regular bi-monthly meeting of the members of the Woman's Exchange was held this morning at the Y. M. C. A. building, at which time Mrs. Kepler, of the Elizabeth exchange, was present and spoke to the members about the work in her city. It was announced at the close of the meeting that on Friday afternoon at 2:30, at a place to be decided upon later, Mrs. Choate, president of the New York Woman's Exchange, would address the women of this city.

Wallace Hedden, of Somerset street, has secured a position with Kirch & Long, the Somerset street grocers.

W. Overbaugh, William Schaeffer, Frank Hurl and Henry Daume rode their wheels to Trenton and return yesterday. They left here at 9:30 a.m. and reached Trenton about 1 o'clock. They reached home at 7.

NEW SCHOOL OPENED.

plot of ground, with ample play grounds. In the front of the building can be found a spacious lawn, in the centre of which is stationed a flag pole. The building is easy of access from outside and especially is this true from the basement to the top floors. The main entrance for parents or visitors is in the front of the building, while at each end there are entrances for the boys and girls, and these entrances open into large halls which run the entire length of the building.

Each class room has two cloak rooms, one for the boys and one for the girls. In this way the teacher has personal supervision over the same, which is desirable. These rooms are fitted with hooks for the coats and hats, boxes for the rubbers, and racks for the umbrellas.

On the first floor is a large reception room, also four class rooms. The second floor is similar, with the exception of a principal's office, which is used for the school library. There are toilet rooms for the teachers with private lockers in which the teachers can keep their cloaks, hats and school supplies. All class rooms are provided with the new style blackboard. These are made of cement, the principal part of which is the ground slate, which is put on in three separate coats and makes a slate board without joints. At the bottom of each board are to be found removal chalk rails into which the chalk dust falls and can be removed when necessary.

One of the most important improvements introduced is that which is called the hygeia drinking fountain. The board were desirious of doing all they could to prevent the spreading of any disease and they were not satisfied with the common system. In the case of the hygeia fountain the children drink from mounds of running water and their lips do not touch anything but the water. There are two of the fountains on each floor in the hallways and four in the basement for use during recess.

The sanitaries are located in the basement and the children are not obliged to go out doors in stormy weather. The system adopted is known as the "dry system," and has worked satisfactorily in other cities.

The building is heated by the hot air system, which is more desirable than steam or water. It admits of better ventilation which is so important. There are three large furnaces and they admit a large quantity of air warmed to a moderate temperature which is carried to the various rooms. In each room there is a flue which can be regulated as desired, giving either cold or warm or a mixture. At the same time the foul air is drawn out.

The building is a good sensible one and is enclosed with an iron fence leaving an open space in front. This morning four class rooms were opened, one of which is a kindergarten. The other three classes are the lowest primary grades next to the kindergarten. Each class room is provided with the patent adjustable desk and seat so that it can be arranged to suit the pupil.

This building only relieves the overcrowded Bryant school. The latter school, together with all others except the Irving, are congested. The Irving school has twelve rooms, ten of which have been occupied during the year. The Board has been compelled to open the eleventh room and the other room will probably have to be used before long to accommodate the overflow from the Washington school.

The building recently occupied by Rogers, the cycle dealer, on West Fifth street, was opened this morning as a kindergarten, with Miss Blair as teacher. The district now demanding attention is in the centre of town to relieve the Stillman building as well as the Franklin building. This condition of affairs compels the board to seek outside quarters which they are now considering.

Each class room in the Lincoln school will accommodate forty five scholars. Two classes from the Bryant school were moved to the new building this morning, and three teachers from that building will be in charge.

Miss Gregg will have charge of the kindergarten. Miss Louise Runyon will teach the first grade, Miss Thomas the second grade and Miss Miller the third grade. All of the above teachers are from the Bryant school.

A New Time Schedule.

Another schedule in the time of running the street cars went into effect Friday night. Hereafter from seven o'clock at night the cars will run under fifteen minute headway. The twelve minute schedule will be operative in the day time.

Bricks of 1612.

The bricks made in this country for building purposes were manufactured by colonists in Virginia in 1612. They were used in the construction of a church edifice at Jamestown and the residence of the Governor of the state. A part of the Jamestown church is still standing, and the bricks are in a good state of preservation, showing that the colonists believed in making articles to resist wear by exposure to all kinds of weather.—Boston Budget.

We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.

We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

A YEAR'S CITY EXPENSES

COMMON COUNCIL MAKES THE ANNUAL APPROPRIATIONS.

The Special Appropriation for the Library Also Granted, But Not Without Opposition—Other Important Affairs Acted On.

The regular meeting of the City Council held last evening was a long and tedious session. There was a great deal of business transacted, and it required considerable time to get through with it. Every member of the Council was present, and the first business was the reception of a communication from W. H. Williams, secretary of the Second N. J. Brigade committee, in which the City Council was invited to be present at the banquet and exercises to be held next Friday in this city. The invitation was received and accepted. Residents of Hillside avenue asked the Council for an electric light and the matter was referred. A letter was received from E. C. Jones & Co., of Philadelphia, and they asked the Council to allow them $208 interest money on the bonds which they purchased from the city on account of the sewers. In a letter, which is now held by the city clerk, the above firm agreed to allow the interest, and the clerk was instructed to notify them to that effect.

A petition was received from residents in the West End asking that necessary sidewalks be laid in that section of the city. The matter was referred to the proper committee. H. C. Corsa made application to be relieved as a bondsman for W. R. Mattox, and the application took the proper course. The two-way hydrants were asked for, to be located at South avenue and Berckman street, and South avenue and Central street. This petition was placed in the hands of the proper committee. The resignation of William Robinson, as patrolman, was received and referred to the police committee. Later Mr. Barrows stated that it was with reluctance that the resignation was accepted by the committee, but after due consideration it it was thought best. The Mayor had demanded the resignation, and considering the fact that a trial would necessitate a special meeting of the Council and a great deal of other work, it was thought best not to hold a trial, inasmuch as the officer did not demand it.

The Bricklayers' Association of the city, in a communication, asked the Council to confine the bids for all municipal work to Plainfield workmen. A crosswalk was asked for at the easterly corner of the Babcock building, and the matter was referred, as was also another petition for a crosswalk at the corner of West Second and New streets. Later the latter walk was granted. At this time President Dumont presented two petitions, one from five hundred citizens and the other from the teachers in the public schools, in which the petitioners asked that the necessary additions and alterations be made to the Public Library. They were both received and filed.

The following persons were appointed as special policemen by Mayor Fisk: Florence T. McCarthy, J. T. Watson, John Gettleson, R. H. Day, Andrew Saffron and James Connolly. The names were referred to the police committee and later they were confirmed by the Council.

Mayor Fisk asked for the privilege of withdrawing the name of John Watson, who was appointed a regular patrolman last February.

The reports of the city treasurer and collector were received and filed, and the report of City Judge DeMeza showed that during the past month there had been brought before him 110 persons, of which number 31 had been fined, 24 committed, 5 discharged and dismissed, 47 sentence suspended, 1 committed to the asylum, and there were two untried cases. In all there had been sent to the city treasurer $114.07 received as fines, etc. The report of Building Inspector T. O. Doane showed that twenty-eight permits had been granted during the month, and the number of sewer permits granted by Street Commissioner Gavett were fifty-one.

Mr. Baker stated that all necessary work regarding the placing and arrangement of the $124,000 sewer bonds had been completed.

Mr. Frost reported that Smalley Bros. had presented the lowest bid for the furnishing of the crushed stone, which was $1 per ton, and H. C. W. Johnson's bid of 85 cents per foot for crosswalks was also the lowest. The same were accepted by the council and instructions were given to have the necessary contracts made with the successful bidders.

In addition to the above, crosswalks were ordered at Putnam avenue and Richmond street; Putnam avenue and Carleton avenue; Putnam avenue and Kensington avenue.

TURNED ON GAS AND DIED

JAMES W. STEWART'S LIFE ENDED IN A BROOKLYN HOTEL.

Lived With His Daughter, Mrs. Elmer Winckler, of Westervelt Avenue—The Latter Has Gone to Look After the Body

A resident of North Plainfield was found dead this morning in a Brooklyn hotel, the victim of asphyxiation. His name according to the hotel register was James W. Stewart. He registered at Luhr's and Eckhoff's hotel at 553 Gates avenue, last evening at about 9 o'clock and prepared to spend the night.

He went well dressed and evidently a man of refinement. He went to his room and was not seen again. This morning there was a strong oder of gas in the hall. An investigation was made and Mr. Stewart was found lying dead on the floor. He was dressed. The gas was turned on but not lighted.

He was discovered at 8 o'clock this morning. The Brooklyn police were notified and telegraphed to Chief Grant, of this city, to notify the family of Stewart.

He registered from Plainfield but a search of the directory failed to reveal his identity. The police have never heard of him. At first the postal authorities could not identify him but they finally locacted him at 81 Westervelt avenue. Most of his letters came addressed to James Williams and he is known to many by that name.

Elmer Winckler resides at 81 Westervelt avenue. A Press reporter called at the house this afternoon and learned that Mr. Stewart was the father of Mrs. Winckler.

Mr. Stewart was a man of sixty-six years of age, hale and hearty. He came here a year ago from Syracuse, and has resided with his daughter ever since. He was a builder by trade and went to Brooklyn where he used to live to see if he could get work.

He was in good spirits when he left and the family do not believe that he committed suicide. Mrs. Winckler received a telegram at noon telling her of the death of her father and she left for Brooklyn immediately.

CUP STAYS HERE ALWAYS

PARK CLUB FOUR WIN A SIGNAL VICTORY AT WHIST.

The Challenge Trophy is Now the Permanent Property of the New Jersey Champions—Defeated Orange Last Night.

The Orange cracks came over last evening to take away the whist trophy again, but their attempt was in vain and the cup still remains in the Park Club house. The escape was a close one, however, the Parks winning by only four points. In the first round the home club took the lead by one point, the score being 5 to 4. The next round was also in favor of the Parks by a score of 6 to 3. The Orange players made one grand effort to get the victory in the last round and although they gained nothing they succeeded in tieing the Parks 3 to 3. The total score was 14 to 10.

The Orange Whist Club was represented in the contest by its four best players: Messrs. Rodman, Herfing, Lethbridge and Foster. The Parks regular four was there composed of Messrs. Rogers, McCutchen, Townsend and Howell.

The team from the Elizabeth Athletic Club was to have come last evening, but they did not care to play for the trophy this time and as the Orange club was next on the list they came instead. The Parks have now won the challenge trophy which was offered by them to the New Jersey Whist Association. Ten times and fifteen victories makes that trophy their permanent property.

Councilman Lounsbury to Move.

The many friends of Councilman F. C. Lounsbury of Grandview avenue, will learn with sincere regret that he together with his family will move to Brooklyn May 1st. Mr. Lounsbury has exchanged his property in the borough for valuable property in Brooklyn owned by A. A. Taft, of Westervelt avenue. By this change the borough will lose a valued and very active official, who has always worked for the best interest of the place in which he lived. A more conscientious official has never served the borough and he will be greatly missed by all.

To Preach the Easter Sermon.

Rev. Mr. Snodgrass, who has been assigned to the pastorate of the First M. E. church, of this city, will occupy the pulpit for the first on Easter Sunday.

—The ladies of the Crescent Avenue church are cordially invited to attend a meeting, to be held in the chapel of the First Presbyterian church, Friday afternoon at 3:30 o'clock. Mrs. Swift will speak on behalf of the Freedmen.

SPRINGTIDE REMOVALS.

RESIDENTIAL CHANGES OF MANY PEOPLE HERE RECORDED.

Among Them are Several Who Have Moved From Other Towns, Recognizing Plainfield to be the Best Suburban City.

April 1st is the great time in Plainfield for moving and the vans of the local truckmen have been kept busy transferring the household goods of many families from one part of the city to the other or else across the borders into the borough. William Hand & Son have had their hands full for the last week or two and have moved many families.

Among those whom they have transferred from one house to another are F. J. Pope from Elm place to West Front street; Rufus Jennings from West Front street to New street; Mrs. W. L. Hull from East Ninth street to East Fifth street; Mrs. Garretson from East Sixth street to Bound Brook; Fred W. Hand from Netherwood to Westervelt avenue, North Plainfield; Mr. Goodwin from Park avenue to New York; Mr. Hubbard from Norwood avenue to Sycamore avenue; H. Kohn from the Babcock building to Randolph's building, West Front street; Charles W. Runyon from West Front street to storage; Caleb Dickenson from West Front street to Jackson building; Mr. Bullock from East Front street; Mrs. Peter Wyckoff from Park avenue to East Sixth street, Mr. Hongliter from Monroe avenue to Monroe avenue; Miss Merrill from LaGrande avenue to Westervelt avenue; George Rogers from Watchung avenue to the Jackson building; Mrs. J. D. Rushmore from Grove street to Sycamore avenue; J. H. Halleck from East Ninth street to West Eighth street; J. Fritts from Westervelt avenue to East Sixth street; Richard Stevens from Park avenue to East Fifth street; Harry F. Crawford from Park avenue to East Fifth street; Miss E. C. Benedict from Park avenue to East Fifth street; J. F. Pangborn from Washington avenue to Arlington avenue; F. G. Welch from Cottage place to North avenue; Mrs. A. Moore from LaGrande avenue to Kensington avenue; Stephen Hope from Richmond street to East Third street; Mrs. J. B. Clum from Central avenue to LaGrande avenue; Mr. Garhart from Elizabeth to Plainfield; William Day from North Front street to Richmond street; D. H. Hebard from Washington street to storage.

AN APRIL WEDDING.

Miss Lena Weber Becomes the Wife of William Albert Boe.

The marriage of Miss Lena Weber, daughter of Mr. and Mrs. Michael Weber, of East Third street, and William Albert Boe, of the borough, was celebrated last evening at 7:30 at the home of Rev. C. E. Herring, who performed the ceremony. The bridemaid was Miss Bertha Myers, of Yonkers-on-the-Hudson, and the best man was David M. Boe, of Brooklyn, brother of the groom.

After the ceremony a reception was held at the home of the bride, which was attended by only the immediate relatives of the bride and groom. Following congratulations supper was served and the evening was passed in a social manner.

Mr. and Mrs. Boe received a great many handsome and useful presents from their relatives and friends. They will reside on Warren street, in the borough.

The groom is a valued employee of Patterson Bros., tobacconists, of West Front street.

A JUBILEE TEA.

Relief Association to Celebrate the Raising of a Debt.

The managers of the Relief Association will celebrate the raising of the debt upon their new building by giving a "jubilee tea" tomorrow afternoon, at which the building will be thrown open for inspection, and an opportunity given for the better understanding of the work of the association. It is earnestly hoped that all who are interested in improving the condition of the unfortunate in our community will avail of this invitation and call during the afternoon. The hours are from three until six.

—The Christian Endeavor Society of the East Third Street mission will hold a business meeting this evening at 7 o'clock. The officers for the coming year will be elected.

FIRST REVIVAL MEETING.

MUCH EARNESTNESS EVIDENCED BY CHRISTIAN ENDAAVORERS.

E. E. Anthony Reminds Those Present That It is Christ's Command That His Disciples Shall Bear Fruit for Him—Many Present.

A spirit of prayer and earnestness pervaded the opening service of the series of evangelistic meetings held by the Christian Endeavor Societies of Plainfield, beginning last night. At 7:30 a number of earnest workers gathered in the lecture room of Trinity Reformed church, in the short service of prayer before the regular meeting, to ask the blessing of God on the work to be begun. This prayer meeting was led by Fred Smith, and the time was filled with heartfelt prayer, and songs of consecration.

The regular service, a consecration meeting, was held in the audience room of the same church, beginning at eight o'clock, and was well attended. The platform had been built out to accommodate a chorus choir, and this choir, under the leadership of Horace J. Martin, with Miss Lillian A. Force at the piano, led the singing. A service of song opened the meeting, and the new hymn-book, "Sacred Songs No. 1," with its bright new songs, including the favorite, "Let a Little Sunshine In," promises to prove a popular one.

The Scripture reading and opening prayer were by Rev. C. L. Goodrich, who called attention to Christ's command that his disciples should bear fruit for him. The same thought was emphasized in the short but very practical address delivered by E. E. Anthony, president of the Local Union. The thing for us to do, said he, is to be sure that we are willing to do whatever God would have us do in his service. It is not enough to be willing to do pleasant work among the bright children of our Sunday-school classes, though that is a most blessed work. But every man and woman in Plainfield has a precious soul to be saved, and many have never accepted Jesus Christ as their saviour. They are lost: it is not that they will be lost, they are lost now. Christians, do you care? How much are you willing to do about it? The responsibility is ours; we cannot deny it, we cannot get away from it. What are we going to do? And then, it is not enough to say, "Oh, yes, we will go and seek these lost ones and try to win them;" we must be prepared for our work, if we are to accomplish anything. May God grant that day by day we may be more and more filled with His Holy Spirit, and with love for our fellowmen, so that in that spirit we may so work for him that many souls souls shall be born into the kingdom.

The closing minutes of the service were given in charge to Miss Florence G. Hawkins, secretary of the local union. She said but a few words on the subject: "Who now will consecrate his service this night unto the Lord?" She said that perhaps many felt that they had not been just the right kind of Christians, but would like to serve the Lord better in the days to come, and she urged these and all who desired to do God's work, to speak of their desire. Many sentance prayers were offered, asking God to bless the work, and that the workers might be more earnest and devoted; and others spoke of their wish to do "whatever Christ would have them do." Then the Christian young people rose, and stood together for a moment, solemnly re dedicating themselves to their master's service, after which "Blest be the tie" was sung, and Rev. Cornelius Schenck dismissed the congregation with the benediction.

The services on Tuesday and Wednesday evenings will be especially for Christians. After that they will take an evangelistic character.

SUING FOR LIFE INSURANCE.

Citizens' Mutual Disputes Payment to Mrs. Thomas Martin.

Suit has been started in the Supreme Court of the State of New Jersey by City Judge DeMeza for his client, Mrs. Thomas Martin, of Plainfield avenue, against the Citizens Mutual Life Insurance Company of Atlantic City, for $1,000.

Mrs. Martin's mother, who died at her home in Arlington, N. J., some time ago, was insured with that company to the amount of $1,000. The company refused to pay the amount at once, and stated that their agents were investigating the case. A question was raised regarding her age at the time when she was insured. The company refuses to give any satisfaction as to when the claim is to be settled, and so the suit was brought.

New Open Street Cars.

The new open cars for the Plainfield Street Railway are expected to arrive here about the first of May. Plans are being made to put a third track in the car house to accommodate them.

GOLF CLUB OFFICERS.

GEORGE A. CHAPMAN SUCCEEDS GEO. P. MELLICK AS PRESIDENT.

The Finances in Good Condition and Seventeen Names on the Waiting List For Membership—Season to Open Saturday.

Very promising are the affairs of the Hillside Tennis and Golf Club at the present time. With a good balance in the treasury and a number of names on the waiting list, the prospects of the club for the coming year are very bright. The annual meeting of the club was held last evening at the club house on Plainfield avenue and it was attended by quite a number of the members. The report of the treasurer showed that there was a balance on hand of $226. The secretarp reported that the membership of the club was full and that there were seventeen names on the waiting list.

A hearty vote of thanks was passed to George P. Mellick for his services as president and great regret was expressed at his resignation.

To fill the vacancies on the Board of Trustees, the following were elected: —George A. Chapman, James Stowell Anthony and John Doull Miller.

A meeting of the Board of Trustees was held after the meeting of the club and the following officers were elected: —President, George A. Chapman; vice-president, Albert H. Atterbury; secretary, John Doull Miller; treasurer, Josiah Browne; secretary of golf, James Stowell Anthony.

It was decided to open the golf course on Saturday and that an informal tea should be held on the afternoon of that day. Fourteen new lockers are about to be added to the men's dressing room.

A NEW DUNELLEN SOLON

JOHN S. MILLIKEN TO SUCCEED JOHN MOYNOHAN IN THE COUNCIL.

H. Brewster Willis Reappointed Borough Counsel for Another Year—Justice of Peace Who Will Not Take the Oath.

A special meeting of the Dunellen council was held last evening, Mayor Brakeley presiding, and all the members being present. The minutes of the last two meetings, regular and special, were read and approved. A communication was received from John Hunt, emphatically declining as councilman to succeed John Moynohan, resigned. The Mayor said when he heard of the resignation he had proffered the appointment to Charles Boice, but the latter had absolutely refused to accept it. The Mayor appointed John S. Milligan a Councilman to fill the unexpired term of Mr. Moynahan. Mr. Milligan was sworn in by the clerk, and he was placed on the sidewalk, fire department and auditing committees. The treasurer's report showed a total of $318.13 collected and a balance of a trifle over $100 on hand. Councilman Wilcox was named as chairman of the street committee, and at his suggestion and recommendation the change of several of the street lights was ordered made. A note for $500 was ordered drawn to cancel an old note now laying in the bank. The new note is made payable to the Dunellen Building and Loan Association. The laws and ordinance committee, through its chairman, Mr. Wynkoop, reported progress on the water ordinance. The $500 bond of Albert W. Warden, as Constable, was accepted. The Mayor said he had probably been a little slow in not appointing a counsel for the borough. He recommended retaining H. Brewster Willis, of New Brunswick and his recommendation was unanimously adopted. Thomas Todd was elected a justice of the peace at the last election. But he don't want the office and in consequence he won't qualify.

NAVAL RESERVE NOTES.

Items of Interest to the Jack Tars of New Jersey.

Frank Fulton, the popular clerk at Leggett's pharmacy, who recently joined the Naval Reserves, last night received his warrant as apothecary to the Batallion of the East. His rank is that of a chief petty officer and forms one of the non commissioned staff of Capt. Irving. Mr. Fulton is a graduate of the New York College of Pharmacy, and all feel that he will be a credit to the ship, his captain and himself.

The dispensary abroad the Portsmouth is a cosy little room adjoining the "sick bay," as the hospital department is termed, and is fitted out not unlike the prescription department of a retail pharmacy. Mr. Fulton's duties to the Reserves are so arranged that no interference will be occasioned in his work at Leggett's pharmacy.

—Geo. Raynolds will lead the midweekly prayer meeting at the Congregational church tomorrow evening.

SCHOOL CENSUS TAKERS

APPOINTED BY THE BOARD OF EDUCATION LAST NIGHT.

The Sum of $25,000 Was Borrowed on the Lincoln Scoool Building—Arrangements for Commencement Also Considered

The borrowing of $25,000 on the new Lincoln School building and the appointment of the takers of the school census were the most important things that occupied the attention of the Plainfield Board of Education, at the regular April meeting last evening.

All the members of the Board were present.

There was the usual batch of bills ordered paid. Among the bills presented was one from A. D. Phillips for $38 for putting in speaking tubes. The contract had only called for one tube from the upper hall to the principal's room, but through a mistake Mr. Phillips had put one in each of the eight rooms upstairs, connecting them with the principal's room. He sent in a bill for the tubing at a reduced price, hoping the Board would pay part of it at least. Superintendent Maxson explained that while the tubes in each room were not necessary, they would be useful. The Board decided to pay $15 of the bill. Messrs. Abbott and Jenkins were opposed to the payment of any of it.

The regular communication was received from City Collector Bird stating that he had collected $957.31 in taxes, which with $49.22 in interest, amounted to $1,006.53. A communication from City Treasurer Arnold stated that he had received $1,404.23 from the County Superintendent which he had deposited to the credit of the Board.

A letter from S. St. John McCutchen, president of the North Plainfield Board of Education of that borough had not taken Music Hall on the date so as to conflict with the Plainfield commencement. A verbal message was received from George Rogers, lessee of Music Hall, through the clerk, Mr. Clark. Mr. Rogers said that Dr. Warde, principal of the North Plainfield school, had spoken first for the dates, June 22d and 24th, and that Dr. Warde had sent word that while the Board had taken no action in the matter, the committee in charge was in favor of having the hall. There was considerable discussion as to whether the Plainfield High School would have to change the night of commencement to the previous Wednesday evening or else hold the exercises in the Jersey Cycle Academy or in one of the churches. The general sentiment of the Board was that the North Plainfield school exercises would not interfere with those of the High School on this side of the brook.

The committees to arrange for the commencement exercises were appointed the same as last year: Hall committee, Dr. Jenkins; music, Lovell and Probasco; police, Mr. Abbott.

The election of the school census takers followed. President Probasco made several suggestions and a number of applications for the position were read. Applications were received from Abram Angleman, N. Y. Hull, Charles VanWinkle and W. H. Drayton. The following were appointed: First ward, Charles VanWinkle; second ward, W. H. Drayton; third ward, N. Y. Hull; fourth ward, Abram Angleman.

The Board gave the building committee power to erect an iron fence 550 feet long at the Lincoln building.

Mr. Lovell, as chairman of the finance committee, introduced a resolution in substance that the Board should borrow $25,000 on the Lincoln building from the executors of the Warren Ackerman estate at 4½ per cent. The resolution was adopted and the Board went into executive session.

RAILWAY FRANCHISE RETURNED.

It Did Not Specify the Time When the Work Was to Be Started.

A meeting of the North Plainfield Township Committee was held last night for the purpose of granting the franchise to the Plainfield Street Railway Company to extend their tracks over the highways necessary to go to Mountain Park Inn via Washingtonville. It was found that the franchise as submitted by the railway company did not specify any particular time as to when the road was to be completed. This was considered to be a very essential point for the protection of the township and the franchise was returned to the company officials to be revised and corrected. Just as soon as this is done the franchise will be granted and the work on the road no doubt started.

The Central Reduces Dividends.

The directors of the Central New Jersey voted yesterday to reduce the dividends to 4 per cent. yearly basis.

CUBA IN THE SENATE.

A Protest Against The Summary Execution of Rivera.

ELKINS ON THE MERCHANT MARINE.

The Torrey Bankruptcy Bill Under Consideration—Federal Aid For the Mississippi Flood Sufferers—Chandler's Amendment to Foraker's Bill.

Washington, April 6.—The senate by unanimous vote adopted a resolution reciting the reports that General Ruiz Rivera, the Cuban commander, is about to be tried by drumhead court martial and shot and expressing the judgment of the senate that if these reports are true the president of the United States should protest to the Spanish government against such a violation of the rules of civilized warfare. This resolution does not go to the house of representatives and becomes effective as a measure of advice to the president upon its adoption. Although opposition was withdrawn on the final vote, there was spirited opposition in the early stage of the debate and a test vote on the comparative strength of the Cuban and anti-Cuban sentiment in the senate. The test occurred on a motion to refer the resolution to the committee on foreign relations.

Mr. Hale (Rep., Me.), who has been prominently identified with the opposition to Cuban resolutions, made the motion to refer, and it was supported by Mr. Hoar (Mass.), another prominent figure in the opposition to Cuban resolutions.

The debate was very spirited and at times quite personal. Mr. Allen of Nebraska and Mr. Gallinger of New Hampshire clashing with Mr. Hoar. The Hale motion to refer was defeated—21 to 27—and the resolution adopted—44 to 0. Mr. Hoar and Mr. Hale refrained fom voting.

After the disposal of the Cuban question the time was given to speeches. Mr. Elkins of West Virginia speaking for two hours on the development of the American merchant marine and Mr Lindsay of Kentucky advocating the passage of the bankruptcy bill known as the Torrey bill now before the senate

A joint resolution by Mr. Bate of Tennessee was agreed to directing the surgeon general of the marine hospital service to aid the Mississippi river flood sufferers by the distribution of tents, blankets, food and medicine under the epidemic fund of 1893 and to purchase further supplies under the present epidemic fund for similar distribution.

Chandler's Railroad Pooling Bill.

Washington, April 6.—Senator Chandler of New Hampshire has introduced in the senate a bill in the nature of an amendment to Senator Foraker's railroad pooling bill. It is entitled, "A bill abolishing competition in trade and production and authorizing combinations to enable merchants, manufacturers and producers of commodities subject to interstate commerce to maintain prices and make profits notwithstanding business depressions."

The body of the bill declares that it shall be unlawful for different and competing merchants, manufacturers and other producers of commodities which are or may be the subjects of interstate commerce to enter into any contract, agreement or arrangement for the distribution or apportionment among themselves or with others in like business of the whole or any part of their goods or net earnings, or for the limitation or restriction of production in their business, or for the fixing of the prices of commodities by the order or recommendation of representatives designated on behalf of the various parties to any contract or agreement or arrangement, or by the order or recommendation of a majority of such representatives, or for the maintenance of the prices of commodities once fixed, or for the enforcement of any such contract by fines and penalties imposed upon any of the parties thereto, and each day of the continuance of any such contract shall be deemed a separate offense: provided however, that under conditions named in the bill it shall be lawful for such merchants, manufacturers and producers, whether they are persons or corporations, to enter into such contracts, agreements or arrangements which shall be enforceable between the parties thereto.

The bill then gives the interstate commerce commission supervision over the business done by merchants, manufacturers and other producers under agreements made in pursuance of the authority given by this bill and by the interstate commerce act.

Pritchard Would Amend Tariff Bill.

Washington, April 6.—Senator Pritchard gave notice of an intention to move amendments to the tariff bill as follows: Removing from the free list ore pyrites or sulphuret of iron in its natural state and making it dutiable at $2.25 per ton; removing emery ore from the free list and making it dutiable at 1½ cents per pound, also imposing a similar duty on every grain: making all logs dutiable at the rate of $2 per 1,000 feet; imposing a duty of 2 cents per pound on raw cotton: fixing a specific duty of 6 cents per pound on monazite sand instead of the ad valorem duty as now provided; increasing the duty on kaolin from $2 to $3 per ton.

NEW JERSEY POLITICS.

Some Nominations Made by the Republicans For Local Offices.

Newark, N. J., April 6.—The Republicans of this city have nominated the following local ticket: Street and water commissioners, Harrison Van Duyne, John J. Burkhardt: city home trustee, J. Ward Woodruff.

Jersey City, April 6.—The Jersey City Republicans nominated the following ticket: Mayor, J. Herbert Potts; alderman at large, William M. Klinkan; street and water commissioners, John H. Weastell and Henry Rolffs.

Amendment to Election Laws.

Albany, April 6.—Senator Brush's bill to amend the election laws by providing that persons whose names are on the rolls of one political party and who vote at a primary caucus or convention of another party shall be guilty of a misdemeanor was passed by a vote of 87 to 3—Messrs. Tupper of Broome, Forrester of Kings and Glen of Seneca voting against the bill.

out in the rain

A good drenching in a cold rain is often the beginning of consumption. Yet no one claims that the germs of this disease exist in the rainwater. Then how was this brought about? The exposure was followed by a cold; the vitality was lowered; the cough continued for some weeks; the throat and lungs became congested; and thus all the conditions were favorable for the consumption germs.

Scott's Emulsion

of Cod-liver Oil, with Hypophosphites, does not directly attack these germs and kill them. But it does tone up the whole system and restores the body to health before serious harm is done. The germs of consumption thrive best when the system is weakened and the throat and lungs congested. Do not delay until it is too late, but treat your cough early. Cod-liver oil and the hypophosphites, in the form of Scott's Emulsion, are the very best remedies.

FLOODS STILL RAGING

The Overflow Continues Unabated and the Situation Desperate.

NO SIGNS OF THE WATERS SUBSIDING

From all Points Come Reports of the Ruinous Effects of the Rise of the Water—Situation In the Northwest.

Jackson, Miss., April 6.—A dispatch from Greenville says: No new breaks in the levees are reported. The whole delta will be covered, resulting from the break at Austin on Flower lake. This overflow will be the most disastrous and widespread in the history of the county, and famine and pestilence will surely follow in its wake. No crops will be made this year unless the levees on the Louisiana and Arkansas side go down and distribute the water. The loss of property has already reached into the millions and will be incalculable.

A dispatch from Vicksburg, Miss., says: The latest crevasse in Tunica county has sent a thrill of dismay through the entire country. It will do vast injury both in the upper and lower deltas. Planters are getting out their stock, and many will bring out their negroes also, apprehending 1882 water or even worse. Work is being pushed on the Louisiana levees.

Floods In the Northwest.

Minneapolis, April 6.—Some apprehension is felt for the safety of the new power dam recently completed at great expense below St. Anthony's falls. A portion of the coping was carried away by the first rush of ice.

There has been a rise of 16 inches since Saturday, and 100 families on the west side flats have been evicted by water. A strong current is setting through the settlement and may carry away some of the humble homes. The city engineer has declared Tenth avenue unsafe and closed it to travel. The upper Mississippi is now looked to as the danger point. The woods are full of snow, and everything depends on whether this melts rapidly or slowly.

A special from Grand Rapids says that the ground is absorbing the moisture and that the snow is slowly melting. It is 18 inches deep on the levee now. The Mississippi at that point is only two feet above low water mark, and the dams from Aitken up are all intact and safe. Unless there are unusual April rains the upper river will carry off the moisture without difficulty.

The Minnesota, which enters the Mississippi between Minneapolis and St. Paul, is receding, but its headwaters are divided from the sources of the Red river by a narrow watershed, and it is receiving a large amount of water which ordinarily would flow north into the Red river.

A dispatch from Bismarck, N. D., says the ice in the Missouri has begun running out. There has been a rise of 2½ feet, and the stream is now running bank full. There will be trouble unless a gorge forms below there.

The Condition at St. Louis.

St. Louis, April 6.—The clear weather of the past three days has averted the rise of the Mississippi to the danger line, which it was predicted last week would be reached by this time. The flood lacked one foot and four inches of 30 feet, the danger point, and according to the bulletin issued by the weather bureau this will not be reached for some days yet.

The weather report says the river at St. Louis will rise slowly, commencing today, but without rain will not reach the danger stage for at least four days. The Missouri will rise steadily. The upper Mississippi will change but little, a slight rise being indicated from Davenport to Keokuk and a slight fall south of Hannibal.

No Successor Yet to Admiral Ramsay.

Washington, April 6.—The appointment of a successor to Admiral Francis M. Ramsay as chief of the bureau of navigation will not be made for two or three days at least, and meantime Commander Dickens, who has been assistant to the admiral in the bureau, will take charge of the business of the office. Secretary Long has summoned Captain Crowninshield to Washington with the purpose of meeting the officer personally before considering him for the vacancy caused by Admiral Ramsay's retirement from the navigation bureau. Captain Crowninshield is at present in command of the Maine, which is on her way from Port Royal, S. C., to Hampton Roads, Va., at which point he will receive the notice to come to Washington.

An Old Mississippi Captain Dead.

Washington, April 6.—Captain Samuel G. Cabell, one of the old Mississippi steamboat captains and a prominent figure on that river during war times, died here, aged 83 years. He and one of his boats were pressed into the Confederate service by General Thompson early in the sixties and passed through many thrilling adventures. Captain Cabell was a warm personal friend of Lincoln and after the war was employed as a special treasury agent in the south. He leaves a widow and one son, Milton Cabell of Quincy, Ills., where the remains will be taken for burial.

Lighthouse Board Elections.

Washington, April 6.—The lighthouse board at its meeting yesterday unanimously elected Captain Winfield S. Schley, U. S. N., as chairman to succeed Admiral Walker, retired. Colonel Gillespie of the corps of army engineers succeeds General Wilson as a member of the board. Colonel Gillespie until recently was in charge of the work on river and harbor improvements in the New York district, being relieved by Colonel Ludlow. He is at present temporarily employed in connection with the restoration of the broken levees on the Mississippi river.

Trouble In the Boston Zoo.

Boston, April 6.—Jack, the immense Russian wolf at the zoo, was killed by the immense wrestling lion Brutus, which was ugly. Rudolph Canoz, the keeper, entered the cage which contained several animals, for the purpose of putting them through a rehearsal. The lion Brutus was unruly and threw Canoz to the floor of the cage. The wolf mixed up in the fight and was killed. The trainer escaped unhurt.

Not Exactly Right

"Not Sick Enough for the Bed or Well Enough For the Table."

A Minister's Wife Aptly Describes a Well Known Condition and Tells How It Was Overcome.

There are thousands of people in all walks of life, particularly at this season, who are "not exactly right" and yet are not sick, for whom a single bottle of Hood's Sarsaparilla would do a world of good, as it has done for others. Business and professional men as well as the busy housewife are especially susceptible to this debilitated feeling. It is the peculiar combination of the best tonic, anti-bilious, diuretic and alterative agents of the vegetable kingdom, carefully and scientifically combined, which enables Hood's Sarsaparilla to reach simple as well as serious ailments when all other medicines fail. Read Mrs. Hunt's letter:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—I trust that the publication of my testimonial may serve to introduce Hood's Sarsaparilla to many who need physical improvement, and lead them to give it a trial. My husband,

Rev. Granville Hunt

is a corpulent man weighing 230 pounds. He has taken Hood's Sarsaparilla every spring for the last eight years with good results. With the approach of spring he has had an indescribable feeling of ill health. 'Not sick enough for the bed or well enough for the table.' In a few words,

He Became Run Down

each year from constant mental and physical action. Hood's Sarsaparilla has relieved and invigorated him in every instance. Last month we purchased four bottles of the medicine. I took two of the bottles, being weak,

Without Appetite and Vigor.

After I had used half a bottle of Hood's I realized quite an improvement and soon felt quite comfortable. I gained so much that I recommended Hood's Sarsaparilla to my nearest neighbor, who has had malarial symptoms. She has also taken the medicine and its effect upon her for good was almost magic. She has now prevailed upon her husband to take it to build him up. I have also given Hood's Sarsaparilla to my two little girls, one nearly 3 years old, who is not strong, consequently languid, and the other, 15 years old, for pimples which indicate bad blood and disfigure her complexion. Both have been helped by Hood's Sarsaparilla which I am glad heartily to recommend." MRS. G. HUNT, 101 West 31st Street, N. Y. City.

Hood's Sarsaparilla

Sold by all druggists. Price $1 six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. It is the One True Blood Purifier.

IN THE WORLD OF LABOR.

Activity In Some Branches, While Dissatisfaction Exists In Others.

Waltham, Mass., April 6.—The American watch factory here resumed operations after a week's shutdown, during which many changes have been made. The finishing job department has been discontinued and a new system, called the "banking job," inaugurated. Out of 70 employees laid off 50 have been given their old jobs under the new system. The others will be employed as soon as the work will permit.

Fall River, Mass., April 6.—Sixty Hargraves mill weavers met here and discussed their troubles. Forty-five of the number were Lappet weavers. When they gave notice last week that they would not operate six Lappet looms under a reduction from 60 to 56 cents a cut instead of four looms at 60 cents a cut, they were discharged.

Fifteen Leno weavers have left their looms and joined the Lappet weavers. Their troubles will be laid before a general meeting of the weavers to be held Thursday night.

Rascoag, R. I., April 6.—The weavers in the Stone Worsted mill have struck for an advance in pay. They were offered half a cent a yard, but refused. Fifteen weavers are at work at Prendergast's mill, where another strike is in progress. The strikers are being paid off and are leaving the village, being ordered from the company's tenements.

Portland, Conn., April 6.—Nearly all the quarries about here have started on full time, with a prospect of steady work until winter. At the Brainard, Shaler & Hall quarry additional men were put on, and the Middlesex Quarry company has 400 men at work.

Paterson, N. J., April 6.—The increase in wages obtained by many of the silk weavers of this city has caused the other operatives in the silk mills to become restless. Yesterday 50 winders in the throwing mills of Hopper & Scott left the factory. The strikers drew up a scale of wages, which will be presented. The strike at Hand & Sons' mill at Lake View is in a fair way toward settlement, as the firm have drawn up a schedule which differs but little from the strikers' demand and which was said by some of the strikers to be fairer than the demand. Several of the hard silk mills granted increased wages as soon as demanded, and no strikes occurred.

ARBITRATION TREATY.

Venezuelan Congress Unanimously Ratifies the Guiana Boundary.

New York, April 6.—The World this morning publishes the following copyright cable dispatch from Caracas, Venezuela:

The congress of Venezuela has unanimously and enthusiastically ratified the Guiana boundary arbitration treaty with Great Britain which was negotiated by the United States.

The measure was first read to the house of representatives last Friday, when Senor Aranguren spoke eloquently in its favor.

The second reading was without incident.

It came up on third reading yesterday, and after a speech by Senor Brice no the house voted for the treaty unanimously amid great cheering and enthusiastic demonstrations of gratitude to Uncle Sam.

The treaty was also unanimously ratified by the senate. President Crespo will sign it next Friday.

Search For a Runaway.

Washington, April 6.—Some time ago a weak minded young man named Scully, living in Philadelphia, disappeared, and his parents suspecting that he had gone to Cuba appealed to the state department to find him and return him to Philadelphia. By direction of Assistant Secretary Rockhill, Consul General Lee has made a thorough search of all the jails and places of detention in Cuba without finding a trace of Scully. He has now reported that he has found a man named Kelly, and at the request of the Philadelphia authorities the consul general has been directed to endeavor to identify him fully, it being suspected that Scully may have assumed that name for the purpose of concealment.

Victims of a Boiler Explosion.

Kingston, N. Y., April 6.—Augustus Caster of New Salem and Richard Lane of Newburg met instant death through the explosion of a steam chest at the Lawrence Cement company's mill at Eddyville, near this city, yesterday morning. A new engine was being tested. Foremen Lane of the Wright Engine works of Newburg was in charge. Caster was the oiler. Charles Rose, the engineer, managed to escape through a door in time to save himself from the scalding steam that literally cooked his companions.

Englishman Expelled From Cuba.

Havana, April 6.—Frank Lamount, the wounded Englishman who was imprisoned in the jail at Guantanamo, but was recently liberated, has been expelled from Cuba. It was on the understanding that he would leave the island that the Spanish authorities liberated him. He was placed in the custody of the British consul at Santiago de Cuba and has sailed from that port for Philadelphia by the steamer Farnwood.

Admirals Demand an Explanation.

Khania, Crete, April 6.—The admirals have addressed a vigorous letter to the governor of this island calling for a categorical explanation of the arming of the bashi bazouks and demanding the surrender of 12 of the leaders of the Akrotiri affair. Colonel Vassos has been notified by the admirals that insurgents firing upon the international troops will be shot.

An Alleged Embezzler Surrendered.

Washington, April 6.—The secretary of state has issued his warrant for the surrender to British officers of Thomas Phillips Bryant, now held in New York by decree of Commissioner Shields, for return to England on a charge of embezzling £2,000 from the firm of Morrison & Marshall, of which he was bookkeeper and assistant cashier.

Colonel Vassos Will Fight.

Athens, April 6.—The Greek press declares with one voice that in the event of the powers attempting to drive him out of Crete, Colonel Vassos will retire to the mountains near Sphakia, where, with the aid of the insurgents, he will resist to the last attacks of the foreign troops.

LIQUOR LAW AMENDMENTS

Proposition to Exempt Bona Fide Clubs and Doubly Tax the "Fakes."

Albany, April 6.—The proposed amendments to the liquor tax law to exempt bona fide clubs and tax the alleged fake clubs are complete, and Senator Ford and Assemblyman Allds are confident that they will attain the end sought if they are adopted.

In brief, the amendments define a bona fide club to be one not quartered in a building with a saloon or hotel or other liquor trafficking association and none of whose directors is engaged in the liquor traffic or related to any person so engaged. After thus defining a club the supreme court is to test by appointment of a referee on the application of any citizen the nature of the club as to its bona fide character. If bona fide, that fact shall be certified to by the excise department. If not, the department shall compel a license to be taken out. The amendments in detail are as follows:

To section 2, in place of the three line definition that the trafficking in liquor is any sale of less than five gallons, this is inserted, "The term 'trafficking in liquors' shall include all sales of liquor of less than five wine gallons, and the dispensing or distribution of liquor by social or other clubs, incorporated or unincorporated, which club maintains rooms or meets in a building in which liquor is sold by a person, firm, corporation or association holding a liquor tax certificate, or which meets in or maintains rooms directly or indirectly connected therewith, or adjoining thereto, or which club employs or permits to act as steward or like officer or employee any person who is the holder of a liquor tax certificate or the agent, employee or relative by blood or marriage of any such holder.

Section 20 is amended to strike out the portion allowing the "excise commissioner, deputy, special agent or county treasurer to begin action to determine the legality of a club selling without license" and insert the words, "any citizen." This allows any person believing a club to be a "fake" to get a review before a supreme court judge.

LARGE FIRE IN NEWARK.

Destruction of Caledonian Hall, One of Its Principal Meeting Places.

Newark, N. J., April 6.—Caledonian hall, which had a seating capacity of over 10,000 and which during its existence was used for most of the large gatherings of this city, has been totally destroyed by fire. The great wooden building, which was about 200 feet long and 200 feet wide and three stories high, burned with surprising rapidity. The hall was on one of the highest points in the city, and the fire could be seen for miles in all directions.

Beda Voight, the owner, estimates the total loss at $50,000. He had about $28,000 insurance. Mr. Voight says the structure will not be rebuilt, but that he may erect a similar edifice in another part of the city.

Caledonian hall has been the scene of some of the most famous musical festivals and political rallies ever held in New Jersey. President McKinley, James G. Blaine, Speaker Reed and Vice President Hobart have all addressed large audiences there during previous campaigns, and during the recent presidential campaign William Jennings Bryan addressed a mass meeting in this hall.

MERRITT EXPECTED SOON.

Preparations Being Made to Receive Him In Royal Style.

New York, April 6.—Major General Wesley Merritt is expected to assume command of the department of the east during the coming week. Active preparations are being made to receive him. Adjutant General Corbin has been in command at Governor's island since General Ruger's retirement last Friday. Captain Mills and Lieutenant Cummings, who served as General Ruger's personal aids, will be relieved and ordered to join their regiments as soon as General Merritt takes hold.

It is not expected that many changes will be made in consequence of General Ruger's retirement. Adjutant General Corbin will, it is said, be allowed to serve out his term at the island. Any other changes that may occur will not be announced until General Merritt assumes formal command.

Big Mortgage Foreclosed.

Boston, April 6.—In the United States court a decree for foreclosure of the mortgages upon the defendant's property in southern California for the benefit of the bondholders was ordered upon the bill in equity brought by the Boston Safe Deposit and Trust company versus the San Diego Town and Land company. The face amount of the bonds of the company is $750,000 and for the past 18 months the company has been in the hands of Charles D. Lanning as receiver. The estate of the late B. P. Cheney of this city was chiefly interested in the company, and the receiver has practically wound up its affairs, and the present foreclosure is but the stepping stone to the reorganization of the company. The court also appointed Mr. Lanning receiver for the mortgage bondholders in the foreclosure proceedings.

Fire at and Near Honesdale.

Honesdale, Pa., April 5.—The flouring mill of Kuhback & Seaman has been destroyed by fire, together with 5,000 bushels of corn and all the other stock. The loss is estimated at $15,000; insurance, $8,000. The large general store of J. S. O'Connor, together with the stock, dwelling and barns, located at White Mills, five miles from here, was also destroyed by fire. The loss is about $20,000, partly insured. The hardest kind of work was necessary to save the large glass works of Dorflinger & Sons and the surrounding dwellings from destruction.

State Factory Inspector's Report.

Albany, April 6.—State Factory Inspector O'Leary announces that he is receiving reports from his deputies which show that never in the history of the department have such thorough examinations been made of establishments under the jurisdiction of the department as at the present time. In substantiation of this he quotes from a letter written by George R. Sevenoetz, a deputy factory inspector, to the effect that on Long Island 68 factories have been inspected, whereas in the same territory in the winter of 1896 but 13 were examined.

CONSULSHIP FOR AN EDITOR.

Hugh Boyd, editor of the New Brunswick Home News, would represent America as consul at Belfast, Ireland. Mr. Boyd is worthy of the trust, and if any adopted Jerseyman goes with a mission to Belfast, he will be the man. Not so many years ago Senator Sewell met Mr. Boyd in Dublin. Mr. Boyd previously had said pleasant things about the Senator, and then and there gave more evidence of inherent blarney, both of and concerning the eminent tourist, and also of his good friends, John Kean and Robert Carson, who now appears to be urging the foreign post for the hard-headed little editor. In politics Mr. Boyd is a Republican, and unalterably wedded to the maintenance of the gold dollar.—New York Press.

INCREASED EXPENSES

The appsopriations for the maintenance of the various departments of the municipal goyernment for the ensuing year are somewhat incrcased over those of the previous twelve months. The street appropriation is increased $1,000, the police department $1,500, the fire department $500, and the fund for the support of the poor $1,000. In addition to these sums is the $2,000 fees for the Madison avenue and Watchung avenue commissioners and $7,000 for the Public Library.

PLUM FOR A JERSEYMAN.

Thomas J. Alcott, of Mt. Holly, was yesterday nominated by the President for United States Marshal of New Jersey. Mr. Alcott has been a member of the New Jersey Legislature, and was recommended for Marshal by Congressman Gardner and indorsed by Senator Sewell and members of the New Jersey Assembly. State Senator Samuel D. Hoffman was a prominent candidate for the place.

POTATO PATCH IDEA.

Several prominent residents of Camden have taken initiative steps to adopt the Pingree potato patch idea. They will probably take up several idle tracts of land in and near the city, and have them placed under cultivation for the benefit of the poor.

EARLY INTELLIGENCE.

—Martha Washington Council, D. of A., meets this evening.

—Rev. Father Curley, of New York, will preach tomorrow evening at 8 o'clock in St. Mary's church.

—The Sunday-school of the Monroe Avenue church is now practicing special music for Easter Sunday.

—Plainfield Lodge, No. 44, worked the initiatory degree last evening. A large attendance was present, including a number of visiting brothers.

—The Daughters of Pocohontas will give an entertainment in Salvation Army Hall this evening. Dancing will also be enjoyed. A good place to go after the Music Hall performance.

—A copy of Weather Observer Naegle's weather forecast is now to be found every morning in the window of the office of the Western Union Telegraph Company at the North Avenue station.

—If some one with a cannon or shot gun could only be induced to turn the X-rays on the dozens of cats and dogs that make night hideous on East Front street, they would gain the everlasting gratitude of many people who want to go to sleep and can't.

—Mrs. Powlison led the devotional exercises at the meeting of the Primary Teachers' Union held yesterday afternoon, and the lesson was taught by Miss Beeching. A short business meeting followed, but nothing except routine business was transacted.

—Edward White has put on sale in the suit department a very handsome assortment of bicycle suits for ladies. They are all tailor made and perfect in fit and sold at remarkably low prices. They also tell of the pretty spring capes they have so many of in which there are over fifty different styles, no two alike.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way.

Miss Josie Fritz, of Somerset street, is confined to her home by illness.

Miss Adriene Allison, of New York, is the guest of relatives in the borough.

Robert Hamilton and family have moved from Orchard place to West Front street.

J. F. McIntyre, of North avenue, has taken up his residence in Somerville temporarily.

Miss Grace Oaky, of Somerville, is the guest of Miss Mabelle Schenck, of East Second street.

Miss Adelaide Ball, of Myrtle avenue, is home from Wellesley College for her spring vacation.

Miss Edith L. Pruden, of East Second street, has been visiting friends in New York for a few days.

John Widenmeyer, of New York, has been visiting his sick brother, Henry, of Somerset street.

Miss Achsah Holmes, of Grandview avenue, has returned from a visit with friends at North Branch.

Miss Bessie Berry, of Philadelphia, is to be the guest of Mrs. Robert Dryden, of Watchung avenue, this week.

Mr. and Mrs. Jacob Voehl leave today for Monticello, Sullivan county, N. Y., to spend a few days with their daughters.

Miss Alice Whitney, of East Sixth street, returned yesterday after spending her spring vacation in Hyde Park, Massachusetts.

Mrs. Phillip Riller and two children, of Brooklyn, are enjoying themselves at the home of Mrs. John H. Carney, of Craig place.

I. N. Field and family, of East Ninth street, expect to move into their newly erected house on Field avenue in a short time.

Edmund Hegeman, a student of Union College, who has been the guest of relatives in Washington Park, has returned to college.

Walter Sampson, of East Fifth street, who has been very ill with pneumonia, has greatly improved and is now able to sit up.

Mr. Gibbons and family, of Bensonhurst, have moved to this city and are now living in one of the new houses on the Moore estate.

Miss Florence White, of Flatbush, L. I., who has been the guest of Plainfield friends for the past few days, has returned home.

Mrs. Robert L. Burnett, formerly of this city, but now of New York, is the guest of ex Mayor and Mrs. B. A. Hegeman, Jr., of Myrtle avenue.

The affable baggagemaster of Central Railroad train No. 36, Edward Teel, looked unusually happy this morning. Inquiry brought out the fact that a new baby boy arrived at his home last night. Mother and son are both doing well.

The S. F. J.'s and their friends were entertained by Miss Angie S. Kuhl, of Somerville, at her home last Friday evening. Those present from this city were Henry W. Brower, Wilbur F. Cornwell, Henry B. Drake, Walter N. Serrell, Lindley L. Hillman, and Captain George Proctor Smith.

FUNDS FOR ENTERTAINMENT.

Help Needed to Give the Brigade Survivors a Good Time.

To the Citizens of Plainfield:—Friday of this week marks the thirty-second anniversary of Lee's surrender at Appomattox. For nine years the Second New Jersey Brigade Society has celebrated this event by holding reunions in different cities of the State; and last year when at Paterson, Mayor Gilbert extended to them a most cordial invitation to meet this year in our city. Their reception and entertainment naturally devolves upon Winfield Scott Post, but beyond this (especially in view of the official character of the invitation) all citizens should take pride in seeing that nothing is left undone that will add to the celebration, or detract from Plainfield's reputation for hospitality.

The Post is in need of funds, and those desiring to contribute money can send it to the finance committee composed of the following members: W. C. Smith, chairman; Col. Mason W. Tyler, Dr. Frank Wells and T. O. Doane.

The ladies of the Woman's Relief Corps will have charge of the banquet, the executive committee being composed of Mrs. James Radin, Mrs. E. C. Morse, Mrs. W. C. Smith, Mrs. Jenny Brokaw, Mrs. E. R. Cox, Mrs. W. R. Mattox and Miss Ada Nash.

Elliot T. Barrows,
Ch'n Special Com. Common Council.

Reception to Mr. McGee.

The reception by the teachers of the Sunday-school of the Monroe Avenue M. E church to Walter McGee, former superintendent, on his return from Europe, has been postponed until April 20th. He was expected home yesterday, but will not now return until next Monday.

—Additional locals on page 3.

A YEAR'S CITY EXPENSES

CONTINUED FROM PAGE 1.

On a motion offered by Mr. Tolles an electric light was ordered placed at the corner of Woodland and Putnam avenues, and on a motion offered by Mr. Leivers a batch of licenses for peddlers and hackmen were granted; also the license for street sprinkling to P. M. French.

At this point the council went into a committee of the whole for the purpose of making the appropriations for the coming year. The following appropriations were made: Police, $14,500; lights, $11,000; printing, $2,500; renting, $750; elections, $5,600; Board of Health, $1,000; maintenance of sewers, $3,000; discounts, $500; streets, $16,000; sundries, $9,000; salaries, $8,400; Watchung avenue extension, $1,500; Madison avenue, fees of commissioners, expenses, $500.

Mr. Dumont stated that according to a state law the appropriation of $11,000 for streets could be collected by a special tax and thus the amount would be taken out of the general tax. By doing this it would bring the amount to be raised down to $33,000.

Mr. Baker then offered a resolution that the $11,000 be inserted in the tax ordinance.

The balance of the appropriations were as follows: Sinking fund for sewer bonds, $4,000; interest on sewer bonds, $4,960; support of poor, $5,000; maintenance of the Public Library and Art Gallery, $3,500; fire department, $16,000; dog license, $2 for every dog.

At this stage of the proceedings Mr. Baker offered a resolution calling for an assessment of $7,000 for the proposed additions and alterations to the Public Library.

Mr. Dumont took the floor and stated that he noticed by the evening paper that the people had been favored with an article written by one of the Councilmen, and the article proposed to solve a problem which nine trustees of the library could not solve. He thought that the article was an attempt to discourage all efforts to obtain the desired results. According to the proposed plan the library would be used as a store room. He held that the annual tax was small and not adequate to meet the running expenses of the institution. He thought that the question ought to be disposed of now and not allowed to go any further. He said that the city could not expect to receive any donations in the future if they were going to be treated as this one had been treated. The trustees, he said, did not propose to expend money carelessly, for they were anxious to get the most for the least possible expenditure.

Mr. Barrows spoke somewhat in favor of the resolution, and said that a year ago he opposed it. He thought that in this nineteenth century it was a disgrace that the city should have such a police station as it has now, and as he walked about the city with its fine streets and handsome residences he felt ashamed to think that the public spirit was so low. He thought that if the city could not get a city hall they could take a step forward by having a suitable library building.

Mr. Frost said that as far as he knew there was no complaint on the part of the people regarding the library. Continuing, he said: "I do not oppose the library, but the First and Fourth wards, paying more in proportion than the other wards, do not get the benefits of the library and art gallery. It is the $1.50 men that pay the bulk of the money that runs such institutions. The art gallery is opened from 10 to 4 o'clock, and if a workingman wants to go there he has to take a day off."

A vote was finally taken on the resolution with the following result: Nays—Messrs. Frost, Leivers, Newman, Runyon, Serrell, Westphal and Tolles. Ayes—Messrs. Barrows, Dumont and Stebbins. The resolution was consequently killed for the time being. A little later the question was again brought up as there seemed to be some misunderstanding about it. It was stated by Mr. Barrows that the $7,000 covered all and that the amount was to be raised by a special tax and that it would not come out of the general fund. Mr. Barrows also stated that the whole trouble with Plainfield is that her citizens want to get something for nothing. If they want the city to be progressive and up to-date they must pay for it. In connection with the subject, Mr. Baker also made a few remarks in support of the resolution. The previous vote was taken while the Council was in a committee of the whole and at this time the resolution was brought before the members as a Council. The second vote resulted as follows: Ayes — Messrs. Barrows, Baker, Dumont, Leivers, Newman, Stebbins and Serrell. Nays—Messrs. Frost, Runyon, Tolles and Westphal.

A resolution was then offered by Mr. Barrows to the effect that the tax ordinance be amended so as to include $7,000 for the above-specified purpose, that is to make the necessary additions to the library building. The resolution was adopted, Messrs. Frost, Runyon and Westphal voting in the negative.

Mr. Baker offered an ordinance which provides for the assessment of taxes. The same was adopted and ordered advertised.

Mr. Newman desired to raise the appropriation for the fire department to $17,000, but he was informed by Mr. Dumont that he could not do it. A recess for ten minutes was then taken and when the members came together again it was decided to make the fire department appropriation $16,000.

Several resolutions were then offered. One by Mr. Serrell authorized the City Collector to receive the assessments for damages on the opening and extension of Watchung avenue. Another gave Corporation Counsel C. A. Marsh $1,200 for extra work on the sewers. Mr. Westphal voted no on the latter resolution.

Mr. Setrell called back a former incomplete resolution relating to the enforcement of the Martin Act and in its place he offered one complete in which May 29th was set as the date to make application to the Supreme Court for the appointment of three commissioners to serve under the act. This resolution was adopted and was followed by two more resolutions which were offered by Mr. Dumont. The first one provided for the notification of all delinquent taxpayers prior to 1881, and May 3d was set as the time for a final settlement. This was offered owing to the fact that a great deal of property had changed hands and the present holders of the property on which there is delinquent taxes are not acquainted with the proposed method of procedure. Mr. Dumont said that for the first time in the history of the city as a corporate body they had a Collector and the taxes could be adjusted satisfactorily. He also stated that there is now over $30,000 due the city from this source. The second resolution offered by Mr. Dumont provided for the publication in the city papers of proper notices of such action by the Council.

Another batch of resolutions were offered which provided for the curbing of the following streets: Southeast side of West Eighth street; southwest side of West Ninth street; Crescent avenue, between East Seventh street and Park avenue; Washington street, from East Front street to LaGrande avenue; West Eighth street, Park avenue and Plainfield avenue. A resolution was offered which authorized the laying of suitable walks about the Lincoln School grounds on Berckman street.

On a motion made by Mr. Barrows the salary of the street commissioner was raised to $1,200.

According to law Mayor Fisk in a communication concurred with the Council in the appointment of The Daily Press and Courier-News as the official papers of the city. In connection with this Mr. Dumont stated that hereafter all resolutions offered for the obtaining of money outside of that provided for would have to have the approval of the Mayor.

Mr. Barrows called up the sidewalk ordinance and it was adopted on the third reading. Mr. Runyon called up the ordinance relating to the duties of the city collector and that was also adopted. The ordinance regulating the salary of the street commissioner was adopted on a third reading.

Mr. Barrows asked for $250 with which to purchase spring uniforms for the police, and it was granted. After Mr. Barrows made a motion that when Council adjourn it be to meet in three weeks.

—The Foreign Mission Circle of the Park Avenue Baptist church will hold a meeting this afternoon at the home of Mrs. George F. Opdyke, of West Eighth street.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Mr. and Mrs. J. W. Griggs are visiting among friends at Yonkers, New York state.

Marsh, Ayers & Co. are now completing the interior of the Dixson mansion at West Dunellen.

Edward Ayers, of the fruit and vegetable firm of Ayers Bros., is suffering from an affliction to his left wrist.

E. J. McLaughlin and family have moved into the house on Jackson avenue, recently occupied by Peter V. Huff.

People in Dunellen are still buying and laying in egg coal for their furnaces. They predict some cool weather yet.

The members of the Dunellen checker club will cross and re-cross the board this evening in another of their series of games.

The well-known Ryder property on Prospect avenue has been purchased by a retired sea captain, who will remove his family there the middle of the present month.

The members of St. John's church choir are rehearsing frequently their Easter music. It will be something altogether out of the ordinary, and will doubtless be enjoyed by a large and appreciative audience.

Three Italians dropped into Dunellen from the trolley cars, yesterday afternoon, and one of them was most gloriously intoxicated. The men cut a bee line for the sewer beds, but so far as known, none of them fell in the pits.

More mountain fires were started on the Washington Valley side of the mountain back of Dunellen, yesterday. The perpetrators of the deeds got away as usual, and the fires were soon put out by the farmers and their hired help.

Charles Whyhusky, the newly appointed Borough Marshal, is giving his undivided time and energy to the safety of the residents. It is said, however, that one or two persons who claim Dunellen as their residence place, need watching, and one or two more who need "taking in."

Thos. Humble, an employe at the Green Brook Electric Light plant, who had both of his hands horribly burned while changing the live currant from one dynamo to another, two weeks ago last Friday, is able to go out, but both hands are bandaged, and it will be some time before he can resume his labors. Dr. Brakeley is attending to the wounds, and under his skillful treatment none of the fingers will have to come off.

SCOTCH PLAINS.

Harry Barber, of Plainfield, visited friends in town Sunday.

The postoffice is established in Baker's store once more.

Mrs. James Braker is entertaining her cousin, Miss McLoughlin, for a few days.

J. E. Flannery, of Plainfield, spent yesterday with his mother, Mrs. John Flannery.

Mr. and Mrs. W. Stewart Hess, of New York, spent Sunday with Mr. and Mrs. J. S. Braker.

Union service was held in the M. E. church Sunday evening. Rev. J. S. Braker occupied the pulpit.

Dr. and Mrs. Westcott, of Fanwood entertained Mr. and Mrs. Gilmour, of Newark, Saturday and Sunday.

Mr. and Mrs. A. L. Jimerson, of Westfield, spent Sunday with their daughter, Mrs. George W. Marsh.

The Ladies Circle of the Baptist church will hold a sociable in the lecture room of the church tomorrow evening.

NEW MARKET.

Isaac Titsworth rode home from Rutgers College Friday afternoon on his wheel to spend Saturday and Sunday at his home. He returned yesterday on the train.

Miss Eva Ward, of New York, is the guest of Miss Halliet.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

THE BRIGADE REUNION.

Captain Hand Urges Citizens to Decorate for and Welcome the Veterans.

Friday, April 9th, is the thirty-second anniversary of the surrender of Gen. R. E. Lee, at Appomatox, and on that day this city will be honored by the presence of the survivors of Hooker's old guard, the Second New Jersey Brigade, composed of the Fifth, Sixth, Seventh, Eighth and Eleventh Regiments of New Jersey. At different times during the war other regiments were added to it, viz.: the First, Eleventh and Sixteenth Massachusetts, the Twenty-sixth Pennsylvania, the Twelfth and Twenty-second New York and the First Maine Heavy Artilery.

They will hold a public meeting in Reform Hall at 2 p. m. The local committee hope to see the hall filled with citizens to welcome them. We shall take great pleasure in introducing our comrades of the Second Brigade to our friends of Plainfield. This Second Brigade was a noble Brigade, and deserves a hearty welcome. We hope our friends will remember the day and assist us in making it pleasant for them. Put out your flags and decorate your stores. Come to the meeting at Reform Hall at 2 o'clock, and you will be interested.

William Hand,
For the Committee.

ELY BROS., 56 Warren street, N. Y. City. I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results. Oscar Ostrum, 45 Warren ave., Chicago, Ill.

THEATRICAL.

Denman Thompson's familiar play will be seen at Music Hall tonight. "The Old Homestead" is clean and wholesome throughout, it appeals directly to the heart, and its simple story, humor and pathos are exquisitely blended. Tears and laughtor follow each other in quick succession, the action never drags, nor does the interest even wane, and a visit to it is always refreshing. The individual members of the company remain the same as on its last visit, with Archie Boyd as "Joshua Whitcomb," and was then credited with being the most efficient cast that had presented the play. The famous double quartette in their selection of old-fashioned melodies, are always interesting, and still remain a prominent feature.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

—The grounds about the Lincoln School at East Second and Berckman streets are being graded, and will present a handsome appearance.

A SUPPLY BOAT.

MAKES A ROUND OF CALLS TO THE DIFFERENT LIGHTHOUSES.

All the Year the Armeria is Busy in Uncle Sam's Service, Carrying Oil, Etc., to 850 Stations on the Coast—Also Sees to Destroying Unused Articles.

The United States owns one vessel that has no counterpart in American waters. She is the Armeria, the light-house supply ship. All the year she is busy carrying oil to 850 light houses on our coast, and not only oil but towels, wicks, brushes, soap brooms, cutlery, stationery—all the things that the government supplies to light-houses and their keepers, says a contributor to the Chicago Inter Ocean. And, by the way, right here is a good place to tell about the distressing extravagance Uncle Sam displays about all his "second-hand" possessions; perhaps it is unavoidable but it is painful to a thrifty heart nevertheless.

Whenever new things are given for old to his servants, the old are destroyed remorselessly; tinware that only needs a little tinkering, lamps lacking a new burner, brushes that are good for work but not for the particular work required, furniture that is being displaced by something better—all these things are taken away by the Armeria, and far out to sea where it is certain that no current will ever carry them back to be of use to anybody, and they are dropped overboard. The same plan of destruction of displaced articles is pursued in all government departments only when, say, a signal service officer is allowed a new desk, the old one is not sent to sea, but is hacked into kindling wood on land. I am not sure that the kindling wood can be used for anything but a useless bonfire, for the idea in all this destruction is to remove any temptation to get new things in order to make something off the old.

The Armeria is a big, white steamer, with yellow funnel and uniformed officers, so that you can tell from afar that she is a government vessel, but she does not belong to the navy; she is one of a great fleet controlled by the Treasury Department and devoted to services that have nothing to do with war. There are about 158 light stations on the Pacific coast and about 265 on the great lakes. Oil is purchased in the west for the lake stations, but all the rest are supplied from the government depot on Staten Island; the oil for the Pacific coast is sent around the Horn in sailing vessels, and the Armeria carries all they need to all the rest of the United States light-houses. She visits each once a year, coming back to Staten Island three times between the different annual cruises to get new supplies and to be overhauled and repainted. Capt. Wright is the shipmaster, and he has commanded a light-house supply ship for 25 years, and he is the only man living who could pilot a ship into every harbor of the Atlantic and Gulf coasts of the United States. He can give you the exact location of every lighthouse, lightship, buoy and beacon on this side of our country, from Maine to Texas.

Naturally, light-houses are generally in difficult and dangerous waters, and the best of seamanship is none too good for the Armeria. The light of Jupiter inlet down in Florida is the hardest of all to supply, for the freight boat must be landed on an open beach, where there is always a heavy surf; it is frequently overturned, but in one way or another not only the Jupiter light is kept burning, but at this same point are landed the supplies for 26 post lights along the Indian River.

His Sacrifice.

"Darling," he said, looking down tenderly into the eyes of his bride, "I have often heard you say that there is no true love without self-sacrifice. You have taught me this great truth, and now I am going to prove my love by giving up something that has been very dear to me for years. You know how fond I am of smoking. Well, dearest, I am going to abandon the practice, even though it be like tearing out my—my—"

At this point his emotion apparently overcame him, and he looked down at the sweet face, expecting to see there appreciation of his noble resolve, but he saw only a look of blank disappointment.

"What is the matter? Are you not glad that I am following your teaching?" he asked.

"It's not that," she answered, almost sobbing. "Never mind what it is," and she rushed from the room.

The self-sacrificing hero smiled. He needed no explanation. He had learned from his wife's dearest friend that she had set her heart on buying him a half-dozen boxes of cigars covered with lovely silver paper wrappers, with pictures in the middle.

And that is what gave birth to his noble resolution.—New York World.

Price of a Postage Stamp.

"An American friend tells us," says a foreign paper, "that he saw the following written up on a postoffice away back in the States:—'The price of a 2-cent stamp is 2 cents; licked and stuck, 3 cents. Any further information can be obtained from the postmaster.'"—Chicago Record.

A WATCH THAT WINDS ITSELF

A Novelty Which Will Recommend Itself to Lazy People.

The latest novelty in the line of timekeepers will appeal to lazy, forgetful people. It consists of a watch which does not require any winding. All that is necessary for its owner to do, in order to have the time with him always, is to walk half a mile a day, the watch does the rest.

These novel watches are got out in several varieties of cases, some of them extremely ornamental, but the kind most commonly seen in Chicago is made with a plain black case and an open face. The winding mechanism consists of an ingenious contrivance by which a small weight is raised and lowered from the jar of walking. The motion of the weight works a small rachet arrangement, which works the spring to its full tension, and then is automatically held until winding is needed. A course of shaking up and down for a few minutes will answer the same purpose as a stroll afoot, while all the jolts and jars of ordinary existence are likewise made useful as a means of winding.

The possibilities which this new watch opens up for forgetful and lazy people are enormous. The man who comes home late at night by an irregular course of progression down the street will no longer need to have his wife wind his watch in order to keep it going, and the more tempestuous and full of ups and downs his evening has been the better the watch will be wound. The student, the college professor and the young woman in love will all be blessed with a perfect running timepiece, no matter how often they forget to wind it before going to bed at night. Above all, society will be delivered from the necessity of hearing the remarks of the fool man who says he doesn't carry a watch simply because he is too lazy to wind it.—Chicago Tribune.

HIS ASHES SOLD IN THE URN.

The Remains of Banker Arons Bought at Public Auction for $3.75.

The ashes of a human being were sold in the urn at an auction in Bromberg, Germany, the other day. They were sold without reserve and were obtained by the highest bidder for $3.75. The highest bidder was not of the dead man's kin, but he carted away the mortuary urn and its contents to his home with appropriate care and solemnity.

The ashes, which were sold without reserve, were those of Albert Arons. He founded a banking business in Bloomberg fifty years ago, and about ten years ago, having accumulated all the money he cared for, he moved to Berlin. He left a man named Muller in charge of the bank and when he died four years ago the business, in accordance with the will, went into Muller's hands. His last request was that his body be burned and that the urn containing his ashes be set on a shelf in the office of the Bromberg bank. His last request was heeded; his ashes rested in the place where he had been active for forty years.

One year ago Muller died. The bank became involved in difficulties. The business wound up and the office furniture was advertised to be sold at auction, in obedience to an order from the courts. With the furniture the ashes of Arons came under the hammer.—New York Sun.

The Largest Chessmen.

Apart from living chessmen, the largest set of chessmen ever made were those used in some matches played at the Crystal palace between Mr. J. H. Blackburn, the English chess champion, and Mr. R. F. Fenton. The board was 12 feet square, and the chessmen, 14 inches in height, were made of light wood and hollow. Solid pieces of that size would have been too heavy to move about, for the players had to be seated on elevated chairs, and the pieces moved by a contrivance called a catcher, which very much resembled a huge toasting-fork. It required considerable care and dexterity to handle this catcher without accident. The object of the show was, that the board and chessmen should be big enough to enable a large number of spectators to witness games between experts, the board taking the place of the stage.—Tid-Bits.

MOST FAMOUS OF REMEDIES

Dr. Greene's Nervura Cures the Manager of a Great Newspaper.

Harry Hunt, Manager of the Bridgeport Morning Union, and Composer of "Soldier Boy in Blue," Made Well by Nervura.

HARRY I. HUNT, THE FAMOUS COMPOSER.

When people are sick, ailing or out of order, they desire to take a remedy highly recommended, one which is sure to do them good; hence the magnificent testimonials and recommendations of Dr. Greene's Nervura blood and nerve remedy by our most prominent and well known people in public and private life, influence everybody to use this acknowledged greatest and grandest of medicines. We now add to the list of well-known people cured by Dr. Greene's Nervura, the famous composer of that most popular national song, "The Soldier Boy in Blue," Harry I. Hunt, who has appropriately dedicated his song of the American soldier to Gen. Nelson A. Miles, Commander of the U. S. Army. Mr. Hunt is manager of the newspaper "Bridgeport Morning Union." He says:

"Regarding the good effects of Dr. Greene's Nervura blood and nerve remedy, I cannot say enough. I had been working a good many hours a day and I was so run down that I felt something should be done at once. I had read so much of Nervura that I tried a bottle, to find its effect so wondrously beneficial and strengthening that I tried a second bottle, with the result that I am fully restored to health, my nervousness has disappeared and I feel a hundred per cent better in every way. I can recommend Dr. Greene's Nervura without hesitation."

If you need a spring medicine, if you are run down, weak, nervous, disturbed, tire easily, wake mornings fatigued, have rheumatism, neuralgia or headache, in fact, if you are out of order and lack your old time vim, energy and power, take this sure restorative, Dr. Greene's Nervura blood and nerve remedy. It is just what your system requires, at this season, for it makes strong and vigorous nerves, pure, rich blood, gives sound sleep, good digestion and perfect action of liver and kidneys. In this way it thoroughly cleanses the system of all impurities, purifies the blood and makes you strong and well. Use Dr. Greene's Nervura now. It is not a patent medicine, but a physician's prescription, the discovery of the most successful physician in curing diseases, Dr. Greene of 35 West 14th St., New York City, and hence must of necessity be perfectly adapted to cure. Dr. Greene can be consulted free, personally or by letter, in regard to any case. Nothing to pay for consultation, examination or advice, and the low price of his wonderful health-giving medicines places a sure cure in reach of everybody. Call upon or write Dr. Greene if you are sick. Dr. Greene's Cathartic Pills are the sure cure for biliousness and constipation, the perfected result of Dr. Greene's long years of practical experience, small, sugar coated, easy to take, certain and pleasant to act.

THE CASE OF IASIGI.

Former Turkish Consul at Boston Again Indicted

DECISION OF THE FEDERAL COURT.

It Declares That His Arrest and Detention Were Legal—Other Notable Decisions Handed Down by United States Court.

Boston, April 6.—Another indictment against Joseph A. Iasigi, late Turkish consul at this port, who was arrested in New York, has been reported by the grand jury in the superior court. This action was taken as a precaution against the posible decision of the United States supreme court at Washington that the indictments brought against Iasigi on charges of embezzlement as the Turkish consul in this city are illegal. In that event this indictment will enable him to be rearested and held as an ex-consul.

The Federal Court's Decision.

Washington, April 6.—Chief Justice Fuller announced the decision of the court in the case of Joseph A. Iasigi, the former Turkish consul at Boston, saying that it had appeared during the argument of the case that Iasigi had been removed from his consular office and that all official connection between him and the Turkish government had been severed. "Therefore," he added, "when the order remanding Iasigi to the custody of the state officer was entered, he was not holding a consular office, and the supposed objection to his detention for extradition to Massachusetts did not exist."

The question whether the order of the district court dismissing the writ should be reversed because the objection existed when the writ issued, although it did not when the order was entered, was taken up and the conclusion was reached that the United States may exercise a discretion in determining the question of discharge."

Justice Shiras delivered the opinion of the court in the case of the city of St. Louis versus the Western Union Telegraph company. The case involved the right of the city to tax telegraph poles in the streets at the rate of $5 per annum each, and it was decided for the second time by this court. The decision of the court below, the circuit court for the eastern district of Missouri, which was in favor of the telegraph company, was affirmed by the decision on the ground that the questions raised by the city are not presented by the record.

The court did not therefore go into the merits of the tax law at all.

In an opinion by Justice Brown, the court finally settled the dispute between the Cunard Steamship company, owners of the steamer Umbria, and the Compagnie Francaise, owners of the Iberia, growing out of a collision between the two vessels in a fog off the coast of Long Island in 1888, as a result of which the Iberia was sunk, resulting in a loss of $150,000. The district court for the southern district of New York held that the Umbria was wholly to blame for the collision, but the circuit court of appeals for the second district reversed the decision, dividing the responsibility. The decision of the district court was sustained and that of the circuit court of appeals reversed. This holds the Umbria entirely responsible.

The court refused to grant the motion to dismiss in the case of Swenson versus Russell Sage, assignee of the Hastings and Dakota Railroad company, and entered an order continuing it and permitting the United States to intervene, to the extent of taking proofs by deposition. It is charged by the United States that the case is fraudulent and was brought as the result of collusion between Sage and Swenson to make sure of a decision in the interest of the railroad company's land grant.

In the case of I. R. Parsons versus the state of Missouri, appealed from the decision of the Missouri state court of appeals, the lower court was sustained. The case involved the right to tax peddlers, which Parsons, who was a patent medicine vender, resisted. There was no written opinion, the case being decided on the authority of what is known as the Ernest case.

Cabinet Crisis In Chile.

Santiago De Chile, April 6.—As a result of the serious disagreement between President Fedrico Errazuriz and the minister of the interior, growing out of the appointment by the latter of the governors and other officials not satisfactory to the president, the entire cabinet has resigned in order to give the president full liberty of action.

A VOTE OF CENSURE.

Harcourt's Opposition to the British Cretan Policy.

SALISBURY'S ACTION CRITICISED.

The Liberals of the House of Commons Will Call the Government to Task For Its Position In the Graeco-Turkish Trouble.

London, April 6.—An important meeting of the leaders of the Liberal party was held at the residence of Sir William Vernon Harcourt, the Liberal leader in the house of commons.

The parliamentary secretary for the foreign office was asked several questions today in the house of commons on the subject of Crete. He said that all the powers excepting Germany would be represented in Crete by military forces and that all the powers without exception would be represented in Cretan waters by a naval force.

Sir William Vernon Harcourt, who was loudly cheered when he rose to speak, said he wished to ask whether the government leader, Mr. Balfour, could give the house the date upon which the Turkish troops would be withdrawn from Crete.

The Liberal leader asked whether the government intended to employ the forces of the crown in blockading Greece and whether the government could make a statement in the house on the situation in Crete and Greece and its policy in relation thereto.

Mr. Balfour, who was received with loud ministerial cheers, said that the government had, as Sir William knew, represented to the Turkish government the advisability of withdrawing the Turkish troops from Crete and there was no doubt this eventually would be secured, but no date for it could be fixed, if for no other reason than because at present there were not sufficient troops on the island to protect the Mussulman noncombatants from the control of the armed irregulars.

Referring to the proposed blockade of the gulf of Athens, Mr. Balfour said that if such a step is found necessary in order to maintain peace the government will not hesitate to join with the other powers in blockading Greece.

In the meanwhile, continued Mr. Balfour, the powers were making a general declaration at Athens and at Constantinople whereby the maintenance of peace might, he trusted, be obtained.

This declaration, Mr. Balfour explained, was in effect that in case of a conflict on the frontier the aggressor would be held responsible for the consequences of the disturbance of the general peace, to which the powers attached the greatest importance; further, whatever the consequences of the struggle, they would not consent to the aggressor deriving the smallest advantage therefrom.

Commons Want Information.

Sir William Harcourt said the house was very anxious for a full statement from the government of the policy it intended to pursue, and as the government leader (Mr. Balfour) was not prepared to make a statement on the subject he (Sir William Harcourt) desired to give notice of a motion which would secure a discussion of the situation for the information of the house and country.

He would therefore move an address to her majesty praying that the forces of the crown be not employed against Greece or the people of Crete.

Mr. Balfour remarked that he desired to be sure whether Sir William Harcourt meant to raise a definite voice of censure against the government in regard to its policy in the east, for if he did the government was prepared to give Thursday next for a discussion, which he hoped could be confined to the limits of a single night.

Sir William Harcourt said that at present he was not in possession of information as to whether the government intended to employ the crown forces against Greece and the people of Crete, therefore his motion was not a vote of censure.

It was simply intended to learn the intentions of the government and obtain the opinion of the house as to whether it would be a wise and proper policy to pursue.

The opposition, he continued, was of the opinion that coercion was improper, and it was prepared and anxious to take the opinion of the house on the subject.

If Sir William Harcourt put the motion on paper, it would be further considered.

Sir William Harcourt retorted that he would not put the motion on paper before the government leader (Mr. Balfour) would say whether or not he would take the responsibility of bringing the motion to a discussion.

The matter was then dropped amid cheers from the Conservatives and counter cheers from the Liberals.

A Witness For the Gould Heirs.

Kingston, N. Y., April 6.—A representative of the family of the late Jay Gould visited Stamford, Delaware county, and had a long interview with Simon B. Champion, the veteran editor of the Stamford Mirror. Mr. Champion was intimately associated with Jay Gould in early life. The two men resided near each other for many years. This friendship was maintained until Mr. Gould's death. It is said Mr. Champion is likely to give important testimony against the claims of the alleged widow of Jay Gould, the statement being made that the veteran editor never heard of the alleged marriage of Mr. Gould during his early life in rural New York.

State Board of Health Report.

Albany, April 6.—Secretary Smelzer of the state board of health reports that during the month of March but four out of the 1,500 local boards of health failed to report the vital statistics under their jurisdiction. This is the least number of omissions that has ever occurred in any one month. The boards that failed to submit their reports were those of the towns of Horseheads, Watson and Willett and the village of Arverne-by-the-Sea.

Many Diseased Cattle In Massachusetts.

Maynard, Mass., April 6.—Dr. William E. Peterson of Waltham is inspecting the cattle in Sudbury and Maynard for tuberculosis, and already 200 cows have been taken away from those places. The owners seem interested in having their herds completely freed from disease and do not offer any objection to the wholesale slaughter. They are fully recompensed for their losses.

GOSSIP OF THE CYCLERS.

ITEMS INTERESTING TO DEVOTEES OF THE STEEL STEEDS.

The Popular Exercise Provides Incidents and Expressions That are of Especial Moment When Wheeling is the Rage.

Eight of the Cleveland Cyclers enjoyed a run to Trenton, Sunday.

J. B. Morse, of Park place, has purchased two '97 Victor wheels from Gould & Randolph.

The F. L. C. Martin Cycle Company has received a sample of the Barnes "White Flyer" road racer.

The trustees of the Newark Public Library have arranged to have several bicycle-racks in the building, near the entrance, for the convenience of patrons.

The Union County Freeholders are arranging to macadamize St. George in Rahway, from the city line to the line of Middlesex county, a distance of about 3,000 feet, which will give a good connection with the macadam roads of the two counties.

Although there was a chilling breeze from the east, Sunday, the cyclists were out in force and there were a number of runs to this city. The Vim Bicycle Club, of Newark, enjoyed a run on the Jersey roads and took dinner at McVey's. There were twenty of them. The Century Wheelmen had a detachment out, as did the Greenwich Wheelmen and the Comet Bicycle Club, successors to the old Empire Club. There were an unusually large number of tandems out and everything points toward a very successful season for tandem riding.

BASKET BALL.

Two exciting games of basket ball will be played this evening in the Y. M. C. A. gymnasium. The first and second teams from the Riverside Athletic Club of New York will come to this city and play against the first and business men's team of the Plainfield Association. The business men's team will be composed of Messrs. Doane, O'Donnell, Fuller, Johnston and F. G. Smith. The first game will begin at 8:30 o'clock.

STRIKES AND SPARES.

Tomorrow evening, on the Y. M. C. A. bowling alleys, a very interesting game will be rolled between a five-men team from the Y. M. C. A. and Carman Sutphen, Julian Sutphen, Clarence Sutphen, Morris Sutphen and Burt Sutphen.

TRINITY COMMANDERY ELECT.

Jocob Kirkner Chosen Commander for a New Year.

Officers for the ensuing year were elected and installed at the meeting of Trinity Commandery, No. 17, K. T., last evening. The election resulted as follows: Commander, Jacob Kirkner; generalissamo, Nelson Y. Dungan; captain general, Walter H. Freeman; prelate, B. F. Coriell; senior warden, Harry W. Marshall; junior warden, C. C. Howard; treasurer, C. H. Rugg; recorder, F. K. VanAuken; standard bearer, Edward H. Cleveley; sword bearer, Clarence Goss; warden, Robert A. Meeker; sentinel, Caspar Bolsterli; representative to the grand lodge, John W. Murray, Sr.; trustees, Dr. C. Adams, Asa Collier and Henry Woodland.

Building Boom in the Borough.

Just now there is a healthy building boom evidenced in Washington Park on Myrtle avenue. John Abbott, Jr., of this city, has commenced the erection of a handsome cottage. A. L. C. Marsh is the architect. At an early date Councilman Harold Serrell, of this city, will commence the building of a home for himself, and J. R. Joy, of the Park, recently purchased a lot of the Cadmus estate upon which he will erect a home for himself.

An Episcopal Convention.

The women of the Episcopal churches of this city and vicinity are already planning for the Diocesional Episcopal Convention which will be held in this city in May. The convention will continue for three days and will be quite an important gathering.

A Masonic Visitation.

A large party of Masons from this city will go to New York tomorrow evening to attend the meeting of St. Nicholas Lodge in the Masonic Temple, New York, at which the Master Mason's degree will be conferred on George Kirkner, formerly of this city.

Resigned His Position.

John Mengie, formerly assistant superintendent of the Metropolitan Life Insurance Company, in this city, and recently manager of the Home Building and Loan Association, has resigned the latter position.

Rev. W. E. Honeyman and wife of the borough, are stopping for a short time at Dover Morris county, where Mrs. Honeyman's mother is very ill.

Together with the lesson, some time will be devoted to the study of prophecy and the symbolic teaching of the tabernacle. Hereafter the class will meet at 7:45 p m. instead of 7:30.

$800 IN GOLD DROWNS A MAN.

At the burning of a steamboat on the Hudson river many years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly $800 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis—it is all the same) the sufferer develops a great variety of symptoms and often dies—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to give the cause of its true name lest we should be laughed at for our inability to cure so 'simple' a thing as indigestion. Simple? Why, it is the capstone of all complaints—and the mother of most of them."—So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite; distress after eating; heart burn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhœa; discolored skin, etc.

The sufferer's friends often advise him to cheer up; to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers, "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. DEATH OF MISS JENNIE HEDGES.

The Well-Known Physicians Lose a Favorite Sister.

Miss Jennie Hedges, sister of Drs. Ellis W. Hedges and Benjamin VanD. Hedges, of this city, passed away in the Presbyterian Hospital, New York, late last night. Her home was in Chester, Morris county, where she was greatly liked by all who knew her. She was taken to the hospital to have an operation performed. It was done but she never recovered and quietly passed away during the night. Her brothers were called to her bed side last evening and were present when the end came. She was well-known in this city where she was a general favorite. Her many friends sympathize deeply with the Drs. Hedges in their loss.

—At the receiver's sale of the Metuchen Recorder last week Dr. Dana bought the newspaper for J. A. McLauchlan, the editor. The sale disposes of J. F. Kempson's interest in the paper.

It has recently been discovered that there is in Birmingham, in the very center of Christian England, a factory where idols are made for heathen nations! Many attempts have been made to obtain admission to the factory, but a strict watch is kept upon outsiders anxious to pry into the secret chambers where the heathen gods are made, and journalists especially are prevented from entering the works. A few facts were, however, to be gleaned concerning this extraordinary industry. Idols of all kinds are turned out, represnting the gods to all heathen nations, from Tokio to Timbuctoo. The export trade to heathen countries is a fairly large one, although more gods are sent out to foreign dealers in curios in the bazaars of Cairo, Damascus, Colombo, etc., for sale to unsuspecting travelers anxious to take home some mementoes of their stay abroad.—London Pottery Gazette.

Wonderful Hawaiian Tree.

Col. George Nolan, of Los Angeles, claims to have discovered a marvellous tree in Hawaii. It is the Hawaiian papaya tree. The remarkable thing is the juice extracted from the melon-like fruit of the tree. This juice has a peculiar effect on meat. A few drops of it placed in the water used to boil an ancient fowl will cause it to become as tender as a spring pullet. A like effect will be produced on the meat of a tough old bullock if it is hung under the tree in such a manner as to let the meat absorb the papaine exhalation. The fruit of the tree will cure dyspepsia, and will contribute to the general health of the person eating it.

At the Club.

Nipper—Look here, old chap, I've been advised to go to Thompkins, the tailor. Did you ever go to him for anything?

Clipper—Oh, yes; got two suits from him; one dress suit, one lawsuit. Thompkins is a very expensive man, I tell you.

A Suggestion.

Dugan—I notice thot thim Groogans do be advertising goats' milk for sale.

Googan—Yis; they have more thon twinty goats.

Dugan—Phil, thin, it's mesilf that do be afther thinkin' they ought to advertise buttermilk.—Up to Date.

We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.
We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

A SAD ENDING FOR BENNY

MET DEATH IN A WHIRLING, BUBBLING EDDY OF WATER.

A Four-Year-Old Boy Lost His Balance And Fell Into the French Grist Mill Flume to Be Hauled Out Dead.

'Twas a sad ending to a day of pleasure for little Benny Denise and although he kicked and struggled, the cruel waters closed over his little head and his screams for help were smothered ere they left his mouth. One more was added to the already long list of those who met their death by drowning. The fatal accident occurred yesterday afternoon in the entrance of the flume to French's mill on Somerset street.

Little Benjamin Denise, Benny is the name by which he is best known, lived with his mother in one of the flats on West Front street, over Grane & Clark's store. He was only a lad of four summers and had not attained the dignity of being a school boy yet. His little sister, two years older, went to the public school every day. When the sister returned from school yesterday afternoon at about 3:44 o'clock, Benny was missing.

Benny had been away before but had always been found and brought home safe and sound. Mrs. Denise told her youngest daughter to go out and find Benny. The little girl went forth and after a search found her brother. He had wandered from Front street through the lane to the rear of French's mill which fronts on Somerset street. The little girl found another friend and the three were watching the water in the mill race when little Benny started to walk across the planks that span the beginning of the flume ere it disappears under the wall of the mill.

The end of the mill race, where the gates into the flume are, is about five feet from the side of the mill. The water rushes through the gates and passes through a screen made of iron bars to the turbine water wheel just inside. The turbine causes an eddy in the water in the flume. The screen is to prevent refuse from going in and blocking up the wheel. Over the flume which is visible from the outside are two planks which form a rude foot-bridge by which those passing that way may get on the other side of the mill race and flume. It was this bridge that Benny attempted to cross.

How it happened no one knows. Someway Benny fell from the planks and tumbled head first into the water below. The water is almost four feet deep in the flume. Perhaps his head struck the iron grating; maybe it was only fright that stunned him; but at any rate he failed to grasp the walls of the flume and sank under the water that bubbled and splashed as it rushed through the gates and into the turbine wheel.

Thomas Hughes is employed in Langhorne's photographic establishment and was at work developing pictures. From the window by which he stood he could see the flume. He was busy at his work, yesterday afternoon at 4:15 o'clock, when he heard a child scream. He looked from the window and saw two children running away from the flume. One of them turned and ran back. Stooping over the side of the flume, the child peered into the water. Then she, for it was Benny's sister, screamed and ran. Hughes saw that something was the matter and hurried down stairs and out of doors.

Hughes first thought was that some one had fallen into the water, but when he reached the side of the flume he saw a child's hat floating in the water. Then he supposed that the little one had lost her hat and he prepared to recover it. He leaned over and reached down, when out from under the boards floated the body of a child. The next instant he had lifted the lifeless burden from the water and started to restore life by violent rubbing. The lips of the child were blue and the foam flowed from the mouth as the limp little body was lifted to dry ground.

Realizing that it was a serious case, Hughes carried his dripping burden into Shaw's pharmacy on East Front street. Lewis R. Bird had seen Hughes hurrying to the scene and he followed in time to learn the trouble. He returned to the street, and, seeing Dr. Rushmore passing in his carriage, called to him. Dr. Long was hurriedly summoned on the telephone. The two physicians worked over the child for half an hour attempting to restore respiration and clear out the water from the lungs. Their efforts were unavailing, however, for the little lad showed no signs of consciousness and they finally reluctantly desisted. The remains were then left in the back room of the pharmacy to await the arrival of the county physician.

The body was removed to the child's home last evening by permission of Chief Grant. The funeral will be held from the house tomorrew afternoon at 2:30 o'clock. The interment will be at Hillside Cemetery.

BBIGADE LINE OF MARCH.

FURTHER DETAILS FOR THE REUNION ON NEXT FRIDAY.

Woman's Relief Corps Have Completed Their Arrangements for Entertainment —Citizens Are Invited to Decorate.

Everything now seems to be in readiness for the coming of the members of the Second New Jersey Brigade on Friday. At the meeting of the Son's of Veterans held last evening the members made arrangements to act as escort for the visitors upon their arrival in this city.

The members of the Woman's Relief Corps met yesterday afternoon and completed their arrangement, and a meeting of the general committee will be held this evening to arrange a programme for the exercises to be held Friday afternoon in Reform Hall.

The line of march will be from the Casino to Park avenue, to Front street, to Central avenue, to Reform Hall. Prominent city officials, officers of the G. A. R., Sons of Veterans and the Plainfield Cornet Band will escort the visitors to the Hall. It is earnestly requested that all as far as possible decorate along the line of march which is not very long. There is an opportunity for the citizens to display their patriotism and it is to be hoped that they will respond in this respect. Contributions are coming in satisfactorily and the committee will receive any money that the citizens desire to give.

The following official order has been issued by Commander I. L. McVoy, of Post No. 73, G. A. R.:

Headquarters of Winfield Scott Post, No. 73, Department of New Jersey, G. A. R.:

The survivors of the Second N. J. Brigade will hold their tenth annual reunion in Plainfield April 9th, by joint invitation of the Post and Mayor of the city. It is expected that all comrades will heartily respond to this order and give the visitors a soldier's welcome. The members of the Post will assemble at headquarters at 9:30 Friday morning, in uniform to receive the visitors, and will re-assemble at 12:30 noon and escort the members of the Brigade from the Casino to Reform Hall where dinner will be served. After dinner, Mayor Fisk will welcome the visitors to the city, and there will be addresses by General Sickles and others.

I. L. McVoy,
Commander Post 73, G. A. R.

Official: E. C. Morse,
Adjutant.

LIKE THE COUNTY ROADS

CITY THOROUGHFARES TO BE TREATED TO A NEW METHOD.

County Inspector Fink Engaged to Improve the Business Streets in the Same Manner as County Roads are Built.

The progressive methods adopted by the present street committee of the city council are sure to bring some favorable results and Councilman Frost is determined that Plainfield shall have good roads if such a thing is possible with the means at hand. As a starter in this direction arrangements have been made with County Superintendent of Roads Fink to have Front street, from Watchung to Grove street, the latter street to the bridge, and Somerset street to the bridge, macadamized and re-built according to the methods adopted for the county roads. This work will be started tomorrow under the supervision of Mr. Fink for the purpose of ascertaining which is the best method to adopt, that is the present method used in this city or the one used in building the county roads.

The established reputation of the county roads is known far and near and if Plainfield can have such roads it will certainly be a great improvement over present streets. It has always been held by people of good judgement that in macadamizing the streets of the city too much dirt has been used with the stone, and when there is a heavy rain the dirt is at once turned into mud in large quantities. It is understood that Mr. Fink's methods are somewhat different and are more like those used in the building of hard roads.

HELD ON ANOTHER CHARGE.

Ellis Campbell Makes a Complaint Against the Oak Tree Assailants.

William Tighe and William McCann, the two men from Metuchen who figured so prominently in the assault of the Schumakers at Oak Tree, last week, have had another charge to answer to. The latter charge was brought by Ellis Campell, of Avon Park, who alleges that they maliciously wrecked a buggy which was in his barn. The two offenders were brought before Justice Wood on that charge and were held for the Grand Jury for that offence also. The Grand Jury meets today and their cases will be considered.

Miss Schumaker, one of their victims, whom they dragged from her bed and carried away to leave in the woods, has slightly improved and will probably recover. Noah Schumaker is in a critical condition and may not survive.

BEYOND CHURCH DOOR.

CHRISTIAN ENTHUSIASM IS WANTED IN EVERYDAY LIFE.

A Larger Attendance and Increased Interest at the Endeavor Meetings—A. C. La Boyteaux's Admonition to Workers.

The second of the evangelistic services under the auspices of the Christian Endeavor Local Union was held last night in Trinity Reformed church, and showed larger attendance, increased interest and a real Endeavor spirit.

The preliminary prayer meeting was led by Miss Emma Virginia Fish, and was an earnest and helpful service.

The larger meeting was led, as on the preceding night by E. E. Anthony, and opened with a song service, led by Horace J. Martin and the chorus choir, followed by Scripture reading by Rev. W. C. O'Donnell, and prayer by Rev. W. R. Richards, D. D. A solo, "No Sorrow There" was sung with much expression by L. H. Biglow, Jr., after which came a short practical address by A. C. LaBoyteaux with a three-fold subject, "Loyalty, Action, Dependence." We want to be Christians through and through, he said. Worldliness will creep into our churches and Endeavor Societies, and one of the saddest things in the world is to see the lack of consecration on the part of the church members of today. We want to be wholehearted, out-and-out Christians. Live for the eternal things; all else is but fleeting shadows. But we must do, as well as be. It is not enough to say "I love Jesus."

Enthusiasm that doesn't last beyond the church door is not worth much. We want to live to make Christ known: we should never be satisfied to be saved alone.

And then, remember Christ said "Without me ye can do nothing." It is not only in the great things of life that we need his help, but in the least as well. We must depend upon him in these meetings, or they will come to naught: we can only be the instrument, he must do the work.

Another beautiful solo, "Moment by Moment," was sung by Mr. Biglow, then came the consecration hour, in charge of Miss Alice B. Spangenberg. The key-word of her brief but heartfelt talk was "Wholly Thine." She spoke of the lack of realization on the part of Christians that they should belong wholly to God. Yet, said she, we have said, and we say on the morning of each day, "Lord, what wilt thou have me to do?" Will you give yourself wholly to God for the work of saving souls? Then lay aside social engagements, and attend every one of the meetings that you can, and bring in others, who have not your Savior.

DRUMMERS GAVE THEIR FACES.

A Photographic Presentation to Warren Engine Company.

A regular meeting of the members of Warren Engine Company was held last evening, at which time an opportunity was given for further nominations of officers. The only change made was in the nomination of a treasurer. The name of J. M. Higgins was substituted for that of E. E. Pope. The election of officers will take place on the first Tuesday in May.

After the transaction of the business the members of the Independent Fife and Drum Corps were received and an adjournment was made to the Crescent Hotel, where a repast was served. There was good music by the Corps, and several of the members favored those present with vocal selections.

A feature of the event was the presentation of a picture of the Corps to the Engine Company. The picture was presented by Major Frank Manchester, and it was received for the company by James D. Anderson. Remarks by the different members followed.

ENDEAVORERS ELECT.

East Third Street Mission Society Held an Important Meeting.

The regular business meeting of the Christian Endeavor Society of the East Third Street Mission was held last evening in the mission. The reports of the officers and committees were made showing the society to be in a good financial condition and that much work had been accomplished during the last few months. The question of Junior Endeavor work was taken up and a committee was appointed to investigate the matter. The committee was composed of Miss Maggie Rocap, Miss Annie Kyle and Robert Love.

The election of officers was held and resulted as follows: President, Isaac Giles; vice-president, L. W. Randolph; recording secretary, Miss Florence A. Dodge; corresponding secretary, C. E. Hepburn; treasurer, Miss Lena Jomini.

ALL EYES ON VOORHEES.

HIS INDEPENDENT ATTITUDE CAUSES SOME LITTLE WONDER.

It Is Hinted That Voorhees Is Anxious to Head a New Political Machine to Down the Present Powerful Triumvirate.

What is Foster Voorhees driving at is one of the questions of the day, says a Trenton correspondent. That young man, who once seemed the logical leader of the party, the sure candidate for Governor, the cautious, conscientious, pains-taking and genial Voorhees! Some go so far as to say that he has split with Griggs; that their paths hereafter lie in different directions and that the defeat of Voorhees' proposed Judiciary amendments lies at the bottom of the estrangement, which means so much is Jersey politics. Voorhees had set his heart upon his ideas of how the constitution should be altered with regard to the formation of the State Courts and that upon a test of strength in the Senate he won. It is declared that if bigger hands had not been shown in the contest he would have won, too, in the House. His great error, it is hinted, was in opposing the confirmation of certain appointments. He is said to have taken that stand upon the same ground that he opposed the Lentz-Dickinson scheme—party danger. He made the fight and lost, and its consequence will be felt in the days to come when higher trophies are at stake.

Voorhees is strong in Union County. That was evident when he divided its delegation against John Kean and contributed largely to the defeat of that shrewd and experienced leader, who was supported by such strong influences. It was shown again last year, when he was returned to the Senate in spite of opposition from certain sources. Now, is it Voorhees' probable purpose to set up a new machine, the object of which will be the overthrow of the present powerful triumvirate? If it be, he has probably counted the cost and weighed the chances, for it is a desperate leap to to take. Young birds sometimes make fatal errors in trying their wings. If the young man from Union has hopes of political future he will probably cool off a bit between now and the first of November, '98 If he means to throw down the gauntlet to the present leaders, place himself at the head of a new line and march forth to do or die, his recent course is no puzzle to those who have watched him carefully, with calculations as to the future in mind. Union County will be needed in caucus, as well as the other counties of the State, and it is probably well not to underestimate the value of one vote, particularly when that vote promises to count for a United States Senator.

SHOWERED WITH RICE FOR LUCK.

Pleasant Departure of Two Church Workers From Plainfield.

Mr. and Mrs. E. R. Taylor, who have resided for several years on Rockview avenue, Washington Park, and both of whom were active workers in Warren chapel, left Plainfield yesterday, much to the regret of their many friends. Mr. and Mrs. Taylor kept the hour of their departure very quiet, but not so much so that their many friends did not hear of it. When they arrived at the North Avenue station they found a large number of their friends there waiting to give them an enthusiastic farewell. Rice was used in profusion and the departing ones will long remember the happy incidents in connection with their going from the scenes they had learned to love. They will take up their residence in Marion, O., at the home of Mrs. Taylor's parents.

TWO MURDERERS MUST DIE.

No Mercy for Either Johnson or Clawson, Now Awaiting Execution.

The Court of Pardons yesterday decided not to commute the death sentence of Jacob Johnson, now in Somerville jail for the murder of Annie Rogers, and Elmer Clawson, the boy who killed his employer.

The case of Ackerman, the Paterson wife murderer, will be taken up next Tuesday, and the case of Edith Behr, of Union county, will be considered next Thursday afternoon.

TWO NEW POLICEMEN.

A New Police Beat also Established by the Board.

A meeting of the Police Board was held last evening, at which time Florence T. McCarthy and John Watson were appointed regular patrolmen. One of these men will take the place recently resigned by William Robinson. The Board established a new post which is located from Cedar brook on Park avenue to the city line.

PLAYED AGAINST CRACKS

FINE EXHIBITION OF BASKET BALL IN THE Y. M. C. A. GYMNASIUM.

Local Team Contested With Two New York Teams, Among the Members of Which Were the Best Players in the Country.

It is rare that the people of Plainfield are treated to such an exhibition of basket ball as was given the Y. M. C. A. gymnasium, last evening.

It had been arranged to have the first team and the business men's team play the first and second teams from the Riverside Athletic Club of Newark but a telegram was received by Physicial Director Heywood secured two of the first team and three of the third team from the Twenty-third Street Branch to play against the business men. The New York boys called themselves "The Twisters." Shields and Wendleken of the team are two of the best players in the country.

The game between the Riversides and the first team was a lively one and the Plainfield boys played a rattling game for the first half when the score stood 14 to 8, in their favor. In the second half, they seemed to loose heart and did not with their accustomed snap. The final score was 20 to 16 in favor of the visitors.

The second game was great. The visitors far out-classed the business men but the latter did not care and played their best. They secured three goals before the New York boys had any. The New York players waked up at intervals and kept the score close enough to be exciting. "Sandy" Shields showed the audience how basket ball was played and did some wonderful work. The Plainfielders made a desperate effort at the last and just lost the game by one point.

The team lined up as follows:—

B. A. C.		Y. M. C. A. (First Team)
Lowrey	right forward	Moraller, E
Pierson	left forward	Long, captain
Reatt	centre	Egan
James	right guard	Smith, G. P
Lehlbach	left guard	Moraller, M

Score, Riverside, 20; Plainfield, 16.

TWISTERS.		BUSINESS MEN'S TEAM.
Wheeler	right forward	Doane-O'Donnell
Grief	left forward	Marcley-Johnston
Byerley	centre	Fuller
Wendleken	right guard	Suffren
Shields	left guard	Smith, F. G

Score, Twisters, 29; Business Men, 28.

Referee, C. E. A. Heywood. Umpires, A. H. Rhodes, of Newark, and Charles B. Morse, of Plainfield.

WOMEN TO HEAR SECRETS

THINGS THAT WILL NOT NOW BE TOLD WESTFIELD OFFICIALS.

Board of Education to Have Women to Assist Them in Managing Schools—The Idea Met With Opposition, Though.

At the meeting of the Westfield Board of Education, last evening, one of the new members sprung an old chestnut in a new form. This member was the well-known lawyer, Harry Knight. He offered a resolution that at once made every man put himself on record. This is, in part, the resolution that was put: "That the Board of Education appoint a board of visitors, consisting of five ladies of discreet and mature age, to assist the board in its work."

Before some of the men could get a full breath, or recognition from the chair, Mr. Knight started in to make his argument in favor of the "ladies of discreet and mature age." In substance, Mr. Knight said that his reasons for offering the resolutions were that by having the ladies constituting a board of visitors, they could call on the teachers and ascertain facts that the teachers would hesitate to tell the members of the Board itself.

Samuel Reese jumped to his feet, and in his usual vigorous style denounced the resolutions. Mr. Reese said that he "questioned the right of the Board of Education to appoint spies, or delegate its authority." Mr Welles spoke in favor of the resolution and boldly intimated that there were certain things going on that the Board should know, but could not learn directly from the teachers.

Mr. Fink was opposed to it. He said that he understood there was to be a constitutional amendment permitting the women to sit in the Board and he thought it was time enough to act when the ladies could legally become members of the Board. How the vote stood: For the resolution, Clark, Coger, Welles, Knight. Against, Reese, Schoonover, Taylor and Fink. The vote resulting in a tie, Chairman John B. Green cast the deciding ballot in favor of the resolution. The chairman will appoint the "Board of visitors, consisting of five ladies of discreet and mature age," before the next meeting of the Board.

—The Plainfield Medical Association held its quarterly meeting and banquet last evening at the Hotel Touilleries. Dr. M. B. Long read a paper on "Compound Fractures." The meeting was well attended and the banquet proved a success.

RESULT OF LOBBYING?

A CORRESPONDENT EXPLAINS A COUNCILMANIC CHANGE.

Says That Enough Solons Were Lashed With the Political Whip to Change Their Minds and Vote for Library Request.

To the Editor of The Daily Press:—A careful reading of your valuable paper last evening caused me a sleepless night! For several weeks I had been reading lengthy communications in your columns, all favoring the erection of a "fire-proof" building in memory of the late George H. Babcock, to contain certain scientific works to be purchased from his legacy to fill it.

When the library was first opened years ago one of the leading citizens of this town came across 3,000 volumes—a job lot—which could be purchased for $1,000, spot cash. A brother trustee, so the story goes, asked what they were. "I do not know," was the reply, "but it is too good an opportunity to throw away; these books would fill our shelves nicely and think of the low price we pay!"

Plainfield is proud of her library, but if a fire consumed it tomorrow the people would all be the gainer—provided the building and books were fully insured.

It might be hard, of course, to obtain another petrified cat, which is so carefully guarded upstairs among the choice curiosities too bewildering to mention.

Of course, the loss of all the "Old Masters" would cause general distress, but Plainfield has, thank fortune, a number of ambitious artists who would only be too glad of a job.

Once the library was known as the Male Library. The witty remark of Julia Ward Howe, who asked "If that place was for men only," caused a change, however, to the name it now goes under.

In time to come other buildings can be added, if "leading citizens" come to the front with their cash and our City Fathers permit. Fill our graveyard, if we must, until it rivals the celebrated "Streets of Cairo" of Chicago Exposition fame!

According to the statistics published Monday night in the local papers by Councilman Frost it was clearly shown that our present library, with certain changes was large enough to contain 100,000 books or more. Why, therefore, should the taxpayers be be called upon for $7,000, with a City Hall and jail looming up; a needed High School to be erected and lots of other necessary improvements?

Are our City Fathers not afraid of Election Day next Fall?

Now all these thoughts crowded sleep away last night, but it was only today that I read between the lines.

According to your reporter's notes, Councilman Dumont's proposed donation was defeated by a vote of 7 to 4. The reporter mystified when he stated that "the resolution was consequently killed for the time being. A little later the question was again brought up, as there seemed to be some misunderstanding about it."

The second vote was a complete "flop" and the bill passed—7 to 4.

* * * *

If your reporter had stated that a hurried recess had been taken, and on the Councilmen retiring to the conference room, had met a number of prominent officials, citizens, members of the press, club men—whose comined "influence" with heated remarks, with threats, perhaps, of resignation, your readers might have understood the situation more fully and refrained from unkind criticisms.

That little side room, I fear, has seen this winter a lot of wire pulling and change of hearts!

"Big Six" never changed their votes during sessions; they always came prepared and one vote was enough!

Do, Mr Editor, favor us hereafter with all the news. We plain common people buy The Press for just that, and I am glad to say that we generally get it.

But seriously speaking regarding the result of Monday night's electioneering in the Council chamber in behalf of the extra library appropriation, the figures as given by Councilman Frost, together with arguments supporting their application, cannot be gainsayed, disputed, nor ridiculed out of court.

A careful examination by any practical and intelligent person will demonstrate the liberal allowance of space not only for the present contents of the library, but for the entire accumulation of books purchased by the Babcock legacy, besides providing liberal space for reading tables.

Common prudence would, therefore, dictate the use of the present quarters by the Babcock library until such time as it was definitely demonstrated that larger quarters were desirable. The value of the scientific library would be fully tested and when the proper time had come, with the increase of population would have come increased revenue and a cheerful willingness on the part of the people to provide a handsome and suitable structure to replace what must for indefinite years remain an architectural eyesore to all the neighborhood.

Alabama's Senator Thinks Force, Not Law, Is Required.

CUBAN QUESTION IN THE SENATE.

Hale Charged With Getting His Information From the Spaniards—Torry Bankruptcy Bill Debated—Roosevelt For Assistant Secretary of War.

Washington, April 7.—Much bad blood was developed in the senate over the Cuban question, and there were numerous stormy passages and acrimonious personal charges. Mr. Morgan of Alabama called up his resolution declaring that a state of war exists in Cuba and recognizing both parties as belligerents. He spoke for some time in a dispassionate manner on the resolution, but was aroused by Mr. Hale of Maine to a series of sharp retorts. It led to the declaration by Mr. Morgan that instead of sending a lawyer to Cuba to investigate the case of Dr. Ruiz, as was contemplated, the administration would do well to send a ship of war to Havana and demand redress.

At another point Mr. Hale questioned Mr. Morgan's statement that Cuban prisons were "stuffed" with American prisoners, declaring that the information reaching him (Hale) showed that no such condition existed.

Mr. Morgan asked who this information came from and then hotly asserted that he knew where it came from, and the world knew where it came from, as the senator from Maine had not denied the fact that he was in communication with the Spanish authorities. Mr. Hale indignantly denied that his information came from Spanish sources and said it was furnished in every item by American citizens.

The Morgan resolution lost its place and went to the calendar, but Mr. Morgan will continue his speech and has given notice of a motion to proceed with the Cuban resolution to a final vote.

Most of the session was given to the bankruptcy bill, Mr. Stewart of Nevada speaking in opposition. The discussion drifted to the financial question, Mr. Chandler and Mr. Stewart having an amusing discussion on bimetallism. During the discussion Mr. Earle (Dem.) of South Carolina introduced a resolution for the immediate reorganization of senate committees and the filling of all vacancies. He spoke briefly for the first time since entering the senate on the injustice of keeping the new senators from committee service.

The following nominations were received from the president:

To be assistant secretary of the navy, Theodore Roosevelt of New York; to be chief of the bureau of navigation in the department of the navy, Captain A. S. Crowninshield, U. S. N.; to be chaplain in the navy, the Rev. W. G. Cassard of Maryland; to be collector of internal revenue for the second district of Tennessee, A. J. Tyler of Tennessee; to be collector of internal revenue for the Sixth district of Virginia, Park Agnew of Virginia.

To Stop Immoral Immigrants.

Washington, April 7.—Secretary Gage has taken steps looking to a more vigorous enforcement of the immigration laws against the admission into this country of alien women of immoral character. For a long time such women have been refused admission when their purpose in coming to this country was known, and in a number of instances the persons who were instrumental in their coming have been convicted and are now serving sentences in the penitentiary. The only question now involved is whether on information received subsequent to their arrival and admission they can be arrested wherever found and deported. The secretary accordingly has directed Commissioner General Stump to make a test case in which the rights of the immigration officials in the premises may be clearly defined.

Some Naval Promotions.

Washington, April 7.—As a result of the retirement of Admiral Ramsay, the following promotions will be made: Commodore Sicard to be rear admiral, Captain Kautz to be commodore, Commodore Leary to be captain, Lieutenant Commander Swift to be commander, Lieutenant Winslow to be lieutenant commander, Lieutenant (junior grade) Maxwell to be lieutenant and Ensign McCully to be lieutenant (junior grade).

Movements of War Vessels.

Washington, April 7.—The New York has sailed from New York for Hampton roads. The Detroit has sailed from Mersine for Naples, homeward bound. The San Francisco has arrived at Smyrna.

Gordy Indicted For Wife Murder.

Georgetown, Del., April 7.—The Sussex county grand jury has returned a true bill of indictment against James M. Gordy for the murder of his wife, formerly Mrs. Mary Lewis of New York. The crime is alleged to have been committed near Milton, Del., on the 10th of last month. Gordy is in the county jail. The case will be called for trial on next Monday. Mme. Grunert, sister of the dead woman, has arrived here from her home in Brooklyn and will testify at the trial. Important testimony, not yet generally known, will be produced when the case opens.

Minister McKenzie's Illness.

Lima, Peru, April 7.—The illness from which United States Minister James A. McKenzie has been suffering for some days has developed the most serious symptoms and attacked the brain. His physicians have but little hope that he will recover.

IN SOUTH CAROLINA.

Traveling Salesmen Should Possess Cast-Iron Stomachs.

"I stopped at a small hotel in South Carolina," said a traveling salesman. "In that State no meal is served without rice, while potatoes are seldom to be seen in country hotels. As I am not fond of rice and corn bread, my diet was exceedingly slim, especially as it had been several days at the time I speak of since I had been served with beefsteak.

"Our house had a good customer in the town, and I was anxious to sell him a bill of goods. I could eat nothing at supper, and next morning it was evident that the landlord had tried to please me, but there was nothing that I could eat. After breakfast the landlord said:

"'I wish, sah, you'd go ovah to the sto' with me, sah.'

"I went, wondering what he could want, and he took me over to my customer's place of business. 'John,' he said to the merchant, 'this is the fellah I spoke of last night. He didn't eat no supper and he didn't eat no breakfast. Now, I don't 'low no man to go away from my hotel hungry, and I want you to give him all he can eat, and I'll pay the bill. Now, sah,' turning to me, 'eat!' and he left.

"'Well, sah,' said the merchant, 'we have crackers, cheese, sardines an' cove oysters, an' if you can't eat them you can starve.' I saw he felt insulted because I had not eaten at the hotel, so I told him I was not well and did not want to eat, then introduced myself.

"'Well, sah, I've dealt with your folks quite a while, but I'll quit when you all send a man down hyar too hightoned to eat what we live on.' And from that day to this he has never bought a bill from my firm."—New York World.

Good Place for Drinkers.

In Denmark, when a man is found too drunk to find his own house he is placed in a cab, taken to the police station, examined by the doctor, detained till sober, and then dispatched to his home in another cab; and the bill for the doctor, the cab, and the police attendance, has to be paid by the publican who served the bibulous delinquent with his last drink. But for a really original method of dealing with "drunk and incapables" we must turn to Turkey. There the punishment for the first outburst is the bastinado; the second and third offences are also followed by chastisement; but after the third offence the offender becomes "privileged," and is entitled to be carefully taken home by a policeman. The anxiety to get over the first three convictions must be considerable; but the thoughts of the after-joy will doubtless heal the tenderest soles.—St. James Gazette.

HARRISON ELECTED.

The Democrats Win In the Chicago Municipal Contest.

THREE TICKETS WERE IN THE FIELD.

Issues Were Mainly Local, but the Silver Question Was Somewhat In Evidence—New Mayor a Son of the Late Carter Harrison.

Chicago, April 7.—The mayoralty election resulted in a decisive victory for the Democratic party, its candidate, Carter Harrison, having more votes than all the other candidates combined.

The feature of the election was the strength shown by Harlan. He ran second to Harrison, and although an independent with no organization behind him he secured more votes than the regular Republican candidate, Judge Nathaniel Sears. One thing that helped Harlan greatly was that Sears was looked upon as being the nominee of the Republican machine, which has grown unpopular in the ranks of the local Republican party. Harlan secured a heavy vote from men who would have voted for the regular Republican nominee had it not been that they wished to express their opinion of the machine. He drew some votes from the Democratic party, but not many, the main part of his strength coming from the Republican voters.

The vote for Hesing was largely from the Germans and came from both parties. He was the nominee of the gold Democrats, although he went before the people on a business man's platform. The Democrats had an excellent organization, their campaign was handled well and as the Republican ranks were hopelessly split the result was never much in doubt, although Harlan, Sears and Hesing all claimed that they could not be beaten.

The leaders of the Republican organization were not quite as hopeful as they claimed to be, and it is claimed on excellent authority that Sears was quietly traded for Roy O. West, the Republican candidate for city attorney. The campaign was fought for the most part on strictly local issues, although the Democrats had a silver plank in their platform.

Carter Harrison is the son of late Mayor Harrison, who was assassinated during the closing days of the World's fair. The popularity of his father was an immense advantage to the mayor elect in his campaign and contributed to the victory of yesterday. Mr. Harrison is 37 years old and has never before held a political office. He was educated at Heidelberg and Yale. During the greater part of his business career he has been associated in the real estate business with his brother, Preston Harrison, but was business manager of the Chicago Times during the four years the Harrison family owned that paper.

Condemned Men Released.

New Brunswick, N. J., April 7.—On the recommendation of Prosecutor John Voorhees of Middlesex county, N. J., Anello Spina and Joseph Aragio, two Italians, who have been in jail here for three years on the charge of murdering Antonio Prisco, an Italian contractor, have been discharged from custody. On the first trial of the men the jury disagreed. On their second trial they were found guilty and sentenced to be hanged. A few days before the date of their execution a stay was obtained from the supreme court, pending an appeal. Then a new trial was granted. Prosecutor Voorhees says that as he cannot secure any further evidence against Spina and Aragio it is useless to put the county to the expense of another trial.

Movements of General Weyler.

Havana, April 7.—Captain General Weyler, on his arrival at Trinidad, was received by the authorities and a large crowd of citizens. He left there last evening entirely satisfied with the results of his visit. His adjutants remained behind at Tunas, but Captain General Weyler pushed forward to Jucaro. He presided at a dinner tendered him on board ship by the passengers before leaving. He is accompanied by Colonel Escribano, his chief of staff, and by Doctor Justo Martinez, subinspector of health. The correspondent of La Lucha is on board.

Cigar Manufacturers' Protest.

Indianapolis, April 7.—The Cigar Manufacturers' association of Indiana, representing a membership of 700 manufacturers, in session here, formulated a protest against that part of the Dingley tariff bill which increases the rate on leaf tobacco. The protest states the rates under the present law are so excessive and burdensome that it is not possible to live under them. It also denies that the proposed rate will afford any protection to the growers of leaf tobacco.

The Sunday Question In Toronto.

Toronto, April 7.—For the fifth time in the past ten years the citizens of Toronto are to vote on the subject of allowing street cars to run on Sunday. Great interest is being taken in the matter, and both proponents and opponents of the proposition are putting forth their strongest efforts to carry the day. The vote will be taken May 15. The citizens have voted down the proposition five successive times, but each time by a less majority, ranging from 5,000 down to less than 1,000.

Millers Execute Bill of Sale.

Buffalo, April 7.—Harvey & Henry, proprietors of the Buffalo City and Queen City Flouring mills, have executed a bill of sale to the People's bank for $5,250. At the same time a bill of sale was executed by H. J. Harvey conveying all his interest in the Harvey Seed company to the Bank of Buffalo.

Slavery Abolished In Zanzibar.

Zanzibar, April 7.—The sultan of Zanzibar has issued a decree abolishing slavery. The government will pay compensation for all slaves legally held. If Zanzibar is unable to meet the full expense, it is believed that the imperial government will assist.

Victims of the Dean Collapse.

Price 25 cents per box. For Sale By L. W. Randolph.

PARTICULAR MENTION.

Mrs. Fannie G. Foster, of Mercer avenue, is visiting friends at Newton Centre, Mass.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

—The Advance Circle, King's Daughters, of the First Presbyterian church, will meet tomorrow afternoon.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

John A. Robinson, of Rockview avenue, left yesterday for his home at Seneca Falls, where he will remain indefinitely.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Driver James Bailey, of the Fire Department, spent yesterday with out-of-town friends.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and spffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

John G. MacLaughlin, of Somerset street, has been confined to his home for several days with illness.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

—Special music is being arranged for Easter at the Sunday-school of the Congregational church. There will be several solos and duets besides the choruses.

RHODE ISLAND ELECTION.

The People of the Commonwealth Vote For State Officers.

Providence, R. I., April 7.—The annual election of state officers of Rhode Island is being held to-day, and there seems to be no doubt that the election of the full Republican ticket is assured. The Republicans have wasted neither time nor sentiment on the state ticket, in view of its acknowledged certainty of success, and the Democrats held no closing rally, for the avowed reason that they realized that they had no hopes of electing any of their candidates.

The fight narrowed down to the assembly ticket in this city, but further than that it now seems probable that there will be little interest taken in the affair other than to ascertain just how many thousand votes General Elisha Dyer, the Republican candidate, is ahead of his Democratic opponent, Daniel T. Church.

It is predicted that the total vote will not exceed 45,000, as against more than 50,000 a year ago. At that time Governor Lippett had a plurality of more than 11,000. It is thought General Dyer's figures will not be as large as that.

The full Republican ticket is as follows: For governor, General Elisha Dyer of Providence; lieutenant governor, Abram J. Pothier of Woonsocket; secretary of state, Charles P. Bennett of Providence; attorney general, Willard B. Tanner of Providence; general treasurer, Samuel Clark.

The Democratic candidates are: Governor, Daniel T. Church of Tiverton; lieutenant governor, Fayette Bartlett of Burrville; secretary of state, Miles A. McNamee of Providence; attorney general, George T. Brown of Providence; general treasurer, Edmund Walker of South Kingston.

THE OAKES CASE.

Captain Reed on Trial For Cruelty to His Sailors.

New York, April 7.—Samuel Frazer of the ship T. F. Oaks told the story of his sufferings on his recent voyage before United States Commissioner Shields at the examination of Captain Edward W. Reed, who is charged with cruelty and with neglecting to furnish the crew with the food prescribed by law.

It was brought out that for the first three or four days of the voyage, which lasted 259 days, the crew got for breakfast only two slices of bread and some coffee. The men complained on July 11 and again on July 31, when the supply of food was increased for three or four days. After that it was reduced.

Frazer said that only four and six ounces of bread were given to him when the law called for one pound. In both September and October the men complained of the food. In November the men began to fall ill. When one asked for whisky, saying that he would die unless he got it, the captain replied, with an oath, that he might die.

David McClure, counsel for the defense, cross-examined Frazer and got him to admit that on Christmas a drink of gin was given to each member of the crew and that Mrs. Reed had prepared some gruel for him while he was ill.

Dr. George W. Stoner of the Marine hospital testified that the men were suffering from scurvy. An effort was made to get him to admit that the men might have had berri-berri, but he denied it. The case was continued.

Sued For Refusing a License.

Topeka, April 7.—A damage suit of $20,000 was filed in the United States circuit court by the Mutual Life Insurance company of New York against Webb McNall, insurance commissioner, and his bondsmen. In the bill it is charged that the company has sustained losses equal to that sum since the insurance commissioner a month ago refused the company license to do business in Kansas. The petition alleges the commissioner's action was taken at special instance of attorneys for Hillmon to force the payment of an alleged fraudulent claim.

Yale Objects to Tax Rate.

New Haven, April 7.—Yale university, through attorneys, has appealed to the superior court from the action of the board of assessors of New Haven in adding $382,102 worth of property to its tax list. No matter what the finding may be, an appeal will be taken to the supreme court by the defeated party to finally settle whether Yale is liable to be taxed according to the assessment of the board of assessors for all the real estate owned by the university or simply for the $57,480 worth of property on which she has always paid taxes.

To Acquire Madison Square Garden.

Albany, April 7.—The bill allowing the acquisition of Madison Square Garden by the city of New York has been introduced in the assembly by Mr. Andrews. City offices shall be located there, and the use of the amphitheater may be granted to any military company and be leased by the city for amusement purposes.

THE MAD MISSISSIPPI

Increasing Desolation Caused by the Father of Waters.

SEVEN HUNDRED TOWNS FLOODED.

The Levees Still Bursting In the Delta. Highest Stage of Water Ever Experienced—Appalling Situation In the Red River Country.

Fargo, N. D., April 7.—The situation is appalling. While the Red river rose only three inches the big Coulee west of the city took a second spurt and went up 14 inches, flooding the entire west side of town and driving hundreds of people from their homes. The water reaches down to Eighth street from Sixteenth street and as far south of the Northern Pacific tracks as the eye can reach. It is a populous resident district, and the effect of the flood is most forcibly felt.

All that part of the city south of Front street is inundated. Six blocks of Eighth street have gone out this morning, and the flood from the west side of town is so high that paving on West Front street is going out rapidly. Sidewalks are all afloat and are being used as rafts upon which families are moving to dry land.

All along Front street the water is within a few inches of the floors of the principal business houses, and a rise of another foot would practically put the entire city afloat. All bridges are condemned, except the Great Northern, which is a steel bridge put in last spring.

The waterworks at Reserve station were compelled to shut down, and pumps were started up and are doing all in their power to supply the city. There is much suffering among the poor families who have been practically destitute all winter, and this last blow is most serious. A relief committee operated jointly by the city council and county commissioners established headquarters and will take care of the poor. It showed yesterday for two hours. Sections of the city that no one ever dreamed could be reached by flood are now under water, and Broadway practically is the only dry spot in town.

The Situation In Mississippi.

Greenville, Miss., April 7.—The backwater is rising slowly in town. The water in the Boguephalia and Deer creeks section is higher than in 1890. A slight caving of the river banks above Greenville is reported. Work on all the levees at Natchez is being prosecuted with the utmost vigor. All abiebodied men destring work are getting it. As the worst is yet to come, there is unrest, doubt and uncertainty. The situation in the Yazoo-Mississippi delta valley is growing daily more desperate. The community is confronted with a calamity the like of which has not yet been written in the history of floods. Fully 700 towns are today under water and many are surrounded and cut off. There is no cessation of the constant inpour of flood water into the Yazoo valley from the five rivers hourly deluging the country.

Missouri Rising Again.

St. Joseph, Mo., April 7.—The Missouri river is rising rapidly again, having risen 13 inches here in the last 24 hours. The river is now 10 feet above low water mark, and indications are that it will continue to rise. Superintendent Hohly of the Kansas City, St. Joe and Council Bluffs railroad, with a large force of men, is stationed on the river where the Burlington tracks are, and hope to prevent a repetition of the flood of several years ago, when hundreds of yards of track went into the river.

To Restore the Merchant Marine.

New York, April 7.—A committee representing prominent ship owners and builders of New York have gone to Washington to confer with senators and representatives as to the best method to adopt to restore the merchant marine of the United States to its proper standing in the foreign carrying trade. It is expected that a definite policy will be adopted on this occasion.

Germany and the Dingley Tariff.

Berlin, April 7.—The conservative members of the reichstag have given notice that they will interpellate the imperial chancellor, Prince Hohenlohe, as to whether, in view of the new United States tariff, and particularly the marked differential treatment of German sugar, the federal governments intend to adhere to the agreement of Aug. 22, 1891, with the United States.

Building and Loan Federation.

Chicago, April 7.—Fifty secretaries of building and loan associations, representing millions of capital, met at the Sherman House to devise a plan which would prevent further defalcations of officers and restore public confidence in building and loan associations. As a first step it was decided to organize a federation, and a committee was appointed to draft a constitution.

WARNING TO HARD CIDER IMBIBERS.

It will be remembered that two years ago The Daily Press agitated the disgrace of having the cider joints open on Sunday so forcibly and persistently that the Common Council finally enacted an ordinance prohibiting the sale of hard cider on Sundays. That action was a credit to the moral standing of the community, but, of course, the prohibitive ordinance did not prevent hardened imbibers from indulging in the fluid from a bottle or jug purchased Saturday evening. But now comes a warning to the drinkers of this brand of "Jersey lightning" that should cause them to quench their thirst with some other decoction. For years an Iowa man has drank from one to three quarts of hard cider every day. Physicians who have diagnosed his case say he has drunk so much cider a "mother" of vinegar has formed in his stomach, and to remove it an operation will be necessary. The first effects of the cider were noticeable a year ago when he was confined to his bed and suffered with spasmodic pains at intervals of fifteen minutes. Since then the spells have reappeared at intervals of three weeks, and latterly of a week apart.

AN OLD RELIABLE DEMOCRAT.

In Rahway Lewis S. Heyer, editor of The Democrat, performs very much the same functions for the Democratic party that James E. Martine does in Plainfield, that is, whenever no one else is willing to lead the party in a fight for office, he jumps into the breach and goes forth to battle for the ballots. In the municipal campaign the Rahway Democrats have been at loss for a Mayorality candidate and seemed doomed to failure, but now the old reliable standby, Mr. Hyer, has consented to accept the nomination and will make the fight for the head of the ticket. James T. Melick, who was nominated for Alderman-at-large against his expressed wishes, has likewise been persuaded to allow his name to remain on the ticket. This will make Judge Hyer's seventh run for the Mayorality.

CHILDREN UP AND DOING.

Juvenile Auxiliaries to Town Improvement Association.

An executive committee meeting of the Children's Aid to the Town Improvement Association of Plainfield was held yesterday afternoon at the home of N. Pendleton Rogers, Jr., 518 East Front street. The officers are:—Miss L. Patton, President; N. Pendleton Rogers, Jr., Vice-President; Miss Elsie Goddard, Second Vice-President; Miss Leila Howard, Recording Secretary; Miss Marjory Flemming, Corresponding Secretary; Charles Robert, Treasurer.

The earnestness of purpose, and strict attention to the business details of the respective officers, were in every particular adhered to as with the most punctitious regard to Parliamentary rules.

These young people are deserving of the highest respect of the citizens of Plainfield, and it goes without saying that, like all first children, they will be the dearly-beloved of the parent association.

The Methodist Pastorate.

To the Editor of The Daily Press:—I beg to correct your statement in yesterday's paper in reference to "Rev. Mr. Snodgrass," who you say has been assigned to the pastorate of the First M. E. church. The Newark Conference, which includes the Plainfield M. E. churches, is to meet tomorrow in Newark and will be presided over by Bishop Andrews. The appointments will probably be announced by the Bishop on Tuesday or Wednesday of next week. Dr. Snodgrass has been invited to the pastorate of the First M. E. church and has accepted the invitation, subject to the approval of the Bishop. Should he be appointed he will probably occupy the pulpit on Easter Sunday. You will see, therefore, that your announcement is "a little previous." J. W. Jackson.

Mr. Miller, of this city, who was recently discharged from the hospital after having been operated upon for appendicitis, is slowly regaining his strength and is able to go out every day.

THE SQUAWS ENTERTAIN.

Paughcaughnaughsinque Council Gives a Pleasant Sociable.

A well attended sociable and entertainment was given in Salvation Hall, last evening, by the members of Paughcaughnaughsinque Council, No. 34, Daughters of Pocahontas.

A programme occupied the first part of the evening and was as follows: Overture, by orchestra; recitation, "Yes, I'm Guilty," by Miss Bertha Clum; song, by Miss Retta Nash; recitation, by W. R. Mattox; selection by the orchestra; recitation, "The Seige of Lucknow," by Miss Clum; song, by Miss Nellie Bird; recitation, by W. R. Mattox. Then followed an exhibition of character posing by Miss Clum. Her first was "Rock of Ages," and the hymn by that name was sung by Mrs. Virginia Leland and Mrs. Eliza Radin. For the others an accompaniment was played by Miss Ada Nash. The entertainment closed with the tableau, "America." Miss Clum represented the Goddess of Liberty, Amos Wilson, the sailor, and V. W. Nash, Jr., the soldier.

After the entertainment, the floor was cleared of the chairs, and dancing was enjoyed until an early hour this morning.

Besides the members of the local council and a number of their friends, District Deputy Emily Y. Coleman, of Elizabeth, and a delegation from the Nenemoosha Council of Elizabeth were present.

The affair was arranged by a committee composed of Vincent W. Nash, chairman; Amos Wilson, Miss Sadie Giles, Mrs. Samuel Terry, and Miss Sadie Wilson. The floor committee in charge of the dancing was composed of Amos Wilson, Charles Stevens and Wilbur Pennington. The refreshment table was under the charge of Miss Sadie Giles and Miss Sadie Wilson.

Reports From Mission Posts.

The regular monthly meeting of the Young Ladies' Mission Band of the Presbyterian churches was held yesterday afternoon in the chapel of the First Presbyterian church. Reports in detail were received from the mission schools at Sao Paulo and Curytiba, Brazil, where the Band is doing good work by contributing their share towards the needs of the schools. At the latter place they are supporting a pupil.

There is talk of the New Jersey clubs organizing a committe to look into the question of building a cycle path across the meadows between Jersey City and Newark.

Should Have Read "Lights."

In the account of the Council proceedings in The Daily Press yesterday a slight error was made in reporting the appropriation for lights. It was stated that the amount was for streets, when it should have been for lights. The amount appropriated was $11,000.

CLEVELAND'S

BAKING POWDER

ROME AS IT IS TODAY.

REV. C. E. HERRING'S INTERESTING LECTURE LAST NIGHT.

Illustrated With Views of Notable Buildings in the Historic City—Mr. Herring's Talk Very Entertaining.

The audience that gathered at the First Presbyterian church last evening to hear Rev. C. E. Herring lecture on "Christian Rome," was an appreciative one. The lecture was illustrated with a very fine collection of views. The first lecture given by Mr. Herring on the subject of "Pagan Rome," was an interesting one, but the subject last evening was more thoroughly enjoyed, from the fact that it had to do with modern Rome, which has taken hold of Christian ideas and manners.

The views exhibited were chiefly churches and handsome buildings in Rome, which showed a very progressive spirit on the part of the people of that ancient city. The speaker told many interesting and peculiar things about Rome and her buildings, and especially interesting was the description given of the catacombs.

A very beautiful statue of Moses by Michael Angelo was shown and it was a work of art. Regarding the catacombs the speaker said that it had been stated that these catacombs extended underneath the city for a distance of 900 miles. This statement was inclined to be doubted, but upon investigation it was learned that such could be the case.

Regarding the Romans, it was said that they cared very little for charity until Christianity appeared, and this had made a wonderful change in the whole character of the people. This people, Mr. Herring said, were the greatest known for gambling, and they practiced this habit in all its many forms.

Another interesting thing spoken of was the many fountains located about the city. It is estimated that there is about 110 gallons of water for every inhabitant.

In speaking about baptism, Mr. Herring said that the people believed that a child must be baptized within forty-eight hours after birth. The child would be taken to the church in a wagon and if a blue ribbon was displayed it signified the child was a girl, and if it was a red ribbon it evidenced a boy.

Mr. Herring stated that Rome had made rapid progress during the past few years and was becoming more thoroughly Christianized. This fact was evidenced from the advance made along all lines of improvements.

Death of Isaac Jones.

On Monday occurred the death of Isaac Jones, of No. 137 Woodland avenue, of Bright's disease. The deceased had only been ill but a few days and his death was not expected so soon. He was born in Albermarl county, Virginia, thirty-two years ago and has lived in New Jersey eight years. He leaves a wife and four children. The funeral services will be held from the Mount Olive Baptist church, tomorrow afternoon at 3 o'clock.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Miss Sallie Gray is visiting relatives at Hopewell, this State.

The choir of St. John's church held another rehearsal of their Easter music last evening.

James Young, the valued clerk for A. A. Parker, in his hardware store, is ill at his home.

Mrs. E. W. Purcer, of Brooklyn, who has been visiting Mrs. F. A. Nelson, returned home yesterday.

Individual checker playing was indulged in at the checker club's headquarters until quite late last evening.

Miss Nellie Buckley, of West Dunellen, has returned from a very pleasant visit with New York friends.

The circular driveway in the depot park is utilized these pleasant afternoons as scorching grounds for young bicyclists.

Constable Warden was yesterday the recipient of a barrel of choice eating apples—a gift from his sister at Springfield, Mass.

The family of the late Rev. S. F. Custard removed to Easton, Pa., today, where they will take up their permanent residence.

Mrs. DeWitt Lance and son, of Junction, have been spending a few days at the home of Constable Warden. They returned home yesterday.

Paul Reusch, the baker, is the first to set a good example in the matter of curbing and gutter macadamizing. He has a frontage of about forty feet on the main street, and this he is digging out and filling in with stone blocks.

About a hundred residents of this place, many in middle age, attended the production of the "Old Homestead" in Music Hall, last evening, so there was little or no business for the merchants and the streets were comparatively deserted.

It was expected that the members of the Dunellen Athletic Association would get together, last evening, and arrange a schedule of sports for the early summer season. But the Music Hall attraction was too great, and in consequence no meeting was held.

The members of William G. Holton Council, No. 55, Jr. O. U. A. M., met in the Lincoln school hall, last evening, and initiated one new member. The council now has a total membership of 92 and is one of the largest in the State, while it is yet comparatively young.

The attention of the new borough marshal is respectfully called to the sidewalk ordinance, and the nuisance created thereon these evenings by indiscreet bicycle riders. Whenever a soft or muddy spot is found in the roadway, the rider invariably takes to the sidewalk, and without either head light or bell they ride in and out of town unmolested and to the extreme danger of pedestrians.

Decoration Day is some distance off, but it is understood that efforts are making to have a nice little parade in our own town. It is stated that with the 90 odd members of William G. Holton Council, Jr. O U. A. M., the borough officials, members of the fire department and the public in general in line, the showing would be much greater than one might expect. The main auditorium in the Town Hall could properly be used for a meeting place, where the children could sing patriotic airs and an address delivered. The few merchants and Grand Army men interviewed last evening, all seemed to favor the project.

SCOTCH PLAINS.

The Misses Ida and Eva Messler have been visiting among North avenue friends in Plainfield.

Judge Clark reports legal matters as slow, so he is now devoting his attention to painting up some of his own buildings.

A party of gentlemen from Elizabeth were at the Plains, yesterday, on business. It was stated that they were capitalists and were looking around with a view of building here.

The lecture given last evening by Ben. Dorwart, in the Scotch Plains Library room, was well attended. The lecture was given gratuituously, but a substantial collection was takenup for the Library Fund.

Some of the alleged logs taken from the debris of the late explosion, were taken to the mountain, yesterday, and set fire to, to test the matter as to whether the logs had been charged with nitro-glycerine, dynamite or other explosives. The logs burned for a time and then flickered and went out, without a sign of an explosion.

Road Overseer Fred Clark had a force of men and several teams at work yesterday, clearing out the gutters between this place and Fanwood. During the past winter the gutters have become clogged up, and at times in many places the water has backed up overflowing the street. The work that is now being done is certainly a much needed and commendable improvement.

FANWOOD.

The marriage of Miss Gabrielle Rocton, of Fanwood, to Charles Henry Ryno, of Scotch Plains, took place last night at the home of the bride's parents on Terrill road. Rev. Mr. Parks performed the ceremony. Among those present from out of town were: Mr. and Mrs. J. A. Smith, Mr. and Mrs. Alec Frazee, of Plainfield; Mrs. Garbi, of New York; Harry Connett, of Plainfield; Frank Phister, of New York.

PASSING COMMENT.

The "Second New Jersey Brigade," in whose ranks a majority of those enlisting from Plainfield served, was the Brigade assigned to "Hoboken Division," Third Corps, and from this on (changing corps, Division, and Brigade Commanders, but remaining together as regiments) commencing with the "Peninsula Campaign" in the spring of 1862, to Lee's surrender at Appomatox in 1865. their history was that of the Army of the Potomac, and under Generals Hooker, Sickles, Mott, Sewell, McAllister, Ramsay, Price, Rusling and Dickinson, on the battlefields of Virginia, was shed the best blood ot New Jersey's sons.

* * * *

"Steeple Jack" is dead. After climbing to giddy heights in nearly every State in the Union and taking chances for his life which frequently caused thousands of spectators to shudder as they watched him, he met the fate of drowning. "Steeple Jack" had a reputation as a daring climber that extended all over the country. He has worked at the tops of towering church spires and tall chimneys in most of the cities of the United States. He had rigged a contrivance of his own by which he anchored a rope at the pinnacle and then hauled himself up hand over hand, while gaping crowds of spectators below watched the tiny speck he resembled and held their breaths in awe. The man seemed to be utterly devoid of fear, for he would move about the loftiest steeples with a coolness that seemed like an invitation to death.

An Event in Colored Society.

The following has been sent to The Press:

"One of the grandest weddings among the colored people took place last evening in Newark. Miss Viola S. Aulston, the bride, was of Newark, and Johnson J. Jenkins, the groom, was of New York. The ceremony was performed by the worthy Rev. Mr. Carter, of Newark. The guests from New York and Newark were all in full dress. A distinguished guest from Plainfield was Spencer Conway, who is one of the noted gentlemen of Plainfield."

VARIOUS BITS OF NEWS.

WESTFIELD HAPPENINGS SERVED UP TERSELY FOR THE PRESS.

Many People Go and Come in the Pretty Suburban Town—Items Interesting Because of Their Brevity.

Constable and Assessor John M. C. Marsh is suffering with a broken rib.

Empire Engine Company held its regular monthly meeting last evening.

The Children's Country Home Association held its annual meeting last evening in the parlors of the Baptist church. The officers' reports were read and the association was shown to be in a healthy condition financially.

The Mission Circle, an auxiliary society of the Methodist church, held its annual meeting yesterday afternoon. The meeting was held at the residence of Mrs. A. E. Brainerd, of Westfield avenue. About fifty ladies were present. The officers' reports for the past year were read and new officers were elected. Those who will fill the offices for the ensuing year are: Miss Edith Morehouse, president; Miss Bessie Fitch, vice-president; Miss Clara Welch, treasurer, and Miss Mae Crosby, secretary. Before the guests departed they were treated to refreshments.

Mrs. Eb. Hart and a number of her pupils gave an evening of classical music in the Westfield Club rooms last evening. It was by far the best array of talent and the best musical treat that the people of this town have had the privilege of enjoying for a long while. Long before the hour appointed for the raising of the curtain the hall was filled to its utmost capacity, anxiously awaiting the rare treat before them. Mrs. Hart, a piano instructor in the Knickerbocker College, of New York, is a performer of unusual talent. She has a large class of private pupils, and their work last evening was a credit to them and their teacher. Miss Anna Cooper, a public reader of much grace and fame, gave an original monologue in her inimical style that made a great hit. The Arion Quartette added much to the entertainment. The programme was as follows:

Inflammatory Rheumatism Cured in 3 Days

Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint, her suffering was terribe and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by T. S. Armstrong, druggist, cor. Park and North avenue, Plainfield.

WASHINGTON NOTES.

Ten years after the United States of America came into existence, the Congressional library had its beginning. Congress was about to move from Philadelphia. The seat of government was to be transferred on two sloops to the District of Columbia. There was a fine collection of town lots but not much else in Washington. So long as they remained in Philadelphia, the Senators and Representatives made use of the Loganian library. When they came to consider the needs of the new location they appropriated $5,000 to buy books, and ordered a room set apart for them in the Capitol. The grandfather of the present Ambassador Bayard was one of the committee which carried out the provision. Two years later Congress employed a librarian at $2 a day to take care of the books, but stipulated that the pay was for only such time as he was actually at work. The early appropriations for the library were $450 a year. It took fourteen years to get together 3,000 books. Then came the British, under Gen. Ross, entering Washington in 1814. They burned the Capitol and the library went up in flames. The next year Congress made another start by purchasing the 6,700 books of Thomas Jefferson for $23,950. In 1851 the Library of Congress, as it is officially known, had grown to about 50,000 volumes. A fire on Christmas Day destroyed 35,000 books and part of the Capitol. From 20,000 volumes in 1852 the library has reached its present collection of 800,000, and now takes possession of the finest library building in the world, which cost $6,000,000, and was nine years in course of construction.

A public building covering a block of ground and without a dark corner is something novel in architecture. Yet that is what the new library is. Such a result is made possible by 1,800 windows and by an arrangement of courts within the exterior rim of halls. The reading room is in the very centre, but a flood of light pours in on the cloudiest day. It is under the golden dome. It is an eight-sided room, with the elevated desk of the librarian in the centre, and all of the apparatus for communicating with assistants around and beneath. The desks for readers are in circles facing the librarian. The distance across this octagonal room is 100 feet. Rotunda is a better description than room, for the ceiling is the vaulted interior of the dome.

Opening into the rotunda on the eight sides are alcoves, where encyclopaedias, books of reference, dictionaries, and works for which there are almost continuous use will be kept. These alcoves are on the level of the floor. Readers will be allowed to go into them and consult such books as they may need. Sitting on his high perch in the centre of the rotunda, the librarian or his immediate representative occupies a position much like the lookout's in a modern penitentiary. He not only has every occupant of the reading room under his eyes, but he can see in every one of the alcoves, which are open to the public. These reference alcoves will be the only parts of the library containing books to which readers will have direct access.

From the eight corners of the rotunda, between the pairs of alcoves, rise the massive marble columns which support the golden dome. They are of deeper and richer colored marble than that which forms the walls. Forty feet above the floor a spacious gallery encircles the rotunda. From this visitors who come on sightseeing bent will look down upon the practical operation of the library. Only those persons who wish to read or to consult books will make use of the main floor of the rotunda. All others must go to the gallery. In this way the librarian expects to make the reading room a place for study without interruption, although he will have from 250 to 300 readers under his supervision when the room is full. On the edge of the gallery are perched sixteen bronze figures. On one side of the rotunda, almost on a level with the gallery, is a marble clock, six feet across the face. From the vantage of the gallery the visitor will gain a comprehensive idea of the workings of the library. Looking down, he will see the applicant for a book come into the rotunda by way of a curtained aisle, and make known his request on a slip of paper at the great central desk. He will follow the movement of the attendant to a telephone so nicely adjusted that a whisper will convey the order. Turning about and looking through the heavy plate glass into the book stack, he will find the attendants on one of the nine floors receiving the messages at the other end of the telephone. He will see the attendant go to one of the book cells, take down the volume wanted, and drop it in a little iron box on the endless chain. Returning his attention to the centre of the rotunda, the visitor will presently have the satisfaction of observing the box come up from beneath the floor in the rear of the librarian's desk, and deposit the book there for the intending reader.

Between the utilities and the artistic magnificence of the scene the visitor may well be lost in admiration. Below will be the busy scene of the library in use. Around above are the richly tinted marble columns and walls extending upward to the interior of the dome.

"The book capacity of the parts of the library finished off," said Mr. Spofford, "is about 1,800,000 volumes. If all of the space of each floor not at present used was to be fitted up for the storage of books, the building would hold 4,500,000 books. Moreover, posterity may build book stacks in the spacious courts to contain 2,000,000 more without any violence to the uses or architectural symmetry of the present edifice." SENATOR.

A TERRIER'S REVENGE.

Summoned His Faithful Friend and Obtained Satisfaction.

This dog story was told to a New York Mail and Express reporter by a lady who vouches for its accuracy. Remarkable as it is she affirms that it is the truth, the whole truth and nothing but the truth.

An up-the-State family had two dogs, a bulldog and a black-and-tan, between which there existed every evidence of deep friendship. The family went into the country one summer some sixteen miles from home. They took the black-and-tan with them but left his companion at home. They had not been established in their summer quarters more than a few days before the small dog had managed to pick a quarrel with a neighbor's bulldog, in which the black-and-tan got much the worse of the argument. So much so that when he disappeared after the battle his owners were much worried. They searched high and low but no trace of that small dog could be found.

The next morning there was seen coming up the road side by side the black and tan and his faithful companion, the bulldog from home. The two marched straight past the hotel where the family were staying and halted in front of the home of the black-and-tan's enemy. In some unknown manner the country bulldog was summoned and immediately his city contemporary fell upon him. The struggle was severe and prolonged, but the issue was never in doubt. The country bulldog was completely conquered and retired in as good order as possible under the circumstances. The victor, once his task completed, wheeled about and without a stop retraced the sixteen miles to home. The black-and-tan crawled into the hotel with every indication of complete satisfaction on his diminutive countenance.

THE DOUBLE GLASSES.

How the Lenses are Prepared for Near and Far Vision.

One of the clever devices of the optician is the glasses designed for both near and far vision. Looking straight ahead, they adjust the eyesight for objects at a distance; glancing downward, they bring things to a quick focus. Thus they do the work of two pairs of spectacles.

These glasses are familiar enough, but the manner in which they are put together is interesting. Opticians nowadays secure the double adjustment in three ways. One is to fit into the lower edge of a lens designed for far vision and shaped something like a melon slice a section of a lens designed for near vision and shaped something like the melon itself. They so fit as to form the ordinary elliptical shaped glass. The frame holds them in place.

Another way is to take a strong lens designed for near vision and grind upon the upper edge a slighter convexity for far vision. There is no need of a frame for this arrangement.

The common way is to grind out what is substantially a slice from the lower edge of one side of a lens designed for the far vision. In the place of the slice is pasted on a segment of a lens designed for near vision. The only adhesive substance available that is perfectly transparent is Canada balsam, and all workmen use it. No frame is needed.

Theatre Hat Not Entirely Downed.

A queer state of affairs prevails in Brest, France, all growing out of the high theater hat. The women who attend theaters in that city refused to remove their headgear in response to popular demand, but instead kept on increasing the size of their hats until the men, in desperation, began to take to the theater whenever they went large cushions. When one found his seat to be located behind an altitudinous hat he would place the cushion on his seat and sit upon it. This enabled him to see over the hat, but woe to those who happened to be behind him. Their view of the stage was completely cut off. This practice has resulted in so much disorder, on account of the proverbial hot temper of the French, that the theatrical managers have asked aid from the municipal authorities.—Detroit Free Press.

Rank Injustice.

The editor of "The Jamestown Banner" picked up one of his metropolitan exchanges and read:

"The charming little soubrette, Eva Hollis-Whopper, has just purchased a new bulldog."

"It is durn funny," said he to himself and the cat, "that these here city papers publish that sort of stuff, and then make fun of me for mentioning that Squire Jim Brown has painted his barn."—Cincinnati Enquirer.

In the "Bazoo" Office.

Proprietor—"Smith, either we'll have to stop printing an accident insurance coupon in the Bazoo, or you'll have to be a little gentler with the spring poets."

Editor—"Why, what's the matter?"

Proprietor—"That last fellow you threw down stairs carried one of our coupons, and he's just filed his claim for damages."—Philadelphia Press.

Exhausted Resources.

"What are you bothering your father about?" asked the boy's mother.

"I want him to tell me a story, and he says he doesn't know any."

"Perhaps he will make up one as he goes along."

"I asked him. But he said he had been testifying before an investigating committee all day, and had used up all his material."—Washington Star.

"What are you doing, you young rascal?" said a farmer to a small boy under a tree with an apple in his hand.

"Please, sir, I was going to put this 'ere apple back on the tree, sir!"

AN ORDINANCE

for the Assessment of Taxes for the year 1897.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That pursuant to the statutes and ordinances and resolutions in such cases made and provided, there shall be assessed and raised by tax for the year eighteen hundred and ninety-seven, for the general purposes of said city, exclusive of poor, library, school, fire, and State and county taxes, the sum of thirty-three thousand dollars, included in which last named sum shall be the sum of sixteen thousand dollars to be raised by general tax for street improvements; for the expense for said year of lighting the public streets and places in said city with electric lights, pursuant to Chapter CCCXVIII of the Pamphlet Laws of 1894 (page 477), as ascertained and determined by resolution of the Common Council and certified to the Assessor of said City, the sum of eleven thousand dollars; for the principal of such bonds, except obligations payable out of assessments and temporary obligations, as may mature during the ensuing fiscal year, under and by virtue of the act of the Legislature entitled, "An act to provide for drainage and sewerage in cities of this state," approved April 7th, 1890, and the several amendments thereof, and supplements thereto, and proceedings had and taken thereunder in said city, the sum of four thousand dollars; for interest on the obligations of the city issued under said last mentioned acts, the sum of forty-nine hundred and sixty dollars; for the support of the city poor, the sum of five thousand dollars; for the maintenance of the public library and reading room, the sum of three thousand five hundred dollars; for the purpose of making additions to and changes in the buildings already erected for the purposes of the Plainfield Public Library, Art Gallery and Museum, and for the improvement and enlargement of the library, art gallery and museum erected in the City of Plainfield, under the provisions of the act entitled "An act to authorize cities to establish and maintain free public libraries and reading rooms," approved March fourteenth, one thousand eight hundred and seventy-nine, and the acts amendatory thereof and supplementary thereto, in pursuance of resolution adopted by the Common Council and approved by the Mayor, under Chapter 15 of the Laws of 1896, (P. L. page 26), the sum of seven thousand dollars; for the maintenance of a fire department to be under the control and government of said city, the sum of sixteen thousand dollars; and in addition to the foregoing, a license fee of two dollars to be paid by the owner of every dog within the City of Plainfield.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint, that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. ROMANCE ENDS IN DIVORCE.

Mrs. Crocker Acklan Asks the Delaware Legislature to Grant a Decree.

Wilmington, Del., April 7.—In the legislature Senator Pyle gave notice of a bill to divorce Mrs. Laura Crocker Acklan of Cleveland from William Hayes Acklan of Washington.

Mrs. Acklan is a daughter of former Judge Crocker, the Cleveland millionaire. She was married to Mr. Acklan June 2 last. After the marriage they went to Europe and soon afterward separated.

Mrs. Acklan came to this city last month and took up her residence here in order to apply to the legislature for a divorce. Incompatibility of temper is said to be the ground.

Miss Crocker while traveling in France first met Colonel Acklan, who was then attached to the foreign service of the United States. Several winters afterward, when the Crockers were in St. Augustine, Fla., Colonel Acklan again met the young woman and afterward visited her in Cleveland. While there he was thrown from a cart, and Miss Crocker nursed him back to health.

In St. Augustine the next winter she met not only Colonel Acklan, but also Baron von Euchtritz, a German nobleman, who, although frankly acknowledged to be far from rich, was of famous family and bore excellent letters of introduction. The nobleman paid assiduous attentions to Miss Crocker, following her to New York the next June and afterward to Cleveland.

The announcement of an engagement was expected in social circles, but the baron went to his native land, and Colonel Acklan again became an active suitor.

The following Christmas, however, Baron von Euchtritz returned and was royally entertained in the Crocker household.

It is said that he was engaged to Miss Crocker, but soon it leaked out that the nobleman insisted on the settlement of a large dowry, and soon afterward he left the country.

In January, 1896, Miss Crocker was the guest of Vice President and Mrs. Stevenson at Washington, and, meeting Colonel Acklan, the old romance was resumed, and the engagement and marriage followed.

Mrs. Acklan, as a bride, was the recipient of much congratulation on the fact that she had chosen an American in preference to a foreign nobleman.

Colonel Acklan has written several books and stands high in social and diplomatic circles at the capital. The Crocker-Acklan wedding was one of the big social events of last summer.

The Methodist Conference.

Sing Sing, April 7.—About 400 ministerial delegates have arrived here to attend the conference of the Methodist Episcopal church. Two important questions will be discussed by the conference, which, it is stated, will be presided over by Bishop Merrill of Cincinnati, the first relating to the union of all Methodist Episcopal churches in New York city into one conference and the other a proposition to organize a layman's association. There was a "campfire" of the New York conference, Grand Army of the Republic Veterans' association, last night. It was addressed by General James R. O'Beirne of New York and others. There was a large attendance, including delegates from the G. A. R. posts in Sing Sing, Tarrytown, Peekskill, Yonkers, White Plains and Mount Vernon.

Appropriations by the Senate.

Albany, April 7.—The senate has passed the following appropriation bills: For acquisition of bonds in the St. Lawrence reservation, $30,000; for the draining of lands in the town of Wheatfield, in Niagara county, $5,000; for the erection of an addition to the state armory at Genoa, $7,000; for the establishment of a fish hatchery for the propogation of food or commercial fishes, $6,000, and for the expense of the unusual and extraordinary repairs and alterations of the capitol under the supervision of the superintendent of buildings, $85,000.

Divine Healer at It Again.

New Haven, April 7.—Schrader, the "divine healer," made his sudden appearance here after, as he claims, a fast of 40 days in the mountains of Mexico. During that time he declares that he tasted no food and that water was all that passed his lips. Already several hundred men, women and children, most of them Italians and people of the laboring class, have crowded his quarters on Meadow street and had him pass his hands over them and give them his blessing.

Must Pay the Penalty.

Trenton, April 7.—The board of pardons had has under consideration the applications for commutation of sentence in the cases of Elmer Clawson and Jacob Johnson, both of whom were convicted in Somerset county of murder in the first degree. Clawson killed his employer, and Johnson, who was a colored preacher, murdered Annie Rogers. The board declined to interfere, and both men will pay the death penalty.

THE TURKS MUST PAY

McKinley to Adopt a Vigorous Policy Toward the Turks.

THE MASSACRE INDEMNITY CLAIMS.

John W. Foster to Represent This Government at Constantinople, With the View of Insisting Upon the Protection of Our Interests.

Washington, April 7.—The adoption of a vigorous policy to secure from the Turkish government a settlement of the claims preferred by the United States on account of the destruction of American missionary property and outrages to American missionaries committed during the uprising against the Armenians in the fall of 1895 is being considered by the new administration and probably will be put into operation soon. President McKinley's programme contemplates the sending to Constantinople of Hon. John W. Foster, former secretary of state, as a special envoy, with the rank of embassador, to secure from the sultan the payment of the claims which have been filed and the speedy trial of those American citizens against whom are pending charges made by Turkish officials. The president probably will send to congress a message recommending that authority be given him to commission a special embassador to Turkey for this purpose, and while no name will be proposed by the message Mr. Foster will be intrusted with the mission in the event that congress gives to the president the power which he desires. Mr. Foster has already been asked to undertake the mission, and although he was at first reluctant to accept it he finally consented to do so on certain conditions.

The programme has been under consideration for several days and meets the approval of leaders in congress of the both parties who have been consulted, among them Senators Hoar and Lodge of Massachusetts and Proctor of Vermont, who have interested themselves actively in the matter; Senators Morgan of Alabama and Mills of Texas, Speaker Reed and Representative Hitt, the leader in the house in diplomatic matters.

Discussed by McKinley and Sherman.

President McKinley and Secretary Sherman discussed the unsatisfactory policy of the Turkish government touching American claims soon after the administration came into power. It was suggested first that the representative of the United States in Constantinople be raised to the rank of embassador and Mr. Foster be given the office, but this proposition had several drawbacks, one of them that a mission once advanced to embassadorial rank could not well be reduced afterward. This government would not care to maintain an embassador at Constantinople, nor was it known that the sultan would reciprocate by according an embassador to the United States. Moreover, Mr. Foster did not care to accept such an office.

Under the proposed arrangements Mr. Foster may be sent to Turkey when the resignation of Minister Terrill is accepted, to serve there as envoy extraordinary, with the rank of embassador, until his work has been performed, and then give place to the minister who will be appointed as Mr. Terrill's successor. No reflection upon the abilities of Minister Terrill will be involved in this plan, for any representative with the rank of minister works under a heavy handicap at a capital where all the larger powers and several of the smaller ones are represented by embassadors. He cannot secure an audience with the sultan as readily as can an embassador, nor can he meet upon equal terms with the embassadors in the consideration of questions relating to treaties which may greatly affect American interests.

The Questions at Issue.

Several questions are at issue between the United States and Turkey as a result of the Armenian troubles, the satisfactory adjustment of which the sultan has refused or postponed from time to time, and which the administration desires to settle. Claims amounting to $150,000 have been presented by Minister Terrill on account of the damages done to the Euphrates college at Harpoot, which is the property of the American Board of Foreign Missions, to the Marash Theological seminary and the residence of an American missionary at Hasquey, a suburb of Constantinople. Remonstrances have been made on account of the treatment of Rev. G. P. Knapp, an American missionary who was stationed at Bitlis and was expelled from the Turkish empire on a charge of having incited Armenians to rebellion. Mr. Knapp has been unable to secure admittance to Turkey or to secure a trial, although it is claimed that his banishment without trial is in violation of treaty rights. The deportation of another missionary working for the American board, Mr. McCallum, was attempted at the time Mr. Knapp was deported, but when Sir Philip Currie, the British embassador, learned that he was a citizen of Canada he made such vigorous representations to the sublime porte that the missionary was escorted back to his post.

The sultan has refused to recognize Messrs. Bergholz and Hunter, who two years ago were sent by the United States as consuls to Erzeroum and Harpoot. They reached their posts after some trouble, but being unable to secure recognition or perform their duties as consuls withdrew, and a few months afterward occurred the disturbances at Harpoot in which the American college was looted and property worth $100,000 destroyed. Mr. Bergholz has since returned to Ezerum, but has not been recognized. No apology or explanation has been offered nor any redress given for these acts. President Cleveland and Secretary Olney at one time considered the advisability of blockading the port of Smyrna to secure redress, but abandoned the idea partly because the revenues of the custom house were mortgaged to European governments.

The new administration desires to secure the payment of the claims for damages preferred by Mr. Terrill, to secure trials for Mr. Knapp and other Americans against whom charges have been made, to gain permission for Mr. Knapp to return to his post and to have the consuls who have been accredited to Turkish cities recognized. The churches of the country have made strong requests that these things be done.

A HOTEL LIKE A HOME.

JOHN H. M'VEY, PLAINFELD'S WELL-KNOWN CATERER, BRANCHES OUT.

Increasing Demands Have Compelled Him to Open an Annex, Which He Has Nicely Furnished, for His Many Boarders.

There is no more well known resort to the wheelmen of the Metropolitan district than McVey's restaurant, and the knowledge has been a pleasant one. McVey's Hotel is a new comer, but it promises to make for itself as enviable a reputation as the restaurant. John H. McVey is at the head of it and his knowledge and enterprise insures its success.

The hotel proper is located on North avenue, over the restaurant, while the annex is only across the street. To many, hotel life is not a pleasant one, but Mr. McVey has prepared to make life as comfortable as possible for his guests, transient and otherwise. The rooms have been fitted up well. Pains have not been spared to make the rooms look well and to equip them with durable furnishings.

In the hotel proper there are ten rooms, two of which are specially devoted to the use of transient guests. The rooms are fitted up with all the conveniences of hotel life. Instead of gazing at bare walls and ceilings, the guest finds the rooms handsomely papered, with the monotony broken by a picture or ornament here and there. The mantel pieces are arranged in a tasteful manner. The beds, equipped with woven wire springs, comfortable mattresses, and snowy linen, tempt the visitor to court Morpheus at once. All the halls, stairways and rooms are carpeted, and altogether the effect is decidedly a pleasant one on the guest.

In the annex, across the street, all three floors, with their eighteen rooms, are devoted to the accommodation of Mr. McVey's boarders, who soon overflowed his old quurters. The rooms are all arranged after the same manner as those in the hotel proper, and look decidedly comfortable. All the rooms are lighted with gas and heated with steam heat as in the other buildings. There are bath and toilet rooms on each floor, located conveniently to all the rooms.

On the first floor above the street, is a wheelmen's parlor and smoking room, and a place where they can wash up after their ride; a veranda is also placed at their convenience.

Of course, the rooms are not all alike, and some are more attractive than others, but then suitable reductions have been made in the rates and the guest can be accommodated in nearly any sort of room that he wants.

Pleasant Birthday.

A pleasant birthday event was arranged and given by Mr. and Mrs. W. F. Townley, of West Second street, last evening, in honor of Miss Theressa McGinley and their daughter. Miss Margaret Townley, both of whom celebrated the anniversary of their birthday. Vocal and instrumental selections, recitations and a phonograph entertainment helped to pass an evening of great pleasure. Those present were: the Misses Doyle, Meaney, Miss Mansfield. Miss Huff, Miss May Townley, Miss Connolly, Miss Theressa McGinley, Miss Margaret Townley, Mr. and Mrs. W. F. Townley; Mifford Giles, Adolph Giles, E. Townley, Robert Eick, Frank Eick, M. Owens, J. McLean, W. Newman, T. Schaefer and A. C. Townley.

Died at the Hospital.

The death of Louis Danneralla, Italian, aged thirty-six years, occurred at the hospital yesterday afternoon from Aortic Stenosis. The deceased lived on Lake street until a week ago when he was removed to the hospital. He had been ill for a long time and his condition was serious. His death was very sudden and just a short time before he was feeling much better. Undertaker Casey has taken charge of the body and the city will probably stand the expense of burial as there are no relatives or friends to do it.

Up-to-Date.

Just tell them that I saw you, 'twill gladden them to know that I can see as well again as in the long ago, and while you're telling them, you may this season advertise—at Collier's I have glasses found that really fit my eyes.

—Arthur Peck was fined $5 for riding on the sidewalk by Judge Thomas, of the borough, this morning. The arrest was made by Special Marshal Israel Jones.

—The brake shoe on an Atlantic City Railroad engine drawing the 2:17 train to Philadelphia broke this afternoon on the trip from New York and was not discovered until the train reached this city. The engineer removed the broken part and the train was only delayed a few minutes.

—The greatest sensation in the amusement line for the present season has been the pictures where every movement of living objects has been presented on canvas. There are numerous machines in operation for this purpose, but none better or more successful than the projectoscope to be shown in Music Hall tomorrow and Friday.

METHODIST CONFERENCE

HEADS OF A GREAT CHURCH MEET FOR ANNUAL BUSINESS

A Number of Important Subjects to be Discussed, One of Which is the Admission of Women to the General Conference.

The Newark Methodist Conference convened in the Centenary Church, Newark, to-day at 10 a. m. Bishop Andrews presided. The business of the first day's session will relate principally to organization and the laying out of the work of the week. There will be several important questions to come up for legislation, chief among which is that of women delegates to the General Conference. Although it is well settled that the Conference will vote against the proposed innovation by a large majority, the vote will be attended by considerable interest.

Bishop E. G. Andrews will read the question of woman delegates in form as handed down from the General Conference to the 112th annual conference. There will be no debate, and the members of the Conference will vote on the question. It is not known when the question will be presented to the Conference. By a new arrangement, the old system of banding the churches together for the entertainment of outside delegates will be abandoned, and some seventy preachers and their wives will be boarded at the Continental Hotel. Delegates who live near Newark, and whose expenses will be light, will help defray the expenses of delegates from a distance, so as to equalize expenses.

A question of importance to the annual conference is whether there shall be two presiding elders. There is an active opposition to the proposition, which is likely to be defeated. Yesterday afternoon three examinations were held, one for admission into the conference on trial, another in the conference course, and the third for local orders. The candidates in the first two examinations are H. A. Bassett, R. A. Hayes, James M. Cowins, F. G. Curtis, William R. Garrie, D. L Evans, E. L. Earp, W. E. Fleming, J. G. Goodrich, G. W. Gardner, A. H. Howland, Robert Jenkins, Charles W. Kelly, J. W. McManiman, W. H. Prugh, Sherman Powell, George D. Price, O. W. Snodgrass, D. D. Smalley, J. C. Starr, B. Tompkins, W. A. Jinney, J. S. Tillinghast, A. J Turner, George Whitehead and Joseph H Ware.

The following was the conference programme for today:

7:10 a. m. Sacrament of the Lord's Supper, followed by rollcall and organization; 2:30 p. m. anniversary of the Woman's Home Missionary Society, Mrs. Caroline G. Hill presiding and addressed by Rev. Dr. G. C. Wilding; 4 p. m. meeting of the Conference Life Insurance Association; 7:45 p. m. anniversary of Centenary Fund and Preachers Aid Society, Rev. D. Helleron presiding; speakers, Bishop E. G. Andrews and S. Parkes Cadman, of the Metropolitan Temple, New York; report of the treasurer, W. H. Murphy; report of the coresponding secretary, Rev. J. A. Gutteridge; 7:55 p. m. at the Halsey Street church, anniversary of the Conference Epworth League, Rev. C. X. Hutchinson presiding; speaker, Rev. Dr. Henry A. Buchtel, First Church, Mount Vernon, N. Y.

THE FIRST FUCHSIA.

How it Was Originally Brought to England from the West Indies.

The fuchsia, which is now in every garden, fifty years ago was exceedingly rare and highly valued; and the story of this beautiful shrub's introduction into our gardens is interesting. Some time in the first quarter of the present century a gentleman from Liverpool, while walking through a street in Wapping, saw in the window of a humble-looking tenement a graceful little shrub, with dark green leaves and beautifully pendulous carnation blossoms. He was charmed with the new floral gem, and, when he returned to Liverpool, called upon a celebrated florist, to whom he described the plant. The curiosity of the florist, who did not know any plant which came up to the description, was so greatly excited that he set off immediately for London. Having found the house, by seeing the plant in the window, he entered, and ascertained that its owner was the wife of a sailor, and that her husband had brought the plant home from the West Indies as a love-offering to his young spouse. The delighted florist made overtures for the purchase of the fuchsia, which were at first strenuously refused. After some little time, however, he got possession of the much-coveted prize. Having given the sailor's wife a handsome sum of money in hand, and a promise that the first plant raised from it should be sent to her, he started for Liverpool, and after proper treatment, he soon had the plant exhibited in his show-room, where it instantly attracted the attention of amateurs. After fulfilling his promise to the sailor's wife at Wapping, he realized some £300 the first year the plant was exhibited, and was thus well repaid for his enterprise.

KILLED BY A PAIR OF GLOVES.

A Peculiar Method Employed to Poison Court Dignitary.

The Nihilists of Russia have extraordinary methods of getting rid of their official enemies.

For instance, about a year before the death of the late Czar, Count Tcheremetieff was killed by a pair of poisoned gloves.

Like most of the dignitaries of the Court, he had, in addition to his superb palace on the Nevsky Prospect, a residence in the Emperor's palace. One day, summoned in haste to the Czar, he snatched up from a side table in the ante-chamber his sword, white astrachan bonnet and gloves, which as usual, were laid out all ready for him.

The gloves were exactly like those he always wore, even to the extent of being no longer quite fresh. They had evidently been clumsily impregnated with poison, for while standing before the writing table in the library, talking to the Czar, he suddenly fell to the floor with a look of intense agony upon his distorted features, exclaiming "My hands, my hands!"

The Emperor, burly though he was, leaped over the table, raised the Count from the floor, and laid him on the lounge, calling for assistance as he did so. At first the physicians believed that the Count had succumbed to heart disease; but when the Emperor, in describing the incident, mentioned the exclamation uttered by the dying man their attention was drawn to his hands.

When ungloved, the Count's hands gave forth a strange, pungent, aromatic odor, and were swollen and discolored.

It was only then that it dawned upon the medical men that the Count had been assassinated by means of his gloves. On being subjected to chemical analysis, it was shown that the gloves had been impregnated with a poison derived from an Abyssinian vegetable substance little known in Europe.

One of Depew's Best.

Doctor Depew, in speaking of the many requests he received for passes said:—

A man whom I had not seen since we were boys together called on me one morning and introduced himself. He looked rather seedy, and he told me he wasn't prosperous. We talked about the days when we were boys together, and the little red schoolhouse, and how the years had dealt with each of us.

"I am glad to see you are getting along nicely, Chauncey," he said.

"Thank you," I replied, "and how have you prospered?"

"I have not prospered at all," he said, wiping a tear from the corner of his eye, "but I am on the eve of success if you'll give me a little aid, Chauncey."

"What can I do for you?"

"Well, I want a pass to Wappinger Falls."

"What are you going to do there to bring you success?" I asked.

"I'm going to deliver a lecture. It's a good lecture, and it will bring me fame and money."

"And what are you going to lecture about?" I asked.

"I'll tell you, Chauncey, after I get the pass."

I wanted to aid my old friend, and I had a pass made out for him. Giving it to him, I said with some curiosity,—

"Now, John, what is the subject of this lecture of yours?"

John braced up, threw back his shoulders, and proudly answered,—

"I am going to lecture on how to make money."

WOODHULL & MARTIN
We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.
We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

A PROSPEROUS CHURCH.

ANNUAL MEETING OF CRESCENT AVENUE PRESBYTERIAN.

Reports Heard From the Main Church and all the Chapels Over Which It Keeps an Eye for Their Continued Growth.

The annual meeting of the Crescent Avenue church and its chapels was held last evening in the chapel of the church. Rev. Dr. W. R. Richards, pastor, presided, and there was a large attendance of the members of the church and chapels. The term of I. C. Pierson and John Bushnell as elders, and S. H. Whitney and S. F. Kimball as deacons, having expired, they were re-elected by a large vote.

The reports of the various societies of the church were read by Dr. Richards. They were all combined in one report, the first of which was that of the Ladies' Aid Society. It showed that there had been held during the year eighteen meetings with an average attendance of twenty four. Mission schools had been provided with clothing, etc., the total value of which was $540. The society at present has a membership of 187, and during the year $1,044 had been received and $840 disbursed. The report of the Women's Foreign Mission Society showed that $759 had been received and disbursed. This society has just completed its twenty-fifth anniversary and during that time has contributed to foreign missions $11,755. The Young Ladies' Mission Band has received $220 and disbursed $214. The report of the Sunshine Mission Band, composed of girls, was an excellent one and it stated that the members had pledged this year to contribute $50 toward the support of a native girl in one of the mission fields. During the eleven years existence of this band $1,000 had been received and disbursed. During the past year the Boys' Mission Band raised and disbursed $52 for missions. The Woman's Home Mission Society raised and expended $2,199.07 for work in the home fields.

S. A. Ginna reported for the Bethel chapel. He said that the members had raised $112.07 toward the salary of the minister, and $305.83 was collected in the Sunday-school. At present the Sunday-school has a membership of 226, and there are eleven teachers and two officers. The pastor of this chapel, Rev. Mr. Tilden, was present, and he made a few remarks about the work done. Although he has only been pastor since last October, he was able to report encouraging things about the work. He stated that there was a flourishing Christian Endeavor society in the chapel, with an active membership of twenty-nine, and an associate list of twelve. At an early date a Junior Christian Endeavor Society is to be organized.

For Hope chapel, Superintendent H. C. Squires offered a very fine report. He said that they have the largest Sunday-school in Union county. During the year 32 had been added to the church roll on confession, 13 by certificate, making the total membership of the chapel 254, and of the Sunday-school 596, with a total attendance of 15,610. The Sunday-school had raised $193, and the chapel $525 during the year. For missions $107 had been contributed and for relief $382. From all sources there had been received $1,078. Rev. Mr. Newell, pastor of the Hope chapel, followed the report with a few remarks of an interesting nature in which he related something regarding the work accomplished in detail.

The report for Warren chapel was presented by the superintendent, Mr. Lovell. He reported a membership of 401 in the Sunday-school, with an average attendance of 207. The gain in chapel membership was 79. There had been received $380.40, and expended $356. In the Sunday-school there had been received $793 96 and expended $784.30. The Ladies' Aid Society had received $93.65 and disbursed $652. From all sources there had been received $1,497 and expended $1,492. The report of the death of M. M. Dunham, a faithful worker, and the loss by removal of Mr. and Mrs. Taylor, also faithful workers. This report was also followed with remarks by the pastor of the chapel, Rev. Mr. McKelvey, who spoke concerning the work in detail.

Superintendent W. D. Murray, of the home Sunday-school, presented a very good report. He stated that the present membership of the school was 390 with an average attendance of 221. Credit was given Organist Smith, of the church, for the able assistance rendered with the music, also regarding the assistance rendered by Mr. Lewis in the same way. The total offerings during the year was $727. The total cost of running the school was reported to be $500. During the year six scholars from the school had joined the church. Mr. Murray suggested a home department and asked

PASTORS' ANNUAL MEET.

PROCEEDINGS AT THE METHODIST CONFERANCE YESTERDAY.

Rev. C. R. Barnes Made Chairman of an Important Committee—Growth of the Benefit Fund to Aid the Old Ministers.

The fortieth session of the Newark Annual Conference of the Methodist Episcopal church opened in the Centenary church, in Newark, yesterday at 10 o'clock, Bishop Edward G. Andrews presiding. The session was begun with devotional exercises, led by the Bishop, and the Sacrament was administered. The business of the opening session was confined to organization and the laying out of the work of the week. The Bishop announced to the conference the transferal of the Rev. Dr. Wilbert F. Ferguson, of the New York East Conference, to the Newark Conference, and his appointment as president of the Centenary Collegiate Institute at Hackettstown. The Bishop introduced Dr. Ferguson to the conference. The Rev. J. F. Dodd was appointed secretary of the conference, the Rev. Charles W. McCormick and the Rev. John J. Morrow assistants, the Rev. J. A. Guthridge statistical secretary and the Rev. A. M. Palmer treasurer.

In the appointment of committees, Rev. C. R. Barnes, of this city, was made chairman of the conference qualifications.

The Conference passed upon the characters of these superannuated preachers, who were continued in church relationship: The Rev. Thomas S. Dedrich, the Rev. Daniel E. Frambes, the Rev. Walter Chamberlain and the Rev. John W. Seran, Mrs. Clinton B. Fisk made a brief address on foreign missions.

In the afternoon the anniversary of the Woman's Home Missionary Society was celebrated, Mrs. Charles S. Woodruff, of Paterson, presiding. A review of the work of the year was given by Mrs. Charles E. Hill, the correspondent secretary. The amounts contributed were: Newark district, $2,484.99; Elizabeth district, $435.94; Paterson district, $183.57, and Jersey City district, $127.30. The Rev. Dr. George C. Wilding, of Jersey City, made an address. He said that in fifteen years the society has raised $170,000, and it now owned property worth $500,000. The number of trained deaconesses was 250, and there were twenty-three schools under the society's care. In the evening was held the anniversary exercises of the Centenary Fund and Preachers' Aid Society, the Rev. D. Halleron, of Jersey City presiding.

Mrs. George H. Babcock and son George, of West Eighth street, have returned after spending several months in Florida.

DROVE AT A RAPID PACE.

PURSUED BY A BICYCLE COP AND SPENT THE NIGHT IN JAIL.

Two Garwood Men Found Plainfield "Jersey Lightning" Too Bewildering and Cut Up Didoes Quite Out of the Ordinary.

An exciting ride with a policeman on a bicycle in full pursuit, a night in Plainfield's rookery, and a hearing in the stuffy little court room were the principal incidents in the visit of Hugh McGillvery, proprietor of the Garwood Hotel, to Plainfield and vicinity, yesterday and this morning.

Hugh McGillvery and his friend, Patrick Shay, drove to Plainfield, yesterday, and then went down to Campbell's roadhouse for a pleasant afternoon. They partook rather freely during the day of the far-famed "Jersey lightning," which was evidently stronger in this neighborhood than at Garwood, for they felt the effects. They left Campbell's about 5 o'clock and started for home, bringing with them a boroughite who was in a like condition.

Their horse, smarting under the lash, which was laid on with a heavy hand, galloped up Park avenue to the peril of pedestrian and carriage alike. Roundsman Flynn was in the vicinity on his wheel and set out in pursuit.

The horse was going at full speed and although the officer is quite a schorcher, he was unable to lessen the distance between to an appreciable degree. The chase was growing exciting when the driver remembered that he must leave his passenger in Plainfield and tried to pull up. Flynn made a grand spurt and caught the rig just as the driver brought the horse down to a trot. He arrested the driver for fast driving when his companion protested against the arrest and came to the station house to complain. He was also somewhat under the influence of the "Jersey lightning" and was a trifle forgetful in his language, so the officer alleges. He was then locked up and Flynn took the trembling horse to Terrill & Cole's stable to be cared for.

McGillvery and Shay retracted their plea this afternoon and admitted that they had been driving too fast and were somewhat disorderly. They were then brought before City Judge DeMeza and sentenced. The Judge decided that the proprietor of the Garwood Hotel was the greater offender and fined him $15. Shay was fined $8. Both paid their fine and were released.

LIBERAL CHURCH GIFTS.

Reports at the Annual Meeting of First Presbyterian Church.

The annual meeting of the First Presbyterian church was held last evening at which time there was a statement of the contributions for benevolent and missionary work during the past year. The statement was as follows: General Assembly, $3,465; Synodical Home Missions, $116.50; colleges and academies, $27; Board of Education, $16.50; Board of Freedman, $69 67; Home Mission Board, $596.49; Ministerial relief, $30.10; Publication and Sunday-school work, $101.97; Church erection, $20.97; Foreign Missions, $435.13; Miscellaneous collectons, $132.79; total, $1,581.41.

The total number of members to date is 402, added by letter, 16, by confession, 10. John Lindsley was re-elected deacon for 3 years. The annual congregational meeting will be held next Wednesday evening.

NAVAL RESERVE NOTES.

Items of Interest to the Jack Tars of New Jersey.

The several divisions of the Battalion of the East are rapidly filling up and it will not be long before there will be a "waiting list."

The equipment for the Hospital Corps—all Plainfield men—is under consideration. It is the intention to make the equipment practical, easy to carry and yet neat.

Only one or two vacancies now remain in the Hospital Corps and it is desired to fill them at an early date that the corps may be prepared to participate in the parade in New York on the 27th, and do themselves justice.

Decorating for the Veterans.

In honor of the re-union of the Second New Jersey Brigade which will be held in this city tomorrow, the North avenue station is being decorated by the Railroad Company, and the Union County Country Club building is being treated likewise. It is to be hoped that all who can will display suitable colors and decorations for this event, and especially along the line of march it is urged that the citizens decorate. A final meeting of the committees was held last evening and all arrangements for the affair completed.

HAVEN OF HELP FOR POOR

RELIEF ASSOCIATION DISPLAYED THEIR NEW HOME

An Informal Tea Given Yesterday Afternoon and Attended by Many Interested Ones—The Work Was Also Explained.

The Plainfield Relief Association kept open house yesterday afternoon, giving an informal tea to display its new and pleasant headquarters, 544 West Front street, and explain its work to all interested. A large number of guests flowed in and out durnig the hours from 3 to 6 o'clock, and many went away knowing for the first time the details of the work of the association.

The officers of the association, Mrs. L. V. F. Randolph, Mrs. J. Kirtland Myers, Mrs. Emil Woltmann and Mrs. C. E. Brooks, also Mrs. D. J. Yerkes, Mrs. H. M. Maxson, Mrs. Samuel Huntington, Mrs. C. W. McCutchen, Mrs. H. P. Reynolds, Mrs. B. J. Shreve, Mrs. M. W. Tyler, Mrs. J. R. Joy, Mrs. S. P. Simpson and Mrs. Alex. Gilbert, of the board of managers, received the guests, assisted by the Misses Shreve, Miss Josephine Randolph, the Misses Haviland, Miss Tracy and Miss Edith Tracy.

The guests were received in the two large rooms of the association, opening into the entrance hall, in each of which was a dainty tea table, decorated with exquisite pansies. From here they were taken over the house and shown the arrangements for work. In one room they saw the piles of clothing, second-hand and made over, which are given to the poor in payment for work, or sold at nominal prices at the sales which take place every Saturday. The sewing is done by women in want of work, those who are not able to do better work being given carpet-rags to sew. Men are set to work in the wood yard, the wood from which is afterwards sold. The men and women employed are not paid in money, but in clothing or groceries. The storeroom containing the groceries was shown to the guests, and beyond that the dispensary of the city nurse, Miss Rendell, who is supported by the Plainfield Union of King's Daughters. Here needy persons are sent to have their prescriptions filled by Miss Kendell, and here might be seen her gas-stove, with apparatus for sterilizing milk, and her closet with neat piles of bed linen, infants clothing and garments for use in illness.

On the second floor of the building, Mrs. Woodruff, superintendent of the Citizens' Organized Aid Association, was also "at home," and displayed her record books, and explained the thoroughly business-like system by which a careful account is kept of all persons who apply for aid. The office of the overseer of the poor is back of that of the Aid Association, and was also open to inspection, as were the rooms of the janitress, on the other side of the house. The entire house was in exquisite order, fresh, dainty and inviting.

TO TRY FOR NATIONAL TROPHY.

Park Club Big Four to Contest in the American Whist League.

There was no event which brought the whist four of the Park Club into general prominence in the whist world as did the winning of the national whist trophy, the Hamilton Cup. Some time ago the Parks made another attempt to take the trophy from the hands of a Boston Club, only to be defeated by one point. On Saturday evening of this week they will try again. They challenged for the trophy many weeks ago but their turn did not come until now.

The trophy is now held by the Hamilton Club, of Philadelphia, and to the club-house of the latter the Park Club team will go on Saturday evening to play for the trophy. While they may not win, they are certain of giving the Hamiltons a struggle that will be long remembered by both sides. Should they win, there will be general rejoicing in the whist circles of the State, as well as in Plainfield.

A REAL CITY PARK?

City Council Voted to Have Sidewalks Built Around It.

It now looks as though Plainfield is to have a city park well worth the name. Last Monday evening the city Council voted to place sidewalks around this piece of ground, and the very good efforts put forth by the Town Improvement Association is already bearing fruit. The members of the latter association are doing all that they can to have the park put in good condition. Through their own efforts they are having the place cleaned out and all undesirable things removed. When the women finish their work Plainfielders may hope to have a place where they can take their friends and not feel ashamed.

USED WRONG LABELS.

A CLEVER SWINDLER FOOLS A PLAINFIELD WOMAN.

Supposed to Have Sold a Proprietary Medicine of a Well-Known Make, But it Was Afterwards Found Not to Be It.

A man called at a Plainfield residence, Monday afternoon, and introduced himself as the general agent for the company which sells Hood's remedies. It was the chance of a thousand for her, he explained, as she had the benefit of the retailer's commission. He was only on the road for a short time and the offer was for a short time only. His name, he said, was C. H. Curtis, and he was stopping at the City Hotel.

She ordered a box of the remedies and he gave them to her at once while she paid him. The bargain was such a good one that she could not resist the temptation to unfasten the package and look at the purchase spread out on the table. She opened it. Where were the Hood's remedies? All the bottles were neatly labeled Thayer's remedies, of which she knew nothing. The outside wrapper had been one of the Hood's preparations but those on the inside were not.

After mourning over the loss, she planned revenge and hurried to the police to see if they might lay hands on the oily tongued individual ere he departed for parts unknown. The woman in question had an interview with Chief Grant and gave him a description of the missing one.

He was a stout man with a very high forehead, and a trifle bald. He had a dark complexion and appeared to be about forty-five years of age. He wore a suit of mixed cloth.

Inquiry at the City Hotel showed that no one by the name of Curtis had been stopping there.

AT THE END OF LENT DAYS

A PRETTY HOME WEDDING CELEBRATED YESTERDAY AFTERNOON.

Miss Jennie L. Blackford Becomes the Wife of John I. Brokaw—Ceremony Performed at the Bride's Home.

The home of Mr. and Mrs. Stelle Blackford, in Piscataway Township was the scene yesterday afternoon of one of the prettiest weddings of the season, when their daughter, Miss Jennie L. Blackford, and John I. Brokaw, of the same place, were united in marriage by Rev. Bergen D. Stelle, of South Jersey, cousin of the bride. The ceremony was performed at 4 o'clock in the presence of a large assemblage of relatives and friends of both bride and groom.

The parlor, where the marriage was celebrated, was very prettily decorated with choice flowers and potted plants, and the bridal party stood beneath a large and handsome floral bell during the ceremony.

The bride was gowned in white brocaded silk with white trimmings, and she carried a bridal bouquet of white roses. The bridemaid, Miss Stella Blackford, of Brooklyn, niece of the bride, wore a gown of white organdie with pink trimmings and carried a bouquet of pink roses. The best man was A. J. Miller, of Westfield, nephew of the groom.

Following the ceremony the happy couple were showered with congratulations and the best wishes of all for a prosperous and happy journey through life. A wedding supper was served at 5:30, and was complete in every detail. There were about two hundred guests seated at the table.

Mr. and Mrs. Brokaw were the recipients of a very large collection of handsome and useful presents. It required a long table to hold the many gifts. One gift attracted a great deal of admiration, and that was a beautiful palm in full bloom. It came from Mobile, Ala., and was the gift of a friend.

The bride and groom left for New Brunswick at 8 o'clock where they went by train to Washington to enjoy a wedding trip. While they are away they will visit Wilmington and Philadelphia as well as Washington. On their departure they were showered with rice and old shoes, and with this auspicious send-off they carried with them the best wishes of all. On their return they will reside at the home of the bride's parents.

The guests present at the wedding were from Brooklyn, Newark, Springfield, Westfield, New Brunswick, Trenton and Philadelphia. Those present from the city were Edward S. Brokaw and family, Mrs. Isaac R. Giles, Miss Laura J. Runyon, Mr. and Mrs. James Dunn, daughter and granddaughter, Mr. and Mrs. Stelle Randolph, Mrs. Van Ness, Mrs. Dayton.

—John Cook, of Scotch Plains, has retained Craig A. Marsh as counsel in case there are any suits that follow as the result of the explosion on his property at Scoth Plains last week.

NOT AS PEOPLE WANT!

TOO MUCH DALLYING ABOUT WATCHUNG AVENUE OPENING.

It Looks as Though City Officials Were Not Working in Sincerity—The People Want it Pushed Ahead so as to Get it Bridged.

Apropos of the proposed opening of Watchung avenue there is much that can be said. The people of Plainfield have been wondering for sometime past just what the trouble is and there seems to be no reasonable excuse for delay. The borough, at a cost of about $30,000, opened up their portion of the avenue in the borough and have brought the same down to the brook where they have been waiting for the city to meet them. Thus far the city has failed and, naturally, the boroughites feel as though they are being treated rather shabby. The officers and members of the Y. M. C. A. are very anxious that the avenue shall be extended and thus give them an outlet, and the residents along the avenue are also anxious that something shall be done as they have been asessed both damages and benefits. Notwithstanding all this influence which has been brought to bear on the city officials to have the street opened and extended, there seems to be a large obstacle in the way. It has been hinted by officials that they know just where the trouble is. Just at this time it is very important that some action be taken in this matter and that the avenue be accepted by the city. On May 1st the Union County Board of Freeholders will meet and fix their budget for the year. Promises have been made that if the avenue is accepted by the city prior to that time the bridge will be placed across the brook early in the summer. If not, the bridge cannot be built inside of one year at the least, and it will be longer than that probably.

It is understood that Mayor Fisk is heartily in favor of the opening and extension and that he is very anxious that the work shall be completed soon. The officers of the Y. M. C. A. are now using their personal influence with the city officials in a united effort to have something done at an early date.

There was a false ring in the action taken by the Council on Monday evening when they ordered that the assessments along the avenue be collected within thirty days, for it is plain to be seen that this cannot be done. It would be impossible to collect all this money in that length of time. If the money is not collected the work of opening and extension will go by default and a much needed improvement deferred. It is manifestly unfair for the city to hold back this improvement after what the borough has done at such an expense.

It has been said that certain ones are using their influence to have the west side of the city opened first, and that they are not favorable to the Watchung avenue opening. No good reason is given for this action, and in fact there could be no good reason after so much has been done to open the latter avenue. Judging from the large amount of quiet work now being done, it is confidently believed that ere long something will be done in the matter.

The people who have spent their good money to have the extension to Sycamore avenue completed and opened in a thoroughly satisfactory manner are not meeting with very much encouragement from the City Council who have showed no disposition to accept the street. Those who have thus far stood the expense of opening the street have petitioned the council to accept the same, but the petition has not been heeded. It is said that the Council want the projectors to curb, flag and macadamize the street before they will accept it.

CORBETT COMING TO PLAINFIELD.

The Noted Pugilist to Appear in Music Hall Very Soon.

While it was impossible for any Plainfielders to journey to Carson City, March 17th, to see the pugilistic encounter between Fitzsimmons and Corbett, it will be very easy for them to see the latter in this city week after next. Next week James J. Corbett appears in the Academy of Music in New York in "The Naval Cadet," after which he will play Elizabeth and then Plainfield, reaching here Tuesday, April 20th. Manager Willey will undoubtedly have a crowded house on that occasion. Corbett is said to be a very good actor—much superior to the average person who has attained celebrity in some other way than behind the footlights.

—Supt. Warde, of the North Plainfield Public High School, has waived all rights in reference to any dates for the use of Music Hall for commencement exercises and thus avoided any clashing between city and borough exercises.

SULTAN THANKS CZAR

Abdul Hamid Is Grateful to Russia For Her Support.

THE CRETANS WILL ATTACK KISAMO.

Insurgents Warn the Foreign Admirals, and the Turkish Garrison Asks For Assistance—An English Admiral Under Fire.

London, April 8.—The Paris correspondent of the Times says the sultan has adressed an autograph letter to the czar expressing his extreme satisfaction at the energy which the czar has displayed in getting the powers to adopt the principle of the integrity of Turkey. The sultan hopes that neither Russia nor the powers will abandon that attitude; he solemnly affirms his profound deference to Europe and his extreme desire to conform to its wishes and counsels, and adds that he considers the expression of desire on the part of the powers as legitimate and as dictated by a sentiment of genuine friendship for the Ottoman people, their sovereign and empire.

Cretans Will Attack Kisamo.

Khania, Crete, April 8.—The insurgents of the vicinity of Kisamo, at the western end of the island, have written to the foreign admirals notifying the latter that they are projecting an attack upon the fort at Kisamo. The Turkish garrison there has asked for assistance. Two thousand insurgents have gathered around Sitia, at the eastern end of the island, and a French warship has landed five guns in anticipation of an attack upon that place.

Sultan Says Greece Must Move First.

London, April 8.—A dispatch to The Times from Constantinople says it is understood there that the porte has notified the powers of its willingness to withdraw the Turkish garrison from Crete immediately if the Greeks will previously withdraw and the powers guarantee to pacify the island.

Cretans Attack Turks.

Khania, Island of Crete, April 8.—Brisk fighting took place yesterday outside of Candia. The insurgents, in considerable strength, advanced from four points and attacked the Turkish outposts. The latter maintained their positions with the loss of 2 men killed and 11 wounded.

War Feeling Increases.

Larissa, April 8.—The war feeling grows here steadily. All day the troops have waited anxiously for news as to the decision of the government. The feeling among the officers and men is one of extreme tension.

British Admiral Shot At.

Khania, April 8.—Rear Admiral R. H. Harris of the British fleet was shot at by a Moslem irregular while crossing a field near Suda. The bullet plowed the grass at his feet. This is his second escape.

Cruisers to Go to Crete.

London, April 8.—Mrs. Ormiston Chant, the social reformer, and six nurses start for the island of Crete today. Lady Henry Somerset and R. F. Keith of Boston are financing the mission.

Canevaro Has Not Resigned.

Rome, April 8.—It is semiofficially denied that Admiral Canevaro has resigned or that he has been recalled from command of the international squadron in Cretan waters.

Investigating a Pension Case.

Washington, April 8.—Commissioner of Pensions Evans is conducting a quiet investigation of the proceedings in the pension case of Deputy Commissioner Bell, whose resignation was accepted Monday, to take immediate effect. Mr. Bell had a long interview with Commissioner Evans and insisted that everything done in the case would be found all right. General Dana, who as acting commissioner passed upon his colleague's case, also had an interview, in which he says he based his action upon proper assurances of the law division. The law authorities of the bureau are making an inquiry into the case, and meantime the payment of the pension check to Mr. Bell has been suspended until further orders.

Ohio Prohibition Nominations.

Columbus, O., April 8.—The state Prohibition convention has nominated S. C. Holliday of Muskingum for governor; John C. Danner of Stark, lieutenant governor; O. J. Ross of Highland, attorney general; Mahlon Rouch, auditor; Samuel Wells of Hamilton, treasurer; E. J. Pinney of Cuyahoga, judge of supreme court; H. F. Lutz of Stark, clerk of supreme court; Madison L. Christian of Butler, board of public works; F. H. Paden of Muskingum, school commissioner. Economic questions were not mentioned in the platform. Resolutions opposing the Antisaloon league in Ohio were finally tabled.

Pure Blood

Every thought, word and action takes vitality from the blood; every nerve, muscle, bone, organ and tissue depends on the blood for its quality and condition.

Spring Medicine Therefore pure blood is absolutely necessary to right living and healthy bodies. Hood's Sarsaparilla is the great blood purifier and the best Spring Medicine. Therefore it is the great cure for scrofula, salt rheum, humors, sores, rheumatism, catarrh, etc.; the great nervine, strength builder, appetizer, stomach tonic and regulator.

Hood's Sarsaparilla

Is sold by all druggists, $1, six for $5. Prepared only by C. I. Hood & Co., Lowell, Mass. Get Hood's and only Hood's.

Hood's Pills taken after dinner aid digestion.

do you eat iron

Some persons are always taking iron. If weak and easily exhausted; pale and without appetite; if the nervous system is weak, and sleep difficult, what do you take? Iron? But iron cannot supply food to the tissues; nor does it have any power to change the activity of unhealthy organs and bring them back to health. Cod-liver oil is what you need. The oil feeds the poorly-nourished tissues, and makes rich blood. Iodine, bromine, and other ingredients, which form part of the oil, have special power to alter unhealthy action.

Scott's Emulsion

of Cod-liver Oil, with Hypophosphites, is the most palatable way to take cod-liver oil. The hypophosphites supply healthy nerve action, which controls all the processes of life.

SCOTT'S EMULSION has been indorsed by the medical profession for twenty years. (*Ask your doctor.*) This is because it is always *palatable*—always *uniform*—always *contains the purest Norwegian Cod-liver Oil and Hypophosphites.*

Put up in 50 cent and $1.00 sizes. The small size may be enough to cure your cough or help your baby. All druggists.

JUST AS GOOD IS NOT SCOTT'S EMULSION.

HIS IMPOVERISHED UNCLE.

The Cadet and the Emperor Frederick of Germany.

This story is told by a German army officer:

It is strictly against the rules of the military academy for a cadet to enter any of the beer gardens in Berlin unaccompanied by a relative. A friend of mine, however, hoping to be undetected, ventured one night unattended. A gentleman came in and sat at a small table near him and began chatting pleasantly, when suddenly one of the chiefs of the academy passed them

"Sir," whispered the lad, "will you be my uncle?"

"Certainly," said the gentleman, smiling.

Next morning at parade the unfortunate youth, who had hoped to escape, was called by name from the ranks. Trembling, he obeyed the call and came forward.

"You were in the beer garden last night?" gruffly said the captain.

"Yes, sir, but I was with my uncle."

"Your 'uncle' happened to be the Crown Prince, who wrote this morning to ask me to let you off punishment. Never let it happen again."

The Crown Prince of this incident was the late Emperor Frederick.

A Neglected Land.

It is related that an English lord once said to his guests: "I have a mansion in Wales which I have never seen, but which I am told is very fine. Every day dinner for twelve is set there, and the carriage drawn up to the door in case I should arrive." This may illustrate the relation of Wales to the average Englishman, for, although most all of the Welsh towns are merely a ten hours' ride from London, there is, perhaps no other country in the world lying so close to the centre of civilization of which so little is known to the outside world.—Lippincott's Magazine.

He Didn't Know.

Schoolmistress—"Come here, Charlie, and let me hear you recite your lesson. Why, what is the matter? What are you crying for?"

Charlie—"Some of the big boys made me kiss a little girl out in the school yard. Boo-hoo!"

"Why, that is outrageous. Why did you not come to me?"

"I—I—didn't know that you would let me kiss you."—Philadelphia Press.

QUEEN OF THE NAVY.

The New Battleship Iowa's Record Breaking Speed.

MAKES SEVENTEEN KNOTS AN HOUR.

Cramp & Son, the Builders, Thus Earn a Bonus of $200,000—Last of the Ships Built Under the Premium Contract.

Boston, April 8.—The battleship Iowa, the last of the premium built battleships of the navy, has earned for her builders, Messrs. William Cramp & Sons of Philadelphia, $200,000 by making an average of 17 even knots an hour over the regular government course off the Massachusetts coast in the four hours speed trial required by the government under the contract.

The Iowa, by her grand work, proved herself to be superior to either the Indiana or Massachusetts by a considerable fraction of a knot and is the acknowledged queen of the American navy if not the most formidable battleship afloat.

The day above water could not be equaled. A light northerly air shifting to northeast during the trial helped the forced draft considerably, and as it shifted around still farther to the east on the run back it did not hamper the work of the big blowers.

The ship got under way almost immediately, heading straight for the Twin lights on Cape Ann, and after a run of over an hour the first mark boat, the crack-a-jack of the navy, the Porter was sighted, with the black buoy not far off, denoting the beginning of the 33 knot course. Like a race horse not quite prepared for her great effort, the Iowa scored twice at the mark, running up to within a mile of the line and then shying off out to sea in order to bottle up a little more steam. At the very outset of the trial it was evident that every one of the hundred willing hands on board who were doing their duty were in dead earnest. The wake left straight out astern showed that the steadiest of hands, Pilot Lew Chambers, was at the helm, while the regular rumble of the engines and of the twin screws denoted that another masterhand, hidden from sight, was guiding the ponderous machinery.

There was not the slightest deviation in the course as the ship rushed by the second mark boat, making the leg in 16.80, which was very satisfactory. In the very next leg of the course the ship began to show what was in her, for she topped the 17 knots an hour record by averaging a tenth over. This was still further increased on the next leg to 17.41, but on the fourth there was a falling off, the speed dropping to 15.85. It was proved, however, that the last leg of the course was somewhat long. Throughout the trial the boat behaved admirably. The heavy turrets placed well above the water line gave her a much greater roll than in the case of the Indiana or Massachusetts, but other than this she was much steadier than the other battleships.

The following is the Iowa's record: Elapsed time on first leg, 1 hour 57 minutes and 21 seconds.

Average speed on first leg, 16:87; time consumed in turning, 30:45; elapsed time on return, 1:55:35; average speed on return, 17:12:9; total elapsed time for course, 52:56; average speed for entire course, 17.

The Iowa is the largest of four completed battleships in the United States navy. The act of congress making appropriation for her construction was approved on July 19, 1892, and on Feb. 11 following the contract was awarded to the Cramps at a contract price of $3,010,000. The vessel's keel was laid on Aug. 5, 1893, and a little over a year ago the ship was launched.

Her length on the load water line is 360 feet; her extreme beam 72 feet 2.5 inches, and her normal displacement 11,410 tons. Her normal coal supply is 625 tons and her total coal capacity 1,780 tons.

The hull of the Iowa is of steel and is ingeniously built so as to secure great strength with comparatively little weight of metal.

She carries a main battery consisting of four 12 inch and eight 8 inch breech-loading rifles; a secondary battery composed of six 4 inch rapid fire rifles and a supplementary force of 20 6 pounders, 4 1 pounders and 4 gatling guns.

The Iowa is the last of the original contract ships built by the Cramps upon which a bonus will be paid by the government of $50,000 for every quarter knot attained over and above the 16 knots requirement.

Objection to Insurance Methods.

Indianapolis, April 8.—Members of the state board of tax commission maintain that some action must be taken at once against the insurance companies doing business in this state for having sent out a circular instructing holders of paid up policies and policies that have a cash surrender value to not answer questions on the assessment lists which would record the value of the policies. It is suggested that the companies be barred from doing business in the state until the circular is recalled. Some of the lists have already been returned with the two questions unanswered.

Parkhurst a Scorcher.

Madison, N. J., April 8.—Thirty miles in 1 hour and 45 minutes was the record of Dr. Charles H. Parkhurst on his wheel yesterday. The swift pace did not seem to have affected the reformer at all. Dr. Parkhurst left New York at 8 o'clock in the morning to visit the Rev. William R. Bennett of this place. He arrived here at 9:45 o'clock. Dr. Bennett formerly was Dr. Parkhurst's assistant. Dr. Parkhurst was in regular bicycle togs.

Woman Accidentally Burned.

Philadelphia, April 8.—Mrs. Minnie Dyer, aged 30 years, was fatally burned by her clothes catching fire from a kitchen range. Her mother, Mrs. Harriet Bishop, was badly burned while trying to extinguish the flames. The women recently came to this city from Spring Lake, N. J.

King of Siam Coming.

Bangkok, April 8.—The king of Siam, Chulalongkorn I, or, to give his full name, Somdetch Phra Paramindr Maha, has started on his visit to Europe and the United States.

Deafness Cannot be Cured,

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Mrs. Silas Yerkes, of East Sixth street, is able to be out after a week's illness.

Miss Katheryn Dwight, of Rockview avenue, has been ill for several days at her home.

Mrs. Sarah L. Weaver, of West Second street, who has been very ill, is now improving in health.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. MASKED MAN STOLE WILL

Startling Developments In the Contest For the $200,000 Left by James Brady.

New York, April 8.—The contest of the will of James Brady, the builder who died in January, 1896, is being heard before Justice Fitzgerald.

Brady left an estate valued at $200,000. Most of this went to his daughter Mrs. Jennie B. Becker, only the income of $24,000 being left to his son, James, who is contesting the will.

Thomas Flynn, a witness, got himself in trouble at the last hearing because he testified he had in his possession another will of Brady's that divided the estate equally between the son and daughter.

Flynn became so confused in his testimony that he was detained in court by order of the judge.

Flynn told of a "tall, dark man" who was sent by one of the heirs and who substituted a copy for the original will.

Mrs. James Brady, Jr., a handsome brunette, wife of the son, through her lawyer, thrilled the court by a dramatic tale of a masked man who entered her house at Long Island City one night when her husband was absent and demanded certain papers.

She refused to give them up, and grabbing her by the throat with a vise-like grip, the masked man choked her, threw her down and left her bound and gagged.

She remained unconscious for three hours, when her husband came home.

The justice ruled this testimony out, but the lawyer made his point at least and promised disclosures of a most startling kind.

The will produced by Mrs. Becker and which is now contested, was made by James Brady in January, 1894. Young Brady and his witnesses now assert that the builder made another will on Dec. 6, 1895, on East Fifty-third street where he was putting up some houses. This will divided the estate equally. There were three witnesses to this, and the will was intrusted to Thomas Flynn the foreman.

In some way or other this will has disappeared.

The masked man visited Mrs. Brady in October, 1896. After gagging her, she says, he went through everything in the house, but did not touch any money or jewelry.

Jersey's Guardsmen In Grant Parade.

Trenton, April 8.—It has been definitely decided that the New Jersey National guards will take part in the parade in New York on the occasion of the dedication of the Grant monument. Major General Plume will issue an order to that effect in a day or two. The matter has been discussed by the state military board. The only thing in the way was the question of expense in transporting the men. Some of the railroads, including the Erie and Delaware, Lackawanna and Western, have agreed to carry the men free, and it is expected that the other railroads will follow suit. The subordinate officers have already taken steps to secure rations. This expense will have to be borne by the various companies. The entire division numbers about 4,300 men.

A Boy's Strange Death.

New York, April 8.—Emil Strobel, a 12-year-old boy of 9 Chambers street, was fatally injured while playing circus on the street with a number of his companions. The boys had been to see the performance at Madison Square Garden and were anxious to imitate the acrobats whom they had seen whirling through the air. While on Chambers street, near Broadway, Albert Hawkins, who is 15 years old, bent down and Emil Strobel climbed upon his shoulders, as he had seen the performers do at the circus. The boy's hold was not very secure, however, and he slipped off backward and struck his head at the base of the skull. He died 20 minutes later.

Echo of the Morrison Defalcation.

Albany, April 8.—A copy of an order issued by the state supreme court at Troy appointing William J. Roche of Troy receiver for the Morrison and Westfall company, of which ex-County Treasurer Morrison of Rensselaer county, now serving a term of imprisonment at Clinton prison for misappropriating the moneys intrusted to his care, was a member, has been served on Attorney General Hancock. Application for the receiver was made by the Union National bank of Troy, which holds a judgment against the firm.

RELIEF BY CONGRESS

Both Houses Act Promptly In Giving Aid to Sufferers.

THE PRESIDENT'S TIMELY MESSAGE.

The Sum of $200,000 Given to Those In the Mississippi Valley, and a Vessel Sent to the Famine Sufferers In India.

Washington, April 8.—Prompt action was taken by congress on the president's message asking an appropriation of $150,000 or $200,000 to aid the sufferers from the flood in the Mississippi valley.

Mr. Jones of Arkansas introduced a resolution in the senate to set aside $150,000, which was promptly passed.

Mr. Catchings of Mississippi offered a joint resolution in the house appropriating $200,000. This was passed and sent immediately to the senate. The house resolution was passed as a substitute for the resolution of the senate and sent to the president, who signed it at once. It also authorized the secretary of the navy to secure a ship for the transportation of grain to the famine sufferers in India.

Secretary Alger acted with great promptness, and has already almost completed the arrangements for distribution of government relief for the flood sufferers. By the present plan six army officers will start at once for Memphis and, dividing the Mississippi into six sections, will ascertain the needs of the people. Another detail of officers will follow, distributing rations in accordance with the reports of these officers, acting in harmony with the local relief committees. Memphis will be headquarters for the purchase of supplies and distribution.

President's Message.

The following is the text of President McKinley's message to congress:

Information which has recently come to me from the governors of Arkansas, Mississippi and Louisiana and from prominent citizens of these states and Tennessee warrants the conclusion that widespread distress, involving the destruction of a large amount of property and loss of human life, has resulted from the floods which have submerged that section of the country.

These are stated on reliable authority to be the most destructive floods that have ever devastated the Mississippi valley, the water being higher than the highest stage it has reached before. From Marion, Ark., north of Memphis, to Greenville, Miss., a distance of more than 250 miles by river, it is reported there are now at least 50 towns and villages under water; and a territory extending from 100 miles north of Memphis to 200 miles south and from 5 to 40 miles wide, is submerged. Hundreds of thousands of acres of cultivated soil with growing crops are included in the submerged territory.

In this section alone there are from 50,000 to 60,000 people whose property has been destroyed and whose business has been suspended. Growing crops have been ruined, thousands of cattle have been drowned and the inhabitants of certain areas threatened with starvation. As a great majority of the sufferers are small farmers they have thus been left entirely destitute and will be unprepared for work even after the floods have subsided.

The entire Mississippi valley in Arkansas is flooded and communication with many points cut off. In Mississippi a like condition exists. The levees in Louisiana, with a single exception, have held, but the water is rising, and the situation there is reported as being extremely critical.

Under such circumstances the citizens of these states look for the co-operation and support of the national government in relieving the pressing cases of destitution for food, clothing and shelter which are beyond the reach of local efforts.

The authorities who have communication with the executive recognize that their first and most energetic duty is to provide as far as possible the means of caring for their own citizens, but nearly all of them agree in the opinion that after their resources have been exhausted a sum aggregating at least $150,000, and possibly $200,000, will be required for immediate use.

Precedents are not wanting that in such emergencies as this congress has taken prompt, generous and intelligent action, involving the expenditure of considerable sums of money with satisfactory results.

In 1874, $590,000 was appropriated, and in 1882, $350,000 was also appropriated for relief in the same direction, besides large sums in other years.

The citizens' relief committee of Memphis, which has taken prompt action, has already cared for from 6,000 to 7,000 refugees from the flooded districts, and they are still arriving in that city in large numbers daily.

Supplies and provisions have been sent to the various points in Arkansas and Mississippi by this committee, but the utmost that can be done by these efforts is to partly relieve the most acute cases of suffering.

No action has yet been taken for the great majority of the inhabitants living in the interior whose condition has already been described.

Under these conditions, and having exerted themselves to the fullest extent, the local authorities have reluctantly confessed their inability to further cope with this distressing situation unaided by relief from the government.

It has, therefore, seemed to me that the representatives of the people should be promptly informed of the nature and extent of the suffering and needs of these stricken people, and I have communicated these facts in the hope and belief that the legislative branch of the government will promptly reenforce the work of the local authorities in the states named.

Charged With Burglary.

New Haven, April 8.—Nicholas Weiler has been arrested here on a charge alleging extensive burglary of the furrier establishment of Fred E. Brooks. Weiler's house was subsequently searched and goods valued at upward of $800 were found by the police. Weiler had been employed for the past 18 years as a cutter for Mr. Brooks, but was discharged last January. His trial will occur today.

NOT DESERVING OF SYMPATHY.

It is reported that with the opening of the spring season the fertilizer swindler has made his appearance among the farmers in nearly every section of the State. We have no sympathy to waste on any New Jersey farmer who is swindled by these sleek-tongued rascals. The State of New Jersey does more than any other State in the Union to give the farmers all possible information about fertilizers. It analyzes for them free of expense all samples sent to the experiment station at New Brunswick, and tells them exactly the quantity of plant food in each and its commercial value. It sends bulletins to every one who will take the trouble to ask for them. It will even send its ablest professors to their doors to instruct them in the very latest and most successful methods of conducting every department of agriculture, and it even begs them to come, without money and without expense, and get all the imformation that can be accumulated in their interests. If, after all this, some farmer who don't read the papers and who won't receive the experiment station's bulletins, gets swindled by some fellow who mixes ground rock and coal ashes and sells it to him for $20 a ton, it serves him right, and any pity for him is misplaced.—Elizabeth Journal.

WELCOME THE BRIGADE.

The surviving members of the New Jersey Brigade, which fought with valor and honor through the crisis when Uncle Sam was in sore straits, come to this city tomorrow for their ninth annual reunion not only at the invitation of their fellow-comrades of the late unpleasantness, but also at the earnest solicitation of the official head of the municipality one year ago—ex-Mayor Gilbert—who was then speaking for the people. The pride that is always dominant in Plainfield that visitors shall be favorably impressed with the city and its people will no doubt be evidenced in many ways tomorrow while the Boys in Blue are here, but still a word of advice may not come amiss to those who may be just a trifle heedless in their efforts at hospitality for the visitors. In the parlance of the day, give them the glad hand; make them feel that they are welcome; decorate, modestly or elaborately according to the size of your pocket-book. The event will have some significance besides the gathering together of the old comrades in view of the fact that tomorrow is the anniversary of the day that General Lee surrendered to General Grant at Appomatox.

FRESH FROM A MISSION FIELD.

Methodist Mission Circle Hear Miss Laura White Talk.

The Young Ladies' Mission Circle of the First M. E. church has been supporting a girl at one of the children's mission schools in China for some time. Last evening, Miss Laura White, a returned missionary from the same school where the girl is now studying, gave a very interesting talk on mission work in China and in the schools there.

Instead of the regular mid-week prayer meeting, last evening, there was the address by Miss White. There was a large attendance and all listened to the speaker with much interest. She told something of the system of work in the schools and the difficulties to be met with. One of the hardest was to persuade the Chinese girls to give up the old native custom of binding their feet to make them smaller. She related some of her own experiences in the school and among the natives of that country.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way.

Julius Williams, of Elmwood place, is in Philadelphia on business.

Mrs. H. S. Thatcher, of New street, is improving from a slight illness.

Dennis Kane, of the street railway, is recovering from an attack of the grip.

Henry Wedemeyer, of Somerset street, is still very ill and in a critical condition.

Harry Dreier, of West Front street, is now able to walk without the aid of crutches.

Frank Gleason, of New Brunswick, has been the guest of David Kenney, of Grove street.

John Harkins, of baseball fame, was in town Tuesday evening and called on friends.

President Dumont, of the City Council, is in New York State for a few days on business.

Mr. and Mrs. Ephraim Compton, of New street, have taken up their residence at No. 132 East Second street.

August Windham and daughter, Miss Louise, of New York, are visiting at the home of Henry Wedemeyer, of Somerset street.

S. C. Pound, of Muhlenberg place, who has been spending several days with relatives at Weston, Somerset county, has returned home.

Miss Florence Voorhees, of New Brunswick, has returned home after being the guest of Miss Madge Sutphen, of West Second street.

Invitations are out for a dance to be given by the Misses Clark, daughters of E. B. Clark of Crescent avenue, on Wednesday evening, April 21st

Freeholder Lewis E. Barkalew, of Lincoln place, who has been ill for several weeks, is so much improved in health that he is able to go out.

Mrs. Lawrence L. Moore and Miss L. E. Chapman, of Crescent avenue, have returned from Atlantic City, where they have been spending the past month.

Wood Titsworth, an employe of Potter Press Works, is able to be out again after being confined to the house for some time past with a severe attack of illness.

Mr. and Mrs. James Clark, of West Seventh street, left Plainfield today for St. Louis, where they will remain for a couple of weeks at the home of Mrs. Clark's son, James D. Streett.

Mrs. Frank Bushnell and her daughter, Miss Mary Sellers Bushnell, have issued cards for an afternoon tea to be given Tuesday, April 20th, from 5 until 8 o'clock at their residence, 609 Madison avenue.

Rev. Arthur E. Main, pastor of the Seventh-Day Baptist church has gone to Westerly, R. I., where he will arrange to move his household goods to this city. Mr. Main and his family will board at No. 301 West Fourth street.

Mr. and Mrs. Joseph W. Reinhart and Miss Reinhart, of Belvidere avenue, on Netherwood Heights, have issued cards for a reception and dance at the Union County Country Club, Tuesday evening, April 22d, at 9 o'clock.

EARLY INTELLIGENCE.

—Additional locals on page 3.

—Chief Marshal Wilson, of the borough, went to New York yesterday to be measured for his spring uniform.

—Front street has some pretty warm shoes. But they are not so warm. Park avenue has warmer ones at A. Willett & Son's, 107 Park avenue.

—The members of Martha Washington Council, Daughters of America, held a meeting Tuesday evening, at which time two members were elected and four propositions were received. The members decided to give a reception the last of May to Franklin and Somerset Councils, J. O. U. A M., of this city. The affair will be a very elaborate one.

—Joseph Sattels, of the firm of Vanderbeek & Sattels, had a narrow escape from being run over Tuesday afternoon, while riding his wheel on Park avenue, near Fourth street. The tire on the front wheel of his bicycle slipped off and he was thrown to the ground directly in the path of Jed Smalley's trotter. Mr. Smalley was driving and pulled the horse up on his haunches preventing an accident.

Completely Surprised.

Mr. and Mrs. Frederick Walsh, of South avenue and Berckman street, were completely surprised last evening by a large number of their friends calling on them to spend the evening in various ways. The hours were very pleasantly spent in playing cards games, singing and other amusements. The affair was arranged by the Daughters of America, of which Mr. and Mrs. Walsh are prominent members. At midnight, after refreshments were served, the guests departed for their homes very much pleased with their evening's visit.

THE WORLD FOR CHRIST!

THE BATTLE CRY OF THE PLAINFIELD CHRISTIAN ENDEAVORERS.

At the Evangelical Meeting Last Night Warren Randolph Stirred the Members to Thought For Saving the Sinners.

In spite of its being the evening for the regular midweek prayer meeting in most of the churches, nearly as large an audience as on the preceding evening gathered last night in Trinity Reformed church at the third of the union consecration meetings held by the Christian Endeavor societies of the city.

The usual song service, led by Horace J. Martin and the chorus choir, opened the meeting, after which Rev. Cornelius Schenck read the Scripture selection and offered prayer. Charles L. Lewis, of the Crescent Avenue Church, sang most impressively a beautiful arrangement of "The Ninety and Nine." The speaker of the evening, Warren F. Randolph, then took charge of the meeting, and his short address was filled with the most intense earnestness. There must be action on our part, he said, if we are to have the world for Christ. Jesus was always anxious to fulfill every command of the Father. If we compare ourselves with him in this matter of obedience to God, we shall decide that we are not good enough to do the Lord's work. But he has told us to go into our closet, and pray to our Father which is in secret, and we shall receive power from on high. God has promised to give us the same power by which Christ overcame the world; and if we are consecrated enough to be willing to put our own wills aside, and will pray earnestly, we shall have it. We must be willing to humble ourselves before God; and sometimes I think we must be willing to humble ourselves before our fellowmen, too. Get right with God, at any cost. If you are cherishing enmity toward any one, go before to-morrow's sun has set, and make it right. When we are truly right with God, our work shall not be in vain, for we shall not be working alone. The Holy Spirit has come into the world to lead, to help and strengthen us.

President E. E. Anthony also said a few earnest words. We have for three nights, now, he began, come here to consecrate ourselves to God's work. Are we ready now to be used in the regular evangelistic work that will begin to-morrow night? We have said we were willing to do whatever God wanted us to; He wants us to bring in the unsaved, to-morrow night, to hear the good news of the gospel. And let us not forget to pray for the meeting constantly and with all our hearts.

The announcement was made of a short after meeting for prayer, in the lecture room, and after the benediction by Rev. Mr. Schenck, a large number gathered in a room where, led by Mr. Randolph, they knelt in earnest prayer, and poured out their hearts to God in petition for a blessing on the meeting to be held the following night. At this meeting which will be this evening at eight o'clock, in Trinity Reformed church, F. H. Andrews will speak, and it is expected that William N. Runyon will sing. The meeting will be for every one, whether Christian Endeavors or not.

A large attendance is expected at the union evangelistic service in the Trinity Reformed church this evening. The meeting at 7:30 o'clock, will be led by J. M. Hawkins. The regular meeting will be led by Fred H. Andrews, who will also have charge of the consecration meeting following. There will be two solos by Councilman William N. Runyon, this evening. Robert R. Galey the well-known centre rush on the Princeton football team, will have charge of the meeting tomorrow night.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

Representatives of the six baseball clubs met at Trenton yesterday and decided to open the season for the league on May 15 and close it on September 15. A committee on schedule was appointed and they will report finally tomorrow. Representatives were present from Elizabeth, Trenton, Asbury Park, Millville, Bridgeton and Atlantic City.

that some one volunteer their services to superintend this work. Another suggestion was that the teachers of the school attend the meetings of the Primary Teachers' Union, held every Monday afternoon in the Y. M. C. A. building. Mr. Murray stated that there is a great lack of teachers in the school and he urged that there be more volunteers for this work.

Ira W. Travell gave a very interesting report concerning the Christian Endeavor Society. He said that at present there are fifty one active members and twenty associate, an increase of thirteen over last year. An industrial school had been established at Hope chapel and was doing good work. $484.83 had been raised during the year and there is now $17.34 in the hands of the treasurer. The condition of this society was reported to be excellent.

Charles Place, for the Board of Trustees, made a few remarks in which he stated that the church was in a good financial condition. Mr. Whitney, for the Board of Deacons, reported that there had been received during the year $1,447.94 and expended $1,408 82, leaving a balance of $39.12.

I. C. Pierson, secretary, reported that benevolent offerings to the amount of about $9,267 had been received. He also reported the total membership of the church and chapels to be 1,273 and of the Sunday-schools to be 1,622. In the home church there had been an increase of seventeen members making the total membership, 868.

This concluded the business of the evening and after the singing of a hymn, the benediction was pronounced by Dr. Richards.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

The new window curtains for the council chamber are axpected at any time.

Another new fruit and confectionery store was opened yesterday with a large stock.

Lenten devotions will be conducted by Rev. Father Bogard in St. John's church, this evening, at 8 o'clock.

The weather has been settled for the past few days, but nothing has yet been done toward repairing the old New Market road.

Messrs. Carman and Dealaman took an afternoon off, yesterday, and went hunting for game. Their luck was fair, but the game was scarce.

The painters about here are all busy and in fact a few more could be utilized to good advantage, for there is considerable house painting going on just at this time.

Another batch of tramps were routed from along the tracks near the Greenbrook tank house, late yesterday afternoon. They started on foot for Bound Brook, so people in that neighborhood would do well to look up their fowls.

Edward Ayers met with a peculiar accident two or three days ago, which threatened serious consequences. He was cleaning a fish for a customer, when he accidentally ran a big bone into the fleshy part of his right hand. The wound became painful and festered and despite his efforts to extract the fish bone, the hand became swollen and inflamed. Yesterday, the bone worked its way to the surface and was easily extracted.

At his home, near Taylor's Hotel, at 5:30 o'clock last evening, there passed away Robert Humpston, a respected and esteemed resident of the borough, aged about fifty years. Decedent had lived a retired life for some time past and his death was sudden and unexpected. Heart failure is the cause of death assigned. Besides the widow, one daughter and two grown-up sons survive him. The youngest son, Robert, Jr., is the accomplished organist in the Presbyterian church. The funeral arrangements have not yet been completed.

The matter has been suggested and perhaps reasonably, too, that it would not be a bad idea for the borough to be equipped with a team of Fire Department horses. The horses could be used on the streets in the day time and housed in the engine house at night. True it is that the team would not often be needed to draw the apparatus to a fire, but the money it would earn by carting freight, etc., would far more than pay for its keeping. As it is now in case of an alarm of fire the company has to rely upon some good Samaritan with a wagon to come along and give 'em a boost.

The dangerous practice of riding wheels on the sidewalk goes on unmolested. Soon after dark last evening some indiscreet rider who was pedaling along near the round house struck a young lad and sent him scurrying into the gutter. Strange to say the fellow dismounted to ascertain the extent of the injures inflicted on the boy, but the latter seemed too mad to talk and simply told the rider that he'd hear from his father. Had their been a light or two placed along this hideous sketch of land, the accident may not have occurred, but there is no reason or excuse for utilizing the sidewalk for bicycle riding, when it is in direct violation of the borough ordinance.

SCOTCH PLAINS.

Arthur Bender, of New York, is visiting among friends.

Mrs. George Demarest, of North Plainfield, spent yesterday with her father, Robert Walpole.

The late nitro-glycerine explosion is still fresh in the minds of many. Anyone who could get hold of a piece of the alleged charged wood has carried it away as a memento.

The postoffice waiting room in its present condition is too cool, especially for the clerks. The building is a large one, and now since it has been vacated for some time a cold and decidedly chilly atmosphere pervades the room.

The many friends of Mrs. Wm. C. Stanbery will exceedingly regret to learn of her illness from pneumonia. Mrs. Stanbery's condition is of such a serious nature as to give her friends cause for alarm. Mr. Stanbery is also confined to the house suffering from an attack of the grip.

Road Overseer Fred Clark is doing most admirable work on the roads and gutters right here in town. The gutters are being plowed out and scraped and some of the culverts have been raised just a little, so that now a good flow of water can be run through the gutters without flooding the streets.

The Scotch Plains people had been hoping and praying for the advent of the trolley ere this. But their hopes and aspirations seem to have sunk into oblivion. They say the right of way has been obtained and the frost is out of the ground, and they modestly ask when "the wheels of the trolley will be heard in the land?"

Said a well-dressed scranger at the Plains yesterday afternoon: "It's too bad that so much valuable property, with a frontage on the main thoroughfare between Scotch Plains and Cole's hill, lays dormant with little or no prospect of its ever being built upon." Some of the most beautiful building sites to be found anywhere are located there, but the owners will neither build nor dispose of the property at a figure so that others can purchase ground and build. Much of the land remains uncared for and is worthless except for the taxes derived from it.

The Press has so frequently alluded to Scotch Plains' fast diminishing water supply, that it seems useless to say more. But things are taking on an alarming aspect. The rain of Monday was gladly welcomed, but there was not enough of it to noticeably raise the wells, and even to this day some people have to carry their drinking water from their neighbors' pumps. It is stated by one who ought to know, that in case of a serious conflagration the staid old town would be practically at the mercy of the flames. To the north only a mile or two and high up in the mountain the Feltville lake has enough water in it all the time to drown both the Plains and Plainfield, too, if the dam should ever give way, yet there seems to be no way of forming an outlet whereby the water could be carried into the Plains and utilized. Readers of The Press will doubtless remember the scare that was created during the freshet season a few years ago, when it was expected that the Feltville dam would break away and thus allow the vast volume of water to take the Green brook course to the Raritan river at Bound Brook.

Salvationists Not Inconsistent.

There has been a good deal of criticism of the Salvation Army because of the understanding that they let their hall for a dance on Tuesday night. While it is true that the rooms in which they worship were used for that purpose, it is equally true that they have no control over them. Their yearly lease expired April 1st and since that time they are permitted to occupy the hall only through the generosity of Janitor Eden Boice, who rents the hall for other purposes now.

—Three new members were received on confession of faith at the Warren chapel, last Sunday morning.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and suffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. "The Great Light," a sacred cantata, will be given in the Presbyterian church this evening, under the direction of Roland Randolph. There will be a chorus of fifty and several well-known soloists.

Westfield has a big colony of Italians and as they had no place of worship of their own, some philanthropic citizens have opened and conducted regular services for them. Recently, a kind of sociable was given in the mission and the Italians were treated to cake, sandwiches and a talk by an Italian evangelist. Yesterday Mr. Stemets asked one of the men how he liked the evangelist. "Well, when we getta cake and sandwicha, the evangele' is notta so bada man. But when we getta no cake, and no sandwicha, then the evangele' — well, he no gooda!"

KLEPTOMANIACS.

MANY IN ROYAL FAMILIES AND A FEW IN NEW YORK SOCIETY.

An English Duchess, a Half-Dozen Russian Princesses and a Number of Other Titled Women Among the List, Also the Earl of Derby.

Rumors that there is a kleptomaniac in fashionable New York society appear to have received some confirmation because at a recent noted wedding one of the guests was robbed of a valuable diamond tiara which was taken from her head. She did not know of her loss until she was about to take her departure. Both the host and the hostess are positive that no strangers were present at the function, nor any person not on their visiting list. The consequence is that suspicion points once more at that wealthy individual to whom society has for some time past ascribed a sort of diseased inability to distinguish between meum and tuum.

This person, who is, perhaps, more to be pitied than blamed, because his dishonesty is the result of a mental malady rather than of mere vice, can console himself or herself with the knowledge that there are in Europe many distinguished personages afflicted in the same way.

According to the annual police reports published by the French Government there were arrested in Paris not long ago as shoplifters and kleptomaniacs an English Duchess, the daughter of a reigning sovereign, and at least half a dozen Russian Princesses, as well as a number of other titled women.

None of these women was driven to dishonesty by want, for in every instance either they or their relatives were able to show that they had ample means wherewith to pay for the objects stolen. The consequence was that none of them was prosecuted criminally. They were released after the payment of heavy fines, which went to the Society for the Relief of the Poor.

The English Duchess, for instance, was compelled to pay a fine of $10,000. Her identity is as well known in Paris as in London, although the Parisian police were gallant to abstain from mentioning the name of Her Grace in their report.

One of the strangest instances of kleptomania was that of the late Earl of Derby, who repeatedly held office in the Tory Cabinet, on several occasions as Minister of Foreign Affairs. He possessed from land alone a rent roll of $3,000,000 per annum, yet he was expelled from Eton for the theft of a watch, although his father was Prime Minister at the time. In after life whenever he stayed at any country house there was almost invariably the disappearance of some piece of jewelry or of plate to deplore.—New York World.

The Gaelic Day.

One fine Sunday morning a tourist arrived at a kirk in Argyleshire, intending to enter for the English service as soon as the Gaelic day was over. "Is the Gaelic service over?" he inquired of the beadle.

"No, but it will not be fery long."

So the tourist strolled on into the churchyard, where the tombstones lay deep in the long grass. By and by he was recalled by the shouts of the beadle, who stood at the door, waving to him.

"But is the Gaelic service over?" he asked once more.

"Oh, ay! It will be over."

"But I have not seen the congregation; which way did it go?"

The beadle directed his attention to a solitary figure, slowly wending his way up the hill, and said, "That's him."—New York Telegram.

Bike Girls Can't Dance.

The bicycle girl has been forced to confess that the wheel is an injury to her. The young woman who during the summer and fall has had a daily spin finds that the dance has lost fascination, and that it is almost impossible for her to make her limbs perform the graceful movements required by the waltz.

It has been demonstrated that wheeling causes the muscular portion of the calf of the leg to bulge out considerably beyond its natural line, and any bicyclist will admit that after a ride of ten or fifteen miles walking is irksome. He hasn't good walking legs. His muscles have slipped a cog.—New York Journal.

The Fastest Woman Bicyclist.

Seventeen thousand miles of wheeling in a year! The remarkable feat accomplished by Mrs. A. E. Reinhart, of Denver, "the champion lady century rider of the country," gives her not only the satisfaction of knowing that she has outdone all her sister bicyclists, but also that she has accomplished a record few men could do. She closed her year's riding with no less than 116 centuries and three double centuries to her credit, a total of 17,000 miles.

A Good Story of Whittier.

The following good story is told of Whittier: He was once riding in a buggy with Lucy Larcom, deeply engaged in brilliant conversation on immortality. The horse became unmanageable, and, after Whittier had struggled with him for a time, he exclaimed: "Lucy, if thee does not stop talking till I get this horse in hand, thee will be in Heaven before thee wants to be."

An Australian Law.

Australia has no orphan asylums. Every child who is not supported by parents becomes a ward of the State, and is paid a pension for support and placed in a private family, where board and clothes are provided until the 14th birthday.

KING'S WIFE IN THE WORKHOUSE.

Sad Ending to the Life of a Once Beautiful Woman.

A lady visiting one of the poor houses of London was struck by the evident refinement of an elderly woman in the infirmary, who was a Norwegian by birth, but who spoke English and other languages fluently. She had all the beaux artes of a very lovely woman, which years of poverty and ill health could not destroy. She was very reticent as regarded her past, but was so evidently a gentlewoman that the sympathetic visitor exerted herself to obtain admission for the invalid into a home for the dying, in which she might pass her last days in peace and amid congenial surroundings. Before her death the stranger told her story, and a strange and romantic one it proved to be. At seventeen she was informed by her parents that she was to be married, and, although she had no voice in the matter, nothing could have been more satisfactory. Her husband was handsome, cultured and devoted. They lived in a charming country house, surrounded by every luxury, and four children were born to the couple. The only drawback to the perfect happiness of the young wife was the long and frequent absences of her husband, which he attributed to business, but would explain no further. At last there came a day when the man returned no more from his accustomed journey, but sent his lawyer instead, from whom the bewildered and heartbroken woman learned that her supposed husband was the King of ——, and that, owing to the pressing reasons, the liaison should terminate. An adequate sum was settled on her and the children, and, wishing to break entirely with the past, she came to live in London. After some years she married an Englishman, and shortly after the King died, leaving a lump sum to her. This money the husband got from her to invest, and ran off with the entire amount, leaving his unfortunate wife penniless. She had never been trained to any sort of work, and things went from bad to worse until, utterly destitute and dying, she became an inmate of the workhouse.—St. James Gazette.

Satisfactory Proof.

In county Sligo, among the hills, there is a small lake renowned in that region for its fabulous depth. The professor happened to be in that part of Ireland, and started out one fine day for a ramble among the mountains, accompanied by a native guide. As they climbed, Pat asked him if he would like to see this lake, "for it's no bottom at all, sorr."

"But how do you know that, Pat?" asked the professor.

"Well, sorr, I'll tell ye; me own cousin was showing the pond to the gentleman one day, sorr, and he looked incredulous like, just as you do, and me cousin couldn't stand it for him to doubt his worrd, sorr, and so he off with his clothes and in he jumped."

The professor's face wore an amused and quizzical expression.

"Yes, sorr, in he jumped, and didn't come up again at all, at all."

"But," said the professor, "I don't see that your cousin proved his point by recklessly drowning himself."

"Sure, sorr, it wasn't drowned at all he was; the next day comes a cable from him in Australia, askin' to send on his clothes."—Harper's Bazaar.

Centenarian Birds.

A contributor informs us that he has just received intelligence of the death of a raven, which bird had been in the writer's family for over a hundred years. The bird was a pet when his father was a child, in 1798, and had then been in the possession of his grandfather for some years. It is well known that the eagle, raven, swan and parrot are each centenarians. An eagle kept in Vienna died after a confinement of 114 years, and at Shelbourne is an oak, known as the raven tree, in which the same pair of ravens are believed to have nested for more than ninety years. Swans upon the Thames about whose age there can be but little chance of mistake, since they are annually "nicked," have been known to survive 150 years and more. —London Echo.

To Drive Away Rats.

A writer in the Scientific American says he has cleared his premises of vermin by making whitewash yellow with copperas, and covering the stones and rafters in the cellar with it. In every crevice in which a rat might go, he put the copperas, and scattered it in the corners of the floor. The result was the complete disappearance of rats and mice. Since that time not a rat or a mouse has been seen near the house. Every spring the cellar is coated with the yellow wash as a purifier and as a rat exterminator, and no typhoid, dysentery or fever attacks the family.

A Fireproof Pocketbook.

An asbestos fireproof wallet to keep valuable papers in is the latest offer of fire insurance companies to clients, and in cases of fire certainly would prove to be very useful. The entire envelope, pockets and flap, also encircling strap and loop are of asbestos.

Smaller envelopes are also made by the stationers for single papers or cherished souvenirs of our sentimental age.—Chicago Tribune.

Couldn't Tell Which.

"Did he marry for money?"

She shook her head doubtfully.

"Really, I can't say,' 'she replied. "I've seen them both, and —"

"Well?"

"Well, it's a toss-up as to which married for money. When you see him you think she did, and when you see her you think he did."—Chicago Post.

THE TOMATO IN ITALY.

It is Popular With All Classes in King Humbert's Realm.

In every home and cottage in Italy the preserving of tomatoes is carried on. Terraces, balconies, and even the flat roofs of the houses are half covered with plates containing the deep red substance. After gathering, the tomatoes intended for preserving are spread out for some hours in the sun till the skin has somewhat shrunk, says a writer in Chambers' Journal. They are then passed through a sieve so that they may be freed from both seeds and skins. As they contain a large proportion of water, the substance which has been passed through the sieve must be hung in bags, from which the water exudes, and soon a pool of dirty-looking water is formed beneath each bag. Strange to say, it is in no way tinged with red.

The mixture which remains in the bag has the consistency of a very thick paste. It is then salted, the proportion being a little less than 1 ounce of salt to a pound of preserve. The process now requires that it shall be spread on flat plates, exposed to the sun, and stirred from time to time with a wooden spoon, so that the upper part may not form a crust, while underneath it remains soft. It is a picturesque sight when the women are to be seen flitting about on the roofs and terraces, attending to the deep red preserve, their colored handkerchiefs flung on their heads to screen them from the rays of the burning sun when it is at its fiercest. In the evening the contents of the various plates are taken in and stirred up together, for if moistened by the night dew the whole would be spoiled. After being exposed to the sun for seven or eight days, the same process being repeated each day, the preserve is finished and placed in jars for winter use.

Ingersoll Can't Get an Office.

One of the characteristic anecdotes told of the genial agnostic, Robert G. Ingersoll, is as follows:

When he was a lawyer at Peoria a friend came into his office one day. Looking over the colonel's library, the visitor came across a copy of Tom Paine's "Age of Reason."

"How much did this cost you?" he inquired.

"The governorship of Illinois," replied the colonel.

Although Colonel Ingersoll is conspicuously gifted with all the qualities that make a man pre-eminently popular, he knows that his utterances on the religious question shut him out of elective offices.— Chicago Times-Herald.

Quick Shoemaking.

One of the big Lynn shoe shops made a pair of ladies' boots for the Paris Exposition of 1889 in twenty-four minutes. A notary public followed the operation, watch in hand. For this feat the pair of shoes went through the usual routine of the shop, but at exceptional speed.

Since that time the division of labor upon a pair of shoes has become still greater, and there is a larger number of machines employed, with the result that a pair of ladies' boots can be made complete in this factory inside of twenty minutes.

The Swallow of the Navy.

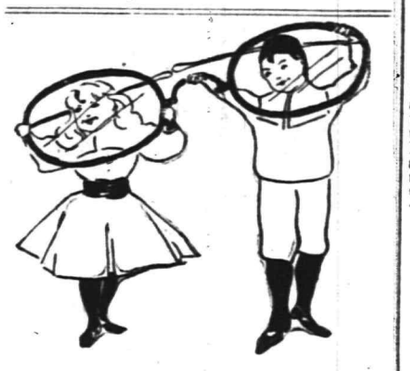
The United States Navy now possesses the fastest torpedo boat in the world. She has been christened with the glorious name of Farragut.

Thirty knots an hour is the speed which this wonderful little craft reached on one trip on the Potomac. This is equal to over thirty-four miles an hour. If she could maintain such a speed across the Atlantic she would make the trip in less than four days, thereby leaving the fastest liner days behind.—New York Journal.

Much Knowledge Gained.

Mamma—"Well, Nellie, what did you learn at Sunday school to-day?"

"That I must sell three tickets for the concert next week, give a shilling to buy a present for the teacher, and —and that Noah built the ark!"—Pearson's Weekly.



TESTING THE EYESIGHT

and adjusting eye glasses and spectacles to fit the eyes is made a leading specialty by us. We cannot make the blind see, but we can use the "ounce of prevention" that will enable you to save your sight, before it is too late, by strengthening and preserving the vision. We are experts in that line, and our skill has been tested by many grateful patients.

Board of Health Notice.

At the last meeting of the Board of Health the following Amendments to ordinances were adopted:

AMENDMENTS TO ORDINANCE NO. 2.

The following Section to be substituted for the corresponding Sections of Ordinance No. 2:

Section 1. The terms contagious, or infectious or dangerous diseases shall be taken to mean scarlet fever, diphtheria, membraneous croup, measles, small pox, varioloid, cholera, enteric or typhoid fever, typhus fever, yellow fever or any other communicable disease publicly declared by this Board to be dangerous to the public health.

Section 2. Every physician, within twelve hours after his first professional attendance upon any person in this City suffering from any of the foregoing described diseases, shall give notice in writing thereof to this Board, particularly setting forth the name, age and address of such sick person and the nature of his or her sickness. And any physician who fails to give such notice shall forfeit and pay a penalty of twenty-five dollars for every such offense: and any person not calling in the services of a physician and failing to make such report shall be subject to the same penalty.

Section 8. When death has been caused by any infectious disease, as small pox, cholera, yellow fever, scarlet fever, typhus fever, diphtheria, or membraneous croup, or by any other communicable disease, when publicly declared by this Board to be dangerous to the public health, the body shall be immediately thereafter disinfected in such manner as may be directed by this Board, and enclosed at once in an air tight coffin which shall not thereafter be opened: and in removal for interment or otherwise, hearses only shall be employed and said body shall not be allowed to remain unburied for a longer time than thirty-six hours, unless by special permit in writing from this Board. Funerals of any persons dying of these diseases must be strictly private. Moreover whenever in the opinion of this Board a public funeral would be dangerous to the public health, such public funeral shall be prohibited.

Any undertaker in charge of the body or any person offending against any of the provisions of this section shall forfeit and pay a penalty of fifty dollars.

AMENDMENT TO ORDINANCE NO 6.

This Section to be substituted for Section No. 3 of Ordinance No. 6:

Section 3. Every privy vault and cesspool shall be cleaned or emptied at least once in each year, and such underground structure shall be cleaned only by licensed scavengers, who shall first give notice to this Board of their intention to clean such cesspool or vault, stating day on which such work is to be done: and any scavenger who shall commence to empty any such vault or cesspool shall without delay finish the work. By order of the Board. HENRY B. NEWHALL Pres.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the original color. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment Want a new evening gown for a dollar or two? CLEARED UP $10,000.

Alleged Bogus Real Estate Operator Does a Prosperous Business.

New Haven, April 8.—The Leader details the sudden flight of C. H. Carleton, George Prince and Henry C. Young of New York, who are said to have cleared upward of $10,000 in a few weeks through alleged bogus real estate schemes.

The men opened an office in the First National bank about March 1 for the purpose of conducting a general real estate exchange under the title of the Connecticut Realty company. Carleton was the business manager. A Meriden man was first roped in to the extent of $2,000. He was given the position of bookkeeper at a liberal salary. A well stocked store in West Haven and one in Fairhaven were purchased, giving a 60 days' note secured by property supposed to be located in Missouri. The goods were shipped to New York immediately and turned into cash. The company was negotiating for another stock when an investigation of the methods was started, and the men at once decamped, taking with them all the alleged deeds and bonds.

Failure in the Grain Trade.

New York, April 8.—E. D. Neustadt & Co., flour commission dealers at 356 Produce Exchange, assigned in favor of David Tim, a real estate dealer. The firm has been very well known on the Produce Exchange and was rated at $250,000. It comprised E. D. Neustadt and Otto Neustadt. The failure is supposed to have been caused by rumors lately in regard to the firm's credit. It is reported that E. D. Neustadt has recently been engaged in heavy speculations in wheat and was caught in the late 3 cent drop. At the office of the firm a clerk was found in charge. He said that Mr. Neustadt was not at the office yesterday. Five years ago the firm was regarded as one of the largest flour commission houses in the city. They made a specialty of several fancy brands. E. D. Neustadt has virtually represented the firm, his brother Otto occupying the position of a bookkeeper. The liabilities are estimated at $60,000.

Engine Driver Injured.

Jersey City, April 8.—Thomas Coffey of 244 Palisade avenue, the driver of fire engine No. 9 of the Jersey City fire department, was seriously injured by being thrown from his seat while responding to an alarm sent in for a fire. The horses attached to the engine were galloping along Communipaw avenue when the pole chain broke. The front wheels of the engine swerved, and in an instant the horses were upon the sidewalk, and the heavy engine struck the curbstone. The force of the collision was so great that the straps which held Driver Coffey to his seat snapped, and he was thrown headforemost through the window of Samuel Stoher's butcher shop, 20 feet away. Coffey was badly cut about the head and body by the broken glass. He went completely through the heavy plate glass window in the front of the shop and fell to the floor inside.

Of Interest to Fishermen.

Albany, April 8.—The state fisheries, game and forest commission, at a meeting held in this city, indorsed in the strongest terms the bill pending in the legislature which seeks to prohibit the practice of dragging with nets over 150 feet long by means of tugboats for shad in the Hudson in the region of the Highlands. As this is salt water, the commission under the existing law cannot stop the practice. Commissioner Babcock said this afternoon that if some measure was not enacted to afford relief the practice meant the closing up of the state fish hatchery at Catskill and the practical ruination of the shad industry in the upper Hudson.

Miss Delmar's Mysterious Mission.

Maritta, Pa., April 8.—Considerable apprehension is felt here over the whereabouts of Miss Helen Delmar, a well known young woman of Akron, O., who has been visiting relatives here. She was last seen Tuesday, when walking along the bank of the Susquehanna, between Chickies and this place. Her hat and gloves, and pinned to them a note which simply said "Goodby," have been found on the river bank. It is feared she may have committed suicide. She came here about two weeks ago and seemed somewhat morose, but later became a little more cheerful. It is thought that she was disappointed in love.

Woman Charged With Larceny.

Dover, N. H., April 8.—Miss Caroline H. Neally, who is under arrest for the alleged larceny of money at Northampton, was a daughter of Thomas Stevens of Nottingham, N. H., who died many years ago. Miss Neally resided in Dover during her school days with her cousin, Mr. John H. Neally, a prosperous dry goods merchant. She graduated from the Dover high school in 1892 and entered Smith college the next fall. Miss Neally was known here as an accomplished young woman of excellent character, and she enjoyed the acquaintance, friendship and confidence of very many of the best people in the city.

Strikes Close a Mill.

Woonsocket, R. I., April 8.—Simon & Kirkaldy have announced that their worsted mill has shut down for an indefinite period on account of the strike among the weavers which occurred a week ago. The weavers demanded an advance of 2 cents a yard in wages. The firm offered 1 cent a yard advance on good work and 3 cents a yard on poor work, but the help refused to accept. When running in full, 125 hands are employed.

General Lee Was Treated Civilly.

Havana, April 8.—Consul General Lee's attention having been called by a press representative to a published statement that he had been treated with incivility when visiting the captain general's palace, he said this was an error, as without exception he had been received there whenever he had called with all courtesy. General Lee particularly desires to have any misapprehension on this point removed.

Another Revolution In South Africa.

London, April 8.—Dispatches from Pretoria and Delagoa Bay say that the whole of Gazaland is in open revolt. Twenty-five thousand natives have rebelled against the Portuguese government. The principal rising is only about 30 miles from the Transvaal border. The Portuguese troops are mobilizing rapidly, and the situation is regarded as most serious.

WESTERNERS OBJECT

They Don't Like Some Schedules In the Dingley Tariff

WOOL, HIDES, COAL AND LEAD ORE.

These Are Some of the Articles on Which Western Senators Want the Duties Changed—Californians Want a Higher Rate on Fruits.

Washington, April 8.—A number of western Republican senators, more particularly those from the Rocky mountain states, have united in a movement to make sure of securing certain concessions in the tariff bill which they consider important to that section of the country.

The articles which the senators have especially in view are wool, hides, coal and lead ore.

The tendency is to ask a change in the portion of the wool schedule which relates to third class wools. The probabilities are that there will be a demand for specific instead of ad valorem duties on wools of this class, and one western senator said today that he would not be satisfied with less than 6 cents per pound on any wool. There is quite a determined movement among these senators for a duty on hides. The finance committee, western senators say, did not manifest at first a disposition to grant this concession, but the western men say they now find reason to feel encouraged over the outlook. They probably will ask that the duty be fixed at 2 cents per pound, but some of them appear willing to compromise at 1½ cents or even 1 cent.

There will be a determined effort to increase the rate on lead contained in ore from 1 cent per pound, as fixed by the Dingley bill as it passed the house, to 1½ cents, and to change the language of the provision. This would mean a return to the McKinley rate, but the language of the Wilson law is considered preferable to that of either the McKinley law or the Dingley bill.

There will be an effort also to prevent any reduction of the house rates on coal and lumber. The Wyoming and Colorado senators are especially interested in coal, and the Oregon and Washton senators in lumber. There are also many smaller items to which the western senators are giving their attention. Some of them are inclined to fear that the bill may be made to discriminate against western interests and desire to organize to prevent that result.

Senator Chandler's Statement.

Senator Chandler has authorized the statement that the passage of the tariff bill might be endangered if the pressure for high duties continues. "This pressure is enormous from all parts of the country," he said, "and it is so strong there is some danger that it might be yielded to. There is, for instance, a general demand that the wool tariff shall be increased, so that instead of a rate of 5 or 6 cents a pound on wool we shall have 10 or 12.

"The woolen manufacturers want compensatory rates which amount to prohibitive duties on woolens. Likewise the Californians ask us to place such duties on fruits that all foreign fruits shall be kept out in the interest of the California products. Indeed there is great pressure from all parts of the country and in the interest of almost every industry for prohibitive duties. If the pressure continues and is yielded to, there is great danger, I repeat, that the bill will not become a law. There will in that event be such an uprising against the bill that there will be a majority against it instead of for it. The margin is small at best. The Republicans have not a majority without assistance from other parties, and the danger is that there will be such a general revulsion of feeling as will cause the outsiders upon whom we are counting to not cast their votes for the bill. So at least the matter presents itself to my mind. The Republican members of the finance committee are disposed to be conservative, but the pressure is so strong that they may be forced to yield. The people who are creating the pressure are thus preparing to pull down upon their own heads the temple that shelters them."

Secretary Gary's Daughter Married.

Baltimore, April 8.—The most brilliant social event of the season in this city was the wedding of Miss Ida Catherine Gary, daughter of the postmaster general, to Mr. Francis Edward Pegram. The bride is Mr. Gary's fifth daughter and the fourth to wed, three unmarried daughters acting as bridesmaids. The ceremony was performed at Brown Memorial church by the Rev. Maltbie D. Babcock, who used the Episcopal service, and in all its arrangements the wedding was one of the most beautiful and best planned that has ever taken place in Baltimore. The vice president and Mrs. Hobart, Secretary of State Sherman, the secretary of the treasury and Mrs. Gage, the secretary of war and Mrs. Alger and Miss Alger, Secretary of Agriculture Wilson, Attorney General McKenna and Governor Lloyd Lowndes and Mrs. Lowndes were among those present.

Dropped Dead In His Office.

Philadelphia, April 8.—George Stephens, division freight agent of the Philadelphia, Wilmington and Baltimore railroad, dropped dead in his office on the second floor of the Pennsylvania railroad building. The cause of his death is said to have been heart failure. Mr. Stephens was born in Philadelphia June 26, 1847. He entered the railway service in 1861, since when he has been with the Philadelphia, Wilmington and Baltimore road in the positions of office boy, master of transportation, clerk in charge of freight accounts and car records and chief clerk to general freight agent; general agent Eastern Shore road, having charge of the road generally, and division freight agent Philadelphia, Wilmington and Baltimore road.

Chilean Officers Under a Cloud.

Lima, Peru, April 8.—It is reported here that a number of Chilean officers, among them General Canto, General Novea, General Cortez, General Goresiaga, Colonel Frias and Colonel Bulnes, have been suspended and will be court martialed. They are accused of serious breach of discipline. General Canto was general in chief of the revolutionary movement against President Manuel Balmaceda.

EDITOR WON HIS POINT.

CRANFORD CHRONICLE MAN GETS A FAVORABLE DECISION.

End of One of the Actions in Which He Became Involved With His Landlord Over Alterations in a Building.

Judge McCormick handed down several decisions yesterday at the session of the county court. Among them were opinions in two cases where John Alfred Potter, who is editor of the Cranford Chronicle, and once a candidate for the postmastership there, and Henry C. Fett, a linen merchant living in the same town, who is Potter's landlord. These cases have been before the courts nearly six months, and a third case in which Potter is concerned as a defendant is now in the district court awaiting a decision.

In the cases decided by Judge McCormick, one was where Potter sued Fett for damages alleged to have been done to Potter's printing machinery through alterations to the building ordered by Landlord Fett. It was originally tried in Justice Newcorn's court in this city, and Po ter was awarded a judgment of $61.50. Fett appealed, and Judge McCormick cut the amount down to $32.50.

The other case was the one in which Landlord Fett sued Potter for dam ages claimed to have been done to the building by the undue shaking caused by Potter's machinery. Judge Atwater, of Elizabeth, tried this and gave Fett a verdi t for $50. This was appealed, and on trial before Judge McCormick the decision of the dis trict court was reversed. Then the counsel for Fett applied for a new trial on a legal point, and it was on this application that the decision was given yesterday morning. The application was denied.

A decision that interested the lawyers was rendered in the settling of the estate of Sarah Conklin. Application was made for counsel fees and stenographer's fees. Judge McCormick ordered an entry that no counsel fees should be allowed from the estate funds, and that the stenographer's fees should be paid by the executor.

A GARBAGE OFFENDER.

A GERMAN WHO WOULDN'T OBEY HEALTH INSPECTOR ADDIS.

Christopher Becker Persisted in Fertilizing His Garden and Had to Pay $10—Demanded a Receipt in Court.

The first offender arrested under the provisions of the new Board of Health ordinance, Christopher Becker by name, was arraigned before the City Judge this morning and fined $10 for refusing to obey the instructions of the Inspector of the Board of Health and remove his garbage.

Christopher Becker lives on West Third street in a little house with a garden in the rear. His command of the English language is not the best, particularly when he gets excited. His knowledge of the ordinances of the city is even poorer. During the trips of investigation by Inspector Addis he found a quantity of garbage kept about Becker's house in a manner that was very injurious to the public health. Becker was ordered to have the garbage carted away at once. Instead of sending it away, however, he carried it out to his garden and du mped it there as a fertilizer.

Inspector Addis came again and found that Becker had left undone a very important thing that he ought to have done and that the garbage was in a worse place than ever Becker did not see any harm in what he had done, so Addis appeared before City Judge DeMeza and swore out a warrant for his arrest.

The warrant was served early this morning and Becker was brought before the Judge on the charge of violating Section 4 of the Board of Health ordinance. He brought with him a friend who acted as interpreter.

Now Becker is not a frequent visitor at the city court and he consequently had not learned that silence is necessary on the part of the prisoner except when his turn comes. Becker made things extremely lively by his remarks. He admitted that the garbage had put on his garden and so the Judge pronounced him guilty and ordered him to pay a fine of $10 Becker paid the fine and then nearly broke up the court by loudly howling for his receipt. It was only after considerable explanation on the part of the interpreter that he considered to leave without a receipt.

Past Chancellor Paid a Visit.

At the meeting of Unity Lodge, K. of P., held last evening, the members were favored with a visit from Past Chancellor John Wehrle, of Somerville, who made an address. After the meeting the members adjourned to a restaurant where they enjoyed an oyster supper.

Granted a Pension.

General William H. Sterling received word from the Pension Department at Washington this morning that the application of Ferdalin Schmidt, of 145 Duer street, for a pension, had been granted at the rate of $12 per month.

EARLY INTELLIGENCE.

—At the regular Wednesday evening Lenten service at Holy Cross church last evening, Rev. J. P. Taylor preached a very interesting sermon. The attendance was excellent.

—Conrad Peltz, of Scotch Plains, who is at the hospital under treatment for injuries received in the explosion at the above place recently, is recovering and is now considered out of danger.

—Mrs. William G. Choate, president of the Woman's Exchange, New York, and founder of the exchange in this country will speak before the exchange in this city tomorrow in Grace P. E. church Guild rooms at 3:30 p.m. Mrs. Choate has made this her life work and is eminently fitted to explain the workings of this institution. Tea will be served after the address. An admission of twenty-five cents will be charged.

Miss Carolyn S. Barnes, daughter of Rev. C. R. Barnes, D.D., has returned from Baltimore, Md., where she has been attending the woman's college.

Modern Baggage.

The bicycle trunk, a novelty only a few years ago, is now a more or less familiar article of baggage. There are some bicycle trunks made to carry two. There is also made for the safe carrying of individual bicycles a wicker trunk, which is shaped as is the ordinary bicycle trunk, but made of willow basket work. Then there are made collapsible crates, in which a bicycle may be carried to the seashore or the country.—New York Sun.

STRIKES AND SPARES.

A bowling tournament has been started on the Ulrich alleys. At present there are twenty men entered and the contest will probably run for four weeks.

William J. Kiely, captain of the bowling team of the Cleveland Cyclers, has arranged another series of games with the bowlers of the Plainfield Catholic Club. The first game in the series will be rolled some day this week.

The five Sutphen brothers went over to the Y. M. C. A. last evening and swept the floor with the bowling team of that association to the tune of 271 pins in two games. The scores made were not as high as was expected. The Sutphen brothers had everything their own way in both games from beginning to end. M. Sutphen was high man of the evening with 178. The individual scores is as follows:

A CHEERING COMPANION.

When the Criminal's Watch Stopped Ticking He Went Crazy.

"What a small thing will keep a man from insanity when in solitary confinement," said a prison warden recently. "I read the case of a prisoner who somehow in solitary confinement had managed to keep his silver watch secreted on his person. For a time he kept up very well, and, as his crime was a terrible one, we did not feel like releasing him, but one day he became violent and crazy, and we finally decided to remove him to the hospital. In his cell we found the watch, with the main spring broken.

"It seems that as long as the watch continued to tick in his ear at night he felt as if he had a companion and his dark cell did not seem so solitary. He caressed the watch fondly, talked to it and it talked to him. Hour after hour it spoke and he was enabled to endure the terrible loneliness, with this cheering and gossipy companion. He told me afterward that he put words to that ticking and that the watch seemed almost like a thing of life.

"But one night something snapped and its voice ceased. He wound it up anxiously and still it was silent. It was like the death of something beloved, the passing away of the dearest thing on earth. Before it had been animated and full of life, with a tongue that wagged and wagged. Now it was a bit of dead, lifeless metal. The long hours of the night weighed upon him. He seemed to see strange visions. His loneliness was frightful. And then—the next morning they found him raving crazy.—Detroit Free Press.

WIT AND HUMOR.

"Did you strike this man?" asked the court sternly.

"I did, but he made the first assault."

"How was that?"

"Struck me for $10."

"An article of some value has been found," said the chairman of the meeting. "Who has lost anything?"

"I!" answered several voices.

"That's right," responded the chairman, looking somewhat perplexed, "it's a glass eye, but you couldn't all of you have lost it. Stand up and let me look at you."—Chicago Tribune.

The minister was a great handshaker—shutting down like a vice. One day he took a boy's hand and gave it an awful squeeze, as he said:

"My little fellow, I hope you are pretty well today."

With tears in his eyes, the boy answered—

"I was till you shook hands with me."—Tid-Bits.

"He is a very enterprising young man," remarked the elderly gentleman; "very pushing and alert. He belongs to the rising generation."

"I shouldn't have dreamed it," answered Miss Cayenne.

"Indeed?"

"No. From his manners I should not have hesitated about concluding that the rising generation belonged to him."—Washington Star.

WOODHULL & MARTIN
We ask you to call and look over our new Carpets. We say new carpets for we had to buy an entire new line. We have what is beyond all question the largest assortment, and best selected patterns ever shown in Plainfield. Carpets are cheaper at present than they have ever been, and much cheaper than they will be if the tarriff be revised. If you need carpets, we suggest that you make some sacrifice (if necessary) and buy this spring while prices are down.
We had to buy new Oilcloths and Linoleums also, and prettier patterns in better goods you never saw. We bought Mattings on the water and the stormy weather has delayed them somewhat, but we don't regret that so much, for we bought them at wonderfully low prices. They are coming in every day now. We make and hang shades, poles and etc. Make over and relay carpets and etc. All work done skillfully and promptly.

AN IMPORTANT PRISONER IN THE CHARGE OF SHERIFF WYCKOFF.

Arrested for Maltreatment of a Horse and is Identified as Tom Kenney, Known as a Notorious Railway Thief.

According to the statement of the chief detective of the Philadelphia and Reading Railroad Company, Sheriff Wyckoff, of Somerville, has an important prisoner in his possession. The man was arrested a week ago Saturday charged by Liveryman Taylor, of Bound Brook, with improper treatment of a team of horses hired of him. The story was that the team came back to the stables alone, having been turned loose after being driven hard. This happened last October, but the prisoner had not been seen since.

The man was taken to Somerville under this charge, but there was also a strong suspicion that he had something to do with the robbery of the Union News stand at Bound Brook. This suspicion was strengthened on Sunday when the prisoner attempted to burn a cigarette case in his possession. The case answered the description of one which was stolen from the news stand.

When the detectives went to Somerville they at once recognized the prisoner as one "Tom" Kenney, whom they said was one of the most notorious railroad thieves they knew of. He was wanted for other offenses of a grave character. So clever was he, that he had disguised himself as an employe of the road, and under another man's name, had actually received pay from the pay-car. He lived at South Bound Brook where he made a pretense of doing a second-hand bicycle business. It is now believed that these wheels were all stolen.

JUSTICE NEWCORN'S COURT.

Plenty of Disputes That Need the Court to Settle.

The first of the month is always a lively time in the local justices' courts. A number of cases have been tried in Justice Newcorn's court during the last two days, and summons issued in a number of others.

The contract case of Ivins against Brown was adjourned for a week. So was the contract case of Boone against Young. The landlord and tenant case of Beerbower against Coddington, was adjourned for a week, as the defend- has demanded a jury. The contract cases of Kirch against Bundy, and Collier against Delaney, were tried and judgment rendered for the plaintiffs.

Summons were issued in the case of Cannon against Shearner, in tort, returnable on the 14th, and in the contract cases of Edmuns against Tobin, returnable on the 12th, Werner against Giles, returnable on the 13th, Rogers against Giles, returnable on the 14th, Rogers againt Nailor, returnable on the 14th, Rogers against Voorhees, returnable on the 14th, Rogers against Scott, returnable on the 14th, Rogers against Pierson, returnable on the 14th, Rogers against Brewer, returnable on the 14th, Hand against Connelly, returnable on the 14th.

Two more cases were tried in Justice Newcorn's court this morning and in both judgment was rendered for the plaintiff for the full amount and costs. The cases were the Consolidated Fastener Company against Chapot et als, on contract, and Nichols et als against Chapot et als, on contract.

A Popular Young Man.

A Sabine Pass (Texas) paper has the following to say of Charles Stillman, who recently left for that place. "Chas. Stillman, of Plainfield, N. J., is a late acquisition to the young folks' crowd at the Pass. Mr. Stillman is attached to Manager Osgood's engineer staff upon the new wharves and in the drawing department. He is much pleased with the country and the prospects of Sabine Pass, all of which is heartily reciprocated by everyone here who has come to know the genial and pleasant young gentleman from New Jersey."

To Open a New Street.

Work has been started to open up a street on the Wooden property near Johnston's drive. The tract of land has been surveyed from the drive to the brook near Hudson's lane, and as soon as the weather will permit, the work of opening and laying out the street will be pushed rapidly. The work is being done under the supervision of William Stillman, who has charge of the estate. After the opening, houses will be erected along the street.

Red Men to Meet.

A meeting of Miantonomah Tribe, Improved Order of Red Men, will be held this evening, in the council rooms. There will be two adoptions and three propositions will be received. An elaborate programme has been arranged by the good and welfare committee.

CAN'T EVADE MARTIN ACT

ALL DELINQUENT TAXES MUST BE SATISFIED UNDER ITS PROVISIONS.

Its Workings are of Much Importance to the Taxpayers of Plainfield, as There is Liability of Losing Property Ownership.

The resolutions passed by the Common Council on Monday evening last regarding delinquent taxes could not be made so full as to be entirely clear to the parties directly interested.

The Martin Act is as perfect a machine for collecting delinquent taxes as was ever invented and put in operation.

When the commissioners appointed by the Court secure the delinquent tax books the Council will have no further control over the matter. They will be powerless to make any adjustment or concessions, and when the commissioners make their report, and the same is confirmed by the court the collector must proceed to make collections, and if after a stated time the same are not paid, then they must sell the property. Which sale will be very different from those heretofore made, as the purchaser, whether same be the city or an individual, will have full possession, and will have the the right to enjoy all the benefits, including rents, until the said tax is paid.

The commissioners have the right in determining the amount of tax to take into consideration the time the same has been delinquent, and add what they deem proper for interest and penalties.

There are several good reasons why the council should permit those who now own property on which taxes remain unpaid for the year 1881 and years prior thereto, to petition for an adjustment of same.

The city authorities did not order property sold for taxes until 1883, and therefor 1881 taxes, which list was imperfect, and for that reason 1881 was included on the resolution.

The law under which sales have been made was passed in 1846 but until 1881 sales for taxes were not a first lien on property.

For this reason parties searching titles did not go back of 1881 and so far as can be ascertained the Collector did not call attention to unpaid taxes previous to that date.

The city authorities are to some extent responsible for failure to collect or compel collection through tax sales and they should not now insist on payment of interest.

A very considerable portion of the property on which taxes are unpaid for that period have been conveyed to present owners since 1881 and they are probably ignorant of the city's claim, yet these taxes are due the city and in justice to those who have paid, the authorities should compel payment if possible.

The interest and penalties on unpaid taxes of say 1875 will now be nearly double the amount of the tax.

New Policemen Assigned.

Special Officers Florence McCarty and John Watson, who were appointed at the meeting of the Police Board, Monday evening, were assigned to regular beats, Wednesday evening, as members of the night squad. McCarty was given beat No. 1, which includes Park and North avenues and the station. Beat No. 2, including Park avenue, Crescent avenue and Watchung avenue, was assigned to Watson.

A Great Combination Sale.

One fine Sunday suit, worth $18; one derby hat, worth $2.50; one fine dress shirt, worth $1.50; one pair silk suspenders, worth 50 cents; one linen collar and two pair of fine hose, worth 70 cents; one fine satin or silk scarf, worth 50 cents, all at $9.90 at the New York Clothing Company's store, 214 West Front street, for one week only.

Steam Roller in Use.

The work of macadamizing Front street was started yesterday under the direction of County Superintendent of Roads Mr. Fink. One feature of this work is that a larger grade of stone will be used on top and clay will be used as a binder instead of sand. The steam roller is being used as well as the county sprinkling wagon.

Business and Pleasure Were Combined.

The regular meeting of Iona Council, No. 14, DeGree of Pocohontas, was held on Wednesday evening. Two new members were adopted and two applications were received. The good and welfare committee served coffee to the members. A vocal and instrumental musical programme was rendered.

A Welcome Sound.

The new steam gong at the new silk mill at Serling was blown for the first time last Wednesday evening at six o'clock. The whistle is one of the largest in the State.

Dr. Whitney to Preach.

Rev. Dr. Whitney and Rev. Charles E. Scudder, formerly of this city, will preach in the First M. E. church, Sunday morning and evening.

FINE MUSIC HELD SWAY.

VARIED PROGRAMME RENDERED AT A CHURCH AFFAIR.

The Congregational Woman's Association Arrange an Event That Included the Best Musical Talent in the City.

A very enjoyable musicale was given last night by the Woman's Association of the Congregational church, and, in spite of the rain, it was very well attended. The pleasant parlors of the church were charmingly decorated, pretty little tables with handsome lamps and palms standing about, and many thoroughly artistic water-color sketches upon the walls.

The programme opened with a piano duet, "Auf Wiederschen," by Bailey, excellently rendered by Mrs. B. T. Barnes and Walter Raynolds. A cunning little acted song, or musical recitation, "Who Was It?" was then given by Miss Agnes LaBoyteaux and Harold Nomer, and much enjoyed. P. Ludwig Conde, always a favorite with Plainfield audiences, followed with two violin selections, "Air Varie," by De Beriot, and "Cradle Song," by Hauser, given in his usual superb style. C. A. Jones, of Bayonne, a baritone soloist, was a stranger to his audience, but gave great pleasure by his artistic and sympathetic rendering of "A Heart's Whisper" by Piccolomini, and "Hour of Sweet Repose," by Howe. A solo by a very tiny pianist was the next number, Master Arthur VanArsdale, eight years old, playing a simple theme by Matthews very prettily, and with unusual musical taste for so young a performer. De Beriot's 7th Concerto, magnificently played by Mr. Conde, and two more songs, "The Friar of Orders Gray," by Shield, and "A Dream" by Bartlett, by Mr. Jones, concluded a very successful programme. Refreshments were now served, and a social hour enjoyed by all.

The committees in charge of the affair were as follows: Entertainment, Mrs. A. C. LaBoyteaux; decoration, Miss Ellis; refreshments, Mrs George Rockfellow, Mrs. L. B. Morgan, Mrs. Fuller, Mrs. Millard.

A MUSICAL AT THE HEIGHTS.

A Pleasant Social Gathering at a Netherwood Home.

Netherwood Heights was the scene last Wednesday night of as fine a social gathering as has been so far witnessed this season. The musicale was given by Mr. and Mrs. Christopher S. Meyers to their many friends among the young people of this city and while there were not as many as had been invited yet the enthusiasm manifested by those who did attend more than made up for the absentees. The evening was passed very pleasantly in playing games and other home amusements. Miss Luella Mills, of East Fifth street, who is quite a musician on the piano, favored the gusts with several fine piano solos which were highly appreciated. Not to be outdone by Miss Mills' nice playing on the piano, Miss Helen Smith showed to her listeners that she, too, could play that instrument to everyone's satisfaction. The evening outdoors was not at all very pleasant which partly accounts, perhaps, for those who did not come. Following the general and universal rule the ladies predominated over the men. Everyone entered into the games with much spirit and interest and the evening was very pleasantly whiled away. Mr. Benj. H. Pitcher favored the company with some solos on the autoharp which were much appreciated. Refreshments were served to all who had by this time become hungry by the merriment of the games. Frolic and pleasure reigned paramount and the affair was voted a huge success by all who attended. Miss Helen Meyers rendered a very pretty recitation which was considered remarkable for her age. About midnight the party broke up, though to every one's regret, but after the last good-bye was said and the last handshake given, the party was at an end. It will not be forgotten for a long time by those who attended. Among the many present were noticed:—Mr. and Mrs. Charles Smith, Mr. and Mrs. Christopher Meyers, the Misses Luella and Fannie Mills, Benjamin H. Pitcher, and Miss Lizzie Rutledge, Miss Helen Meyers, Miss Helen Smith and many others.

Dependent Children of the State.

In a quiet way, the organized Aid Association is doing much good, studying the problem of poverty and how to lead the poor to help themselves. On Monday evening at the Crescent Avenue church Mrs. Williamson, secretary of the State Association will speak on a very important branch of the subject, "Dependent Children of the State." All should hear her.

—Tomorrow, Saturday, April 10th, VanEmburgh will sell a special lot of lawns, figured at 5 cents a yard.

TURN TO THE TRUE WAY

AN EARNEST PLEA TO BACK SLIDING CHRISTIANS.

Fred H. Andrews Explains How the Wicked One Leads the Unsuspecting Into Paths Far Away From the Church.

It was to the backslider that the invitation was especially extended, last evening, at the union evangelistic meeting in the Trinity Reformed church, and the plea was an earnest one. The rain that set in early in the evening kept many away but those who did come were thoroughly imbued with the necessity of returning to Christ ere it was too late.

The preliminary meeting in the lecture room was led by J. M. Hawkins and the time was well taken up with earnest prayers for the success of the meeting and the return of the backslider.

As usual the regular meeting opened with a rousing song service led by Horace J. Martin. There was a spirit of earnestness that pervaded the meeting that made up for the lack of numbers. Fred H. Andrews was the leader and took charge of the meeting. The opening Scripture selection was read by Rev. J. W. Richardson, and a silent prayer was followed by a short petition by Rev. Mr. Richardson. A solo "There is never a day too dreary," was sung by Councilman William N Runyon and then Mr. Andrews led in prayer. A few remarks by the same speaker followed.

"I think it very encouraging," said Mr. Andrews, "to see the young people organizing to help themselves in the Christian life and to help others to it. Never have they united to hold such a series of meetings as these and I think that the parents should aid and assist in the efforts. We have all denominations here tonight, but we know no name, no denomination but that of Jesus Christ.

"There is in this audience three classes of people. Those who are endeavoring to lead a Christian life. We have been holding meetings for their encouragement for the last three nights. There are those who have known Him, but something has drawn them away and they are now backsliders. And third, there are those who have never known the love of the Saviour. I want to say a word to those who have slid or drifted away from the throne. There are those who have been drifting slowly but surely away from their moorings. I have not come to scold them; I have no business to scold. In all this Book there is no record of Jesus scolding. For those who were unfortunate Jesus had only kind words.

"You may have wandered far from Him. It may have been an advance of salary, greater means; the money has drawn you away into the world. There's no use in trying to be a Christian, you say, you can't be one. How all hell tries to discourage you when you are down. You gradually give up your duties, one by one; the devil tells you that you are not fit to do them.

"The Prodigal Son was a backslider. He never expected to go as far as he did when he started. Then he did not know how his father would receive him. I have a loving message to you, 'Come Unto Me and I Will Give You Rest,' from your Father. The Father wants you to come home, they are waiting for you."

He closed with an earnest plea to the backslider to turn again to the true way and give himself up to Christ. A number of testimonies, brief, but to the point, followed and then several short prayers. The meeting closed with a hymn.

Services for Another Week.

It has been decided by the officers of the Local Union to continue the union evangelistic services in the Trinity Reformed church, next week, except on Friday night when the union Good Friday service will be held by all the churches. The church where latter service is to be held has not yet been announced. The meeting in the Trinity Reformed church, this evening, will be led by Robert R. Galey, last year's centre rush on the Princeton 'varsity eleven. Mr. Galey is studying for the ministry and expects to go as a worker in the mission field in China. He will make a short address.

Orient Degree to be Conferred.

A meeting of Perseverance Lodge, No. 74, Knights of Pythias, will be held this evening. The Orient degree will be conferred and arrangements made for the celebration of the silver anniversary of the lodge in June.

Special Meeting of the Council.

It is said that a special meeting of the City Council will be called in a few days to take up the opening and extension of Watchung avenue.

HARD TIMES IN CHURCHES

THE NEWARK CONFERENCE REPORTS SHOW DEFICITS.

Some Districts Were Prosperous Though—The Women's Home Missionary Society Has Trained 10,000 Girls in 10 Years.

In the presentation of reports by the presiding elders of the four districts of the Newark Conference, it was agreed by that body yesterday that the stringency of the times had been felt seriously by the churches.

A large deficit was shown to exist in the Episcopal fund. The receipts for the year were $80,216.95, the expenditures $93,738.54, leaving a deficit of $13,521.59. This sum is to be made up by the various conferences, the Newark body to contribute $3,486.

Presiding Elder G. W. Smith, of Plainfield, reported that eighteen charges had fallen behind in their contributions to the missionary fund in the Elizabeth district. He expressed his sympathy because of the death of Rev. A. C. Covey.

Rev. Dr. S. P. Hammond, presiding elder of the Newark district, referred to the seven clusters of church communities in Newark and suburban towns as prospering. In forty charges there had been 520 converts and 427 probationers in the year. The stronger churches helped the weaker ones to the extent of $3,640 in gifts. Property worth $32,574 had been purchased, on which a debt of $9,000 existed.

Dr. Hammond said that the Drew Seminary at Madison never had had a more prosperous year, having been well sustained by the churches. He had found that the Sunday-schools within the district numbered 13 000 scholars, with an average attendance of 8,700. There were fifty-two chapters of Christian Endeavor societies, having a membership of 3,875.

Rev. J. A. Gutteridge, secretary of the Preachers' Aid Society, reported that in forty years the fund had grown from $2,300 to $54,900, of which $7,000 had been paid in the last year.

From the Women's Home Missionary Society came a report, presented by Rev. Dr. Wilding, showing that 2,000 girls were being trained in industrial work in twenty-three educational institutions, and 8,000 for service in other ways. In fifteen years $1,700,000 had been collected, and in that time $47,459.80 had been paid to the widows and children of dead members.

An incident of yesterday's session was the announcement that Rev Chas. S. Coit and Rev. Charles Larew each had completed fifty years in the ministry.

Another Smith in Town.

Another "coal commuter" spent the night in jail out of the rain and cold. He didn't spend it there from choice, however, but because one of the Plainfield police force decreed so. John Smith he said his name was, but he did not mention whether he was a descendant of the famous John Smith that came to this country several centuries ago and passed through such thrilling experiences. The Smith that appeared this morning was twenty-five years of age. He was given ten minutes in which to leave the city, and he disappeared in a hurry.

Lodge Membership Increasing.

There was a regular meeting of the A. O. H. last evening. Six candidates were installed and the two propositions were acted upon. Routine business was transacted.

A meeting of Central Lodge, A. O. U. W., was held last evening. One candidate was initiated and two were elected to memembship. After the transaction of routine business, ice cream was passed among the membees and a little impromptu spread enjoyed.

The Wonderful Projectoscope.

The exhibition of the projectoscope at Music Hall last night was witnessed by a very much pleased audience, who marvelled at the wonder of living movements being represented on a piece of canvas. The views were all American and many of them scenes familiar to those present. Realistic to the extreme they were greeted with enthusiastic applause. The exhibition will be given again this evening at popular prices.

An Approaching Wedding.

Mrs. Isaac W. Pangborn, of 59 Jackson avenue, has issued invitations for the marriage of her daughter, Miss Jennie Louise Pangborn, and William Hull Western, of Washington Park. The wedding will take place Thursday evening, April 22d, at 7:30, at the home of the bride.

City Paid the Funeral Expenses.

The remains of Louis Danneralla, the Italian who died at the Muhlenburg Hospital, Tuesday afternoon, will be buried at the Evergreen cemetery, this afternoon, at the expense of the city. He had no relatives.

VETERANS MET IN RAIN.

STORMY WEATHER FOR THE SECOND BRIGADE REUNION.

Annual Business Meeting Held in the Casino This Morning—Public Services in Reform Hall—Officers Chosen For a New Year.

Today Plainfield is the scene of a reunion of a body of men who have made a historical record such as will never be forgotten. They are a mere handful compared to the 4,000 who, in response to the call of the Martyred President, Abraham Lincoln, laid aside all love for home and friends and went to the front to fight for that which was so near and dear to them—their country. They were brave and and gallant men, everyone of them, and today the people of Plainfield extend to the surviving members of the Second New Jersey Brigade Society a cordial and hearty welcome. This is the tenth annual reunion of the Brigade, and one has but to look to see that their ranks are thinning out and but a few more years remain for those who stood the thickest of the fight.

The rain which came today was the means of putting a damper on the reunion of the Brigade survivors. Notwithstanding this, however, there are about one hundred members of the Brigade in this city. They began to arrive on the early morning trains and they were escorted to the Casino by a delegation from the Sons of Veterans.

At 11:30 a business meeting was held at the Casino. President U. B. Titus, of Trenton, called the meeting to order, after which Chaplain Kline offered prayer. In the absence of the secretary, Hiram Anderson, of Philadelphia, A. Sebring, of Bound Brook, was chosen secretary pro tem. Secretary Anderson's report was read, in which a sketch of the Brigade was given.

The president appointed T. O. Doane, Plainfield; Edward Stewart, Philadelphia; Thomas Blackwood, Trenton; a committee to extend to Hugh C. Irish Camp, of Paterson, a vote of thanks for their kindness in having the minutes of the last meeting printed. The committee drafted resolutions which will be presented to the Camp.

Treasurer J. B. Clugston, of Trenton, reported that during the year $64.68 had been received, and $59.85 expended.

In response to a wish the president appointed Gen. J. F. Russling historian of the Brigade, and the latter will prepare a history.

Chaplain Kline presented his report which showed that ten members had died during the year. There may have been more, but the above number includes all that were reported by the different regiments.

Plainfield secured an honorable distinction in the election of officers, for the members selected as their new president, W. W. Coriell, of this city, who was Sergeant of Co. B, 6th N. J. Vols.

The vice-presidents elected were as follows: Capt. Dally, Jersey City; W. H. Williams, Plainfield; G. H. Miller, Philadelphia; Col. Manderville, Newark; T. O. Doane, Plainfield. The vice-presidents were chosen from the regiments represented and those not represented were left the same as last year. Ex-President U. B. Titus was elected secretary, while J. B. Clugston, treasurer, and Chaplain Kline were re-elected for another year.

The following members compose the memorial and monument committees, which were selected by the different regiments:

Gen. Rusling, Trenton; A. Eagen, Jersey City; Albert Runyon, Plainfield; A. L. Sparks, Camden; F. Borman, Bayonne; L. P. Ayres, Trenton; H. J. Garrison, Paterson; A. Husk, Newark; J. F. Tronson, Newark; George B. Senior, Paterson; Captain Murphy, Jersey City; C. H. Rugg, Plainfield; J. Schoonover, Trenton; J. A. Goodwin, Plainfield; Thomas Blackwood, Trenton; Robert Smith, Paterson.

The monument committee is selected for the purpose of having the State of New Jersey erect a monument for the dead heroes from this State.

The business meeting was adjourned about 1 o'clock when the members prepared to march to Reform Hall where a banquet was served. The members of the local G. A. R., Sons of Veterans, escorted by a squad of patrolmen under the charge of Sergeant Kiely, and the Plainfield Cornet Band, acted as an escort to the members of the Brigade. At Reform Hall the visitors were given a hearty welcome by the committees in charge and the members of the Woman's Relief Corps.

The banquet was very elaborate and the menu was complete in every par-

FUR SEAL QUESTION.

Administration to Act Promptly In the Matter.

JOHN W. FOSTER TO HAVE CHARGE.

He Has Been Invited by the Secretary of the Treasury to Give His Attention to Straightening Out the Troublesome Complications.

Washington, April 9.—The administration proposes to lose no time in taking up the fur seal controversy. It is learned that at a cabinet meeting it was decided after a full discussion between the president and Secretary Sherman to invite Mr. John W. Foster to take charge of these matters, under the direction of the secretary of state, and that Mr. C. S. Hamlin, retiring assistant secretary of the treasury, who has given the question careful study for the past four years, will be asked to co-operate on behalf of the treasury department. It is known that the president has taken the liveliest interest in this matter, and there is every reason to believe that there will now be, what Russia has long desired, hearty co-operation between herself and the United States on this question. Probably united action will be taken by both nations, and possibly Japan, to stop the slaughter now going on at sea. The high regard entertained for Mr. Foster in Russia and his intimate knowledge of the seal question, obtained through his conduct of the case of the United States before the Paris tribunal of arbitration, especially fits him for the task assigned him by the president.

Extermination of Seals.

The continued diminution and threatened extermination of the seal herd reported by Professor Jordan as the result of his investigation on the seal islands last year is said to greatly concern the president, and probably the first step made will be an attempt to secure a renewal of the modus vivendi of 1891, to which the United States, Russia and England would be parties. This would suspend all killing in Bering sea till next year, when, under the terms of the Paris award, the regulation now in force will be reconsidered with a view to their modification. Failing to secure a modus vivendi, it is believed the government will employ all its resources to protect the herd as much as it can from injury, pending negotiations. The branding of females and pups, thus destroying their pelts, so successfully experimented with last year, will doubtless be resorted to on the largest possible scale. Just what effect branding will have on the legal status of these animals will be an interesting question for the next tribunal to consider.

Extensive Mail Robbery.

Boston, April 9.—What is believed to be evidence of most extensive mail robberies has been found at the Back Bay. More than 400 opened letters, nearly all of which were addresed to South End business men, were found in a manhole by employees of the sewer department of the street division who were at work cleaning out the sewer. The foreman in charge at once notified the police department of the discovery, and the news was soon announced at the postoffice. Deputy Superintendent Coburn of Postal Division A was sent to the scene, and he took charge of the letters, which have been given to Inspector Boynton, who is now at work trying to solve the mystery. He refused to say anything about the case further than the fact that the letters were found as described.

To Allow Prisoners to Testify.

London, April 9.—In the house of commons Sir Richard Webster, the attorney general, moved the second reading of the law of evidence bill, enabling prisoners in criminal cases to testify in their own behalf. He said that the United States, Canada and Australia had a similar law in operation and that it had been found to work well in all those countries. He regretted that for the present the government was obliged to exclude Ireland from the benefits of the act, owing to the desire that the measure should be as little contentious as possible. But, he hoped, and the government hoped, that the law would be eventually extended to Ireland. The bill passed its second reading by a vote of 210 to 41.

Receiver For Magowan Rubber Company.

Trenton, April 9.—Vice Chancellor Reed has appointed former Vice Chancellor John T. Bird temporary receiver for the Trenton Rubber company and has named the 20th of April as the date for the company to show cause why the appointment of the receiver should not be made permanent. Application for the receiver is made by Sarah J. Magowan, mother of Frank A. Magowan, president of the company. She claims that the company is indebted to her to the extent of $34,000, principally for money advanced. Ex-Mayor Magowan was recently re-elected president of the company. The company has not been doing business for some time.

An Important Deal.

Allentown, Pa., April 9.—A big deal in industrial circles has been consummated, through which McKee, Fuller & Co., owners of the car wheel and axle works at Fullerton, have sold their steel tired wheel interests to the Steel Tired Wheel company, a corporation which was recently incorporated under the laws of New Jersey, with a capital of $4,000,000. The industry is one of the most important in the Lehigh valley. The management of the works will remain the same as at present.

MORGAN AND CUBA.

Alabama Senator Continues His Denunciation of Spain.

WARREN CALLS CHANDLER TO BOOK.

The Wyoming Senator Defends the West Against the Criticisms of the Senator From New Hampshire—Possible Changes In the Wool Schedule.

Washington, April 9.—The senate heard Mr. Morgan of Alabama for the third successive day on his resolution declaring that a state of war exists in Cuba. He was severely critical of Spain's methods against American prisoners and went over in detail the circumstances in the Competitor case. Mr. Morgan said he would close his speech at the next meeting of the senate, when he would present a letter from one of the Cuban officials of the eastern province of the island showing the complete civil system of government now maintained by the Cubans.

Mr. Nelson of Minnesota spoke for two hours on the bankruptcy bill, opposing the pending Torrey bill as excessively harsh and designed as a collection agency for large creditors and urging his substitute as a measure drafted in the interest of thousands of poor debtors struggling to get on their feet.

Comment on Chandler's Statement.

Washington, April 9.—Commenting upon Senator Chandler's statement in regard to the possible failure of the tariff bill because of too high rates, Senator Warren of Wyoming said:

"I do not consider it entirely fair and certainly not judicious to impute at this time to western senators a disposition to be extreme in their tariff views or to insinuate that the tariff bill will fail because of the radical demands of western interests. Such a presumption would be premature and tend to demoralize rather than intimidate, as perhaps intended.

"The tariff bill will fail, as it ought to fail, if it is sectional and partial and does not equitably recognize agricultural, mining and lumber interests as well as others. Eastern interests are always well represented at the capital by competent experts in all eastern economic lines; they are in continual attendance on the committees, so that eastern senators and congressmen do not have much left to contend for before the committees having charge of tariff bills, and, the duties being arranged satisfactorily for them in committees, they need make but little effort on the floor while tariff bills are under consideration. On the other hand the agricultural and western interests are not thus represented, but feeling that they are entitled to consideration they appeal to their representatives in congress, and thus western senators have greater responsibilities and more to do than eastern senators in contending for a just scale of import duties. But their activity must not be taken as hostility.

"If it be decided that one section of the country must take buzzard while another demands turkey in order to reform the tariff, then reformation had better be delayed, regrettable as such a result would be, and to none more regrettable than to western senators."

Amendment to Wool Schedule.

Washington, April 9.—Senator Mantle of Montana has introduced an amendment to the wool schedule of the Dingley tariff bill which provides for advancing the rates on several varieties of raw wools. It proposes to make the duty on washed wools of both the first and second classes, instead of the first class only, double that on unwashed and to double the duty on all classes "imported in any other than ordinary condition or which has been ted or increased in value by the ection of any part of the original ce," thus extending the scope of the ragraph in the bill which applies only to wools of the first and second classes. It also adds "cutting off" as one of the methods of increasing wools in value covered by the paragraph and strikes out the clause excepting skirted wools imported in 1890 or prior thereto. It proposes to amend the paragraph fixing a duty of 32 per cent ad valorem on wools of the third class and camel's hair valued at 13 cents or less per pound by changing 13 to 10 cents and adding "provided that in no case shall the duty be less than 5 cents per pound."

Corresponding changes are proposed in the next paragraph, making the duty 50 per cent on wools of the third class valued at more than 13 cents, by making it apply to wools valued at more than 10 cents and providing that the duty shall not be less than 8 cents per pound.

Kimberly Advises Peaceful Measures.

London, April 9.—The Earl of Kimberly, leader of the Liberal party in the house of lords, speaking at a Liberal banquet in London, urged the withdrawal of the Turkish troops as the first step in the pacification of Crete. He said that the only true and sound policy was to come to a prompt understanding as to the form of government for the island. Personally he would like to see Crete under the government of Greece, and he believed if the powers made up their minds to adopt that course they would not meet with any serious objection from Turkey. The opposition, he concluded, had done its best to ascertain the policy of the government, but had beeen invariably disappointed and now felt itself relieved of all further responsibility.

Union Veterans Favored.

Washington, April 9.—Secretary Wilson is given all the preference possible under the civil service rules to Union veterans in the appointments and promotions in the agricultural department. Both the ability and the war records of the veterans are duly considered, but they are put ahead of other candidates wherever possible. Thus far he has found places or promotion for fourteen veterans or widows of veterans.

Grand Army Commander.

Greenville, Mich., April 9.—Colonel A. T. Bliss of Saginaw has been elected department commander of the Michigan Grand Army of the Republic. A. L. Patrick, the other candidate, withdrew his name. Mr. L. Wells Sprague of Greenville was chosen for senior vice commander.

Just an Easy One.

"Let the children ask all the questions they want to," is the domestic motto of a gentleman connected with the Smithsonian Institution. In his case the rule is safer than it would be in most homes, for he is regarded by his acquaintances as a compendium of almost any branch of learning that happens to come under discussion. His boys, having his reputation as an endorsement of their natural confidence in his wisdom, regard him as infallible. Being youths of active intellect, they never allow him to run any risk of ennui. He had just put on his overcoat and had his hand on the door knob, when one of them hailed him:

"Father, will you please tell me something?"

"I haven't time now."

"I only want to ask one quetion."

"Can't you wait until tonight?"

"I might forget it."

"Try to remember it. It will be good mental discipline. Good-by."

"I wanted ever so much to know right away," he persisted.

"But——"

"It won't take you a minute."

"Are you sure?"

"Yes."

His father looked at his watch and said:

"Well, go ahead. What is your question?"

"Why, all I wanted to know is how they work miracles and make condensed milk."—Washington Star.

She Knew the General.

During the American Civil War, while in command of a division of Confederates, the late General Mahone was slightly wounded. An acquaintance about to visit Richmond was requested to call upon Mrs. Mahone, to relieve her anxiety by explaining the nature of her husband's injury. He found her in tears, having already received the news by telegraph. "Why, madam," he expostulated, "you ought not to give yourself so much concern. Your husband received only a flesh wound; no bones were injured." (General Mahone was very small and very lean.) "Ah, Colonel," she sobbed, "you—don't know the—General as well as I—I do, or you wouldn't tell me—me he could be—be wounded without striking a bone!"

Sleep Plenty and Live Long.

"The proper way to economize life," says Tesla, the electrician, "is to sleep every moment that it is not necessary or desirable that you should be awake."

"A man in his lifetime has just so many hours to be awake, and the fewer of these he uses up each day, the more days they will last—that is, the longer he will live.

"I believe that a man might live 150 years if he would sleep most of that time. That is why negroes often live to advanced old age, because they sleep so much. It is said that Gladstone sleeps seventeen hours every day; that is why his faculties are still unimpaired, in spite of his great age."

Rheumatism Cured in 24 Hours.

T. J. Blackmore, of Haller & Blackmore, Pittsburg, Pa., says: "A short time since I procured a bottle of Mystic Cure.' It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the 'Mystic Cure' is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them. I know the 'Mystic Cure' to be what it is represented and take pleasure in recommending it to other poor sufferers." Sold by T. S. Armstrong, druggist, corner Park and North avenues, Plainfield.

Charles and Fred Squires, of Watchung avenue, have returned to their studies at Williams College after spending the spring vacation in Plainfield.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Mr. and Mrs. Henry Windham, of East Front street, are perhaps the happiest couple in Plainfield. The cause of their happiness is the arrival of a fine twelve-pound girl baby.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

MUST PAY ITS TAXES.

Judge Simonton's Decision Against the Nypano Railroad Company.

Harrisburg, April 9.—Judge Simonton has handed down an important decision in the case of the commonwealth of Pennsylvania versus New York, Pennsylvania and Ohio Railroad company, which was argued some months ago.

The company, which owned a railroad from Salamanca, N. Y., to Dayton, O., about 423 miles in length, of which 126 miles were in Pennsylvania, was so heavily incumbered with debts that it reported its stock to the attorney general as having no value, a few shares of the preferred stock having sold in the market at 62 cents per share, and the common stock being utterly unsalable.

The auditor general, however, set the appraisement aside and charged tax upon a valuation of $34,480,000, the tax amounting to $172,402.88. An appeal was taken.

Judge Simonton finds as a fact that, as the taxing acts are required to be construed, the value of the stock for taxation is $15,000,000, upon which the tax, at 5 mills, would amount to [illegible] but he further holds that only that proportion is taxable according to the mileage in the state. The court has left the computation to be filled in by the clerk, but the judgment upon this basis will be a little less than $25,000.

FRANCO-RUSSIAN JUNKETING.

Plans For an Interchange of Visits Between Czar and Faure.

London, April 9.—The Paris correspondent of The Times says that the report that the czar will visit France and that M. Faure will visit St. Petersburg are still kept up, despite official denials in both capitals. It is said that the czar will spend a fortnight in Paris incognito, staying at Versailles, Fontainebleau or Compiegne. The czarina insists on this visit because it was expressly promised when their majesties were last in Paris, although her present condition of health is not such as to allow her to go herself. M. Faure's visit to St. Petersburg will be made, it is said, about the end of July, after the other rulers, the Emperor Francis Joseph and the Emperor William, have left. He will be received with the same ceremonial, but as his stay will be longer the court etiquette will be somewhat less strictly observed while he is there.

A Tempestuous Passage.

St. Johns, N. F., April 9.—The British teamship Caspian of the Allan line, Captain Pickering, has reached here after a 16 days' voyage from Glasgow. She had an awful passage, with a succession of fierce gales. Mountainous seas swept her repeatedly, carrying away all her deck gear. On the sixth day out an immense wave swept over her stern, smashing the wheelhouse into splinters, killing the quartermaster and injuring two seamen seriously. It was feared the ship would founder, as she was quite unmanageable until new steering gear had been rigged. Other gales, though less fierce, retarded her progress during the whole voyage.

Quick Transit to St. Louis.

Boston, April 9.—The Boston and Albany railroad announces a plan for quick transit between Boston and St. Louis commencing April 18. The train now leaving Boston at 7:15 p. m. will leave at 6:30 p. m., carrying the St. Louis sleeping car now leaving at 3 p. m. The train is due in St. Louis the second morning at 7:30, making quicker time than ever before made between the two cities by any through car service. The regular Chicago cars will be carried on this train as heretofore.

France's Naval Needs.

Paris, April 9.—M. Lockroy, the former minister of marine, notified the naval committee of the chamber of deputies of his intention to transform into a substitute bill his amendment asking for a naval grant of 200,000,000 francs. He said the chamber ought to vote the whole sum, although the expenditure might be spread over a period of four years.

Forestry Bill Signed.

Albany, April 9.—Governor Black attached his signature to the so called forestry bill. The bill creates a commission of three, with power to expend $1,000,000 in the purchase or condemnation of lands lying in the Adirondack park for the purpose of preserving the forest lands. The act is known as chapter 220 of the laws of 1897.

Collided With an Iceberg.

Dublin, April 9.—The British steamer Glen Head, Captain Kennedy, from St John, N. B., on March 19, which arrived here on April 7, reports that during the voyage she was in collision with an iceberg.

CONDENSED DISPATCHES.

There was a $10,000 fire in the carriage factory of Peck & White, at Taunton, Mass.

Hodson, the famous jockey, was thrown and killed in a steeplechase at Stoke-upon-Trent, Staffordshire, England.

John W. Hendrie of Sound Beach, Conn., has given $10,000 toward the fund for completing the law building at Yale.

A number of tobacco plantations at Mesatlanta, state of Vera Cruz, Mexico, have been invaded by a destructive insect which has devoured the crop.

William Wilshire Riley, aged 81, died at his home in Cromwell, Conn., from injuries sustained by a fall a few weeks ago. The deceased was an inventor of some note.

The New York assembly has passed Senator Ellsworth's bill appropriating $1,000,000 for the purchase of land in the Adirondack park territory by a vote of 110 to 28.

The Fredonia mill, owned and occupied by the Samson Cordage company, at Shirley, Mass., was burned. The loss will amount to fully $50,000, partly covered by insurance.

The state department at Washington has received assurances from the Spanish government that General Rivera, the insurgent leader, will not be tried by a drumhead court martial, but will be held as a prisoner of war.

Herbert Craven, a driver for the Lowell Bunting company, and Samuel Beeson, a driver employed by Frank Hale of Dracut, while crossing the Boston and Maine railroad tracks, were killed by the express from Montreal at Lowell, Mass.

POWERS CAN'T AGREE

The Dissolution of the Concert of European Nations.

MURAVIEFF IS GREECE'S BETE NOIRE.

Hostility of the Russian Foreign Minister Causes Great Indignation In Athens—Turkey's Proposition For the Settlement of the Difficulty.

London, April 9.—The Athens correspondent of The Times says:

"The opinion of the Greek newspapers is virtually unanimous as to the recent declaration of the powers. It is that the European concert, after a conspicuous failure as to Crete, is gradually tending to dissolution and will be obliged to content itself with a mere admonition.

"There is an evident disinclination on the part of some of the powers to carry out any programme of coercion and weakening of purpose in the European federation, which is showing signs of decrepitude. The similarity of language between the declaration and the recent warning of The Journal de St. Petersburg has been noticed here, and this latest step of the powers is attributed to the eastern initiative.

"Count Muravieff, the Russian foreign minister, has already become the bete noire of the Greeks. His uniformly hostile attitude has produced great indignation. Well informed persons here believe that Count Muravieff, who inherits the traditions of an autocratic family, is resolved to play a masterful role in European politics and to leave an impression upon the history of his time."

The correspondent of The Times at Elassona says: "Accompanied by a staff officer, I have visited the frontier posts at Maluna pass, which commands a splendid view of the two plains of Elassona and Larissa. It is near the top of the mountain. The Turkish and Greek blockhouses are about 30 yards apart. We were received by the officers of the Greek fort. They were agreeable and friendly, but they did not seem especially anxious for war. At Euzonoi they were singing and dancing around the blockhouse. The soldiers made a fairly serviceable appearance, but do not give the impression of absolute ignorance of fear and obstinate courage characteristic of the Turkish soldier."

A dispatch to The Times from Constantinople says that the porte has communicated to the embassadors the contents of three circulars dispatched to the Ottoman representatives abroad. The first, dated April 5, notifies the powers that the porte is willing to withdraw the Turkish garrison from Crete immediately if the Greeks previously withdraw and the powers guarantee to pacify the island. It demands also that Greece should evacuate Crete forthwith.

The second circular is dated April 6 and protests, in anticipation, against the appointment by the powers of a European governor of the island.

The third circular, dated April 7, protests against the injustice of disarming the Cretan Mohammedans while the Christians are permitted to retain their arms.

Turks Invade Greek Consulate.

Khania, Crete, April 9.—The Turkish gendarmes have entered the house of the Greek consul at Halepa and seized several rifles and ammunition, which had been left there by the villagers. It is alleged that the subgovernor of the island sent the gendarmes to search the house. The consul pointed out that further parley with the insurgents was useless because they were unable to give definite information relative to the withdrawal of the Turkish troops or furnish the insurgent leaders with details regarding the autonomous form of government which the powers proposed to confer on Crete.

The Massacre In Tokat.

London, April 9.—The Daily Chronicle publishes an extract from a letter written by an occasional correspondent in Asia Minor declaring that 2,000 persons have perished by Moslem massacre in Tokat and that fresh outrages probably as devilish are expected. The Kamidiet regiment has recently been moved, and it is believed is going to Erzerum. All along the Syrian coast have been placed guards of Turkish soldiers to prevent the Armenians from escaping. Those at Zeitun are ready to rise, and, says the correspondent, war seems inevitable.

The Porte to Re-enforce Salonika.

Constantinople, April 9.—An extraordinary council of ministers of the empire was held at the palace last night. It is understood that as a result of it the Turkish government will re-enforce the troops at Salonika with 32 battalions of redifs from Anatolia, making a total of 33,000.

Italy's Senate Supports Humbert.

Rome, April 9.—The Italian senate has approved a reply to the speech from the throne, expressing the hope that the government would succeed in maintaining its present accord with peace by rendering justice to the peoples of Greece and Crete.

Leather Dealers Object.

Boston, April 9.—The board of directors and other members of the New England Shoe and Leather association met to take action in opposition to any duty being placed on hides. A telegram was sent to the meeting being held in New York for the same purpose by the shoe and leather men, and it was arranged that committees of the New England and New York trades should join with those of other parts of the country in presenting reasons why hides should remain on the free list. The committee to act in the matter include Asa Cushman, Maine; Hon. C. C. Corbin, Webster, Mass.; Hon. Carroll S. Page, Vermont, and Albert Wallace, New Hampshire.

Distinguished Visitor to West Point.

Highland Falls, N. Y., April 9.—Admiral Jorge Montt, ex-president of the Chilean republic, will visit West Point tomorrow. An admiral's salute will be fired and a review given in his honor in the afternoon.

PRAISE FOR SENATOR REED.

Somerset's representatives in the Legislature acquitted themselves well during the session just closed. Senator Reed was very successful with his bills. But aside from these measures in which he was personally interested he took a very creditable part in all legislation. His speeches were effective, and listened to carefully. As chairman of the Committee on Borough, he did most of the work in assisting ex-Assemblyman Skinner in framing the general borough act, which was regarded as one of the most important measures of the session. So careful was the work done that even when the bill finally came to a vote, there was no opposition to it. Senator Reed did not vote for the Jersey City so-called equal taxation bill, nor did he sanction any extravagant appropriation measures. In fact, the Senator looked well after the interests of the county, and helped to defeat a number of bad bills.—Unionist-Gazette.

EARLY INTELLIGENCE.

—Sherwin, the West Front street shoe dealer, offers a bicycle free on a new plan to a boy or girl not over eighteen years old. Read his adv.

—The awning has been removed from the front of Randolph's pharmacy on West Front street, and placed at the rear. A new awning is to be put up in front.

—The Cecelia Singing Society now numbers forty and the proposed concert will be given early in May. A rehearsal for the concert was held yesterday afternoon.

—Stevenson, the North avenue restaurant keeper, finds that his table boarders are rapidly increasing in numbers and all express great satisfaction with the way they are treated.

—Quarantine has been removed from the house on Grove street, occupied by Mrs. W. W. Wynn, her little daughter, Henrietta, being convalescent, after an attack of scarlet fever.

—The Grand Union Tea Company, of 138 West Front street, announce that their annual Easter souvenir, a handsome panal picture, "Lily of the Valley," will be ready for distribution and will be given to their customers every day next week. Call and receive one.

STRUCK WITH A PICK.

Painful Accident to an Italian Only Known by a Number.

A most painful and serious accident happened to one of the men employed in John Hunt's gang of truckmen at Dunellen yesterday afternoon. The men are Italians and are only known by numbers. However, the two new men known as Nos. 13 and 15 were working on the roadside, when 13 planted his sharp-pointed pick-axe directly into the back of his fellow workmen—No. 15. The point of the pick penetrated the flesh near the main spinal column to a depth of about four inches, showing that the weapon was brought down with great force. The injured man dropped as though shot from a cannon, and blood spurted from the ugly looking wound. As soon as possible Dr. P. W. Brakeley was summoned and he sewed up the wound. The accident is thought to have been purely accidental, as the two men were on good terms, but working too close together as these two men were, and a little carelessness on the part of No. 13 man resulted in the accident. The result of the man's injuries cannot be foretold, and they may yet prove fatal.

Fueneral of Benny Denise.

The funeral services of the late Benamin Denise, the four-year-old son of Mrs. Denise, who lost his life in the race-way near French's mill, was held yesterday afternoon from the house on West Front street. There was a very large attendance of relatives and friends, including the members of the Woman's Relief Corps, of which Mrs. Denise is a member. The services were conducted by Rev. G. Kennedy Newell, pastor of Hope chapel. Mr. Newell spoke very tenderly concerning the sudden death of the little fellow. There were a great many floral tributes, included among which was a beautiful wreath of white roses from the members of the Woman's Relief Corps. Interment was in Hillside where Mr. Newell offered prayer and the benediction.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way.

Isaac Field, of East Ninth street, is recovering from an illness.

Miss Anna Miles, of Somerset street, is visiting relatives in New York.

Mr. Moore, of West Front street, is in Philadelphia today on business.

Eugene O'Reilly, of North avenue, is enjoying a visit from his father.

Miss Maude French, of Craig place, is spending several weeks in Atlantic City.

Mrs. Neighbor, of Harlem, is the guest of Plainfield relatives for a few days.

Mr. Beckman and family, of East Second street, have moved to Fair view avenue.

Miss Louise Barr, of the Westfield road, is suffering from a very severe attack of the grip.

Mrs F. W. Miles, of Somerset street, is spending the week in New York with friends.

Walter Sampson, of East Fifth street, is able to be out again after suffering from an attack of pneumonia.

Mrs. J. T. Armstrong, of Brooklyn, who has been the guest of relatives in this city, returned home yesterday.

Miss Schroeder, of Amherst, has returned to the home of her uncle, Col. Mason W. Tyler, of West Seventh street.

Mrs. William Addis and family, of Orange place, have returned from a visit with relatives at Newark and Elizabeth.

Miss Sadie Randolph, of West Eighth street, is the efficient cashier for the soda department at Randolph's pharmacy.

Abner Bartlett, of Westervelt avenue, is now able to walk about without the aid of a cane. The injury to his foot is almost well.

Mrs. Charles E. Ryder and her daughter, Miss Ryder, who have spent the winter in New York, have returned to their home on East Front street.

Mrs. E. E. Winckler, of Westervelt avenue, who was called to New York by the death of her father, James Stewart, returned home last evening.

Alfred E. Holmes, the well-known baritone, of this city, will sing at Edmund Myers' musical, which will be held at the latter's studio, Twenty-third street, New York, on April 21st.

Ex Chief John Stagg, of the Paterson Fire Department, and wife, are guests of Chief T. O Doane and family today. Mr. Stagg and Mr. Doane are both members of the Second N. J. Brigade Society, and have always been the closest friends.

LITTLE HOPE FOR LIFE.

Somerset Murderers Will Undoubtedly Die on the Gallows.

Nothing now can save Clawson and Johnson, the two condemned murderers in Somerville, unless the cases are reopened by the Court of Pardons, which is hardly probable. Sheriff Wyckoff is making preparations for the executions. Johnson will be hanged on May 5th, and Clawson one week later. The statutes provide that twelve persons appointed by the court, besides the deputies of, a limited number of representatives of the press, ministers and some others, making in all nearly forty, may witness the execution. The Sheriff is not allowed, under penalty, to let anyone else in, except as provided by law. The list is about completed already.

More Pledges Signed.

A very interesting meeting was held at Reform Hall last evening, and as usual the attendance was large. The programme consisted of instrumental music by William C. Smith, Jr., William Blake, a vocal solo by Joseph Moon, and remarks by the various members of the club. There was also vocal music by several who are interested in the work which the club is doing. An encouraging feature was the additional names secured to the pledge. This work has increased in interest very much and the officers of the club are theseby encouraged.

Charles Pease's Mother Dead.

Mrs. Charles Fox, mother of E. C Pease, formerly of this city, died at Phonexville, Pa., yesterday morning. She was seventy-six years of age and quite well-known to many Plainfielders. The notice of the funeral will be given hereafter.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

News in Short Paragraphs That are Interesting to Read During the Spare Moments of Many Busy Plainfielders.

—The residence of Dr. P. J. Zeglio, of Somerset street, is being painted and repaired.

—The annual congregational meeting of Warren chapel will be held this evening in the chapel.

—J. W. VanSickle, the North avenue butcher, has fresh spring lamb on sale, the first of the season.

—VanEmburgh & Son are showing the largest assortment of dressmakers furnishings in Union county.

—Edward White received yesterday 500 Sudari porch screens and will offer them at remarkably low prices.

—The plumbers about the city are kept very busy at present making sewer connections in the centre of town.

—The German Beneficial Society is arranging for a dance to be given in Saengerbund Hall during the month of May.

—The annual meeting of Warren chapel will be held this evening and a full attendance of the members is requested

—Charles Burnett, the mason, is begining the erection to the addition of the hotel at Sterling under the supervision of Peter Finger.

—Light weight underclothing will soon be very much sought after. Peck has a very fine stock on hand in light merino, silk, etc., and his prices are correct.

—Doane & Edsall say their new spring shoes are the nicest this year that they have ever sold; awfully cheap in price, but very "snappy" in style and finish, and made to wear well and give the best of satisfaction. The variety is so large that there is but little trouble in getting fitted.

—The electric light linemen had no easy task of it when the storm set in last evening. The were kept busy about town looking for lamps that were not burning. One lamp in front of Jaquett's on East Front street was found to be out, but a lineman was soon on hand and remedied the slight difficulty.

—A young woman on a wheel turned from Watchung avenue into East Front street yesterday afternoon, and in doing so she came within an ace of running plumb into the Scotch Plains stage. Ever cautious Tom Newman saw at a glance the young woman's predicament, so he turned his horses to the extreme left, and the bicyclist sped by without mishap.

A Mere Matter of Form.

Potentate—"Have you ordered the new warships?"

Prime Minister—"Yes, sire."

"Have you given directions to increase the size of our standing army?"

"Yes, sire."

"Have you doubled our usual order for arms and ammunition?"

"Yes, sire."

"Have you hurled defiance at our enemies?"

"Yes, sire."

"Have you caused the publication of the rumor that we are simply itching for a fight, and don't particularly mind who knocks the chip off of our shoulder?"

"Yes, sire."

"Then fix the stamp of our royal indorsement to the plans of the Universal Peace Congress."—New York Journal.

Italy's Gentle Queen.

Some time ago the Queen of Italy asked a little girl to knit her a pair of silk mittens for her birthday, giving her the money for the material. A pair of beautifully worked mittens arrived on the Queen's birthday. The little girl received in return another pair; one mitten containing lires, the other bonbons. Queen Margurite inclosed a little note, saying: "Tell me, my dear child, which you like best." The reply ran as follows: "Dearest Queen—Your lovely presents have made me shed many tears. Papa took the mittens with the money; my brother had the bonbons."—Detroit Free Press.

His Wedding Announcement.

A young Englishman was married in Chicago the other day and announced the event to his family, living in Shanghai, China, in a cablegram consisting of the one word: "Hurrah," knowing his relations would understand since he had of course, written them of his engagement. He has money to "burn," and could have cabled a full account of the wedding without creating any financial distress to himself. As it was there was nothing cheap in the message.

It cost $8.10.—Chicago Times Herald.

The First Man Dressmaker.

As far back as 1730 there was in Paris a man dressmaker, and probably the first of his kind. His name was Rhomberg, and he was the son of a Bavarian peasant from the neighborhood of Munich. He owed his success to his genius for concealing and remedying defects of figure. He drove a beautiful carriage on the boulevard, and had an escutcheon in the shape of a pair of corsets and an open pair of scissors painted on the panel of each door. He left a large fortune to his heirs.—New York Sun.

$800 IN GOLD DROWNS A MAN.

At the burning of a steamboat on the Hudson river many years ago, many of the passengers were drowned. Among the bodies brought up from the bottom of the river by grappling was that of a man known to have been an excellent swimmer. Around his waist was a belt containing nearly $800 in gold. That told the story.

"In old and chronic cases of indigestion (dyspepsia or gastritis—it is all the same) the sufferer develops a great variety of symptoms and often dies—poisoned by the products of his own torpid and inflamed stomach. His food, instead of being digested, and so furnishing strength and physical substance, ferments and putrefies within him. The chief process of life is arrested at a vital point. The more he eats the worse off he is. And yet unless he can be fed he must also perish. People do so die, daily, by thousands, but we doctors seldom have the moral courage to give the cause of its true name lest we should be laughed at for our inability to cure so 'simple' a thing as indigestion Simple? Why, it is the capstone of all complaints—and the mother of most of them."—So writes a famous English physician.

Some of the symptoms alluded to are these: Loss of appetite: distress after eating; heart burn and palpitation; giddiness; foul taste in the mouth; the rising of nauseous acids and gases into the throat; furred tongue; spots before the eyes; unaccountable weariness and fatigue; sluggish circulation; weakness and nervous prostration; constipation or diarrhœa; discolored skin, etc.

The sufferer's friends often advise him to cheer up; to throw off his lethargy and eat freely. Bad advice. He knows better. "No," he answers. "I cannot; my food does me no good." He is right. Food now is gold in the spent swimmer's belt.

Take light nourishment, followed immediately by a dose of the Shaker Digestive Cordial—a new and radical remedy discovered and prepared by the Shakers of Mt. Lebanon, N. THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

William VanMiddlesworth has purchased a handsome new tandem bicycle.

Rev. Father Bogard conducted Lenten services in St. John's church, last evening.

Mrs. D. R. Brown, of Brooklyn, is the guest of Mr. and Mrs. Eugene Runyon.

Mrs. A. N. Randolph has returned home from a visit with Jersey City relatives.

Miss Caroline Hurd, of Davenport Centre, New York State, is visiting Mrs. Henry TenEyck.

Truckman Samuel Merrill has gone to Brooklyn with his vans today, to move a family out here.

Isaac Stites was in Newark, yesterday, attending the sessions of the Newark M. E. Conference.

C. H. Thompson and family, of New York, yesterday moved into their new home, the Ryder property, on Prospect avenue.

E. J. McLaughlin has removed from the well-known Ryder place on Prospect avenue, to the house formerly occupied by Peter V. Huff.

A dozen or more persons from here have been subpoenaed to appear before Middlesex County Grand Jury, at New Brunswick, today to give testimony concerning the Neil Scott liquor license.

Mrs. W. H. Coles was just recovering from a long and tedious illness, when on Sunday last she contracted a severe cold, which has proved quite a set back. She is confined to the house and her main diet and nutriment now is beef tea.

The funeral of the late Robert Humpston, whose death was announced in yesterday's Press, will take place from the house on Saturday at 2 p. m., Rev. Mr. Martine officiating. Interment will be in Hillside cemetery, Plainfield.

The tenth annual meeting of the Dunellen Building and Loan Association will be held in the new Town Hall on Monday evening, April 19th at 7:30 o'clock. Then it is expected that a new series will be opened up, and three directors will be elected to succeed the three whose terms expires.

One woman at the Emerydale station, while waiting for a car, last evening, emphatically declared that she heard katy-dids. She had evidently been listening to the dulcet tones of the mole crickets which inhabit the low lands and make the night hideous by their screeching noises.

SCOTCH PLAINS.

Fred Clark will have another cow and horse sale at Emery's hotel stables on Saturday of this week.

The sidewalk and gutter along John Marsh's property are being repaired, and the gutter in particular is being dug out and put in excellent shape.

A little youngster, who was stealing a ride on the steps of the Fanwood stage, yesterday afternoon, fell off, and run home with a sprained wrist.

The more is said about coasting down the mountain road into town, the more some of the young people like to try their luck. The Press is decidedly averse to reporting accidents but unless this dangerous practice is abated, it may soon have occasion to do so.

Thousand of black birds still find their roosting place in the tall trees surrounding the "Count" Van Nest property on East Front street. The birds take to the mountain early in the morning and at night find a haven of rest in the tall trees which are plentiful there.

As The Press has before stated there is quite a demand for moderate sized houses from out-of-town parties. But they are not to be had. At Fanwood there are several unoccupied houses, but they are of the higher grade, and beyond the reach of the ordinary mortal. It was stated some time ago that a syndicate composed of New York and Newark capitalists had agreed to purchase land and erect a dozen or fifteen medium sized houses. Their plans were evidently based on the trolley extension. But as this still remains in a dormant state, the capitalists are holding on to their boodle, and the houses are not going up.

PASSING COMMENT.

The great demand for lock-boxes in the local National Banks by the people of Plainfield who desire to store their valuables is marked. People who recently have kept their goods in New York have been led to take advantage of a law which will go into effect in New York May 1st. According to this law any person who may have goods stored in a safe deposit vault in New York is unable to have the same taken care of by their relatives or friends in case of death. If the owner of the contents of the box dies, the city officials place a seal on the box and at the proper time they open the box and place a valuation on the goods and distribute the same to those entitled to receive them. For this reason a large number of Plainfield ers have brought their valuables to this city and placed them in the First and City National Banks.

LINCOLN.

Silas D. Drake, the founder of Lorraine, Lincoln and other places, was in Plainfield today and arranged to open a Plainfield office for the new town of Lincoln, at the offices of Moffett & Mundy, real estate and insurance agents, in the U. S. Express Co's building, North avenue, adjoining the railroad station. Louis L. Drake will be the Plainfield representative. A limited number of tickets will be given to those desiring to visit the town, on the first train which leaves for Lincoln at 2:32 Monday. As no lots are for sale, this will afford a pleasant trip to any of our readers who may care to go.

ENTERTAINED AT EUCHRE.

A Pleasant Event Given by the Misses Kenlen.

The Misses Kenlen, of Carleton avenue, gave a euchre party to a few of their friends at their home last evening. The event was one of genuine pleasure, to all and the playing was excellent. Miss Kittie Ransom secured the first prize for the ladies, and Albert Garland was awarded the honors for the men.

After the game the guests enjoyed vocal selections by Miss Kenlen and Miss Raybert and instrumental selections by Mr. Garland and Miss Raybert. After a bountiful supper was served, the balance of the time was passed in sociability.

Among those present were: Mr. and Mrs. Edward E. Marshall, Miss Etta Raybert, Miss Kittie Ransom, the Misses Kenlen, Miss Mary Brown, Dr. Pocock, Albert Garland and George Graves.

Dr. French to Talk.

Next Sunday evening Rev. J. Clement French, of Newark, will make an address at the First Presbyterian church, it being the anniversary celebration of the Cristian Endeavor Society of the church. There will be also special music by the choir and other interesting features.

Miss Annie Davis, of West Fifth street, has gone to Hopewell to visit relatives.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and spffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. WESTFIELD

VARIOUS BITS OF NEWS.

WESTFIELD HAPPENINGS SERVED UP TERSELY FOR THE PRESS.

Many People Go and Come in the Pretty Suburban Town—Items Interesting Because of Their Brevity.

Miss Grace Crosby is visiting in Roselle.

Druggist John Dorval is able to be up and about again.

The town committee meets this evening and another wrangle is on the schedule.

The Woman's Foreign Missionary Society of the Methodist church met at 2:30 this afternoon.

The Social Club was treated to its regular dancing lesson last evening, by Miss Georgie Bogert.

Samuel Packer and Miss Mary Hulse, of New Brunswick, will be married about the first of next month.

Dr. R. R. Sinclair found it necessary to "incubate" the Toms diphtheria case and the patient has shown much improvement.

The Westfield Gun Club and Game Protective Association held a meeting in the parlors of the Park Hotel last evening, but as the articles of incorporation had not yet been received no business of importance was transacted. The meeting was quickly adjourned and the men filed into the dining room where an elaborate banquet was served. The evening was one the boys will long remember and often recall the toasts and speeches that bubbled over with wit and laughter.

John Kittyles, of Westfield, has commenced suit in the District Court at Elizabeth against his father-in-law, Aaron Clark, to gain possession of the furniture used by himself and wife in housekeeping. Kittyles was released from the county jail a couple of weeks ago, where he had been held for cruelly beating his wife. Mrs. Kittyles and her children, with her furniture, were taken to her father's home. Kittyles has also served notice on Mr. Clark, that if he does not cease alienating his wife's affections from him and permit him to see her and their children, he will institute proceedings for damages.

Notwithstanding the inclemency of the weather last evening, there was a large audience in the Presbyterian church to listen to the sacred cantata, "The Great Light," which was given under the auspices of the Ladies' Sewing Society. The following was the programme: "Praise ye the mighty God," chorus, baritone solo and duets; "Every valley shall be exalted," soprano and baritone solos and chorus; "Behold a virgin shall conceive," tenor recitative; "Brightest and Best," tenor solo and chorus; "Calm on the list'ning ear," contralto solo, quartet and chorus; "Arise, shine, for thy light is come," chorus and tenor solo; "Light of the world," female quartet; "He knows it all," male quartet or chorus; "O, sacred head," chorus; "The crucifixion," tenor recitative and chorus; "Slowly the daylight is fading," quartet; "Easter dawn," soprano obligoto solo and quartet; "Christ is risen," chorus, contralto and soprano solo; "Crown him with many thorns," male chorus, with baritone and tenor solos; "The heavens declare," chorus, baritone solo and quartet; "All hail the power."

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

THE SUNDAY LESSON.

INTERNATIONAL SERIES, WITH COMMENTARY BY DR. STEARNS.

Golden Text: "Whosoever Believeth in Him Shall Receive Remission of Sins." Acts x, 43. April 11, 1897.

30. Peter and six men from Joppa (chapter xi, 12) have arrived at the house of Cornelius, the Roman centurion in Caesarea. Cornelius was a just and God fearing man, much given to prayer and good deeds and beloved by all the Jews of the city (verses 1, 2, 22), yet not a saved man chapter xi, 14). But God saw his earnest desire, and in the way here recorded brought Simon Peter to him as He had before brought Philip to the eunuch. Cornelius, with his kinsmen and friends, welcomed Simon Peter and the brethren, and Peter, having explained why he, a Jew, had come to uncircumcised gentiles, asks for what intent they had sent for him, and Cornelius here begins his story.

31. "A man in bright clothing" is his description of the angel who came to see him. The appearance of the angel at the sepulcher was like lightning, and his raiment white as snow (Math. xxviii, 3). Some day we, too, shall shine as the sun (Math. xiii, 43. The angel's message was, "Thy prayer is heard and thine alms are had in remembrance in the sight of God."

32. Heaven is interested in Simon Peter also and knows just where to find him and how to make him willing to take this journey and do this work. Consider the "all things working together" in this record—the hungry man, the delayed dinner, the trance, the vision, the visitors, and everything just at the right time. Be not afraid to believe that heaven is interested in you, and have faith in God.

33. Immediately the centurion sent to Joppa. Peter did well to come, and now they are ready to hear the message from the God of heaven. They were assembled before God to hear the message from God through Peter. They wanted none of Peter's thoughts or wisdom or eloquence, but only what God has commanded him to speak. The Lord Jesus Himself only spoke what the Father commanded Him (John xii, 49), and every messenger of the Lord may take all possible comfort from Ex. iv, 12; Jer. i, 7-9, etc.

34. "Of a truth I perceive that God is no respecter of persons." Thus Peter began his message. God took great pains to teach him this (verses 11-16), and he never forgot it, but long afterward referred to it in I Peter i, 17. See also Paul's reference to the same in Rom. ii, 11. If necessary, God will give a vision or send an angel to instruct us, but blessed are the simple and teachable who, like Mary, sit at Jesus' feet and hear His word (Luke x, 39).

35. "But in every nation he that feareth Him and worketh righteousness is accepted with Him." This does not conflict with chapter iv, 12, and the great truth that there is none other Saviour besides Jesus Christ, but wherever any one, Jew or gentile, earnestly seeks after God, He will regard them and so reveal Himself to them that they may be saved. To conclude from this verse that if we do the best we know how we are safe would be a perversion of Scripture, for by the deeds of the law (and the law is holy) no flesh can be justified (Rom. iii, 20-24).

36. "Preaching peace by Jesus Christ." Made nigh by the blood of Christ, for He is our peace, having made peace through the blood of His cross. The work of righteousness shall be peace, and the effect of righteousness, quietness and assurance forever. Therefore, being justified by faith, we have peace with God through our Lord Jesus Christ (Eph. ii, 13, 14; Col. i, 20; Isa. xxxii, 17; Rom. v, 1). That which every soul needs is peace, peace with God, and it cannot be found apart from Jesus Christ.

37. "That word, I say, ye know which was published throughout all Judea." They had heard of Jesus, they knew something of the way, but they needed clearer light. They evidently knew something of the deeds of the law, of prayer, of almsgiving, of the one living and true God and the righteousness which He required, but they knew not the way to get it. They were ignorant of God's righteousness (Rom. x, 3).

38. Jesus of Nazareth was righteous and did righteousness. He was God manifest in the flesh and set forth before men perfectly the righteousness which God required of man. He never pleased Himself nor lived unto Himself; but, being filled with the Spirit, went about showing men by word and deed the love and goodness of God. He revealed God to men; He glorified God.

39. Peter was with Him during all His public life and saw His acts and heard His words and as an eyewitness could testify that He was what He professed to be, the Son of God, the Messiah of Israel, the Saviour of sinners. He saw Him cleanse the leper, heal the sick, raise the dead and send the penitent sinner away with the assurance of all sins forgiven. He also saw Him crucified on Calvary.

40. "Him God raised up the third day and showed Him openly." All Scripture concerning His life and death and resurrection had been fulfilled, and that to the very letter, and, as He in His lifetime had repeatedly foretold, He rose from the dead on the third day, taking out of the tomb the very same body that was put in the tomb having the unmistakable evidences of nails through His hands and feet and the spear thrust into His side.

41. "Not to all the people, but unto witnesses chosen before of God." Unbelievers have not seen Jesus since He was crucified, but as many as 500 of the disciples saw Him at once after His resurrection (I Cor. xv, 6), and He appeared not less than ten different times, and He actually ate with them, as Peter here says (Luke xxiv, 41).

42. "It is He which was ordained of God to be the judge of quick and dead." He will judge His redeemed at His own judgment seat (Rom. xiv, 10; II Cor. v, 10). He and His redeemed will judge the nations when He shall come in glory, bringing His saints with Him (Math. xxv, 31, 32; I Cor. vi, 2; Col. iii, 4), and then at the end of the thousand years, at the great white throne He will judge the ungodly.

THE BICYCLE LEG.

Wheeling is Not Conducive to Graceful Dancing and is Commended by Some.

Expert wheelwomen as well as beginners are burnishing their wheels preparatory for the summer. The bicycle dealers are as busy as bees in honey-making time, and, although they do not expect to do such a vast business as they did last year, they expect the trade to increase from this time on. These are merely straws showing that the bicycle season is on.

The wheelwomen seem delighted to turn once more to their favorite pastime. For two weeks little knots of them have gathered and discussed wheels and wheeling. A rest seems to have whetted their appetites for bicycle talks as well as runs.

"Bicycling beats dancing, and I for one am glad to return to my second love," announced a dainty looking girl in an imported suit.

"Of course it beats dancing; but why do you say second love?" asked a plump brunette.

"Oh, because I danced before I wheeled," she answered.

Count that day lost whose low descending sun
Hath not beheld at least a ten-mile run.

"For my part, I've learned one thing this winter," said an athletic girl in a short skirt and a red sweater. "I've got to give up either dancing or wheeling. It's impossible for me to do both."

"The same here," put in three other girls.

"What on earth has bicycling got to do wnth dancing?" queried the brunette. "You dance in winter; you wheel in summer. Why they should interfere with one another I can't see. Of course, I didn't learn to ride until last fall, and——"

"That's the very reason you don't understand why we must stop dancing," interrupted the athletic girl. "You see, we've developed the bicycle leg."

"The bicycle leg," repeated the brunette, aghast. "What is it? I've heard of the bicycle face, the bicycle back, the bicycle brain and the bicycle voice, but the bicycle leg is new to me. Tell us about it."

"We've got it," put in three others.

"And you'll get it if you ride much," said the athletic girl with a malicious laugh. "It attacks women riders a great deal oftener than it does wheelmen," she continued, "probably because their muscles are more vulnerable than those of a man. I never rode much until last summer, and didn't notice that my legs had been affected by it at all until the dancing season opened. The muscles of my legs seemed to remain stiff all the evening the first dance I attended, and I was really uneasy, for I thought I'd contracted rheumatism. My legs wouldn't act light, and I couldn't manipulate my feet or make them go. My partners glared at me, and none of them came forward for a second turn, so I pleaded a headache and went home. I was puzzled, but I didn't say anything to anybody, for I'd always had the reputation of being a fine dancer. It was the same thing at the next dance, and the next and the next, and at last it dawned upon me that I had the bicycle leg."

"I had the very same experience," testified another enthusiast. "I, too, used to be considered a pretty good dancer, but since I've been riding a bicycle I'm no longer a desirable partner."

"Why, how does wheeling affect the legs so as to make it impossible to dance?" asked a novice.

"Well, it seems we have two sets of muscles in our legs," explained the athletic girl. "One we use in all kinds of graceful exercise such as dancing and Delsarte movements, and the others are used for work. Pushing the pedals develops these working muscles, and the others are overcome, and when you attempt to do the graceful act you are about as graceful as a cow would be. The preachers who oppose dancing would find a good argument in favor of the wheel as a moral agency right along this line. Dancing is unquestionably a form of dissipation; if bicycling does away with that pastime, it will certainly do more than moralists have ever been able to accomplish, and I believe in time that it will. If wheelwomen find out that they have to give up one or the other, I predict the abandonment of dancing."

"And I predict the abandonment of the wheel," put in a man who came up in time to hear the last remark. "Wheeling is a fad with women. They won't stick to it, especially if it interferes with their dancing. In another twelve months they will have forgotten that they ever rode a bicycle."

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint, that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the origina. olor. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

THE ANTICARTOON HEARING.

Postponed For a Week on Account of Insufficiency of Attendance.

Albany, April 9.—The consideration of the anticartoon bill by the assembly committee on general laws has been put off until next week.

There was to have been a hearing yesterday afternoon. The bill had been referred to the committee and notices that the hearing was to take place were not sent out, but as Senators Ellsworth wanted to have the bill reported out of the committee with all possible haste some of the members agreed to take up the bill yesterday and hear any one who might be present and desire to talk. When the committee took up the bill, there was no one present to speak upon it except Assemblyman Roehr of Brooklyn, who is opposed to it.

He asked that the hearing be adjourned until some day next week, as he had telegrams from some of his constituents asking to be heard in opposition to it. Other members of the committee also announced that they had received requests for a hearing, and Mr. Burr of Suffolk, a member of the committee, moved that the hearing on the bill be postponed until next Tuesday.

Assemblyman Forester of Kings opposed the motion. He said that he had been requested by some of his constituents to have a hearing on the bill, but he did not want any delay, and he asked to have the bill acted upon without any date being set for a hearing.

Every other member of the committee opposed him, and the motion to give a hearing next Tuesday at 3 p. m. was carried.

It was stated by some members of the committee that the bill was to be amended so as to permit the portraits of public officials as well as fugitives from justice to be published without permission, but the amendments will not permit the men to be cartooned or caricatured.

Prisoner Claims to Be Innocent.

Auburn, N. Y., April 9.—The application for a pardon for Joseph Thornton, who is serving a 15 year sentence in Auburn prison for burglary, will again come before the governor on Monday next. Thornton was convicted of bank burglary at Vernon, and was sentenced by Judge Dunmore at Utica about three years ago. Since his conviction three other men have been arrested for the same crime. They confessed their guilt and were sentenced to Auburn prison, where they now are. In their confession they exonerated Thornton of any complicity in the crime. Application was made to Governor Morton for Thornton's pardon in the fall of 1895. Letters were sent to him from Judge Dunmore, who sat in the case, from District Attorney Kleck, who prosecuted it, and from Sheriff Weaver, who arrested the criminals and to whom they made their confession, but the pardon was not granted.

John Quincy Adams' Birthplace.

Quincy, Mass., April 9.—The old John and Abigail Adams cottage where President John Quincy Adams was born, which has been undergoing extensive repairs, has been informally opened to a few friends of the Quincy Historical society. The old fashioned New England dinner served was cooked in the brick ovens which have not been used for over a century. This old cottage was presented to the Historical society by the Hon. Charles Francis Adams, and it is being fitted up in old colonial style. It will be opened to the public at an early date, and the Adams family relics will be placed on exhibition.

Suit Against Bicycle Makers.

Boston, April 9.—Herbert G. Batchelder of this city, who recently purchased a Warwick bicycle, has brought suit in the first session of the superior court against the Warwick Cycle company to recover $5,000 damages for injuries alleged to have been sustained by the breaking of the machine. The plaintiff alleges that he bought a bicycle which was guaranteed sound. Plaintiff rode it a few weeks, when it broke at the forks, and he was thrown to the ground with great violence, his collar bone being broken and other injuries sustained.

To Liberate Melton.

Washington, April 9.—The state department has been informed that the health of Opa Melton, one of the Competitor prisoners, which has been reported to be very bad, is now much improved. When he recovers completely an effort will be made to separate his case from those of the other prisoners on the ground that he was a newspaper man, and not a combatant, and secure his release.

Medical Colleges to Consolidate.

Albany, April 9.—At the regents' special meeting the Bellevue Hospital Medical college was, on unanimous request of its faculty and trustees, consolidated with the New York university, the medical department of which will be known hereafter as the New York University-Bellevue Hospital Medical college.

THE KNOXVILLE FIRE

Half a Dozen Hotel Guests Perish In the Flames.

THE PROPERTY DAMAGE IS GREAT.

It Was the Most Disastrous Fire In the History of the Tennessee City—The Heart of the Business Section Is Swept Away.

Knoxville, Tenn., April 9.—Never in the history of Knoxville has the city suffered such a loss by fire as it did yesterday. The very heart of the city, including some of the largest wholesale and retail business houses in the south, were destroyed. The loss is variously estimated at from $1,000,000 to $1,500,000, with about 60 per cent insurance.

The loss of life is very uncertain, the register of the Hotel Knox, in which 56 people were sleeping, being burned. The proprietor of the hotel says that he had five or six guests who have not put in an appearance. A. E. Weeks of Locke, N. Y., drummer for a Rochester stamping company, is known to have perished in the flames. R. W. Hopkins, a St. Louis drummer, was last seen in the burning building in a suffocating condition. W. H. Kephart, ex-secretary of the Chamber of Commerce, saved the life of John Bogle, an old farmer, by dragging him to a window and letting him out on the roof of another building. Kephart jumped one story and was injured.

When the fireman thought all the inmates of the hotel had escaped, a woman, with an infant in her arms, rushed to a rear winow and screamed for help. A net was quickly stretched and the woman asked to drop the child out, but as the smoke almost choked her she told the men that if one had to die both would die. The woman was finally rescued by the firemen.

Stiff Breeze Fanned the Flames.

From the hotel building, which is five stories, the fire spread east and west. A stiff wind made the flames very ugly and the fire department was inadequate. In the wholesale hardware house of W. W. Woodruff & Co. a dynamite explosion occurred, and scores of people were hurt by flying bricks and glass. It became necessary at last to have the walls of one building blown down by cannon to check the spread of the fire. A mountain howitzer of the Knoxville legion was called into play, and a load of canister did the work, at the same time tearing up some residences in a different portion of the city.

The city authorities, realizing that the fire department was unable to conquer the flames, telegraphed to Chattanooga for assistance. An engine was placed aboard a flat car on the Southern railway and started the run of 111 miles, which was made by Engineer Robbins in 115 minutes, with one stop for water, an average of 60 miles an hour, breaking the record. When the engine arrived here the fire was about under control, yet the Chattanooga boys did some good work. A cabinet worker named P. C. Dyer fell dead on the street from fright.

A man named Robinson from Pulaski, Tenn., is supposed to be another victim.

He was registered at the hotel and has not yet shown up. A large force of men are at work clearing away the debris and searching for the bodies. The street car lines are completely tied up, and all the electric companies have suffered.

Ex-President Cleveland Banqueted.

Trenton, April 9.—Ex-President and Mrs. Cleveland were the guests of honor at a dinner given by Mr. and Mrs. Charles E. Green at their home here last night. Mr. Green is president of the board of trustees of Princeton university, and the dinner was for the purpose of introducing the Clevelands to members of the judiciary and bar of the state. Those present were Governor and Mrs. Griggs, Chancellor and Mrs. McGill, Chief Justice Magie, United States Judge and Mrs. Kirkpatrick, Hon. and Mrs. George Gray of Delaware, Hon. and Mrs. John A. Stewart of New York, Judge and Mrs. William L. Dayton, General and Mrs. W. S. Stryker and General and Mrs. Richard A. Stockton.

Fearing Is the Champion.

Boston, April 9.—George L. Fearing, Jr., won the amateur championship of the United States at court tennis, defeating his club mate, L. M. Stockton, in a five set match, 3-6, 6-3, 6-4, 5-7, 6-3. The games were said to be by many devotees of the sport the best ever played on the Boston tennis courts. Both men had previously won from the representatives of the New York Racquet and Tennis club, and as Stockton won the championship last year he was considered the favorite.

Married Between Two States.

Williamsport, Pa., April 9.—General Superintendent A. C. Palmer of the Beech Creek railroad and Miss Mary Baer were married in the former's private car while it was speeding over the rails at 40 miles an hour. The ceremony was performed between Jersey Shore and Newberry by Rev. P. S. Kohler, a Presbyterian minister of Jersey Shore. The bride's brother and his wife witnessed the ceremony.

Prominent Chicagoan Dead.

Chicago, April 9.—Colonel W. Augustus Ray, at one time vice president and for 22 years a prominent operator on the board of trade, died here of chronic kidney trouble. Colonel Ray organized Company F, Fourth Wisconsin infantry, and was made commander of the regiment. He held Memphis against the Confederate General Forest when the latter made his famous raid on that line.

Convicted Correspondents Liberated.

Trenton, April 9.—The board of pardons granted pardons to Joseph H. Hall and Edward M. Denton, convicted in the Camden court of having libeled a policeman in the Camden Citizen and sentenced to three months. The case had been carried to the court of appeals, which recently affirmed the conviction.

Strikers Defeated.

Syracuse, April 9.—The strike among the men employed by McDonald & Sayre on their coal contract is over, all but 30 of the men returning to work. The firm did not grant the increase of 2½ cents an hour demanded by the men.

The Popular Exercise Provides Incidents and Expressions That are of Especial Moment When Wheeling is the Rage.

Rev. C. E. Herring, of East Second street, will ride a new Spalding this year.

William Townley, driver of the Alert Hose carriage, has received a new Spalding wheel.

John D. Runyon, of the firm of Boice, Runyon & Co., is one of the latest to ride a wheel. For a novice Mr. Runyon is doing remarkably well.

Charles B. Morse, of the reportorial staff of The Daily Press, has just received his new '97 Cleveland Swell Special from the F. L. C. Martin Cycle Company.

Harry Yaeger, of Liberty street, has joined the vast army of the riders of the Spalding wheel and is greatly pleased with the wheel. He purchased it from W. H. Rogers, the hustling North avenue bicycle dealer.

Carroll L. Runyon, of the track team of the Plainfield High School, has received his new Spalding racer and has regularly begun his training for the various spring games. His team mate, Lindley M. Hillman, has decided on the Spalding as his mount for the year and will receive his racer in a few days.

INS AND OUTS.

A baseball nine is being organized by the boys of the North Plainfield High School.

The Plainfield High School nine will play a practice game on Saturday afternoon against the team from the Plainfield Athletic Club. The game will be played on the old Y. M. C. A. grounds on Washington avenue.

While neither side distinguished themselves in the opening game of the season, last Saturday afternoon, between the nines of the Plainfield High School and the Leal's School, by their particularly good playing, the lovers of the national game were very much encouraged by the beginning made this year. The game by no means decides the supremacy of Leal's over the High School but was merely a practice game to give the players on both sides a chance to see what they could do in a regular game. Captain Stevenson, of Leal's, found at the last moment that there were not enough players from his school to complete the team and so was compelled to take on two outsiders. Captain Lederer of the High School made no objection as he was anxious for a game under any circumstances and did not regard the game as important. Rockwell, one of the outsiders, was certainly an important factor in the victory for the Leal's boys but the latter are anxious to defeat the High School with a strictly school team or not win the game and it will be under those circumstances that any match games between the two schools will be played.

WHIST.

The next club on the list of challengers for the State challenge whist trophy, which is now held by the Park Club of the borough, is the Union Club, of Rutherford. Their team will come to this city on Monday evening to play for the trophy. They have only recently joined the association but are looked upon as a strong team. Whether they are in the same class with the Parks remains to be seen.

GOLF.

The golf links of the Hillside Tennis and Golf Club of this city will be opened tomorrow afternoon for play, providing the weather is good. An informal tea will be held in the little club-house on Plainfield avenue during the afternoon. The guests will be received by Miss Ginna, assisted by several of her friends.

EARLY INTELLIGENCE.

—Tomorrow, Saturday, April 10th, VanEmburgh will sell a special lot of lace stripe dimities, figured at 10 cents a yard.

—A representative of the New York Employment Agency, 626 Sixth avenue, New York, will be at McVey's hotel, North avenue, today and tomorrow, to explain the system of the agency to those who desire reliable help. They aim to have only the best of servants to furnish for positions. Plainfield housekeepers will find it to their advantage to consult with them.

VETERANS MET IN RAIN.

CONTINUED FROM PAGE 1.

ticular. Over two hundred people were served and all expressed great satisfaction over this part of the programme. After the banquet an adjournment was made to the upper part of Reform Hall where the exercises are now being held. The exercises were opened with prayer by Chaplain Kline of the Brigade, after which C. A. Marsh made an address of welcome on behalf of the city. The genuine hospitality of the city was extended in the broadest sense and everyone was made to feel that the welcome was most cordial.

This was followed with the soldiers' welcome by Comrade Rev. L. E. Livermore, of this city. This speaker welcomed the visitors to this city in the name of the G. A. R. and kindred organizations. His words were very timely and thoroughly enjoyed. Interspersing the different addresses there was excellent music by the cornet band, and other exercises of an interesting nature.

The main room at Reform Hall presented an attractive scene, and it stirred the heart of every veteran who was there. There was a profusion of bunting arranged about the hall, also several large American flags. On each side of the gallery was to be seen the names of the famous generals who were and are at present members of the Brigade. One of the most soul-stirring scenes was on the platform, where an ideal camp-fire is displayed.

There is the tent, in front of which is placed a camp-fire scene with the pots and kettles so familiar to every veteran. Over the platform is hung a large flag, while at one side is a list of the battles in which the members of the Brigade were engaged. There were other decorations, all of which added to the general patriotic picture.

This brigade was composed of the 5th, 6th, 7th, 8th and 11th New Jersey Regiments, the 2d and 150th New York, the 26th and 115th Pennsylvania, 1st and 11th Massachusetts, 1st Maine Heavy Artillery and Clark's Battery, and they were under the command of General Joseph Hooker, better known as "Fighting Joe." The men who composed this Brigade enlisted for three years, and they formed one of the most important in the army. They started out in the fall of 1861, with about four thousand men, and when the Brigade was mustered out at Washington, in 1863, there was about three hundred survivors.

The first commander of the Brigade was General Starr, who was selected owing to the fact that he was the senior officer and ranked as colonel. He remained with the Brigade until Yorktown was reached, and there he was killed. General Frank Paterson, of the Regular Army, was then put in command, and he led the Brigade into every engagement until the close of the second battle of Malvern Hall, where he was killed. General Carr was then made commander. During the rest of the war Generals Mott, Sewell and McAllister were at different times in command. This Brigade was one of three that formed Hooker's Division of the Third Army Corps. The other two were Excelsior Brigade and Hooker's original Brigade. The Second Brigade was engaged in every battle, with the exception of the one at Antietam, and in each battle they played an important part. General Hooker relied principally on the Second Brigade, and after the war he loved to call it his "Old Guard."

Gen. Sickles commanded the Second Division of the Third Army Corps and it was at the battle of Gettysburg that he lost his leg. When Gen. Hooker was made commander of the Army of the Potomac, Gen. Sickles took his place as commander of the Second Brigade. There were none that fought more gloriously than the members of the Brigade from New Jersey and under the lead of the loyal commanders they made every fight tell for the right. It is doubtful if there is a Brigade that has a better record and the surviving members naturally feel great pride.

Among the Plainfield members of this Brigade are Calvin H. Rugg, William Hand, T. O. Doane, W. H. Williams, W. W. Coriell, J. W. Van Horn, W. S. Brown and John Goodwin.

This event today marks the thirty-third anniversary of the surrender of Gen. Lee to Gen. Grant at Appomattox, April 9th, 1865. After that the Brigade went to Washington where they mustered out after the grand review by President Lincoln. History has recorded many valiant deeds of the men who fought in the Second Brigade and the members as they are assembled here today are once more privileged to greet each other and recall the many incidents, both happy and sad, which formed such a history. These men are honored because they did so much to save this beautiful country and to preserve for the present generation the freedom which we all have inherited.

—The death of Mrs. Susan Cortright, 418 West Fifth street, occurred last night at 6 o'clock. Notice of the funeral will be given hereafter.

PARTICULAR MENTION.

John G. MacLaughlin, of Somerset street, is able to be out again after an illness.

The condition of Henry Wedemeyer, or Somerset street, who has been so ill, is somewhat improved, and hopes are entertained for his recovery.

The marriage of Miss Essie Smith, of West Front street, and George Taylor, of Dunellen, will take place Wednesday evening at 8 o'clock at the home of the bride.

At her home, 104 Manning avenue, Mrs. C. Goodman is very ill and confined to her bed. She is a great sufferer, but bears her affliction without murmuring, as she is a follower of Jesus.

Commissioner of Deeds.

U. B Crane has received his commission from Governor Griggs as Commissioner of Deeds for the First ward. He will look after his duties as commissioner in connection with his duties as justice of the peace.

—Lawyer George Bird has received his new improved safe. The operation of raising the safe to the second-story window was watched by a large number of spectators.

BOUND TO BE SKINNED.

The Reformed Gambler Says Egotism Wrecks Good Men.

"I tell you," declared the reformed gambler, "that there are people in this country who insist upon being swindled. Nine out of ten of the men who are caught know that they are going up against some kind of a bunco game. They have read all about it, but it is the infernal egotism of the average man that leads him into the trap. He knows that others have been caught, but he's too smart for anything of that kind, don't you see.

"I was at a county fair in Iowa exposing the tricks of gamblers. My grafe was in selling a little book that I had on the subject. There was a pretty lively gang there from a back township, and when I showed them how the shell trick was done, one big fellow insisted that he could locate the elusive pea and was bound to bet on the proposition. I told him that I was out of the business, but that he was mistaken. Then they set up a cry that I was a fraud and afraid of my own game. I went over the whole thing again, and showed how they were fooled, but I must give the fellow a chance or they would wreck my whole outfit.

"At last, just to save myself, I let him put up his money, and tendered it back to him after I had won. Then it took three other men to keep him from whipping me because I took him for a squealer. One or two others insisted on having a try at it, and never turned a hair because of their losses. When it came to three-card monte, it was the same. Each of half a dozen men was sure that he could pick the card, and, despite warning, would have a try at it, and some of them two or three times. When they were cleaned out there went up a howl that I was the rankest kind of fraud, and they chased me three miles into the country before it waes dark enough for me to escape."—Detroit Free Press.

OHIO'S NEW SCHOOL SYSTEM.

Graded School Pupils Collected in Coaches for Three Miles in Every Direction.

Ohio's Western Reserve, that home of advanced ideas and institutions, is now advancing an idea that bids fair to supplant the old time district school. It is called the Kingsville system, having originated in that place in the northern part of this country, although it is now spreading with prairie-fire celerity. It gives to every pupil in a township a graded school education, securing it by means of coaches stopping night and morning to collect and return pupils for and from a graded school in the centre of the township. The new plan is proving popular and it is relegating the little stuffy district school-house to the position in American history of the log cabin and the extinct buffalo.

These calls of coaches are operating to both augment attendance and promote punctuality, the pupil being marked tardy if not ready when called for. The education in the teacher service secured by this process of centralization is found to go far towards offsetting the cost of the coach service.

Prof. C. A. Corbin, principal of Kingsville high school, suggested the system five years ago, his successor, Prof. F. E. Morrison, pushed it, and Assemblyman William S. Harris, of this district, procured the needed legislation which is now resulting in its general adoption. Legislative reforms in school government have accompanied this reform.

The Old Chap Himself.

A young recruit, who lately joined a line regiment, was set on sentry-go, and was, of course, new to the business. A good-natured comrade brought him a sandwich from the canteen, and the recruit was about to consume it, when the major appeared.

As the officer was in mufti, the sentry did not recognize him, and did not salute. The major took in the situation, and asked:

"What's that?"

"A sandwich," replied the recruit. "Have a bit?"

"Do you know who I am?" asked the major.

"Don't know you from Adam; perhaps you're the major's coachy."

"No, I'm not."

"His groom, perhaps."

"No; try again."

"Perhaps the old chap himself."

"Right this time," said the major.

"Oh, Lord!" exclaimed the frightened sentry, "Hold the sandwich while I present arms!"—Answers.

Corporation Notice.

Whereas, The Common Council propose to proceed under the "Martin Act," and thereby enforce payment of unpaid real estate taxes and assessments by sale of the fee of the real estate on which taxes remain unpaid.

And Whereas, as to real estate taxes for the year 1881 and the years prior thereto, the Common Council has power, subject to the approval of the Mayor, to make such revision, alteration, adjustment and settlement of such taxes and all interests and penalties thereon as may be deemed for the best interests of the city, provided the amount of such taxes as adjusted be paid within thirty days from the date of such adjustment; and there appear to be equitable reasons why such power should be exercised with respect to the taxes above referred to in the case of such delinquents as may apply to the Common Council for that purpose:

And Whereas, power to compromise said past due taxes, interest and penalties will cease at once upon the appointment of commissioners under the "Martin Act," and motion for the appointment of such commissioners by Supreme Court Justice Van Syckle will be made on May 29th next:

Resolved, That delinquents in the payment of real estate taxes for the years 1881 and prior thereto be notified by advertisement in the official newspapers that if they desire to apply to the Common Council to amicably adjust and settle unpaid real estate taxes for the years 1881 and prior thereto so as to have any part of said taxes or the interest and penalties thereon reduced or canceled it will be necessary to present to the Common Council their written applications specifying in detail the property and taxes in question on or before the date of the meeting of the Common Council to be held May 3rd, 1897.

TALK OF FIGHTING DAYS.

INTERESTING SECOND NEW JERSEY BRIGADE REUNION EXERCISES.

Brief Remarks Made by Many of the Old Veterans in Which the Stormy Times of the Sixties Were Referred to.

The members of the Second N. J. Brigade, who held their tenth annual reunion in this city yesterday, enjoyed the festivities of the occasion at Reform Hall in the afternoon after the banquet. The hall was filled with veterans, members of the Woman's Relief Corps and their friends. On the platform was seated a number of noted speakers who entertained those present. The master of ceremonies was E. C. Morse, chairman of the general committee, who, in his excellent style, introduced the speakers. Owing to the fact that Mayor Fisk could not be in attendance his place was ably filled by Corporation Counsel Craig A. Marsh, who, on behalf of the city, welcomed the visitors to Plainfield. The response was made by ex-President U. B. Titus, of the Brigade. The remarks made by both of the above distinguished men were received most cordially on the part of all. The soldiers welcome by Comrade Rev. L. E. Livermore was exceedingly appropriate and full of timely suggestions. One of the best addresses was made by Comrade Edward Stewart, of Philadelphia. Mr. Stewart was years ago a resident of this city, and in fact he was born here. His words brought tears to the eyes of many present as he told how it was that after hearing a powerful sermon in the hall where he then stood, and which was then known as the Second Baptist church, he walked outside and together with sixteen Plainfield boys enlisted in the Union Army. He brought to the minds of several incidents of the long ago, which are indeed tender memories. He paid loving tribute to the memory of the late John Hand, brother of Capt. William Hand, after whom the local Sons of Veterans Camp was named, and he told how he shed his blood on Virginia soil for his country.

The next speaker was Rev. C. L. Goodrich, who spoke on behalf of the ministers of the city. Mr. Goodrich regretted very much the fact that he was unable to enlist in the army and thus have the privilege of being a Grand Army man. He said that some of the greatest heroes of the late war were the ministers of the Gospel who laid aside their preferences and positions to fight for their country. He was glad that Plainfield was surrounded with veterans and he gave them a cordial welcome on behalf of the ministers.

Comrade Morse said that the name that should have been given the Brigade was "Hickory Brigade," for the fact that you could bend it but not break it. This bit of pleasantry caused much laughter.

Another excellent speaker was Gen. Harry Trumain, of New York, who is a great favorite with all veterans. General Trumain is a personal friend of Colonel Mason W. Tyler, and it was while on his way to see the latter that he was able to attend the reunion. He recited many personal incidents in connection with the late war, and as he would bring to mind familiar events one could see the veterans nod their heads in assent. He was Adjutant-General in the Excelsior Brigade and his position brought him in contact with nearly all of the noted Generals of the latter Brigade, as well as the Second Brigade. Following this address Chaplain Kline was called upon and gave the boys a good talk. His remarks were of a serious nature, and he related many touching incidents of the late war. The last number on the programme was the reading of a poem by Comrade Stewart, entitled "The Charge of the Second N. J. Brigade at Chancellorsville." The reading of this poem won hearty applause.

Just before the close the new president, W. W. Coriell, was introduced to the members and he thanked all for the honor bestowed upon him in selecting him as their chief officer.

In closing ex President Titus offered a resolution in which he thanked the Mayor of Plainfield, Council, Post No. 73, Woman's Relief Corps, Sons of Veterans, and all others on behalf of the Brigade, for the courteous and open-hearted manner in which the visiting members were received and treated. The resolution was unanimously adopted by a rising vote. After those present had all joined in the singing of "My Country 'Tis of Thee," the tenth annual reunion of the Second New Jersey Brigade came to a close, and it was not long after before the visitors had left Plainfield and were on their way home all carrying with them pleasant memories of what had taken place.

Too much cannot be said of the

SUPPORTER, NOT RULER.

THE MEN'S IDEA OF WOMAN IN A CHURCH BODY.

Question of Admitting Woman Delegates to General Methodist Conference Considered, But Not Favorably.

Two questions of more than passing importance came up at the third day's session of the Newark Conference of the Methodist Episcopal church, in Newark, yesterday. One was as to the right of women to go to the general conference as delegates, and the other was in regard to limiting the number of candidates on trial for the ministry.

The woman question, which is by far the most important one to come before the Conference, was brought up by Rev. S. L. Baldwin, recording secretary of the Missionary Society of New York. He detailed the history of the question and contended that it was always intended that women should be delegates. The question was formally brought before the Conference by the presentation of the following proposed section of the constitution.

The General Conference shall not allow of more than one ministerial representative for every fourteen members of an annual conference, nor of a less number than one for every forty-five; nor of more than two lay delegates for an annual conference; provided that no person shall be chosen as a delegate to the General Conference, or to an electoral conference, who shall be under twenty-five years of age, or who shall not have been a member of the church in full connection for five consecutive years preceding the election; and, provided, also, that no conference shall be denied the privilege of one ministerial and one lay delegate; provided, nevertheless, that where there shall be in any conference a fraction of two-thirds the number shall be fixed for the ratio of representation such conference shall be entitled to an additional delegate for such fraction.

The word "person" in this section includes women, and if it is adopted the Newark Conference goes on record as favoring women for delegates. It was this word that brought on the discussion yesterday.

Rev. D. S. Jones, of Hackensack, was not in favor of having women admitted, and in the course of his remarks in opposition said:

"Woman is the strong arm of the Church, and while we cannot carry on the work without women, I believe that when it comes to a legislative matter of the Church the matter is different. It is better to leave to the men, to the husbands, to the fathers, the making of the laws. It is contrary to the very laws of nature and to the laws of God to do otherwise."

Rev. J. J. Boswell, of Englewood, championed the cause of the women, and Henry J. Hayes, of Bradley Beach, said it was about time women came to the defence of the men. Rev. C. S Kemble, of Bergen Point, spoke also in favor of admitting women, but owing to the lateness of the hour a vote on the question was not taken. It will come up today.

In the afternoon the anniversary of the Women's Foreign Missionary Society was held. Mrs. J. H. Knowles presided. In her opening address she said that since the organization of the society, twenty seven years ago, over 200 missionaries had been sent out and over $4,000 000 spent in saving souls. At the present time, she said, 152 missionaries are being supported and the society has forty-nine boarding and ten training schools under its care. Other reports were presented, showing in detail how the money received had been expended.

LEFT A PIECE OF HIS COAT TAIL.

A Sneak Thief's Unpleasant Experience With a Dog

About 9 o'clock Thursday evening Mrs. Augustus Jacot, of Somerset street, heard strange sounds in the front part of the house. The front door was left open so that Mrs. Jacot's son could get in without a key, and at first she thought it was her son coming home. Presently she called, and as there was no reply she became frightened. She did not like to go to the front door for she did not know who she might meet. Her daughter, Miss Jacot, was home at the time, and she screamed loudly. This frightened the intruder away and at the same time the dog made a lively chase around the the side of the house. This was followed with peace and quiet, and nothing more was thought of the affair until yesterday morning, when Joseph Jacot, the son, was leaving the house. Near the front gate he found the tail of a cutaway coat. It then occurred that the night before their dog had succeeded in capturing the piece of cloth from the sneak thief who had attempted to enter the house.

Enlisted From Plainfield.

Edward Stewart, who was born and lived in this city many years ago, was in town yesterday with the Second N. J. Brigade, of which he is a member. Mr. Stewart, when but a boy, enlisted from Plainfield together with sixteen other boys.

PLEASANT CYCLE RUNS.

A SPIN OF A FEW HOURS DESCRIBED FOR LOCAL RIDERS.

It is to the Sand Dunes Beyond Metuchen Where Trailing Arbutus Grows—Condition of the Roads in This Vicinity.

This is the season when the cyclist ventures forth on his wheel after the long rest of the winter and goes out for a little trial spin before venturing very far. To such the county roads leading to Springfield, Elizabeth and Metuchen and New Brunswick offer the best routes. To Sprinfield and Elizabeth, the roads are in good condition, but, for a while, the rider should beware of the road to Metuchen, via Park avenue. The Middlesex county authorities have just completed the work of spreading fine crushed stone on that road from the county line, just beyond Cemetery road, to Holly's corners, where the road to Oak Tree branches off to the left. A narrow path has been left on either side of the stone but the passing wagons have spread the small sharp pieces of stone over these paths, making the chances of a puncture extremely great while to ride on the stone itself assures the rider of a cut tire or a puncture, The roads in Middlesex county, beside Park avenue, have been improved by the authorities of that county. The roads in the vicinity of New Brooklyn and New Market have been scraped and are in fair condition for bicycle riding at present. As the summer advances, however, they will become too shady for riding and those who wish to visit that part of the country on their wheels will find it advisible to go forth at the spring of the year.

A pleasant run for this time of the year is to the sand dunes beyond Metuchen, near Bunhamtown, where the trailing arbutus grows. The crushed stone out Park avenue is an unpleasant feature but once past that and the roads are in good condition to Metuchen. The rider takes the county road to Metuchen and passes through that town under the railroad bridge and up the short but steep hill on the other side. Instead of turning to the left and following the county road to New Brunswick, the rider keeps straight ahead. For half a mile, the road is macadamized and in good condition, but, after that, the rider finds the side-path on the left the best riding. The path changes to the right of the road way after a short ride and remains there until a clump of houses known as Bunhamtown, is reached. The path is smooth and there are no hills. After leaving the little settlement, the rider has his choice of two ways. One turns to the right at that point and striking the sand dunes for some distance turns to the left again and brings the rider to the wastes of sand on which are found the arbutus growing right in the sand, the dainty little flowers half hidden by the leaves that lay close to the ground. The other path after leaving Bunhamtown is to keep straight ahead on the left of the road until the Raritan river and Raritan bay come in sight from the top of an incline in the road. Here the cyclist will find it to his advantage to leave his wheel and follow the path that turns to the right into the woods where the arbutus grows. This place is about two and a half miles from Metuchen.

A REAL ESTATE EXCHANGE.

One of the Largest Deals Consummated by E. C. Mulford.

In progressive Plainfield considerable is being done now among the real estate agents, and this all tends to build up the city. One of the largest deals of the season was consumated recently by Armstrong Mulford, manager for E. C Mulford, the real estate agent, of North avenue. Hobert E. Rider, of Belvidere avenue, exchanged his handsome property on the latter avenue for the valuable property located at the corner of East Front street and owned by Laura Boorman. There was a consideration, and the whole deal represents large figures. It is considered one of the biggest deals for sometime, and the able manner in which it was managed by Mr. Mulford reflects great credit on this most successful firm.

Many Bequests.

Mrs. Louise Hondayer, of Brooklyn, whose funeral took place last Saturday from St. Johns' (The Cathedral Chapel,) Brooklyn, and whose remains were interred in the family plot in St. Mary's (R. C.) cemetery, in this city, has by her will left St. Francis's Hospital, Trenton, $10,000. To Bishop McFaul, of Trenton, $20,000 was left for the Catholic Orphan Asylum at Hopewell, and $5,000 for the Catholic Home for the Aged at New Brunswick. Mrs. Hondayer was the daughter of the late Mr. Husson who formerly resided in Washington Valley.

BOSS OF THE ALLEY FELL.

DAVID KILLOREN HAS PUNISHMENT METED CUT TO HIM IN CITY COURT.

By His Overbearing Manner and Vindictive Mood He Earned the Soubriquet of "Boss of Paradise Alley"—Fined $8.

"The boss of Psradise Alley has fallen," remarked City Judge DeMeza this morning, as he sentenced David Killoren, aged 20 years, to pay a fine of $8 or go to the county jail for forty days. There had been trouble in the alley and the police had laid the blame on Killoren and his chum, William Drake. They appeared in the city tribunal with evidence enough, and to spare, to prove that they were the persecuted parties, but the witnesses forgot some of the most salient points and the Judge decided that they had arranged everything beforehand. He decided that David Levine and wife, who keep a little store on the alley, were innocent, and that the "Boss" had started all the trouble.

Killoren had to answer to two charges. One was that he persecuted Levine at the freight house on April 1st. Levine and his witnesses said that Killoren had come up to the unoffending shopkeeper and pulled his whiskers and called him a "—— sheeney." Levine had protested against such indignity, whereupon Killoren is alleged to have punched the Jew in the nose.

The other racket occurred last Saturday and resulted almost in a riot in the alley. David Rarissen is a Jewish junk dealer and a powerful man. He is a friend of Levine and saw the affair at the freight house. He was collecting some junk in Paradise alley, last Saturday morning, when he met Killoren. Words followed the meeting and then came blows which each side claimed the other started. Killoren fled and the junkman pursued. They clinched again and then Killoren alleged that Levine threw a stone and cut a deep gash in his skull. Killoren witnesses were a trifle mixed up in regard to the facts of the stone throwing.

Meantime all the denizens of the alley turned out and excitement was rampant. Afterwards it is alleged that Killoren struck Mrs. Levine and scratched her hands and face while her husband fled to Chief Grant for protection. The Chief hied himself to the alley and the crowd scattered like dead leaves before an October gale. The participants were arrested and the Czar of the alley, Dennis Carney, mourned that again the reputation of the alley was to be blotted.

The trial was a lively one this morning and a great crowd assembled outside of the jail to hear the result. The store-keepers of the alley were represented by Lawyer Harry C. Runyon. The Judge found both Killoren and Drake guilty and sentenced Killoren to pay a fine of $8 or forty days in jail. Drake was sentenced to pay $3 fine or ten days in jail. Both paid their fines.

ASSURED OF A BRIDGE.

Board of Freeholders Willing to Do Their Share in Watchung Avenue Matter.

A member of the Union County Board of Chosen Freeholders told a Daily Press reporter this morning that just as soon as the City Council accepted the proposed extension of Watchuug avenue and asked for a bridge the Boaad would grant the same. The Union County official stated further that he would like to see a bridge across Watchung avenue as Plainfield had not received her proportionate share of exependiture, as she was entitled to more than she has received.

In connection with the opening of the above avenue, it is rumored that Mr. Durlach, who secured an injunction against the same, has heard of the proposed immediate action on the part of the city, and has taken steps to have the work stopped. The time limit for the last injunction has expired, and Mr. Durlach cannot proceed under that rule.

Another Competitive Drill.

The members of Somerset Council, J. O. U.A. M., held a meeting last evening and decided to meet Monroe Council, of Newark, at Elizabeth Monday night, May 10th, at which the competitive drill will take place as planned recently. It will be remembered that recently the above two councils held a competitive drill in this city, and it resulted in an unsatisfactory manner to both, hence the second drill on neutral ground as stated above.

Bicyclist Collided.

A colored cyclist accidentally collided with Miss Fritts, of Park avenue, who was riding on East Front street, yesterday afternoon. The dusky rider was looking behind him and did not see the other wheel. He was thrown heavily to the ground and was somewhat bruised, but Miss Fritts escaped all injury.

JUNIORS HAD A RALLY.

YOUNG ENDEAVORERS ENTHUSE AS WELL AS OLDER ONES.

A Meeting Held in Trinity Reformed Church Yesterday Afternoon — Miss Beeching's Fascinating "Chalk Talk."

The Junior Endeavorers of the city were not to be left out of the union meetings now going on, and their rally took place yesterday afternoon at 4 o'clock in the Trinity Reformed church. Had the afternoon been pleasant the attendance would undoubtedly have been very large, for as it was, the various societies were quite well represented, some enterprising Juniors coming all the way from South Plainfield to attend.

Mrs. Wheaton S. Lowry, who is at the head of the Junior Union, was present, but Rev. C. L. Goodrich, superintendent of the Congregational society, presided. The meeting was opened with a hymn, after which Mr. Goodrich read the Scripture lesson, and Mr. Harris, of South Plainfield, offered prayer. A solo, with autoharp accompaniment, "Take a Stand for Jesus," was sung by Miss M.G.Morse then the meeting was given in charge of Miss Nettie Beeching, of Washingtonville, who fascinated the children with her bright and interesting little "Chalk Talk." Her subject was the story of "The little foxes that spoil the vines." Having told of the farmer whose grapes were endangered by the foxes, she spoke of the "True Vine" which should be planted in our hearts, and of the fruit, good words, kind deeds, quickness to see and hear opportunities for serving others, which we, the branches, should bear. Her ideas of the foxes which endanger such fruit were very practical; their names were "I can't," "I don't want to," "I won't," "I don't care," and, biggest fox of all, "selfishness." Only by patient, persevering toil, could the farmer destroy the foxes, and only by patience, perseverance and prayer, can we destroy ours, so that we shall be known as good, fruit-bearing branches of Christ, the True Vine.

Another solo by Miss Morse, "Let a Little Sunshine In," the children joining in the final chorus, and then the meeting was dismissed by a closing hymn and the Mizpah benediction. The officers of the Union are considering the plan of holding a similar service next week, that those who were prevented from attending this one may be present.

PURITY OF ACCENT.

Miss Hall Complimented for This Accomplishment in Her French Recitals.

The last of Miss Hall's informal talks took place yesterday afternoon at the residence of Mrs. Marion Ackerman. In spite of the downpour of rain, many ladies well known in Plainfield society were present. The programme consisted of a sketch of the life of Regnard, and readings from several of his comedies; also from Marivaux, with readings and recitations.

At the close of the lecture, Miss Hall was warmly complimented on the beauty and purity of her French accent, and congratulated heartily on the very agreeable character of the entertainments, and on the success of her readings which have been greatly enjoyed by those fortunate enough to attend them.

Among those present were:—Mrs. Lawrence Myers, Mrs. O B. Leonard, Mrs. David W. Pond, Mrs. Stephen R. Krom, Miss E. E. Kenyon, Mrs. John Doull Miller, Mrs. M. H. Eaton, Mrs. George Kyte, and Mrs. L. W. Miller, of Fanwood; Miss Edith Hyde, Miss Gertrude Baker, Miss Mary Tweedy, Miss Lillian Erskine, Miss Arnold, Miss Florella Clarke, Miss Nillie Luxemburg, Miss Kate Martine, Miss Jessamy Harte, Miss Anna Miller, Miss Edith Clapp, Mrs. David P. Hall and others.

Miss Hall feels much pleased at the success of her course of entertainments, and the warm interest which has been manifested in them by the ladies of Plainfield.

General Sickles Unable to be Here.

A pleasant act on the part of the city in connection with the re-union of the Second N. J. Brigade, held in this city yesterday, was their gift to the members and their friends of the very handsome souvenir badge bearing the picture of the Brigade's commander, General Sickles. It was to be regretted that the latter could not be present. He was unavoidably detained in New York with a law suit.

Easter Music.

Elaborate preparations are being made for the Easter music by the choir at the Grace P. E. church. In addition to the regular choir, there will be Mr. Crea, tenor soloist from Elizabeth. Those who have him say that he is one of the finest vocalists ever heard in this city.

COLLEGE BOY TALKED.

EXPLAINED THE THREE STAGES OF A CHRISTIAN'S LIFE.

Setting the Supreme One up as Their Goal Does Not Limit One's Life, but Instead Makes Them Broader.

The open-air service which was to have preceded the union service in Trinity Reformed church last night was, of course, omitted on account of the weather, but will, if this evening proves pleasant, take place then. A prayer service was held last night, in its place, in the lecture room of the church, and was an unusually interesting and profitable one. Robert Love was the leader.

The service which followed was solemn, impressive and helpful. After the usual song service, the Scripture lesson was read by Rev. C. E. Herring and prayer was offered by Rev. Dr. Yerkes. Then the thoughts of all were turned to the Better Country by L. J. Biglow, Jr.'s, sympathetic rendering of "The Homeland." Mr. Gailey, of Princeton, a tall, broad-shouldered young man, with a very earnest and pleasing manner, then took charge of the meeting. After a few words of prayer, he began his brief but pointed address, speaking first of three stages of the Christian life. First comes the transformation of the heart and life. We may not be able to put our finger on the exact time and place when we were born anew, but that such a transformation has come to us is an undeniable fact. Things look differently to us; we are beginning to see things with God's eyes. Then we come to the second stage, when we are not content to remain children in the Christian life, but begin to put away childish things, little, and to grow into the stature of men. And so we go on toward the perfect life, the life that seeks to follow Christ in everything, the aim and goal for every Christian And setting Jesus up as our goal does not limit our lives, but makes them only broader and more limitless, for the nearer we approach Him, the more land we see to be possessed. Is there anything more inspiring than the thought that these ideals of the Christian life may be fulfilled in our lives? But in order to make our Christianity the joy to us that it should be, we must study the Word of God till it dominates our whole lives, we must be much in prayer, and we must identify ourselves with God's people, and enter into work for Him. Let no young man think it is dishonorable to be a Christian; it is the most honorable, the most manly, and the most divine thing in all the world.

A number of sentence prayers were offered, followed by another song, "Throw Out the Life-Line," by Mr. Biglow, then Dr. Yerkes dismissed the congregation with the benediction.

A short after meeting for prayer was held at the close of the service, under the charge of Mr. Love.

Evangelical Meetings Tonight.

The union evangelistic meetings will be continued this evening in the Trinity Reformed church and an invitation is extended to all to attend. If the weather is suitable, an out-door service will be held in front of the church at 7:30 o'clock. The meeting will be under the charge of the Christian Endeavor Society of the East Third Street Mission. If the out-door meeting has to be given up, a meeting will be held in the basement of church under the leadership of I. Winthrop Travell. The regular meeting will begin at eight o'clock and will be led E. E. Anthony. There will be several solos by Councilman William N. Runyon.

Drummers to Make a Visit.

The members of the Independent Fife and Drum Corps are planning for another pleasant little visit, Monday evening the members of the corps will go to Somerville as the guests of the Somerville Hook and Ladder Company. The Plainfield boys will present their Somerville entertainers with a large picture of the corps, while the Hook and Ladder men will give their guests a banquet.

Will be a Strong Post.

Next Tuesday evening, when the members of Mayor Anderson Post, No. 109, G. A. R., which was recently disbanded, join Post No. 73, there will be exercises appropriate to the occasion. It is expected that there will be about forty members to join Post 73. With this acquisition the latter Post will be one of the strongest in the State.

Former Plainfielders Married.

The marriage of Miss Anna Adelaide Borst, of Highlands, N. Y., and Clarence Judson Rice, both formerly of this city, was celebrated in the Highlands M. E. church, Wednesday evening, April 7th. Rev. John R. Johnson, pastor of the church, officiated.

RELIEF WORK BEGUN

General Alger Moves Promptly In Behalf of Flood Sufferers.

TO CO-OPERATE WITH GOVERNORS.

Large Force of Inspectors Sent to All Flooded Sections of the Mississippi Valley—The Situation at New Orleans.

Washington, April 10.—Secretary Alger sent an identical telegram to the governors of Mississippi, Arkansas, Louisiana and Missouri, asking them to designate the points where they desired rations delivered for the distribution and also to name persons to receive them.

The first response was from Governor McLaurin of Mississippi as follows:

"J. M. Jayne and Will G. Yerger at Greenville, Walter Sillers and Fred Clark at Rosedale, H. L. Foote and D. C. Casey at Rolling Fork, Frank Hirsch and P. C. Chapman at Indianola, L. C. Dulaney and George Robinson at Mayersville, J. W. Cutrer and James A. Suddoth at Friars Point."

Governor Foster of Louisiana telegraphed that his people had no present need of the government stores, but returned thanks for the generous offer. The other states have not yet been heard from.

The machinery provided by the war department for the relief of the sufferers is now in working order, and Secretary Alger says that the department is now practically in a position to cover the entire flooded district with its force of inspectors. The officers already detailed have started for the west, and before leaving Washington they received orders assigning them to different sections of the great river.

The Situation at New Orleans.

New Orleans, April 10.—The river at New Orleans is well over the 18 foot mark. The highest previous record was 17.9 in 1893. It is now 18.2. The engineers expected 18.6, but that was upon the arrival of the flood wave, which is still en route. City Engineer Bell predicted that the river would go a foot higher, and the levee board has secured the consent to blockade many streets leading to the levee. The worst feature of the situation is the daily storms. Yesterday's blow was the worst so far, doing considerable damage and tearing a steamship and steamboat away from their moorings. All the levee boards base their hope of holding the line upon fair weather, but April is always a stormy month here, and this month is far from proving an exception.

Damage Caused by Heavy Snow.

Indianapolis, April 10.—The heavy rain and snow storm which prevailed in this vicinity did much damage to the telegraph and telephone wires of this city. It was not the wind that caused the damage, but the heavy snow. It accumulated on the wires until either the wires broke or the poles toppled over under the weight. It is the report that 260 telephone wires are down. The Western Union and Postal Telegraph companies both fared badly.

Streets of Cairo Flooded.

Cairo, Ills., April 10.—The streets of Cairo are flooded. The heavy rains have raised the seep water until it first filled the gutters and the down town business streets, then overflowed the sidewalks and finally covered the floors of several business houses and is still rising.

Greenville Cut Off.

Jackson, Miss., April 10.—All wire communication with Greenville, Miss., has been cut off. The sudden cutting off may be significant. The city has for days been seriously threatened by the Mississippi river flood.

French Victory at Tahiti Stands.

San Francisco, April 10.—Advices from Tahiti state that Queen Mamai, who for seven years as ruler of the island of Raiatea has defied the French, has surrendered, and the long standing rebellion on the islands of Raiatea and Haupeine has been put down. The French gunboat Aubo and the transport Caroline captured the queen and her chief men after a hot fight, in which 36 natives were killed and 16 drowned. On Feb. 28 the queen and 136 of her subjects were sent into exile at New Caledonia, the French penal settlement. They were condemned to remain there for life. The French have left an armed force in charge of the captured islands.

Parisian Morality Safeguard.

Paris, April 10.—M. Darlan, the minister of justice, announced in the chamber of deputies that he would shortly submit a bill enabling public morality to be more effectually safeguarded. Previous to this the ministers of instruction and of the interior, replying to an interpellation by Deputy Berenger, said that immoral songs in the cabarets would be examined by the censor and that orders would be given to prohibit the sale or distribution of obscene papers and pictures in public places.

Passed a Vessel In Distress.

London, April 10.—The British steamer Idaho, Captain Marshall, from New York on March 27 for this port, and which arrived here on April 8, reports having passed on April 3 the Norwegian ship Senta in latitude 48, longitude 29, dismasted, without her rudder and a derelict. The Senta, Captain Haavig, was from St. John, N. B., on March 16 for Newport, England. The Senta was built at Bolnes, Holland, in 1868. She registered over 2,000 tons and was owned by T. S. Falck.

Died From Excessive Rope Jumping.

Reading, Pa., April 10.—Annie F. Delamp, aged 7 years, died here as a result of excessive rope jumping. The child "skipped" the rope 57 times without stopping. She died in great agony.

Rivera In Prison In Cabana.

Havana, April 10.—General Ruis Rivera, accompanied by Colonel Bacallao, has arrived here and was conveyed at once to Cabana fortress. Both seemed in excellent spirits and were looking well.

Weather Forecast.

Rain followed by clearing; brisk and high northwesterly winds, shifting to westerly.

POSTAL CONFERENCE.

International Congress to Meet Soon In Washington.

ALL THE WORLD TO BE REPRESENTED

Sessions to Be Held In the Old Corcoran Art Building, Which Has Been Leased by the Government—It Will Last Several Months.

Washington, April 10.—The postoffice department has leased the old Corcoran Art gallery building at the corner of Seventeenth street and Pennsylvania avenue for the use of the international postal congress, which is to assemble here on May 5. It is expected that the congress will be in session six or eight weeks. The entire building will be fitted and refurnished expressly for the congress.

The union embraces the whole world, excepting the Chinese empire, Korea and the Orange Free State. These latter countries are expected to join the union during this congress and will be represented by delegates. Each nation can send as many delegates as it desires to, but will have but one vote.

The convention will be held with closed doors, and the proceedings will be in the French language, according to the usual custom. The first topic of importance to be considered will be that of transit rates by intermediary countries on mails received from other countries.

It is likely that the result will be a general reduction of these rates, a circumstance which would be disadvantageous to the United States. President McKinley will entertain the congress at the White House, and a number of excursions will be made not only to places of historical interest, but for the purpose of studying various features of the postal system of this country and the various methods, devices and appliances in use.

The appropriation for the congress has not yet been made, but the pending sundry civil bill contains for this purpose $100,000. The usual cost of these congresses is said to be about $250,000.

Representative Simpson's Threat.

Washington, April 10.—Representative Simpson of Kansas declares that he will carry into effect his threat to block any business which the house may attempt to do by unanimous consent before the speaker has appointed committees. He says he will also call for a quorum to approve the journal each time the house meets.

There is no legislation for the house in project until the tariff or appropriation bills are returned to it by the senate, except the small matters of routine business which are likely to arise and which have been considered recently by unanimous consent. Should additional measures for the relief of the sufferers by the Mississippi floods be brought forward Mr. Simpson proposes to compel the presence of a quorum and the action of a committee on them or the adoption of a special rule for their consideration.

The Democrats do not intend to abet Mr. Simpson in his obstructive tactics.

Claims His Removal Was Illegal.

Washington, April 10.—The supreme court listened to arguments in the case of Lewis E. Parsons, Jr., against the United States, which involves the question of the right of the president to remove an officer without cause before he has served his term. Parsons was United States district attorney for the Northern and Middle districts of Alabama, was appointed by President Harrison and was removed by President Cleveland in May, 1893, after he had served about three years. Parsons declined to surrender his papers and afterward applied to the court of claims for the fees for the remainder of his term. That court overruled his contention that the president had no power to remove him except for cause, and the case was appealed.

Cuban Resolution Before the President.

Washington, April 10.—The senate resolution protesting against summary proceedings by the Spanish officials in Cuba against the captive insurgent leader Rivera has reached the state department through the White House. Secretary Sherman, regarding it as merely declaratory of the sense of the senate and offered in an advisory rather than a mandatory spirit, has filed it away and is not likely to carry out its suggestion and lodge a protest with the Spanish government, particularly in view of the information he has received that Rivera is not to be shot.

Proposals For Torpedo Boats.

Washington, April 10.—Proposals have been invited by the secretary of the navy for the construction of three 30 knot torpedo boats. Bids will be opened Monday, June 14. The boats must be completed within 18 months from the date of contract. The successful bidders must show themselves in possession of the necessary plant within three months after signing the contract. These boats will be known as Nos. 19, 20 and 21. Two of them must have a trial displacement of not less than 230 tons and one of 160 tons. The bidders are left ample scope for original ideas, as the department prescribes in its circular only the barest outlines of the craft, for the construction of which congress has appropriated $800,000.

Stole His Own Property.

Buffalo, April 10.—Frank A. Davis decided to go back to Austin, Potter county, Pa., and fight the charge of burglary preferred against him by his wife. Davis' attorney appeared in court and announced that he would waive the writ of habeas corpus secured against his client, and Davis, in charge of Sheriff Gillon, left for Austin. Davis' defense is that he had a perfect right to enter his own house and take jewels valued at $1,300, as they were his own property.

Present to Secretary Gage.

Washington, April 10.—Secretary Gage has received by express a magnificent gold, bronze and onyx inkstand, on the back of which was engraved this legend: "Presented to Lyman J. Gage by the following clerks of the First National bank of Chicago, Ills., on his retiring from its presidency to accept the position of secretary of the treasury of the United States. March 4, 1897." The names follow.

CURES THE CHILDREN.

Nervura Is the Best Medicine and Surest Cure For the Little Ones.

Dr. Greene's Nervura is the Household Remedy For Children. Give Your Child This Wonderful Remedy. A Cure Is Certain.

CURE OF MRS. WONDERLEY AND HER CHILDREN BY DR. GREENE'S NERVURA.

The health of the children should be the first consideration of every parent. Too many children are allowed to drift into fatal decline by neglect. If your little ones are pale, puny, nervous, do not play with zest and do not develop as they should, give them immediately this great restorer of health and strength, this maker of good blood and strong nerves, Dr. Greene's Nervura blood and nerve remedy. For St. Vitus dance, spasms, epilepsy, convulsions, Dr. Greene's Nervura is the only remedy absolutely and unfailingly sure to cure. If your infants are cross, irritable, and do not sleep well, are restless in sleep, tossing about, gritting the teeth and starting suddenly from sleep, have twitching of the eyes, face, head or limbs, you can be certain that one of the above terrible diseases will be the inevitable result unless taken in time and *cured now* by the use of Dr. Greene's Nervura. Get this wonderful remedy at once, and you can be perfectly sure of a cure. You need not fear to give it to infants or children of any age as it is perfectly harmless, being made from pure vegetable medicines marvelous in their curative and health-giving powers. Read what Dr. Greene's Nervura did in restoring to health Mrs. Mary Wonderley and her two children, at 1009 Buttonwood St., Philadelphia, Pa. She says:—

"I had been suffering for two years with nervousness and indigestion so that at night I could not sleep, and in the morning I felt weak and tired and so badly that I could not do my housework. I thought I could never get cured. I would have to get up at night and walk up and down, had pains all over my body, and when I got to sleep would wake with a pain around my heart so that I would be afraid to lie down again. I had pains in the top of my head and my hands would tremble if I tried to sew, and the least noise would frighten me. My husband was told to get Dr. Greene's Nervura blood and nerve remedy, which he did, and when I had started on the second bottle I was surprised to find myself improving rapidly. Had I known of Dr. Greene's Nervura when I was first sick it would have saved me many dollars paid to doctors. My little children were also helped through this great medicine. They would wake up at night frightened by horrible dreams, and their appetite was failing and my little girl had dark circles under her eyes and was puny, pale and sallow. My little baby only weighed 15 pounds. After taking Dr. Greene's Nervura she weighs 28 pounds and my little girl is as fat and rosy as a peach. We owe all this to Dr. Greene's wonderful remedy."

Do not delay, but give your child this grand medicine, Dr. Greene's Nervura blood and nerve remedy, now, and watch it gain in health every day and every hour. Dr. Greene, 35 West 14th St., New York City, the most successful physician in curing diseases of children, can be consulted free, in person or by letter. No fees to pay for consultation, examination or advice, and the low prices of his health giving medicines place a sure cure in reach of everybody.

Not Exactly Right

"Not Sick Enough for the Bed or Well Enough For the Table."

A Minister's Wife Aptly Describes a Well Known Condition and Tells How It Was Overcome.

There are thousands of people in all walks of life, particularly at this season, who are "not exactly right" and yet are not sick, for whom a single bottle of Hood's Sarsaparilla would do a world of good, as it has done for others. Business and professional men as well as the busy housewife are especially susceptible to this debilitated feeling. It is the peculiar combination of the best tonic, anti-bilious, diuretic and alterative agents of the vegetable kingdom, carefully and scientifically combined, which enables Hood's Sarsaparilla to reach simple as well as serious ailments when all other medicines fail. Read Mrs. Hunt's letter:

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—I trust that the publication of my testimonial may serve to introduce Hood's Sarsaparilla to many who need physical improvement, and lead them to give it a trial. My husband,

Rev. Granville Hunt

is a corpulent man weighing 230 pounds. He has taken Hood's Sarsaparilla every spring for the last eight years with good results. With the approach of spring he has had an indescribable feeling of ill health. 'Not sick enough for the bed or well enough for the table.' In a few words,

He Became Run Down

each year from constant mental and physical action. Hood's Sarsaparilla has relieved and invigorated him in every instance. Last month we purchased four bottles of the medicine. I took two of the bottles, being weak,

Without Appetite and Vigor.

After I had used half a bottle of Hood's I realized quite an improvement and soon felt quite comfortable. I gained so much that I recommended Hood's Sarsaparilla to my nearest neighbor, who has had malarial symptoms. She has also taken the medicine and its effect upon her for good was almost magic. She has now prevailed upon her husband to take it to build him up. I have also given Hood's Sarsaparilla to my two little girls, one nearly 3 years old, who is not strong, consequently languid, and the other, 15 years old, for pimples which indicate bad blood and disfigure her complexion. Both have been helped by Hood's Sarsaparilla which I am glad heartily to recommend." MRS. G. HUNT, 101 West 31st Street, N. Y. City.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

ON TRIAL FOR ARSON.

A Massachusetts Shoe Firm Accused of the Crime.

Brockton, Mass., April 10.—The trial of Thomas J. Murphy and Edward Finley of the firm of Murphy & Finley shoe manufacturers of this city, who are charged with attempting to defraud the insurance companies by setting fire to their factory, was begun.

The attempt was made in the night of March 22, when a large quantity of cement and excelsior saturated with alcohol were found on every floor of the factory with lighted candles burning upon the inflammable stuff. The fire caused the automatic sprinklers to open and an alarm was given, so that the fire was discovered before serious damage was done, and the plan of the incendiary was disclosed.

Property valued at more than $1,000,000 was endangered by the flames. For several days after the fire no traces of the members of the firm could be found. They were finally arrested in New York on information by Charles J. Finley, brother of Edward, who received a letter and who refused to be implicated in the affair. The prisoners were brought back on extradition papers and held in $5,000 bonds.

POOLE FOR COMMISSIONER

New York Delegation Agrees Upon Syracuse Candidate For a Pension Place.

Washington, April 10.—The committee of five which was chosen recently by the New York congressional delegation to compile a slate of candidates for the federal offices of that state and for consultation concerning those national offices which the Republican organization might deem itself entitled to has practically abandoned its work.

The delegation has agreed upon ex-Congressman Poole of Syracuse for deputy commissioner of pensions. Major Poole is a veteran of the rebellion and lost an arm in the war. He was a member of the last congress and was the candidate of the Republican organization for a seat in this congress, but was defeated by Mr. Belden, who ran as an independent Republican and received the support of the Democrats. Major Poole has been indorsed by Senator Platt, and today Mr. Belden, who is in New York city, wired that he would support Major Poole's candidacy. It is expected the deputy commissionership will be filled next week.

Trial Trip of the Nashville.

Washington, April 10.—Naval Constructor Woodward at the Newport News shipbuilding works has telegraphed Chief Constructor Hichborn that the gunboat Nashville made a trial run at an average speed of 14.75 knots. This was unofficial, but the department experts believe she can do even better on her official trial. Just when this will take place is not yet known, as the trial board is so busy in getting up the data of the trials already run, and its time in the near future is thus far disposed of in running off other trials that it has not been able to set the date for the trial of the Nashville, which is by contract a 14 knot boat and at the speed she is reported to have made would have earned a bonus of nearly $20,000.

Ochiltree Gets His Stolen Clothes.

Boston, April 10.—A trunk full of clothing belonging to Colonel Tom Ochiltree, which was stolen from him by C. J. Roberts, formerly his valet, who was arrested in this city last month, has been recovered by Deputy Marshal J. H. Waters, who will take it to Washington. Roberts was convicted at Washington last week and was sentenced to serve a term of two years in the penitentiary. At that time he admitted that he left the trunk at a Boston hotel, and the police were directed to find it. This they succeeded in doing.

Bliss Reinstates Veterans.

Washington, April 10.—Secretary Bliss is carrying out the policy of the administration in restoring to the classified government service old war veterans who are held to have been improperly removed from office by the last administration, and Friday he reinstated Captain Henry G. THE ROCKWELL CASE

A Woman Testifies In Favor of Her Husband's Slayer.

HER CHILDREN CALL HIM FATHER.

The Prisoner Has Tried Many Different Ways to Get Rid of the Husband In Order to Wed the Wife.

Ridgway, Pa., April 10.—All Elk county is in a state of fevered excitement over the trial, now in progress here, of Fred Rockwell for the murder of Lewis Haines in a lumber camp on Jan. 17 last.

The excitement was caused by the appearance on the witness stand of the wife of the victim and the shocking story she told of how she loved the man who had told her he had killed her husband and how she had taught her children to call him "papa."

The wife of the murderer's victim, Mrs. Annie Haines, is an exceptionally handsome woman of 28 years, and she told her story calmly, with just a touch of scorn at the shocked expressions of horror that fell from the lips of the wide eyed spectators.

The murder had stirred the county to its depths, and there were many whispered stories of how Rockwell killed Haines for his fair young wife. Now, in the midst of the sensational trial, the people have been aroused again by a story that Haines is not dead and that the charred body of the man found in the old blacksmith shop in the woods was not his. The story is that he is in hiding and dare not come back because he was the ringleader of a band of robbers and fears the law.

The murder is supposed to have been committed on Dec. 21 last. On that day Rockwell and Haines are said to have gone into the woods together. In the heart of the dense wood near Ridgway is an old blacksmith shop, long deserted. On December 21 the blacksmith shop burned to the ground and the charred body of a man was found beneath the smoking ruins. The body was burned beyond all recognition.

Haines was not seen again, and the talk of murder was soon started, for gossip regarding Haines, his wife and Rockwell had been rife.

Evidences of Murder.

A fragment of gray trousers, found underneath the charred skeleton, tallied exactly with the pair that Haines was last seen to wear.

Then Rockwell was arrested and later the trial began. Witnesses testified that Rockwell had told them how he had killed Haines in the old forge in the forest by striking him over the head with a piece of iron. The witnesses said he boldly told them that he endeavored to burn the body.

After the hearing of such testimony as this the country people were eager to hear the story of Mrs. Haines. A few witnesses had testified that Rockwell had frequently said that he was "going to have Mrs. Haines."

The appearance of Mrs. Haines on the stand caused a flutter of excitement. She appeared more beautiful than ever. On the stand she told a most sensational story.

"Fred Rockwell and I have been quite intimate," she said in clear, even tones, "and I told Fred that I would marry him if my husband should happen to die.

"I have not seen my husband since Dec. 16. The morning of Dec. 17 Fred Rockwell came to my house and entered, and I kissed him.

"Then he told me that he had killed Lewis, hitting him on the back of the head and finally firing the shanty over him.

"It was early on the morning of the 17th when he came. It was not yet daylight, and he gained entrance to my room by means of a ladder.

"When he had told me, he exclaimed, 'Now you are single and can marry me.'"

Mrs. Haines paused, and the listeners caught their breath.

"Yes," said the examining counsel, "and what did you do then?"

"I kissed him," answered the witness calmly.

Haines Said to Be Alive.

Evidence was introduced by the commonwealth to show that Haines had been the leader of a band of robbers, of which Rockwell was also a member. It is on this ground that the defense contends that Haines is yet alive. Rockwell's counsel maintains that Haines has been seen in New York state, whither he is said to have fled to escape arrest for robbery.

The evidence so far adduced shows that plans innumerable had been made for the disposal of the "old man," as Mrs. Haines called her husband when talking with Rockwell.

One witness from the Huntingdon reformatory testified that Rockwell offered him inducements to ride on a passenger train with Haines. While the train was in motion it was understood he was to push Haines off.

Another scheme to kill Haines was tried, he says, but not successfully.

In furtherance of the plot to get Haines out of the way of Mrs. Haines and Rockwell a gang of robbers was organized and Haines was made its ringleader.

"It was Rockwell's intention," said the witness, "to have the gang arrested and have Haines sent to the penitentiary, after which Rockwell would take Mrs. Haines to New York state and marry her."

Mrs. Haines in her testimony calmly admitted that she had taught her children to call Rockwell "papa." She plainly stated that Haines several times admitted to her that he had killed her husband.

The mother of Rockwell testified that she received a letter from Fred, in which he requested her to say nothing about his having been with Haines on Dec. 16.

As the trial goes on excitement in Ridgway becomes more intense, and threats of lynching are made with great frequency.

Found Dead In a Cistern.

Newburg, N. Y., April 10.—Mrs. Hugh Lewis of Cornwall-on-the-Hudson was found dead in a cistern under circumstances that indicated deliberate suicide. She had been unbalanced mentally, the result of illness, and had three times previously attempted suicide, twice by hanging and once by cutting her throat. She was a widow, and leaves a grown up family.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Thomas Brennan is visiting among relatives at Washington, D. C.

Miss Annie Convery, of Rahway, is quite ill at the home of Mrs. John Cooper, here.

The next regular meet of the Dunellen Euchre Club will be held directly after Easter.

The rain storm yesterday was the cause of holding but one session in the public schools.

The widow and children of the late Rev. S. F. Custard left town today, to take up their residence at Easton, Pa.

Conductor Charles Dinneen is having a day off today, and is visiting among friends at Hampton Junction.

Mrs. H. H. Vail, of Front street, who has been a prolonged sufferer from the grip, is recovering her health although she is yet quite weak.

The auditing committee of the Dunellen Building and Loan Association, spent an hour or two looking over the books and accounts of the treasurer last evening.

A Yale lock was picked up near the depot, by Henry Lyons, at 6:30 o'clock last evening. The lock was intact and it had evidently fallen from a mail pouch.

Overseer of the construction of bridges, R. J. Swackhammer took a spin up the road on "The Star," yesterday afternoon, to look after some needed repairs to railroad bridges.

The new Lincoln station on the hill beyond the Greenbrook tanks will be formally opened on Monday next when three trains, Nos. 35, 59 and 19, will stop there on signal to take on and let off passengers.

Mrs. T. J. Todd and Mrs. Samuel Richardson were in Newark, yesterday, attending the Newark M. E. Conference. From their they went to Milburn to remain over Sunday with *their brother, D. J.* Mundy.

A heavy mixed coal and freight train broke in two near the Dunellen round house at 9:30 o'clock last evening and the forward section ran way on to Grant avenue before the engineer noticed he was minus the tail end of his train.

The witnesses who were subpoenaed before the Grand Jury at New Brunswick, yesterday, to be heard in the Neil Scott license difficulty, occupied an hour or more of the jury's time. Of course nothing is yet known as to what the result will be, and perhaps will not until the list of indictments are submitted.

It is a crying shame the condition of the gutters and roadbed near the street car terminus. Big pools of muddy water stand there, and many an unsuspecting person walks directly into them especially at night. The accommodations for passengers at this end of the line are not good to say the least.

Eugene Runyon met with a painful accident yesterday. He had occasion to go to the top of his store building and was descending on the elevator, when he stepped off a trifle too soon, and strained severely the tendons in his right knee. Mr. Runyon was able to be about the store last evening, but the wound gave him much pain.

SCOTCH PLAINS.

Robert Jahn is making some repairs and additions to his barn and outbuildings.

A gypsy scout was in town yesterday looking for a desirable place to locate a caravan in the course of a week or two.

The proposed new building for the Young Men's League, it is understood, will be started within the next week or ten days.

The most attractive turnout seen on the streets these days is W.S Emery's well-matched team of steel grays, and they're fast steppers, too.

A ten-foot high lattice work enclosure has just been completed on the Front street side of the lawn tennis court on the Flanders property.

Yesterday was a chance for a good test of the new street and gutter work. In spite of all the rain that fell the water found ample room to run off.

Miss Fisher, one of the most efficient teachers in the public school, has been obliged to relinquish her duties for a brief period on account of illness.

A considerable amount of outdoor painting is being done just at present, but the rain yesterday put a stop to this and ruined some of the work that had already been done.

The postoffice has been equipped with a large self-feeding stove, but it is set in the rear of the store and warms up the large room comfortably for the postoffice clerks.

The thousand or more blackbirds which were nesting in Count Van-Nest's tall poplar and cedar trees, picked up their traps and flew to the mountain early yesterday morning.

The heavy rain of yesterday and the night before have proved a God-send to the farmers hereabouts. Plowing is made more easy and the planting will doubtless be more prolific.

Jacob A. Humes claims that he was the only G. A. R comrade from the Plains to turn out at the veterans' reunion in Plainfield yesterday. Mr. Humes was a member of Company E., 7th Regiment, for a time, and he was subsequently transferred to Company E., of the Fifth Regiment.

LINCOLN.

On and after Monday the Central Railroad will stop trains at Lincoln. No lots are offered for sale as yet, although everything is progressing rapidly. The new station has been erected and is partially painted. Several miles of streets have been graded, and a visit will repay any one for the time it will take them. Trains leave Plainfield at 9:32 and 5:03. Leave Lincoln at 3:40.

ROAD WORK PLANNED

WESTFIELD TO HAVE A SUPERINTENDENT OF STREETS.

The Scheme to Have the Town Divided Into Three Districts and the Appropriation Cut in Three Parts, Was Defeated

The august Town Committee met last evening, wrangled a little, ordered a few bills paid, renewed a note of $10,000 for ninety days, created a new office at an unstated salary, and the minutes of several previous meetings were adopted although they contained an item of expenditure of $25 for moving the two safe. How it came to be in the minutes, the committee did not know. They did know, however, that it had never been presented to the committee. Ex-Collector Gale came before the committee to explain his final report. It was then moved that Messrs. Hardin and Moorehouse go over the report before the committee adopted it. The clerk was ordered to notify Mrs. Margaret B. Mapes to put down blue stone flagging in front of her property as prescribed by the ordinance, or the town would proceed to do it themselves. The residents of Downer street offered up a prayer for more light, which the committee granted by giving them one sixteen candle power lamp. At this point A. A. Drake called the committee up by telephone and said that if the committee did not take action on his communication relative to a place on Westfield avenue where refuse, swill and waste water was drained into the street, he would go before the Grand Jury with the case. Mr. Drake's threat was of no avail. It came too late as the committee and health board acted in the matter a week ago. But now came the storm as Mr. Embree wanted the road matter settled then and there. He and Mr. Hardin got into an altercation over the question of dividing the road money into three parts and the township into three districts. Mr. Hardin objected so vigorously and threatened to serve the committee with an injunction if the money was so divided. The other two members gave in at this and Mr. Hardin moved that the committee appoint a superintendent of roads, to act under the direction of the committee, and that all road work be advertised and let to the lowest bidder. It was carried. It is almost settled that W. W. Connolly will be appointed to the new office.

The trustees of Fairview Cemetery will meet next Monday evening.

Mr. and Mrs. I. H. Lambert are the proud parents of a bouncing baby boy.

The Woman's Club meets next Monday afternoon in the rooms of the Social Club.

The case of Littell against Cory, for possession of the premises, was tried before Justice E. R. Collins this forenoon.

The eighteen months old baby of the Edwards family, who live in the Castle, was taken ill yesterday with diptheria.

Charles R. Conant gave a $100 check yesterday to the Baptist Ladies' Aid Society. The money will go the building fund.

The Woman's Foreign Missionary Society of the Methodist Episcopal church was held at 2:30 p. m., yesterday, in the church parlors.

Disposses proceedings were instituted yesterday against Fred Clark, who dwells in the Castle, corner of Picton street and Central avenue.

There will be a special offering at the morning service in the Congregational church tomorrow, for the benefit of the Elizabeth General Hospital.

The Ministering Children's League of the Congregational church met in the Sunday-school room at 3 o'clock this afternoon. The subject was, "Gods of the Hindu Children."

Miss Dowler has been engaged temporarily to fill the vacancy in the school caused by the resignation of Miss Brewster. Yesterday she lost her pocketbook, containing $10 in money, and a railroad ticket.

Newsdealer C. F. W. Wittke and an officer of the Central Railroad had another "run in" yesterday morning. Officer Dougherty got Justice Collins out of bed to swear out a warrant for the arrest of Wittke, but he refused to draw up the affidavit. Justice Collins told him to go to Lawyer Conover, an attorney for the road, have him draw up the affidavit, and come back and he would issue the warrant.

The secretary of the Board of Health, John M. C. Marsh, has learned of a law (passed in 1835) which gives the health board the power to enforce property owners to connect with the sewers. The penalty, if the thirty day notice is not complied with, is $25 fine and $10 a day thereafter until the connection is made. The local board will see to it that the law is enforced as it is of the opinion that it will help to check the diptheria epidemic and make the town generally more healthful The problem has worried the town committee ever since the sewer system was put in. It feared that it had a "white elephant" on its hands and it is now greatly relieved at having been shown a way out of the difficulty.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by T. S. Armstrong, apothecary, cor. Park and and North avenues.

—Additional local news on the third page.

Henry Ruppert and family, of Stone street, have moved to West Front street and Clinton avenue, where Mr. Ruppert has opened a meat and vegetable market.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

AN AMBITION OF EVA.

Eva Norrington inserted her latch key into the keyhole of a Bedford Square boarding house, and entered. It was a dismal, windy, rainy November evening, and ever since lunch she had been paddling about London, climbing grimy stairs of newspaper offices, and talking to people who did not seem especially pleased to see her. Her skirts were wet, and a wisp of damp hair was tumbling over her eyes. On the hall table, disclosed by the flickering gas-jet, were some letters.

"A year ago today!" said Eva to herself as she closed the door against the wind. "Has he written, or has he forgotten?"

He had not forgotten. Eva picked up the letter from the hall table, looked quickly round at the closed hall door, at the closed dining-room door, and at the baize door that led to the kitchen stairs—and kissed it. Then she went upstairs to her bed-sitting-room with the letter in her hand, and joy in her heart.

"Hateful little room!" she murmured to herself, as she struck a match and lit the gas. "But it's the last time, thank God!"

The room was not really bad; a bed in the corner, a wash-stand, a wardrobe, here and there a picture on the walls, and a table by the window, rather rickety, on which lay a heap of manuscript—a half-finished story.

"I will burn that before I go to bed to-night," said Eva, as she caught sight of it.

Then she took off her hat and cloak, drew the only easy chair under the gas-jet and sat down; fingering the letter—she did not open it at once. Now that happiness stretched in front of her it was pleasant to linger on the confines of misery, to look back on the life she was to leave.

"It is not every one," said Eva reflectively, "who can make experiments in life—without expense."

Eva Norrington had been the pride of the provincial town which gave her birth. At the High School no girl could stand against her. Her form-governess, who now and then asked her favorite pupils to tea, even said she might be a head-mistress one day. To Eva this seemed absurd. But when, at the age of twenty, she gained a guinea prize for a story in a weekly paper, she began to think that at least she might be a great novelist. At any rate she felt sure that somewhere ahead of her stretched a career; and as her twenty-first birthday approached she announced to her startled parents her intention of going to London in search of it. Thereupon ensued a series of domestic scenes such as have been common of late in the homes of England wherein the parents play the part of the apprehensive hen, the daughter that of the adventurous duckling. The duckling invariably gains its point; and so it was with Eva Norrington.

Eva was almost happy; for she had the hopefulness of youth and beauty, and all the exhilaration of taking her life into her hands and fashioning it as she would, with none to raise objections to the process. She would have been quite happy but for Allan Craig. For Allan Craig, whenever he heard that Eva was bent on going to London to make a name for herself, promptly offered her his own for a substitute. It was a good enough name, and at the foot of a check it was generally respected, as Allan Craig had lately stepped into his father's business as estate agent and was prospering. Eva was disturbed, but she turned not aside from her project. Eva had mapped out her life and Allan Craig was not included in the scheme.

As she sat fingering her letter in her bedroom, she went over the parting scene in her mind. The details of it would only increase the delight of the letter. They were sitting out a dance together, for Eva was not disposed to think unkindly of Allan, though she might resent his intrusion into her scheme of life. She remembered how there had been silence between them for some moments, how Allan had leaned his elbows on his knees and dug the heel of his dancing-shoe into the carpet.

"And so you are quite determined to leave us?" said Allan.

"Of course," replied Eva. "My boxes are all packed."

"Full of manuscript novels and other things?"

"One novel and several stories:"

"I cannot understand why you want to go when——"

"I want to—well—to live a larger life."

"You mean you want to live in a bigger place?"

"Well, not exactly. I don't think you quite understand.'

"I quite understand that there is not enough scope for you here, and that I am a selfish brute for trying to keep you from your ambition. Look here, Eva, can you honestly say that you dont love me a little bit?"

Allen had risen and was standing over her. Eva looked up at him. She could see him standing there now—big, comely, with something in his eyes that thrilled her, half with fear and half with pleasure. She rose and faced him.

"I shall be sorry to leave you—very sorry."

"Then why——"

"Can't you see, Allan? I know I have it in me to do good work and I must be where good work is wanted. Here I am hampered; in London——"

"You may fail," said Allan, with a note of hope in his voice. Then Eva spoke:

"I shall succeed—I know I shall."

"Will you write to me?"

Eva hesitated. She was half inclined to give in—to that extent. Allan had mistaken her hesitation.

"No," he said. "There shall be no selfishness in my love for you. I will wait a year from to-night, and then, if London is no go, you know there will always be me. You can't expect me to pray for your success, can you?"

Eva, placed on her mettle, looked him in the face.

"I am bound to succeed," she said, and turned to go. The waltz had ceased in the room below, and a rustle of skirts and a ripple of tongues had taken its place.

"Eva—once—the last time, perhaps."

She turned again laughing.

"Quick," she said, "some one will come."

A woman may forget many things, but no woman ever forgets the first time a lover's arm was round her waist and a lover's lips upon her own. And as Eva sat in the corner of a third-class carriage in the London train next morning, looking forward to the career before her, the remembrance of the support of Allan's arm persisted in obtruding itself. Having got what she wanted she already began to doubt if she wanted what she had got. For a career, after all, is rather a lonesome sort of thing.

Such small success as may come to the inexperienced girl upon her first incursion into literature came to Eva. She lived sparingly, worked hard, and never made the mistake of refusing invitations on the ground of work. She stayed up a little later or got up a little earlier instead. A weekly column on "Health and Beauty" placed at her disposal by the youthful editor of a new woman's paper, who had met her at the Writer's Club and thought her pretty, paid her weekly bill at the boarding house. Her stories found frequent acceptance, and occasional welcome in the minor periodicals, and a happy meeting with an editor at a dinner party paved the way to her appearance in a widely-read magazine. By the end of the year Eva Norrington had got so far towards the realization of her ambition that when people heard her name mentioned, they wrinkled their brows and tried to remember where they had heard it before.

All this time Eva was lonely. And the most fair thing about the whole business was that, while success was almost within her grasp, success was not what she wanted. There is no fun in living your own life when that is precisely the life you do not want to lead.

It was not as though Allan Craig had never kissed Eva Norrington.

She opened the letter—cutting the envelope with her nail-scissors. She felt like one who has held his breath to feel what sufffocation is like. The letter was long. Eva read quickly at first, then slowly, knitting her brows as she turned the pages, and came at last to the signature, "Ever your true friend, Allan Craig."

The letter lay for some minutes in Eva's lap, while she looked vaguely round her room.

"He is afraid of spoiling my career—my success has put an insuperable barrier between us," she murmured. The phrases of the letter had burned themselves into her brain. "O, Allan! I wish I could tell you—or do you want to hear?"

When the dinner-bell rang an hour afterwards Eva rose wearily from her writing table, where she had been toiling over her half-finished manuscript. She had not burned it.

Five years passed before she saw Allan Craig, and then the meeting was unexpected—at the exit of the theatre where Eva had gone to see the hundredth performance of her play. Allan was obviously proud of knowing her, and introduced his wife, to whom she gave graceful recognition. It was raining and Allan offered to see Eva to a cab. They stood for a moment on the steps to the entrance.

"Yes," said Allan, in answer to Eva's polite question, "all is going well. We have a little daughter—Eva—my wife's name, curiously enough."

He stood by the hansom as she entered, guarding her dress from the wheel. As she turned to give the address, he said:

"I ought to congratulate you on your success. It is very sweet to me. You know—you—owe it all to me. Are you grateful?"

"Yes; I owe it to you," she said, leaning forward as the apron closed upon her, and the attendant constable grew impatient. "Come and see me—Tuesdays."

"I can't think why I should be so silly," said Eva to herself, as she stuffed her handkerchief back into her pocket and felt for her latch-key, when the cab drew up before the hall door of her flat in Kensington.—Black and White.

A Rather Weighty Volume.

Profesor Max Muller, of Oxford, in a recent lecture, called attention to the largest book in the world, the wonderful Kuth Daw. It consists of 729 parts in the shape of white marble plates, covered with inscriptions, each plate built with a temple of brick. It is found near the old priest city of Mandalay, in Burmah, and this temple city of more than 700 pagodas virtually makes up this monster book—the religious codex of the Buddists. It is written in Pali. Rather strange to say, it is not an ancient production, but its preparation was promoted by the Buddhistic party of this century. It was erected in 1857 by the command of Mindomin, the second of the last kings of Burmah.—Home Journal.

A Friend's Advice.

"I've about decided to give up the study of law; I fear I'll find it too confining."

"Oh! keep on. You'll soon be admitted to the bar, and then you won't have anything to do."—Puck.

AUSTRALIAN ABORIGINEES.

Unable to Endure the Restrictions of Civilization.

The Central Australian aborigine is the living representative of a stone age, who still fashions his spear heads and knives from flint or sandstone and performs the most daring surgical operations with them. His origin and history are lost in the gloomy mists of the past. He has no written records and few oral traditions. In appearance he is a naked, hirsute savage, with a type of features occasionally pronouncedly Jewish. He is by nature lighthearted, merry and prone to laughter; a splendid mimic, supple-jointed, with an unerring hand that works in perfect unison with his eye, which is as keen as that of an eagle. He has never been known to wash. He has no private ownership of land, except as regards that which is not overcarefully concealed about his own person. He cultivates nothing, but lives entirely on the spoils of the chase, and although the thermometer frequently ranges from 15 to 120 degrees Fahr. in twenty-four hours, and his country is teeming with furred game, he makes no use of the skins for clothing, but goes about during the day and sleeps in the open at night perfectly nude. He builds no permanent habitation, and usually camps where night or fatigue overtakes him. Above all, he is absolutely untamable. You may clothe and care for him for years, when suddenly the demon of unrest takes possession; he throws off all his clothing and plunges into the trackless depths of his native bush, at once reverting to his old and hideous customs, and when sated, after months of privation, he will return again to clothing and civilization, only to repeat the performance later on.—Chicago Tribune.

A Puzzling Transaction.

It happened in this wise: The two gentlemen were Irish, and, as every one knows, the sons of that nationality are excitable. Up to a certain time they had lived as peaceful neighbors should, but when Mr. O'Farrel's cow had her career cut short in a summary fashion by being smothered under a load of hay that lost its balance and toppled off from Mr. McSway's wagon, why, it necessarily followed that the Celtic blood warmed with anger in Mr. O'Farrel's veins, and, in no genial mood, he sought his hitherto pleasant neighbor, and demanded compensation for the loss.

"Sure, now, that is a sad misfortune," commented Mr. McSway; "and how much do ye want me to pay for the cow?"

"Oi want tin dollars, and oi want it roight now."

"Faith, you're er bit loively, Mr. O'Farrel. But didn't oi understand that yez sold the cow's hide an' tallow down ter the village? How much did yez get for the baste?"

"Yis, oi did, an' oi got tin dollars an' fifty cints for it, Mr. McSway."

"Well, then, accordin' to that, yez owe me fifty cints; so pay it roight now, if you plaze, Mr. O'Farrel."

Probably it will not astonish the reader to know that before the excited and very much muddled O'Farrel recovered himself he paid the fifty cents; but even to this day he has failed to satisfy himself whether he owed the money to McSway or not.—Harper's Round Table.

will look a hundred times better, last many years longer, and fetch a higher price in case you wish to sell if you keep them well and handsomely painted. A fine coat of paint is like a dress suit, and puts a building in proper shape for show. Nothing pays better than keeping a house up. It costs something to build and paint is a cheap preservative.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the original color. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

WEEKS INDICTED.

The Grand Jury Finds a Bill Against Him of Manslaughter.

New York, April 10.—Nelson M. Weeks, who is charged with compliciaty in the death of Aimee Smith, who died from carbolic acid poisoning several weeks ago, has been indicted by the supreme court grand jury for manslaughter in the first degree.

Weeks was formerly the superintendent of the Asbury Sunday school of Hackensack, and Aimee Smith was at one time church organist.

Early in March the girl came to this city by appointment, according to the confession that Weeks has since made, and met him at the Hotel Victor. They registered as "J. Everett and wife, Chicago," and were assigned to a room in the hotel.

Shortly afterward Weeks rushed out for a physician. One responded, but refused to treat the girl when he learned that she was not Weeks' wife. An ambulance was called, but before it arrived Weeks had disappeared, leaving the girl to face the situation alone.

She shielded him and died shortly after being admitted to the hospital without having revealed Weeks' identity.

After remaining in hiding for nearly a month, Weeks gave himself up and made a confession to Coroner Dobbs.

Chemical analysis revealed the fact that the girl had died from the effects of carbolic acid poisoning, and evidence was presented that Weeks had compounded the solution that the girl had used.

EXTRAORDINARY LAWSUIT.

Lockport Litigants Appear In Court With an Unusual Contention.

Buffalo, April 10.—A somewhat extraordinary case is being argued in the special term of the supreme court before Justice Lambert. Nathan Botsford, formerly sheriff of Niagara county, sues Thomas T. Flagler for $31,000 on three counts, as follows:

Alienating his wife's affection, $20,000; defacing a monument belonging to Botsford and removing the same, $1,000; removing the body of Botsford's child from the family burial plot without due authority, $10,000.

Attorneys for Mr. Flagler moved for the separation and numbering of the causes of complaint. Justice Lambert listened to the arguments in the case and granted the motion of the defendant. Both parties to the suit are residents of Lockport and are well known and influential citizens. The suit has caused a great sensation.

New Assistant Secretary Visits Washington.

Washington, April 10. — Theodore Roosevelt, who will succeed Mr. McAdoo as assistant secretary of the navy, visited the navy department and had a long talk with Secretary Long. He also spent an hour with Mr. McAdoo listening to the latter's explanation of the methods of the navy department and especially the matters with which the assistant secretary is particularly charged. Mr. Roosevelt will not qualify and assume his new office until the 19th inst., returning meantime to New York to arrange his private business affairs.

Authors Protest Against Tariff.

New York, April 10.—The executive council of the Authors' club of this city have adopted a resolution protesting on behalf of American authors against any "reactionary policy" in levying custom duties upon any class of books which hitherto have been admitted to the United States free and against increasing the tariff upon such as are now subject to duty. The resolution will be communicated to the senate and the house of representatives.

Earthquake In Formosa.

Vancouver, April 10.—According to mail advices by the steamer Empress of Japan, a severe earthquake occurred at Girau, Formosa, recently. About 300 houses were toppled over and 200 persons were killed or badly injured. The mortality from earthquakes is said to be increasing alarmingly of late in Formosa, and an order will be issued for only earthquake proof houses to be erected within certain limits.

Gave the Veterans Oleomargarine.

Dayton, O., April 10.—Colonel J. B. Thomas, governor of the Soldiers' home, was arrested, charged with violating a state law by serving oleomargarine at that institution without displaying a placard stating the fact. It will be a test case, as it is a question whether the law can be enforced in the home, which is a United States reservation. He will have a hearing on Tuesday.

King George Invited by Tennessee.

Nashville, April 10.—The executive committee of the centennial exposition has adopted the resolution inviting the king of Greece and royal family to visit the exposition, and expressing sympathy with Greece in the present crisis.

Revolution Causes Changes.

Montevideo, April 10.—A number of political and military changes are expected as a result of the revolutionary disturbances. General Perez will probably be the successor of General Diaz, the minister of war, who has resigned.

THE FIGHTING BEGINS

Greeks Meet Turks In Battle on the Frontier.

WAR NOW LIKELY TO BE DECLARED.

Hellenes Are Reported to Have Crossed the Macedonian Line and Made the First Attack—Mussulmans Are Still Pillaging In Crete.

London, April 10.—The correspondent of The Times at Grevena says that 1,500 Greek bandits have crossed the frontier between Metsoro and Diskata, where they encountered the Turkish troops. The fighting lasted for several hours, with some loss of life and a number of minor casualties.

The Athens correspondent of The Times says it is reported there that the invaders consisted of 2,500 carefully picked men who had been equipped by The Ethnike Hetairia.

The Daily Chronicle's Athens correspondent says: "The following is all that is known here of the frontier affair near Krania and Grevena: The commander of the frontier post at Tsoufliani telegraphed to the commander of the Eighth battalion at Evzones, near Trikkala, that the Turks, after a band of insurgents had crossed the frontier, attacked three Greek positions—namely, those at Fonika, Prilantza and the tomb of Rimbashi. The commander added that fighting is still in progress. As, however, he asked for only one company of re-enforcements, he evidently did not consider the affair a grave one."

Pillaging Around Khania.

London, April 10.—The Times publishes the following dispatch from its correspondent at Khania: "The pillaging around Khania continues. The pillagers for the most part are Mohammedan refugees from Candamo and Slino. It is rumored that arrangements are being made to emigrate these refugees to Asia Minor. The Austrian consul, who has returned from Kissamo, reports that the Austrian admiral on his arrival there sent boats from the British and Austrian ships to embark the fugitive Moslems. As the boats approached the shore the insurgents fired volleys, whereupon the warships bombarded them, firing over 20 shells. About 30 Mohammedan women and children then ran down the beach from the fort and promptly embarked. The insurgents continued to fire upon the boats while these were returning to the ships. It is believed that some of the insurgents were killed."

The Policy of Italy.

Rome, April 10.—The chamber of deputies was crowded on the resumption of the debate raised by the interpellation of Signor Imbriani, the Socialist leader in the chamber. The Marquis Visconti Venosta, foreign minister, amid the most profound attention from all parts of the house, replied for the government, which had been charged by Signor Imbriani with being guilty of the "odious policy of leading free Italy to commit inconceivable acts of violence against Greece and to trample upon the law of nations." After reviewing from its inception the whole history of the Cretan crisis the foreign minister said:

"From the outset among the various proposals having the common aim of pacification in Crete Italy has always supported the application of effectual reforms. Unhappily, the work of reform has been interrupted by insurrection caused by the tergiversation of the porte. It is Italy's interest that there should not be a general war. Italy could not ignore affairs in the east as connected with the balance of power in the Mediterranean.

"The government favors, therefore, a progressive change to the advantage of certain peoples which tend to escape from the Turkish yoke by obtaining national autonomy. But this principle must of necessity be reconciled with the exigencies of peace and with European equilibrium. It does not suit Italy that the eastern question, instead of taking the form of gradual transformation to the benefit of renascent nations, should assume the form of a partition between the military and the maritime powers. Admiral Canevaro has worthily represented the loyalty and the support given by Italy to the concert. Italy has remained faithful to the concert and has co-operated in all efforts to promote the settlement desired and in every proposal calculated to render the position of Greece easier. If only Greece had lent an ear to the counsels of moderation, no humiliation would have been involved for her in deferring to the wishes of Europe. If Greece had deferred, she would have attained her object—namely, the liberation of the Cretans.

"Nevertheless if war cannot be avoided, if Greece means to embark in a blind adventure, it will be seen that the conduct of the powers is inspired by a spirit of prudence. The present crisis should be surmounted and the desired reforms secured without infringing upon the status quo or the balance of power. In this way Italian policy will be attained. As responsible minister I could not subscribe to the eloquent manifestations of sympathy with Greece and the Cretans and their cause heard in this chamber, because no government dare assume the responsibility of isolated action in the eastern question."

Defending the action of Italy in Crete the foreign minister recalled to the chamber the fact that the country once before had sacrificed the national feelings by stopping General Garibaldi. Signor Imbriani here interrupted with a violent and only partly intelligible protest. He was called to order, but as he persisted in speaking the sitting of the chamber was suspended amid great uproar.

When it was resumed, Senor Imbriani apologized and made formal submission to the authority of the president of the chamber. The Marquis Visconti Venosta concluded amid cheers from the Right and Center and amid protests from the Radicals, particularly from Signor Fratti, who was called to order.

No Time For Chinese Question.

Ottawa, April 10.—In reply to a large deputation from the trades and labor congress of the Dominion which waited upon him, Premier Laurier said that he would not introduce this session a bill dealing with Chinese immigration because there were too many other important matters before parliament.

The Cleveland Cyclers will enjoy a run to New Brunswick tomorrow if the weather is good.

Letter-carrer J. W. A. Bauersachs has purchased from the F. L. C. Martin Cycle Company a new Cleveland Swell Special, model 27.

George F. Schoonmaker, of West Eighth street, has resigned his position with the F. L. C. Martin Cycle Company.

Rev. J. O. McKelvey, pastor of the Warren chapel, rode a Cleveland Swell Special last year and was eminently pleased with the wheel.

The new club rooms of the Cleveland Cycers in the Ulrich Club House have now been furnished and the members gather there every night to talk over the day's experiences and plan trips for the future.

Chief Grant, of the police department of this city, has received notification from Chief Terhune of Englewood, that an Erie wheel has been stolen. It was a black enamel 26 inch frame, 28 inch wheels, No. 21578, with '96 search light lantern attached.

The Manhattan Bicycle Club, of New York, announces that its 200 mile run will be held on June 10th. The run is over the good roads of this part of New Jersey and those who participate in it pass through here several times ere they accomplish the double century.

BASKET BALL.

The basket ball season has almost closed but still the team from the Elizabeth Athletic Club shows no willingness to play a return game with the business men of the Plainfield Y. M C A. In fact, it looks as if Captain Wilson of the Elizabeth team wanted to "crawl." His present excuse is that several of the team are ill. It would seem rather remarkable if with all the athletic talent in the E. A. C there was not sufficient at any time to come up and defeat the Plainfield business men without trouble, particularly after all the boasting the Elizabeth boys have indulged in. The Plainfield team is not at all certain of winning but they do want to meet the Elizabeth boys again and play a friendly match and that is apparently just what the Elizabeth team does not want to do. "Sandy" Shields, of the 23d Street Branch of the Y. M. C. A., heard about the proud boasts of the Elizabethians and wanted to bring the "Bloody Avengers," which is the rather sanguinary name which has been applied to the first team from that association, out to Elizabeth and show Elizabeth how to play basket ball but Captain Wilson indignantly refused. The tumble would have probably been too hard for the residents of the county seat's stand.

Spring Requires

That the impurities which have accumulated in your blood during the winter shall be promptly and thoroughly expelled if good health is expected. When the warmer weather comes these impurities are liable to manifest themselves in various ways and often lead to serious illness. Unless the blood is rich and pure that tired feeling will afflict you, your appetite will fail and you will find yourself "all run down." Hood's Sarsaparilla tones and strengthens the system, drives out all impurities and makes pure, rich, healthy blood. Hood's Sarsaparilla is the one true blood purifier and the best spring medicine. Be sure to get only Hood's.

Easter Music.

The members of the choir of St. Mary's church are now making extensive preparations for Easter. Weber's full mass, with orchestral accompaniment, will be rendered by the choir on Easter morning. The choir is composed of a special quartette and a large chorus, besides the complete orchestra will assist. Rehearsals are being held twice every week and everything points to a grand service.

committees who had charge of the reunion for they all worked very hard to make the event one long to be remembered. Those who served on the various committees were as follows: E. C. Morse, chairman; William H. Williams, secretary; committee of Councilmen—E. T. Barrows, R. I. Tolles, A H. Leivers; committee of G. A. R Post. No. 73—Mason W. Tyler, Andrew Cox, T. O. Doane, W. W. Coriell, William Hand, I. L. McVoy, Rufus K Case, C. H. Rugg, W. C. Smith, Frank S. Wells, M. C. Dobbins, C. B. Stephens, Tunis J. Carey, J. W. Van Horn, John A. Morse, Mrs. Jennie Brokaw, Mrs Eliza Radin; committee Sons of Veterans—Walter C. Dobbins, Frank Clarkson, Louis Eaton.

Among the sentiments expressed by Corporation Counsel Marsh, in his address of welcome, were the following:

"You know it is said that there is one weakness among the national characteristics of Americans, namely, a want of deference for men of attainments, a lack of respect for age, or high office, or titles, or venerable institutions. And thinking men who are frank enough must admit that there is good foundation for the criticism, especially as applied to young men. We point with pride, however, to the fact that it is a fault which springs fram a noble virtue.

"It is doubtless merely an exaggeration or a perversion of the foundation principle of our Americon system, that all men are created equal and have equal rights before the law. But while this criticism is just and we do well to profit by it, yet there is one great exception, one class of men of attainments to whom it does not apply—men whom we delight to honor—privileged class in this country—the survivors of the war for the Union. And this great exception redounds alike to your and our country's honor.

"Why is it that we Americans, young and old, caring so little, as we do, for gold-lace or titles, or official rank, and believing that one man is as good as another, yet when we find ourselves in the presence of a body of men who fought to save the nation, involuntarily feel like uncovering, involuntarily but strongly feel a sense of gratitude and affection which quickens the pulse, and inspires in our young men a feeling of veneration. I might almost say of reverence? Why is it that these feelings not only sway individuals, but move states and find expression in statutes—as for example, in New Jersey, in the veteran acts, and in national legislation, in many acts of Congress?

"The answer to these questions is clear and should make every American proud of institutions which produce such results. The answer is that strong as is the American love of equal rights and our sense of being any man's equal; and much as we despise sycophency and hate class distinctions, there is something in the American character deeper and stronger and holier, and that patriotism, our love of country, and for those who, like you, have given the highest possible proof that they possess it."

NAVAL RESERVE NOTES.

Items of Interest to the Jack Tars of New Jersey.

The Hospital Corps will make its debut on Monday in the battalion drill.

Monday evening a battalion drill will take place in the streets of Hoboken. The men will be armed and equipped as infantry and the drill will include "strict riot information." First call will be sounded at 7:55 p. m. and the Assembly at 8 o'clock. The uniform for each drill will be announced one half hour before the Assembly.

Inspection of the New Bank.

The officials of the City National Bank have decided to have a formal opening of their new banking apartments, at the corner of Front street and Park avenue, next Thursday from 3 to 5 and 7 to 9 p. m. On Friday a special reception for ladies has been arranged to be held between the hours of 3 to 5 p. m. On Saturday the books and records of the bank will be transferred from its present quarters to the new building, and on Monday morning business will be commenced there.

Conrad Peltz Doing Well.

Two medical cases have been admitted to the hospital since yesterday. With the exception of the broken arm Conrad Peltz, the Scotch Plains patient, is doing nicely. It will require several weeks for the broken arm to mend.

Sheriff Wyckoff in Town.

Sheriff Wyckoff, of Somerville, was in the borough today on business. Mr. Wyckoff is very popular in this locality, and when he visits Plainfield he finds it difficult to get away.

EARLY INTELLIGENCE.

—Irving Brady will lead the 4 o'clock meeting in the W. C. T. U. rooms tomorrow.

—The Plainfield Water Supply Company placed a handsome new wagon into service today.

—The borough streets are being treated by Street Commissioner Conover and men today, and the surplus mud is being removed.

—Danish service will be held at the German Lutheran church on Grove street, Monday, April 12th, at 8 p. m. Pastor C. Mengers will preach.

—Several converts of the Fillmore Avenue Baptist church will be baptized in the Mt. Olive Baptist church tomorrow afternoon at 4 o'clock.

—Crane & Clark, hatters, 120 West Front street, received by express this morning twenty dozen golf caps in the new plaids and light mixtures. You are invited to inspect them.

—The cheerful pocketbook more cheerfully opens when you see something to open it for. Go to VanArsdale's and look at his assortment of shoes. He carries the lines that suit everybody, made by shoemakers that know how to make shoes, and the prices are not out of sight.

PARTICULAR MENTION.

Mrs. H. P. Dinins, mother of Miss A. E. Lincoln, the Park avenue florist, is very ill.

Mrs. E. A. Parse, president of the W. C. T. U., who has been visiting her brother, J. H. Honeyman, at Knoxville, Tenn., is expected home next Thursday.

The marriage ceremony of Miss Jennie Louise Pangborn to William Hull Western, at the home of the bride's mother on Jackson avenue, April 22d, will be a quiet affair, only the immediate relatives being present.

Successful in Examinations.

Walter B. Rittenhouse, of East Sixth street, returned home last evening from Stevens Institute for a two weeks' vacation. He has just successfully passed all his second term junior examinations standing highest of his class in several of them. He will start Monday on a two weeks' bicycle tour on a Wolfe American triplet in company with two classmates. They will ride to Plainfield first and make this city ther headquarters for several days. The ride will include a trip through Long Island and up the Hudson as far as Newburgh His comrades in the ride will be Robert C. Hondloser, of New York, and A. B. Lent, of Brewsters.

Change in Superintendents.

Henry Norman, formerly superintendent of the lathe department of the Walter Scott Printing Machine Works, has been made Superintendent of the Works in place of Alonzo Weseman, who has been obliged to resign his positon owing to ill health Mr. Weseman will leave in a short time for Denver, where he hopes to regain his health.

An Evening Social.

An evening social was held last evening at the home of Owen Smith, 333 Watchung avenue, which was a very pleasant affair. It was arranged by Miss Cora Rainear, Miss Ella Baldwin and Miss Vera Baldwin, of Elizabeth. There were about twenty-five guests present from Newark, Elizabeth and Plainfield.

Death of Mrs. Drake.

The death of Mrs. T. B. Drake occurred last night at 9 o'clock at her home on Duer street. She was afflicted with consumption. She leaves a husband, and daughter, four years old. The funeral will be private next Monday afternoon.

Shoes in Japan.

One of the most striking sights that takes the attention of the traveller in Japan is that of the wooden sandal worn by the 35,000,000 of people. These sandals have a separate compartment for the great toe, and make a clanking noise on the streets. Straw slippers are also worn, and a traveller starting out on a journey will strap a supply of them on his back, that he may put on a new pair when the old is worn out. They cost but a cent and a half a pair. They are rights and lefts and leave the foot free to the air. We never see those deformities of the foot in Japan which are so frequent in this country. They are never worn in the house, but left outside the door. Passing down a street you may see long rows of them at the doors, old and new, large and small.—Boston Journal.

To Prove Insanity.

A physician declares that there is one infallible symptom indicating whether a man is sane or not. Let a person speak ever so rationally, and act ever so sedately, if his or her thumbs remain inactive there is no doubt of insanity. Lunatics seldom make use of the thumbs when writing, drawing or saluting.

American Tin Plate.

American tin plate monopolizes the domestic market, except on the Pacific coast, and is selling from 25 to 40 per cent below the foreign product. Only one American mill failed in 1896, while during the same year the total number of mills increased from 155 to 184, with an annual capacity of 5,500,000 boxes, against 4,200,000 boxes at the end of 1895.—Globe-Democrat.

Carrier Pigeons Liberated.

Eli Moreton, of No. 412 South Tenth street, Newark, shipped a large number of carrier pigeons to this city this morning and they were liberated by Manager Mills of the United States Express Company. Mr. Mills took the time as requested by the owner so that the latter can tell how long it takes his pigeons to return home. After the birds were liberated they made a circle in the air and started off in the direction of Newark.

VOLUNTEER'S LEADER.

COMMANDER BALLINGTON BOOTH ADDRESSES PLAINFIELDERS.

The Head of the Movement Tells Why the Volunteers Were Organized and How They Are Prospering in Growth and Good.

'Twas a rousing welcome that was given by the people of Plainfield to Ballington Booth, organizer and commander of the American Volunteers, yesterday. Two meetings were held, one in the afternoon in Reform Hall and one in the evening at the First Baptist church, and in both cases the audience was so large that it could not be accommodated in the buildings and many were turned from the doors unable to find seats or even standing room With Commander Booth came a party of the officers of the Volunteers, whose singing was one of the delightful features of the meetings.

Long before the time appointed for the opening of the meeting at Reform Hall, the seats were all filled and the hall crowded. There was a stirring address by Commander Booth on the work of the Volunteers and an appeal to the audience for financial aid for the local post. A collection was taken that amounted to over $25.

The officers accompanying the Commander were Captain A. C. Macomber, Captain Harper Smythe, Captain Lucy Keep, Lieutenant M. Langen, Brother Will Hetsell, and Brother Will Skidmore. They sang several selections, one of which had been arranged specially for them. The most effective of all, however, was the singing of "America" by them. At the crowning point in the song each officer drew forth an American flag and waved it. The audience burst into tumultuous applause.

While the meeting in the afternoon was considered a large one, that in the evening in the First Baptist church far exceeded it. Although the church has the largest auditorium of any church or hall in the city, every seat was occupied a half hour before the service opened. Every inch of available standing room was also used ere the time of opening had arrived. Commander Booth and the corps of officers with him occupied the platform with Rev. Dr. D. J. Yerkes and the members of the local post were seated in the front seats and the choir loft.

After the opening hymn, prayer was offered by Captain Macomber, and then the Commander stepped to the pulpit and began his address.

There were two words, he said in opening, that would describe the cause of the onward march and success of the Volunteers, and they were "living faith." Not faith that was dead but faith that was very much alive and going forward. He then remarked that a search of the Bible would show how much importance is attached there to the presence of the living faith. He told with stirring words of the different characters in the Bible who had accomplished great things and how it had all been done through faith. Faith, he said, looks to God alone and laughs at impossibilities.

"May not Mrs. Booth and I," he exclaimed, "claim a little of that faith when we left the old organization in which we had worked so long and faithfully, and taken a little room after pledging the people of the United States to start another organization on the same lines as the old. With the flag wrest from our grasp, with no financial backing and only the promise of a few to stand by us, by faith we were enabled to take that stand with but two posts and five officers. Now there are 162 posts in 130 towns and over five hundrad salaried commanding officers.

The question that I am going to put to you this evening, he continued, is not if you are connected with any church, but are you in touch with the church of the living God. Do you belong to God? He then went on to say that it was not the Christianity that exists in creeds that was wanted but that which is to be found in the human heart. Christ is in the streets of Plainfield and New York in the shape of the consecrated flesh and blood.

There is a call, he went on, from the people of the slums, from the rich and poor alike for a Christianity that will satisfy and can be put with effect in every day experiences. The Christian of to-night is not the Methodist, Baptist or Quaker, but the one in touch with God. The difference between the American Volunteer and the Quaker was, he said, that the Volunteer quake and the others do not.

He spoke of the dark gulf that his father had seen and how he and his wife saw it anew and were ready to do their work of taking Christ to the vast Christless army.

His next reference was to the work among the convicts and of the great

A MONTH OF LIFE YET.

UNTIMELY END THAT AWAITS THE TWO SOMERSET MURDERERS.

Nearly all Arrangements Completed for the Hanging of Johnson and Clawson—John VanNise to do the Killing Job.

Sheriff Wyckoff, of Somerset county, has but few details left to arrange for the double hanging that is to be enacted in the county jail yard at Somerville on the 5th and 12th of May next, when Jacob S. Johnson, the colored preacher and slayer of Annie Rogers for a paltry of $50, and Elmer Clawson, the nineteen year old boy who killed farmer Harry Hodgetts because the latter did not pay him for wages as soon as desired, will expiate their crimes on the gallows. John VanNise, of Newark, who has supervised and sent most all of New Jersey's murderers of recent years into the hereafter, has been employed by Sheriff Wyckoff to do the job on the two dates above. VanNise will not erect the scaffold and other apparatus used in execution until the night of May 4th. After Johnson has been put out of the world, the paraphernalia will remain standing until the following week when Clawson's untimely end will come. The statues provide that twelve persons appointed by the court, besides the deputies of, a limited number of representatives of the press, ministers and a few others, in all nearly forty, may witness the execution. The list of those who will be present has already been completed. The demand for tickets of admission has been something very great on Sheriff Wyckoff, many of them being accompanied by political claims.

After Johnson and Clawson were condemned to death penalty, Sheriff Wyckoff had them removed from the main portion of the jail to a second story annex, where they are confined under a guard of four deputies, two at night and two at day. Their cells are comfortable and they are allowed better food than the rest of the prisoners. Once during the day they are allowed the freedom of a corridor to exercise in. When young Clawson was first incarcerated he was rather unruly and caused the jail officials a good deal of trouble and worry, but of late he has become more submissive and seems to live with the idea that "what can't be cured must be endured." He is an inveterate user of tobacco. He spends a good deal of time reading books of fiction. Of his fate he never seems to give a serious thought. Boy like, he takes great delight in tantalizing Johnson, who is sedate, thoughtful and religious, by yelling at him from his cell about what is to become of him in the hereafter. A few days ago he laughingly said to Johnson:

"Hey, Johnson, you'll be in Hades just seven days before I will; tell the devil I'm coming.

Johnson spends a good deal of time reading the Bible and seems to take great consolation in its passages. He is what is called a model prisoner.

No visitors are allowed to see the condemned men except as permitted by their counsel. Among those who come to see Johnson now and then is Rev. John Hart, of Neshanic Once in a while some of Clawson's relatives visit him, but the boy murderer don't seem to care much whether they come or stay away. Sheriff Wyckoff sees the murderers every day or so. He never refers to the gruesome event of next month, but a few days ago Johnson told the Sheriff that when he (the Sheriff) was at liberty he would like to have a quiet talk with him. Though there is but little hope that either man will excape the death penalty now, Johnson seems to have a hope that something will intervene to save him. Clawson apparantly never gives it a thought.

A Poor Thoroughfare.

Property owners on West Second street are very much dissatisfied with the condition of that thoroughfare. During the early spring it was a perfect sea of mud and many of the residents of neighborhood dumped ashes and rubbish into the street to make it passable. When the mud dried, the ruts remaining were many and deep, making it hard for vehicles to pass through. Then the ashes, broken bricks and other rubbish gave the street anything but a pretty appearance.

A Wheel Stolen.

L. C. Niles, an employee of the Sabbath Recorder, left his wheel in front of the Babcock building yesterday afternoon and when he went after it the wheel was missing. The matter was reported to Chief Grant who at once informed all the men on the force and they are now on the lookout for the thief. The wheel was of a Crescent make and it was in good condition.

TEN YEARS GOOD WORK.

ANNIVERSARY OF A CHRISTIAN ENDEAVOR SOCIETY.

Rev. J. Clement French, President of State Association, Delivered an Address Full of Good Points and Advice for Members.

The tenth anniversary of the Christian Endeavor society of the First Presbyterian church was celebrated last evening in the church with appropriate exercises. Several members of the society assisted the regular choir in the rendition of the music, under the direction of Organist William E. MacClymont. Over the organ was arranged a large American flag in the centre of which was a C. E. monogran.

The services were in charge of E L. Gifford, president of the society, and after a short song service, he called on Secretary Harry Manning, of the Y. M. C. A., to offer prayer. The president introduced Mr. Manning as the first president of the society. The latter also read the Scripture selection. With a few appropriate words Mr. Gifford introduced Rev. Dr. J. Clement French, of Newark, State president of the Christian Endeavor society, who made the address of the evening. In the first place Mr. French offered congratulations to the society on the celebration of its tenth anniversary and for the blessings of God. He said that he supposed it had had times of fluctuations as well as prosperity, but there was oue supreme cure for that state, and that was to ascend to the mountain top and get a view of what has and is being done. The Christian Endeavor society, he said, started with small numbers, but today there are 50,000 societies representing as many churches and a membership of about 3,000,000 composed of the pink and flower of our young people

This society recognizes the unity of the body of Christ and is not attempting to erect another Church of Christ as some people imagine. With the banner of the society "For Christ and His Church," maintained at a high standard, a large congregation of Christians are moving forward against the enemy. Dr. French held that the saving of souls was the business which Christians should be engaged in. They should not try to drive men for that won't win them, but don't talk of converting men, for that work is done by Christ. The work of the society, he said, was purely a rescue work, and the members must not only be saved but they must be saving also. He urged all to draw more on God for help and strength and to realize the obtaining power from that source. He said it was a great thing to have good men in the pulpit, but it was just as important to have the pews filled with good men. He thought it was within the power of the laity to pull down the strongholds of sin and there should be a unison of effort in this work.

The speaker deplored the worldliness of the church of today and said that what was needed was consecrated earnestness on the part of the members, for with God's help all things can be accomplised.

He impressed the fact that until there was a willingness to lay all on the altar there would not be very much accomplished for God. In closing Dr. French asked the question, "Are you willing to face eternity with life work only half done?"

The singing of a hymn, the Mizpah benediction and a short prayer by Dr. French brought the service to a close. A large number of those present remained and personally met Dr. French.

Patrolman McCue was called to the home of Mrs. Radin, of North avenue, this morning for the purpose of shooting a pug dog which was acting madly. The officer performed his duty and quiet was restored.

ADIEU TO SOCIAL SEASON

LAST MEETING OF THE SATURDAY NIGHT EUCHRE CLUB.

Entertained by Mr. and Mrs. DeLong, of Sandford Avenue—Mr. DeLong's Review of the Club Was Humorous

The last meeting of the Saturday Night Euchre Club for the season was an unusually pleasant one. Mr. and Mrs. DeLong, of Sandford avenue, were the host and hostess and the members of the club all declared that they had never enjoyed themselves better. This being the last of a series of pleasant gatherings the event was made even more auspicious than the previous ones. Those who were fortunate in securing prizes were Mrs. W. R. Codington, first lady's, a half-dozen solid silver spoons; Mrs. Robt. Dryden, second lady's, a Limoges salad dish. Nicholas Terhune was awarded the first prize for the men, a sterling silver clothes brush, while a china tobacco jar was presented to Mr. Salkeld as second prize.

After this part of the programme Mr. DeLong gave his guests a rich treat by addressing them in a humorous manner. His remarks took the shape of a review of the work of the club and he introduced a quality of humor that was really enjoyable. Nearly all of the members were called to account in some way to complete the history. The members and officers of the club were thanked for their faithfulness in making the season a success. Mr. Terhune reponded to the remarks made by Mr. DeLong and he, like the former, was very original in his remarks.

Mr. DeLong, during the evening, favored his guests with several selections on a symphony, which added not a little to the evening's enjoyment. The closing feature was the sumptuous supper, which was all to be desired.

On Tuesday evening, April 20th, the members will enjoy a theatre party to New York. This will close the season, which has been so pleasant and successful.

Those who were guests of the club Saturday evening were Mr. and Mrs. Wilson G. Terry, of New York, and Mr. Terriberry, of this city.

GOLFING SEASON OPENED.

Informal Reception and Playing at the Hillside Grounds.

An informal opening of the Hillside Tennis and Golf Club grounds was held Saturday afternoon. The weather being a trifle cool did not tend to bring out as many of the lovers of this sport as was hoped for. In all there were about twenty members on the grounds who made several tours on the links and they reported the grounds to be in very good condition. During the afternoon, tea was served in the club house by Miss Ginna, who was assisted by Miss Thompkins, of Thompkins Cove, N. Y., Miss Wood and Mrs. Delanoy, of this city. The attendance of the fair sex was excellent and the opening may be called a success.

The game of golf bids fair to be very popular this year with Plainfield people and as soon as the weather becomes more seasonable the grounds will no doubt be crowded with the lovers of this game.

Many improvements have been made about the grounds, including a very handsome flower bed which has been located near the club house. Witn the advance of warm weather the flowers already planted will present a very attractive appearance.

A Salamagundi Party.

Miss Elsie Horne entertained the members of the social committee of the Epworth League at the First M. E. church, of which she is chairman, at her home on Willow avenue Friday evening with a salamagundi party. The first prizes were won by Miss Sarah Douglass and J. Vincent Rittenhouse and the booby prizes by Miss Lucie Palmer Davis and Arthur Crone. A very pleasant evening was spent.

The Jewish Tabernacle.

This evening, in Y. M. C. A. Hall, Rev. George C. Needham, the well-known evangelist, will speak upon the Old Testament Tabernacle and Prophecy. A cordial invitation is given to the Jewish friends of the city, who will no doubt be much interested in his description of the old Jewish Tabernacle.

Dislocated His Shoulder.

While playing games on the field adjoining Dr. Johnstone's school on Prospect place, Saturday morning, Everett J. Peck, of Myrtle avenue, dislocated his shoulder. He was carried into the school and Dr. Mattison summoned. He was afterwards removed to his home.

—The regular meeting of the Woman's Foreign Missionary Society will be held in the parlors of the Cresent Avenue Church at 3:30 Thursday afternoon.

AVENUE WORK STARTED

THE GREAT IMPROVEMENT NOW UNDER HEADWAY.

Work Started so That the Extension Can Be Accepted by the City and the Assessments Collected Without Trouble.

A welcome sight greeted the eyes of those in the vicinity of Watchung avenue last Saturday afternoon when the work of opening the avenue from Front street to the brook was commenced. Through the instrumentality of The Daily Press the City Council was led to act quickly in this matter, and there seems to be no doubt now but what the avenue will be opened in a short time. Notices have been issued by Council directing the payment of assessments on that part of the avenue which has been accepted by the city. The haste in opening the avenue from Front street to the brook is occasioned so that the city may accept this portion of the avenue and thus make it legal for the city to collect assessments from the property owners along that thoroughfare. Work was resumed again this morning with plough and teams and the dirt is being carried to the corner of Berckman and East Second streets where it is being used to fill in.

In a short time a special meeting of the City Council will be held to accept the street, and then a petition will be presented to the Union County Board of Freeholders asking them to erect the necessary bridge across the brook. This the board will do because they are anxious to see the improvement made.

On the borough side of the avenue the contractor, David Bowden, is finishing his part of the contract on the avenue. When the entire avenue is opened and a bridge is erected across the brook, Plainfield and the borough will have one of the finest avenues to be found in either county.

A MYSTERIOUS BRUISE.

Samuel Scranahan Dazed and Unable to Tell How He Was Hurt.

Dazed and with a big bruse on the right temple, Samuel Scranahan, driver on one of the coal wagons of C. H. Rugg, staggered into Mr. Rugg's coal office, this morning, unable to tell when or how he received the wound.

This morning, Mr. Rugg sent Scranahan to Cleveley's, of North avenue, with a load of coal. The coal was delivered and an hour later the wagon stopped in front of the office with the driver on his seat. He climbed to the ground and came in the office. He was hardly able to talk and could not tell how he received the bruise on his face. Mr. Rugg closely questioned him but could learn nothing. He reported the matter to the police, thinking that perhaps the driver had been assaulted. The only other theory is that the man was thrown or fell from his high seat and that the wounds were inflicted by collision with the hard road bed. After that he must have crawled back on the seat and allowed the horses to find their way back.

The man was not intoxicated and is one of the most reliable men in the employ of Mr. Rugg. The cause of the wound seemed to be shrouded in mystery.

WITNESSES FOR CHRIST.

Subject of E. E. Anthony's Evangelical Talk Saturday Night.

Those who attended the union evangelistic service held in Trinity Reformed church, Saturday night, heard a short but solemn and impressive talk from E. E. Anthony, and two solos by Wm. N. Runyon. The Scripture reading and prayer were by Rev. J. O. McKelvey, after which Mr. Runyon sang "My Saviour First of All," in a manner which carried the message straight to his hearers' hearts. Mr. Anthony's talk had for its subject "Witnesses for Christ." He drew a vivid picture of the trial of Jesus, when not one of all those whom he had helped came forward to speak a word for Him; and then urged all Christians of the present day to be ready to witness for their Lord. An opportunity for witnessing was then given and a number of those present told what Christ had been to them. The solemn impression was heightened by Mr. Runyon's singing of "Saved by Grace," and the service was closed by the tender words of the benediction, pronounced by Mr. McKelvey.

Eight Baptized.

The Filmore Baptist church baptized eight converts in the Mount Olive Baptist church yesterday afternoon at 4 o'clock. The services were very impressive. The sermon was preached by Rev. P. S. Gibson, pastor of the latter church, on "The Doctrine of Baptism." In the evening at the Filmore church the pastor received sixteen persons into membership by the right hand of fellowship.

FINAL ANTE TO THE CADI.

THE POLICE RAIDED A PARTY OF SEVEN POKER PLAYERS.

They Were Seated in a Room in the City Hotel, Which Was Flanked on All Sides by Police, When the Raid Was Made.

Seven gamblers, right in the midst of their game, were surprised by the police in a front room of the City Hotel, early Sunday morning, and all lodged in jail over night to be paroled at noon for trial this morning. All pleaded guilty and a substantial fine was collected from each. The raid was an exciting one and will furnish material for talk in all the local resorts for several days.

It was one o'clock Sunday morning and the city lay in peace and quietness, when Sergeant Kiely noticed two young men wandering down East Second street in a suspicious manner. They were William Watt and Cornelius B. Loughlin. They were watched and finally seen to meet several other young men at a neighboring corner until the party numbered seven. Then they went to the City Hotel; some entered by the front door and others slipped through the rear entrance. The police, suspecting that a quiet game was in progress, or was to be soon, kept watch.

John E. Beerbower, proprietor of the City Hotel, retired to his room Saturday evening at 10:30 o'clock, leaving the porter to look after such guests as might arrive after that time. At one o'clock, a man came into the hotel, giving his name as J. J. Carleton, of Newark, and said that he wanted a room. It was Loughlin. He was given the corner room on the second floor that overlooks Second street and the alley that runs to the rear of the hotel. After showing him the room, the porter went to sleep.

At 4 o'clock, Patrolman McCarty, who was patroling that beat, heard distinctly the rattle of money and cards in the corner room. There was a light in the room, and the subdued murmur of voices sounded quite distinct in the midnight air.

The raiding party consisted of Sergeant Kiely, Roundsman Frederickson and Patrolmen McCarty and Post. Equipped with a ladder, they sallied forth after their victims. Quietly one of the officers climbed upon the balcony, but the window was locked and the officer climbed back again. Then the ladder was taken around into the yard at the side of the hotel and rested against the building just below the window. Up the ladder climbed Patrolman McCarty, while Patrolman Post steadied it from the bottom. McCarty reached the top in safety and crouched at the end and listened to the unseen speakers inside. There were remarks about the "jack-pot," one of the players spoke of having four aces, another had a flush, and then there was a shuffle of cards and the rattle of chips on the table. One remarked about the "ante," another "raised," and so the conversation continued in a line that told very plainly that the police had made no mistake.

Kiely and Frederickson hastened around to the front of the hotel and went upstairs to the second floor hall where they stood guard at the door, which was locked on the inside. Then McCarty quietly opened the window and slipped in while the players, intent on the game, neither heard nor saw the entrance of the officer.

An exclamation of dismay burst from the group. One man sprang from his seat, opened the door and started to make his escape down the hall when he was suddenly confronted by the two officers there. Another of the players started for the window and was about to leave as McCarty had arrived when Patrolman Post shouted to him from below, and the gambler eluctantly returned to the room. There was no other attempt at escape, and no resistance was made to arrest. All seven were locked up in the city jail.

Yesterday they were all paroled until this morning, when all, except William Watt, appeared before the City Judge. They were James McCann, Thomas Kerren, Jos. Gavin, M. J. Cox, William McCann and Cornelius B. Loughlin. William McCann explained that he had been asleep in the room and was not playing; all the others pleaded guilty. Ex-Judge William A. Coddington appeared for Mr. Beerbower and explained that the latter had no knowledge of the fact that gambling was carried on in his hotel as has already been explained.

Loughlin had been arrested before on the same charge and the Judge fined him $20. The others were fined $10 each. Judge DeMeza ordered that Watt be arrested at once for breaking his parole.

There was other excitement at the City Hotel, Saturday, when John E.

CONGRESS FORECAST

Programme of the Lawmakers For the Present Week.

THE STATUS OF THE SEAL PROBLEM

The Serious Entanglements Likely to Be Soon Straightened Out by the Appointment of Foster and Hamlin—Cause of the Trouble.

Washington, April 12.—The outlook for the week in the senate is so much befogged by the situation with reference to committee reorganization that it is impossible to forecast the proceedings with any degree of accuracy. There is a possibility that this question may consume a great deal of attention, and if it is not satisfactorily disposed of it may be used to prevent effort to secure action on important measures.

Aside from the matter of reorganization, there are four important questions before the senate. These are the Morgan Cuban resolution, the bankruptcy bill, the Anglo-American arbitration treaty and the appropriation bills.

Senator Davis, chairman of the committee on foreign relations, said that he was hopeful of securing consideration for the treaty some time during the week, the only circumstance likely to prevent being the continued absence of senators. Senator Davis refuses to make any predictions as to the result of the final vote or when that vote will be reached.

The Sundry Civil Bill.

Senator Allison said when he presented the report on the sundry civil appropriation bill to the senate that he would call it up this week. Senator Pettigrew, who will have charge of the Indian bill, has also stated that he hopes to take up that bill. If the Democrats do not object on account of the incomplete condition of the committees both bills probably will be acted upon during the week.

Senator Gorman is expected to make a general attack upon the appropriations during the pendency of these measures.

Both Senators Hoar and Nelson are very anxious to press the bankruptcy bill to a vote, but it will give way before any of the other measures mentioned.

House Policy of Inaction.

The house will continue its programme of three day adjournments this week. Jerry Simpson of Kansas will embarrass the majority as much as possible by requiring a quorum to approve the journal, but will have little aid from the Democrats if the spirit of the resolution adopted by the Democratic caucus prevails. As the policy of the house leaders at present is inaction, however, his opportunities to harrass the Republicans will be slight. It may be that owing to the urgency of the case the leaders may deem it advisable when the house meets on Wednesday to take up the armor plate question in some form. In this event such legislation as is deemed proper can be had under a special order from the committee on rules, but nothing has as yet been decided.

Foster and the Seal Question.

Washington, April 12.—The recent appointment of ex-Secretary Foster and ex-Assistant Secretary Hamlin by the president to assist in the negotiations now in progress with Great Britain respecting the Bering sea seal fisheries is indicative that this long standing diplomatic issue has at last assumed grave importance and that an earnest effort is to be made to end the present unsatisfactory state of affairs, or at least to place the subject on such a footing before the beginning of the approaching open season as will prevent it from passing into a more serious phase.

The diplomatic correspondence of the past year makes it evident that a severe strain was placed upon the patience of the officials of both United States and Great Britain and the warning given quietly yet firmly by the British premier that further proceedings by the American revenue cutters in the line of last year's programme could not be tolerated and the intimation from Secretary Olney that there would be no change unless additional restrictions were imposed upon the British sealing vessels hold out latent possibilities of a serious entanglement of the two friendly powers unless some arrangement can be made before the end of May. For the reason that ex-Secretary Foster was familiar with the earlier stages of the negotiations leading up to the Paris arbitration, while to ex-Assistant Secretary Hamlin is due in large measure the credit for the conduct of the negotiations of the last administration on this subject, they have been chosen to assist now in composing this threatened difficulty.

The trouble appears to have begun principally through the refusal of the British authorities to renew last year the regulations requiring British vessels going into the seal waters to place their firearms under seal, to give effect to the Paris regulation prohibiting the use of such weapons in killing seal. This regulation was laid down on evidence that a large proportion of the seals killed with guns sank and were never recovered, involving wasteful mortality. The British having refused to seal up their arms, the United States government adopted the plan of making a most thorough search of every sealing vessel in Bering sea. There was justification for a search in the regulations, but again the British government protested, claiming that British vessels were thereby subjected to unnecessary and most vexatious detention, that their catches were overhauled and thrown into confusion, and that the only result was the discovery of one skin in which the American boarding officer thought he saw a shot wound and of a logbook a few days in arrears in entries. Yet for this 26 out of 29 British vessels in the seal waters

A SHREWD DEVICE.

There Was a Time When Banking in Arkansas Was Rather Exciting.

Banking in the northern part of Arkansas was a hazardous business in the early days, and in some of the towns where there are no railway connections it is so still.

"When we borrowed money for our bank," said a banker to a representative of the Free Press with whom he was talking over old times, "I used to go to the neighboring town and get the gold. Then I had to carry it by stage over the mountains to our place. Of course, I took mighty good care that no one should know, if I could help it, just when I was to make these trips.

"At first I would take a bag of gold, just as it was given me in the bank, put it on the seat of the stage, place a rug over it, and use it for a pillow, endeavoring to snatch a little sleep during that long night ride. One day somehow I got nervous. I guess it was that mysterious sixth sense some people talk about that worried me. Anyhow, I was just trembling all over when I thought of the journey and the gold. I never felt the least bit apprehensive before. So I went to the grocer's and bought a bag of flour, poured out a portion of the contents, and put the bag of gold well into the center of the bag of flour.

"The stage rattled off, and I used my bag of flour for a pillow. I dozed off a bit, I guess, and was rudely awakened by the horse being jerked up. The next moment we—there were two other passengers—heard that dreaded:

"'Hands up!'

"We didn't hesitate, and up went our arms. They went through us all and got several dollars and a couple of watches. Then they examined the grips and looked at the bag. I trembled as they opened it and the flour poured out. To my joy they did not examine the bag further. Finally they departed, and I tied up the bag with feelings of profound gratitude, for had they taken the gold I would have been financially ruined."—Detroit Free Press.

The rapid increase in the number of divorces in the South is the cause of apprehension. It is in the memory of persons not much past middle age when a suit for divorce in Georgia was a rare thing; now they come in swarms, scandalizing society, creating the impression that there has been a distinct decline in the social purity of our people.—Atlanta Journal.

AREA OF THE DELUGE

A General Idea of Its Widespread Devastation.

IT IS ONE OF THE WORST ON RECORD

Thousands Upon Thousands of Acres Under Water and Millions of Dollars' Worth of Property Ruined—Largest Cotton Reg on Affected.

Washington, April 12.—A statement relative to the agricultural interests of the submerged districts of the Mississippi valley south of Cairo, Ills., has been issued by the department of agriculture. It is based upon a chart prepared under the direction of the chief of the weather bureau showing the extent of the flood on April 6. To this chart the department has applied the crop statistics of 1896 as representing more closely than any other available data the acreage and value of the crops of 1897 now in jeopardy. The statistics of population, of the number and acreage of farms and of the value of farms and farm implements, are those of the census, and the statistics of live stock are the department's own figures for Jan. 1, 1897.

The total area under water on April 6 was about 15,800 square miles, of which 7,900 square miles was in Mississippi, 4,500 square miles in Arkansas, 1,750 square miles in Missouri, 1,200 in Tennesse and 450 in Louisiana. This region contained in 1890, so far as can be determined in view of the somewhat indefinite boundary lines of the flood, a population of 379,685, of which 186,489 or about one-half, was in Mississippi, 100,235 in Arkansas and the remainder almost equally divided between Missouri and Tennessee. Taking the entire region, the colored population outnumbered the whites in the proportion of 12 to 7, the colored predominating in the flooded districts of Mississippi in the ratio of more than 5 to 1 and in Arkansas in that of 2 to 1. In Missouri and Tennessee the population of the flooded districts is largely white, in the former state in the proportion of 10 to 1, and in the latter in that of 2 to 1.

Thousands of Farms Submerged.

The flooded districts contain, it is estimated, about 39,500 farms, of which about 18,500 are in Mississippi, nearly 10,000 in Arkansas and a like number about equally divided between Missouri and Tennessee. These farms contain a total area of about 3,800,000 acres, one-half of which is in Mississippi and rather over one-fourth in Arkansas, the proportions in Missouri and Tennessee being about the same as in the case of the number of farms. The total value of these farms with their improvements, farm implements, etc., is close upon $65,000,000, and here also the proportions in the different states are about the same as above noted.

The total number of acres improved at the taking of the last census was about 2,000,000, and about 1,500,000 acres were last year devoted to cotton and corn, to which crops nearly 95 per cent of the entire acreage cultivated is devoted. The live stock on hand the 1st of January of the present year was valued at over $7,500,000, divided in very much the same proportions as other farm property. It is estimated that of the crops of last year over $3,750,000 worth remained on hand in the submerged region on the last of the month, cotton representing about two-thirds of this amount and corn practically all the remainder.

The largest interests at stake so far are those of the state of Mississippi, whose flooded districts represent an invested capital in agriculture alone of close upon $42,000,000. Over 18,000 farms, containing 2,000,000 acres of land of an average value of about $18 an acre, are under water in the country lying between the Mississippi and Yazoo rivers, including some of the most productive lands of the state. Their live stock, even at the present low prices, is worth nearly $3,500,000, and the farmers and planters are estimated to have about $2,000,000 worth of the crops of last year still on hand.

The Damage In Arkansas.

Arkansas stands next in the extent of its imperiled interests, nearly 10,000 farms, containing 1,000,000 acres of land worth over $14,000,000, being submerged. These farms contain live stock to the value of over $1,500,000 and crops unsold and unconsumed to the value of nearly $900,000, the entire agricultural interests of these lands representing a value not far short of $17,000,000.

The agricultural interests affected in Missouri represent a total capital of rather over $9,000,000, the 5,300 submerged farms containing an area of about 470,000 acres, worth about $7,250,000, the live stock representing nearly $1,500,000 more and the crops on hand another $500,000. Tennessee is not far behind Missouri in the extent of its imperiled interests, the number and acreage of the submerged farms being very nearly the same and the entire value, including $1,250,000 for live stock and $400,000 for crops on hand, being over $8,500,000.

What effect the flood will have upon the crops of the present season depends upon the length of its continuance, and the practicability of wheat planting after the subsidence of the flood. The entire region under water on April 6 produced last year about 370,000 bales of cotton, valued at close on $13,000,000; over 11,000,000 bushels of corn, worth about $3,400,000, and wheat, oats, potatoes and hay worth over $800,000 more. The most valuable portion of these crops was raised in Mississippi, whose region now submerged produced nearly 250,000 bales of cotton, besides other products, mostly for local consumption.

The counties wholly or partially submerged are among the largest cotton producing counties in the United States. Yazoo county, which alone has produced over 50,000 bales in a season, is one half under water, while Bolivia county, Coahoma, Issaquena, Washington (with a productive capacity of 100,000 bales) and other famous counties are partially submerged.

Japan to Send Warships to Hawaii.

Yokohama, April 12.—The government of Japan has decided to send two warships to Hawaii, stopping meanwhile all emigration. A number of rejected emigrants have arrived at Kobe. The Japanese press is urging the government to take a firm attitude toward the Hawaiian and American governments.

The True Remedy.

W M Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping-Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at L. W. Randolph's Drug Store.

Chronic Rheumatism Cured

Dr. H. B. Hettinger, Indiannapolis, Ind., says: "For several months after spraining my ankle I was severely afflicted with Rheumatism. I finally tried Detchon's 'Mystic Cure' for Rheumatism, and in four days could walk without my cane; two bottles cured me sound and well. I take pleasure in recommending the 'Mystic Cure' to all who are afflicted with Rheumatism." Sold by T. S. Armstrong, druggist, corner Park and North avenues, Plainfield.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

—The Orient degree was conferred on three candidates at the regular meeting of Perseverance Lodge, No. 74, Knights of Pythias, Friday evening. A committee, with Joseph C. Blimm as chairman, was appointed to take charge of the twenty-fifth anniversary of the lodge on June 13th. Elaborate exercises will be arranged for that date.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

AND THE DREIBUND.

...be.t's Government Likely to Withdraw From the Compact.

Berlin, April 12.—It is understood on good authority that another great shifting on the political chessboard of Europe is imminent, the relations of France and Russia having steadily grown worse, to the extent that they are being artificially bolstered up, and the adhesion of Italy to the dreibund being, since the financial and military impotence of Italy became glaringly apparent by the Abyssinian adventure, but nominal. Therefore a new arrangement for preserving the peace of Europe has been deemed necessary.

Since last September private letters on this subject have been repeatedly exchanged between Berlin, St. Petersburg and Vienna, and in German diplomatic and political circles it is considered a foregone conclusion that an understanding has been reached. Italy will not belong to the dreibund much longer, even nominally, and the force of events is gradually driving her into the arms of Great Britain and France. It is believed here that with the probable speedy victory of the Radical party in Italy this change will be accomplished.

On the other hand, the czar and his advisers are said to be decided that France is too fickle for a reliable ally and it is understood that an entente, which perhaps later will be followed by a formal alliance, is to be reached in the spring and summer between Germany, Russia and Austria.

Some of the preliminaries will be agreed upon between Emperor William and his ally, Emperor Francis Joseph at the former's visit to Vienna, which is now definitely fixed for April 22. Three days later Emperor Francis Joseph will visit the czar at St. Petersburg. During these visits the preliminaries for the understanding between the emperors will be discussed and will probably be ratified. Emperor William's visit to the czar soon after will serve the same purpose. The proposed agreement is directed mainly against the dubious and shifting policy of Great Britain in the eastern question.

HORRIBLE TRAGEDY.

An Aged Farmer Nearly Murdered by an Insane Swede.

Bridgeport, Conn., April 12.—The details of an awful assault by an insane Swede upon an aged farmer of Easton reached this city. Following is the story as told by Easton officers.

A young Swede, known as Peter, and employed by an aged farmer of Easton named Hanford Lyon, went suddenly insane, and while the other members of the family were at church nearly murdered the old man. The Swede was finally discovered in hiding in a barn, and after a violent struggle was arrested and brought to this city by Constable Tucker. When found the Swede fought like a demon, and it was only after he had been bound with ropes from head to heel that the 10 mile drive to this city could be begun. Constable Tucker, who reached here at 8 o'clock with the prisoner, tells the story as follows:

The Swede had been employed by Farmer Lyon but a short time. Mr. Lyon's son and the latter's wife went to church, leaving their son with his grandfather. Upon their return they found the child in the road near the house crying and moaning out that his grandfather had been killed. The old man was found on the floor of the house only semiconscious. He managed to tell them that he had been attacked by Peter, who had become insane, and that his life had been saved by two neighbors, who had heard his cries for help. The weapon with which the attack was made has not been found, but it was something inflicting ugly gashes in the old man's head. Farmer Lyon will probably recover, but his condition is serious. When the Swede reached the police station here he struggled violently, but was finally locked up.

Dog Poisoner at Work.

Newburg, N. Y., April 12.—A dog poisoner is visiting towns along the Hudson river, dispatching valuable dogs wherever he gets the chance. He has been operating in Cold Springs, Putnam county. An Irish setter owned by Charles E. Pelham and one belonging to E. V. Nelson, both prized very highly by their owners, have been poisoned. Among the other dogs poisoned there is a Scotch collie owned by Alexander Spaulding, which has won prizes in several bench shows.

SCANDAL IN THE G.A.R.

A Story That Affects the Character of a Well Known Veteran.

CHARGE CHAMBERLAIN WITH CRUELTY

Said to Have Shot a Wounded Prisoner While Lying Helpless—The Accused Brings Counter Charges Against His Accuser, Who Denies Them.

Rochester, April 12.—It is stated here that General James R. Chamberlain, an officer of the state G. A. R., has preferred serious charges against General John A. Reynolds, past state commander of the G. A. R., and an equally well known G. A. R. man of this state and a prominent business man of this city.

The story goes that for 35 years, or ever since the battle of the Trent road of North Carolina on the 15th day of April, 1862, a story has been current in G. A. R. circles connected with this skirmish that has affected the character and reputation of one of Rochester's best known citizens. Briefly, the story which has now become a matter of official inquiry is to the effect that after the affair of Trent road, April 15, 1862, was over a rebel prisoner lying wounded on the ground had been shot in cold blood by a union officer, James R. Chamberlain, an officer at present of the state department of the G. A. R., under Commander Graham. As told the man was not killed by the shot, but was taken into Newburg as a prisoner of war.

Recently General Chamberlain made application for membership into the Loyal legion, an organization composed only of commissioned officers. It is said that General Chamberlain's application was rejected, and it is said further that one of the causes of rejection was the fact that certain members of the Loyal legion objected to Mr. Chamberlain because of the report above referred to.

Charges Served on General Reynolds.

Mr. Chamberlain, it is said, filed formal charges last week and these charges, it is said, were served Saturday on General John A. Reynolds, commander of George H. Thomas post, past department commander of the state, former postmaster of this city and one of the most prominent citizens. In brief the charges preferred are these: Technically, General Reynolds is charged with conduct unbecoming a member of the G. A. R., with violating the "muster oath" and with violating the laws of the land, presumably the laws of slander. General Chamberlain charges that on divers occasions General Reynolds has slandered him by repeating the story that originated at the affair of Trent road; that he protested against Mr. Chamberlain's appointment by General Redman when the latter was commander of the western brigade; that at various meetings of the G. A. R. and reunions the story has been circulated by the commander of George H. Thomas post. For the utterance of this story, for which General Chamberlain holds General Reynolds responsible and which General Chamberlain stoutly denies, the decision of the court martial is asked.

General Reynolds denies the jurisdiction of the court martial appointed to try the case by the state department commander and will appeal to General C. S. Clarkson of Nebraska, national commander, and demands a national investigation instead of state.

A Tramp Reposes In a Church.

Poughkeepsie, N. Y., April 12.—A tramp broke into St. Paul's Episcopal church of this city and slept there until morning. He visited a house first, and after procuring a luncheon he entered the church by way of the cellar window. He then went upstairs and entered the altar. He sat down on a soft cushion and ate his lunch, with the exception of a few crusts of bread which he threw on the floor. He then took the Rev. Mr. Cox's surplice and cleaned his hands with it. Rolling up the cushions from the altar, he made a bed behind the communion table and was soon lost in dreamland, with the clergyman's robe for a cover. He disappeared before the sexton arrived in the morning. The valuable articles on the altar were not disturbed.

A Valuable Mine to Be Reopened.

Hazleton, Pa., April 12.—G. B. Markle & Co. will begin active work at the Eberdale and Harleigh mines, which were drowned out nearly 15 years ago, and to recover which the famous Jeddo tunnel was driven. It is the intention of the company to strip the veins between Harleigh and Eberdale, and when opened this will make the largest stripping in the country. As soon as the necessary excavations can be made there will be 20 years' work available for about 1,000 men.

The Cap Was Loaded.

New York, April 12.—While playing with a dynamite cap which he found in a vacant lot in Webster avenue, Frank Jackson, 6 years old, of 678 Kingsbridge road, was painfully injured by the explosion of the cap. His wounds were dressed by Dr. Bradley of Monroe avenue, and he was put in bed at home.

Threatening Weather With Showers This Afternoon or Tonight; Tuesday Probably Fair; Stationary Temperature.

At 2 o'Clock the Thermometer at Leggett's Pharmacy Registered 53 Degrees.

UNIFORM STUDY.

A uniform course of study in the public schools is a need that every parent recognizes who has had occasion to move from one locality to another with children of school age. At the State Council of Education, Oliver C. Mordorf said in reference to the subject:

Although the New Jersey school law implies that subjects such as reading, spelling, writing, arthmetic, grammar, geography and American history shall constitute the minimum for the State, yet much indefiniteness often exists. Usually each district or city has a course of its own. There is, under existing conditions, no just proportion of time or effort given to the same studies in different districts. Pupils moving from one section of the State to another would be more easily adjusted to the new environmement. It is manifest that under the former system the "transient pupil" has lost at least a year consequent upon diversity in course of study. This "transient pupil" is for the most part the child of poverty, and needs more than any other the fostering care of the State that he may be advanced educationally to the position of intelligent citizenship. To tolerate or to produce illiteracy is suicidal to the State.

ASKS $5,000 FOR A FALSE CHARGE.

Allen J. Frank Wrongly Accused of Stealing a Pair of Trousers.

Allen J. Frank was arrested Saturday on the charge of larceny. Now he has cleared himself from the charge and instituted a suit of $5,000 for false imprisonment against the man that caused his arrest.

An officer came from Newark on Saturday with a warrant for L. Roe, who was said to be employed in a clothing store on Park avenue. The warrant was indorsed by Justice Nash and a young man arrested by Sergeant Kieley, whom the Newarker declared was the one he wanted. It was Allen J. Frank. He declared his innocence of the charge, which was for stealing a pair of trousers from the clothing store of Louis Lesser in Newark.

Frank was taken to Newark where he secured bail. He had a hearing yesterday morning, and in proved to a case of mistaken identity. Frank consulted his lawyer, Michael T. Brady, of New York, and has now brought suit against Lesser for $5,000 for false imprisonment.

A Small Borough Fire.

About 11:15 Saturday night an alarm of fire was sent from Box 142, corner of Manning avenue and Somerset street, by William Van Winkle. In some way the corner of the old borough lock-up building on Lincoln place was set on fire and was burning pretty lively when discovered. Chief Marshal Wilson was coming out of the station house at the time and he saw the blaze. He hastily ran back and secured a pail of water, but the alarm was sent in before he reached the fire. The quick response on the part of the borough firemen was the means of saving some valuable property adjoining. The fire was speedily extinguished and the damage was very small.

A Change of Pulpits.

Rev. C. E. Herring, pastor of the First Presbyterian church, occupied the pulpit of the Second Presbyterian church, Newark, yesterday evening, while Dr. French, the pastor, came to this city and delivered the anniversary remarks at the First Presbyterian church.

Shot Himself in the Leg.

Harry Arrowsmith, of South Plainfield, accidentally shot himself in the leg, just above the knee, yesterday afternoon, while trying to shoot a pigeon. Dr. Nelson attended him, but no serious consequences are expected to follow the wound.

EARLY INTELLIGENCE.

—Woodhull & Martin name some very attractive bargains in their new advertisement.

—The evangelistic meetings will be continued this week in the Trinity Reformed church, this evening.

—White's advertisement tells of many good values that you will find most interesting, every item named in the advertisement is a business bringing one and you will save money on all your Easter wants by going to this go ahead store.

Rev. C. E. Herring will ride a Spalding mount this year which he will purchase from Rogers, the North avenue cycle dealer.

Garrett Q. Packer, of East Sixth street, spent yesterday with his father and mother at their home in Neshanic. Mr. Packer's father is now over ninety years but still hale and hearty and very proud of his son.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way.

George A. Chapman, of Stelle avenue, has gone to Europe on a business trip.

Rev. Dr. Richards, of East Front street, has returned from a visit at Wellesley, Mass.

J. B. Dumont, of East Seventh street, has returned from a business trip out of town.

John P. O'Keeffe, of West Fifth street, has secured a position at the Golf Club grounds.

Mr. and Mrs. Sandford, of East Front street, entertained friends from out of town yesterday.

Miss Kittie Ransom, has resigned her position at Marshall's wall paper store on North avenue.

Miss Thompkins, of Thompkins Cove, N. Y., is the guest of Miss Ginna, of Watchung avenue.

Daniel Babcock, of Ashaway, R. I., is the guest of his friend Nathan E. Lewis, of West Eighth street.

Mr. and Mrs. A. B. Greene, of Florida, are the guests of Mrs. George H. Babcock, of West Eighth street.

Robert Whitaker, of Watchung avenue, sailed for England on Saturday. He will be absent some time.

Mr. and Mrs. Wilson G. Terry, of New York, are guests of Mr. and Mrs. Nicholas Terhune, of Sandford avenue, for a few days.

The condition of Mrs. George Whiteley, who has been so seriously ill from a complication of diseases, was yesterday reported as no better.

Miss Littell, of Newark, who has been the guest of Hr. and Mrs. Dudley S. Miller, of Orchard place, returned home Saturday morning.

Mrs. Wynn, wife of Capt. W. W. Wynn, who has resided on Grove street for a number of years, removed on Saturday to Westervelt avenue.

Miss Mary Anderson Reinhart and Miss Elsie Pfeiffer will give a dance in the Scribner and Newton School building on Easter Monday evening.

Miss Grace Yerkes, daughter of Rev. Dr. D. J. Yerkes, of West Seventh street, has returned from a trip south, ending with a visit at Baltimore.

Mr. and Mrs. James Penney, of Allentown, Pa., are spending a few days with Mrs. Penney's parents, Mr. and Mrs. Jacob Cose, of No. 223 Grant avenue.

John J. Goff, of Third and Liberty streets, has purchased an incubator and it is his intention to raise some of the finest breed of chickens this summer.

Rev. Dr. J. Clement French, of Newark, who spoke in the First Presbyterian church last evening, was entertained while in this city by E. E. Anthony, of West Front street.

Nathan E. Lewis, of West Eighth street, is home from Stevens' school on his spring vacation and will leave the first of next week for Ashaway, R. I., where he will spend the week.

Mr. and Mrs. Thomas Doud, of No. 59 Duer street, have issued invitations for the marriage of their daughter, Miss Mary Elizabeth Doud to Herbert Chester McVoy, Wednesday evening, April 21st, at 8 o'clock, at the home of the bride.

Robert Galey, of Princeton University, who spoke at the evangelistic service at Trinity Reformed church Friday evening, was the guest of F. H. Andrews, of Central avenue. Mr. Galey holds the important position of centre-rush on the University football team.

Church Services.

Services appropriate to Palm Sunday were observed yesterday in St. Mary's and St. Joseph's churches. As is customary, palms were blessed and distributed to the large congregations present, after which the Passion of our Lord was read. In the evening at the vesper service in St. Joseph's church, Rev. Father Miller, the pastor, preached to a large congregation, the subject of his sermon being "The Justice of God."

The Church of the Holy Cross was prettily decorated with palms in honor of the day. The large vested choir of men and boys rendered appropriate music. Master Edward Grannatt sang a soprano solo very sweetly. Rev. T. Logan Murphy preached an interesting sermon upon the subject of Christ's entry into Jerusalem.

Spring medicine is a necessity which Hood's Sarsaparilla grandly supplies. It purifies and vitalizes the blood and thus gives tone and strength to the whole system.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Cure all liver ills.

A Quiet Marriage.

The marriage of Miss Ida L. King and James Melwood Carrell, both of this city, was celebrated on Saturday at the home of Rev. Cornelius Schenck, who performed the ceremony.

success that Mrs. Booth has accomplished in that line of work. He told some incidents of his own efforts among the convicts and how today nearly thirteen hundred of them had joined the convicts' league which he had organized. At that very time, he said, Mrs. Booth was working among the convicts at the Trenton State Prison.

What reaches their hearts, he said, is divine sympathy and love. The world wants the Christian that does not lift his skirt as he passes by but stretches out both hands to welcome him. There is a tender spot in every man's heart, if it is only known, and where it is God knows. This must not be left for the ministers of the country to do, all must lend a hand in the work. It is not merely these that lie in the gutters of society that need love and sympathy; there are many here that need it badly but hide it under a smiling face.

After "Jesus is with the Volunteers" was sung by the musical corps, Commander Booth made an earnest plea for assistance for the local Volunteers and a large collection was taken while several other impressive selections were sung by the chorus and Captain Smythe, the tenor soloist of the corps. The benediction was pronounced by Rev. Dr. Yerkes, and the meeting was dismissed.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and suffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

—The gilding on the ornaments surmounting the fountain in front of Charles Hyde's residence on East Front street, is dazzling to the eye on a sun shiny day, but it looks very pretty, nevertheless.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Fred Richter, of Perth Amboy, was in town on business, Saturday.

Miss Maggie Hill, of Elizabeth, is the guest of Mrs. F. A. Bawlby, of Washington avenue.

Miss Lillian Staats, of North avenue, entertained a select few of her Newark friends over Sunday.

Miss Mary Snyder, has returned home from a pleasant visit spent with her sister at Fairmount, N. J.

Dunellen's male population was again pretty thoroughly weeded out Saturday evening. The trolley took most of them to Plainfield early in the evening.

The pigeon shooting season is over here, and while there may be an occasional shoot at an inanimate targets the season is too far advanced to shoot at live birds.

Eugene Runyon is able to be about as usual again after several days suffering, resulting from his stepping from his store elevator while it was yet in motion.

Peter Schneiderwind, who has lived in Plainfield for many years, has taken up his residence in Dunellen. He still retains his position with the Central Railroad Company.

The base ball managers are working slow but sure in the matter of selecting a ball team. Some men of means are interested in the project, so the enterprise will not lag for financial aid.

Mrs. Mary C. Laing, a former resident here, but now of Milstone, Somerset county, is spending a few days among friends here. She came to town to attend the funeral of the late Robert Humpston.

Some of the young quail and rabbits, recently liberated by the Plainfield branch of the New Jersey Game and Fish Protective Society, have been seen and they seem to be thriving nicely. The quail are now full grown.

Central Railroad Detective Dougherty, of this place, rides a new wheel with the grace and skill of an expert. He finds it a very convenient article to have in his work of hunting down railroad trespassers and bringing them to justice.

The funeral of the late Robert Humpston, who died on Thursday, took place from the house on Sunday afternoon at 2:30 o'clock, Rev. A. I. Martine officiating. The pallbearers were: R. J. Swackhammer, William Craig, T. C. Bodine, George Giles, Isaac Giddis and W. H. Coles. Interment was at Hillside Cemetery, Plainfield.

The subject of the revocation of the Neil Scott liquor license was freely discussed in the stores and on the street, Saturday evening. The Middlesex County Grand Jury is having quite a batch of business and the result of its deliberations in this particular case will probably not be known until the batch of indictments are submitted to the court.

Some of the older inhabitants claim that now is the proper time to repair the old New Market road, if any repairs are to be made this season. The road was for many years the only thoroughfare connecting Dunellen and New Market, and it seems like a pity that it should not be kept in a good state of preservation. The cost would be comparatively light.

SCOTCH PLAINS.

Fred Clark sold sixteen cows at auction on Saturday and they mostly all brought good prices.

The cool weather of the past few days has retarded garden planting, and many of the early vegetables are yet unplanted.

The pool tournament which John H. Blimm is arranging to take place on his new $200 table, will probably begin the latter part of the week.

A tract of seven acres of good farming land, bounded by Westfield and Bartle avenues, has been purchased by John Marsh through Thomas Paff's agency. The consideration is not stated.

Two well known residents of this place engaged in a free-for-all fight, Saturday evening, and the result is that one of them carries a broad band of mourning around one of his optics, and the other carries marks of severe handling.

The coroner's inquest looking into the cause of the late explosion in John Cook's barn, whereby one man was killed, will be held in Excelsior Hall on Thursday afternoon at 2:15 o'clock. Many witnesses, it is said, have been subpœnaed, and the case may take up the whole afternoon.

It is understood that some improvements will be commenced in the Baptist church this week. The most noticeable change, it is said, will be the removal of the big church organ from its present position to the rear of the pulpit. This change has been in contemplation for some time, and the contractor says he intends to complete the work before next Sunday.

The necessity for a bicycle repair shop at the Plains is seen every day. Small as the place is it is a resting place for bicyclists from many points about the State, and many riders reach here with punctured tires and other breaks to their wheels. W. S Emery has been gratuitously furnishing air and pumping up the tires of his patrons for some time past, and now E. Dorwood, who claims to be a practical repairer, will soon open a repair shop.

No attention seems to be paid to the matter of horse and bicycle racing on East Front street each pleasant afternoon. Yesterday afternoon there was plenty of both, but the riders and drivers were very careful not to race much nearer the Plains than A. D. Shepard's, and to Farragut avenue on the west. It seems strange that Sunday is the only day in the week when the owners of fast horses send them out on dress parade, but that is just the time when East Front street is literally alive with bicyclists, young and old, and it must be said to their credit that they have just as much right to the roadway as the owners of trotting horses. At any rate, trotting horses on Sunday has been declared a nuisance and should be stopped.

LINCOLN.

The first train left New York on the Central Railroad today at 1:30 p. m. for this place, picking up passengers at Elizabeth, Westfield, Plainfield, Dunellen and other towns along the line. The train arrived here at 2:41 o'clock, from which many members of the press of New York and Union county and other prominent men alighted. The Misses Aimee and Catherine Drake, six and eight years respectfully, grandchildren of the hustling president of the New Jersey Mutual Realty Company, Silas De Drake, were the first to alight from the train. A large engine under steam operating in driving large artesian wells blew its whistle and gave the visitors a hearty welcome. The new and pretty station has been completed, streets have been graded, trees are being planted and cellars are also being dug for houses and stores. Mr. Drake was congratulated by all in having secured this valuable tract of 200 acres of land, and all predicted a great future for this new town.

Mrs. A. Inveen, residing at 720 Henry street, Alton, Ill, suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. Rev. P. H. Smith filled the pulpit in the Methodist church yesterday morning and evening.

The meeting of the Board of Trustees of the M. E. church will take place this evening.

The case of Littell against Coy, tried before Justice E. R. Collins, last Saturday, was dismissed.

The Westfield Gun Club and Game Protective Association will meet Wednesday evening in the parlors of the Park Hotel

James R. English, a lawyer of Elizabeth, has been appointed receiver for John J. Schmidt, the Broad street baker.

Mrs. Dr. J. B. Harrison, of Broad street, entertained the Friday Night Euchre Club last Friday evening. After the playing, refreshments were served.

William Terry and George Davis will shoot at twenty-five live birds on the Westfield Gun Glub grounds next Monday afternoon. The shoot is for $50 a side.

Miss Calkins, of Buffalo, has been engaged to fill the vacancy in the school caused by the resignation of Miss Brewster. She assumed her duties this morning.

Mr. Lightburn, of the Mail and Express, will leave Westfield in a few days. He has severed his connection with the paper and contemplates going to Washington, D. C.

The streets were almost impassable at times yesterday, owing to the great number of cyclers. Oakland used to be the Mecca for local wheelers, but recently there are few who turn in the lovely drive. Some attaction has gone.

Harry Harbison succeeds N. C. Austin as manager of M. J. Gildersleeve's dry goods store, on Broad street. Mr. Austin has been with Mr. Gildersleeve almost two years and has done much to build up the trade which the store now has.

The members of the Woman's Foreign Missionary society of the Presbyterian church will attend the Woman's Presbyterian Society for Foriegn Missions, in the Presbytery of Elizabeth, in the Second Presbyterian church, of Elizabeth, tomorrow evening. Miss Ella Kuhl, of Brazil; Miss Nelson, of Philadelphia, and Dr. A. T. Leonard, of India, will speak.

There will be special meetings in the Congregational church every evening this week, except Saturday. The sermon tonight will be by Rev. J. A. Francis, of New York. The subject will be, "The Barren Fig Tree, or Christ's Test of Character." Rev George A. Francis will conduct the devotional exercises. Tomorrow evening there will be a consecration service conducted by the eloquent divine, Rev. J. L. Scudder, D. D., of Jersey City.

The meeting of the Woman's Club in the rooms of the Social Club, this afternoon, was one of interest and edification to all. The programme was arranged by the house and home committee, of which Miss Victorine Cowperthwaite is chairman. Current events and book notes were first on the calendar. Interesting papers were read on "How to train young girls to become capable housekeepers," and "The value to mothers of outside influence." Each paper was ably discussed in all its various aspects. The annual meeting of the club will take place two weeks from this afternoon, April 26th, and the annual reception in May.

Mr. Bennett, an agent of the State Humane Society, undertook to give Ory Frainney a little kindly advice, last Saturday evening, about the proper care of his horse, and got only abuse in return. Frainney runs a fish market and his mother takes in washing and the horse is used for delivering fish and laundry. The work isn't heavy, but the horse is old, poor, and is uncared for. Mr. Bennett followed Frainney home and begged him to put the horse up and feed it. At this he and his mother heaped abuse upon Bennett, and he arrested the young man, but his mother plead so hard and promised to take better care of the horse, her son was let go.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

ADVICE.

Cheer up chillun, an' move yoh feet!
Doan' ack glum ter de folks yoh meet,
Er smile's ez easy ez a sigh,
An' it's no mo' wuhk foh ter laugh dan cry.
So get in step wif de hurryin' throng
Stid o' mopin' erlong.

When de bother comes an' yoh chance seems bad,
Yoh makes it wuss ef yoh face gets sad,
'Case it stands ter reason, er hard-luck tale
When it comes ter winnin' yer friends will fail
So brush yoh gyahments an' hum er song,

THE PASTOR'S STORY.

The clergyman was a very prudent man, and feared to tell anything which might bring him trouble; then he had such a sense of honor that he was not willing to say anything that could be construced into a violation of confidence. As however, a certain wedding had been described by the parties themselves, and the particulars were known in the town where he formerly resided, he thought he might without impropriety tell a party of other clergymen the story of old Doctor Benjamin Tillotson, who, burying three wives, engaged himself to the only daughter of a rich farmer living some three miles from a certain village.

Miss Maria Cutting had arrived at the age of maturity, and as far as years were concerned was a fitting companion for the man who had been obliged to mourn so much since, twenty years before, he had married his first wife. Doctor Benjamin Tillotson, as he was named in the papers—but "old Doc Ben" in the stores, behind his back—was a man who was careful to have his speech, deportment, dress and character correct. He was as straight as an arrow—six feet and two inches in height—and when he moved along the street his walk was as measured as his language.

He desired to be strictly obedient to all the proprieties. He always lifted his hat to the ladies whom he met. At a dinner party he sat erect, and told his two or three stories in great detail and in true Johnsonian style. He had the greatest admiration for the learned Doctor Johnson, and regretted the sharp, brisk, newsy address of the day, and was as furious as his calm exterior would permit when any preacher bordered on pleasantry.

Notwithstanding his adherence to old customs and manners he was a most skillful physician. He travelled far and wide, and whether seen by night or by day sat erect, holding his reins tightly, and was never taken at a disadvantage by even the most spirited of his horses.

Once he was thrown out of his sleigh in passing through a snowdrift; his body even then was not thrown into hopeless confusion, but maintained its accustomed posture, and as his horses were well trained, he never was obliged to lose his dignity.

He shaved every morning at break of day, and smoothed his hair so carefully and mysteriously that it was never seen in disorder. His black broadcloth suit never had a particle of dust on it when he was seen in church, or when, after a long trip, he entered the house of a patient. He was immaculate in dress, ceremonious in manner, measured in speech, and attentive to the sick.

Maria Cutting's father was an old gentleman somewhere between eighty and ninety years of age, and was in constant need of medical assistance, so that Doctor Tillotson was a frequent visitor at the "Lodge," the home of the Cuttings. Maria was a very particular housekeeper, and a good manager of the large estate. Since the death of her mother and the infirmity of her father, not only did she attend to the running of the house, but to the affairs of the dairy and the investments, all of which were well managed.

She was a pronounced lady in waiting—an "unappropriated blessing," as she loved to call herself. She once said that as Doctor Tillitson was married, this fact precluded her from marrying the only man she ever admired enough to be willing to take as a husband.

When the doctor became a widower for the third time, Maria's admiration for him seemed to grow less. She said to an intimate friend that she could never accept a man, however much she respected and even loved him, whose affections had been given to so many women, and whose heart must be beautifully small for the fourth.

The sudden death of her father, and the doctor's genuine sympathy, shown her amid her grief, placed Maria in a peculiar position, and set her to serious thinking. She came to the conclusion that if the doctor proposed she would accept him, since her loneliness after her father's death could not be endured.

She needed advice in many matters, and so consulted the trusted physician—the friend of the family—and one wise in worldly matters, and a strict member of the church. The doctor was very prudent in his attentions to Maria until he discovered her feelings toward him. The courting must have been ponderous, and the proposal expressed in the rotundest English.

The doctor now and then was seen with a covered buggy, as he travelled on the road which led to the Lodge, and some sharp-eyed persons reported that Maria occasionally accompanied him as he went beyond her house to make professional visits.

Rumors began to spread of an engagement between Maria and the doctor. I was not, therefore, surprised when, one evening, he called upon me and announced that he intended to take another companion, one worthy in every respect to follow the departed as a member of his household. The lady who had honored him with her hand and heart, and though not young could not be considered old, and was therefore suitable for his spouse.

The wedding was to take place in the near future at the "Lodge," which would be kept as a summer house. He desired that everything be done decently and in order. At his request I promised to introduce into the wedding ceremony one or two features which he very much desired. He called several times afterward to be sure that I understood him. He wanted a sort of invocation after the usual questions had been asked and the replies made. This brief prayer, invoking grace and strength from on High to rest upon the two, was to be concluded by "Amen," and then the two were to be declared married, by the use of the common formula. A prayer with a benediction were to conclude the service.

The marriage day arrived. Maria made arrangements to have the best reception ever given in the fashionable town, the scene of so many triumphs. She did not spare expense, saying that as she expected to be married but once in her life, and the doctor might draw comparisons between this and his other weddings, she wished to out-do anything he had experienced in this line.

The house on the wedding day was splendidly decorated. All of the people in society—especially the doctor's patients—were present. Maria was always a little peculiar in her tastes and independent in her actions, and refused to be governed by ordinary rules.

The doctor's face was even cleaner than usual, his hair smoother; his new black suit was perfect, and having added to his costume a white cravat, a pair of white gloves and patent leather shoes, he looked handsomer and statelier than ever.

One thing Maria insisted on as her particular choice in the ceremony. She must kiss her husband first, and after this he could kiss her.

As the two stood in a corner of the large drawing room under the arbor of roses and smilax, they looked as well as any whose knot I had been permitted to tie. Maria, in spite of her determination to appear quiet, was, to my practised eye, somewhat nervous, and her manner indicated that her mind was a trifle confused, as she was once or twice on the point of saying something.

She was quieted by the doctor, who had, as stated, enough experience in the wedding line to make him act as a veteran in the service.

"Maria," he whispered, "compose yourself at this critical time."

The rich heiress—the most independent woman in all the country, who despised weakness in her sex—was brought to a deep sense of her feebleness during the ceremony, when the responsibility of her new relation to the doctor began to dawn upon her. The part which "old Doc" had inserted, and which was his pride, became a great rock of shame and confusion to him from which he did did not recover for years. No sooner had I ended the invocation of which mention has been made, and said amen, when Maria, in her added confusion at the doctor's reprimand, thought the service was over and put her old resolve into execution. Throwing her arms round the doctor's neck, she was not content to give him one kiss, but insisted, in spite of his mild protestations, in bestowing on him a dozen embraces.

The guests could not suppress their laughter. I was utterly unable to proceed seriously. Shutting my eyes I pronounced them husband and wife, and then, with all my suppressed laughter asserting itself in voice and manner, I congratulated the bride and groom, telling them that this was the happiest occasion of my life.

The radiant smiles of the guests adorned their faces all through the collation. Maria was happily unconscious then of her error, while the doctor, though too polite to show anger, and too much under self-control to manifest chagrin, was nevertheless painfully polite, and more than ever employed the biggest words and used the longest sentences. He drew me aside and said:

"My dear pastor, I trust that our married life may not be presaged by the event of today, and interruptions of an inappropriate nature be inserted into the rule of our lives. Though lamenting that our plans, so carefully made, miscarried at the very apex of my happiness, I have such confidence in dear Maria's love and good sense, shown on ordinary occasions, that I confidently look into the future, believing that in our household we shall ever have harmonious relations, since the agitation incident to a wedding service is exceptional, and not an integral part of life's usual duties."

Having unbosomed himself in this way, the doctor entered into the joys of the day as best he could, and Maria and he lived happily together afterward, with much music and little discord in their lives.

When a Pope Dies.

There is a strange and striking ceremonial by which the Vatican authorities assure themselves that a Pope is dead. The Cardinal Chamberlain approaches the bed of the dead Pontiff, and bears in his hand a little silver hammer. He prostrates himself before the bed, and calls the dead man three times, not by his name as Pope, but by the name that was given him at his baptism. Then he touches him lightly on the forehead three times with the hammer.

The silence which follows this appeal by voice and by touch is final proof that he who makes no answer to it is beyond its reach. After this formality, the Cardinal announces to the waiting priests that the Pope has ceased to live.—Golden Days.

YOUR BUILDINGS

will look a hundred times better, last many years longer, and fetch a higher price in case you wish to sell if you keep them well and handsomely painted. A fine coat of paint is like a dress suit, and puts a building in proper shape for show. Nothing pays better than keeping a house up. It costs something to build and paint is a cheap preservative.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint, that they seem to soil by being looked at—one or two wearings making them unpresentable. NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the original color. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

DENOUNCES HIS SUPERIORS.

A Minister In a Public Address Charges That He Was Discriminated Against.

Oneonta, N. Y., April 12.—J. C. Hogan of Scranton, Pa., who for the past two years has refused to take his appointment in the Wyoming conference, of which he was a member, claiming that he was being discriminated against because he was a prohibitionist, but who withdrew therefrom on Friday last, addressed a big crowd at the Metropolitan theater. His first criticism was that the conference failed to make public his reasons for withdrawing, intimating that they were afraid to do so. He then proceeded to read his reasons. Among other things he said: "The position and reputation of a faithful preacher of salvation and righteousness cannot be safe in the keeping of willfully sinful and partisan bishops and presiding elders."

He alleged that the church was in complicity with the liquor traffic, and that the vast majority of the bishops, pastors and voting members of the Methodist Episcopal church cast their influence and ballots for the representatives of the liquor traffic, showing that they were hirelings and not shepherds.

He said that the conference desired his parchments. He wanted first to mark them. He proceeded then to burn the names of the bishops who ordained him from the certificates, saying that he would as soon have the signature of the meanest rumseller in the state attached to them.

The speech created a great sensation.

FATAL RAILROAD WRECK.

Three Killed and Six Badly Injured on a Southern Line.

Charlotte, N. C., April 12.—North bound Florida special on the Southern railway No. 36 and local south bound passenger train No. 11 collided at Harrisburg, a small town about 13 miles north of this city, killing three persons and wounding six.

The killed are T. Clingman Benton of Charlotte, aged 36, postal clerk on No. 11; Titus Eudy of Forest Hill, Concord; Will Donaldson, fireman on No. 36.

The wounded are W. B. Tunstall of Danville, engineer of No. 36, badly scalded about the head, arms and face; J. C. Kinney of Thomasville, engineer of No. 11, scalded about chest, back, arms and neck, will die; James Lovell, conductor of No. 11, cut on the face; Fitzhugh Lee, colored porter of No. 11, legs hurt; William S. Clemens of East Durham, N. C., slightly hurt; R. E. Gallagher, express messenger, hurt about the head and arms, also badly bruised.

The north bound special was late in leaving Charlotte, but was given the right of way, its orders being to pass the local train at Harrisburg, where there is a siding. No. 11 had slowed up preparatory to taking this siding and was but 100 yards from the north end of the switch when the express, running at 45 miles an hour, dashed into it, causing one of the most disastrous wrecks that has lately occurred in this section.

Court Clerk Arrested.

Trenton, April 12.—George N. Packer, until lately clerk of the district court of Trenton, has been arrested, charged with withholding fees received as clerk which belong to William Dolton, one of the court constables, for serving papers. Packer was removed from office some months ago, and a shortage of several hundred dollars was then discovered in his accounts. It was brought to the attention of Packer's bondsmen, and he made over to them some property which he owned. Within the past two days Packer has expressed an intention to go to Seattle, Wash., and this prompted Dolton's action. It is not known whether any other constables have claims against Packer Until his present arrest it was thought that the shortage referred to included everything due the court constables. One of Packer's bondsmen as clerk became his surety on this charge.

Fishermen Thought to Be Lost.

Atlantic City, April 12.—F. V. Lovett, aged 40 years, and Norman White, aged 21, both residents of this city, have been given up for lost by their friends and relatives. The men left last Friday on a fishing trip to the banks up the bay. They did not return on Saturday, as anticipated. This caused apprehension, and the matter was reported to the police. An upturned skiff has been found in the bay near Fish point, several miles from the missing men's objective point. The boat was identified as that taken out by the men. It is feared that they were caught in the squall which prevailed Friday. The life crews are on the lookout for their bodies, which, it is supposed, will wash down this way.

Brutally Assaulted His Wife.

New York, April 12.—Joseph Fassonelli of 37 Main street, Brooklyn, is a prisoner, and his wife is lying in the Brooklyn hospital with little or no chance of recovery from ten wounds inflicted by her husband in a brutal fury. Fassonelli attacked his wife with an ax, and after knocking her into insensibility attempted to strangle her by twisting a towel around her throat. The woman's skull is fractured, and she is badly cut about the head.

Another American Released.

Havana, April 12.—Jose Gonzales Curbolo, a naturalized American, who has been imprisoned at Guanajay on a charge of conspiracy, has been liberated. Joseph Bofill, an Englishman, who has been imprisoned at Santiago de Cuba, has been granted an order of release and will be turned over to the British consul on the understanding that he is to leave the island by the first steamer.

Weyler Playing to the Grand Stand.

Havana, April 12.—Captain General Weyler has arrived at Placetas, accompanied by his staff. He came from Sancti Spiritus by way of Cienfuegos and Cruces. The civil and military authorities of the town immediately called upon him, and Captain General Weyler in the course of the conversation expressed himself as well satisfied with the operations of the campaign.

Monument to Alexander MacKenzie.

Ottawa, April 12.—Premier Laurier states that a sum would be placed in the estimates this season for the erection on Parliament hill of a monument to Hon. Alexander MacKenzie, the man who rose from a stone mason's position to be the second premier of Canada. His term of office was from 1874 to 1878.

INVASION OF TURKEY

Details of the Raid Made by the Greek Irregulars.

PORTE REGARDS IT AS CASUS BELLI.

Instigated by the National League, a Powerful Secret Organization That Seeks the Freedom of All Hellenes From Ottoman Thraldom.

Athens, April 12.—Accounts are still very conflicting as to what really happened last week when the frontier was crossed by the insurgents, whose carefully planned invasion is accepted by the Athenians as inaugurating war. The Turks evidently share the view entertained at Athens that the movement was one of great importance. Advices from Elassona indicate a universal belief that the invasion was simply a precursor to action by the Greek army.

It has been ascertained that the invaders numbered upward of 3,000. Among them were Signor Sipriani and his Italian volunteers. The entire force was under the command of three ex-officers of the Greek army, Kapsalopoulas, Mylanos and Ziepetros, and four Macedonian chiefs, Zermas, Davelis, Vrakas and Sarantio.

The rendezvous was at Koniskos, a village near Kalabaka. The men were all fully armed and wore the national costume, their black fur caps bearing the badge and initials of the Ethnike hetaria, or National league, embroidered in blue and white, with the words, "En Toute Nika" crossing the initials in black.

On Friday a monk from Mount Athos assisted his abbot and two deacons at a religious service at Koniskos, at which all members of the invading body partook of the sacrament and registered the oath of the order, "Liberty or death."

In addition to large quantities of ammunition and provisions the force had £3,000 in gold. During Friday night following the service the frontier was crossed, the force moving in the direction of Schuik. While this movement was in progress a second band, the number of whom is as yet unknown, had a rendezvous at Nezeros, on the frontier, about 35 kilometers north of Larissa and near the coast. This band was similarly equipped, had a similar mission and took the same oath. It was commanded by the Macedonian chief Sinsinikos. It crossed the frontier on Thursday night, marching on Karya.

General Makris Leaves For the Front.

General Makris and his staff, with some knowledge of the movements afoot which they were unwilling to impart, have left for Tyrnavos, the most important Greek position near Elassona. Four batteries of reinforcements have followed for the same point. At headquarters they declare that nothing is known as to the raid and will say nothing as to the probable character of the raiders. However, some additional light has been thrown on the subject by an interview between a press representative and a prominent Greek who is evidently in close touch with the league and its plans. The Greek said:

"The movement of these bands is all in accordance with a very clearly defined programme. For years thousands of Greeks, even little children, on receiving a shilling, have been in the habit of putting half of it into a national box in the cause of Pan Hellenism. For many months it has been the plan of the league to stir up all the Pan Hellenic peoples by means of armed bands. Now that a great moment has come in Greek history we have seized upon it. Our aim at present is to get behind the Turkish lines and to stir up all our brethren.

"Whether or not Europe insists on the integrity of Turkey, Greece is not animated by selfish views or with any desire for annexing territory to the kingdom. She demands not only a true and complete independence for heroic Crete, but the same independence for Epirus, Macedonia and Thrace. And she demands this also for all the subjugated populations of Asia Minor.

"Therefore Greece will face any danger in order to reach that end. Years of frightful suffering and unnumbered crimes and tyrannies have been forced upon those who are our kinsmen by faith and blood in those countries, and we are pledged in the most solemn way and inspired by the most sacred and ennobling principles of liberty to do all in our power to lift from them the curse which burdens them."

When the attack began, strict orders were sent to all the Greek outposts on the frontier to preserve neutrality and not to open fire until actually attacked by the Turks. The only casualties reported here are the deaths of two leaders and of three Italians.

As Viewed by the Porte.

London, April 12.—The Times this morning prints the following dispatch from its Athens correspondent:

"The porte, in protest to the powers against the Greek invasion, says that the regular Greek army entered Turkish territory near Grevena and committed acts of hostility by destroying three posts. The protest further declares that these acts virtually constitute an act of aggression and a casus belli and denounces Greece as an aggressor in the affair.

"The choice of the moment to begin the war does not rest with King George or with the government, but with the Ethnike hetairia. The activity of this organization has been centered mainly in Macedonia, and only incidentally in Crete. The rebellion in Crete was planned for March, but was precipitated by the violence of certain Cretan Mohammedans and broke out six weeks earlier than was intended. The Cretan movement was designed to be subsidiary. The Macedonian was planned for a much later date, owing to the greater rigor of the Macedonian climate, which is not favorable to active operations much before May.

"Events, however, have traveled faster than was expected. Even if the Cretan question had been arranged, there would have been an attempt to carry out the scheme for a rising in Macedonia."

Ireland Beats Brooklyn.

Belfast, April 12.—The lacrosse team of the Crescent Athletic club of Brooklyn was defeated here yesterday by a consolidated team representing the north of Ireland. The score was 4 to 3 in favor of the Irishmen.

FINAL ANTE TO THE CADI.

CONTINUED FROM PAGE 1.

Beerbower, proprietor, was arrested on complaint of Chief Grant on the charge of illegal liquor selling. It is alleged in the complaint that Mr. Beerbower sold whiskey on Sunday, March 14th, on Sunday, March 21st, and on Sunday, March 28th. According to the city ordinances, no liquor dealer or anyone else for that matter is allowed to sell liquor on Sunday, and it is for violating this portion of the ordinance that Mr. Beerbower is charged. They police claim that they have sufficient proof to convict him.

Mr. Beerbower was arrested on Saturday morning by Roundsman Flynn on a warrant sworn out before City Judge DeMeza and he was taken before the Judge. He pleaded not guilty and was released on $800 bail for trial.

Mr. Beerbower believes that he can clear himself of the charges preferred by Chief Grant, if they ever come to trial. The evidence of alleged illegal traffic was furnished by Hammon Bowser, a colored porter once in Mr. Beerbower's employ, who claims to have bought the liquor on the dates mentioned. Mr. Beerbower says that he discharged Bowser April 3d. As the charge of selling liquor illegally to him was made for the first time on April 14th, Mr Beerbower says that it does not stand to reason that even if he was going to sell liquor to any one on Sunday, it would not be to a colored porter whom he had discharged but a short time before.

NEW LOCAL INDUSTRY.

A Company Organized to Manufacture Robert Jahn's Compositon.

Papers have been filed with the County Clerk at Elizabeth and Secretary of State at Trenton, for a company, capitalized at $50,000, to manufacture the Jahn perfect patented roof valley," and to be known as "The Perfect Roof Valley Manufacturing Company." This valley is the only one of its kind in this country or Europe, and with its use on any building it is said to be a positive preventitive of a leak in any kind of storm. It has the indorsement of over two hundred of New York's architects; and where it has been used in this locality it has never had its equal. The company propose to build a large factory in this city on the line of the railroad. The officers are:—DeWitt C. Ivins, President; Geo. J. Tobin, Vice President; Chas. S. Foote, Secretary and Treasurer, and the Board of Directors are DeWitt C. Ivins, Geo J. Tobin, Chas S. Foote, Robert Jahn, Walter H. Freeman.

—John Daly, who has been manager of Rich & Maeder's "Kidnapped" company, returned home this afternoon, the company having closed at Paterson for the season, Saturday night. Mr. Daly will probably manage one of Rich & Maeder's stock companies the coming summer.

A unique freak of the Kentucky flood came to light the other day. A box containing some valuable papers was found floating in the river. Among the papers was a letter addressed to Judge W. S. Pryor of this city from a Bell County man, containing a check for $100 for legal services. The letter was turned over to Judge Pryor, who placed the check to his credit in the bank. The box had been washed out of the office of the County Clerk of Pineville, which was recently inundated by high water, and had floated a distance of over 300 miles.—Cincinnati Commercial Tribune.

PARKS MET THEIR MATCH

THE BIG FOUR LOSE AT WHIST WITH THE HAMILTONS.

The Luck Seemed to be With the Quaker City Players, for They Beat the Plainfield Players at Every Turn in the Game.

The famous whist team of the Park Club, of this city, proved an easy prey to the Hamilton Club, of Philadelphia, in their match for the National trophy Saturday afternoon and evening.

The Parks were fairly outplayed, but the large score by which they were defeated is partially accounted for by the strange hoodoo that seemed to hang over their heads. The luck lay entirely with the Hamiltons, so that even the players on that side remarked upon it.

The Parks challenged for the National trophy sometime ago, but their turn to play did not come until last Saturday. While by no means certain of victory, the Parks looked forward with eagerness to the chance of meeting with such worthy opponents as the Hamiltons, one of the best, if not the best, of the whist teams of the country.

The match was played in the clubhouse of the Hamiltons at Fourty first and Spruce streets, Philadelphia. One section of twenty-four boards was played in the afternoon, and another section of the same size in the evening. Between the two the visitors were entertained right royally at dinner by their opponents. The Hamiltons won the first section by twelve points, and then after the rest returned to the game with renewed interest. The second section was won by the Philadelphia team by an even higher score, sixteen points, making a total of twenty eight points by which the Parks were defeated.

The Hamilton team was composed of Messrs. Remak, Work, Ballard and Mogridge. The regular Park Club team was present, Messrs Rogers, McCutchen, Howell and Townsend. Senator Charles A. Reed accompanied the Parks and acted as referee.

The game that the Parks played was not up to its usual standard, while the Hamiltons were playing in winning form. And then the luck was always in favor of the home club. There is no doubt but that the Hamiltons would have won in any event, but the remarkable luck they they had helped them materially to swell the score to twenty eight points Mr. Remak, captain of the Hamiltons, one of the oldest players in the country, told Senator Reed, who is a personal friend of his, that in all his career in whist matches he had never seen a game in which the luck was so absolutely in favor of one team and against the other as in this match.

In comparing the past record of the two clubs it will be seen that they are classed very close together, and that there must have been some prevailing favor to make the score so uneven. Both clubs were deated by the America Whist Club, of Boston, the Hamiltons by five tricks and the Parks by one trick.

A Quick Wit.

A girl who lives in a little town in the West, not far from a railway crossing, looked out of the window the other day and saw a laborer jump from one track to the other to escape an approaching freight train. He was apparently dazed by terror, and stood still, not seeing that behind an express train was rushing down upon him.

The girl saw that before she could make him understand his danger it would be too late. She therefore threw up her arms, shrieking wildly "Help! help! help!" trusting to the impulse which sends a man on the instant to the relief of a woman in distress.

"I'm coming!" shouted the Irishman springing toward her in time to escape the engine as it rushed past. He stared back at it, and then at the woman, crying and laughing at the window and, taking off his hat with shaking hands, said:—

"I owe you something, miss," and walked away.

His intentions were as friendly as hers, but the wit was slower.—New York Herald.

A SOURCE OF WEALTH.

Gen. Stone Says Good Roads Would Prove Such to Farmers.

Cyclists are taking a livelier interest in the subject of good roads at present than ever before. President Potter of the League of American Wheelmen is one of the most earnest workers in this cause, and he is laying plans for an active campaign. President Potter and General Roy Stone, the head of the Good Roads Bureau of the Department of Agriculture, hold frequent consultations on highway improvement matters. Herewith is a report of a speech made at the good roads congress at Albany recently by General Stone:

"You are fighting and working, not for glory or scalps, but for practical results in the line of good legislation and good roads. Your endeavor should be to conciliate the farmers, while you keep the cities right for reform. You don't want to lose friends or to make enemies. You might succeed in passing good road laws in spite of the farmers, but you would have to depend upon the farmers at last for the execution of those laws. You must remember, moreover, that while you have been the active agitators for road improvement, and have swayed public sentiment in this direction, the farmers have, in some cases, taken up the practical work of road-building and carried it out with marked success. It was the farmers who originated the State Aid law of New Jersey and who have carried it into execution, with its vastly beneficial results, not only in that State, but as an example to many other States. And it was the farmers who built the Canandaigua roads in this State, at their own cost, by direct taxation, and who petitioned the Legislature for the right to increase the legal limit of their taxation. Your effort then should be to keep the farmers with you, or, if possible, put them in the lead and yourselves in their support.

In your discussion with the farmers and their representatives you can bring to bear this powerful argument: That it is time to do away with the cruel injustice which places upon them and upon the small fraction of the property in the State which they hold, the entire burden of building highways for the whole people. In the State of New York this burden is borne by one-fourteenth of the property of the State, and every measure which the wheelmen are advocating is in the direction of actually lifting this burden off the farmers' shoulders, instead of saddling a heavier one upon them.

It is enforced idleness that makes farmers poor, and no farmer need be idle a day on account of bad weather or wet fields if only his roads are good. On a good road there is always paying work of some kind, and wet weather is just the time to go on the road. The French farmer never loses a good day in his fields, for he can do all his marketing and hauling of fertilizers in rainy times.

What prosperity would burst upon this country if every farmer and farmer's boy, not at school, and every farmhand and team could earn a full day's wages every day in the year, rain or shine!

When you have convinced your neighbors in the cities, and especially those of them who are candidates for public life, that the interests of the city population demand that they shall come to the relief of the farmers, you can go to the farmers with this assurance of help and ask them to take into careful consideration the practical measures by which this relief can be brought about, and especially the measure for providing State aid and for the use of convict labor. It is only through State and county aid that the cities and villages can help. If you find the farmers clinging to the old ways, say to them that these ways are mainly an unfortunate inheritance from the mother country, which we brought away with us and failed to shake off when the system was abandoned there; and that to-day in Great Britain not only are the roads maintained at the general cost of the people, but Government loans are made for any specially heavy improvements that are desired. Two hundred years ago the great highways of that country were kept up, so far as they were kept up at all, just as they are in this State to-day, by local taxation, while they actually served the people of the whole Kingdom.

Upon the convict labor question, let them understand that a thousand idle men are being marched about in Sing Sing Prison to-day for exercise, whose labor, if properly directed, could provide the material for thousands of miles of good roads every year, and that the honest industry of the country pays for maintaining these criminals in idleness. These things would be incredible if told in England to-day. They would be a bitter reproach to our Republican institutions. And they would add another argument, and a most powerful one, for those who claim that our system of government cannot care for the economic interests of the people as well as a monarchy. It would be a fatal indictment against our institutions, if it must be truly said, that a free people, in a rich country, cannot secure for themselves the blessing of good roads.

IT IS THE DUTY OF THE STATE TO REAR THE YOUNG PROPERLY.

Mrs. Williamson, General Secretary of the State Charities Aid, Delivered an Address Before the C. A. A. of This City.

The last of the public meetings for the year of the Charity Organized Aid was held in the chapel of the Crescent Avenue church last evening and the attendance was remarkably good. President Mason W. Tyler was in the chair. Previous to the regular order of business a very pleasing piano duet was rendered by Miss Dumont and Miss Ginna.

After the reading of the minutes of the last meeting, H. P. Reynolds, treasurer, stated that the receipts had been $369.42 and the expenditures $269, leaving a balance of $127 in the treasury. The executive committee reported an increase in the detail work, and the report of the district committee stated that the establishment of the City Industrial Home would afford much-needed relief. The feature of the evening was the address by Mrs. Williamson, general secretary of the State Charities Aid, of Elizabeth. The president said that it gave him great pleasure to introduce this talented woman. Mrs. Williamson's subject was "The Dependent and Delinquent Children of the State," and she at once secured the attention of everyone present. She is an exceedingly bright speaker and the interesting manner in which she talked won for her and her object many supporters. She said that Plainfield had taken a step in the right direction by establishing an Industrial Home. It not only helped the State work, but her work as well. She considered Plainfield to be among the leading cities in education and this she held to be an important factor in the work of looking after the children. She said that there ought not to be such a word as "pauper," but people who would come under that head should be designated as the "poor." Continuing, Mrs. Williamson said:

"We now come to the subject of the children. I believe that we should have started with them years ago. In *this work it* is an absolute necessity that we have co-operation. Last year we secured the drafting of a bill which would not allow children to be kept in an alms-house over one month. The bill passed to its third reading but in some way while it was on its way to the Governor it was lost and for this reason it failed to become a law. The Catholics objected to the bill for they were afraid that it would institutionize the State. In consequence it was suggested by them that the Governor appoint a commission, and Governor Griggs is now about to appoint such a commission and there is to be one woman on that commission. The work of this body is going to be stupendous. Here in Plainfield you have an excellent home for the children but it is not so in all parts of the State. There are some parts of Hudson county where the children are brought up in the gutters. The condition of the children in New York can be compared to that of Jersey City, Newark, Camden and Paterson. The question is,shall we have alms house education for the children? From these institutions hundreds are graduated each year only to fill our jails. There is nothing so degrading as to be brought up on the tax-payer's money. This problem of what to do with the children is indeed a perplexing one and we shall devise means and methods for looking after the children. I say we, for I understand that the Governor intends to appoint me on the commission. I sometimes think that the founding of a State Industrial School would solve the problem. My wish is that a body of educated people look into this great subject and determine the best plan to pursue. The best work is the slow work and we need to go slow. I have been engaged in this work for the past ten years and I know it is. We can do nothing without the aid of the churches and the Divine Spirit. Our hope is to arouse the Christians of the State to do something for the children."

The latter part of Mrs. Williamson's address was devoted to the relating of personal incidents in connection with her work about the State. She told many heartrending stories of the condition of things to be found in certain parts of this State, and she urged the hearty co-operation of all.

After the above address Mrs. Wm. A. Saunders sang a beautiful solo, accompanied by Miss Dumont on the piano. Following this the rest of the reports were presented,which included that of the finance committee, which was practically the same as presented by Treasurer Reynolds. The committee on co-operation stated that

VICTORY AFTER DEFEAT.

PARK CLUB WHISTERS WON FROM RUTHERFORD UNION CLUB.

Plainfielders Played in Their Usual Good Form and Had Victory Well in Their Grasp in the Early Part of the Game.

The grasp of the Park Club on the State challenge whist trophy grows tighter and another victory was added to the present long list, last evening. The team from the Union Club of Rutherford came to Plainfield, last evening, in their turn to play for the trophy and although they did not win, they had the consolation that the strongest whist team in the State defeated them by only five tricks. The Parks played in their usual good form and had the game well in their grasp from the start but the visitors were not discouraged and played a careful game to the end.

The Parks won the first round by a score of six tricks to two. The second round was also won by them by a score of six to three. The Rutherford players came up in the last round, however, and won in five tricks to three.

The visiting team was composed of Messrs. Thomson, Fogel, Edwards and Watson. The regular Park Club team, composed of Messrs. Rogers, McCutchen, Howell and Townsend, was at its accustomed place. The visitors were treated to a light collation after the game.

The next match for the trophy will be played on next Monday evening when the team from the Montclair Club will come to this city to play the Parks.

REVERENCE.

Subject of the Lesson Taught at the Primary Teachers' Union.

Miss Shinn taught the lesson at the meeting of the Primary Teachers' Union, held yesterday afternoon, after which Rev. C. L. Goodrich, pastor of the Congregational Church, gave a talk on the subject of "Reverence." Next to the mother, the speaker thought that the teacher of the primary class was the one to teach reverence. Mr. Goodrich said that reverence was most important, and yet the American people as a people have very little of it. At a recent meeting of the local ministers one of the ministers startled the others by stating that "Protestantism was the only religion whose sacred symbols are made sport of," and if this is so it might be well for the heathen to send missionaries to us instead of vice versa. It is important to learn a child reverence so early that the child does not remember when it was learned. The speaker's definition of reverence was being polite to God, and not doing anything that is impolite.

Following the talk an informal discussion on the subject was enjoyed, and the meeting closed with the benediction by Rev. Mr. Goodrich.

MIZPAH LODGE SOCIABILITY.

A Varied Programme Given by the Odd Ladies.

An entertainment, social and dance was given last evening by the members of Mizpah Lodge, No. 1, U. O. of I. O. L., and the affair was successful. The following programme was rendered with satisfaction:

Overture, Messrs. Naylor and Blake; recitation, Mamie Richards; piano solo, Miss Angleman; selection, Messrs. Naylor and Blake; dialogue, "The Pull-Back;" vocal solo, Miss Bellis; selection, Messrs. Naylor and Blake. The last number on the programme was the appearance of the "Sweet Family," composed of members of the lodge. They gave recitations, vocal and instrumental music.

Following the above, a social and dance was enjoyed by all, and at midnight refreshments were served. The committee in charge of the affair consisted of Mrs. Cox, Mrs. Radin, Mrs. Page, Mrs. Mattox and Miss Snyder.

A Patent Lock.

John O'Keefe, late of the street railway service, has an invention of his own getup which he has had patented. It is a combination spring lock and is so arranged that it can be used in many ways. The contrivance is the result of his own ingenuity, and he has already had a very flattering offer from a New York firm to part with his patent. Mr. O'Keefe went to New York yesterday afternoon to arrange for the sale of the patent, but he, himself, wishes to retain an interest in it.

A Heart Party.

An informal heart party was given last evening, at the home of Charles B. Morse, of Franklin place, in honor of Robert C. Hondloser and Leon B. Lent, both of Stevens' Institute. It was a stag affair. The first prize at hearts was won by Sydney R. Titsworth. Robert C. Hondloser took the second prize and Nathan E. Lewis the booby prize. The rest of the evening was spent with games and music.

NAVAL RESERVE TO STAY

GOVERNOR GRIGGS WILL SIGN THE APPROPRIATION.

Charges Against Capt. Jaques Were Not Sustained and Have Been Dismissed—Many Changes of Opinion Lately.

Gov. Griggs has announced that he will sign the bill making a $10,000 appropriation for the New Jersey Naval Reserve, and has said that the complaint against Capt. Jaques did not emanate from the Governor's office. He has also made public the fact that he has received from several officers of the Naval reserve a request that their signatures be stricken from the petition sent him some days ago.

The Governor's declaration that he would authorize the appropriation for the Reserve has put an end to the rumors that he would either cause Captain Jaques to be court-martialed or would cut off the appropriation with the intent and effect of disbanding the reserve because of its dissensions. His action is the settlement of the paltry disputes in the organization, the quarrels between the two divisions and the complaints against Captain Jacques, which culminated in the petition sent to the Governor some time ago and made public on April 5. The petition ins anced in support of its charges of partiality and arbitrariness certain actions of the commanding officer in refusing, as was alleged, to approve appropriations, neglecting to visit the petitioning battalion of the West, declining to countenance the use of a National Guard rifle range offered to the reserve, and assuming the duties of paymaster without justification. The petition further alleges that the Commander was forced upon the reserve, and that his appointment was believed to be illegal.

After the charges were published and Captain Jaques had got an opportunity to vindicate himself, he wanted inquiry into the matters complained of in the petition. He showed that he had not exceeded his authority under the laws as Commander, either in the matter of the approval of appropriations or the refusal to allow the use of a National Guard Rifle Range. In the matter of the rifle range, indeed, he has proved that its use by the Reserves would be a contravention of the State law, beside violating the provisions of the Naval Reserve act making it imperative that the summer shooting practice of the organization be performed afloat.

Capt. Jaques' services from the date of his appointment have won him the respect of all who knew the difficulties he had to overcome in organizing his department of the State militia. Capt. Jaques was considered eminently fitted for the place, having graduated in the line and been in active service until 1887. Then he resigned to superintend the manufacture of heavy ordnance and armor. He is recognized as an expert in that department of naval warfare, and has often been called to Washington as a consulting adviser. Under his supervision the State reserve made such a good showing at the inaugural parade on March 4th, that both Gov. Griggs and Assistant Secretary McAdoo wrote him personal letters of congratulation.

A Trip on a Triplet.

Robert C. Hondloser, of New York, and Leon B. Lent, of Brewster, N. Y., both students at Stevens Institute, rode out to Plainfield yesterday afternoon on a Wolfe American triplet, and were the guests of Walter B. Rittenhouse, of East Sixth street,who is also of the Institute. They will remain in and about Plainfield today and Rittenhouse will occupy the third seat on the triplet. Tomorrow morning the three will leave for a two weeks' tour through northern New Jersey, New York and Long Island. Lent is a Senior at college and a member of the Stevens lacrosse team, which held the championship of the United States for several years. He is also one of the editors of Stevens "Link." Hondloser and Rittenhouse are Juniors

KEEN SPIRITUAL LIGHT.

PERCY CANNON READS THE STORY OF JESUS AND THE BLIND MAN.

A Beautiful Story Spoken of Briefly and Earnestly by the Young Worker whose Affliction Made Him Sympathetic.

The second week of the union evangelistic services held by the Endeavorers opened last night, and the meetings will be held on each evening except Friday. Tonight the meeting will be of unusual interest, as Robert R. Railey, the Princeton theological student whose talk last Friday night was so much enjoyed, will be present, and will bring with him a quartette from the college glee club, whose singing will be a very pleasant feature of the evening.

Last night's meeting was well attended, and a very enjoyable one. A blind speaker is apt to come very close to the hearts of his hearers, and when, after the usual opening exercises, conducted by E. E. Anthony, and a prayer by Rev. W. R. Richards, D. D., Percy Cannon, a young Christian worker, sightless as to his physical eyes, but with the keenest spiritual sight, drew toward him his raised-letter copy of the Gospels and began to read the story of Jesus and the blind man, he was listened to with the closest attention. Having read, with the aid of his quick fingers, the whole beautiful story, he spoke about it briefly, but very earnestly.

He pictured the blind beggar sitting by the wayside, a common sight in the Orient, with the multitude passing by, pitying him, but with no help for him, till there came by One whom he felt to be divine, and, putting clay on his eyes, bade him wash in Siloam. When he returned, imagine his joy! The speaker, who never saw his father's face, and knows his mother only by her voice, brought tears to the eyes of many hearers by his words concerning what the gift of sight must have been to that man, and what it would be to himself when he should open his eyes in heaven. His first desire would be to see the Saviour. The man in the story met his Lord and received spiritual sight also, but when he was told to tell no one he could not obey. So with us; when Christ has given sight to our souls we cannot help telling others and urging them to come to Him also. Mr. Cannon told of his thankfulness for all God's goodness to him, his endeavors to bide God's time patiently, and his longings to serve his Saviour. In closing, he contrasted his lot with that of his hearers and urged them to a more real consecration of their fuller powers, and a deeper thankfulness for God's goodness.

The testimony meeting that followed was conducted by L. J. Biglow, Jr., and included words from a number of those present,telling of God's keeping power, a solo, "We Come, O Lord, to Thee," by Horace J. Martin, and a closing prayer by Rev. Dr. Yerkes, after which the service was closed with the Mizpah benediction.

HIS THIRTIETH BIRTHDAY.

John Haskard Pleasantly Surprised Last Night.

A surprise party was tendered to John Haskard, of 314 Morris avenue, last evening, in honor of his thirtieth birthday. An enjoyable time was spent. Dancing being the principal feature of the evening. Robert Slorah favored the company with a Scottish dance in Highland costume, while Robert Hunting rendered several comic songs. A recitation by John Haskard was also given.

Among those present were: Mr. and Mrs. Charles Westphal, Mrs. John Haskard, of Scotch Plains, Mr. and Mrs. Elmer Johnson, Miss J. Brokaw, Mr. and Mrs. Slorah, Mr. and Mrs. Voorhees, Mr. and Mrs. Montgomery, Mrs. Porter, Mrs. Barber, Mr. and George Gray, Mr. and Mrs. Boyden, Mr. and Mrs. Mundy, Mr. and Mrs. William Gray, Mr. Mellenback, Miss Gray, Miss Westphal, Miss Howeth, G. Kline, Miss Clifton, Miss Jessie Slorah, Miss Hanglighter, Mr. Hang lighter, the Misses Porter, James Slorah, Miss Montgomery, Mr. Martin, J. Barker, Mrs. Elsie Slorah, Mrs. Eliza Slorah, James and Alex. Lindsay, Mr. Messersmehmit, Mr. Shepard, J. Slorah, William Montgomery, S. Schomp, M. C. Leighs, Mr. Wrigan, H. Ackor and M. J. Gunn.

$5 More For Not Being on Time.

Wm. Watt, one of the young men who was captured Sunday morning in the raid on the gamblers in the City Hotel, did not appear with the rest yesterday morning. Instead he came up to the Judge's office in the afternoon, when he pleaded guilty to the charge of gambling. The Judge severely reprimanded him for not appearing in the morning when ordered to and fined him $15 for the offence, $5 more than the rest for failing to appear at the time set down for trial.

STILL HOLDS THE FORT.

FREDERICK MESEROLE STICKS TO A DUNELLEN FARM.

Raced With a Constable to Avoid the Serving of Papers For Dispossession—A Writ of Certiorari Saved Ejection.

The borough of Dunellen is just now furnishing one of the most exciting cases of the season. Frederick Meserole is the defendant, while Meyer Reiss, of New York, is the plaintiff. It is a landlord and tenant case and is unusually interesting.

In 1896 Mr. Meserole rented the Paterson farm at Dunellen from J. R. Stein, of New York, with the understanding that the former was to have the place until it was sold. In February of this year the farm was sold to Meyer Reiss, of New York, and Mr. Meserole was given a thirty days' notice to vacate. The later believed that it was a trick to get him off of the place and he refused to vacate. On April 2d, Mr Reiss served a notice on Mr. Meserole to leave the premises at once, but he still believed that he was being duped and he retained Lawyer Irving Brady, of this city, to defend his case, and on April 6th suit was brought before Justice Huff, of New Brunswick. The case came up yesterday for trial in New Brunswick.

The plaintiff was represented by Judge Cowenhoven, of New Brunswick. There were a large number of people from Dunellen called as witnesses for the defendant. In the first place Mr. Brady objected to the authority of Justice Huff to try the case, as he had moved from Dunellen, where he was elected, before the case started. The Court over-ruled this objection, as well as all others as to his jurisdiction and other points of law, and proceeded to try the case. The trial was a very exciting one and many heated words were passed back and forth by the lawyers. Reiss produced the former owner, Mr. Stein, his typewriter and several witnesses from Dunellen.

Mr. Meserole's counsel asked for a nonsuit on the grounds that the relations of landlord and tenant had not been established, that no affidavit had been filed as required by law, that the summons had not been served as required by law and that the papers lacked proper formality.

Justice Huff overruled all of these objections, and as Meserole refused to proceed further, the Justice gave judgment for disposession against the defendant. Lawyer Brady asked the court for a delay to secure a writ of certiorari from the Supreme Court, but this was refused, and in fact Meserole was refused any time and disposession was granted at once. The papers were given to Constable Pierce for execution, and as soon as the interested parties could get out of the court room there was a race back to Dunellen to see who could reach the desired property. First one party would get ahead and then the other would be in the lead. Meserole and his party reached the place first, however, and the present occupant entered the house and locked the doors just as the plaintiff and his friends arrived.

Soon afterward Meserole produced a paper from Dr. Brakely stating that Mrs. Meserole was too ill to be removed. The constable together with the plaintiff then went after Dr. Brakely and returned with him to the place occupied by the defendant. After much persuasion the latter agreed to have the doctor examine his wife as to her condition. After an examination the doctor decided that Mrs. Meserole could be moved today noon. The plaintiff and the constable drove away making threats that if the defendant was not out of the house today they would be thrown out.

In the meantime Lawyer Brady was preparing the necessary papers to secure a writ of certiorari, and last evening he together with Meserole went to Jersey City and called on Judge Collins' of the Supreme Court. The latter took the papers and granted the writ, also a writ of supersedeas to Constable Pierce to stay all proceedings until the Supreme Court decides the case. The writs were served this morning and the constable was unable to execute his threat.

Record of the Civil War.

Major Anderson Post, No. 109, of the Grand Army, has presented to the Free Public Library the valuable official "Record of officers and men of New Jersey in the civil war." The work is in two folio volumes, and contain the name of every Jerseyman enlisted in the war of the rebellion. It will be placed in the reference department.

Granted Possession of Premises.

Tht case of Beerbower against Coddington, demand for premises, was tried before Justice Newcorn and a jury of twelve men, yesterday afternoon, and the jury brought in a verdict for the plaintiff and granted him possession of the premises.

AN INCREASED TAX RATE.

CITY EXPENSES GOING DANGEROUSLY NEAR THE LIMIT.

It is Estimated and Conceded That the Tax Rate Will be Between $2.50 and $2.60 on the $100 for the Present Year.

There is not a person in this city who would not like to know what the new tax rate for the coming year will be. It is a very vital question in view of the increased appropriations made by the council at the last meeting. It is acknowledged by all that the present council is an expensive one in many respects and especially so when it is announced at the commencing of the year that expenses were to be curtailed. A slight review will be interesting to show how the expenses have been cut down.

In the first place the salary of the street commissioner was placed at $1,000. This remained at that figure until the last meeting of the council when it was raised to $1,200 It was stated at the time it was raised that Mr. Gavett was worth it and hence the jump. Granting this, it does not seem to be economy, for the assistant is hired to help Mr. Gavett, and not only that but the council has secured the services of County Road Inspector Fink to come to Plainfield and macadamize a stretch of road which everyone knows could be done by Mr. Gavett. The men who built the famous county roads are F. A. Dunham, A. J. Gavett, H. C. Van Emburgh and David Bowden, all of whom are Plainfield men. The question is being asked, why not secure anyone of these to do the work? Of course, the expense of this work comes out of the street appropriation. So far as can be learned the only attempt to cut was in the above department, and, on the contrary, it has been increased.

In addition to the above, the Council removed the $11,000 appropriation for lights from the general fund to a special fund and the money will be collected under a special State law. This change does not make it any lighter for the tax payers for they have to pay it just the same. Again, $7,000 was appropriated for the Public Library, and of course, this is an additional expense on the taxpayers. It was remarked yesterday by a city official that in his opinion the Council had exceeded the limit of appropriation by $18,000, namely, $11,000 for lights and $7,000 for the library. The former appropriation made it possible for the Council to raise more money in the general fund, by taking it out of that fund. In addition to all this there is the sewer tax, interest on the sewer bonds, etc., that will have to be paid. It cannot be ascertained what the tax rate will be at the present time. The Council will have to wait and see how much they will receive from the State and county, and it will be July before the rate will be made known. It is conceded by certain city officials that the rate will be close to $2.50, and some have said that they thought it would be $2.60. This every one will concede to be very high, and in view of the fact that the city is really not getting very much more than it has been receiving, is causing people to wonder a great deal. Last year it was about $2.30 on the $100.

Under a State law a municipality cannot exceed $3 on the $100 in a tax rate, and the present prospect for Plainfield is that the tax rate for the present year will crowd uncomfortably near the limit.

SCOTT'S MUTUAL AID SOCIETY.

Annual Meeting Held and Officers Elected For a Year.

The Scott Press Works Mutual Aid Society held its annual meeting last evening when the treasurer stated that there is $493.12 in the treasury and during the past year $555 had been paid out for the sick and death benefits. This is considered remarkable good when it is known that the dues are only 25 cents a month.

The officers elected were as follows: President, H. G. Adams; vice president, Ben. Wainwright; secretary, D. C. Allen; treasurer, H. C. Newman; board of directors, Edward Soden; Bert Sutphen, Augustus Sergeant, Frank Soden, H. McLean, W. Newmiller, J. Bennett and Fred V. VanHorn.

Mr. Beerbower Entirely Blameless.

The police officials state that John Beerbower, proprietor of the City Hotel, is entirely blameless in the matter of the poker party who were raided in one of his rooms Sunday morning. In fact, the police say that not even Mr. Beerbower's employes could be blamed, for so far as the hotel proprietor or attaches were concerned, they were acting in entire good faith. The story in this paper yesterday fully explained the situation.

DEMOCRATIC CLUBS.

Meeting of Executive Committee of the National Association.

MANY PROMINENT PERSONS PRESENT.

An Address Issued to the Democratic Voters of the Country—President McKinley Appoints Bimetallist Conference Commissioners.

Washington, April 13.—The first meeting of the new executive committee of the National Association of Democratic Clubs took place here at the Ebbitt House. There was a very full attendance of members of the committee, and in addition some of the officers, who are ex-officio members of the committee. Those present included the following: Hon. Chauncey F. Black of Pennsylvania, Hon. Joseph C. Sibley of Pennsylvania, Senator Faulkner of West Virginia, Representative Benton McMillin of Tennessee, Representative Benton of Missouri, proxy for Governor Stone; Hon. George Fred Williams of Massachusetts, Lloyd L. Jackson of Maryland, Hon. William J. Bryan of Nebraska, proxy for James C. Dahlman; Representative Maguire of California, proxy for Senator White of the same state; Representative Allen of Mississippi, proxy for Senator Money of the same state; Hon. James Keer of Pennsylvania, Vice President Josephus Daniels of North Carolina, E. Chambers Smith of North Carolina, Mr. Burch of New Jersey, proxy for G. H. Lambert; Representative J. H. Lewis of Washington; Senator Chilton of Texas, proxy for Governor Hogg, and W. S. McKean, assistant secretary. Lawrence Gardner, the secretary, was unable to attend, owing to illness in his family. Mr. McMillin was chosen to preside over the deliberations of the committee. The members of the committee say the meeting was more fully attended and the interest displayed was greater than at any previous gathering of a committee after defeat in a previous campaign.

The reports of officers showed a very satisfactory condition of affairs in the association. During the campaign there were in existence 15,000 Democratic campaign clubs, 9,000 of which had been formed during the campaign and which lapsed after the election. There are approximately 6,000 clubs still in existence. The report of the treasurer showed a small indebtedness, which was promptly provided for and a new fund for carrying on the work in hand was created. There was a very general discussion of the work that had been done during the past campaign and the methods and measures to be adopted for the future.

A committee, consisting of Messrs. Black, McMillin and Maguire, was appointed to prepare an address to the Democratic voters of the country, which the committee unanimously adopted.

The Address.

The address, after reciting the objects of the association as set forth in its constitution and declaring that they are the principles of Jefferson and of the Democratic party, never surrendered or abandoned and essential to the preservation of the republic, continues as follows:

"But as members of the executive committee, assembled at a time when these fundamental principles are about to be disregarded by an administration recently installed and by a large majority of the house of representatives, proceeding almost avowedly to exert their fortuitous power to lay the country and all its industrial classes under tribute to a vast combination of monopolies in utter contempt of constitutional limitations of republican principles and of popular rights, we feel it our duty to call your attention to the peculiar situation and to urge you to that vigilance which has ever been and ever must be the price of liberty."

Referring to the financial question, the address says:

"While all industries languish, while the gold dollar appreciates and the silver dollar is denied its natural economic function, while a nation waits and suffers, tariff schedules are being revised for the exclusive benefit of the tax eaters, and the gold owners are tacitly assured that they need apprehend no encroachments upon their monopoly, which is visibly appropriating the profits upon the labors of civilized mankind. To the bitter complaints of the people the answer of the Roman farmer of the revenues is returned—namely, 'More taxes and a dearer currency with which to pay them.'"

In conclusion, the address says:

"We respectfully suggest that Democratic societies, constituted after the manner of those which Mr. Jefferson described as 'very nurseries of Republican principles, be established in every district and that every Democratic state, county and city chairman throughout the country take immediate steps to secure the institution of such organizations. These, when united in state associations and with this great national organization, will constitute an irresistible force in the contests before us. To insure a popular victory which will inaugurate the new century with as sure a promise of liberty, peace and prosperity as Jefferson's election inaugurated the last, we require only the means of constant discussion and the means of polling our honest vote in spite of corruption and intimidation. This a thorough club organization will accomplish."

Bimetallism Commissioners Named.

Washington, April 13.—The president announced the following appointment of commissioners for promotion of an of commissioners for the promotion of an international agreement for bimetal-Charles J. Paine and ex-Vice President Adlai E. Stevenson.

General Passenger Agent Resigns.

Baltimore, April 13.—Charles O. Scull, general passenger agent of the Baltimore and Ohio railroad, has resigned, to take effect April 15. Mr. Scull, who has been with the road ten years, took this action because of the appointment of D. B. Martin of the Big Four as general passenger traffic manager of the Baltimore and Ohio. It is understood that Mr. Scull was offered a considerable inducement to continue in his present capacity, but business reasons made it impossible for him to entertain such suggestion.

GORDY MURDER TRIAL

A New Yorker In Court at Georgetown, Del.

ALLEGED TO HAVE KILLED HIS WIFE.

The Body Found In the Water and Showing Evidences of Foul Play—Some of the Testimony Given on the Stand.

Georgetown, Del., April 13.—The trial of James M. Gordy, charged with the murder of his wife, formerly Mrs. Mary Lewis of New York, by throwing her into the Broadkiln river at Milton, Del., on March 11 last, was begun here.

Long before the judges arrived in town the court house corridors were packed so thickly with people that it was a task for the officers to open a passageway wide enough to admit those entitled to enter. Admission to the courtroom was by ticket.

Chief Justice Lore and Judges Charles T. Cullen and David T. Marvel were upon the bench. Of the 56 men summoned on the special jury panel, 51 were called before the twelfth juror was accepted and sworn.

After the jury had been chosen a recess was taken. When court reconvened, John C. Hazzard of Milton, a surveyor, was called and submitted a map of Broadkiln river from Milton Bridge to Vaughn's Landing.

Rev. William W. Moir, assistant rector of the Church of the Holy Communion, New York city, then took the stand. He swore he married James M. Gordy and Estella M. Lewis at the church, Twentieth street and Sixth avenue, New York, on Feb. 25, last. He positively identified Gordy as the man and also identified pictures of Estella Mary Lewis, or Gordy, as those of the woman he had married to Gordy.

Dead Woman's Sister Testifies.

Mrs. Blanche Goeletz, sister of the dead woman, was the next witness. She swore that the body was that of her sister and identified the diamond ring taken from Gordy as one owned by the dead woman. She also identified the silk bag and curling irons found in Gordy's room the day after the murder and every article of furniture at the freight depot here which was shipped to James M. Gordy from New York two days before the murder. The witness was visibly affected during the cross-examination, but her story was not shaken. Miss Dubrick of Brooklyn, a cousin of the dead woman, corroborated Mrs. Goeletz's story. John Robinson, a fisherman, told how he and his partner had found the body and towed it to Milton, 800 yards away. The feet of the corpse were stuck in the mud a foot or more, and they had to raise the body before they could tow it up the creek.

Postmasters Appointed.

Washington, April 13.—The following fourth class postmasters have been appointed:

New Jersey—Allenwood, William P. Lafetra; Avon-by-the-Sea, Charles P. White; Collingswood, Henry R. Tatem; Liberty Corner, Henry B. Rammel; Pedricktown, Harry M. Green.

New York—Arlington, Henry Allen; South Millbrook, W. S. Estelle; Vernon, George L. Powers.

Pennsylvania—Ashfield, E. A. Boyer; Blueball, Adam Geist; Bomanstown, Elmer E. Seitz; Bowmansville, Samuel G. Seifrit; Clay, Hiram C. Steinmetz; Colerain, D. C. Bunting; Cocalico, Frederick W. Eaby; Kinzers, John Hocking; McKean, Charles J. Mankel; Oakhill, Zell Neff; Pennside, E. D. Canfield; Quarryville, Hugh W. Gilbert; Steepleville, W. J. Hills.

A Baroness Lectures.

New York, April 13.—Baroness von Bulow, niece of the Baroness von Marenholtz Bulow, the lifelong friend of Froebel, addressed the kindergarten teachers of New York and vicinity in the assembly hall of the United Charities building. The hall was crowded. The baroness' address was largely a review of her aunt's participation in kindergarten work. She told of the growth of intelligence in the child and the formation of its mind, and declared that Froebel had been inspired.

New Electric Lighting Company.

Albany, April 13.—The Amsterdam Electric Light, Heat and Power company, organized to furnish electricity for heat, power and lighting public streets and private buildings in the city of Brooklyn and other cities, villages and towns within the state, filed certificates of incorporation. Its capital stock is $500,000, divided into $100 shares. The directors are Frank G. Writer and Edward J. Prest of New York city and Henry Keale of Brooklyn.

Chicago Paper Companies Assign.

Chicago, April 13.—Owing to the death of M. J. Fitch, the paper dealer, two companies of which he was president have made an assignment. The names of the companies are the M. J. Fitch Paper company and the American Roll Wrapping Paper company. The Fitch company is said to have assets of $75,000, with an equal amount of liabilities. The roll paper company, it is claimed, has assets of $25,000, with liabilities of $15,000.

Claims to Have Found Gold.

White Plains, N. Y., April 13.—Niles S. Smith, who owns a fine country seat on Dusenberry's hill, says he has found a gold mine on his place and that specimens of the ore have been assayed and are said to be worth $7 to $97 a ton. Small quantities of gold have been reported in various parts of Westchester county, but the finds have never amounted to anything.

Greater New York Bill Passed.

Albany, April 13.—The assembly, without much discussion, passed the Greater New York bill over the veto of Mayor Strong of New York by a vote of 106 to 32, and two supplemental bills, one amending the election law and one relating to supervisors in Queens county.

Weather Forecast.

Fair; warmer; variable winds, becoming southerly.

Spring Humors

During the colder season impure humors accumulate in the blood.

The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, winter's hearty food, fats and sweets, contribute more impurities.

This briefly explains the existence of Spring Humors—those unsightly eruptions, painful boils, annoying pimples and other affections, which make the use of Hood's Sarsaparilla absolutely necessary at this season.

But with some people, impurities in the blood cause very different symptoms. The kidneys, liver and bowels are overmatched in their efforts to relieve the clogged system. Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.

From the same cause may also come scrofula, neuralgia sciatica or rheumatism.

All these troubles and more may properly be called "Spring Humors," and just as there is one cause, a cure is found in just one remedy, and that is Hood's Sarsaparilla.

Hood's Sarsaparilla purifies the impure blood.
Hood's Sarsaparilla enriches that which is weak and thin.
Hood's Sarsaparilla vitalizes that which lacks vitality.
Hood's Sarsaparilla leads in Merit, Sales and Cures.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and liver troubles they have been proved invaluable. They are guarranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by L. W. Randolph, Druggist.

Frank Kelley, of Lambertville, spent Saturday and Sunday with his brother, John Kelley, who is coachman for T. B. Penton, of Rockview terrace.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping-Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guarranteed. It never fails to satisfy. Trial bottles free at L. W. Randolph's Drug Store.

Miss Ada Clark, of Washington street, has returned from the Trenton Normal School to spend her spring vacation in Plainfield.

Rheumatism Cured in a Day.

It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by T. S. Armstrong, druggist, corner Park and North avenues, Plainfield.

—The women of the First Presbyterian church will meet in the parlors of the church tomorrow afternoon for sewing purposes.

—Peter Seader was arraigned before City Judge DeMeza yesterday morning on the charge of violating the hack ordinance and was ordered to appear for trial next Saturday morning.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Miss Edna French will entertain a number of her friends this evening at a card party.

J. J. Cruisen, of the Grand Union Tea Company, spent yesterday in Asbury Park.

The Rev. W. H. Weaver, pastor of the U. B. Church, Dillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, cough's and hoarseness." So does everyone who gives it a trial. Sold by T. S. Armstrong, apothecary, corner Park and North avenues.

THE FLOODED DISTRICT.

A Relief Inspector Reports on the Condition Around Memphis.

Washington, April 13.—The first of the detailed reports from the inspecting officers of the flooded districts came to Secretary Alger from Lieutenant Whitney, and was sent from Memphis. It was as follows:

"As a result of personal inspection of part of the Memphis-Cairo district north of Ashport, Tenn., 90 miles by river, I found 18 crevasses in levees varying in width from 50 to 1,000 feet and widening some. The increased damage to levees will be considerable unless the ends of breaks are heavily capped. No fresh crevasses are anticipated now. The flood is completely over the United States levee at Ashport and south for 15 miles, except in a few of the highest places; three crevasses in this stretch. The top is being badly damaged on account of sloughing. I have reported latest details as to location, extent and condition to the engineer officer in charge of this district. Water at the maximum was three to four feet higher on the gauge than ever before known. It has been falling 10 to 12 inches every 24 hours and is now about on a stand, but still higher than any previous flood. The maximum approximate length and breadth and area of the inundated district are as reported in my previous telegram.

"In addition there is about 45 square miles in Tennessee, 9 miles long and 5 miles wide on an average. I find about 3,000 refugees, nineteen-twentieths colored. Fifteen hundred more have been brought to Memphis. Most all have some sort of shelter, but are suffering for want of necessities. Judging from reliable reports this number represents barely quarter of those needing immediate assistance in this portion of the district. Stock is suffering terribly. One-third to one-half of the cattle is drowned, and the remainder will die unless forage is supplied from the outside. The ready resources of the district are exhausted. The condition in Mississippi county, Tenn., is representative. Nine-tenths of its 805 square miles are covered with water 3 to 7 feet deep. About 15 per cent of this was under cultivation. Many cabins are washed away or torn up.

"Those standing are filled with people and rescued stock on raised floors and rafts. Out of 150,000 population 6,000 are dependent and needing. Four lives are reported lost by drowning. The conditions in Crittenden county are even worse, and the suffering is rapidly increasing due to prolonged high water. Most of the refugees are collected on high ground and at points on levees. I have noted their location and approximate number. They can be reached from Memphis by a relief boat, which should leave supplies for five days at a time at certain relief stations, each in charge of one responsible resident. I would recommend that an officer distribute rations and take receipt from person in charge of station. Those back from river can be reached by small boat from these stations. Sufferers in my section can and should be relieved where they are. This will prevent serious demoralization of labor later. I would recommend furnishing simplest food supplies, cornmeal and side meat and that every ration be accompanied by forage for two head of stock. I start soon as possible for the northern section."

THE REVOLUTION IN URUGUAY

Interesting Letter From an Official In That Country Which Speaks of Peace.

Baltimore, April 13.—Prudencio de Murguiondo of this city, consul general of the republic of Uruguay, has received a letter from a gentleman who occupies a high official position in that country in which he speaks of the revolution in Uruguay as follows:

"Things here have been somewhat tangled, but the power of the nation is insurmountable and irresistible, and there is no revolution that can affect any radical manner its perfect and assured stability. I believe that at the time of mailing this letter the revolution is under control and perhaps without the shedding of blood, particularly in the provinces thatwere doubted.

"The expeditions from Rosario, near Colonia, are surrounded by numerous government forces, and the insurgents have no alternative but surrender.

"Those on the frontier have no means of crossing and will dissolve from hour to hour."

Mr. de Murguiondo says that from the assurances contained in this communication and because of its high source he has no doubt that vessels sailing now from this country will find upon their arrival in Uruguay that the revolution has been suppressed and that trading will be brisk.

Navy Employees Must Pass Examination

Washington, April 13.—Secretary Long sent to the commandants of every navy yard and station a copy of the order he made March 26, relative to marking efficiency, office habits, etc., of employees. In the opinion of the secretary a true civil service must permit of removals in order to insure good work therefore under this circular any person who falls below 70 per cent in the rating will be dropped from the public service. As soon as Assistant Secretary Roosevelt is settled in his new office, he will by direction of Secretary Long make a thorough examination of every navy yard and station in the United States, devoting his attention particularly to the condition of the employees their efficiency and framing regulations for the corrections of any abuses that may be brought to his attention.

Naval Portion of Grant Parade.

Washington, April 13.—Admiral Bunce has arranged with Secretary Long the details of the naval portion of the programme at the Grant monument ceremonies at New York. The Dolphin has been ordered to New York, where she will serve to transport the President and Secretary Long in their review of the great fleet. Captain Chester has been delegated by Secretary Long to represent the navy in arranging the programme at New York with General Dodge.

Increases Its Capital Stock.

Albany, April 13.—The Trenton and Mohawk Valley Power company of Utica has filed certificate of incorporation with the secretary of state, capital stock $300,000, to furnish electrical light and power to cities, villages and towns within the state. The directors are Angelo W. Myers, Richard A. Cunningham, Edward J. Slattery and William A. Chapman of New York city and ..... Pierrepont White of Utica.

BOLD BANK ROBBERY

Yonkers Bank Robbed In Broad Daylight by Two Men.

CASHIER INTIMIDATED BY REVOLVER

The Thieves Then Coolly Proceeded to Help Themselves to the Cash and Made Their Escape In Safety.

Yonkers, N. Y., April 13.—In full noon, while the street 20 feet away was alive with pedestrians and the president of the Yonkers Savings bank was in a rear room separated from them by a partition so thin that he could have heard a word uttered above an ordinary tone of voice, two young men held up the cashier of the institution, took $4,400 in cash and escaped without leaving behind any trace of their identity.

The robbery was one of the most daring ever committed in or near this city. Cashier Cobb was so badly frightened that he could give no accurate description of the robbers after they left, although they were not masked.

A young man entered the bank shortly before noon and asked to have a $1 bill changed. The cashier did not know the man, who was respectably dressed. The bill was changed, and the cashier turned to his books, thinking that the stranger had left the bank. There were no other customers in the bank at the time.

The bank, which is the oldest in Yonkers, stands at one side of Getty square. After mounting three or four steps, the visitor passes through a broad door to the interior of the bank. On his left, beginning at the wall in which the entrance door is cut and extending back about 35 feet, runs a polished wooden counter surmounted by a brass screened railing, in which are cut openings, and behind which sit the cashier and teller of the bank.

The space inside the railing is about 25 feet wide, inclosed also at the rear by a counter and railing, which run to within three feet of the wall to the left of the entrance. There they cease and a gate fills up the interval, leaving an oblong cage, by means of which the bank officers are shut off from customers.

Guarded the President's Room.

To the rear, separated from the rest of the ground floor of the building by a partition extending the whole width of the bank and reaching to within four feet of the ceiling, is the office of the president, Henry Williams. The door in the partition is about midway between the two side walls, so that a man standing opposite the door of the president's office in the passageway at the rear would have to be passed by any one going from the doorway of the cashier's and teller's cage to the front door of the bank opening on the square.

After the cashier had disposed of the stranger who, he thought, had left the bank, he was called from his books by another young man, who stood at the window in the brass work railing near the outside bank door.

With this man Cashier Cobb engaged in conversation about a deposit the supposed customer intended to make. The stranger appeared to be waiting for something. Seeing that Cobb had noticed his evident expectancy the stranger said that a friend of his, a man of the name of Edwards, had promised to meet him at the bank by noon when the two intended to make a deposit to stand jointly in their names. The stranger looked at his watch. It was 12:10 o'clock. He remarked to the cashier that his friend was late. He himself would go, he said, and return in a few minutes. If Edwards came and inquired for his friend, would Cobb kindly notify the man of his contemplated return?

The cashier would be pleased to, he said, as he turned from the window to another desk inside the cage. As he stepped to the inside desk Cobb noticed something black under it.

"There appears to be a dog under here," he said, half to himself and gave the object a kick. As he did so it arose from under the desk, and Cobb saw that it was a man with a black hat and carrying a revolver in one hand and a roll of bills in the other.

He covered Cobb with the revolver, while with the bills he partly screened his face. Cobb gasped in astonishment, and in a loud, determined voice the robber said, "If you make a move, you are a dead man."

As the cashier half turned, hoping for assistance from the man outside the railing, he saw that the second visitor had thrust his arm through the teller's window and, with another revolver, was covering him from the rear.

Firearms Handy.

At the corner of the cage, near where the doorway opened into the rear passage, was a burglar alarm, and a loaded revolver lay on a table. The inside robber was retreating slowly toward the doorway, keeping the cashier always covered with the revolver, so that he could not reach either the alarm or the revolver on the table. At last the robber reached the doorway, ran down the passage and out the front door.

Relieved of the tension, the cashier stood dazed for an instant. Then he set off the alarm, and, grabbing a revolver, ran to the front door in time to see the two robbers running up the street toward the railway station.

While the second man was talking to Cobb the first stranger, who had not left the bank after having the bill changed, had sneaked quietly along the passage into the rear door of the cage, had robbed the cash drawer 10 feet from the cashier's left hand and had started to escape when the cashier's turn had surprised him.

After the robbery the president and cashier made an investigation and found that $4,400 had been taken. The plunder was mostly in bills ranging from $1 to $100. A roll of 10 $50 bills had been overlooked.

Cobb was so badly frightened that he could give no accurate description of the robbers who had held him up further than that they were both young men about 5 feet 10 inches in height and the first one wore a black hat.

THE HANCOCK BOOM

On top of Senator Voorhees' apparently wild break for liberty comes the quiet launching of the Hancock boom for Governor, says a Trenton correspondent. It is no new boom any more. The controller is as strong a man as there is in the party, from a personal popularity standpoint, at least, and if the battle for delegates were a simple stand-up encounter he could probably win with one hand tied behind him. By the same token that other boom for Congressman Loundenslager, of the First district, probably means more than appears in cold type. To all his constituents the Congressman is the same jovial "Harry" who humbly presided over the County Clerk's office at Woodbury six or seven years ago, and the fact that he broke all established rules in his district by going back to Congress for a third term has not changed him one whit. He is likewise strong with the party managers, and if these men, joined by Congressman Mahlon Pitney, of the Fourth district, were to lock arms to capture the Executive chair for one of them a mighty strong triumvirate they would make. Some of the present leaders are growing old. They will soon be stepping aside to give way to more vigorous and younger men and the Republicans might go a long way before finding three more worthy to take up the burdens.

BOROUGH COMMENCEMENT.

At the meeting of the North Plainfield Board of Education this evening we trust that the committee having in charge the matter of a place for holding the commencement exercises will report in favor of Music Hall, and that all the members will concur in the report, seeing the advisability of accepting Prof. Warde's idea of having the exercises take place there. Such an arrangement will be in entire accord with the general line of progress and improvement pursued under the administration of the borough school affairs for the past year. The expense will be little, if any, more than what it would cost to have the exercises in a church auditorium, and the advantages are so much greater as to entirely eclipse any argument to the contrary.

NEW JERSEY LOCAL ELECTIONS.

Several cities of New Jersey will hold elections today. Particular interest is centered in them for the reason that the Democrats have shown signs of returning vitality in other sections, and rejuvenating their organization. They have made excellent nominations as a rule, and have conducted their campaigns on the platform of economy and public good, issues upon which they gained victories in years gone by. Added interest is given to the vote in Newark and Jersey City by the attempt of the Republicans to abolish spring elections for the purpose of keeping their men in the office.

PARTICULAR MENTION.

Henry B. Drake, of Duer street, has gone to Vineland to spend the day on business.

F. L. C. Martin, the popular cycle dealer, is confined to his home on Park avenue with illness.

good work was being done in this department, and the committee on printing and publication reported that a ledger had been purchased and the name of every case was now kept on the book. Mr. Reynolds reported for the committee on rooms and he stated that needed repairs had been made at the rooms on West Front street, and during this coming month a telephone would be placed in the house. In connection with the latter Mr. Reynolds stated that the telephone company had offered to put an instrument in the house for 50 per cent. below the regular rates, and he thought it was very generous on the part of the company.

The above reports were all received and filed and as a closing number Miss Hardenberg, contralto, sang a pretty solo accompanied by Miss Dumont. The meeting then adjourned.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Postmaster Peter C. Staats was in New Brunswick yesterday on business.

Mrs. H Wilhelm is visiting her parents in Phillipsburg for a few days.

Miss Maude Bolton, of Somerville, is visiting her sister, Mrs. Philip Harman.

Catfish and eels are said to be biting fairly well since the late rain at New Market.

St. John's church choir are still holding frequent rehearsals of the Easter music.

Mrs. Charles Carpenter has returned from a visit with her mother at Pennington, this state.

Some little work is being done on the roads about New Market, but there is plenty of room for more.

Mrs. Mary A. Laing returned to Millstone yesterday, after spending a few days with relatives and friends in this place and Plainfield.

Paul G. Kratzel, Jr., who has been spending a week or more with his uncle, Mr. Kleinfelder, of Cranford, returned home on Sunday.

Mrs. Henry Lyons and family have returned home from a visit with Mrs. Lyons' sister, Miss Josie Butscher, of West Fourth street, Plainfield.

Rev. Joshua Mead, at present stationed at Union Place, will probably be the new pastor of the M. E. church to succeed the late Rev. S. F. Custard.

Samuel Merrill, the truckman, went to Brooklyn yesterday to move out a family who are to occupy the vacant house adjoining Dr. Gaston's on North avenue.

Wm. Connolly, Wm Zielenback and Fred Hack took a sail out to Sandy Hook on Sunday and spent an hour or two along the beach. They brought back a very fine collection of shells.

Rev. Father Bogaard will conduct *special Lenten* devotions in St. John's church Wednesday evening at 7:30 o'clock. The choir will render Gounod's Mass and other Easter selections.

The Rev. Mr. Newton, of Piscataway, conducted services in the M. E church, Sunday morning. The Epworth League held a meeting in the evening, but there was no regular church service.

John McConkey was arrested late yesterday afternoon by Marshal Wyhusky, on a charge of assault. He was paroled on his own recognizance to appear before Justice Storms on Saturday night for a hearing.

The widow and children of the Rev. S. F. Custard had expected to remove to Easton, Saturday, but Mrs. Custard decided to remain over and attend the memorial services in Newark, yesterday. So the family took their departure for their future home today.

The new side track recently put through the meadow land opposite the station, is now utilized for cars when not in use. The sidings both east and west of the station are sometimes so clogged up with cars, that incoming freight and coal trains find it difficult to find a place to deposit their cars.

Samuel B. Merrill, who, it is said, aspired for the Mayoralty at the last borough election, has started a crusade against the sale of popcorn, peanuts and pie here on Sunday. An Italian named Prictor opened a little fruit and cigar store on the main street about ten days ago, and claiming to observe the seventh day as his Sabbath he closed his store on Saturday and opened on Sunday. Mr. Merrill thought this was entirely wrong, so he notified the proprietor to close up Sunday and he sought the borough marshal to have him see that his edict was carried out. Mayor Brakeley was consulted in the matter and he allowed the owner of the store to go on with his business so long as no crowds congregate about the place.

SCOTCH PLAINS.

Fanwood Council, No 744, R. A., meet this evening.

Isadore DeCastro, of Evona, spent Sunday with friends in town.

Miss Lizzie Stamets, of Westfield, visited friends in town yesterday.

Miss Hattie Wilcox, of Brooklyn, spent Sunday with her mother Mrs. Wilcox.

Miss Florence Cooper, of Brooklyn, is visiting the family of Loftus Hollingsworth.

Dr. Podgson, of New Brunswick, occupied the pulpit in the Baptist church Sunday.

Mr. and Mrs. Charles Grant, of Plainfield, were the guests over Sunday of Mrs. Grant's parents, Mr. and Mrs. Thomas Paff.

The Baptist Sunday-school will hold Easter exercises on Sunday afternoon in the chapel. An interesting programme has been arranged and a cordial invitation is extended to all to attend.

Extensive alterations are being made on the Baptist church property on Park avenue. Both stores are to be made into one, living appartments finished over head and the old barn to be demolished. John Booman has the contract.

A number of the citizens of Scotch Plains and vicinity enjoyed a treat on Tuesday evening last at the library rooms. There should and would have been more of them if it had been general known that their fellow townsman, B K. Dorwart, was to deliver a lecture on "How the Other Half Lives." The lecture was largely descriptive of the habits and mode of living of the Russian and Polish Jews, Italians, Chinese and other inhabitants of that portion of New York city lying on the east side of Chatham Square and the Bowery. The lecturer was evidently perfectly familiar with his subject and well qualified to describe the manners and customs of the various nationalities. He is endowed by nature with a wonderful flow of language and appeared equally at home in describing either the humorous, pathetic or tragic side of his subject. We hope to hear Mr. Dorwart again in the near future either on this or some other subject and under more favorable circumstances, and in a larger hall with an attendance worthy of his abilities.

LINCOLN.

Yesterday was a gala day for Middlesex county, in adding a new town name, Lincoln, to the grand galaxy of suburban town names on the Central Railroad time table, it being the first day that trains stopped at the pretty depot, depositing and receiving many visitors, among them mayors, councilman, editors and reporters and other distingnished men from many places. Among those there were: Mayor J. B. Coddington, Editor W. B. R. Mason of the Chronicle, W. W. Smalley and L. S. Cook of L. D. Cook Co., Manager S. Ayres Jr., of the Water Company, and uncle John D. Voorhees, for many years the owner of the property, of Bound Brook; John D. Runyon, George J. Tobin and R. A. McCullough, representative of The Press, of this city. Silas D. Drake, the president of the New Jersey Mutual Realty Company, welcomed the many visitors and in passing the cigars stated, they need have no fear of the "Booming selling lot agent" as has been in vogue in enterprises of this kind in other places. Already enough lots have been sold and houses and factories contracted for to be built to issue Lincoln a success.

GARWOOD.

The Hercules Weldless Steel Tube Company at Garwood has a large order on hand and the plant is running nights.

The C. & C. Electric Motor Company at Garwood has resumed work with about one-third of its regular force of hands.

WESTFIELD

A SCHOOL BOY CHOKED.

WESTFIELD SCHOOL JANITOR ACCUSED OF ASSAULT AND CRUELTY.

Dr. T. B. Smith's Son Showed Marks on His Throat and Says the Janitor Maltreated Him at the School Pump.

Leland Smith, the eleven-year-old son of Dr. T. B. Smith, told his father last evening that John Kepler, the janitor of the Prospect Street School, had choked him. Dr. Smith went immediately before Justice E. R Collins and swore out a warrant for Kepler's arrest, charging him with assault and cruelty. The boy showed scratches on his throat, which he claimed were caused by Kepler's fingers. The boy said he was at the pump getting a drink when the bellicose janitor caught him by the throat and choked him.

Kepler tells a different story, but his story would not look well in print.

Dr. Smith asserts that this is not the first time the janitor has abused his son and he proposes putting an end to it. Kepler was held to await the action of the Grand Jury. Luther Whittaker went his bail.

The social club will give an entertainment this evening.

The trustees of Fairview Cemetery held a meeting last evening.

Mrs. William W. Moffett, of Elmer street, is ill with diptheria.

Druggist Darval, who has been ill with diptheria, was out yesterday for the first time.

Grace Church, once the property of St. Paul's P. E. Church, will be sold at Sheriff's sale to-morrow.

The sewer commissioners will make their report for confirmation to the court of common pleas on April 24.

Hook and Ladder Company held its regular monthly meeting last evening and elected James P. English, Jr., a member of the company.

Westfield is no show town. The managers of the projectoscope show in Westfield Club hall did not have a paying audience last evening.

The annual meeting of the Ladies' Aid Society of the Methodist church will be held in the church parlors tomorrow afternoon at 3 o'clock.

The annual meeting of the Westfield club takes place this evening. There are two tickets in the field for trustees and a lively time is anticipated.

It is probable that the inquest, which is to inquire into the fatal explosion at Scotch Plains, will be held Thursday afternoon instead of Wednesday.

Nicolo Occhitti swore out an attachment yesterday before Justice Collins, against Stratford & Hawks, the sewer contractors. The writ of attachment was served on the town treasurer.

Miss Nellie Rice, daughter of Dr. Rice, formerly a pastor here, will be united in marriage to Charles Hewitt, in Syracuse, N. Y., to-morrow. Miss Sophie Condit will attend the wedding.

A meeting of the Westfield Gun Club and Game Protective Association will be held in the parlors of the Park Hotel to-morrow evening. If the articles of incorporation are returned in time, business of importance will be transacted.

A number of the members of the Woman's Foreign Missionary Society attended the convocation this afternoon of the Presbytery of Elizabeth, in the Second Presbyterian Church of Elizabeth. The ladies were addressed by Miss Ella Kuhl, of Brazil; Miss Nelson, of Philadelphia, and Dr. A. T. Leonard, of India.

The first of the Holy week services in the Congregational church was held last evening. The subject of the sermon, preached by Rev. J. A. Francis, was: "The barren fig-tree, or; Christ's test of character." The devotional services were conducted by Rev. George A. Francis. The service this evening will be conducted by the Rev. J. L. Scudder, D. D., of Jersey City. Mr. Scudder is an eloquent and popular preacher and always has a crowded church when he speaks here.

There will be special services in St. Paul's Episcopal church at 10:30 a. m. and 8 p. m. on Good Friday. At the service in the evening the Rev. Mr. Seagle, of New York, will preach. On Easter Sunday, communion services will be at 7 o'clock in the morning.

The regular preaching services with appropriate music, at 11 o'clock and children's service at 3:30 o'clock. The annual parish meeting will be held in Etta Hall on next Tuesday evening, for the election of a vestry and the transaction of other parish business.

MAKING THIN GOWNS.

SUCCESS OF TWO SOUTHERN GIRLS IN A NOVEL ENTERPRISE.

They Have a Better Idea of Making Summer Dresses Than Northern Women, and, Putting Their Skill to the Test, Have Been Amply Rewarded.

Some years ago it became necessary for a Southern young woman to earn her own living. She came to New York, and after a course of study for a profession was forced by circumstances to give up her plans. Her money was getting low and she was beginning to feel desperate, when she received a visit from a girl friend. This visit proved the turning point in the lives of both girls, and in speaking of it the one who had come here to earn a living said:

"It was merely a social call. My friend had come on to New York to act as bridesmaid at a wedding which occurred in the season at Hastings. We were discussing the wedding and several of the social affairs, she had attended when she remarked that New York ladies looked so much better on the streets than at an evening entertainment. This, you know, is quite the reverse of things at the South. We are both Southerners. There the ladies look so much better in their evening gowns than on the street and so much better in summer than in winter clothes.

"We fell to discussing this point of difference between Northern and Southern women, and the cause of it. We knew it was no fault of the Northern complexion or physique, for in both the Northern women surpass the Southerners.

"My friend said it was because they didn't know how to make light gowns. They tried to make them too much after the fashions intended for heavy goods, and in that way lost the dainty airy effect.

"That remark set me to thinking, and I remembered that I had always been successful with my summer and evening gowns, and had always been in demand among my girl friends in planning and designing theirs. I couldn't sew very well, I knew, but I also knew I could plan and, as I was always thinking of some way I might earn money, this appealed to me at once. So I suggested that we form a partnership to design summer and ball gowns. My friend took to the idea at once, and we began on the spot to consider how we should start in.

"Neither of us could command a dollar's worth of capital and so we had to feel sure of things before we began. We drew and colored quite roughly about two dozen designs. These we carried to our acquaintances among the society people of New York and asked their opinion, telling our plans. In almost every instance we received orders for one or more gowns. When these orders became sufficient to warrant it we began work by hiring the best French dressmakers and fitters, and turned out well finished gowns in every respect. America makes the daintiest muslins in the world, and why shouldn't they be made into gowns to the greatest perfection by an American firm. At to the increase in our business I have told you how it begun, and now you can see for yourself," motioning to the adjoining rooms of busy workers. "We have a large patronage in and around New York. We have engaged to furnish a magazine with several designs each month, and one of the large dry goods houses, which has a large ready-made dress goods department, has applied to us for some designs."—New York Sun.

Saved Again.

Mrs. Bimley met her husband in the hall and gave him a good hug and kiss.

"Oh, George," she said, "I'm so glad you've come. Your slippers are by the fire, and I have a nice hot supper for you, and some of that quince marmalade you like so well. When you are away I'm so lonely I don't know what to do, and I thought I would ask you if——"

"Here," said Bimley, hurriedly drawing from his pocket a twenty-dollar bill, "this is for a spring bonnet, and I'll have that set of diamond earrings sent up first thing in the morning. Don't say a word; you are perfectly welcome."

Later on Bimley wiped the perspiration from his brow and muttered to himself:

"Got that visit from her mother headed off once more, but it comes high."—Detroit Free Press.

Trouble Ahead.

"Mr. McKinley is likely to see some pretty lively times," said the passenger with the silk skull cap.

"You bet your boots," said the passenger with the hay-colored neck-whiskers. "The Baptists hev nominated one man fer postmaster down our way an' the Methodists another, an' they both sent dillygations to Washington this week, an' I calculate that they will both swoop down on 'im at the same time. I wouldn't be in that man's shoes fer all the money they is in his job."

"Which faction do you belong to, may I ask?"

"Me? Oh, I'm a Bobingersoll man; only one in the township, an' she has a hundred an' fifty voters."—Indianapolis Journal.

Origin of the Polka.

Sixty years ago an Austrian cook, finding herself dull in the kitchen, sang and danced in there for her own amusement. The cook's mistress, having surprised her during her impromptu dance, ordered her to dance and sing in the presence of a dancing-master, who took notes of the performance. That was the origin of the polka.—Answers.

Delicate Dress Goods.

Some gowns are so dainty in the weave, so delicate in tint that they seem to soil by being looked at—one or two wearings making them unpresentable, NOT USELESS. We make a specialty of cleaning fine fabrics, the more delicate the material, the better the results. Sometimes an accident will ruin a gown, without injuring the texture We dye them then, sometimes we get a prettier effect than the original color. Fine goods stand redyeing. The finer the material the better the new color. We charge so little for cleaning or dyeing, that even if you are in doubt as to the result, it's worth while to experiment. Want a new evening gown for a dollar or two? Laundry drivers will receive your work.

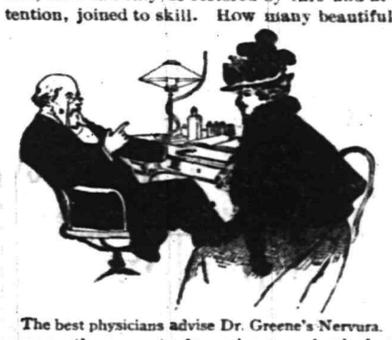
WOMAN'S GREAT GIFT.

Dr. Greene's Nervura is the Only Sure Remedy to Preserve Good Looks.

Fair Faces and Forms Lose Their Attractiveness by Ill Health. Dr. Greene's Nervura Restores Health, Strength and Beauty.

Beauty is the dower which nature bestows upon woman and the gift is priceless. A beautiful woman is like a rose, giving pleasure to all who look upon her. But beauty is easily lost, and can only be restored by care and attention, joined to skill. How many beautiful



The best physicians advise Dr. Greene's Nervura.

women there are to-day who are slowly but surely losing this priceless possession! Their health has become poor; they are, to use a familiar phrase, "run down." They have a

Both ladies and gentlemen use and recommend Dr. Greene's Nervura.

multitude of complaints, many of them trifling, some serious, but as a whole, effective in working ravages on the beauty of their fair victims. The eye loses its brightness and sparkle, the cheek its rose and sweetly contrasting lily, the step its elasticity, and the form its beautiful curves and willowy grace; the incomparable gift is passing away from its possessor.

It is time now to act; to arrest the progress of the mischief-worker. It matters not what the complaint is, it is accomplishing its fatal work of impairing or wholly destroying the loveliness bestowed by nature. But there is no reason to despair.

Go to your druggist and get Dr. Greene's Nervura. This wonderful restorative and invigorant will put you again in sound, vigorous, and perfect health. It will strengthen your nerves, enrich and purify your blood, and give you that bounding health which alone makes beauty, bright, sparkling eyes, rosy cheeks, red lips, and full, round contour of face and figure. By using Dr. Greene's Nervura, which is purely vegetable and harmless, you will rejoice again in possession of the vital beauty that so attracts and charms and makes your existence a blessing to those around you. Do not delay. Dr. Greene's Nervura will certainly do the work, as thousands who have used it testify. It is a physician's prescription, approved and recommended by the best physicians everywhere.

Honest druggists tell you Dr. Greene's Nervura makes people strong and well.

Good health and beauty follow the use of Dr. Greene's Nervura.

In case constipation is present, Dr. Greene's Cathartic Pills should be taken in connection with the Nervura. They are the ideal pills for women and unfailingly cure biliousness, sallow skin and constipation. Small, sugar coated, easy to take, certain and pleasant to act.

Remember that Dr. Greene's Nervura and Dr. Greene's Cathartic Pills are not so-called patent medicines, but the discoveries of Dr. Greene, 35 West 14th St., New York City, our most famous and successful physician in curing all forms of long-standing complaints and diseases, and that he can be consulted in regard to any and all cases free of charge, personally or by letter. Remember there is nothing to pay for consultation, examination or advice, and this fact, together with the low prices of his wonderful health-giving medicines, places a sure cure in reach of everybody.

WANAMAKER DECLINES TO RUN.

He Gives Some Interesting Reasons For His Action.

Philadelphia, April 13.—John Wanamaker declined to be a candidate for state treasurer of Pennsylvania. In his letter of declination to the committee of the National Republican League of Business Men, which urged him to stand for the office, he makes some interesting statements. One reason for his action is stated to be the conclusion, reached after full inquiry, that the present legislature will enact a law providing for the payment of interest upon state deposits, "and thus correct the most vicious evils in the conduct of the state treasury."

Continuing, Mr. Wanamaker says: "The present system of electing a state treasurer to conduct the state treasury as an adjunct to the state committee of the Republican party is fraught with incalculable evil. Favorite banks and trust companies, sometimes specially organized and officered, receive deposits and control state moneys far out of proportion to the capital paid in and are not subject to any supervision of investments except under the same power that elects the state treasurer. Could anything but a powerful political machine holding the treasurer under control deprive the public schools and suffering charities of the state for months at a time of the moneys due them which are lying idle for somebody's benefit in the favorite depositories?"

Mr. Wanamaker expresses his preference to use his endeavors to assist the movement for better government by marching in the ranks rather than as standard bearer, but he calls the attention of the league to the election this year of governor and other state officers and the election by the legislature chosen next year of a United States senator, urging that every effort be used to the end "that a government of the people may supplant the present government of the bosses."

NIHILISTS PLOTTING.

St. Petersburg Police Capture a Gang of Revolutionists.

London, April 13.—The St. Petersburg correspondent of The Times says it is stated in well informed circles that another nest of plotters was discovered there a few days ago in Sergius street, one of the most fashionable thoroughfares. The police raided a private lodging house belonging to a well known Russian prince. The raid was made during the night, and the police found a secret printing press, with a mass of proclamations and a large quantity of other revolutionary literature.

A number of arrests have been made. Most of the suspects are young persons, and both sexes are included. There are no students among those arrested, but there is said to be at least one government official.

It is understood that the conspiracy is in no way connected with the labor strikes, and it seems probable that there is a recrudescence of the old revolutionary movement.

CONDENSED DISPATCHES.

Jose Gonzalez Romero, classed as an insurgent incendiary, was shot at Cabanas fortress, Havana.

Professor Edward Brinker Cope, Ph. D., of Pennsylvania university, died at Philadelphia from kidney trouble.

Natives of Ichang, China, are dying by hundreds of starvation, the grain crop of last year being almost a total failure.

John William Morrison, secretary of public works for Prince Edward Island, died from the grip. He was 77 years old.

It is understood that the Prince of Wales will put a new racing yacht, to be named Britannia, in commission, to be ready for the spring regattas of 1898.

Colonel Charles W. Pickett, editor of the New Haven Leader, took an overdose of arsenic by mistake. When he discovered his error, he mounted his wheel, scorched to the nearest physician's office and procured an antidote in time to save his life.

Murderer and Bank Robber Sentenced.

Fairmount, Minn., April 13.—Judge Quinn has sentenced to hang Aug. 12 Lewis Kellihan of Mason City, Ia. Kellihan and his brother robbed a bank at Sherburn in November and killed two men. They fled on bicycles and were caught three days later. The brother was killed at the capture.

Firebug Scare In Connecticut.

New Haven, April 13.—Milford is experiencing a fire bug scare. Within 48 hours three buildings have been burned, and while the total loss caused has been small no end of excitement has been created. Detectives are on the track of the fire bugs.

Kaiser Wilhelm a Patron of Chess.

New York, April 13.—News has reached this city that the German emperor will in all probability be a contributor to the prize fund now being raised in Berlin for an international chess tournament, to be played in that city this summer.

TURKS AND HELLENES

The Greek Irregulars Continue the Fighting In Macedonia.

THE REPORT OF A TURKISH OFFICIAL

He Declares That the So Called Hellenic League Invaders Are Led by Greek Commanders—Mustafa Bey Explains Massacres at Tokat.

Larissa, April 13.—The invaders continue to blockade Baltine. It is reported that Turkish re-enforcements are now en route from Diskata.

The remainder of the insurgents have taken up positions in the mountains. The latest details at hand are that the invaders dynamited the Turkish posts opposite Phonika and Perliangia. The troops here were kept standing under arms yesterday afternoon, as it was feared that the raid would hasten hostilities. There has been an outbreak of smallpox among the Turks, and many deaths are reported at Damasi.

Turkish Report of the Invasion.

Elassona, April 13.—The Turkish staff officer who was sent to Krania by Edhem Pasha to ascertain definitely with respect to the invasion reports that the presence of Greek regulars among the invaders had been positively proved, and that there is also good reason to believe that Greek officers of the regular army were in command. He states further that the bands lie hidden during the daytime and sally forth at night to fire upon the Turkish troops. Edhem Pasha's staff are greatly puzzled by these attacks. His officers say, "Let the Greeks make war or keep still." It is reported that the Greeks had 52 killed and the Turks 2, with 12 wounded. The latter belonged to the patrol posted on the edge of the forest where the Greeks were in hiding. They were picked off by sharpshooters. The report of the staff officer in question has been wired to Constantinople, and a reply is anxiously awaited. The Turkish forces here continue in excellent condition. The soldiers are obedient and willing, while the officers are actively engaged from sunrise until late at night. Many of them are in the saddle 20 hours out of the 24.

Constantin to Inspect the Frontier.

Athens, April 13.—The Crown Prince Constantin will shortly leave Larissa to inspect the posts on the frontier. He will be accompanied by a battalion of infantry and a squadron of cavalry.

It is reported here that a strong band equipped by the Ethnike hetairia is ready to enter Macedonia near Catterina and another to enter Epirus from the Island of Corfu.

Statement of Mustafa Bey.

Washington, April 13.—In the course of an interview with a press representative Mustafa Bey, the Turkish minister, said: "It is true that some trouble has occurred at Tokat, but the dispatches have greatly exaggerated the importance of the affair. Nevertheless, the governor of Tokat, the military commander of that place, the chief of police and several other officials had been removed and placed under arrest as a preliminary step to their trial and punishment for not having been able to avert these troubles.

"The Vali of Sivas," said the minister, "has received formal orders to detect, at any cost, the perpetrators of the incident, to punish them with the utmost rigor of the law and to prevent a renewal of such regrettable acts. Beside, a commission composed of high civil and military officers, both Mussulmans and Christians, selected from among prominent and impartial persons, has been appointed and sent immediately under the presidency of his excellency, Hassa Fehmi Pasha, director of the custom houses of the empire, in order to make an inquiry on the spot and to try and punish the guilty parties in an exemplary manner."

"The Armenian revolutionists," added the Turkish minister, "are now seeking in every way to provoke the disturbance at different points of the empire with a view to increasing the embarrassments of the Turkish government, owing to the affairs of Crete and Greece. Consequently all the provincial authorities have been urged to watch day and night that no acts likely to give rise to any disturbing incident among Mussulmans and Christians may occur."

The Wife Loses Her Case.

Newburg, N. Y., April 13.—Judge Gaynor and a jury listened to the case of Mrs. Frances J. Rowaine versus Mrs. Annie Decker for damages to the amount of $10,000 in a suit for alleged alienation by the defendant of the affections of the plaintiff's husband, Charles Rowaine. Mrs. Rowaine lives at Port Jervis, and Mrs. Decker is the proprietor of a boarding house in this city. Mr. Rowaine is an engineer on the Tuxedo express, running between Newburg and New York. The verdict was no cause for action.

They Object to Consumptive Teachers.

Albany, April 13.—The state board of health has received complaints that certain boards of education in this state are employing teachers afflicted with pulmonary complaints. In one instance the local board of health was asked to investigate and reported that the teacher complained of was perfectly well, and shortly following that report came the announcement of his death, caused by the disease which was complained of. The specific facts are kept from the public by the state board.

Another Strike Falls.

Lynn, Mass., April 13.—The strike of the chippers at the River works foundries of the General Electric company in this city, which was begun last week, has practically collapsed. Nearly half of the men who came out on Thursday went back to work under the old price list. Some of the leaders of the strike will not be taken back by the company, and new men have been hired to fill their places.

A Reporter Sued For Libel.

New Haven, April 13.—William A. Strickland, a reporter for a Bridgeport Sunday paper, has been arraigned in the city court to answer the charge of criminal libel preferred by Anthony Spinnello, city court interpreter. Strickland was released on a motion claiming a flaw in the complaint.

Harry B. Dennis has purchased a No. 9 Crescent wheel from the F. L. C. Martin Cycle Company.

Miss Ada Dunham, of Sandford avenue, has purchased a new '97 Crawford wheel of Rogers, the North avenue cycle dealer.

The Wolfe American tri plet will be an exhibition this evening in the show window of A. M. Griffin's hardware store on East Front street. Mr. Griffin is agent for the wheel. The triplet is a very handsome wheel of new design and covered with the transparent ruby enamel, which is making quite a sensation in the bicycle world.

Arthur Murphy, or Washington avenue, made a record yesterday that the owners of easy running wheels can find amusement in trying to equal or excel. On a Fowler wheel, he coasted from the top of the hill on South avenue, near Benner's road house, to the foot of Netherwood hill, a distance of over five-eighths of a mile. There was a slight wind blowing at his back.

CHURCHES NEED MONEY.

GREAT SHRINKING OF REVENUES IN THE PATERSON DISTRICT.

In Some Cases Thirty Per Cent of Salary of Pastors Remain Unpaid—Dr. Eaton Denies Reports About the Book Concern

Such has been the volume of work before the M. E. Conference at Centenary church, Newark, that an extra session was held yesterday.

Rev. Alexander J. Craig, presiding elder of the Paterson district, reported a great shrinkage in the revenues of the church, and in some cases 30 per cent. of the salaries of pastors still remains unpaid. Despite the times $30,000 has been collected for church extension purposes, and $10,000 for missions, this being larger than in any other year.

During the year, 1,100 probationers have been enrolled. There are 113 Sunday-schools, 1,045 officers and teachers and 13,793 pupils. There are seven chapters of the Epworth League, with a membership of 50,000.

Rev. Solomon Parsons said the subject of weak churches in rural districts was a grave one, and on a resolution offered by Rev. J. R. Wright, Bishop Andrews appointed Revs. W. H. Ruth, A. B. Richardson, L. C. Muller and Wm. Eakins a committee to look after the weak societies.

Rev. Dr. Homer Eaton, of the Methodist Book Concern, branded as a falsehood a statement made in a Boston paper that the concern had discharged Methodist employes and filled their places with Catholics.

Memoirs of departed pastors were presented, as follows: Rev. Dr. S. Van Benschoten, elder of the Paterson district, by Rev. Dr. Henry A. Buttz; Rev. Jeremiah Cowins, prepared by Rev. Nicholas Van Sant and read by Rev. J. W. Dally; Rev. S. F. Custard, by Rev. John McMurray; Rev. Daniel E. Frambes, by Rev. A. M. Harris; Rev. John W. Seran, prepared by Rev. Dr. A. H. Tuttle and read by Rev. Dr. Richard Vanhorne; Rev. George Miller, by Rev. E. V. King. The memoirs of Mrs. C. A. Lippincott, Mrs. D. Hiram and Mrs. A. C. Covey, wives of pastors, were ordered printed.

WELL-KNOWN GERMAN DEAD.

Henry Wedemeyer Passes Away After a Serious Illness.

The death of Henry Wedemeyer, proprietor of the Arlington Hotel on Somerset street, occurred last evening after a serious illness from pneumonia. The deceased came to Plainfield several years ago and was bartender for J. A. Blatz and Rudolph Spiegel. Later he secured the Arlington Hotel and has conducted that place ever since. He leaves a widow. He was a member of the Saengerbund and the society has draped their building and hung the flag at half mast. Mr. Wedemeyer was well known in this locality and had many friends who will learn with deep sorrow of his death.

PARTICULAR MENTION.

The home of Mrs. and Theodore Smith, of Fairview avenue, was brightened yesterday afternoon by the arrival of two baby boys. For this reason Mr. Smith is wearing a broad smile.

Mrs. Charles Lyman Case has issued invitation for a tea to be given Monday April 19th, from four to six o'clock at her residence, 945 Central avenue. Miss Whitelan will be the guest of honor.

After a confinement of five weeks to the house by illness, and under the skillful treatment of Dr. O. L. Jenkins, Mrs. Harry B. Dennis, of 115 New street, has recovered, and yesterday she and her two children went to Elizabeth to spend a few days with Mrs. Dennis' sister.

Justice Newcorn's Court.

The contract case of Warner against Giles was tried before Justice Newcorn yesterday afternoon and judgment rendered for the plaintiff for the full amount. Summons was issued in the same court of Ivins et als., against Clawson, on contract, returnable on the 19th.

ONE DISEASE AND ONE REMEDY

"The art of painting," said Millais, "consists in selecting the right colors and putting them in the right place." —"The way to win a battle," said Napoleon, "is to mass your troops at the critical moment against the weakest spot in the enemy's line."—"The way to cure many ailments," said the great Dr. Abercrombie, "is to purify the poisoned spring in which they arise, generally the torpid and inflamed digestive system."

Thus wisdom and experience simplify and condense. Thus the Shakers of Mount Lebanon reasoned when they sought, and finally found, a remedy for indigestion and dyspepsia. Where one person has something else, they argued, a thousand have this. To cure this alone will almost rid the world of sickness. Why should we vex ourselves with confusing definitions? A good digestion is life and health; a bad one disease and death. Hence, from the healing and stimulating mountain herbs, they extracted the principles which make the Shaker Digestive Cordial the rarest and most effective of medicines for one disease, and one only—indigestion and dyspepsia.

Do you suffer from any of these miserable feelings?—depression of spirits, heaviness and pain in the stomach after meals, bad taste in the mouth, wind in the bowls, irritable disposition, nervous weakness and alarm, worry and weariness, costiveness or irregularity of the bowels, nausea, palpitation, sick headache, heartburn, loss of appetite and sleep, dry skin, etc.—?

Don't indulge in fifty foolish fancies. You have indigestion and dyspepsia and nothing else. Set the disordered stomach right with the one medicine which will surely do it, Shaker Digestive Cordial, and these symptoms will vanish with their cause. A good effect will follow the first doses. Even chronic cases soon yield.

Test the cordial, at practically no cost, by taking a ten cent trial bottle. For sale by nearly all druggists.

YOUTHFUL PREACHERS.

A Number Who Have Begun Early in Life and Spread the Gospel.

James Louis Washington a negro boy, and a native of Big Rock, in the State of Arkansas began preaching when he was only eight years old. He lost his mother when he was a year old. His father is blind, and how the boy learned to read is not known, but he has practically the whole of the Bible by heart.

He has preached in churches attended both by white and colored congregations. A nine-year-old negro girl was recently preaching three sermons daily to large audiences in South Carolina. Another boy preacher is Ray York, who started preaching when only six years of age. William Jay, the eminent Independent minister, born May 8th, 1769, at Tisbury, in Wiltshire, and apprenticed to his father, a stonecutter and mason, was taken as a pupil by Cornelius Winter, a Presbyterian minister om Marlborough, and before he was sixteen was engaged to preach in neighboring villages. On one occasion, at that early age, he was sent to Argyle Chapel, at Bath, where the congregation were at first rather indignant at seeing such a lad in their pulpit, but at the evening service the building was filled to hear him again, and in 1791 he was selected pastor of that very chapel, which position he occupied for sixty-two years, retiring from it in January, 1853; he died on December 27th of that same year at eighty-four years of age.—Tid-Bits.

Both Were Slightly Angry.

He was a typical mountaineer from his stout brogan to his wool hat, and he had walked to a neighboring town to visit relatives. It was his first visit away from his home. The second day after he arrived he went to the post-office to get a letter from his girl. He was sure it would be there, as she had tearfully told him she would write him while he was away.

"Air thar any mail fer me?" he inquired of the postmaster.

"What's your name?" was the inquiry.

"Louder."

"I say, what's your name?" asked the postmaster, in a little more positive manner.

"Louder."

"I say, what's your name?" yelled the postmaster, sticking his head through the window into the face of the young man.

"Why, dad drat your ugly time, I've told yer three times my name was Louder," yelled the mountaineer. "T. J. Louder, and if yer didn't belong to ther gov'ment I'd crawl over thar and pick your years. Soon as a man gits er gov'ment job round here he begins to put on airs, and I'm not one to put up with it."

The postmaster fished out a letter from a musty hole and gave it to him, although he was mad himself.

Elaborate Coffins.

A few years ago Mrs. D. Hiller, residing in New York, buried her husband in a coffin of solid mahogany, elaborately carved, lined with corded silk and mounted with gold. The silk cost forty dollars a yard. The hinges were of gold, and the solid gold knob weighed 6 lbs. Mrs. Hiller has prepared a similar coffin for herself and also a shroud valued at $20,000. Dr. and Mrs. Thyler, of Framlingham, Massachusetts, lately exhibited their own coffins; they were made of carved rosewood, ornamented with silver, took ten years to finish on account of their fine workmanship, and cost $5,000 each. Dr. Thyler died two years before his wife, but she had him temporarily interred in an ordinary shell, while she continued her lectures and the exhibition of both coffins. On her death, which occurred recently, she left sufficient money for a splendid marble tomb, in which to place the two coffins and light it by electricity for 10 [illegible].—Tid-Bits.

AUSTRALIAN ABORIGINEES.

Unable to Endure the Restrictions of Civilization.

The Central Australian aborigine is the living representative of a stone age, who still fashions his spear heads and knives from flint or sandstone, and performs the most daring surgical operations with them. His origin and history are lost in the gloomy mists of the past. He has no written records and few oral traditions. In appearance he is a naked, hirsute savage, with a type of features occasionally pronouncedly Jewish. He is by nature lighthearted, merry and prone to laughter; a splendid mimic, supple-jointed, with an unerring hand that works in perfect unison with his eye, which is as keen as that of an eagle. He has never been known to wash. He has no private ownership of land, except as regards that which is not overcarefully concealed about his own person. He cultivates nothing, but lives entirely on the spoils of the chase, and although the thermometer frequently ranges from 15 to 120 degrees Fahr. in twenty-four hours, and his country is teeming with furred game, he makes no use of the skins for clothing, but goes about during the day and sleeps in the open at night perfectly nude. He builds no permanent habitation, and usually camps where night or fatigue overtakes him. Above all, he is absolutely untamable. You may clothe and care for him for years, when suddenly the demon of unrest takes possession; he throws off all his clothing and plunges into the trackless depths of his native bush, at once reverting to his old and hideous customs, and when sated, after months of privation, he will return again to clothing and civilization, only to repeat the performance later on.—Chicago Tribune.

A Puzzling Transaction.

It happened in this wise: The two gentlemen were Irish, and, as every one knows, the sons of that nationality are excitable. Up to a certain time they had lived as peaceful neighbors should, but when Mr. O'Farrel's cow had her career cut short in a summary fashion by being smothered under a load of hay that lost its balance and toppled off from Mr. McSway's wagon, why, it necessarily followed that the Celtic blood warmed with anger in Mr. O'Farrel's veins, and, in no genial mood, he sought his hitherto pleasant neighbor, and demanded compensation for the loss.

"Sure, now, that is a sad misfortune," commented Mr. McSway; "and how much do ye want me to pay for the cow?"

"Oi want tin dollars, and oi want it roight now."

"Faith, you're, er bit loively, Mr. O'Farrel. But didn't oi understand that yez sold the cow's hide an' tallow down ter the village? How much did yez get for the baste?"

"Yis, oi did, an' oi got tin dollars an' fifty cints for it, Mr. McSway."

"Well, then, accordin' to that, yez owe me fifty cints; so pay it roight now, if you plaze, Mr. O'Farrel."

Probably it will not astonish the reader to know that before the excited and very much muddled O'Farrel recovered himself he paid the fifty cents; but even to this day he has failed to satisfy himself whether he owed the money to McSway or not.—Harper's Round Table.

CLOSING EVENT IN THE CONSOLIDATION OF THE G. A. R. POSTS.

Members of the Late Major Anderson Post Received by Transfer Into Winfield Scott Post—Visiting State Officers.

One of the grandest re-unions ever held in this city took place last evening the rooms of Winfield Scott Post, No. 73, G. A. R., when the members of the late Major Anderson Post, No. 109, were admitted by transfer card into the membership of the former Post. At this time the hopes of all were fully realized and it marked one of the happiest events in local Grand Army circles. The re-union was accompanied with all the favorable signs one could wish for and there was a gratifying expression of fellowship on the part of everyone. In all there were about forty veterans and members of the late Post who joined Post 73, and with this number the latter Post now numbers among the largest Posts of the State, both as to the membership and influence. The new members were royally received by Commander McVoy, the officers and members of Post 73, and after the usual form attendant upon such ceremonies, the meeting was thrown open and a large delegation of the Woman's Relief Corps and Sons of Veterans were escorted to the rooms where they were cordially received by the members of Post 73. The combined forces made one of the largest gatherings ever witnessed in those rooms and so crowded were the quarters that everyone could not get in.

An unlooked for pleasure was the presence of Prof. Guttman's orchestra which was stationed in the front part of the room. These talented musicians enlivened the occasion by rendering a number of the most popular selections of the day. Commander I. L. McVoy, of Post 73, was the master of ceremonies and he performed his part in a very able manner. The first speaker intruduced was Department Commander Stahl, of Trenton, who gave the comrades one of the best talks ever listened to. Mr. Stahl is full of Grand Army work and whenever he is called upon words never fail him. He spoke very nicely regarding the union of the two Posts and hoped that the comrades would all combine in one grand work for the object of the order.

He cited some of the things accomplished during the past winter in the interest of the Grand Army. One thing was the establishment of a permanent re-ident physician at the Soldiers' Home, at Kearney. Another was the securing through the Legislature of $8,000 for the erection of a home for the physician and the building of a suitable place for the residence of trained nurses. Several other improvements were noted, all of which were along the line of progress. The speaker's remarks were listened to with great pleasure. Mrs. Morse, State President of the Woman's Relief Corps, was the next, and instead of making any remarks she recited a very patriotic selection which was heartily applauded.

The presiding officer then introduced Rev. L. E. Livermore, who gave a very interesting talk. He spoke about it being the celebration of the eve of the assassination of Abraham Lincoln, and he said that the thoughts of it filled him with sadnees. He was glad that the soldiers of this city had at last united under one standard and were now prepared to do the work before them. The women of the Relief Corps were grandly complimented by the speaker for many nice things were said concerning them.

The next speaker was Past Department Commander Sands, of Post No. 3, of Jersey City. He also complimented the veterans for the grand work they had accomplished in uniting, and he did not fail to give the women all the credit due them for their earnest efforts in helping the Grand Army.

The last speaker was Department Adjutant General Southwick, of Trenton. This comrade made a most stirring address. He deplored the fact that the children of this State were not learning the true history of the United States, especially regarding the time of the late war. He thought it was the duty of everyone to see that the children were taught who was wrong or who was right in the great struggle for freedom. He related many touching incidents and mentioned especially about the war flags which are now stationed in the State House at Trenton. His remarks were brought to a close by the reciting of a beautiful selection of poetry about the flags of war.

Commander McVoy then asked all to adjourn to the room below where a good supper was served by Mrs. Walter Walker, Mrs. H. S. Thatcher,

Y. M. C. A. HALL CHOSEN.

BOROUGH COMMENCEMENT EXERCISES TO BE HELD THERE.

It Was Decided to Follow the Old Custom and Hold the Exercises the Same Night as the High School Event Comes off.

The North Plainfield Board of Education has finally decided the matter of selecting a place for holding the commencement exercises of the graduating class of the High School, and it is in favor of the Y. M. C. A. assembly hall. The date has been fixed for June 24th, the same night that the city commencent exercises are held in Music Hall. This is in conformity with the custom of previous years. This decision was arrived at, however, after a good deal of difference of opinion on the part of those in authority. Of course, it is well-known that Professor Warde made partial arrangements to have the exercises held in Music Hall, subject to the approval of the Board, on the same night that the city event was to be held. Mr. Warde, however, did not know at the time that he was conflicting with the usual custom of the Plainfield schools and after a time the matter was amicably arranged by Mr. Warde waiving the right for the use of the hall on the night of June 22d.

Then it was suggested to have the Borough exercises held at a later date in Music Hall, but the majority of the members of the Board were in favor of following the custom of former years and holding the exercises the same night as the city school. There were four other places proposed—Grace M. E. church, Warren chapel, Assembly hall in the public school building and the Y. M. C. A. hall. It was understood that the majority of graduates preferred that the exercises be held in the latter place. This was the decision of the Board.

A committee consisting of Messrs. Hallock, Honeyman and McGee were appointed to corporate with Superintendent Warde in making up the programme and to perfect all the arrangements

Fred N. Brown of the borough was engaged as census taker of the district.

It was decided to make umbrella stands for use of the scholars' umbrellas on rainy days.

The committee on teachers was directed to report on the employment of teachers for next year at the next board meeting, and it was voted to make a holiday of April 27th.

COST TO RUN A CHURCH.

ANNUAL PARISH MEETING OF FIRST BAPTIST SOCIETY.

E. J. Waring Resigned as Secretary of Board of Trustees—Alex. Gilbert and Harold Serrell Re-elected Trustees.

The annual parish meeting of the First Baptist church was held in the Sunday-school room of the church last evening. R. K. Case was chosen presiding officer, and the first business considered was the receiving of the resignation of E. J. Waring as secretary of the Board of Trustees. Mr. Waring has not served his full time, but he desired to resign his position and the same was accepted.

The report of Treasurer Alex. Gilbert was presented and it showed that through the regular channels of the church $613.91 had been received, while there had been expended $6,253.05. There are at present deferred payments to the amount of $814.52. The assets of the church amount to $1,041.21 and the liabilities are $6,814.92. Mr. Gilbert stated that for the year ending March, 1898, there should be raised $7,089.52 to meet all obligations.

The terms of Alex. Gilbert and Harold Serrell, trustees, having expired, they were re-elected, while the vacancy caused by the resignation of Mr. Waring was filled by the election of C. W. McCutchen.

The subject of making some needed repairs about the church was discussed at some length and it was decided to leave the matter in the hands of the trustees for action. There being no further business the meeting adjourned.

County Road Improvements.

The county road committee of the Board of Chosen Freeholders of Union County, comprising Director J. F. Hubbard and Freeholders J. Martin Roll, William Swain, George Littell, Henry Krouse, James C. Ogden, Benjamin King, Christian Ehrlich, and John A. Farrell, were in Rahway Wednesday afternoon to inspect the road between St. George's avenue and the Middlesex county line, with a view of having it widened and macadamized. The prospective improvement received the approval of the committee, and the work will be begun as soon as it receives the sanction of the board.

PRICE OF ETERNAL LIFE.

IT IS BUT TO FOLLOW THE SCRIPTURAL TEACHINGS.

Endeavor Evangelical Meetings again Addressed by Robert R. Galey, Who Enthused All Workers By His Good Words.

Is there anyone who can speak with the earnestness and loving devotion of a young soldier of Christ, consecrated to his work, and soon to enter upon active service in a distant field? Those who heard Robert R. Galey, a Princeton theological student, who will go out to India as a missionary in the fall, as he spoke to the large audience gathered in Trinity Reformed church last night, will not soon forget the experience.

Since the beginning of the union evangelistic services none have been so well attended as this. The preliminary service for prayer, held in the lecture room at 7:30, and led by Ira Winthrop Travell, was also well attended, and was very earnest and helpful. Mr. Travell also presided at the service in the church, which opened with a song service, after which Mr. Gailey read the Scripture lesson, and Rev. Cornelius Schenck offered prayer. Then came forward Mr. Gailey and three other Princetonians, Messrs. Candee, Dickson and Beattie, of the glee club, and all theological students, and sang, as only college men can sing, "I could do without thee, O Saviour of the lost." After the offering had been received, they sang again, "Though your sins be as scarlet, they shall be as white as snow." Solemn and impressive were both songs, and fitly prepared the way for the burning words which followed, as Mr. Gailey brought to his hearers the words of Moses: "I have set before you life and death; therefore choose life." The young man with the fine physique that made one understand his fame as centre rush on the Princeton football team, with his pleasant voice and winning manner, made a most eloquent plea for the choice of the blessed and eternal life. He spoke of the mystery of human life, of the great price which men would pay to prolong it, of that vital something that is within us all and can never die. He spoke of physical death, and of that worse death, the dying of the best that is within us. Moses' conception of life, he said, was living in God. And Jesus taught the same, when He said: "I have come that ye might have life." The wages of sin is death, but eternal life is the gift of God. God longs to give to everyone this higher life; the angels and the great company of the redeemed long to see us win it. But the choice lies with you. Some day we shall all acknowledge Jesus as king; every knee shall bow and every tongue confess Him. But we don't want to be compelled to do it. How much better to do it freely, and with love! It seems to me there is only one thing for us to do; to choose life, tonight. It is a life of service and warfare, but it wins for us the incorruptible crown of everlasting life.

A short, but very solemn testimony meeting followed. The quartette sang "Where Will You Spend Eternity?" Mr. Gailey urged those who were Christians to become more filled with Christ's life, and those who were without it to seek it at once; and many testimonies were given by those who had felt the power of Christ's life in their lives, or desired to have more of it. The benediction pronounced by Rev. J. O. McKelvey, closed a meeting of unusual interest, solemnity and helpfulness.

Need of a New School.

The needs of Washingtonville as regards a public school of ample quarters to meet the present demands is very apparant to all who live in that vicinity. There are 83 scholars registered and of this number 55 are regular attendants. The present building is entirely too small and inadequate to properly conduct a school. It is certainly to the best interests of the citizens in that locality to give the proper attention to educational matters and the need demands it.

Services for Holy Week.

The following are the services at St. Stephen's church for the rest of this week:—Maundy Thursday, Holy Communion, 7:30 a. m.; evening prayer and benediction 3:00. Good Friday, morning prayer, Litany and Pro-Anaphoral services, 10:30; Passion service, 12 to 3; evening prayer and sermon, 7:45. Easter evening, morning prayer and Pro Anaphoral service, 10:00. Evening prayer, 5:00.

Only a Few in Jail.

Only twenty-six male and five female prisoners are confined in the Union county jail at Elizabeth, the smallest number in several years. Warden Blore of the jail will call on Gov. Griggs tomorrow, when a conference will be had.

NEW PASTORS SELECTED.

AS EXPECTED, REV. W. C. SNODGRASS SUCCEEDS DR. BARNES.

Conference Also Rejects the Proposition to Permit Women to Act as Delegates—Laymen Not Wanted Either.

The Newark Methodist Episcopal Conference finished its fortieth annual meeting yesterday, having been in session since Wednesday of last week. One of the most important acts of the meeting was yesterday's vote on the question of the eligibility of women to membership in the General Conference. It resulted in the Newark Conference disapproving of such a course by a vote of 105 to 70. Action had been deferred from last week, and yesterday the subject was opened by Rev. Dr. Daniel Halleron, of Jersey City.

"We are touching upon a constitutional question," said Dr. Halleron, "and in constitutional questions we must go slow. I have no sympathy with the side that says women are incompetent to transact business of the General Conference. They possess legislative ability just as well as the men. I say, in the presence of this intelligent audience, that we cannot consistently and conscientiously vote for a change in this direction.

"Woman's hands are not tied in the blessed work of humanity and Christianity by being excluded from the General Conference. If woman is to enter the General Conference what can she do? There is no reason whatever for changing our constitution and admitting women to the General Conference. Don't impose a duty that the women, in their largest majority, refuse to accept."

The question of equal lay and ministerial representation in the General Conference was taken up after the vote on the women question, and after several short talks on both sides the proposition for equalization was defeated by a vote of 115 to 55.

In the absence of Bishop Andrews, the meeting was presided over by the Rev. Dr. Henry A. Buttz, and after the various committees had reported, the standing committees for the year, as given in The Press last week, were elected. It was announced in reply to a question that the proposed change from four to five districts in the Conference would not be made. These trustees of the Hackettstown Institute were chosen:—The Revs. Drs. J. M. Freeman, Solomon Parsons and Henry Speelmeyer and Layman J. W Jackson, of Plainfield, and E. L. Dobbins.

The report of the Committee on Sunday Schools showed 300,000 pupils, 30,000 teachers and 130,000 conversions.

By resolution it was recommended to the Missionary Board to send the Rev. Dr. S. L. Baldwin to China as a delegate to the semi-centennial celebration of the establishment of missions, which is to be held there next year.

It was decid to hold the next conference in the Calvary Methodist Episcopal church in East Orange.

These appointments were made by Bishop Andrews of the Elizabeth district:

Presiding Elder, G. W. Smith, Plainfield.
Bound Brook, J. W. Dally.
Califon and Fairmount, M. L. Rhodes.
Cranford, Alfred Evans.
Dunellen, Joshua Mead.
East Millstone, W. C. Nelson.
Elizabeth, Fulton, J. H. Howard; Park church, F. S. Simmons; St. James', J. A. Owen.
Flemington, Wesley Martin.
High Bridge, S. B. D. Prickett.
Lebanon, J. B. Rhodes.
Linden Aldene, Supply.
Mutchen, C. W. Dennings.
Mount Horeb, (Postoffice, Martinsville,) H. D. Opdyke
Perth Amboy, W. M. Trumbower.
Plainfield, First church, W. C. Snodgrass and C. H. Whitney; Grace church, H. J. Johnston; Monroe Avenue, W. C. O'Donnell.
Rahway, First church, W. T. Helms; Trinity G. C. Mouledale.
Raritan, J. H. Timbrell.
Roselle, R. W. Elliott.
Scotch Plains, G. H. Winans.
Somerville, J. O. Winner.
Westfield, W. H. Ruth.
White House, E. E. Roberson.
Woodbridge, P. G. Blight.
J. L. Hurlbut, corresponding secretary of the Sunday-school Union and Tract Society of the Methodist Episcopal church and member of Plainfield Quarterly Conference.

Rev. C. R. Barnes, who has been pastor of the First M. E. church in this city for the past five years, was assigned to Lafayette church in Jersey City, one of the most progressive churches in the conference. Dr. Barnes will move his family from this city to his new charge on Friday and occupy the pulpit Sunday morning for the first time. In conversation with a Press representative this morning, Dr. Barnes said that the report published in The News that he was a candidate for the appointment of Presiding Elder was entirely erroneous. He had no thought of such a thing. He thought the statement must have been a pure conjecture on the part of The News.

Rev. Mr. Snodgrass will move his family to this city from Newark in a few days and occupy the new parsonage on Central avenue, near West Seventh street. He will preach his first sermon Sunday morning.

AN OLD CITIZEN GONE.

PASSED AWAY IN THE HOUSE WHERE HE LIVED FOR 25 YEARS.

Dr. Stephenson, the Veterinary Surgeon, Died Last Evening from the Result of a Stroke of Paralysis—A Great Man.

Dr. Henry G. Stephenson, one of the oldest citizens of Plainfield, passed away last evening in the same house that he has lived in for the last quarter of a century, after a long and eventful life. With his increasing years his health declined until he was stricken with paralysis six months ago. Since that time he has slowly grown weaker until the end came.

Dr. Stephenson was a native of England and was born in that country on March 8, 1806. His father held the responsible position of organist in the large Winchester cathedral, in the neighborhood of which the family lived. He studied for a veterinary surgeon and soon became an expert in that line. He married an English girl and they lived happily in that country until 1856, when they came to this country and the Doctor established himself in Jersey City where he soon made a reputation in his profession. He later moved to Newark and continued in business there.

Twenty-five years ago he moved into Union county and took up his residence in a house at 417 West Fourth street, corner of New street, which was then almost the boundary of the city. He became popular with the residents of early Plainfield, and was looked upon as the leading veterinary surgeon of the town. He was a staunch supporter of the First Baptist church and was among the oldest of its members. He attended regularly until ill health prevented him from leaving the house.

He was highly educated and had travelled much during his early life. He had passed through many strange experiences during his travels and often related some of the more unusual incidents of his life. He was an unassuming man, modest and of sterling upright character. When in good health, he was full of humor and enjoyed being among the young folks. During his days of suffering, he never complained but bore all silently and as a true Christian should. He was well-known as a fine conversationalist, was well read and able to speak in several different languages.

His wife, who was his loving companion in all his joys and sorrows, died in 1889, and was interred in Evergreen cemetery, Plainfield avenue. After her death he continued to live in the same house. He had no children and no relatives living in this country.

Although never very rich, he had amassed sufficient property to support him when his health gave out and he retired from his professional duties. Six months ago he was stricken with paralysis and has been unable to leave his room since. His death came quietly and without apparent pain. It was merely a passing away from one world to another.

HORSES FRIGHTENED BY A TRAIN.

Two Lively Runaways on Liberty Street Yesterday Afternoon.

There were two runaways on Liberty street yesterday afternoon, and in both cases the horse was frightened by a passing train.

Thomas Emery, of Scotch Plains, son of William Emery, proprietor of Emery's Hotel in that place, was just climbing into the sulky attached to his horse, at the corner of Third and Liberty streets, when the horse became frightened at a passing train. The horse ran down Liberty street to West Front street and thence to Scotch Plains. While passing Love Brothers grocery store on West Front street, the sulky came in collision with one of the delivery wagons belonging to that firm. The harness broke and the sulky remained behind while the horse ran right through town and home. No one was injured, although there were several narrow escapes.

The horse attached to Eugene Hoerster's truck became frightened at a train while tied in front of Claassen's barber shop on Liberty street, yesterday afternoon, and jumped forward, breaking the halter by which he was tied. He ran up the embankment and then started to run down the street when he was caught by John Sullivan and John Goff. No damage was done.

Royal Arcanum Anniversary.

Plainfield Council, Royal Arcanum, will celebrate the 20th anniversary of the establishing of the order in this state on Thursday, May 20th. A. E. Crone, Murray Burtis and J. H. Rogers compose the committee in charge. It is also the fifteenth anniversary of the Plainfield Council.

Mr. and Mrs. Louis Bennett, of Lincoln place and Duer street, have moved to 137 Grove street.

MARKS A BATTLE GROUND

A SHAFT UNVEILED ON THE SCENE OF REVOLUTIONARY DEEDS.

The Boulder Taken From the Raritan and is a Memorial Dedicated to the 120th Anniversary of Cornwallis' Attack.

The unveiling and dedication of the Bound Brook Battle Monument took place last night, which was the 120th anniversary of the Battle of Bound Brook.

The monument is made from a boulder dug up in 1832 from the bed of the Raritan canal, on the borders of the Raritan river. It weighs 6,220 pounds and is 5½ feet high. It bears this inscription:

"This stone marks the site of the Battle of Bound Brook, fought April 13th, 1777, between 500 American soldiers under General Benjamin Lincoln, and 4,000 British troops under Lord Cornwallis."

The erection of the monument is due to the efforts of Rev. Dr. T. E. Davis and several other patriotic residents to awaken the village to a sense of its historical importance. To this end the Washington Camp Ground Association was formed. There are now 200 members in the association, of which Geo. LaMonte is president.

The association derives its name from the old camp ground, where Washington spent the winter of 1778 '79, called the Camp on the Middlebrook. The association has in its possession copies of sixty letters which Washington penned there.

The dedicatory exercises were held in Monument square. There was an entertainment, with musical features, in Bound Brook Hall in the evening Rev. Dr. Davis delivered an address on the battle of Bound Brook; Rev. Dr. J. W. Dally followed with one on "General Benjamin Lincoln." An address was also delivered by Austin Scott, president of Rutgers College.

Rev. Dr. Davis, who is the historian of the association, has expended much labor in gathering the historical reminiscences of the battle of Bound Brook. He gathered most of his information from the old newspaper library in Worcester, Mass., and spent a week in Boston to collect all attainable data in the library there on the early history of Bound Brook, which is one of the oldest towns in New Jersey and was quite a centre of important movements during the Revolutionary War. Boulders are being erected on most of the battle grounds throughout the country, and the associasion at Bound Brook resolved to follow suit.

When New Jersey became the battlefield of the Revolution, the Year of Independence, 1776, was closing with dark prospects for the young American republic. Somerset county, N. J., suffered severely during this winter from the depredations of the British foraging parties.

To shield the residents along the Raritan valley from these marauders Washington ordered General Benjamin Lincoln, with a force of five hundred American soldiers, to guard the Raritan River. Lincoln was stationed at Bound Brook, his headquarters being in the house of Peter Williamson, stationed in the eastern part of the village. This house is still standing, and is known as the Battery House.

The British commander, knowing the importance of Bound Brook as a military station, and the small American force defending it, planned for its attack and capture. A British force of about four thousand soldiers started from New Brunswick for Bound Brook on Saturday night, April 12, 1777, between eight and nine o'clock. General Lord Cornwallis was in command. The troops consisted of one battalion of Grenadiers, one battalion of light infantry, a detachment of light infantry, a detachment of the Guards, the light horse, two battalions of Hessians and the Yagers.

Evidently the plan of Cornwallis was to surround the Americans with two detachments of his army, thus preventing their escape to the mountains, and with the third detachment, on the south side of the river, to capture or destroy those who might attempt to cross. Each detachment reached its destination without detection, and the soldiers rested on their arms until morning.

The British waited until the American sentries' cry "All's well" was heard and the morning gun had been fired, and then the two detachments simultaneously rushed upon them. The guards were quickly overpowered. General Lincoln and his soldiers were startled by the fierce cry of his sentries, "To arms!"

Hastily arising, without taking time to dress, they rapidly retreated, passing through the fast closing lines of the two detachments of the enemy, firing a few shots as they ran.

A CLEVER SWINDLER.

The Pinkertons Capture One Who Uses Some New Methods.

HE RAISES DRAFTS AND CHECKS.

Uses Legitimately Signed Checks, Which He Raises From Small to Large Sums by Adding a Number of Ciphers.

New York, April 14.—In the arrest of C. T. Moore, alias Hendricks, Fenton, Hudson, Howard, Hurd, etc., by the Pinkertons, at Jamestown, N. Y., the banking fraternity are rid, for a time at least, of a very clever swindler.

The arrest was made at the instance of the American Bankers' association.

The swindler's method has been to purchase from banks drafts for amounts under $20, and by erasures and forgery raise them to the same amount of hundreds of dollars. He selects a city or town in which to operate, usually not far distant from the place where the genuine draft was issued, seemingly appreciating the fact that the bank officer's signature would be known, thereby making the swindle more possible.

Arriving there, he calls at the offices of a building and loan association and claims to the secretary or treasurer that his brother, or relative, was in that town—usually selecting the name of a railroad engineer, fireman or telegraph operator—and stating that the family estate has just been settled, his share being $700, $800 or $900, mentioning the amount on the raised draft in his possession, and that the relative he named as living in the town has suggested to him that he invest a portion of the money bequeathed to him in the building and loan association.

How He Made Himself Solid.

This conversation usually results in the association agreeing to sell his $400 or $500 of their shares. When the stock is delivered to him, the swindler pays for it with the raised draft, receiving either a check on a local bank or cash in change and immediately decamps, the forgery not being discovered until the raised draft arrives at the bank originally issuing it for a small amount.

Several of these raised drafts were upon New York banks. One drawn for $8 by the First National bank of Conneaut, O., on the United States National bank of this city, was raised to $800.

Two raised drafts on the Chase National bank of this city were passed. One was raised from $2.08 to $294.80 and the other from $2.12 to $392.12. In his possession when captured was a draft on the Third National bank of New York, which had been raised from $5 to $560.

In a confession, which was received by General Superintendent Bangs of the Pinkerton agency this morning, the swindler states that his forgery outfit was purchased from a stranger in the American hotel, at Cleveland, for $25. He practiced until proficient and then started out on a swindling trip in 1894, which netted him $4,000.

The man claims to be in the real estate business in Cleveland and to be the president of the United States Fuel Economizer company of 1,005 Woodland avenue, Cleveland.

Since he has been operating, building and loan associations and banks have lost over $20,000 as the result of his swindles.

Salisbury May Resign.

London, April 14.—Truth says: "It is doubtful if Lord Salisbury's health will permit him to retain the posts of premier and secretary of state for foreign affairs. Under these circumstances many Unionists are suggesting Lord Rosebery for secretary of state for foreign affairs. It is pointed out that when in office Lord Rosebery showed entire accord with Lord Salisbury's foreign policy, and he withdrew from the Liberals because he disapproves of their action in foreign issues, while his views on home rule are in accord with the Unionists."

New Railroad Incorporated.

Albany, April 14.—The Kenona and Prattsburg Railway company was incorporated with a capital stock of $120,000, to operate the property and franchises of the Kenona and Prattsburg Railroad company in Steuben county. The incorporators are Lewis V. P. Randolph, J. L. Suydam, William Carpenter, H. V. Post, Joseph McNamara, L. M. Jones, C. P. Pomeroy of New York city, J. W. Fowler of Aiken, S. C., and W. H. Nicholas of New York.

Complaints Against Insurance Company.

Ottawa, April 14.—Some time ago Mr. Lount, member for the city of Toronto, asked for the suppression of the Canadian license of the Massachusetts Benefit Insurance association. This was on account of the policy holders of the association in Canada having stated that they were "held up" for excessive rates by the association. Sir Oliver Mowat, minister of justice, informed Mr. Lount that his request under the law as it now existed could not be granted.

Historic Building Destroyed.

Saratoga, April 14.—The historic Dunman McGregor mansion, situated eight miles north of Saratoga and at the foot of Mount McGregor, was burned yesternoon afternoon. The property was owned by Joseph H. Fry.

Syracuse's Oldest Inhabitant Dead.

Syracuse, April 14.—Abraham Sanford, aged 100 years, 11 months and 8 days, the oldest Syracusan, died in this city.

Cod-liver oil won't kill them. We don't know a remedy which will. The germs float in the air and we can't keep from breathing them into our lungs. Then why don't all of us have consumption? Because a healthy throat, sound lungs, and a strong constitution won't allow the germs to gain a foothold.

North Pole Companions.

Some curious details of life in the polar regions have been obtained from members of the Nansen expedition. They all dwell on the feelings of delight which they have experienced in once more meeting other human beings. So tired did they become of seeing the same faces and hearing the same voices day after day in the course of the slow drift northward that in the end a feeling of irritation was produced. At times this irritability became well-nigh insupportable.

Finding it almost impossible to endure the sight another day, they would set off on long walks over the ice, each man by himself. It was an astounding thing, one man said, to see his comrades striding away over the ice from the ship, each in a different direction, and carefully avoiding his fellows.

One Way of Putting It.

When Naples was ruled by King Bomba, his Majesty paid a visit one day to the flagship of an English admiral in the harbor. Whilst the latter was receiving his Royal guest on the quarter-deck, a gorgeously attired member of the Neapolitan suite, who was strolling about the deck, mistook a windsail for a pillar, and, leaning against it, suddenly went below head foremost.

The only witness of the accident, an old tar, thereupon made for the quarter-deck, and having saluted, said:

"I beg pardon, sir; but one o' them 'ere Kings has fell down the hatchway!"—Answers.

Charming Miss (to gentleman who is about to share seat with her)—I beg pardon, sir, but this seat is engaged.

Gentleman (with admiring glance)—Indeed! Then it is certainly entitled to my envy.—Boston Courier.

A Conscientious Bootblack.

An Oakland bootblack, an honest man, who would not deceive his patrons, when he first went into business, six years ago, put up a sign which read: "Joe Garibaldi, bootblack. Has two small children." Each succeeding year found him deserving of more sympathy, for he kept amending the sign until it read eight small children. A few days ago Joe's stand was locked for a whole day, and when he returned the next morning, he confided to the butcher's boy that his baby had died. His first work was to amend the sign, so that it might not mislead the public, and then it read: "Joe Garibaldi, bootblack. Has seven small children." Then, to avoid being placed in a false position before the public, he added with his finger and shoe-blacking: "One he die."—Argonaut.

DOINGS OF CONGRESS

Cuban Appeal Speech Finished by Senator Morgan.

TO APPROPRIATE ARMOR PLANTS.

Senator Chandler's Bill to Seize the Carnegie and Bethlehem Factories For the Completion of Battleships. Provision For Compensation.

Washington, April 14.—Senator Morgan of Alabama concluded his long speech on the resolution declaring that a state of war exists in Cuba. He did not ask for a vote on the resolution, but announced that he hoped to secure a final vote at an early day.

The bankruptcy bill was taken up, Mr. Lindsay of Kentucky defending the measure against criticisms made against it.

Mr. Davis of Minnesota, chairman of the committee on foreign relations, gave notice that he would endeavor tomorrow to proceed with the arbitration treaty in executive session.

Senator Chandler of New Hampshire introduced bills empowering the secretary of the navy to take possession of the armor plants of the Bethlehem and the Carnegie companies. There are two bills, one applying to each of the institutions, the provisions being the same in both. Senator Chandler says that it is contemplated that only the Bethlehem works shall be taken, unless in case of necessity, when the Carnegie works should also be seized.

The Principal Features.

The principal section of the bill authorizes and directs the secretary of the navy forthwith to take possession of the land, buildings and machinery constituting the armor making plant of the company named. He is directed "to hold and use such lands, buildings and machinery for a period of time sufficient to enable said secretary to manufacture at the works embraced by said plant such portion as he may see fit there to manufacture of the armor plate necessary for the completion of the battleships Alabama, Illinois and Wisconsin, now in process of construction for the United States, and thereafter to return the possession of said land, buildings and machinery to said Bethlehem Iron company, to be held by said company as its own property as if the taking hereby authorized had not been made, and the aforesaid taking, holding and using of said land, buildings and machinery by the said secretary of the navy, for the purpose aforesaid, shall be deemed to be a taking thereof for the public use of the United States under an obligation to make just compensation therefor in accordance with the fifth amendment to the constitution."

Provisions For Payment.

The bill provides for the adjudication of any claims that may arise against the government out of the transaction by the court of claims, whose judgment in the case is to be final. The reward and allowance are to include sums "sufficient to equal the damage by the wear and tear of the plant and the interest on its actual value, and such additional sums as may be fairly due for each year's use of said plant."

The Chandler bills were referred to the committee on naval affairs without debate.

The senate in executive session confirmed the nominations of Alfred E. Buck of Georgia to be minister to Japan and James Boyle of Ohio to be consul at Liverpool. Several minor appointments were also confirmed.

To Pass Appropriation Bills.

Washington, April 14.—An agreement has been reached among the leaders of the various parties in the senate under which the appropriation bills which failed to become laws at the last session of congress will be taken up and passed. The Indian bill will be called up at once by Senator Pettigrew, and as soon as it is disposed of the agricultural and sundry civil bills will be considered. The general deficiency bill has not yet been reported. The Indian and agricultural bills are not expected to provoke much debate, but there will in all probability be considerable discussion of the sundry civil bill.

Strange Tragedy In Massachusetts.

South Weymouth, Mass., April 14.—Miss Lottie Bates, 17 years of age, was found dead in her home, with a bullet through her heart. She had evidently been instantly killed. She was found sitting in a chair near the window, and on a table about three feet distant was a revolver pointed directly at her. By the side of the revolver on the table was found a card, upon which was written some sentences in what appeared to be two different handwritings. Search was made of the neighborhood, and two tramps were arrested on suspicion of having committed the crime. The authorities are at a loss to decide whether it is a case of murder or suicide.

Overworked Factory Employees.

Albany, April 14.—Deputy Factory Inspector Nash reports to the state department that he found in the dressmaking establishment of Vincent Melsha of 274 Livingston street, Brooklyn, 40 girls employed in a room where but 28 could be employed under the provisions of the state factory law. The employees were permitted only 30 minutes for dinner, whereas they are entitled to one hour by the law. The proprietor of the establishment will be prosecuted if he does not immediately comply with the law.

Young Desperado Captured.

Providence, April 14.—William F. Maxey, 19 years old, who is wanted in Clay county, Kan., to answer to a charge of horse stealing and larceny of money, was arrested in Manville by Deputy Sheriff Blanchard of Providence, Constable Guillette of Manville and Deputy Sheriff D. S. Landis of Clay county, Kan. In conversation with the sheriff Maxey admitted his guilt and named the pawnshop where he had sold the stolen goods.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guarranteed. It never fails to satisfy. Trial bottles free at L. W. Randolph's Drug Store.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

BATTLESHIP GROUNDED.

The Oregon, While on Her Way to Be Docked, Strained by Striking Bottom.

Washington, April 14.—Word reached the navy department from Commander Whiting, in charge of the Puget sound naval station, Washington, that the battleship Oregon had grounded while approaching the dock into which she was about to go to have her bottom scraped and painted. The dispatch added that the vessel had bent her frames (or ribs) and bottom plating in the vicinity of the forward turret, but it did not in any other way indicate whether the damage sustained had been serious. This will be determined by a thorough investigation, which Secretary Long has ordered to be made by Naval Constructor Capps, who was the government representative at the Union Iron works at San Francisco, and who had been sent to Puget sound with a gang of men from Mare island navy yard to scrape and paint the vessel.

His orders are to report the amount of damage done and the estimated cost of repair. The impression at the navy department is that the accident occurred some time Monday afternoon, and later in the day the officers of the vessel probably succeeded in getting the vessel off the ground and inside the dock.

The Oregon had been in the water for over a year and had been waiting for the spring tides to take her to the dock She was in command of Captain Barker, who had just been relieved from duty at the Mare island yard and was on his first voyage on the Oregon.

The Puget sound dock is the only one on the Pacific coast large enough to accommodate a ship of the size of the Oregon. The opinion of Commodore Hitchborn of the construction bureau, from the information at hand, is that the damage to the ship is not serious, and even should some of her frames be bent, that necessarily will not require that they be repaired at the dock. Should this be necessary, however, it would require considerable time, as mechanics would have to go there from the Mare island yard.

The Oregon is a first class battleship, built by the Union Iron works of San Francisco, and has cost the government nearly $6,000,000. She is 348 feet long on her load water line, 69 feet 3 inches extreme breadth, is of 10,228 tons displacement and had a crew of 473 officers and men.

Citizens Fight Bank Robbers.

Chicago, April 14.—At Wilson, a small town on the Chicago and Eastern Illinois railroad, a posse of 25 citizens fought a pitched battle with three robbers. About 1 o'clock at night the town watchman, while making his rounds, saw two men at work on the safe in the town bank, while another robber stood outside. The officer at once aroused as many citizens as possible. The robbers meantime decamped leaving their tools scattered about the bank. The posse started in pursuit and, coming in sight of the trio, opened fire, which was instantly returned. Soon one of the robbers fell, but he arose, and the three desperadoes plunged into the nearby wood. Later two of the robbers were seen alighting from a freight train at Dolton, several miles north. It is supposed the third man is either dead or hiding, badly wounded, in the woods.

CAPS ARE EXCITED.

Claim They Are Unfairly Treated by Hawaiian Government.

SAY THEIR RIGHTS ARE VIOLATED

They Object to Having Their Subjects Excluded on Account of False Charges Made Against Them—The Japanese Minister's Version.

Washington, April 14.—The Japanese legation has received telegraphic advices from official sources in relation to the recent deportation from the Hawaiian islands of a number of Japanese immigrants, which do not agree entirely in all details with the accounts already published in this country. It appears, according to these advices, that out of 668 Japanese passengers brought to Honolulu by the steamer Shinshin-Maru 302 voluntary passengers and 146 contract laborers were sent back to Japan. The Hawaiian authorities refused to allow these people to land on the ground that the voluntary passengers were not possessed of $50 in gold each, as provided in the landing law; and because the contract laborers had not complied with the provisions of the landing law in securing previous approval of their contracts.

The passengers thereupon petitioned the supreme court to set aside the decision of the collector general of customs forbidding them to land, but the court rejected the petition on the ground that the decision of the collector general regarding the landing of aliens was final and that Japanese not yet landed in the islands had no right to petition.

The Japanese consul general protested against this action on the ground that the exclusion of the voluntary immigrants was in violation of the treaty rights, whatever might be the case regarding the laborers and their alleged failure to secure previous approval of their contracts. He himself had personally examined into the facts regarding the voluntary immigrants and had found that they were all in bona fide possession of the amount of money required by law in such cases. So far as they at least were concerned, the decision of the collector general appeared to be in violation both of the law and the facts.

While it is true that one, not two, Japanese men-of-war, as stated in press dispatches, has been sent to Hawaii, officials of the Japanese legation state most positively that this action has not been taken for the purpose of menacing the Hawaiian government, but simply to preserve order among the Japanese residents of the islands who might possibly become excited by what they regarded as a violation of the rights of their countrymen.

Think the Trouble Can Be Adjusted.

The Japanese government believes the difficulty is susceptible of settlement by diplomatic negotiations, and it is asserted at the legation that that will be the only method resorted to. Inasmuch as the Hawaiian government would only be liable for indemnity to the persons sent back for losses incurred by them, the question is not regarded as one liable to provoke serious international complications. At the legation the statement that the Japanese companies are attempting to colonize Hawaii is denounced as a flagrant and absolutely unwarranted falsehood.

The Japanese minister especially deprecates the stories to which this incident has given rise. The position of his government, he says, is very clear and ought not to occasion any apprehension among the friends of Hawaii in this country. The Japanese government, says the minister, has no designs upon Hawaiian independence and no desire to provoke irritating controversies. In this particular instance, he states, their only wish is to preserve well established treaty rights which appear to have been unnecessarily violated. According to the advices received at the legation the Japanese who were refused permission to land in Hawaii were denied the right of employing counsel, the right of appeal to the Hawaiian courts and were not allowed to see the Japanese representative during their detention in quarantine. These are all rights secured to them in express terms by treaty.

Since Japan has never manifested any but the kindliest sentiments toward Hawaii, nor given the slightest indication of any ulterior unfriendly purpose, the Japanese minister says that he is wholly unable to understand this sudden manifestation of a contrary feeling on the part of some Hawaiian officials. He is emphatic in expressing the belief, however, that the crisis is not so serious as some of the sensational accounts given of it would seem to indicate and that it cannot by any possibility imperil the good understanding which exists between this country and Japan.

Large Fire at Valley Falls.

Troy, N. Y., April 14.—The storehouse, buildings and office of Harrington & Co. at Valley Falls were destroyed by fire. The loss is probably $8,000, insured. One car on the Fitchburg railroad tracks was totally destroyed.

NEW JERSEY'S LIBEL LAWS.

The libel laws of the State have been changed in one proper particular. The new law provides that "any person who wilfully states, delivers or transmits by any means whatever to the manager, editor, publisher or reporter of any newspaper, magazine, publication, periodical or serial, for publication therein, any libelous statements, untrue in fact, concerning any person or corporation, and thereby secures the actual publication of the same, is hereby declared guilty of a misdemeanor, and, upon conviction, shall be punished by a fine not exceeding $500, or by imprisonment at hard labor not exceeding two years, or both. In every action for libel the defendant may give proof of intention, and unless the plaintiff shall prove either malice in fact or that the defendant, after having been requested by him in writing to retract the libelous charge in as public a manner as that in which it was made, failed to do so within a reasonable time, he shall recover only his actual damage proved and specially alleged in the declaration." This lays the damage for libel upon the author of the libellous article, as well as upon the editor who publishes it, especially when the latter acts in good faith.—Elizabeth Journal.

A PRETENSE.

The decision of the Common Council to increase the salary of the Street Commissioner from $1,000 to $1,200, after it had been reduced to $1,000 from $1,750, proves that what The Press maintained at the time the reduction was proposed is now realized by the Councilmen themselves—that it was unfair and poor policy for the local government to expect a competent man to perform the duties and assume the responsibilities required of a Street Commissioner for the salary of $1,000 per annum. There is a feeling, however, that the Council has not acted in an entirely straightforward manner in this respect, for after having made a pretentious effort at economy in this one particular case they follow it up with an increase that was not hinted at the time Mr. Gavett was selected. So far as Mr. Gavett's services are concerned, we feel that the increase is only deserving. But the Council might have acted at first as it really intended to do at last.

RESULT OF ELECTIONS.

The elections in several New Jersey places yesterday were about evenly divided in victories for Democrats and Republicans. In Jersey City the Democrats redeemed the control of most of the offices from the Republicans. In Hoboken they also carried the day, and at Newark made great gains. Orange showed up well in the Democratic column. Of the large cities, Trenton was the only one to go Republican. Mayor Williamson was re-elected in New Brunswick by a majority of 400 over Robert L. Hoagland, the Democratic candidate. The Democrats, however, elected the majority of the members in the Common Council and the Board of Freeholders in the six wards, and will retain control of both bodies.

Residential Changes.

E. C. Mulford, the well-known real estate broker of North avenue, has arranged the following transfers:—D. W. Shives, of Ohio, to No. 168 Grove street; Mrs. Joseph Minor, of New York, to No. 14 Norwood avenue; W. E Dunham, of New York, will take the house on Watchung avenue owned by W. C. Smith, Jr., May 1st; Mrs. Clara G. Durrant, of Crescent avenue, to Nicholas Messerschmith's house on East Fifth street; S. S. Squires, of Brooklyn, to John Ross's house on Fairview avenue; Charles N. Slocum, assistant manager of the Aachen Munich Fire Insurance Co., New York, to No. 61 Sanford avenue; H. D. Gwynette, of Fanwood, to No. 1030 Prospect avenue; T. B. Woolsey, of New York, to No. 183 Martine avenue.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhœa Remedy, or has done more to relieve pain and spffering. J. W. Vaugn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholero and Diarrœa Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomah and bowels. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

AN OLD VETERAN KILLED.

Was on His Way to This City to Attend a G. A. R. Meeting.

George W. Brady, sixty-nine years old, of Flagtown, was struck and instantly killed at noon yesterday by a fast express on the Lehigh Valley Railroad, near Flagtown. The old man was deaf and had been warned not to go on the tracks. He was hurled a long distance and his body was terrribly mangled. The engineer did not see Brady until it was too late to stop his train.

Mr. Brady was formerly a resident of this city and lived here many years. He was a member of Post No. 73, G. A. R., of this city, and it is supposed that he was on his way to Plainfield to attend the meeting of his Post, held last evening.

Only a short time ago Mr. Brady received an injury to his eye and was treated at the hospital. He was obliged to lose his eye, which was removed by Dr. Ard. For some time past he had been living with friends at Roycefield, not far from where he was killed.

Soon after the sad affair the members of the Post in this city were notified and they at once prepared to take charge of the body. The funeral will be held from the late home and members of the Post will attend in a body.

MARKS A BATTLE GROUND

CONTINUED FROM PAGE 1.

Had the alarm of the sentries come only a few moments later, or had Cornwallis' plan for surrounding the Americans been more speedily effected, the entire body of the Americans would surely have been captured.

The accounts of the engagement are conflicting. Gen. Lincoln reported that, on looking from the house where he was quartered, he saw the enemy within 200 yards. Springing to his horse, he, with one of his aids, rallied his troops and led them between the closing columns of the British, and escaped to the mountains with the loss of sixty men killed and wounded.

EARLY INTELLIGENCE.

—Van Arsdale makes the shoe business a study, and he is aiming to carry a line of men's, women's, misses, children's, boys' and youths' shoes to suit the majority of the Plainfield people. He says his method of doing business is to study his customers, get acquainted with his or her wants, and after he has found that out, remember it, and nine times out of ten he makes a customer. He changes his advertisements weekly. Read them.

Two years ago R. J. Warren, a druggist at Pleasant Brook N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chambelain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlains Cough Remedy become known the people will have nothing else. For sale by T. S. Armstrong, apothecary, corner Park and North avenues.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN AND NEW MARKET.

Thomas Brennan is visiting among friends in Washington, D. C.

Miss Sarah Vail, of Orchard place, Plainfield, is visiting Mrs. Ered Wilcox, of Front street.

The new desk for the borough clerk arrived yesterday and was placed in position in the Council chamber.

Mrs. Harry Vail, of Front street, is recovering from a severe attack of the grip, and is able to go out again.

Bonfires blazed in many gardens yesterday, and in each yard garden-making and planting was going on.

Edwin Jeitles, of Philadelphia, is visiting his grandparents, Mr. and Mrs. Samuel Luckey, on Prospect avenue.

After a two years' residence in Hoboken, W. J. Winges and family have returned to their former North avenue home.

Baker Paul Reusch has been exerting himself getting ready the large wedding cake which is to adorn the table at the Taylor-Smith nuptials tonight.

Samuel Merrill arrived in town from Brooklyn, yesterday, with the household effects of C. M. Bowyer, who has leased a fine cottage on North avenue. The family will arrive today.

The marriage of George Taylor, of this place, and Miss Essie Smith, of Plainfield, will be solemnized at the home of the bride's parents on West Front street this evening at 8 o'clock.

The incandescent lamps in the post office still flicker as though they had the "St. Anthony's dance." The lights went out entirely at one time last evening, but it was only for a brief period.

A horse owned by the Singer Sewing Machine Company became frightened at a street car, near the street car terminus, and made a desperate attempt to run away. In so doing the animal fell, wrecking the steps on the wagon.

Carson Johnson, of West Third street, Plainfield, is doubly afflicted. He has the mumps on both sides of the face. While he is at home nursing his double affliction his brother is looking after his interests at the Emerydale station.

A few of the friends of Mrs. S. F Custard gathered at the depot, yesterday afternoon, to bid her farewell, previous to her removal to Easton, Pa. The parting scenes were very touching, but then Mrs. Custard will occasionally visit her host of Dunellen friends, and she is sure of always finding a most hearty welcome here.

About halfway between the street car terminus and the post office there is an overgrown pug dog, which seems to delight in running out and growling and barking at each passer-by. Women and children especially are timid about passing this particular point at night, and unless the brute is kept off the street, it may be found missing one of these fine balmy days.

SCOTCH PLAINS.

Miss Lister, of Philadelphia, and Miss Sadie and Harry Blimin, of Plainfield, are visiting Mr. and Mrs. John H. Blimm.

The repairs to the Baptist church store building are progressing favorably. Carpenters are at work converting the old structure into one of more modern design. When completed the interior and exterior of the building will present a decidedly changed appearance.

Judge Clark will soon have to lay aside for a time his farming utensils and attend to some legal matters. The following cases are on the judge's docket: Hetfield against Scheren, an action in tort, returnable April 20th, and Johnston against Schiernbeck, on contract, returnable on the same day and date.

Owing to an unusual number of applicants, the well known Flanders' boarding house will be ready for the reception of guests some time in April. Most of the applications thus far have been from New York and Brooklyn residents, who are anxious to locate their families here for the summer months.

The farewell social tendered to Rev. Mr. Angleman at the home of Mrs. McGuire, of Union avenue, last evening, was a most enjoyable affair, but it was also attended with much regret at the pastor's leaving the flock he had been instrumental in building up. Kind words were heard on every hand and Rev. Mr. Angleman was congratulated upon securing his late appointment.

Matters pertaining to the Young Men's League, it is said, are being fostered by those most deeply interested. But there doesn't seem to be the genuine energy and push which is necessary for some one to shoulder in the construction of the proposed new clubhouse. The sooner the work is begun, think many, the sooner will the young men of the town have a suitable place to spend their evenings.

Jacob Messeler, a driver employed by Fred Clark, the drayman of Scotch Plains, had an unpleasant experience at Bayonne, Monday, when the team of horses he was driving ran away and broke a gas lamp post. Messeler was arrested and had to leave the team of horses as security while he came home and had Clark go back and settle for the damage, which was $30.

Under the caption of "A Waste of Public Money," a disgruntled correspondent writes to the effect that the street crossing on Park avenue has been depressed several inches below the level of the road, thus leaving a sort of ditch where the water remains and becomes stagnant. It is requested by the correspondent that the crossing be relaid as it is practically worthless in its present condition, and besides the taxpayers wouldn't object to seeing an occasional improvement, be it only a well-laid crosswalk.

The Fanwood cut is said to be infested with tramps. Here many of the coal and freight trains going east find it difficult to climb the steep grade leading from the cut, and the "wandering Williams" step off and go up the steep bank to the woods where they building fires and cook what they purloined or begged during the day. Their main relish is chicken. The men gather up pieces of fence rails and brush, which they make up into huts for sleeping purposes. All the coal that is needed to keep the fire going is stolen from passing coal trains.

LINCOLN.

A large party of gentlemen prominent in political and business circles visited this place yesterday. Among those visiting the town for the first time were Hon. Frank W. W. Somers, county clerk of Somerset county, Justice Sutphen, Lawyer Dungan, W. H. Thompson, Manager Smith, of Cronk's Mills, P. C. VanNuyse.

Louis L. Drake, the representative of the property in this place at Plainfield, will be glad to have the gentlemen living in that vicinity who are anxious to see what is going on in our midst, accompany him on the 2:32 train any afternoon it may be convient for them, and return on the 3:50 from here. His office is with Moffett & Mundy, in the U. S. Express Company building, where tickets may be obtained.

A number of capitalists are negotiating for the purchase of a large tract of land on the Watchung mountains near Mizzen Peak. A part of the enterprise is to make a large lake three-quarters of a mile long and run pleasure boats with electricity. That beautiful resort, formerly known as the Sebring estate, will now be known as Lincoln Park. The fact that Mountain avenue from this place has been opened up for half a mile toward this property will help to make this plan feasible, especially as it is assured that a trolley line connection will be made by July 1st, with the railroad station at this place and the trolley cars at Dunellen.

—At present a number of the people on Front street are making connection with the sewer before the work of macadamizing reaches their place.

—Contractor John A. Thickstun completed the laying of a new stone walk in front of the property belonging to the First Church of Christ on Grove street.

THE ANTI-SMOKERS WON.

AN EXCITING ELECTION IN THE WESTFIELD CLUB.

A Number of Members Opposed to the Annual Entertainments Defeated the Candidates in Favor of Having Smokers

The A. O. V. Society contemplate organizing a bicycle club.

Mrs. Irving R. Douglass, of Dudley avenue, is ill with scarlet fever.

The I. O. S. held a business meeting at the residence of Fred Condit, last night.

The social club gave an entertainment and reception in its rooms last evening.

The Scotch Plains inquest, which was to have been held this afternoon, will take place at 2:15 p.m. to-morrow.

The Westfield Gun Club and Game Protective Association meets in the parlors of the Park Hotel, this evening.

Justice E. R. Collins leaves to-day on a business trip to Boston and Nova Scotia. He will be gone about five days.

Miss Nellie Rice, daughter of Dr. Rice, a former pastor here, was married to Clarence Hewitt, in Syracuse to-day.

The annual meeting of the Ladies' Aid Society of the Methodist Church was held in the church parlors at 3 o'clock this afternoon.

S. S. Meyer and James Bane came here last week to take a position in the Hercules Seamless Drawn Tube factory. Bane fell from his bicycle and broke his hand and Meyer then left for home.

Miss Clare Connolly went to Elizabeth on her wheel yesterday and on the way home, riding too close to her friend, her skirt caught in the crank of her companion's wheel and both got a bad fall.

Rev. J. L. Scudder, D. D., of Jersey City, preached an eloquent sermon in the Congregational church last evening. Mr. Youngman, of New York, sang several solos. Rev. Josiah Strong, D. D., of New York, will preach this evening.

William McCarty and James English, living on the Rahway Road, got into an altercation, last evening, and for a time made things lively. Both are heavy weights and the way they slugged each other sent thrills of horror through the throng of neighbors who had gathered about the belligerants to witness the fight. The fight grew so hot that some one sent two fleet-footed boys in hot haste for Constable Marsh. Before Mr. Marsh arrived the row ended, and the pugilists had taken flight. Marsh hunted them up and found them each dressing a swollen eye. They were mum. Neither would say how the fight ended, nor would they make a complaint. Some of the neighbors said the ruction was caused by some boys throwing stones.

The Westfield Club held its annual election of officers and trustees last evening. There was much bitterness of feeling manifested. A few weeks ago a nominating committee was appointed. The committee nominated a whole ticket, but some of the older members of the club objected to the young men, who are, also, newcomers in town, as being trustees. Those nominated to fill the offices were all right, but for trustees the men wanted "Anti-Smoker Men." An opposition ticket was put in the field for trustees and was elected. The officers are: President, Joseph R. Connoly; vice-president, Richard Devens; recording secretary, H. W. Waldron; corresponding secretary, Addison H. Clark; treasurer, Frank S. Smith. The trustees are: Augustus L. Alpers, 57; W. J. Bogert, 32; John F. Dorvall, 37; James A. Simpson, 35. Nelson L. Coryell, J. D. Stevens and George R. Brown were among the "also ran." They got 20, 22 and 27 votes respectively.

—An Easter tea will be held in the parlors of the Seventh-Day Baptist church this evening.

Spring medicine is a necessity which Hood's Sarsaparilla grandly supplies. It purifies and vitalizes the blood and thus gives tone and strength to the whole system.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Cure all liver ills.
